THE SANDERSON TIMES

VOLUME 68, NUMBER 11

SANDERSON, TERRELL COUNTY, TEXAS 79848

MARCH 13, 1975

It Depends on How You Look At It!

People in certain places wonder how people in other places lose confidence in people in certain places. For example, the CIA and recent disclosures of their meddling in domestic personalities' affairs. We refer to the recent disclosure of opening mail and having copies of mail of U.S. Rep. Bella Abzug. Some people don't know that a person's mail is a very private and sacred item, and that copying and distributing the mail of other people is a serious, serious thing. We hope that the CIA is not ever guilty of domestic meddling to this degree, again!

We are hearing rumors repeated about what is going to happen if certain people win in certain political races coming up! Hogwash!

In the school district trustee race, particularly, rumors already have spent the very large surplus of local maintenance funds, practically all of the bond-issue left-over funds, and a big chunk of the permanent fund.

The permanent fund cannot be spent until the state legislature makes some changes that are not in the offing!

The bond-issue-left-over funds are at least morally committed to the reasons for which the bond issue was voted!

Certain funds must be dedicated and reserved to retire bonds!

Local maintenance funds may be spent without such tight strings binding them, but there are still limits!

A public disclosure of the complete financial picture of the school district, like a lot of other funds, helps to clarify questions and misunderstandings. It has been expressed in some circles that a publication of all of those details only tends to confuse. But, as it looks to us, a person is unable to ask any questions unless he knows something to ask a question about, and questions - to us - reflect an intent and interest to be enlightened, and a dissatisfaction at remaining ignorant of certain things!

But that's the way we look at it!

We were asked the other day for a figure of our inventory, etc., for local tax rolls. When a person reports all those figures at 100% and the taxing organizations take 100% figures from everybody else, there is nothing more fair! And by the same token, anything short of that is unfair, isn't it?

If some organization, group, or individual wants to take up a worthwhile project in equalizing things - another area of inequality is prominent in the payments of fees continued to second page

Students Visit Commissioners' Court Monday

The students in the government class of Sanderson High School, with their teacher, Mrs. R.C. Holcombe, were visitors at the regular meeting of the commissioners' court Monday morning. Terrell County Judge Charles Stavley, and Commissioners W.W. Sudduth, Austin Chriesman, David Mitchell, and Graham Childress were all present for the meeting, with Ruel Adams, county clerk and clerk of the court.

Following the reading of the minutes of the preceding meeting and their approval, the bills were reviewed and allowed, all by unanimous vote of the commissioners.

Sanderson State Bank was approved as a depository for county and school funds by a unanimous vote.

The polling places were set for the special election to be in April for two proposed constitutional amendments: precinct 1, courthouse; precinct 2, building on northeast corner of intersection of 5th and Pine Sts.; precinct 3, elementary school; and precinct 4, the justice of peace office, the house just north of the St. James Catholic Church. The election judges were named last July for the year and include: James Caroline, Lewis James, Monty Harkins, and Mrs. James Cooper for precincts 1 through 4 respectively.

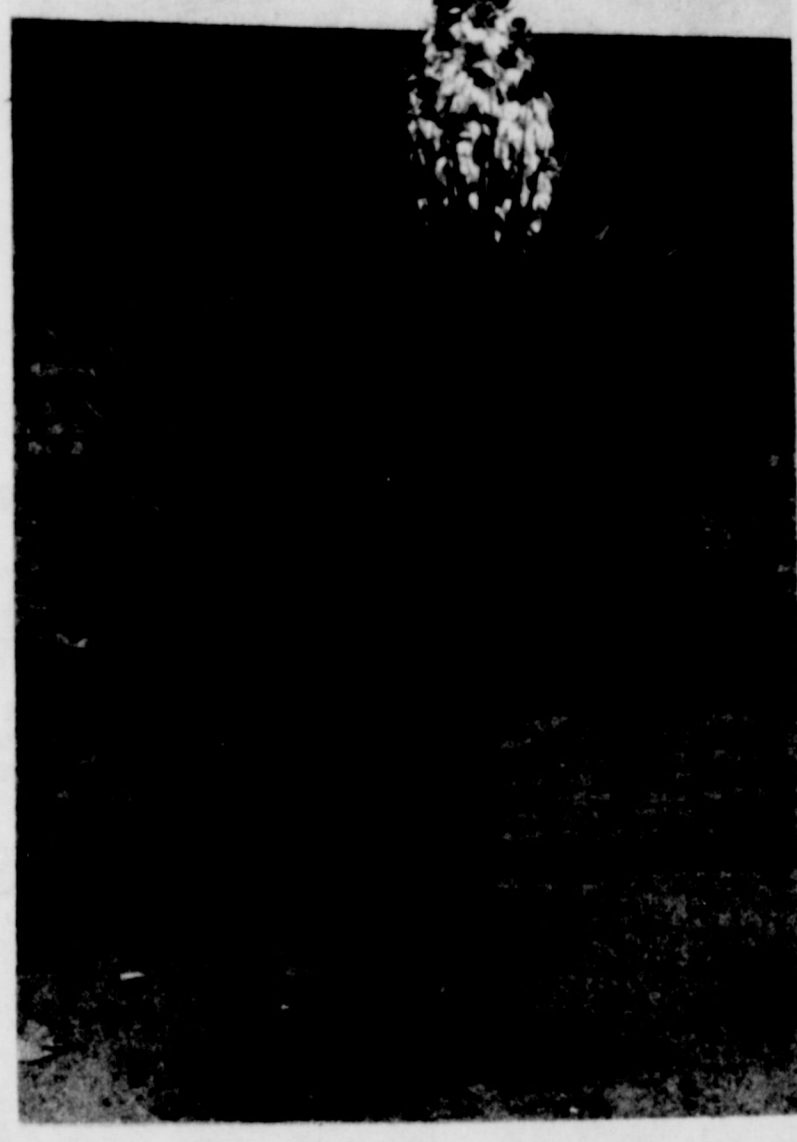

Troy Druse discussed briefly flood insurance with the commissioners and was to bring more information and another discussion at a later date.

Sheriff Dalton Hogg petitioned the court to purchase an intercom system to be installed in the jail section of the courthouse and to his office so that he could know of a disturbance if one arose, and also toward plans for having someone on duty at night when someone is incarcerated, in compliance with laws. Following the explanation and request by Sheriff Hogg, and a discussion by the court, the request was approved by an affirmative vote by Sudduth, Chriesman, and Childress, and negative vote by Mitchell.

The court ordered a permit for the construction of channel and dike on Downie and Wilburn Streets in Sanderson in connection with the Sanderson Canyon Watershed Project. Downie St. parallels the railroad and Wilburn St. is north-south between Downie and Oak St. or U.S. 90. A unanimous vote approved the order.

The court approved the budget of \$5,893.00 submitted by the board of the Terrell County Public Library and ordered the financing of that budget.

The Rio Grande Rifle and Pistol Club asked the county to take back the lease of the rifle range from the Southern Pacific Railroad, and the commissioners agreed if cer- continued to second page

Elections Set For April 5

There will be three elections in Sanderson on April 5 - directors for the Terrell County Water Control and Improvement District No. 1, trustees for the Terrell County Independent School District, and board members for the Terrell County School Board.

County-wide balloting will be for the school trustees and for the county board member-at-large. Balloting will be for voters of precincts 1 and 3 for board members from those precincts.

In the water district election, the candidates are Weldon Cox and Tommy Corbett, with two directors to be elected for a 3-year term.

In the school trustee election, the candidates in the order they will appear on the ballot, are: Alex Escamilla Jr., George Eggleston, W.E. TenEyck, and Charles Stegall. Two are to be elected for a 3-year term.

For the county school board election, there are no filed contests for the at-large candidate - Mike Fielding; or for the candidates who filed in precincts 1 and 3, Mrs. A.N. Farley and Mrs. Barry Pendleton.

Balloting for the water district residents will be at the courthouse, and for the other elections, balloting will be at the place of most convenience, regardless of precinct continued to second page

Amoco To Drill North of Dryden

Amoco Production Co. will drill an 11,200-foot wildcat in Terrell County, 34 miles northeast of Dryden, six miles east of the KM (Wolfcamp gas) field, 6-1/2 miles east-southeast of the Little Canyon (Strawn gas) field, but separated from both by a 16,685-foot failure, 6-1/2 miles northwest of a north-west extension area of the Brown-Bassett multipay field and eight miles south-southwest of the abandoned Cobblestone (Strawn) field. It is the No. 1-EW University.

The failure, Coastal States Gas Producing Co. No. 1 University, was abandoned June of last year. The KM field produces from the Wolfcamp at 9,185 feet and formerly produced from the Ellenburger at 17,410 feet; the Little Canyon field produces at 10,106-11,670 feet; and the Cobblestone opener produced at 11,371-389 feet.

Mrs. F.M. Wood was a weekend visitor in San Angelo with her sister, Mrs. Wayland Myers, and family. Mrs. Austin Nance accompanied her on the trip and visited with her sister, Mrs. W.E. DeVolin, and husband.

the coming of spring to this area. The picture was taken Saturday afternoon. Locally, fruit trees - apricot, plum, and most peaches - have already bloomed, other trees and shrubs are putting out bud-shoots of new growth, with the exception of the mesquite trees near the Gilbreath home, that show no signs of new growth at this writing.

A picture taken in 1895 of Mrs. J.W. Savage and her children, Maggie, William Henry (baby), and Ella. The picture was made by B. Nauschuetz, 221 Sharer St., San Antonio, and shows something of the dress for infants and females of that period, as well as furniture (the little rocker by Ella). Mrs. W. H. Savage loaned us the picture.

for hauling trash and fire protection.

It seems to us that the renter as well as the property owner should be interested in fire protection - so that takes in all of us!

It also seems to us that any person who has the county employees and equipment hauling off his trash should be willing to accept his share of the responsibility of paying for that service - and his share of paying might be less if everyone paid - at least the over-all cost would be more evenly distributed among the benefactors!

Do you want such a project for some day next week?

Students-

continued from front page

tain conditions and agreements were made concerning insurance, etc., required by the leasor.

Mrs. George Escobar was named to the salary grievance board to replace Mrs. W.H. Taliaferro, who declined to serve in that capacity.

The purchase of fire extinguishers for the courthouse was approved.

An exterminator will be contacted for possible elimination of bats from the roof of the courthouse and roaches from the interior.

The JP report was approved by the commissioners.

A unanimous vote by the commissioners authorized publication of request for bids for trash pick-up and disposal in Sanderson, said notice appearing in other columns of The Times.

Elections Set

continued from front page

residence, according to E.E. Harkins Jr., tax assessor-collector for the school district, and decisions of the school board. Boxes will be at the courthouse, in Dryden, at the El Paso Natural Gas Plant, and the Herman Couch ranch.

ABSENTEE VOTING BEGINS MONDAY

Persons interested in voting absentee are reminded that Monday is the first day to cast ballots in that manner.

Absentee voting for the water district is at the water district office; at the court house for the county school board, and at the school tax office for the independent school district trustee election.

Boys' Staters Are Named

The delegate and first two alternates to Boys' State were named last week by the Clarence Hallie Post of the American Legion No. 160.

Paul Hinkle, son of Mr. and Mrs. L.G. Hinkle, is the delegate, with Bobby Hunn, son of Mr. and Mrs. R.M. Hunn, as first alternate, and Kendall Billings, son of Mr. and Mrs. Ike Billings, as the second alternate.

Boys' State is in Austin on June 11-17.

Mrs. Alex Romo and children of Monahans visited here for a few days last week with her parents, Mr. and Mrs. Tony Calzada, and family.

Mr. and Mrs. Carlton White made a business trip to San Angelo Wednesday.

Dual Producer Tested by Hylech

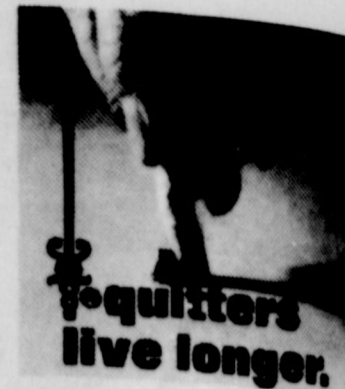

Hylech Energy Corp., Midland, No. 1 Frank Rashap in section 3, Block 176, TMRR Survey in Terrell County recently completed Devonian gas discovery, 11 miles south of Sheffield and three miles south and slightly east of the Allison (Pennsylvanian detrital gas) field, apparently has assured production in the Pennsylvanian. Tested for an unreported time through perforations at 10,366-427 feet, it made gas at the rate of 1,073,000 cubic feet of gas per day, decreasing to 721,000 cubic feet daily after 18 hours. Turned to separator on a 16-64-inch choke, it flowed two hours, making gas at the rate of 620,000 cubic feet daily and no fluid. It was finished February 28 from the Devonian for a calculated absolute open flow of 950,000 cubic feet daily through perforations at 11,143-212 feet. It also tested through Fusselman perforations at 11,481-521 feet, making gas at the rate of 700,000 cubic feet daily.

Mrs. Lizzie Billings and her daughters, Miss Eva Billings and Mrs. Patty Phillips, went to Del Rio Saturday to visit her son, Pete Billings, and family.

Mr. and Mrs. Weldon Cox were in Del Rio for three days last week and went fishing at Lake Amistad.

Mr. and Mrs. Bryant L. Melton have bought the property belonging to Mrs. H.D. Price of San Antonio at 210 W. Pine. They plan to make the white house on the front of the lot comfortable so that they can reside in it and then later build a house on the lots.

Mr. and Mrs. Jolly Harkins returned Wednesday of last week from Austin and Houston where they picked up their son, Barton Harkins, who has been attending a special school there for two weeks. They took him to Midland Thursday where he caught a plane for Denver, Colo., and went from there to Fort Collins where he will be employed.

Quitters live longer.
On the average a man of 25, who doesn't smoke cigarettes, has a life expectancy 6 1/2 years greater than a man who smokes one or more packs a day.
Are cigarettes worth the sacrifice of years of your life?
Safeguard your health... and your future. Quit.

Miss Marina Falcon
...to wed Antonio Martinez

The brothers and sisters of Miss Marina Falcon announce the engagement and approaching marriage of their sister, Miss Marina Falcon, to Antonio Martinez. She is the daughter of the late Mr. and Mrs. Jose L. Falcon, former Sanderson residents, and he is the son of Mrs. Felix Ortega and the late Mr. Ortega of Monahans. The couple will be married in St. John's Catholic Church on May 31, 1975, in Monahans. The affianced pair are both graduates of Monahans High School.

*W.M.U. Has Week
Of Prayer and
Bible Study*

The Baptist W.M.U. had an Annie Armstrong Home Missions Week of Prayer last week.

Monday, Mrs. H.C. Cates called the group to prayer with Acts 3:1-10 and 4:1-12, and read the missionaries' birthdays. Mrs. V.E. Keyes led the program on "Herein in Hope for Rejoicing".

Tuesday the topic was "Herein is Hope for Reconciliation" and was led by Mrs. H.H. Pipes.

Wednesday night, Rev. Paul Tatum led the program on "Herein is Hope for Salvation".

Thursday, Mrs. A.N. Farley led the study on "Herein is Hope for Everyone".

Friday, Mrs. Cates' program on "Herein is Hope for Eternity" was the basis for study by the group.

Attending the meetings were Mmes. Farley, R.F. Kuethe, Pipes, Cates, A.D. Brown, and Paul Tatum.

Tuesday of this week, the W.M.U. met at the church for a Bible study led by Rev. Tatum. They decided to contribute to the Annie Armstrong Missionary Offering.

Announcement was made that a cancer film would be shown at the church soon and everyone in the community would be urged to attend the film showing.

Mrs. Cates read the call to prayer from Acts 9:10-19 and read the missionaries' birthdays before she opened the meeting with a prayer.

The Bible study was on "Trouble Inside and Out" and was based on Acts 11 & 12.

Mrs. Keyes led the dismissal prayer.

Present were Mmes. Keyes, Cates, Pipes, O.D. Gray, A. N. Farley, Tatum, and a guest, Mrs. J.R. McCain.

RANCH CLUB TO MEET

The Ranch Home Demonstration Club will meet Monday in the Legion Hall for a tasting luncheon to be served at 1:00 o'clock.

All members and former members are asked to come and bring their favorite dish and the recipe.

R.S. Wilkinson was a business visitor in Sonora last weekend.

*Smith-Wilcox Rites Beta Iota Chapter
Last Friday In
Presbyterian Church Meeting in Sanderson
Last Saturday*

In the presence of a few friends and relatives, Miss Barbara Ann Wilcox became the bride of LeBaron Vauclain Smith in a single-ring marriage ceremony Friday evening in the First Presbyterian Church with Rev. David Marx, pastor, officiating.

Ivy was on the chancel rail of the altar with pink tapers burning in seven-branched candelabra in the background. On the table in front of the prie dieu was an arrangement of pink and white carnations, gladiolus, and baby's breath.

The bride wore a pink street-length dress and carried a single red long-stemmed rose.

A reception in the fellowship hall of the church followed the wedding. Pink frosted punch was served with the bride's cake, which was a three-tiered confection iced in white and decorated in small nosegays of flowers in varying shades of pink and white. The colors were also noted in the napkins with a floral motif. Coffee, nuts, and mints were also served. Mrs. John Wilcox of Fort Stockton, sister-in-law of the bride, served the cake.

After a wedding trip to Ruidoso, N.M., the couple will be at their home in Lomita Terrace here.

The bride, daughter of Mr. and Mrs. John C. Wilcox Sr., is a graduate of Sanderson High School. After attending Sul Ross State University for two years, she went to Dallas where she has been employed.

The bridegroom is a gradu-

The Beta Iota Chapter of Delta Kappa Gamma met in the Sanderson elementary auditorium last Saturday. Members enjoyed refreshments of iced tea, a variety of hors d'oeuvres, and cookies served from a table decorated in the St. Patrick's Day motif.

The business session was conducted by Mrs. Edith Hale, president. The program was introduced by Mrs. E.E. Farley and conducted by Mrs. W.H. Grigsby and was on "Satisfied with Your Waltz", continuing the theme "Expanding Her Personal Involvement". All members participated by waltzing or swaying to the questions concerning their involvement. The program was reported to be not only unique, but enjoyable.

Hostesses were Mmes. Farley, W.H. Savage, Reid McClellan, Grigsby, Austin Chriesman, and R.C. Holcombe.

ate of West Chester Senior High School of West Chester, Pa. He served four years in the U.S. Navy and for the past five years, he has resided in Sanderson as an agent of the U.S. Border Patrol, an enforcement branch of the Immigration and Naturalization Service.

Out-of-town relatives and friends here for the wedding were the bridegroom's aunt, Mrs. Ruth Peters of West Chester, Pa.; the bride's brother, Rev. John Wilcox, and wife of Fort Stockton; Rev. and Mrs. C.G. Gilmer and son, David; Miss Sharon Outlaw and Tom Buck, all of Fort Stockton.

*Lemons-Dean
Wedding Mar. 1
In Robert Lee*

Miss Della Katherine Dean became the bride of Milton Wayne Lemons of Amarillo during a Saturday ceremony at First United Methodist Church in Robert Lee.

Parents of the couple are Mrs. Wilson Bryan and the late Jeff Dean of Robert Lee and Mrs. Lewis H. Lemons and the late Mr. Lemons of Sanderson.

Maid of honor was Miss Jacinta Busenlehner of Austin. Glenn Haynes of Sanderson was best man.

The reception was in the church fellowship hall. The rehearsal dinner was in the home of the bride's parents, who were also the hosts.

Mrs. Lemons, a graduate of Robert Lee High School, attended Angelo State University and obtained her bachelor of science degree in music from Texas University. She has taught as a graduate assistant in the music department at Sul Ross State University in Alpine.

Mr. Lemons is a graduate of Sanderson High School and is currently a student at Texas State Technical Institute in Amarillo.

The couple will reside in Amarillo.

Attending the wedding from Sanderson were Mrs. Lemons, Mr. and Mrs. Frank Owens, Mrs. W.A. Haynes and Jo Lynn.

Mrs. Clyde Carter is at home for the present after being in Clovis, N.M., with her daughters and their families in recent months.

*Cruz-Saenz
Wedding Saturday
At Legion Hall*

Saturday evening at 6:30, Miss Elvia Saenz and McCroy Cruz were united in marriage at the Legion Hall with County Judge Charles Stavley officiating.

The bride is the daughter of Mr. and Mrs. Juan Saenz and Mr. and Mrs. Steve Cruz of Marfa are parents of the bridegroom.

The bride wore a black pants suit with a white satin blouse.

Frank Luevano and his sister, Miss Lali Luevano, were the couple's only attendants.

A supper was served to the guests by the parents of the couple after the wedding. An arrangement of white mums was on the table.

The bride, who has been working at a local cafe, will continue her work there for the present. Her husband employed by a construction firm in Midland.

Mr. and Mrs. Howard Stavley visited in Alpine Sunday with their son, Bill Stavley, and family.

Mrs. Ona Ray Spence of Abilene, who had come to make her home with her son and daughter-in-law, Mr. and Mrs. Bob Spence, fell at their home Saturday afternoon and fractured her hip. She was taken by ambulance to a Kermit hospital and had orthopedic surgery Tuesday morning.

Mr. and Mrs. Worth Odom of San Angelo spent several days at their ranch near Pumpville the first of the week.

Electricity... Still a good bargain

Sure, your total electric service bill may be higher today than it was in 1944, 1954 or 1964, but that's because you probably use electricity to operate many more household appliances than you did in those years. Actually the average annual residential rate per kilowatt hour has decreased. Just compare that to price increases of other items and you'll see electricity is a tremendous bargain today. With other household prices rapidly rising, you can quickly recognize electricity as one of the best buys in your budget. Wouldn't you like to be buying round steak, sugar, bread, coffee, eggs, milk, butter, U. S. Postage stamps and gasoline at 1944, 1954 or 1964 prices?

Year	Round Steak (1 lb.)	Sugar (5 lb. bag)	Bread (loaf)	Coffee (1 lb.)	Eggs (1 doz.)	Milk (half gallon)	Butter (1 lb.)	Electricity (1 KWH)*	Stamp (1st class mail)	Gasoline (1 gal.)
1944	\$.45	.34	.09	.30	.64	.29	.50	.049	.03	.21
1954	.92	.52	.17	1.10	.60	.45	.72	.036	.03	.29
1964	1.07	.59	.21	.82	.57	.48	.76	.026	.05	.30
1974	1.78	2.08	.36	1.31	.94	.78	.95	.024	.10	.53

Presbyterian Circles Meet This Week

Circle I of the Presbyterian Women of the Church met in the fellowship hall Monday afternoon with eight members present.

Mrs. R.S. Wilkinson, chairman, gave an Easter devotion taken from "The War Cry," the Salvation Army magazine. It was entitled "Gone" and related the many times when Jesus was sought and found missing, from the flight into Egypt as an infant to the empty tomb found on Easter morning.

After giving a devotional from "These Days" and leading in prayer, Mrs. Sid Harkins was the moderator for the lesson on "Secrets of the Creative Kingdom", based on Matthew 12 and 13, and closed with a prayer.

Coffee and tea were served during the social hour. Also present were Mmes. W.H. Grigsby, E.E. Farley, N.M. Mitchell, E.F. Pierson, W.H. Savage, and C.C. Mitchell.

Circle II met on Tuesday morning in the fellowship hall with Mrs. E.E. Harkins Jr. giving the opening prayer. Romans 6 was studied and Mrs. Charles Stegall led the closing prayer.

Mrs. Karlos Kothman, hostess, served orange bread, cookies, tea, and coffee during the social hour. Also present were Mmes. Gilbert Bell, A.C. Garner, J.A. Gilbreath, F.M. Wood, David Marx, Jolly Harkins, David Mitchell, and N.M. Mitchell Jr.

Wednesday Bridge Club

Mrs. John Harrison invited the members of the Wednesday Bridge Club to her ranch home for a luncheon served at 1:00 o'clock last week. A beautiful arrangement of purple stock and yellow daffodils was on the dining table.

In the card games, high score prize went to Mrs. F.J. Barrett, second high to Mrs. W.H. Goldwire, and slam to Mrs. Gilbert Bell and Mrs. C. H. Stavley.

Also present were Mmes. David Marx, F.M. Wood, Vic Littleton, James Caroline, W. D. O'Bryant, Austin Nance, and Diane Andrews.

Luis Flores Feted At Birthday Party

On Saturday, March 1, Luis Flores was honored with a birthday party with his sons, Adolfo Flores, George Flores, and his daughter, Mrs. Susana Falcon, serving as hosts for the affair.

A barbecue supper with assorted salads, the birthday cake, and beer comprised the meal and refreshments.

After Mr. Flores had opened his gifts and displayed them, visiting and dancing furnished diversion for the remainder of the evening.

Those attending were Msrs. and Mmes. Luis Pena Jr., Manuel Parada, Henry Saenz, Catarino de Leon, Manuel Parada Jr., Armando Esqueda, Pedro Saenz, Barney Maples, Joe David Saenz, and Johnny Benavides; also Mmes. Albert Garcia, Betsy Barron, Dima Lopez; and Misses Marina and Maris Falcon, and Miss Pascuala Falcon.

Mr. and Mrs. Frank Lopez Sr. visited in San Antonio last week with their daughter, Miss Nieves Lopez, and Mrs. Lopez had a medical check-up while there.

Larry Jones, signalman on the S.P. Railroad, has been transferred to Sanderson from Alpine.

U.I.U. Auxiliary Meets Monday Night

The UTU Auxiliary met on Monday night in the Masonic Hall in regular monthly business session. Final arrangements were made for the annual dinner to be in the Legion Hall Saturday evening for the members and their families.

Mrs. L.J. Hartzog was named warden and Mrs. Irvin Robbins, outer guard.

Meetings which have been in the afternoon on the second Monday of each month will now be in the evenings at 7:00 o'clock.

Mrs. A.C. Garner and Mrs. Barry Pendleton, hostesses, served cookies and coffee after adjournment.

Also present were Mmes. J. M. Davis, Charles Hornsby, Julian Martinez Jr., Sylvestre Silvas, F.G. Grigsby, and Raymond Fierro.

Tuesday Bridge Club

The Tuesday Bridge Club met this week at the home of Mrs. F.J. Barrett.

In the card games, Mrs. Austin Nance won high score prize, second high was held by Mrs. Carlton White and both ladies shared the slam prize.

Other guests included Mesdames Herbert Brown, Diane Andrews, W.A. Banner, Gilbert Bell, John Harrison, Karlos Kothman, David Marx, W.H. Goldwire, and Weldon Cox.

Another Fine Texas Recipe

COPPER CARROT PENNIES

- 2 lbs. (4 cups) sliced carrots
 - 1 medium green pepper
 - 1 medium onion
 - 1 10 1/2-ounce can tomato soup
 - 1/2 cup salad oil
 - 1 cup sugar
 - 3/4 cup vinegar
 - 1 tsp. prepared mustard
 - 1 tsp. Worcestershire sauce
 - Salt and pepper to taste
- Boil carrots in salted water until fork tender. Set aside to cool. Cut green pepper into 1/2-inch rings and slice onion crosswise. Layer vegetables alternately in dish. Combine and blend soup, salad oil, sugar, vinegar, prepared mustard, Worcestershire sauce and salt and pepper. Pour over vegetables and refrigerate. Yield: 10 servings.

For additional recipes write Commissioner John C. White, Texas Department of Agriculture, P.O. Box 12847, Austin, Tex. 78711.

Mr. and Mrs. M.E. Hope returned home Thursday from San Antonio where he had been in the hospital for nine days for treatment of a back ailment. He is much improved.

Mr. and Mrs. Sam Guadarrama spent several days in Mexico fishing last week.

St. James Guild of Alpine, an affiliate of the Episcopal Church of the Big Bend, will show HANDCRAFTED SILVER JEWELRY from JAMES AVERY OF KERRVILLE all day Wednesday, March 19, at Desert Air Motel in Sanderson.

Everyone is invited! No obligation to buy.

Both religious and secular pieces are in the collection. These works of art are ideal gifts for soon-to-be occasions: Easter, Mother's Day, and graduation.

Special orders can be handled. Most pieces may be obtained in gold.

Mrs. Hubert McKelvy Jr. of Iraan, Mrs. Dick Sullivan of Sanderson, Kay McKelvy of Iraan, Hanna Sullivan of Sanderson, Mrs. Alex Gonzalez of Fort Stockton are pictured above at a recent luncheon by the Comanche Springs Chapter of the Daughters of the American Revolution in Fort Stockton. The two young ladies were recognized as "DAR Good Citizens" by the organization. Picture courtesy of Fort Stockton Pioneer.

questions and answers

Q. I'll be retiring in a few months and would like to get some idea of what my monthly social security check will be. Is there some way I can figure this out?

A. You can get a free copy of the leaflet *Estimating your social security retirement check* by contacting any social security office. It tells you how to estimate the amount of the monthly checks that you and your dependents may get. You should apply for social security benefits 2 or 3 months before you reach retirement age so your monthly checks will start on time.

Q. I became eligible for Medicare over 2 years ago, but I decided not to take the medical insurance part. Now I want it. Can I still sign up?

A. You can sign up for Medicare medical insurance at any social security office

now through March 31—during the first 3 months of any year. Because you delayed signing up, however, your monthly premium will be higher.

Q. I plan to visit my sister in Mexico and will probably stay with her for 3 or 4 months. How will this affect my monthly supplemental security income payments?

A. Under the law, you're not eligible for a supplemental security income payment for any full month you're outside the United States. If you stay outside the U.S. for 30 or more consecutive days, your payments cannot be started again until you return to the U.S. and remain for 30 or more consecutive days. Before you leave, you should notify social security that you're going to Mexico. Include the date you plan to leave the U.S. and the date you plan to return.

Q. My great-aunt is 72, and the only income she has is a small social security check. Would she be eligible for monthly supplemental

security income payments?

A. The supplemental security income program makes monthly payments to people with little or no income and limited resources who are 65 or over or blind or disabled—so your great-aunt may be eligible.

...the five minute breast cancer check. It's a simple examination a woman can give herself that can reveal early signs of breast cancer. Thousands of women are being saved because their breast cancers are detected and treated early. Breast self-examination. It's a woman's best protection.

Sam K. Bell Jr. Interred Friday

Graveside services were in Cedar Grove Cemetery Friday afternoon for Sam K. Bell Jr., 49, with Charles Draper, minister of the Sanderson Church of Christ, officiating. James Funeral Home of Ozona was in charge of arrangements. The military rites which followed were conducted by a squad from the local Clarence Hallie Mulkey Post of the American Legion composed of Gene Hope, squad leader and vice-commander, Marvin Morris, J.D. Hogg, Milby Winn, Roland McDonald, Frank Owens, Ronnie Hall, and Howard Dishman. Buglers were Randy Massey and Gerry Vinson.

Bell was born in Comstock April 27, 1924, the son of the late Mr. and Mrs. Sam K. Bell Sr., who resided in Terrell County for many years. He was a veteran of World War II and had been residing in Hobbs, N.M., for several years and was an oil field worker. He died Thursday, February 27, in the Veterans' Administration Hospital in Big Spring following a short illness.

Survivors include his son, Sam Bell III, and three daughters, Kay, Kimberly Ann, and Kellye Lee, all of Del Rio; three sisters, Mrs. Don de la Hunt of LaMarque, Mrs. J.E. Roach of Odessa, and Mrs. Robert J. Anderson of Oakton, Va.
 Pallbearers were J.A. Mansfield, Gene Thompson, Don Allen, James McDonald, Aubrey Harrell, and Howard Stavley.

Track Meet Here Set for March 27

Sanderson High School track coach George Black has seven teams lined up for a meet here on March 27. It will be the first meet on the new track, and the first meet here in several years.

Water Valley, Garden City, Balmorhea, Rankin, Grandfalls, and Iraan have all accepted an invitation to be here for the meet, and three other teams are being sought as local competitors.

Coach Black stated that the pit area of the track infield would be completed before time for the local meet.

Eagles Fifth At Iraan Track Meet

The Sanderson Eagles track team finished fifth at the Iraan meet. Rankin, Stanton, Balmorhea, and Iraan led the Eagles, and Wink, Marfa, Irion County, Eldorado, and Buena Vista trailed.

Ricky Marquez was the only first-place winner for the Eagles. He handily won the mile run with a time of 4:31.7, breaking his old record - 4:33.4 - at that meet. The second place runner in that event had a time of 5:01.6. Interesting information researched during the past week revealed the state high school mile record for 1933 was 4:31.2.

Other point-getting placings in the meet by the local competitors included: Bernie Castro 3rd in the 880-yard run with a time of 2:10.1; David Carter 3rd in the 120-yard high hurdles with a time of 16.7; Ja Chriesman 3rd in the 440-yard dash at 55.1.

Chriesman placed 4th in the 220-yard dash with 24.6, and Juan Zepeda was 5th with 24.8; William Corbett was 5th in the mile run with 5:04.9; and the mile relay team - Castro, Kevin Vinson, Chriesman, and Marquez, placed 4th with a time of 3:47.1.

In field events, Kendall Billings was 5th in the shot put with 41'6-1/2".

THREE TEACHERS ARE PRACTICING HERE

Three students at Sul Ross State University who will take their degrees this summer began their practice teaching here Monday.

Carlos Garza is in the high school physical education department; Mrs. Will J. Murr is teaching in the 5th grade in the elementary school, and Mrs. Joe Bob Locker Jr., is in the 3rd grade. All are Sanderson High School graduates.

Mrs. Locker, the former Carolyn Johnson, with her husband and daughter, have been living in Alpine, also Mr. Garza with his wife and baby.

Mr. and Mrs. L.V. Smith took his aunt, Mrs. Ruth Peters, who had been visiting here, to Midland Saturday to go by plane to West Chester, Pa., her home. The Smiths went on to Ruidoso, N.M., on their wedding trip.

Jr. Hi Band Group In Solo-Ensemble Odessa UIL Contest

Sanderson Junior High School band students, with their director, Dick Ramey, went to Odessa Saturday to participate in the Region VI-A solo-ensemble contest.

In the solo contests, Amy Harrison, flute, Cindy Hornsby on the bass clarinet, Johnny Daniel, alto saxophone, and Robert Nevarez, snare drum, all earned a second division rating.

A flute quartet, Carrie Escobar, Alma Falcon, Patty Gonzalez, and Theresa Murr, received a 3rd division rating; a cornet quartet - Jose Daniel, Cato deLeon, Leslie Morris, and Hector Salazar, also were judged for the third division. A clarinet quartet - Jeannine Carter, Leticia Esqueda, Tammy Hagelgans, and Darlene Stegall, earned second division judging, as did the cornet trio composed of Aubby Black, Rudy Lecon, and Milby Winn.

Mrs. R.S. Wilkinson accompanied the students that performed solos.

Jr. High Tracksters Compete In Alpine Last Saturday

The Sanderson Junior High track team was in Alpine Saturday for their first competition of the year. Their coach is Bill Ford.

Seventh graders who placed included Scott McDonald - 2nd in the 100-yard dash, 12.4; Rudy Licon, Richard Montalvo, McDonald, and Milby Winn 6th in the 1320 relay with a time of 3:13.9.

Eighth graders who placed in the meet included: Joe Eckert 3rd in the discus with a throw of 115'10", 6th in shot put with 35'5", and 6th in the 100-yard dash in 12.4. The 440-relay team - Eckert, Julian Martinez, Hector Galvan, and Abel Marquez, was 5th with a time of 54.1. In the 1320 relay, Craig Cooke, Gary Allen, Martinez, and Marquez placed 6th with a time of 3:18.9. Marquez was 4th in the 1320-yard run in 3:51.7 and 3rd in the high jump with 4'10".

Other 7th graders out for track include Roy Villegas, Aubby Black, Kade Kothman, and Donnie Allison. Other 8th graders competing include Gib Bell, Malone Mitchell, Paul Murr, Wade Sumrall, Sandy Silvas, Marvin Sanchez, and David Dominguez.

Welcome To This World

To Mr. and Mrs. Jimmy Nuncio of San Antonio was born a son on February 20. His name is Jimmy and he weighed eight pounds and two ounces. The Nuncios have another child, Michelle Lee. Mr. and Mrs. Francisco Flores are the maternal grandparents.

Band Concert Set For March 20

The music department of the Terrell County Independent School District will be presenting a concert March 20 - Thursday night of next week - in the high school auditorium at 8:00 p.m. The concert is in conjunction with the Lions Club pancake supper and the student council's western day observance.

Musical groups that will be performing are the 4th grade music class, the beginning band, junior high school band, and high school band, all under the direction of Dick Ramey.

The high school band will play some popular selections, and the other groups will be playing western musical selections.

WEEK'S HOLIDAYS FOR SCHOOLS MAR. 27-APR. 7

A week of holidays for Easter is planned for the Sanderson schools. Classes will be dismissed on Thursday, March 27, at 2:45 p.m. and will not be resumed until Monday, April 7, giving 10 days off, with six of them school days. The last six weeks of the current semester will begin on Monday, April 7.

Miss Lupe Pena of Odessa and her fiance, Ernesto Falcon, of Sheffield were weekend visitors here with their mothers, Mrs. Edubijes Escamilla and Mrs. Julia Zepeda, and their families.

Six Named To District Teams In Basketball

Six Sanderson High School students were named to the all-district basketball teams for boys and girls for the season just past. Selections were made by the coaches of the teams in this district.

David Carter and Carlos Munoz were named to the boys' team; and Elaine Brown, Janet Harrell, Vonda Wallace and Linda Hagelgans were named to the girls' team. Elaine is a forward, and Janet, Vonda, and Linda are guards.

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—House members have sent the Senate a bill limiting penalties for speeding up to 70 miles per hour to a maximum \$25 fine with no insurance rate penalties.

Representatives also approved extension of the 55 mph speed limit, but did not provide the necessary 100 votes to place it into immediate effect. The present limit, passed more than a year ago in conformity with federal energy-saving mandates, expires at the end of this month.

At issue is whether Texas again goes along with the federally-imposed limit and retains eligibility for allocation of \$303 million in federal highway funds this year.

Gov. Dolph Briscoe said he fears "there is a very definite possibility" the fine ceiling for speeds over-55 and up-to-70 (the old limit) may endanger federal funds for the highways.

Briscoe said he would prefer a simple extension of the 55 mph speed bill as an energy saver, as well as a life saver and a highway aid saver.

However, the Governor stopped short of saying he would veto the fine bill, which provides for maximum penalties, including court costs, of \$25 without charge to a driver's violation record.

Representatives hope to force the Senate to go along with the fine limitation by withholding 100 votes from the 55 mph bill until both measures are cleared by the upper chamber.

REGISTRATION PLAN PASSED

All Texas voters will have to re-register between October 1 and January 31 under a bill passed by the Senate last week.

The relatively non-controversial bill sets up a new computer-policed permanent voter registration system for the state.

Once all voters are signed up again, local registrars every two years would send out new certificates automatically. To help weed out ineligible, the certificates will be mailed in non-forwardable envelopes so they will be returned if the voter has moved.

Up to 30 per cent on current voter rolls are believed to be ineligible, mainly by reason of having moved, according to Secretary of State Mark White Jr.

A computerized file will be maintained in the secretary of state's office to help prevent this situation from occurring again under the new law and local registrars will be compensated for removal of ineligible names as well as for addition of valid new voters to rolls.

READABILITY DESIRED

Governor Briscoe and Insurance Board Chairman Joe Christie are backing legislation to make health and accident insurance policies "perfectly clear" to the insured.

The bill would require presentation to each policy holder of a simplified explanation of its terms.

The bill, introduced by Rep. Ronald Coleman of El Paso, also seeks to establish minimum standards for health insurance coverage

including a basic level of compensation and uniform application from one policyholder to another.

COURTS SPEAK

Texas Supreme Court held Texas Railroad Commission is without authority to set aside natural gas contracts between Lo-Vaca Gathering Company and Texas Utilities Fuel Company and others.

The Court's 8-0 opinion reversed lower courts which had held the regulatory agency does have authority to allocate gas in times of shortage.

The Third Court of Civil Appeals set an April 1 hearing on a Southwestern Bell Telephone Company appeal from an Austin district judge's ruling which stopped a scheduled \$45 million boost in long distance rates inside the state.

AG OPINIONS

Counties are required to pay reasonable expenses of courts of inquiry for which fees are provided, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded:

- Texas Board of Pharmacy may post a sign informing the public that a prescription department of a retail outlet has been closed on Board orders.

- Probationary and continuing contract provisions of employment in the education code are not applicable to public junior college teachers.

- Deposit of mental hospital patients' money in institutional trust funds is constitutional; but the provision may be voidable by inmate action attacking validity of the deposit contract.

NEW APPOINTMENTS

Mary Ann Hefner of Austin has been selected Texas Water Rights Commission secretary, succeeding Mrs. Audrey Strandman who served 47 years with the agency, second longest tenure in state government.

Governor Briscoe appointed Renal B. Rosson of Snyder his staff legislative analyst, succeeding James Cotten of Weatherford who resigned.

The Governor also appointed Abelardo Villarreal of Alice to his Committee on Aging, and reappointed James T. Hunt of Sonora to Texas Industrial Commission.

Lt. Gov. Bill Hobby picked Sen. Peyton McKnight of Tyler as chairman of the new Senate Natural Resources Committee standing energy sub-committee.

Governor Briscoe designated 10 members of the Teachers' Professional Practices Commission.

SHORT SNORTS

A major new Texas Republican party group, "Associated Republicans of Texas," has been formed to promote election of local GOP candidates and legislators.

The Democratic Party's state rules committee met to talk about a program to increase voter participation, but most of the witnesses wanted to discuss party pref-

Report of BOB KRUEGER U.S. Representative

Few things seem easier in Washington than spending the taxpayer's money or pretending that the government is saving citizens money by passing regulations that will bring about low prices. Both these habits sometimes bring short-term rewards, and long-term headaches.

Last week provided two examples. First, Congress passed a tax refund, as the Administration requested. I voted against this bill, because our federal deficit will already be too large, and because I thought it would be inflationary without restimulating the economy effectively. Further, I did not support the bill because it removed the depletion allowance for oil drilling, at a time when we need incentives to discover new oil and gas in the U.S.A.

Similarly, on Thursday, the Energy and Power Subcommittee, on which I serve reported out a bill continuing our present two-tier price system for "old oil" and "new oil" until January 1, 1976. I was the only member from either party to vote against it. Under this system, "old oil" from fields drilled before January 1, 1973, sells at one price, and "new oil" discovered after January 1, 1973, sells at the world price, which is twice as high. There is no logical defense for selling an identical product at two different prices. This will not encourage domestic drilling and production, nor keep American producers from selling their "old oil" overseas, if they can get higher prices for it there. Uncomfortable as it is, we will have to move to the world price if we are ever going to have incentives to develop enough petroleum at home for our own needs, and then, when the price of oil has found its natural market level, the determination can be made whether coal can be competitive with oil. When it is, people on the east coast and in the far west will have a secure price for coal that will allow them to engage in heavy investment in coal mining for this country's future.

Our government has over-regulated many things, and in doing so, has often achieved short-term gains, but at the expense of long-term goals which are more desirable. Political expediency can be a very strong motive. I'm hopeful that expediency will not win out, and I believe that there are still enough people who will be open-minded to the needs for developing a sensible long-term energy policy so that we can forge a program genuinely suited to our national needs.

erence primary legislation.

Governor Briscoe asked designation of Johnson, Cottle, King, Jeff Davis and Childress counties as disaster areas due to weather problems.

Cigarette tax revenues increased \$204,711 last month over February 1974—to \$18.3 million.

JANES FUNERAL HOME

"DEDICATED TO SERVICE"

(915) 392-3202

OZONA, TEXAS 76943

Report of Mrs. Susan Gurley McBee Texas Representative

The pace is picking up around the Capitol since my last report. We experienced our first real floor fight of the session with the passage of the Presidential Primary Bill, which I co-sponsored. Contrary to some of the adverse criticism, you no doubt read and heard, the bill provides for a very workable, reasonable method of selecting delegates to the national party convention - 75% will be elected directly by you, the voter, at the May primary. The remaining 25% will be selected by the present convention process. This is all subject to change in the Senate.

If you are interested in the status of a particular bill introduced in the Legislature, call 1-800-292-9693 toll-free; and the information will be provided.

The Agriculture Committee is studying several bills outlawing the use of imported meat by state agencies and requiring stricter labeling of imported meat products. The theory is that these would help our moribund beef industry, but there is a question of running afoul of federal statute and international trade agreements and thus being declared unconstitutional.

The three big plans for restructuring Texas' school finance system have been unveiled in the House. About the only feature the three share is an astronomical price tag. They differ, however, in the way the costs and benefits will be apportioned. I like the Governor's weighted pupil approach. I also think Representative Kubiak's proposal of moving away from reliance on local property taxes bears strong consideration, and certainly, public school teachers need a reasonable pay increase.

Veteran Legislators agree that what will emerge will be a composite plan, combining the best features from each proposal.

Under the new appropriations process initiated by Speaker Clayton, substantive committees sit in with the Appropriations Committee to hear budget requests by the state agencies with which the substantive committee deals. Thus the Agriculture Committee hears the requests and recommends the amount of money that the House Appropriation Committee should budget for the Texas AGM Agricultural Experiment Station, the Texas Department of Agriculture, the Animal Health Commission, and so on. The Elections Committee does the same with the Secretary of State's budget requests that pertain to elections.

This method broadens the participation in the appropriations procedure and insures that each request for funds is heard by those familiar with the way in which the money will be spent and who can best judge the merits of the requests. The Appropriations Committee then acts as a co-ordinator and ultimate authority, piecing the budget recommendations into the final appropriation bill.

The two bills dealing with rescission of Texas' ratification of the Federal Equal Right Amendment are stalled in subcommittees

State Law Center Being Built

A Law Center incorporating modern reference systems, legal services, programs, and associations is under construction in the State Capitol complex. It is the first of its kind in the nation.

Designed as a hub for legal activity in the state, the center will offer legal services for the public as well as the member organizations and programs for the state's 25,000 attorneys.

The six-story structure, located on the site of the former State Bar Building, could house numerous agencies of a quasi-governmental nature and other legal groups as well as the State Bar staff.

Research and assembly rooms are provided for seminars and continuing education activities for Texas attorneys.

Leon Jaworski, chairman of the Texas Law Center Steering Committee, emphasizes the need for coordinated legal services.

"The attorney in today's society is faced with the hard reality of constantly changing structures of government at every level; new and revised laws; and an overwhelming volume of legal literature," said Jaworski.

"Keeping up" is only part of the lawyer's problem; he is ever challenged to become more skillful, more competent, more knowledgeable, more aware of the changes that surround him," Jaworski said.

Computerized research in the Law Center will make vast legal resources and case data instantaneously available to attorneys.

State Bar programs, including Legal Aid to the Poor, Pre-Paid Legal Services, Town Halls, Lawyer Referral Service and Volunteers in Parole will be directed from the center, and more than four million pieces of legal literature will be produced annually by the Bar staff, housed on two floors of the Law Center.

In addition to the State Bar staff and other law-related associations, the Law Center will include two floors of conference and assembly

Spiraling Costs Cause of Request For Incentive Boost

Sheep and goat leaders testified before Congressional committees that an increase in the incentive level for wool and mohair is needed just to keep up with spiraling costs, said Armer Earwood, president of the Texas Sheep and Goat Raisers' Association from Sonora. Accompanying him was Dr. Percy R. Turner of Water Valley, first vice-president of the TSEGRA. These men appeared before both the Senate and House Agriculture Committees on behalf of the wool and mohair industry in hearings conducted in Washington, D.C.

Earwood recommended that the incentive level be allowed to fluctuate as directed by the Wool Act of 1966. The Act set the incentive level in relation to price of product to cost of production. However, the level was frozen in 1971 at 80.2¢ for mohair and 72¢ for wool, and the Congress again froze the incentive at the same level in 1974. The Texas leaders indicated that had Congress allowed the formula to set the incentive levels since 1971, the payment price on wool would have been approximately \$1.00 on wool and \$1.10 on mohair.

While in Washington, the Texas livestock leaders also joined officials of the National Wool Growers Association in a meeting with Dr. Norman Ross, Assistant Director of Domestic Council for President Ford, at which time the serious predator situation was discussed. An effort is being made by the National Wool Growers to meet with the president to discuss the ever-increasing predator situation. The sheep industry has requested that the presi-

rooms for seminars and research activities that will be available to the legislative community for committee meetings and functions. A multi-media presentation concerning the history of Texas law will be on permanent display in public areas.

March of Dimes Drive Help Sought By Mrs. Mitchell

Mrs. David Mitchell has been named Chapter Chairman for the Terrell County Chapter March of Dimes. In accepting the position, Mrs. Mitchell said, "the lives of more than 14,000 American infants could be saved each year by improving ways of caring for high-risk pregnant mothers and their newborns. The National Foundation - March of Dimes - has embarked on an all-out effort to see that nothing less than the best care is made available for all babies born, and I want to do my part in making all this possible."

She further explained that prevention on birth defects is a long-range goal of the March of Dimes, a voluntary health organization and that birth defects afflict some 250,000 infants each year.

"If you've ever dreamed of doing something to further the health of American children, now is your chance to join in the efforts of the March of Dimes. For further information on what you can do to assist with the Terrell County March of Dimes campaign, contact Mrs. Mitchell at 345-2570 or 345-2239.

Mr. and Mrs. O.D. Gray attended the wedding of a nephew and visited relatives in Fort Worth and Iradell last weekend.

dent overturn a 1972 presidential order which removed chemical toxicants from predator control. While the order has not been overturned, certain allowances have been made for the experimental use of sodium cyanide in the M-44. However, the group expressed to Ross that other toxicants are a necessity if the sheep industry is to survive.

Before Earwood and Turner returned, they met with Congressman Bob Krueger and again discussed the predator situation. Plans are being made for Krueger to work with EPA in trying to get continued use of the M-44.

PURELY LOCAL

Mr. and Mrs. V.G. Ross were in Alpine Friday for her to have a medical check-up.

Mrs. L.R. Hall and Mrs. Hinkle Boyd of Del Rio visited here with relatives and friends the first of the week.

Mr. and Mrs. Thurston Smith of Colorado City arrived Monday for a visit with their son-in-law and daughter, Mr. and Mrs. Don Allen, and Gary.

Mrs. J.J. Miller of Las Cruces, N.M., who had been visiting relatives in Alpine, visited here Wednesday with her sister-in-law, Mrs. E.F. Pierson.

Mrs. Patt Mott visited relatives in San Antonio for two weeks. Her sister-in-law, Mrs. Gloria Lyons, of San Antonio, accompanied her home for a visit.

Mr. and Mrs. Jess McDonald were weekend visitors in Alpine with his brother, Dick McDonald, and wife.

INSULATING YOUR HOME For All Seasons

TIPS TO SAVE YOU MONEY AND EFFORT

HOW TO DECIDE HOW MUCH INSULATION YOU NEED

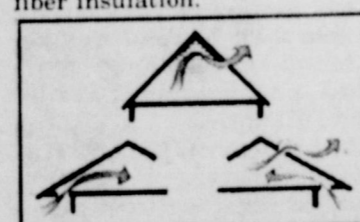

There are two important factors in determining how much insulation you really need. The first is money. Enough insulation is the amount you need to get the optimum savings. The second is comfort. In winter, even though the air in your home may be 70° to 75°, poorly insulated walls may be 60° or

less. With cold walls you lose as much as 3 feet of living space because it's not comfortable close to a wall. In summer, attic temperatures may reach 140° or more, and walls can become uncomfortably hot!

"R" values are important because they measure how good insulation is. The "R" stands for thermal resistance ... resistance to heat flow out in winter and heat flow in during the summer. The higher the "R" value, the better the resistance and performance of the insulation.

Fiberglas insulation is so efficient that a 3-1/2 inch batt with an "R" value of 11 resists heat as well as a wooden wall 9 inches thick or a stone wall 10 feet thick! And pink-colored fiberglas insulation is made by Owens-Corning, the world's largest manufacturer of glass fiber insulation.

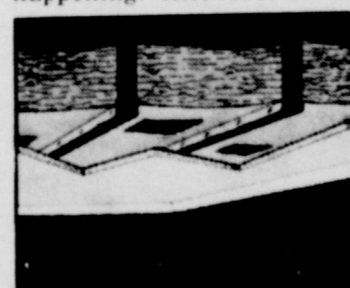

There's an old wives' tale that insulation causes paint to peel off a house or moisture to condense in an attic. But the real cause of peeling paint and attic condensation is uncontrolled moisture, and properly applied insulation can help solve the problem.

Where does all the moisture come from? From everyday living ... cooking, washing the dishes, laundering the clothes, even taking a bath. The air in your home can hold a surprising amount of water. If this moisture is allowed to pass through the walls, it will condense on the cold exterior side, causing

surface paint to peel and crack. In attics, it can condense into water and drip down to stain ceilings.

There are several things you can do to stop this from happening. Kitchens, baths,

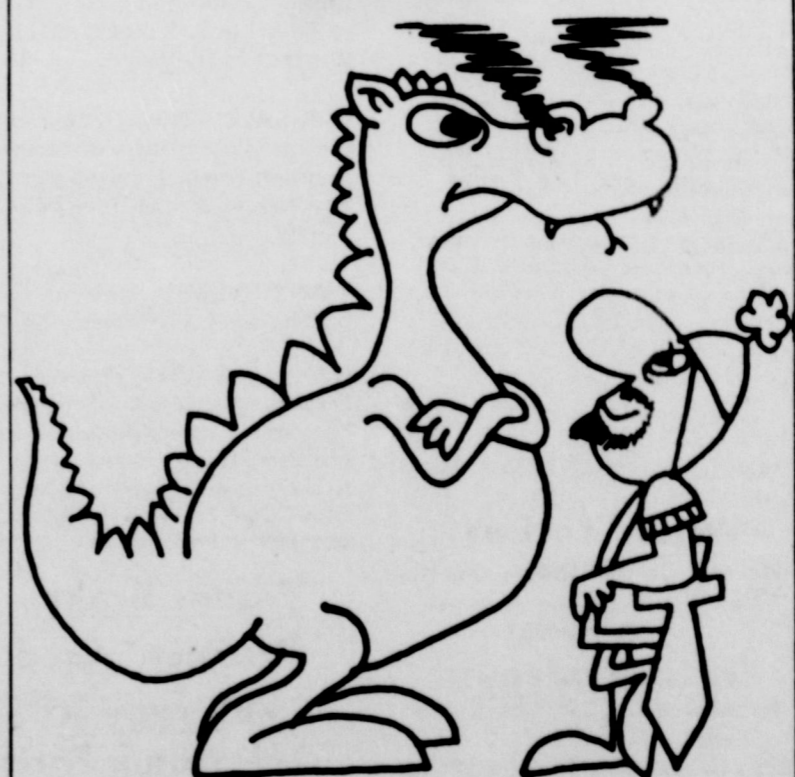

and attics should be properly vented to prevent condensation by allowing sufficient air flow to carry water vapor away before it can condense.

If you add insulation to your attic over existing insulation that has a vapor barrier, use unfaced Fiberglas insulation or slash the vapor barrier of the added insulation to avoid moisture entrapment.

Perform a death-defying act.

Stop smoking.
