SERVING THE INTERESTS OF RANKIN AND UPTON COUNTY

XXXIX—NUMBER 1

RANKIN (79778), UPTON COUNTY, TEXAS

THURSDAY, JANUARY 9, 1975

Open With Win at Balmorhea; Devils Drop District 6-A Opener

play opened in basketball Tuesday for the Red Devils of the RHS Girls with a win at Balmorhea. For the Red Devils wasn't exactly what was expected for as they fell short by about a 20-point margin in the Boys B game, it was one with Balmorhea by a 20-point victory.

The Girls Team, which has been strong all season, had a good start with their first district out-

ing to continue in 6-A, with B Boys and A Girls in Iraan Friday for their first at the always tough basketballers. All three are expected to see Rankin as the underdog role.

The Boys B Team will begin the action with a 5:00pm game.

On Tuesday, Jan. 14, the A B Boys will be in Wink. Wink does not field a Girls basketball team.

For the B Team Girls, action will center in the Grandfalls Tournament January 9-11.

JUNIOR HIGH

Following the holidays, play in Junior High basketball also has resumed. On Thursday, January 9, the 7th and 8th Grade Boys go to McCamey while the 7th and 8th Grade Girls will host their McCamey counterparts in play in the local gym. Both the sessions have a 5:00 p.m. tip-off for the 7th Grade.

MIGHT BE FIRST TEXAS COUNTY-WIDE DEMOCRAT JUDGE —

Upton County Gets Its First Woman Judge

When Mrs. Peggy Garner sat down at her desk for the first time, officially, as the new Upton County Judge shortly after taking office on January 1, it marked a milestone for her and the county. She became Upton's first woman County Judge in the history of the county.

In addition, it may be that she is the first county-wide Democratic woman county judge in Texas. Barbara Culver, of Midland County, a Republican, has the title as the state's first woman county judge and it is said that there are several— party affiliations unknown — who hold the office in some of the big population counties that have their county court divided—much the same as Precinct Commissioners.

But she is definitely the first for Upton County in what may well turn into a trend as more and more women take an active role in local politics. The new Upton Court met for the first time in a Special Session January 1st and attended to the matter of administering the oath of office to officials elected in the November voting, and the approving of required bonds by the various office holders.

Another new face on the local court is that of Eugene Kelton, elected Commissioner of Precinct 4 in McCamey. Other members are O. R. Adams, Precinct 1 Commissioner, T. D. Workman, Precinct 2 Commissioner, and Kenneth LaQuey, Precinct 3 Commissioner. One county office, that of Justice of the Peace in Precinct 3, remains unfilled due to the resignation of John Whaley who moved prior to taking office. The court will appoint a J. P. to take his place.

In addition to being the new County Judge, Mrs. Garner is also the Ex-Officio School Superintendent for Upton County, a title that, in this instance, is mostly honorary and comes with the County Judge job. The two school districts here are not affected by the county-wide school superintendent, as are some Texas counties.

Western Wives to Meet January 14

Members of the Western Company Wives Club will hold their January meeting next Tuesday, the 14th. Time will be at 7:00 P. M. at the Rankin Park Building.

Speaker for the evening session is to be County Judge Peggy Garner. All members and prospective members are urged to attend.

Cemetery Assn. Says Thank You

Rankin Cemetery Association this week expressed their appreciation to the public for their donations to the fund that has built a chain link fence on one side of the site. Miss Maggie Taylor, secretary and treasurer of the association, reported that a total of \$392.86 has been contributed so far to the fund.

The Association plans to continue the fencing project as more funds become available through these contributions.

Other officers of the Association include H. Wheeler and Mrs. J. O. Barfield.

Her Honor, The Judge

Working at her desk in the Upton County Courthouse last Tuesday when the above photograph was taken, the question was raised as to what title the

new Upton County woman judge wished to be addressed. "Just call me Peggy," she said. "My door is always open, and just come on in."

The Scoop

WE'RE OFF —

Comes now the year 1975 and don't knock it for if you are any sort of optimist at all, you have to feel that it will be better than the year past—in some respects. For one thing, it's not an election year and we won't have to go through that. For another, the Watergate mess is mostly behind us and that is a relief.

We're told that the economy is bad and going to get worse but that doesn't seem to apply to the oil patch. Considering the hours worked and the number of people who are doing more than one job—moonlighting, if you will—the employment statistics for Upton County at least, must be something like 125 percent. That doesn't mean that we are all getting rich but it's nice to know that there's plenty of work for those who care for such activities.

The Rankin (Texas) News —
Thursday, January 6, 1975

In a trip to the Houston area over the holidays, I also learned of another matter in which we are most fortunate and that is the business of crime. On an average year, about the nearest we come to having violent crime in Rankin is when the Red Devils

I may be wrong, but I seem
to recall an instance—I think it
was here in Texas— where a
committee was formed to see if
another committee was needed
any longer. And for a consol-

the Texas Legislature is to meet
sometime this year—starting in
January, I think. That's always

good for a few laughs, provided
you can laugh and cry at the

Ah me, our cup runneth over.
And since they are about all

Nutritional Education Workshop Conducted For Rankin Teachers

Mrs. Jan Wimberley, a Second Grade Teacher in Rankin Schools, looks over material for nutritional studies use.

Nelson says, "Have a 3-3-4-4 day!"

Who's Nelson?

Fifth grade teachers from the Rankin Independent School District know that Nelson is a talking nutrient who will be helping their students study nutrition this school year.

The teachers learned about Nelson, and other fun ways to teach their students about nutrition, during a Dairy Council, Inc. "Big Ideas" workshop on January 4. The lessons are designed to provide fun for the teachers and students while stimulating them to understand and practice sound dietary habits.

Fifth graders will learn that selecting a balanced daily diet depends on choosing the right

number of servings from each of the Four Food Groups (Milk, Meat, Vegetables and Fruits, Breads and Cereals). And Nelson reminds them in servings, it's 3 milk, 2 meat, 4 vegetables and fruit, and 4 breads and cereals.

The "Big Ideas" for primary students centers on learning about foods and how to select a balanced diet. The second and third grade teachers will be using the Four Food Groups system to teach students to classify foods and to practice balancing meals.

During the workshops, teachers were shown many of the techniques of teaching nutrition in their classrooms, and how to use materials provided to help them in reaching their students.

The goal of nutrition training for children is to help them to be able to judge whether the food they eat supplies the nutrients they need daily.

The workshop was conducted by Mrs. Miriam Curry, member of a non-profit nutrition education organization. Upton county is one of the counties served by the area office in Midland.

Six members of the Red Devil High School Band will take part in the Regional Band Concert, to be held Saturday, January 11 at 7:30 p.m. in the Crane High School auditorium. Dr. Charles Traylor of Abilene will conduct the students.

The public is invited to attend free of charge.
