SANDERSON, TERRELL COUNTY, TEXAS 79848

OCTOBER 16, 1975

It Depends on How You Look At It!

It shouldn't take a smart person long to know that there are things that he can still learn. And anyone who says they cannot eat certain foods because of their dislike for them, just doesn't want to learn to eat those foods! We are speaking from the bitter end of experience and this side of learning to like two foods that we previously considered almost inedible.

We now willingly and gustily eat squash and fish!

The squash story is several years old when a nephew, who liked nothing but beef and potatoes and sweets came to live with us. We installed a rule that everyone at the table had to eat a small helping of everything on the table. And SW, in order to be sure the rule was enforced, fixed squash! We were stunned, humiliated, incensed, hopping mad, etc., etc., at being trapped by our own rule, but we all ate a small helping of squash! Then to add insult to injury, we had squash again in a few days under the same rule, and it wasn't long until we were looking forward to having squash. But fish was something else! In the quietness of our home when we were alone, we made a pact with SW: if she didn't fix fish in any form during the stay of the nephew, I would promise to not put arsenic in her iced tea! The pact stood, as did our dislike for all kinds of fish.

Then recently, after the chiding, snide remarks, insinuations, and blatant insults of some friends, acquaintances, and members of the family; and after a long search, we found a diet that made sense, was interesting, and inviting, except for one thing—once-a-day fish is a requirement. But I undertook it, and now I willingly eat fish. It's not bad! And it had nothing to do with my love for the hobby of fishing. The results of the diet, by the way, are good, a loss of 17 pounds up to now!

One thing that we don't understand, and we will not understand: Why, if raffles are against the law, and if relating the story of a raffle or advertising a raffle is against the law -- why is not the law enforced to discontinue raffles?

If they are called "donations", does that change the chance of the drawing? Is bologna, sliced thickly and colored purple still not bologna? If the end justifies the means, there are quicker ways of making more money! On, and on, and on...but a raffle is still a raffle and is still against the law! Isn't it?

The cooperation of the people in raising the \$5,000 need-

Lasaro Picaso and David ...a mutual need expressed

A familiar sight around Sanderson, particularly in the mornings, is Lasaro Picaso pushing a stroller with his grandson, David, in it. David is the son of Patty Picaso and recently had heart surgery.

Mr. Picaso pushes the stroller to the postoffice almost every morning to get the mail and David gets the benefit of the fresh air and sunshine, each seeming to enjoy the company of the other in their daily strolls. A small sack hanging on the back of the stroller is to hold aluminum cans picked up by Picaso as he makes his daily rounds, thus serving another dual service—he helps to pick up litter from the streets and there is a slight remuneration when he turns in the aluminum cans.

The picture was made by Mrs. D.L. Duke several days ago and was loaned to this week to use in the "human interest" story.

Local Faculty Self-Evaluation Is Under Way

According to "The Claw", Sanderson High School newspaper, the faculty from three public schools in Sanderson have begun a "self evaluation" study. The program was initiated at a meeting of the faculty of each of the respective schools recently in an all-day session.

The two-part program consisted of committees working on the philosophy and objectives for the school and community materials and curriculum, and the afternoon session was working on the evaluation of the different departments.

The evaluation study will continue throughout the year and the final phase will be a visit by a team of educators to assess the educational program.

Tony Calzada Jr. of Monahan and his mother, Mrs. Tony Calzada Sr., attended the motorcycle races in Del Rio Sunday afternoon and also visited with Mrs. Calzada's parents, Mr. and Mrs. Andres Marquez, and with other relatives.

\$5,000 Goal Made In Park-Pool Need

The goal of \$5,000.00 to complete a \$20,000.00 asking to match state funds to begin the Terrell County Bicentennial Park-Pool has been reached, according to County Judge Charles Stavley. He expressed extreme gratitude for the help and cooperation that he had received from both workers and donors toward the project.

Judge Stavley stated that he felt the project was one that was sorely needed for the recreation and benefit of the young people, particularly, of the county, and he felt that they would demonstrate maturity in their efforts to get the project started and working satisfactorily for all concerned. The project puts before the people of the county their sole source of entertainment of a public nature, other than television reception, which is generally considered a private entertainment. The park and pool could be a source of much pleasure for young and old alike in the facilities that are planned there.

Application has been made for a grant of \$20,000 matching funds from the Texas Parks and Recreation Department and upon approval of the grant the money can be used to obtain the land for the park and pool and have some funds for the clearing of the land and preparing its use for further development. The county, besides the \$15,000.00 toward the matching-funds asking, has authorized or set aside approximately \$23,000.00 in revenue sharing funds toward development of the park's facilities.

It has been previously pointed out that since the grant was available, that revenue sharing funds could not be used to match an amount granted by a state agency, since the revenue sharing fund was also a grant to the county. But revenue sharing funds can be used in other areas of the park's development and improvement.

The \$5,000.00 mentioned in the story above was raised by public contributions in a canvass of all houses in Sanderson by workers, through a big bake sale, and contributions from clubs and organizations and individuals.

Court Action On Monday Is Lengthy

The Terrell County Commissioners Court had almost an all-day session Monday and disposed of all matters on the agenda except one, which they kept under consideration - the granting of the use of the Dryden air strip for training Baptist missionaries. The missionaries would be at the air strip primarily for training as pilots but during their stay here, other training would also be given the group during the time they were not being given pilot training, according to an explanation given by the representative of the group that was here to answer questions. The group would, according to the representative, build some buildings, maintain them and the air strip in exchange for the privilege of its use, their use not restricting the use of the strip to that group only for take offs and landings.

Other business conducted by the commissioners included: Read minutes of previous meeting;

Authorized the payment of bill presented;

Voted to proceed with the condemnation proceedings of the land required for flood-water retardant structure #7 and related works for Sanderson Canyon Watershed, access road and all other land needed for this site and to make and enter all necessary and proper orders thereon, and employ and provide for compensation for lawyers, and to authorize and empower them to proceed to acquire the land rights needed for site #7 including the institution and prosecution to the completion of condemnation proceedings and any other matters reasonably related thereto;

Signed an option contract on the Bicentennial Park-Pool land;

Approved having radiators in the courthouse worked on before winter;

Approved hiring a dump ground supervisor for 40 hours a week. The commissioners, in compliance with state laws, will keep the dump ground open for 40 hours a week and the supervisor will designate areas where trash and refuse will be dumped and collect a fee for dumping of trash or garbage other than by county vehicles;

Approved the oil tax roll; Approved the bid submitted by Dudley Motors for a new dump truck for Precinct #2 and payment for the truck out of Tax Revenue funds. Only one bid was submitted.

Approved the purchase of a sprayer from Ector County;

Authorized County Judge Charles Stavley to seek the best return investment of funds in the "Highway" coffers and re-invest those funds;

Approved advertising for bids on television service for the eastern part of the county;

Approved repairs on repose room;

Approved the recommendations of Ray Siegmund, District Agent, in the hiring of a county agent for Terrell County and were introduced to Ellis Helmers of Girvin. A resume of the qualifications of Mr. Helmers was given by Siegmund and following a brief interview by the commissioners, Helmers was hired as county agent effective October 21, 1975, with a county-financed salary of \$3,600.00 a year. He will receive other remuneration from the state. Other information about Mr. Helmers is in another story in The Times;

Approved purchase of anti-freeze for county vehicles;

Approved a new system of bookkeeping for Mrs. Gene Litton, county treasurer;

Approved the transfer of \$1,000 from the Road & Bridge Fund to Sanitation Fund;

Approved the report of the justice of the peace;

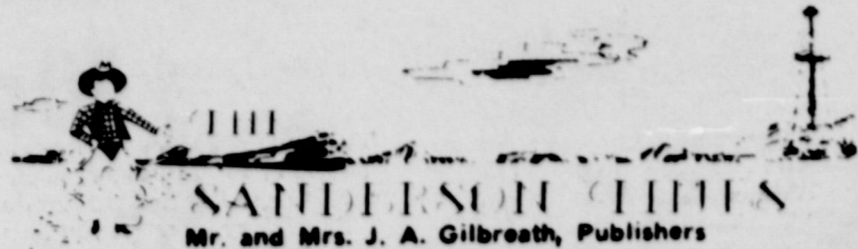

Approved publication of the summary of county funds in January.

Mrs. Philip Vargas and daughter, Brandi, of Clarendon, are visiting her parents, Mr. and Mrs. K.K. Robinson, and family.

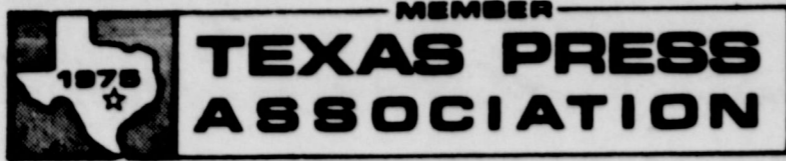

Three families gathered beside a rock tank (shown in another picture we have) for a picnic a long time ago. The cars indicate probably before 1920 when the gathering was held. The picture belongs to F.G. Grigsby. The three cars in the picture show quite a change from modern automobiles. Notice the absence of tread on the tire of the car at the right.

ed to get in position to receive the matching grant of \$20,000 toward the Terrell County Bicentennial Park-Pool is something that they all should be proud of!

We are proud of the people for their accomplishments. We are proud of the county commissioners for their cooperation in approving the funds, both from the tax money and from the revenue sharing fund.

We think that the project is good, will be good for the young people, and will be good for the county.

CORRECTION

In the story of the meeting of the directors of the local unit of the American Cancer Society, the statement was made that all of the tests made in the recent "pap clinic" were all positive. It should have been that they were all **NEGATIVE**.

Mrs. W.A. Banner visited in El Paso last week with her daughter, Mrs. G.W. Kyle, and her husband. Mrs. Kyle brought her home Sunday and they returned to El Paso Wednesday, Mrs. Banner planning to be there for the winter months.

Corbett Named SP Div. Supt.

William E. Corbett has been named superintendent of the San Antonio Division for the Southern Pacific Transportation Company.

He succeeds B.M. Flohr, who resigned to become deputy administrator of the Federal Railroad Administration at Washington, D.C.

R.D. Bredenberg from Ennis will be the new assistant superintendent, replacing E.E. Barnett, who retired.

Corbett's area of responsibility covers a territory that goes as far north as Denison, as far south as Beeville, westward to El Paso and east to Glidden.

He began his railroad career as a trucker for the Coast Division in California in 1943 and progressed through various assignments, including clerk-telegrapher, dispatcher, brakeman, assistant trainmaster, trainmaster, terminal superintendent and assistant superintendent.

Corbett attended the University of San Francisco and San Francisco State College

Raeline Thompson Is Band Sweetheart

Raeline Thompson was named sweetheart of the Sanderson High School Band recently. She will be presented Friday night at homecoming festivities at Eagle field.

Raeline is the daughter of Mr. and Mrs. Gene Thompson, a senior in Sanderson High School, and has been playing the flute since she was in the 7th grade. She is also president of the band.

Six nominees vied for the honor of band sweetheart, and the other five were Yolanda Rodriguez, Patti Hope, Mary Escudero, Gay TenEyck, and Rosella Marquez.

Mr. and Mrs. Glenn Haynes have moved to Fort Stockton.

Mr. and Mrs. H.H. Pipes returned home Monday night after a week of sight-seeing in New Mexico and Arizona and in El Paso.

and is a graduate of the Program for Management Development as Harvard University.

Eagles Lose To Wink 19-0 Here

The Sanderson Eagles lost a game to the Class A Wink Wildcats here Friday night. The final score was 19-0.

Wink's first tally came in the second period when Ross Wilkinson went over the goal line from two yards out. The extra point kick try was not good.

In the second period, Jesse Abila took a pass play 38 yards for a touchdown and Weldon Floyd tacked on the extra point with a kick.

The third and final touchdown was on a lateral and pass play which went 67 yards for the score with Abila again on the receiving end of the pass. Floyd again tacked on the extra point.

Wink had one touchdown called back because the ball carrier stepped on the in-bounds line on his way to the goal line, and another was called back because of a clipping penalty.

Both teams were able to move the ball in the middle of the field, but each had problems inside the 20-yard line.

Wink held a slight edge in statistics, making 19 first downs to 18 for Sanderson; 246 yards rushing to 213 for the Eagles. Wink tried and completed three passes for 20 yards, and Sanderson completed two of five for 23 yards.

Both teams had excessive penalties, many of the 15-yard category for clipping and unsportsmanlike conduct.

District play begins for the Eagles Friday night when they host the Anthony team for homecoming festivities. The game will begin at 7:30 p.m.

Mr. and Mrs. Domingo Picasc and her sister, Miss Delma Montalvo, who attends Sul Ross State University, were weekend visitors here with the ladies' parents, Mr. and Mrs. Onesimo Montalvo, and with other relatives.

Jr. High Eagles Play In Imperial

Carlos Garza took the junior high school Eagles to Imperial Thursday for games between the 7th graders and 8th graders

The 7th graders played only one quarter and the Eagles won 6-0. William Eckert ran about 60 yards to the 11-yard line, and from there Carlos Castro went over the goal line on a sweep to the right. The try for the extra point failed.

In the 8th grade game, Sanderson fumbled the opening kick-off and Imperial recovered and about five plays later was able to score. The extra point try failed.

In the third period Sanderson scored on a pass play from Buddy Furman to Milby Winn, good for about 55 yards and the score. Sanderson was not able to make the bonus point and the game ended in a 6-6 tie.

Coach Garza stated that he felt that the boys of both the teams played a better game against Imperial than they had played previously, even an improvement over last week's game, but the break early in the game of the 8th graders took some of the wind out of their sails and it took them a while to recover. He said he was proud of the conduct of the boys and their determination demonstrated in both the games.

Sanderson will host the Grandfalls teams Thursday.

GIRL SCOUTS CONTRIBUTE TO PARK-POOL FUND

Girls Scouts met Monday afternoon at the Scout House for their regular meeting. They voted on their dues and also voted to contribute \$10 to the Terrell County Bicentennial Park-Pool Project.

Leaders of the troop are Mesdames Luis Pena Jr., Gil Martinez, and Mike Conners.

Mr. and Mrs. W.H. Taliaferro and Mr. and Mrs. O.D. Gray were business visitors in Fort Stockton Tuesday.

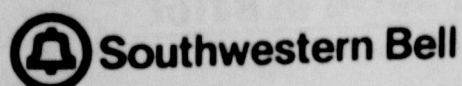

This weekend, call any other state* and talk five minutes for 86¢ or less... usually less!

*Except Alaska and Hawaii

Our weekend One-Plus rates are so low that you can talk awhile and still spend less than a dollar. For instance, a five-minute coast-to-coast Long Distance call dialed direct all Saturday and Sunday until 5 p.m. is only 86¢. An out-of-state call spanning fewer miles costs even less. If you can't wait till the weekend these same low rates are in effect every night from 11 p.m. to 8 a.m.

Where One-Plus dialing isn't available, One-Plus rates apply on station calls. If you dial direct and reach a wrong number, call the operator. You won't be charged.

Travel by Long Distance... and stay awhile.

Baptist W.M.U. Meetings Reported

Last week on Tuesday morning the Baptist W.M.U. met in the home of Mrs. G.H. Carter for a Royal Service program. After Mrs. H.H. Pipes had called the meeting to order, Mrs. H.G. Cates read the Call to Prayer, Genesis 15:7-16, and after reading the names of the missionaries on the Birthday Calendar, led in prayer.

In a short business meeting, the group voted to make cookies for the children's Bible group that meets on Wednesday evenings.

Mrs. Pipes presented the program on "A City of Asia - Tokyo" in the form of a tour.

Using a color scheme of orange and brown, Mrs. Carter served pumpkin pie, fruit salad, nuts, candy, and coffee.

Those attending were Mmes. Paul Tatum, R.F. Kuethe, G. C. Eggleston, O.D. Gray, Gene Black, Pipes, and Cates.

Tuesday morning Rev. Paul Tatum gave the first of a series of Bible lessons, using the first three chapters of I Timothy. He opened and closed the meeting with prayer.

Those present were Mmes. G. C. Eggleston, R.F. Kuethe, G. H. Carter, and Paul Tatum.

Local Ladies Go To State O.E.S. Meet in Dallas

Mrs. Dalton Hogg and Mrs. Bob Spence went to Dallas on Saturday, October 4, to attend the annual meeting of the Grand Chapter of Texas, Order of Eastern Star. They attended a reception for the Worthy Grand Matron and a planning session for the grand pages Sunday evening.

The sessions opened Monday evening and Mrs. Hogg was one of the Grand Pages. She left the meeting, with the concluding session to be Thursday evening, to attend the funeral services in Lamesa for her mother-in-law, Mrs. Omie Hogg, who died Tuesday in a nursing home in that city.

Mrs. Spence remained to attend the deputy's school on Friday morning and returned home that evening. Mrs. Spence will serve as deputy grand matron of District 2, Section 9, O.E.S. for 1975-76. Mrs. Hogg will be serving on the Founder's Day committee for District 2, Section 9. Both ladies are past worthy matrons of the local chapter.

Fuel Ad-just-ment Charge

(noun) an amount added to your electric bill to pay only for the increased cost of fuel used to generate your electricity.

Part of your basic monthly electric rate goes to pay for fuel needed to generate the electricity needed to serve you. But . . . everyone knows what has happened to fuel costs since the last electric rates were approved. Fuel prices have gone up, up, up, month after month. To compensate for this increase, electric companies are allowed to collect a "fuel adjustment" which is passed through directly to the supplier. None of the fuel adjustment money is used for other purposes or stays with the utility company. Community Public Service Company is doing everything possible to hold down the cost of electricity, just as we have done for years. But . . . if you are to continue enjoying the convenience of having all the electricity you need . . . it's going to cost more.

*Garcia-Casillas
Wedding Here
Last Saturday*

Rev. Alvin Wilde of Fort Stockton officiated at the nuptial mass Saturday afternoon in St. James Catholic Church when Miss Adelina Casillas became the bride of Joe Garcia Jr. They knelt under an arch decorated in white roses, greenery, tiny lavender flowers, and love birds. White wedding bells were suspended from the center with white satin ribbons and streamers also tied on the seven-branched candelabra to each side. In the foreground of the altar were arrangements of white gladiolus, carnations, roses, and baby's breath in wicker baskets and potted purple chrysanthemums in the background. White satin bows and streamers also marked the pews reserved for the family and members of the wedding party.

The bride was escorted to the altar by her father and mother, Mr. and Mrs. R.L. Casillas. Her gown of Sata sheer over taffeta in empire-style had a high collar and long fitted sleeves with bands of Venise lace trimmed in pearls at the waistline and outlining the panels of the skirt cascading into a cathedral train. Motifs of lace roses centered with pearls were applied on her gown, and on the wide satin band at the hemline and on the satin cuffs. Her four-tiered fingertip length veil of illusion was attached to a pearl coronet and she carried a bouquet of pearlized flowers.

Continuing the bride's chosen colors of purple, white, and lavender, the feminine members of the bridal party wore formal gowns of purple double-knit in empire style and A-line skirts, high collars, and full sleeves with wide cuffs. Silver lace bands trimmed the fitted bodice and the high collars. They carried nosegays of purple and lavender flowers tied with silver ribbons. The junior members wore identical gowns of white double knit. All wore purple and lavender flowers in their hair.

The ruffled skirts and buttonnaires completing the attire worn by the male attendants also emphasized the bride's chosen colors.

The members of the wedding party were Mr. and Mrs. Oscar Marquez, Mr. and Mrs. Joe Bravo of Odessa, brother-in-law and sister of the bride; Mr. and Mrs. Oscar Lopez, Mr. and Mrs. Arturo Mendoza, Mr. and Mrs. Raul Rubio, Mr. and Mrs. Dimas Lopez, Mr. and Mrs. Juan Saenz Jr.; Mr. and Mrs. Frank Luevano Jr., Mr. and Mrs. Frank Villaba, Mr. and Mrs. Raul Rubio, brother-in-law and sister of the groom, rillo, all of Fort Stockton; also Misses Leticia Galvan, Lali Marquez, Alicia Montalvo, and Rosella Marquez; Misses Sallie Babb of Del Rio, Miss Delma Montalvo of Alpine, Miss Vangie Calzada of San Antonio, Miss Irene Hinajosa of Lubbock; Abelardo Cassillas, brother of the bride, Abel Luevano, Carlos Galvan, Frankie Flores, Tony Ramirez, Roger Sanchez, Freddie Valenzuela, Donnie Dominguez, Joe Bueno, all of Fort Stockton; Mike Garcia of Midland.

Misela Luevano was the flower girl and Ricardo Bravo, a nephew of the bride, was the ring-bearer. The train bearers were Raul Rubio of Fort Stockton, nephew of the groom, and Crissy Galvan of Pecos, cousin of the bride.

The bride's parents were hosts at a reception in Saint James Parish Hall immediately following the ceremony. Miss

Yolanda Rodriguez was at the bride's book to register the guests. A full-skirted white cloth covered the table with floral decorations continuing the lavender and purple theme. Wedding cookies and purple punch were served with the bride's cake.

A dance in St. James' Hall closed the wedding festivities and an out-of-town orchestra provided the music. The grand march at 10:00 p.m. was led by Mr. and Mrs. Andres Falcon.

Mr. and Mrs. Joe Garcia Sr. of Fort Stockton, parents of the bridegroom, were hosts for the wedding dinner served at noon Saturday in St. James Hall.

After a short wedding trip, the couple will reside in Fort Stockton where Mr. Garcia is employed at a grocery store. He is a 1973 graduate of the Fort Stockton High School. The bride, a 1973 graduate of Sanderson High School, has been employed at Kerr Mercantile Co.

BIRTHDAY PARTY FOR TWO COUSINS HERE

On Saturday, Sept. 20, Mrs. Yolanda Rubio and Mrs. Alex Romo of Monahans entertained with a birthday party in the Legion hall honoring their daughters, Rene Rubio and Mary Ann Romo on their fifth birthdays. Forty-five children and several mothers attended the party.

The main diversion was the breaking of a pinata in the shape of a star, with Arturo Fuentez Jr. winning the prize. In the balloon game, Angela Moore won the prize.

Mrs. Tony Calzada, grandmother of the honorees, assisted her daughters in serving refreshments of chicken sandwiches, potato chips, cookies, punch, and the birthday cake. Favors were miniature toys.

After the little girls had opened their gifts, they were displayed.

At the end of the party Mrs. Burt Williams and her mother Mrs. Rose Terbay of Austin bid farewell to the ladies present as Mrs. Williams was moving to Georgetown.

RANCH CLUB DISCONTINUED

In a recent letter received by Mrs. H.E. Ezelle, president of the Ranch Home Demonstration Club, from Miss Cathy Head, Pecos County home demonstration agent, she stated that she would no longer be permitted to meet with the local club and so the meetings of the Ranch Home Demonstration Club will be discontinued until such time as a county agent is secured for Terrell County. The balance of approximately \$100 in the club's treasury will be placed in the Terrell County Bicentennial Park and Pool fund.

Mr. and Mrs. Donald Tulk and children have moved from the O'Bryant rent house to 502 North Third St., the former home of Carlton White, which they have purchased.

Mr. and Mrs. Tom H. Goyner have moved back to San Antonio, their former home. He was a carman on the S.P. Railroad and was transferred to San Antonio.

Mr. and Mrs. Weldon Cox were in Fort Worth for several days last week, meeting their son-in-law and daughter, Mr. and Mrs. Tommy Hagans, and baby of Little Rock, Ark., there. Mrs. V.E. Keyes accompanied them on the trip and visited her daughter, Mrs. J. M. Franklin, and family.

County Agent Hired Monday

Ellis Helmers was employed as the county agent for Terrell County effective October 21, 1975. The action occurred in the regular meeting of the commissioners Monday.

Mr. Helmers is a native of the Girvin area, having been reared on a ranch, graduated from Texas A&M University, has served as county agent of several counties in West Texas and of Childress County in North Texas.

His wife and three children plan to move to Sanderson immediately.

Mr. Helmers will have offices in the court house on the second floor.

It was explained that a large part of the work of the county agent will be with the young people if they avail themselves of the opportunity of the varied programs and courses offered for youth. He also will be available for advice and aid in gardening, lawns, trees, flowers, rangeland, etc., excellence; insect control, and many other phases of work heretofore not available locally. It was brought out that in areas where Mr. Helmers has no expertise, he has available the information of experts of the state and nation readily accessible to aid those who take advantage of the services available.

Mr. Helmers stated that he was looking forward to working with the people of Terrell County and being a part of the community.

Amendment No. 2 Resume Is Given

The Number 2 proposition in the election on November 4 concerning a proposed new constitution for Texas covers the state judiciary.

The revision continues the present system of county courts and county judges, provides for the election of district judges, district clerks, and district attorneys and protects the individual rights to a trial by jury and appeal by the accused.

New provisions, however, establish a unified judiciary system including the supreme court, the court of appeals, district courts, and circuit courts and gives the state supreme court administrative authority over the entire system. In the unified system, the criminal court of criminal appeals would be merged with the supreme court.

It also provides that intermediate appeal courts would have jurisdiction in both civil and criminal cases where as in the past the jurisdiction was divided.

Through the revision, the state also is given a limited right of appeal in criminal cases involving the state constitution.

If the provision is approved, the legislature, for the first time, would be able to determine the number of judges

for each trial court except the county courts and would be able to provide laws for method of removal of all justices, judges, and justices of the peace.

Those in favor of the proposition say the revision would coordinate, unify, streamline, and modernize the state's judicial system. They contend that the result would be an elimination of long court delays, a reduction in work loads and a subsequent decrease in taxes.

Opponents contend that by giving the supreme court total administrative authority over the system, the chief justice could become a virtual dictator, able to switch justices from place to place and therefore thwarting the will of the people by re-assigning duly-elected judges.

Proposition Number 2, concerning the revision of the judicial system can be accepted or rejected by the voters on November 4.

Joe Bradford has moved to the home of Mrs. Sadie Welling on Highway 90.

Mrs. Jack Hardgrave and Mrs. H.A. Mullings are planning to attend the annual Terlingua Art Workshop October 25-29. Harold A. Roney, well-known landscape painter, will conduct the workshop which is headquartered at Villa de la Mina, three miles from the old ghost town of Terlingua.

Rep. Susan McBee Busy In Off Season

While telling her constituents last week that she finds "more demerits than merits" in each of the provisions of the proposed Texas Constitution to be voted upon November 4 except the finance revision provision, State Representative Susan McBee is making a concerted effort to see that her constituents are informed as to both sides of every question to be decided.

The petite Del Rio lawmaker has set a busy speaking schedule to inform voters about the constitution in addition to an otherwise already heavy itinerary which includes such interesting events as a raft trip down the Rio Grande to study "Wild Rivers" proposals and a visit at her alma mater, Texas A&M University, as a special guest of its president.

The representative of the sprawling 70th Legislative District stated that she is finding interest in the special election increasing although an extremely light vote is being predicted.

"The exception is in Houston, where a hot mayoral race promises to bring a heavy turnout of voters to the polls.

"It is both sobering and horrifying to think that the people of Houston might be able to determine the passage or failure of this document," she declared.

"I believe it is important that the people of West Texas get to work and study the propositions and vote on November 4 so that their interests will be represented," she stated.

Mrs. McBee gave two 25-minute addresses in Alpine last week, outlining the pros and cons of the new constitution before the American Association of Retired Persons and the American Association of University Women. At each appearance there was a two-hour answer and discussion period followed her presentation.

On October 28 she will address the Sanderson Chapter of American Association of Retired Persons.

Mrs. McBee stated that she has copies of the proposed new Constitution available at no cost to any voter who would like to have a copy. She said that she has copies available both in English and in Spanish. People wanting one may call her at 775-5952, or write to Post Office Drawer Z in Del Rio.

She stated that she has contacted Mexican-American leaders in each community of her district in an effort to see that the Constitution is distributed in Spanish to anyone who can benefit from it.

Last weekend, Mrs. McBee accompanied her husband to Lubbock for a meeting of the Texas Sheep and Goat Raisers Association board of directors with Texas Tech University's Ranching Heritage Committee. The trip enabled the representative to tour the Textile Center at Texas Tech which is engaged in research to encourage greater use of natural fibers by the textile industry. Mrs. McBee stated that this is of special interest to her, noting her assignment to the House Agriculture Committee.

On Friday, Mrs. McBee and her husband will embark on a four-day raft trip on the Rio Grande, arranged by a member of the Texas Parks and Wildlife Commission. Also going on the trip will be representative landowners and environmentalists and a member of Congressman Bob Krueger's staff.

Mrs. McBee says that she is not the "outdoors" type, but feels it important that she obtain first-hand information she will need since Wild Rivers and Wilderness Area proposals are expected to come before both the federal and state legislature. The group will spend the night in Sanderson and then embark on the Rio Grande raft trip from La Linda,

STATE CAPITAL Highlights AND Sidelights

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN — Insurance made news again, as the State Insurance Board hiked rates for homeowners coverage effective February 16.

Board staffers a week earlier recommended an average 17 per cent increase statewide in auto insurance premiums.

The Board-approved homeowners' rates will increase at an average of 8.3 per cent, fire insurance rates on homes 7.9 per cent for single-year policies and 14 per cent on three-year policies.

Rates were far less than those requested by the insurance industry.

Homeowners policy rates and extended coverage (storms, hail, riots, accidents, etc), vary by territories.

Homeowners' rates for average residences would increase as follows:

- Seacoast, 7.6 per cent.
- Central, 7.6 per cent.
- North-Northwest, 12 per cent.

Rate on a \$35,000 brick veneer home in Galveston will go up from \$940 to \$1,021 for a three-year homeowners policy. The same type home in Houston would see a rate increase from \$814 to \$886, in Austin from \$654 to \$714 and in Lubbock from \$1,137 to \$1,283.

Amount of the annual increase on the same home would be \$17 in Galveston, \$24 in Houston, \$20 in Austin and \$49 in Lubbock.

VRA Study On

The House Elections Committee began a "major study of effects of the recently-extended and expanded Voting Rights Act on Texas.

The Committee will try to gauge impact of the law on local governments and recommend legislation needed to help smaller governmental units comply with complex VRA requirements. All governmental units, under VRA, must submit to the U.S. Department of Justice any changes in their election laws, procedures or voting precinct boundaries dating back to Nov. 1, 1972, and in the fu-

leaving the river near Dryden.

Mr. and Mrs. McBee will leave for College Station on Friday, October 24, immediately after participating in "Fiesta Amistad '75" abrazo ceremonies. At Texas A&M, she is scheduled to make an appearance on educational television and will be the guest of the university's president at the Texas A&M football game on Saturday.

Following the November 4 election, Mrs. McBee stated that she expects to devote a considerable amount of time to committee work.

Elections Committee Chairman Rep. Luther Jones of El Paso said many small cities and other units don't have resources or required data to make full submissions and will have serious difficulty complying with requirements without assistance.

Lands Leased

Oil and gas exploration firms bid cash bonus payments of more than \$3.4 million on 91,000 acres of state land at a recent lease sale.

Most bidding activity was concentrated on state submerged tracts located in Texas bays. More than \$2.1 million of the total was put up for leases on 55,383 acres in the bay tracts.

Inexo Oil Company bid more than \$600,000 for 13 tracts, Monsanto \$377,609 for 11 tracts, Houston Oil and Minerals Corp. \$338,381 for 11 tracts and Exxon, \$200,004 for 12 tracts.

Highest single bonus bid of \$117,936 was made by Kilroy Company of Texas for a Gulf of Mexico tract in Jefferson County.

Courts Speak

The Court of Criminal Appeals reversed a murder conviction in a Rio Grande Valley case because of improper arguments by a prosecutor but didn't rule on a challenge of constitutionality of the death penalty law.

The State Supreme Court refused to interfere with a lower court order transferring a Houston utility rate controversy outside the company's service area.

Third Court of Civil Appeals told The University of Texas it owes a construction company \$850,000 in a breach of contract suit.

HALLOWE'EN CARNIVAL BOOTHS TO BOOST CLUBS

Mrs. F.D. Fisher, spokesman for the Young People's Chamber of Commerce asked The Times to report that all of the booths at the Halloween Carnival are for the benefit solely of the sponsoring clubs and organizations. The proceeds of each club's booth are for whatever project that club wants to use the funds, she said, and urged greater participation in the various booths available.

Sanderson Chapter #136 O.E.S. 3rd Tuesdays, 7:30 Mrs. Dalton Hogg, W.M.

Wildcat Set NE of Dryden

Napeco, Inc., Midland, will drill an 11,500-foot wildcat in Terrell County, 36 miles northeast of Dryden, 5 1/2 miles southeast of the recently opened Allison, South (detrital gas) field, seven miles northeast of the depleted Brown-Bassett, North (Fusselman and Strawn) field and 1 3/4 miles northeast of a 13,700 foot failure. It is the No. 1 Allison.

Location is 2,256 feet from the most northerly north line and 650 feet from the most northerly west lines of 1-223-Mrs. M.C. Wilbourne, Abst. 2626. Ground elevation is 2,494 feet.

The Allison, South opener, Hytech Energy Corp. No. 1 Frank Rashap Jr., was finished May 23 for a calculated, absolute open flow of 1,008,000 cubic feet of dry gas per day through perforations at 10,336-427 feet and tested the Fusselman extensively through perforations at 11,143-212 feet.

RANDALL HARKINS BURNED TO DEATH NEAR AUSTIN

Word was received Tuesday of the death of Randall Harkins, about 21, son of Mr. and Mrs. Claude Harkins, of Austin. He is reported to have burned to death in a house trailer.

The Harkinses are former residents of Sanderson. Mr. Harkins is the brother of Sid, Jolly, and Ernest Harkins, and Mrs. Harkins is the former Mary Bess Hardgrave, a sister of Jack Hardgrave.

Funeral plans were set for 2:00 p.m. Thursday in Austin.
