

Observe Highway Markings, Signs

Out on the highway there is a painted line. It is the line that separates life from death; happiness from despair; safe driving from dangerous driving. It is the line that goes down the center of the highway.

Stay on your side and live. Thousands annually cross over that line and meet death or serious injury. Statistics show that passing another automobile out on the highway is one of the most dangerous things a person does.

State Highway Engineer D. C. Greer makes a timely plea when he calls for strict observance of highway markings and signs. Traffic volume is already well above prewar peaks in Texas, tire and car shortages notwithstanding. It will soar further upward as new cars get on the road. Authorities predict the nation's 1946 death toll from motor accidents will pass 38,000 unless motorists can be persuaded to assume more cautious driving habits. At the predicted 1946 death rate, only seven years will be required for motor vehicle accidents to kill as many Americans as were killed in World War II from Pearl Harbor through V-J Day.

It will be as impossible to remove defective cars from our highways overnight as it will be to rebuild all highways overnight to conform to the most advanced safety standards. It is up to the driver in 1946 to overcome the defect in his car and in the highway, in addition to reducing the number of accidents attributable to the driver himself.

While enjoying the beautiful Texas landscapes adjacent to our highways, may each driver keep alert for those yellow signs which warn him of danger. May he stay on the right side of the center stripe and never attempt to pass another vehicle when the dashed line is on his side.

Safety is one of the battles of peace. It will be fought by every person who gets under a steering wheel. His weapons are caution and never-ending practice of a few simple safe driving rules. How well he uses these weapons will determine which is the more fatal: the battles of war or the battles of peace.

If the coming atomic bomb tests prove successful our Admirals will have to review the U. S. Fleet from glass-bottomed boats.

Even after we all have walkie-talkies I suppose someone will still cut in and say "Your five minutes are up."

Surplus Cotton Fear Vanishing

Dallas—Fear of a cotton surplus, which has so long haunted Cotton Belt farmers, is vanishing as the so-called surplus rapidly disappears, with many better grades of lint already scarce, according to A. L. Ward, Educational Director, National Cottonseed Products Association.

"Combined with the highest prices in two decades, the American cotton supply situation of farmers in 1946 the strongest encouragement for increased production that they have had in many years," he pointed out.

"Farmers, who recall the year in which so-called surpluses of corn, wheat and other crops became shortages, can easily foresee the possibility that cotton supplies may soon be insufficient to meet the demand.

"Cottonseed products, especially oil and feed products, are critically scarce and have been for a number of years; and the need is acute for increased production to meet American and foreign requirements for meats and fats."

Ward stated that value per acre of cotton was for above the average for other crops in most Cotton States last season, when yields were very low and prices less favorable than today; and that, on the average, cotton is both the most dependable and valuable crop that most farmers can grow.

From the standpoint of both income and the need for its products, the outlook for cotton is very favorable this season where farmers make it the keystone of a balanced farming and livestock program, and follow practices that will increase yields and lower production costs, he added.

The wife has been working in the Red Cross drive for funds ever since they learned how easy it was for her to shake us down for money.

There is one advantage to being poor. The poor man has but little to worry about.

That "road repair" sign is for the driver's protection too.

CITATION BY PUBLICATION

THE STATE OF TEXAS
TO: Mrs. Ollie Manier, John Howard Manier, Erone Christine Armstrong one and the same person as Sister Mary Evangelista, Mathias Armstrong Jr. and his wife Panky Armstrong, Lottie Inez Noreiga and her husband Adolph Noreiga, and Sampson Williams Armstrong and his wife Helen Armstrong GREETING: You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 20th day of May, A. D., 1946, at or before 10 o'clock a. m., before the Honorable District Court of Cochran County, at the Court House in Morton, Cochran County, Texas. Said plaintiff's petition was filed on the 3rd day of April, 1946. The file number of said suit being No. 667. The names of the parties in said suit are: L. L. Deen as Plaintiff, and Mr. Ollie Manier, John Howard Manier, Erone Christine Armstrong one and the same person as Sister Mary Evangelista, Mathias Armstrong Jr. and his wife Panky Armstrong, Lottie Inez Noreiga and her husband Adolph Noreiga, and Sampson Williams Armstrong and his wife Helen Armstrong as Defendant. The nature of said suit being substantially as follows: to-wit: Petition for partition of the surface estate only of Sections 7, and 14, in Block Z, Cochran County, Texas, appointment of commissioners, for writ of partition, and for possession of that portion that by judgement of the court may be ascertained and declared to be the property of plaintiff.

Issued this the 3rd day of April, 1946: Given under my hand and seal of said Court, at office in Morton, Cochran County Texas, this the 3rd day of April, A. D., 1946.

J. B. Knox, District Clerk (Seal) District Court, Cochran County, Texas.

Veterans' Questions & Answers

Q. In reinstating a National Service Life Insurance policy that has lapsed, is a veteran required to take a physical examination?

A. Veterans who have let such policies lapse may reinstate them without taking a physical examination if they submit a signed statement to the Veterans Administration that they are in as good health as at the time of the lapse. This provision will remain in effect until January 1, 1947.

Q. How does a veteran apply for weekly unemployment allowances?

A. Application should be made at a local office of the United States Employment Service. Discharge papers must be presented at the time of application.

Q. How may application be made for hospital care of a veteran?

A. Veterans Administration Form P-10, which may be secured at all VA offices, should be completed and forwarded to the nearest Veterans Administration office.

Q. Can a seeing-eye or guide dog be secured from the Veterans Administration for certain blind veterans?

A. Blind veterans who are entitled to disability compensation or pension for a service-connected disability are entitled to seeing-eye or guide dogs.

Q. Must a veteran have experience in business to get a guaranty of loan for business purchase?

A. The ability and experience of the veteran, and the conditions under which he proposes to pursue such occupation, must be such that there is reasonable likelihood he will be successful.

JUVENILE DELINQUENCY

Our little city of Morton is confronted with the same problem as that of the larger places, "Juvenile delinquency", or as our educators, psychologists and other leaders would prefer to term it, "Parental Delinquency." The general conclusion is that responsibility for juvenile delinquency is largely parental. There can be little argument that no agency can do more than the home in child guidance or that, if parental direction is lacking or fails, there is only an outside chance that school, church or other devoted services can succeed. It has been suggested that long range education of the parent's would help greatly in reducing the number of young delinquents. And there are those old fashioned enough who think and suggest that an effective remedy would be a sound public flogging of the child who performs the deed and of the parent who allows it.

We all appreciate the difficulty encountered by public officials in trying to combat the vandalism of youngsters who have nothing to do but prowl around. Some homes have already failed and will continue to do so, trying to over come this is something else again. But where the child goes wrong, the parent cannot shift the responsibility. He may or may not be able to explain it but he cannot dodge it.

If kids keep on marrying younger and younger, Webster will have to take the age out of marriage.

A. The ability and experience of the veteran, and the conditions under which he proposes to pursue such occupation, must be such that there is reasonable likelihood he will be successful.

County Chapters To Furnish Care

Each County Chapter of the National Foundation for Infantile Paralysis has the responsibility to provide financial assistance or payment for the best available medical care and hospitalization to every polio patient in the Chapter jurisdiction who needs assistance, regardless of age, race, creed or color.

This chapter responsibility extends to every person who is a resident of the county, even though the person may be in another county or state at the time medical care and hospitalization is needed. The term "resident" is defined as any individual who has intention of establishing residence in the county.

The Chapter also has the responsibility of providing assistance or payment for medical care and hospitalization to any out-of-county individual stricken while in the county jurisdiction. The county in which assistance is given should assume responsibility for care, and during the interim of ascertaining the patient's home county, the information should be presented to the State Headquarters of the National Foundation. The State Headquarters will contact the Chapter in the county of the patient's resident and request payment for the patient's bills. In this way, the County Chapter providing the care may be reimbursed for bills paid on patients who do not reside in its jurisdiction.

Please remember that in every case, the patient must be taken care of first, and then decide who will pay the bill.

When the wife found a blonde hair on our coat the other day we told her not to worry because it wasn't ours.

April Proclaimed Cancer Control

Austin—By proclamation of President Harry S. Truman, the month of April is Cancer Control Month throughout the nation. Dr. Geo. W. Cox, State Health Officer, is asking each citizen to consider the danger signals and secure medical advice at the first appearance of any suspicious symptom. There are many causes of cancer; the most common form of which is chronic or prolonged irritation.

One of the questions often asked is whether or not cancer is hereditary in human beings. Tendencies to form cancer may possibly be inherited; however, since the method of inheriting such tendencies is obscure, the presence of cancer in one or both parents should be merely a cause of greater alertness in looking for and recognizing suspicious symptoms on the part of family members. There is no need of a fatalistic attitude. The facts concerning heredity do not justify them.

At the first warning signs recognized, consult your physician. The early symptoms are any sore that does not heal, particularly about the tongue, mouth, or lips; a painless lump or thickening, especially in the breast, lip, or tongue; irregular bleeding or discharge from any natural body opening; progressive change in the size or color of a wart, mole, or birthmark; persistent indigestion; persistent hoarseness or difficulty in swallowing; and any change in normal bowel habits. See your doctor about any of these signals.

Early recognition of cancer symptoms will lead to early diagnosis and treatment, and in many cases the victim can be entirely cured and live out a normal life span.

When a woman says she won't be a minute, she is usually right.

Special Service at Methodist Church

There will be a "Communion Service" at the Methodist Church Friday night, 7:30, 19 April, '46, (Good Friday). All members are urged to attend, and the public is invited.

Special Easter services are being arranged for Sunday, 21 April. Help us to have a record attendance at both Sunday School and church services. There will be special music by the choir.

There will be a service of "infant dedication" Easter Sunday morning at 11:00 o'clock. All parents with infants whom they wish to be christened may present them at this hour.

4-H Club Helping Food Shortages

Cochran County 4-H Club Girls are going all out in food production program. Twelve girls are raising a total of 1,256 chickens. The largest part of these birds will be marketed and used by the family when they have reached the fryer stage. A number of the girls indicated that they planned to put some fryers in freezer lockers. The girls giving the report to the county home demonstration agent were: Charline Davis, Katie Lou Smith, Nelda Fae Padgett, Bettie Jo Moss, Glenda Fitzgerald, Mary Helen Keith, and Belya Gene Morse of the Whiteface Club. Lois Wilson of Morton High has 50 chicks and Patricia Nell Masten of Neely Ward Club has 150 that were given to her by her grandmother to use as a 4-H demonstration.

The poultry field is not the only one invaded by the girls. The Keith sisters, Ella Katherine and Mary Helen are fattening out beef calves that they plan to show in the Fat Stock Show and Lois Wilson and Iva Jean Cochran are raising swine.

The garden demonstrators report that 30 girls have planted some vegetables in the family garden. Madge Pyburn reports that her family has a frame garden in which vegetables are now being grown.

The Morton Junior High Club has not met therefore, the report does not include any work done by that Club's 38 members.

If the weather is the same in Hawaii the year around, then how do they start a conversation?

More Shortages For Auto Makers

Detroit—Parts and materials shortages will again hold back production volume in the nation's car industry this week, a prospect survey indicated Monday.

As the week began Ford, Hud-

son, Packard, Studebaker and Willys were out of production and other manufacturers faced uncertainties regarding body, axle and frame assemblies as well as other materials.

In sevenout of ten fatal motor vehicle accidents, one or both drivers were violating a traffic law.

"Okay, just so the engine's OIL-PLATED!"

"This one is . . . and you're 101% right," the car salesman agrees. He goes on to explain, "We want this car to show you real engine endurance—which means the least carbon, sludge, and upkeep you can have. That's goodwill for us. And all it takes to keep your engine's insides OIL-PLATED is Conoco Nth motor oil. . . . Say, this time you're figuring to treat your new car right!"

Many of the oldest cars, too, are being kept in the running by having their engines OIL-PLATED. This internal wear-fighter—OIL-PLATING—is created by magnet-like action. That comes from Conoco Nth oil's added ingredient—surfacing your engine's insides with durable OIL-PLATING. There's your barrier against lots of wear. You can have it in any car—any model or year—by driving around to Your Conoco Mileage Merchant's station. You'll get your correct Spring grade of Conoco Nth oil—and an OIL-PLATED engine. Continental Oil Company.

CONOCO Nth MOTOR OIL

and remember another big thing: Don't say "conco"—SAY "N-TANG" . . . CONOCO N-TANG GASOLINE

CELEBRATE BIRTHDAYS

Two local men, Amel A. Glasser and Mike Walden, celebrated their birthdays Monday with a picnic at the McKeinze Park in Lubbock. They had as their guests: Mr. and Mrs. Bill Whitman, Lt. and Mrs. Bill Lindsey, Mrs. Mertie Petzeale and children, Mrs. Virgie Humphries and children, Mr. and Mrs. Vincent Vienne and son, Robert, Mr. and Mrs. Son Nick, Bertha Walden and Fay Glasser.

Top market prices for cattle, hauling anywhere at all times. Hawkins Tractor Co.

Secretary Wickard Points To REA As Power Force Behind 'Right' Farming

At the regular monthly meeting of the Board of Directors of the South Plains Electric Cooperative, Inc., Lubbock, Texas, Tuesday night, April 9, motion was unanimously adopted to immediately begin a pre-allocation survey in an attempt to bring REA lines to all unserved farm houses in the area served by the Cooperative. This action was taken in line with REA Administrator Claude A. Wickard's recently announced goal of area coverage. Mr. Wickard told delegates to the recent meeting of Cooperative Leaders in Buffalo, New York, March 4-5:

"I know of no single force which is more powerful in prompting the right kind of farming, in keeping the nation's agriculture on a sound basis, and in restoring the rural community as a good place in which to live. Electricity is doing more than anything else to take the drudgery out of rural homes and out of the lives of farm people, particularly farm wives."

In a call for area wide coverage, Mr. Wickard stated:

"Six million rural families are still awaiting the benefits of our program. Since most of them live in less densely settled sections of the country, the hardest part of rural electrification job lies ahead of us."

The South Plains Electric Cooperative now has an application submitted to REA for funds to build three new sub-stations and 372 miles of line. One sub-station is to be located five miles north and five miles west of Abernathy, one just east of Idalou, and the third on the Brownfield highway at Doud Switch approximately five miles from Lubbock. The 312 miles of line awaiting allotment is scattered throughout Lubbock county, Cotton Center, Halfway, Hale Center, County Line, Abernathy, and south and west of Petersburg in Hale county, in northern Lynn County along the Lubbock-Lynn County line, around Smyer in Hockley county, and throughout the western half of Crosby County. Funds for the above extensions are expected in the near future and materials for these extensions have been ordered since July 1945.

The Board of the Lubbock REA Cooperative plans to make no future extensions beyond the limits of its present system as it now is bounded on every side by other REA cooperatives. Present plans call for serving every home, where economically feasible, within the existing system. All farmers and ranchers within the existing system are urged to immediately make application for electric service and give necessary right-of-way easements if they have

not already done so. Mr. W. G. Newton, Cooperative manager, pointed out that all applications must be made and mapping completed by June 1, 1945, so that necessary materials can be ordered. Mr. Newton pointed out that this makes it doubly important that persons wanting electric service make application now.

LOCALS

Bill Butler, son of Mrs. Albert Morrow, home on a 30 day leave from the Navy, has been visiting relatives in Aspermont and Amarillo. Mr. and Mrs. Morrow plan to take Bill to Carlsbad, N. M., and on to El Paso this week-end as he returns to San Pedro for his discharge.

Visitors here for the James W. Baker funeral Monday were: Mr. and Mrs. O. S. Rucker, Levelland, Mr. and Mrs. Lee Rucker, Slaton, Mr. and Mrs. Gene Priest, Mmes. Lemma Groves, Gertrude Nelson, Lois Stewart and Clothilde Wiley of Matador, Mr. and Mrs. Dallas Clark and family, Canyon, Mrs. Lola Daugherty, Dallas, Mrs. Ella Guynes and family, Plainview, Mrs. Hiram Reed and family, Plainview, Mr. and Mrs. Cull Baker, Mrs. Ida Shelton and Mr. Ollie Kent of Olney.

Mr. and Mrs. L. B. Childs, Mr. and Mrs. English Cox and little daughter, Minnieola, were visitors in Odessa and Midland, Sunday.

Raymond Ross, a director in the South Plains Boy Scouts' Council, plans to attend a meeting for directors at Camp Post in Post, Texas, on April 27th and 28th.

W. L. Lavender left last Thursday for a two weeks visit with his daughter, Mrs. W. E. Short in Cordell, Okla.

Mrs. Roy Tarver Jr. and son, John David, of Lubbock, spent the week-end with Mr. and Mrs. Roy Tarver Sr. and family.

Mr. and Mrs. A. E. Long and eleven year old daughter, Arnell, have recently moved to Morton from Muleshoe. Mr. Long is associated with the Modern Food Store.

TRAIL DUST

By DOUGLAS MEADOR

In old Miami the past approaches at night like coyotes to chew the boot ears of the present. Bricks worn deep with long-filenced spur rowels lie before the time-allowed buildings. A vagrant wind whines in the rusty lace of a decaying metal stairway; only boots of phantoms climb the stair. New buildings seek their own associations, but old Miami, sweetheart of the Panhandle, remains a Mecca of cowboy tradition. Warm sunshine of another spring leaves the hamlet drowsy, and with a spirit of content after the noisy hammering of progress has passed to the forks of other trails.

Alone on the scarred hillside the blossoming peach tree stands with its bouquet like a lover waiting for a hopeless tryst. Victims of the melancholy wind are spun through its boughs and few falls from the soft petals like tears from the depths of an empty heart. There is no more laughter that the old orchard knew. Time has broken the golden thread of whispered promises. A lonely tree wastes its splendor at the hurrying feet of another spring.

Scattered across a hundred miles, the machinery of abandoned oil wells is scattered like the debris of dreams. Each rusting wheel, each timber had a part in some man's hopes. The earnings of many life-times are wasting under the slow emory of time. Scars on the prairie are healing but the plunder of failure awaits the convenience of the elements.

There is no bitterness in my heart with the realization that much unhappiness in this world could be avoided if we held less faith, but the price is too dear for so little.

Only when the gates of Paradise are ajar does the fragrance of the lilac drift into this world's dusty vaults. With a few unguarded days the flower is gone, except the crumbling brown blossoms my mother left pressed in the old Bible.

Now that the fires of pain have died in his eyes, his friends know that a part of his soul perished when the brown-eyed girl betrayed him. At first he thrashed in the underbrush of space like a wounded animal seeking privacy in which to die. He rode

Dates For Stamford Reunion, July 2-4

Directors of the Texas Cowboy Reunion, Inc. confirmed the tentative dates of July 2nd, 3rd and 4th for the 17 Annual Texas Cowboy Reunion which was set at a meeting last fall. The annual affair, held in Stamford, exceeded all previous attendance records in 1945.

W. G. Swenson, president, presented a plan for a special calf roping event for servicemen and ex-servicemen which was accepted unanimously by the directors. Winner of the event will receive a hand tooled saddle. The ten low roping service men and ex-servicemen in the previous two day go-round will compete at the night performance on July 4th for the saddle. All servicemen and ex-servicemen of World War II will be admitted free except for government tax at that performance to witness their buddies successes and failures. Roping is an event that requires constant practice, a deft touch and split-second timing, something the boys in the service the past four years have missed.

In attendance at the meeting were W. G. Swenson, president, L. M. Hardy, vice president, K. K. Francis, A. M. G. Swenson and A. C. Bishop, secretary.

Minor distractions often cause major accidents. Driving needs full attention.

Some people are as bad as an old vacuum cleaner when it comes to collecting dirt.

The long trails that left a man to his thoughts and the scraping of a rolled slicker tied behind the cantle of his saddle. When he drank it was not for pleasure, but for forgetfulness; his laughter was as empty as the wind in leafless mesquites. There was no mystery about the freshly bled place on the white wood of a fallen cottonwood log. Two initials had been engraved there and circled with a crude heart; he knew pain amid the skeletons of memories. Fate must laugh in the cuff of a satin sleeve. Time has left her a fat and dreamless woman, two sizes larger than her girdle.

Our estimations of values change with the years. I once thought our family poor because the table contained unlimited quantities of fresh, sweet milk, golden butter, hot cornbread, home-cured ham, sweet cottage cheese, black-eye peas, plum preserves and ribbon cane syrup. The first time I was away from home and without food for two days, I majored in the art of appreciation.

One of our Golden Gloves boxing friends, in trying to sell us a ticket the other day, said we'd see more fighting for our two dollars than we ever saw in our lives. Guess he forgot what a marriage license costs.

Tribune, Morton, Cochran County Texas, Thursday, April 18, 1946

ROUGH GOING

County Line News

Mr. and Mrs. Herbert Pugh and children, visited Mrs. Pugh's parents in Littlefield this week.

There were three women attending the W. M. U. quarterly meeting in Morton First Baptist Church, they were: Mrs. Herbert Pugh, E. D. Courtney and Gilbert Eubanks.

The men met at the church Tuesday to clean the grounds and water the trees.

Mr. and Mrs. K. A. Wilson and family are visiting Mr. Wilson's parents in Breckenridge this week-end.

Mr. and Mrs. Blevin and girls visited Mrs. Blevin's parents, Mr. and Mrs. Ray at Sudan this week.

Mr. and Mrs. Witt Walker gave a supper honoring Mr. and Mrs. J. D. Brodgen and William Thursday night.

Mrs. Clint Melton gave a pink and blue shower honoring Mrs. Clate Kennedy. Several games were played and refreshments of ice cream and cake was served. Those attending and sending gifts were: Mmes. Baccus, Walls, Taylor, Debord, K. A. Wilson, Blevins, Courtney, Gilbert Wilson, Depaw, Eubank, Melton and Miss Etta Marie Wall.

The County Line Church had 10 members of the Wayland band as guests over the week-end. We certainly did enjoy them. We had all day services and dinner at the church Sunday.

Next Sunday is Church day. We have Sunday school at 10:00, church services at 11:00 and Training Union at 7:30 p. m. and church services at 8:30 p. m.

APRIL

Month of beautiful flowers and showers, the month of April offers a predominance of events, with spectacular Easter Services all over the nation, and state-wide Easter Sunrise services, flower festivals, and other events.

Flower shows will occur within easy traveling distance of most garden enthusiasts.

One may stay at home, take a walk or drive for pleasure around Morton and see many lovely blossoming spring flowers, flowering shrubs and or-

Rodeo At Pampa August 16-17-18

Pampa, Texas, April 17—Dates for the second annual Top O' Texas Rodeo and Quarter Horse Show at Pampa, Texas have been set for August 16th, 17th and 18th, Wade Thomason, President of the Association announced this morning.

This years show will feature the best amateur cowboys in Texas, New Mexico and Oklahoma, with prizes being offered in all of the different cowboy contests, including bronc-riding, calf roping, wild-cow milking, bulldozing, cutting horse contests, etc. Lyons and Mayo of Petrolia, Texas will again furnish the stock for the show.

The colorful cowgirl sponsored contest will again be featured all three days of the show, with appropriate prizes being offered winning contestants.

The quarter horse show will be held on Friday afternoon, August 16th, and winners will be exhibited at each rodeo performance. For further information communicate with the Pampa Chamber of Commerce.

chards, at their prettiest right now. Morton has many garden lover's as evidenced by the well kept lawns and landscaped premises of practically every home.

April is the beginning, lambs are born, fields are plowed, crops and gardens are planted. In April we see the first spring blossoms, the first baseball games, and small boys fly their kites and began their marble games, little girls play jacks and start thinking of their Easter bonnets.

It opens with All Fools' Day, when little boys delightedly indulge in pranks and practical jokes, and it closes with the making ready of the tomorrow's May-day baskets.

Friends...

Your Dodge car (or truck or Plymouth car) has undoubtedly served you well during the war years and it may be that you are planning to replace it with a new one when that is again possible, and we will be very pleased to discuss that situation with you when you are ready.

The facts are, however, that the volume of new cars (or trucks) which are available now or which seem possible for the next several months will be so small in comparison to the demand that many of our customers will not be able to get their new car (or truck) as promptly as they desire. For this reason it may be necessary for you to continue to drive your present car (or truck) for quite a while longer, and it is our desire to aid you in maintaining the maximum in safety, comfort and economy in your present car (or truck) which prompts this letter.

Fortunately, there are some "tell tale" signs to indicate conditions which may cause delay, inconvenience and which, if corrected in time, may save considerable expense. We suggest you check the operation of your car (or truck) against the following questions—and if you must answer one or more of them "Yes"—we suggest that you drive to our Service Department and consult with one of us, we will be glad to explain that condition in detail and counsel with you as to the proper steps to take

Yes
OR
No

1. Is your car (or truck) using too much gas?
2. Is your car (or truck) difficult to start on cold or wet mornings?
3. Does your engine overheat?
4. Is the engine action sluggish?
5. Do you notice excessive knock or "ping" on acceleration?
6. Is your engine noisy when warm?
7. Does your engine use too much oil?
8. Do your brakes hold evenly and securely?
9. Does your clutch engage smoothly and quietly?
10. Does your car (or truck) steer well?
11. Are your tires wearing evenly?
12. Does your car (or truck) ride smoothly or does it register every rough spot with a jar?

NOTE THE Difference

Both are good mechanics, but one is factory-trained by John Deere. He is the man to overhaul and recondition your John Deere equipment. Our factory-trained man knows just what to do and how to do it. He doesn't waste time going about his work the "hard way". He works quickly, efficiently. That means less cost to you for man-hours. Our factory-trained man also knows just how a piece of John Deere equipment should operate to give full service. He doesn't guess what is needed or recommend unnecessary work. You may depend upon it—our estimates will cover everything your equipment requires to put it in first-class working condition. There never was a time when it wasn't "good business" to give power Deere equipment is going to be called upon for important and vital duty. See that it is fit for the task. Come in when you are in town and let us get started without delay.

Quality PRINTING

• With the lifting of most wartime restrictions governing the grades and weights of printing papers—we can again give you quality printing on the papers you have been waiting for... printing that will give you and your firm preferred attention.

Quality paper is essential to good printing. The best design in the world will not do the job if printed on a cheap, poor quality paper.

Let us show you samples today of the finest quality printing papers on the market for your complete set of matching business stationery.

Morton Tribune

Sidelights From Washington

By George Mahon

Legislation is in the making which will provide so-called terminal leave pay to enlisted men of the Army and Navy. The policy of providing terminal leave pay for officers and denying it to enlisted men cannot be justified. The military Affairs Committee of the House of Representatives is giving consideration to the proposed legislation, and I expect to vote for the bill when it is considered in the House.

During the war, commissioned officers were allowed "leave" at the rate of 2 1/2 days per month. But many officers, particularly those overseas, had little chance to take this "leave", and it was permitted to accumulate and the officer was paid for this "leave" at the termination of his active service.

Enlisted men were allowed certain furlough privileges, but by reason of their service overseas or duties otherwise, they, too, had inadequate opportunity to take the furloughs to which they would ordinarily be entitled.

Under the proposed legislation, the "leave" of the enlisted man would accumulate and he would be paid for it in like manner as officers are paid for terminal leave, officers and enlisted men being thereby accorded the same treatment. The proposed legislation involves the checking by the War and Navy Departments of millions of servicemen's records and the expenditure of a large amount of money, but simple justice demands that such action be taken.

The final draft of the bill providing federal aid to communities which are interested in airport construction is scheduled to pass the Senate this week and go to the President for his signature. The House took final action on the bill several days ago, having passed the bill originally on October 18, 1945.

The bill commits the United States Government to a broad national airport development program and the expenditure over a seven-year period of a total of \$500,000,000. The work will be done on a basis of co-operation with the States and local communities.

The bill provides that the Federal Government may contribute not exceeding 25 per cent of the cost of the land for an airport; the Federal Government would

Sundown Band Festival To Get Started Thursday Afternoon At 2:30 O'Clock With Parade Down Main Thoroughfare

Sundown's invitational band festival will get underway Thursday afternoon at 2:30 o'clock with a downtown parade with the six bands, Morton, Leveland, Whiteface, Brownfield, Plains and Sundown, marching from the Cameron lumber yard in South Sundown down main street to the school building.

All people who plan to enter a float or ride a horse in the parade are cordially invited to do so, according to Curly Glascock, Riders and floats will be entered all nearby towns as well as Sundown.

At 4:00 o'clock or immediately after the parade, a free picture sponsored by Sundown Lions club will be shown at the Wallace Theater for members of the six bands.

Lunch will be served in the agriculture building by the Sundown Boosters club for all band members at 6:00 o'clock.

Band maneuvers and a mass band concert will start at 8:00 o'clock at the Sundown football field under the direction of Major Ed Chenette of Shamrock, who will be guest conductor.

No awards will be made and no band ratings will be given by Major Chenette. Criticisms and sugges-

tions will be made by Major Chenette, who is one of the best known band critics.

A Lions club committee composed of J. W. LaMar, C. C. Gohjke, and Glascock, have charge of the parade entrants.

Crop Insurance Deadline 7 Days

Only 7 days remain before the deadline for signing cotton crop insurance applications, according to G. C. Keith, Chairman of the County ACA.

Final date for signing up in the 1946 Federal all-risk cotton crop insurance program is April 25th, 1946.

Policies taken out on the 1946 crop will continue in effect from year to year unless notice is given by January 31, either by the FCIC or the insured producer that the insurance is to be discontinued. The insurance, which protects against all unavoidable hazards, may be taken out by any person having an interest in a crop as landlord, owner-operator, tenant or sharecropper, and it covers all cotton in the county in which the producer has an interest.

Increased Grain Planting Uroed

Texas farmers are being urged to increase their planting of grains, especially corn and sorghums, in order to help alleviate the critical feed shortage. Prospective acreage reports, based on intentions to plant as of March 1, indicate that Texas farmers are falling far short of reaching the acreage goals set for corn and grain sorghums, according to B. F. Vance, State PMA Director.

The corn planting goal for 1946 is 4,950,000 acres, while prospective acreage is only 3,921,000 acres, 79 per cent of the goal. For sorghums the goal is 7,800,000, and indicated acreage is 7,045,000 acres, 90 per cent of the goal.

The Texas record for wheat and oats planting is better, Vance, said, with 5,994,000 acres of wheat planted, 115 per cent of the 5,200,000 goal. The oats acreage is 1,849,000, slightly more than the 1,830,000 acre goal.

With feed supplies short and with great amounts of wheat being exported to starvation areas, the demand for all grains will continue, Vance said. He called upon Texas farmers to go over their plans and to increase production of grain this year if at all possible.

No Chances—Baby Enrolled At College

Current overcrowding of American colleges was stressed this week in the registration of a six-weeks old baby for the freshman class at Loyola College, Baltimore. The foresighted parents are Dr. and Mrs. Louis T. Pratt. They have heard too much talk about growing college enrollments and they are taking no chances that Louis Jr. will have no classes to attend.

So far the baby's days have been busily spent getting acquainted with the world and catching up on his sleep. His full schedule has not allowed him to get out to the school to look over the campus.

However, if contented gurgles means anything, he is pleased with the selection, his parents said.

Dr. Pratt was graduated from Loyola in the class of 1941 and received his medical degree from the University of Maryland in 1944.

Now... no wheat used in beer or ale

And wheat alone can solve the problem of feeding the world's hungry

Actually wheat has never been a large item in the brewing process—only 10,000 of the entire U. S. wheat crop was used in 1945:

In accordance with United States Government policy, the brewing industry has used no wheat whatever since March 1, 1946.

OTHER MATERIALS CUT 30%

The other grains used have been reduced by 30%—that is, to 70% of the 1945 amount.

Wheat alone can solve the problem of feeding the hungry. The grains to which the industry is now restricted, are of a variety and grade not normally consumed by the people of the world as food.

LESS BEER AND ALE

Altogether, the brewing industry is using 30%

less materials than in 1945. This results in a proportionately lower production. But since the current demand for beer and ale is about 25% greater than a year ago, the real shortage is nearer 50%.

Consequently, your dealer will not be able to supply you with all the beer and ale you would like. We know you will understand the reason for this.

Your attention is earnestly directed to the recommendations of President Truman's Famine Emergency Committee, which are summarized in the box below.

This statement tells in clear, simple terms what each of us *individually* can do to help during the emergency.

What the President's Famine Emergency Committee asks us all to do

1. Save and share wheat and fat products . . . Go light on all foods that take wheat, fats and oils—save breads, macaroni, cakes, cookies, pastries and deep-fried foods. Use drippings for pan-frying. Save salad oil—use boiled dressings.
2. Buy and serve more plentiful foods . . . Balance diets with the more plentiful foods, such as potatoes, fresh fruits and vegetables.
3. Waste NO food . . . Dress up today's leftovers for tomorrow. Make every crust count with melba toast, crumb-toppings, bread puddings and stuffings. Take no more than you can eat. Clean your plate. Turn in unusable fat salvage promptly.

REGIONAL ROUND-UP

By Pat Flynn

MRS. LEXIE DEAN ROBERTSON of Rising Star, Texas, has signed a contract with a large New York publisher to publish her first novel, "The Heart Blooms Once." Former Poet Laureate of Texas, Mrs. Robertson believes her novel will be on book store shelves in 1947.

Sweetwater awaits decision of government agencies this week to determine final disposition of Aven-er Field.

MENARD announces a new bus service from there to Ballinger. ROBY has launched a drive to raise funds for a Memorial hospital.

STERLING CITY football and baseball boosters have completed arrangements for a lighted field.

Albany women have organized a new civic club, composed strictly of females and titled, "Dollar A Year" club. Membership: one buck per annum.

LAMESA'S Eugin Broom has set a tractor record—250 miles in 14 hours, at an average of more than 18

miles per hour while pulling a trailer.

Ozona will vote on \$50,000 in water and sewer bonds April 27.

WINK BULLETIN features a front page story where a woman of that community was seriously injured by a coyote Cyanide gun and warns readers to be on alert for similar accidents.

STAMFORD REA users have been increased by 398 consumers the past 12 months.

SHELL oil company will start a deep well test in Glasscock county immediately, the Big Spring Weekly News announces.

HOLLIS, OKLA., Legionnaires and veterans have started a campaign for funds for a War Memorial.

THE ROCHESTER Reporter entered its 24th year of publication March 29.

STANTON 4-H club members won the top prizes at the Sand Hill Hereford Show last week.

THE VEGA Enterprise has a new publisher—T. C. Adams, who bought the publication from Amarillo's Bob Moore.

JAYCEES of Tuscola are making a survey to incorporate their city.

ELIDA, N. M., suffered a \$50,000 fire last week in the business district.

KHIVA TEMPLE will stage a huge parade in Amarillo May 18 in

a full-form ceremonial.

THE SCURRY COUNTY Times, Snyder, Texas, announces 234 business establishments within city limits; increased oil activity near Polar is creating much excitement; and a huge building program within the week.

SONORA telephone subscribers will switch to the dial system within the next two weeks or as soon as materials are available.

"PIROOTTIN' AROUND," a column in The Denver City Press declares: "You can tell folks who bathe every day. They don't think it tactless to go calling Saturday nights."

SEMINOLE, TEXAS will vote on \$1,475,000 in bond issues this week ranging from courthouse improvements and a new jail to road improvements.

DIMMIT and Castro County 4-H Club boys showed champion livestock at the recent Lubbock show. PUTNAM cotton raisers gained 1299 bales this year against 2991 for the 1944 crop.

WELLINGTON alfalfa growers met this week to discuss increasing acreage in Collingsworth County and plans to certify seed.

CLAYTON, N. M., 4-H club members are taking tractor maintenance as the major project this season. All are anxious to farm mechanically.

THE TEXHOMA TIMES states last week the Oklahoma State Board says wheat is 85 per cent of normal in the "Sooner" State.

BOISE CITY, OKLA., did not go off "half cocked" on its hospital proposal. Visiting authorities provided such a project unworthy at this time due to shortage of doctors, nurses and materials. The chamber of commerce will dispose of the proposition.

MRS. L. G. CONNOR, beloved pioneer settler of Canyon and Randall County, was buried in Canyon April 1. She died in San Francisco, Calif.

A MEMPHIS pilot disrupted Forgan, Okla., security last week when

his plane crashed into the residence of a local minister, but with no personal damage, according to the Herald Democrat of Beaver.

SANDERSON was busy this week in Southwest Texas as directors of the Texas Sheep and Goat Raisers Assn. met there, and with Texas Air Lines announcing the city was on their air schedule.

CLOVIS, N. M., horse-lovers, meeting with Amarillo showers, have announced plans for a huge horse show this summer, the dates to be announced later.

A ROCK ISLAND train was derailed last week between Liberal and Amarillo, near Hardesty, Okla., derailing 11 cars and killing 23 head of cattle.

PERRYTON farmers are elated this week with the announcement Ochiltree County produced 6,585,134 more bushels of wheat in 1945 than in 1940, plus an unbelievable addition in other agricultural and stock census report for the current year.

This city also announced a cement block factory would open within the next few weeks, adding still more payrolls to the city's industrial development.

CLARENDON'S highway 18-256 Assn. has been given the number one docket hearing in Austin by the highway commission on April 16.

McLEAN was the working city for crooks last week as solicitors sought money for an unnamed orphan's home and a new wrinkle on selling rat traps. The Better Business Bureau warns small towns are being worked systematically for suckers.

WELLINGTON will vote within the next two months on \$100,000 bonds for a new ward school. This city also organized a Veterans of Foreign Wars Post last week.

CARL DEAN KLEMAN, Nazareth 4-H club boy, raised the Grand Champion 238-pound Poland China pig show at Fort Worth this month.

HALE CENTER will receive a sugar beet loader this season as 12 farmers have signed up to grow 220 acres of beets. County agent C. B. Martin reports.

TUSCOLA'S Young Men's Business Club has now changed its name to the Junior chamber of commerce and one of the first projects is to incorporate this Taylor County city.

ROY HAHN, former publisher of the Briscoe County News, Silverton, is now a staff member of The Hereford Brand.

ALBERT COOPER, publisher of The Shamrock Texan, urged voters last week through a by-line story on his front page to vote bonds for adequate hospital facilities. The issue is \$80,000.

AMERICAN LEGION AND AUXILIARY TO MEET APRIL 18

The American Legion and the Auxiliary will have a joint meeting, Thursday night, April 18, at 8:00 p. m. to discuss important matters concerning veterans. All veterans, whether members of either of these organizations, are urged to attend this meeting.

TEXAS UNEMPLOYMENT COMPENSATION COMMISSION

Texas Unemployment Compensation Commission will be here Friday morning at 8:00 a. m. in the district court room. All unemployed who have been signing up in the surrounding towns will be able to do so here.

CARD OF THANKS

We wish to express our thanks to the friends and neighbors for the expression of sympathy during the illness and death of our dear husband and father. We are especially grateful for all the meals served and for the beautiful floral offering.

Mrs. J. W. Baker and children.

LOCAL NEWS

Mrs. Mary Yonner of Corpus Christi is here visiting her daughter, Mrs. Ernest Willingham.

Mr. and Mrs. O. L. Castle were in Littlefield Sunday for a family reunion.

Mr. and Mrs. Fred Morrison were called to Chillicothe last Friday because of illness of her Mother.

Mrs. Carroll Cocherham has been in Clovis, N. M., a month with her Mother who is all.

Marvin Thomas from Socorro, N. M., was home over the weekend visiting his family.

Mr. and Mrs. H. B. King were here last week from Sudan, attending to business and visiting Mrs. Cora King.

Mr. and Mrs. F. G. Fry of Los Angeles, California, are visiting her parents, Mr. and Mrs. Dunne, west of town.

Warning Issued On Typhoid Fever

Austin—If you have not been vaccinated against typhoid fever within the last two or three years, Dr. Geo. W. Cox, State Health Officer, advises you to go to your doctor or to the nearest health officer and have him give you the three "shots" that will protect you against the disease.

"The three shots that will protect against typhoid are given at intervals of one week apart," Dr. Cox stated. "As it takes some time for the protective treatment to be established throughout the system, it is wise not to delay in having it done. My advise is, have it done now so that immunization may be complete before summer arrives and vacation trips are taken."

This advise was addressed particularly to Boy Scouts, Girl

Vets Home Fund To Get Finances

Washington—A \$253,727,000 fund to get temporary housing for veterans cleared Congress Monday while the Senate debated the administration's plan to spend \$600,000,000 on building material subsidies.

The Senate laid aside the latter measure temporarily to pass the \$253,727,000 appropriation and send it to President Truman. It is intended to provide 102,350 temporary homes for veterans and their families by remodeling

Scouts, and other youngsters who are looking forward to spring and summer hikes and trips. It is, however, meant also for others, young or old, whose business or pleasure during the summer will take them to places where there may be doubt as to the purity or safety of the water supply, or as to the care with which food is handled.

The old adage that "an ounce of prevention is worth a pound of cure" is particularly applicable to this disease, which is so dangerous and debilitating when it does occur, and which can be prevented so easily through immunization.

Tribune, Morton, Cochran County Texas, Thursday, April 18, 1946

Special Course for Returning POW's

Last of the German POW's are to be sent home from the U. S. by July, but before they leave the more co-operative are being given opportunity to learn more about American institutions and democracy in special centers through which they are processed 2000 at a time in six-day cycles. Here is a class in English, using recordings, at Fort George G. Meade, Maryland. A staff of experts answers prisoners' questions.

Ceilings Off On Hundreds Items

Washington—Immediate suspension of price ceilings on several hundred items of personal, household and professional use was ordered by the OPA Monday.

The announcement came a few minutes after OPA suspension of price control on a long list of heavy industrial machinery and equipment products.

OPA said the second order applied to wartime barracks and temporary housing.

The program calls, too, for moving these facilities from industrial centers, if no longer needed, to college towns overflowing with veterans going to school under the GI Bill of Rights.

The Senate quit for the day without voting on any points of the building subsidy legislation. Majority Leader Alben Barkley of Kentucky said he hoped for a final vote Tuesday.

In Monday's debate OPA's pricing policies were attacked by Senator John L. McClellan (Dem.) of Arkansas and Senator Wherry (Rep.) of Nebraska.

Revival Meeting Now In Progress

Evangelist L. Wayne Pitts

Rev. A. L. Baggs, pastor of the Assembly of God Church here announces the old fashioned revival meetings are now in progress each night starting at 8:00 o'clock. A cordial invitation is extended to everyone.

Hear Evangelist L. Wayne Pitts, of New Mexico, preach Jesus Christ. He is a young man that has conducted many successful revivals throughout the south.

These revival meetings continue until April 21st.

plies to items which are "of only minor importance in living costs or in the cost of doing business." Typical on the list are:

Decorative sofa pillows, mops, and mop sticks, curtain rods, hampers, coat hangers, ice cream freezers, plant boxes and flower pots, baskets, fly swatters, pocket knives, scissors, razor straps, hand tire pumps, lawn sprinklers, binoculars and telescopes, domestic jeweled watches, small leather goods such as bill folds, compacts, hair pins, needles and pins, soda fountains and equipment, soap dispensers, hypodermic needles and syringes, inhalators, and stretchers.

The first order, covering industrial goods, was termed the most extensive suspension action thus far.

Warning Issued On Typhoid Fever

Austin—If you have not been vaccinated against typhoid fever within the last two or three years, Dr. Geo. W. Cox, State Health Officer, advises you to go to your doctor or to the nearest health officer and have him give you the three "shots" that will protect you against the disease.

"The three shots that will protect against typhoid are given at intervals of one week apart," Dr. Cox stated. "As it takes some time for the protective treatment to be established throughout the system, it is wise not to delay in having it done. My advise is, have it done now so that immunization may be complete before summer arrives and vacation trips are taken."

This advise was addressed particularly to Boy Scouts, Girl

Mrs. Tom Arnn Jr. Honored Friday

Mrs. Tom Arnn Jr. was honored with a bridal shower in the home of Mrs. W. A. Johnson Friday afternoon, April 12. Mrs. Roy Tarver Sr. and Mrs. P. B. Ramby assisted Mrs. Johnson in hostess duties.

Guests were entertained with the vocal selections "Always" and "Because" by Misses Wanda Tolliver and Dorothy Tarver.

Many lovely and useful gifts were received by the honoree. Misses Tolliver and Tarver served coffee and cake from a table beautifully decorated with a lace cloth over blue and a center arrangement of Spirea to the following guests:

Mmes. R. C. Strickland, Al Mullinax, H. B. Spotts, Robert Lively, R. T. Ray, Marvin Swanner, Mike Walden, Willard Cox, Lewis M. Smith, H. E. Tolliver, M. C. Ledbetter, W. L. Williamson, Odessa Williamson, J. C. Reynolds, Hume Russell, J. B. Nicowarner, W. E. Lovelace, J. B. Knox, and F. F. Roberts, Misses Wanda Tolliver, Dorothy Tarver, Geneva Famuliner and Rose Marie Roberts.

Guests who were unable to attend the shower but sent gifts were: Mmes. W. L. Taylor, Carl Williams, E. L. Willis, Tom Morgan, George Haskins, Jess Burns, E. B. Wages, C. C. Reynolds, Kay Hudson, Doris Vrowder, Willie McCulloch, Eunice Smith, James Porter, Charles Taylor, Joe Gipson, Elra Oden, D. C. Bowman, James St. Clair, Rolly Hill, Jake Johnson, Roy Hickman, Truman Doss, L. T. Doss, Darwin Stringer, Winnie Jordan, Roy Hill, Jack Rice, C. M. McMasters, J. D. Hawthorne, Maurice Lewallen, Orville Tilger, and Carl Alexander. Misses Kathleen Bragg, Dolores Wages, Peggy Key, and Mildred Hudson.

What is your GUESS? on our profits...?

SOMETIMES, although an idea is wrong, it does no harm. Like the idea that a square jaw is the sign of will power. That winters aren't as severe as they used to be, or that red hair denotes quick temper.

But there are other "ideas", which are definitely harmful to public confidence and understanding of industry. One such idea is the current "guessing" about profits made by large business organizations.

Many people are apt to grossly exaggerate the money made by business. So Opinion Research Corporation (an independent organization) made a survey to learn just what the public thinks about profits. Compare these guesses and yours with the International Harvester profit figures given below.

Public guess on war profits . . . 30.0¢
I H four war year average profit . . . 4.9¢

In this survey, the average of the guesses by the public of the wartime profits made by industry was . . . thirty per cent (30%).

But in the four war years of 1942, 1943, 1944, and 1945, the profits of International Harvester Company averaged only . . . 4.9% on sales. Less than one sixth of what the general public "guessed" for all industry.

For this period, the year by year per cent of profits on sales was: 1942—7.34, 1943—5.59, 1944—3.95, 1945—3.93.

Public guess on peace profits 18.0¢
I H four pre-war year average profit . . . 7.17¢

In the four peace years of 1938, 1939, 1940, and 1941, the profits of International Harvester Company averaged . . . 7.17%. This is well under half of what the public "guessed" for all industry.

FAIR I H
Majority think fair profit in normal times is . . . 10¢
I H ten-year average is less than 7¢

The survey indicates the public knows that in our economy profits are indispensable. And the majority regard 10% as a fair rate of profit in normal times. Many large businesses, including ourselves, would consider it a banner year if we could reach this figure. Our average profit for the last ten years—four war and six peace—was 6.43%—more than a third less than what the public considers fair.

All these figures show that our profits are not high. As a matter of fact, the entire farm machinery industry is a low profit industry. In 1944, the Federal Trade Commission published a list of 76 industries ranked in order of their ratio of profits to sales. The farm machinery industry was 57th on the list.

What About Current I H Prices?

When the War ended and we planned our peace time production, we had hoped to be able to serve our farmer customers at the same level which has held since 1942, regardless of war time increases in costs of wages and materials up to that time. But recent developments have forced a change in our plans.

Wages and materials consume nearly all of every dollar Harvester takes in from sales. A Government board has recommended and the Company has agreed to pay a general wage increase of 18 cents per hour for Harvester factory employees. The Government has also allowed price increases on raw materials which we purchase in large quantities. Steel has had an average increase of 8.2%.

There has been no general increase in our prices since they were frozen by the Government early in 1942.

So our situation today is that what we BUY costs us 1946 prices. We will be paying average hourly wages 56% above 1941. For what we SELL we get only 1942 prices. This condition cannot long be met out of our present low rate of profit.

Future Prices on I H Products

It is plain that price relief will be needed to meet the increased wage and material costs which we must carry.

We regret this necessity. We prefer to lower prices, when possible, rather than raise them and we know our customers prefer to have us do that. We had hoped to be able to "hold the line," at least.

But we do not see how we can avoid operating at a loss if our prices continue to remain at their present frozen levels. We will NOT "cut corners" on any of our products, because QUALITY IS THE FOUNDATION OF OUR BUSINESS.

Our customers can be certain that we will seek no more than a moderate profit, both because of our policies and because we have approximately 300 competitors fighting us vigorously for your business. Our request for price relief will be no more than is necessary to insure continued service to our customers, continued work for our employees, and a reasonable return for our stockholders.

Mrs. Tom Arnn Jr. Honored Friday

Mrs. Tom Arnn Jr. was honored with a bridal shower in the home of Mrs. W. A. Johnson Friday afternoon, April 12. Mrs. Roy Tarver Sr. and Mrs. P. B. Ramby assisted Mrs. Johnson in hostess duties.

Guests were entertained with the vocal selections "Always" and "Because" by Misses Wanda Tolliver and Dorothy Tarver.

Many lovely and useful gifts were received by the honoree.

Misses Tolliver and Tarver served coffee and cake from a table beautifully decorated with a lace cloth over blue and a center arrangement of Spirea to the following guests:

Mmes. R. C. Strickland, Al Mullinax, H. B. Spotts, Robert Lively, R. T. Ray, Marvin Swanner, Mike Walden, Willard Cox, Lewis M. Smith, H. E. Tolliver, M. C. Ledbetter, W. L. Williamson, Odessa Williamson, J. C. Reynolds, Hume Russell, J. B. Nicewarner, W. E. Lovelace, J. B. Knox, and F. F. Roberts, Misses Wanda Tolliver, Dorothy Tarver, Geneva Famuliner and Rose Marie Roberts.

Guests who were unable to attend the shower but sent gifts were: Mmes. W. L. Taylor, Carl Williams, E. L. Willis, Tom Morgan, George Haskins, Jess Burns, E. B. Wages, C. C. Reynolds, Kay Hudson, Doris Crowder, Willie McCulloch, Eunice Smith, James Porter, Charles Taylor, Joe Gipson, Elra Oden, D. C. Bowman, James St. Clair, Rolly Hill, Jake Johnson, Roy Hickman, Truman Doss, L. T. Doss, Darwin Stringer, Winnie Jordan, Roy Hill, Jack Rice, C. M. McMasters, J. D. Hawthorne, Maurice Lewallen, Orville Tilger, and Carl Alexander. Misses Kathleen Bragg, Dolores Wages, Peggy Key, and Mildred Hudson.

Auto Plate Sales Show Decrease

There has been a decrease in the number of automobiles in use in Cochran county during the past year, according to the sale of 1946 license plates, states Joe Bennett.

The following vehicles were provided with new plates: 829 car tags, 200 farm trucks, 127 commercial trucks, 24 trailer tags.

A total of \$17,000.05 was collected for these plates. This is a decrease over the total sales as of this date, last year.

What is your GUESS? on our profits...

SOMETIMES, although an idea is wrong, it does no harm. Like the idea that a square jaw is the sign of will power. That winters aren't as severe as they used to be, or that red hair denotes quick temper.

But there are other wrong ideas, which are definitely harmful to public confidence in and understanding of industry. One such idea is the current "guessing" about profits made by large business organizations.

Many people are apt to grossly exaggerate the money made by business. So Opinion Research Corporation (an independent organization) made a survey to learn just what the public thinks about profits. Compare these guesses and yours with the International Harvester profit figures given below.

Public guess on war profits . . . 30.0%

Public guess on peace profits 18.0%

Public guess on pre-war year average profit . . . 7.17%

Public guess on war profits . . . 30.0%

Public guess on peace profits 18.0%

Public guess on pre-war year average profit . . . 7.17%

rate of profit in normal times. Many large businesses, including ourselves, would consider it a banner year if we could reach this figure. Our average profit for the last ten years—four war and six peace—was 6.43%—more than a third less than what the public considers fair.

All these figures show that our profits are not high. As a matter of fact, the entire farm machinery industry is a low profit industry. In 1944, the Federal Trade Commission published a list of 76 industries ranked in order of their ratio of profits to sales. The farm machinery industry was 57th on the list.

When the War ended and we planned our peace-time production, we had hoped to be able to serve our former customers at the same level which has held since 1942, regardless of war-time increases in costs of wages and materials up to that time. But recent developments have forced a change in our plans.

materials up to that time. But recent developments have forced a change in our plans.

Wages and materials consume nearly all of every dollar Harvester takes in from sales. A Government board has recommended and the Company has agreed to pay a general wage increase of 18 cents per hour for Harvester factory employees. The Government has also allowed price increases on raw materials which we purchase in large quantities. Steel has had an average increase of 8.2%.

There has been no general increase in our prices since they were frozen by the Government early in 1942.

So our situation today is that what we BUY costs us 1946 prices. We will be paying average hourly wages 56% above 1941. For what we SELL we get only 1942 prices. This condition cannot long be met out of our present low rate of profit.

Future Prices on I H Products

It is plain that price relief will be needed to meet the increased wage and material costs which we must carry.

We regret this necessity. We prefer to lower prices, when possible, rather than raise them and we know our customers prefer to have us do that. We had hoped to be able to "hold the line," at least.

But we do not see how we can avoid operating at a loss if our prices continue to remain at their present frozen levels. We will NOT "cut corners" on any of our products, because QUALITY IS THE FOUNDATION OF OUR BUSINESS.

Our customers can be certain that we will seek no more than a moderate profit, both because of our approximately 300 competitors fighting us vigorously for your business. Our request for price relief will be no more than is necessary to insure continued service to our customers, continued work for our employees, and a reasonable return for our stockholders.

INTERNATIONAL HARVESTER

Majority think fair profit in normal times is . . . 10%

I H ten-year average is less than 7%

The survey indicates the public knows that in our economy profits are indispensable. And the majority regard 10% as a fair
