So many inquiries have been received concerning the return of War Dead from overseas that it is believed the information contained herein will prove helpful. Public Law 383, 79th Congress,

was approved May 16, 1946. On May 16th War Department announced complete plans for the repatriation of 328,000 World War II deceased military and naval personnel buried outside

the continental United States. A five year period is provided by the law but War Department expects to complete the project much earlier. Cost is estimated at from 195 to 215 million doilars, or \$700 per man.

Dr. Geo. W. Cox, State Health Officer, Austin, has made the ruling that all plumbing must be connected with the city sewer not later than six months after the contractor has turned the system over to the management of the city.

The City Commission has ap pointed F. F. Roberts, well known Cochran countian and former Mayor of Morton, as City Marshall and enforcement officer.

All plumbing in at the time Morton's sewer system was initiated will not be subject to inspection but any new plumbing will have to be inspected and accepted by the City before it can be tied on to the city sewer.

West Texans

West Texas veterans and their dependents living within the 81 counties under the jurisdiction of the Lubbock VA regional office will have their claims for compensation, pension, hospitalization and related benefits passed on in the adjudication division by their former neighbors and fellow West Texans.

"It is my direct purpose to staff this office with West Texans to serve West Texans", said Robert Rebekah's and I.O.O.F. members W. Sisson, VA regional manager, and native West Texan.

Tom Main, another adjudicator, is a former Cochran county attorney. He lived in Morton several years following his service in World War I.

Another West Texas and VA adjudicator is Hervey Chessley. He is a former well-known Morton attorney and a veteran of World War II.
