D. G. BROWN.
FALL OPENING.

New Goods! New Goods! New Goods!

D. G. BROWN is now receiving the largest and most complete stock of fall and winter goods ever brought to this market.

All the departments will be complete Sept. 20th. Time and space will not permit mentioning the different kinds and styles of goods kept in this house. I will say that no such stock of General Merchandise so varied in assortment can be found anywhere west of the river towns on the railroad.

These goods were purchased from headquarters in New York and Philadelphia, since the decline in cotton and woolen goods which enables him to sell goods as cheap as the largest cities in Texas.

Being thankful for a large and almost universal patronage for the past eight years, by continuing to keep the best stock and selling at close railroad prices, he hopes to meet a continuance of the same. Seeing is believing, call and convince yourself.

D. G. BROWN.

Local Letter.
 Jack-born, 5 pt. 14.
 News-reports from this evening of the stage robbery between here and Weatherford, eight miles from Weatherford, which seems to be one of the most daring acts ever perpetrated since the days of Sam Bass's robberies. Could not something be done to put a stop to these outrages? Our stout officers stand life while property and life are endangered, or what is worse taken by these lawless bandits who now infest that part of the country? We think it is high time that some project was set on foot to stop it.

The telephone wire between here and Post Oak was found to be out of "gear" this morning, and a messenger was started out to ascertain the cause. He returned at night, reporting nothing wrong except a few posts where the wire had slipped of the insulator, which he adjusted himself, but still it fails to work.

The birthday social given Miss Rosa Manning in honor of her fourteenth birthday was quite a nice affair. The young folks met at an early hour and spent the evening quite pleasantly with songs, plays, and games until 11 o'clock. The next day the party of attendees, after a couple of hours sweet music by the Jack-born band, and a splendid supper, was off for our home, leaving our good wishes for the group and all beholding, not forgetting to drop a tear for that beautiful Child on the west-side of town.

Long looked for has come at last, Seattle's famous shirt and suit, some more.
 Honey Seed is Honey made.
 Buy for the thousands of people for making Butter, Cheese, etc., and a sure cure for the Stomach and Liver.

The boys and girls who will spend the next year away from home have all gone. Mr. John Hensley accompanied his son and daughter, Miss Louie and Master Tommie, some two weeks ago to Georgetown College, Misses Doreen and Eagle Dicks went to Mansfield College about the same time, last Friday Mr. J. C. Lindsey left with Miss Annie Lindsey and Miss White for Little Rock College at Texas Springs, and on Monday R. R. McCannell, Jeff. Dicks, and Marshall Callaway left for the same school.

Wanted—First class carpenter, Emory of the Weatherford Planning Mill, or of Egan Jones at Jack-born. McCannell has a good many truck-trucks, that he will sell at cost, to make way for the "Bass" stock of Holiday goods over shown in the market.

News From Vineyard.

W. L. Garrison will open school on Monday Oct. 1, '84.
 W. L. Wilson of Weston, Collier county was in Vineyard a few days ago looking well. He was here last year badly afflicted, and the mineral water has effected a permanent cure.

Rev. Mr. Steele of Henrietta has been here two months, treating his eyes with mineral water.
 We are sorry to hear that Mrs. Dymart, wife of W. R. Dymart, of Bear Hollow, is dead. She was buried at the Vineyard graveyard the 28th inst.

Ch. F. Perry of the Christian faith held a meeting here last week. Much interest was manifested. We hope he will come again.
 The greatest excitement of the season is here's compound soap receipt. Women no more have to toil over the wash tub, but may quit their business to attend to the soap making and washing.

The health of Vineyard and vicinity is "demonstrating good" says the doctor. We are glad to know that such is the case.
