

## Hungary, Rumania Open To Care; New Woolen Package Offered

Extension of Care's service to Hungary and Rumania and the addition of a woolen textile package to the food and blanket parcels that Americans are sending to Europe by the hundreds of thousands were announced this week as the latest steps in the rapidly expanding program of Care, non-profit, government-approved cooperative organization at 50 Broad Street, New York.

The announcement was made by Paul Comly French, Care's general manager, who said that warehouses in Hungary and Rumania are being set up now, "and as soon as is humanly possible we will stockpile the packages and begin deliveries. But it is reasonable to anticipate that there will be a delay of some weeks before actual deliveries can begin."

The new woolen textile package, like the food and blanket parcels, may be ordered at Care's headquarters, at a cost of \$10, with delivery to designated individuals or groups guaranteed.

It contains 3 1/2 yards of 100 per cent woolen fabric, 56 to 58 inches wide, in 14-ounce herringbone weave, sufficient for a full suit of clothing for a large man; 2

yards of cotton drill; 500 yards of thread; one packet of needles; one thimble; 3 large buttons and 15 small buttons.

Other countries besides Hungary and Rumania to which the packages may be sent are Austria, Belgium, Czechoslovakia, Finland, France, Greece, Italy, Netherlands, Norway, Poland, and Germany (American, British, and French Zones and all of Berlin). By signed agreements with the governments of each of these countries, Care packages are admitted free of all duty, tax and ration regulations.

That Care offers "the only sure and efficient way of sending packages to friends and relatives in Europe" is the testimony of former President Herbert Hoover, one of the nation's highest authorities in the task of aiding war-stricken peoples. Mr. Hoover recently made a tour of Germany at the request of President Truman to determine the extent of food needs in that country.

In a telegram to Care's general manager, Mr. Hoover wrote that having had "the opportunity to see Care's operation on the ground," he was convinced that "anyone who wishes to serve friends, relatives or institutions served by Care now has a sure way. In fact, there is no other way where there is real certainty that such packages will reach their destination."

The food package contains basic supplies practically unobtainable in many European lands. There are 2 pounds of meat; 7

### Take Care of Your Garden

—Photo Courtesy Perry-Morse Seed Co.

The time to kill weeds in your garden is before they begin to grow! Hoeing the surface soil in vegetable or flower garden not only destroys sprouting weed seeds; it actually prevents their germination. As soon as the seedlings break through in the garden rows so that they can easily be seen, it is time to begin stirring the soil between rows and as close to the plants as possible without disturbing them. Either a hand hoe or a wheel hoe is an excellent tool.

If it rains a few days after the first cultivation, stir the surface soil again as soon as it is dry enough, but do not wait longer than a week before cultivating a second time.—rain or no rain,—unless the ground is too wet to work.

Weeds within the row will probably have to be removed by hand while the plants are small. Some gardeners find an old kitchen knife a handy helper. Or, a hand weeder is a convenient tool. As plants grow larger, they usually dominate so that weeds in the row do not prove troublesome. Onions are one exception; the spear-like leaves do not shade the ground enough to keep down the husky weeds.

For the good of the vegetables and flowers and for the sake of a garden's appearance, it is important to cultivate all through the gardening season. Besides keeping ahead of the weeds, tilling the surface soil lightly forms a mulch to prevent evaporation of moisture. It is particularly essential to stir the soil around plants as soon as soil and plants are dry enough after every rain. Care should be taken, however, not to dig so deeply near the plants as to injure the roots.

Another reason for cultivating the garden all summer is that stirring the soil allows air to enter. Next to moisture, ventilation is one of the most valuable means of releasing soil food to growing plants.

### BOYCE HOUSE

## 'Gives You Texas'

Not long ago, I attended the annual dinner of the Chamber of Commerce in Taylor, where I went to school, away back in the fifth grade. Your columnist, was billed for the "principal address" but the real highlight of the occasion was the presentation of a plaque to Taylor's most worthy citizen for the year.

The honor was bestowed on a woman—Mrs. H. R. Floeckinger. She had had charge of preparing and serving the excellent dinner and M. B. Conoley, himself an outstanding citizen, had gone into the kitchen and insisted that she come out for the program, which she did, without suspecting the reason for his insistence.

In eloquent words, Mr. Conoley told of Mrs. Floeckinger's work as superintendent of the hospital and nurses' training school for many years, her church and club activities, her work as head of the Christmas Welfare fund and in providing clothes for the needy, also as president of the American Legion Auxiliary and as head of the Red Cross hospital service during the war.

Embarrassed but happy too, Mrs. Floeckinger could only say a few words at the conclusion. It is an inspiration to contemplate such a life of service and Taylor honored itself in honoring so noble a woman.

Sen. Buster Brown, of Temple, favors a public, instead of a secret, vote on governor's appointees to state positions. The Senator, according to an editorial in the Fort Worth Press, is embittered because his fellow Senators turned down some men that his committee had approved. Whatever his motive for advocating the change to a public vote, the Senator is correct, though just a little slow in advocating the change.

However, the Senate—in rejecting some of the appointments

pounds of sugar, and a like amount of vegetable shortening, chocolate and dried milk powder; 1 pound each of dried apricots, prunes and coffee; a half-pound of dried egg powder and 6 ounces of soap.

Orders should be sent to Care's headquarters at 50 Broad Street, New York 4, N. Y., accompanied by check or money order of \$10 for each package, and the names and addresses of both the sender and the beneficiary should be included.

## Generous Support Expected On 14th Easter Seal Sale

The generous support to the fourteenth annual Easter Seal Sale promises the fulfillment of greatly expanded services planned by the Texas Society for Crippled Children, according to R. L. Thomas, president. The new enlarged program to bring aid to the thousands of cerebral palsied children of the state has been added to the regular services of procuring medical aid, education, rehabilitation, recreation and the furnishing of wheelchairs and crutches when needed.

In undertaking the vast job of aiding the cerebral palsied, the Texas Society is working toward the procuring of additional funds for state agencies and is supporting programs for pre-school nurseries, custodial care and physio and speech therapy. Latest step in the direction is the opening of a pre-school nursery in Dallas in cooperation with the Dallas Society for Crippled Children and a similar project in Houston in cooperation with the Soroptimist Club. Throughout the state similar projects are underway.

"The program is an ambitious one," Thomas said. "It is so vast in its scope that only within the last year has any effort been made in the entire country to bring help to these unfortunate youngsters. The success of the program rests with every citizen of Texas."

made by the outgoing governor just before he went out of office—in effect said that, as the people had elected Beauford Jester governor for the next two years, they intended that he should have the right to make his own appointments.

### Veterans' Questions & Answers

Q. Does my converted National Service Life Insurance have a cash surrender value?

A. Yes. All converted policies have cash surrender values, paid-up insurance and automatic extended term insurance values, together with policy loan provisions effective after the policy has been in force one full year.

Q. Is it true that National Service Life Insurance pays the insured veterans \$5 per month for each \$1,000 of insurance in force while he is totally disabled?

A. If the veteran pays the necessary extra premium, he will be paid \$5 per month for each \$1,000 of insurance in force after he has been totally disabled for 6 consecutive months. Application for the total disability income provision may be made at the time application is made for NSLI or at any time thereafter while the insurance is in force under premium paying condition.

Q. Is there a time limit for filing for a waiver of premiums on NSLI by the insured, and how far back may a waiver be granted?

A. Application for waiver of premium should be made by the insured immediately after he has been totally disabled for six months. Ordinarily, his waiver will not be made effective for more than one year prior to date of his application. However, the Administrator of Veterans Affairs may make the waiver effective in excess of one year where he determines that the insured's failure to make timely application was due to circumstances beyond his control.

Q. Can I borrow on my converted National Service Life Insurance?

A. Yes. Any converted policy, in force by payment of premiums one year or longer, affords the insured the right to borrow up to 94 percent of the cash value by submitting a proper loan agreement to the Veterans Administration prior to the expiration of the grace period.

Q. Does Veterans Administration have to approve my course of education under the G. I. Bill?

A. No. An eligible veteran may elect his course and choose any state-approved educational institution in which he is able to enroll.

## Western Days To Be Featured By Tech April 11-12

Two all-college rodeo performances, a downtown parade, and coronation of a rodeo queen at a western style dance will be featured as part of the traditional All Western Days at Texas Technological April 11 and 12.

Visitors from throughout this area are expected to attend rodeo performances at 8 o'clock Friday night and at 2 o'clock Saturday afternoon. The contests will be held at Edwards Arena, 42nd street at Avenue U, about a mile south of Lubbock High School.

Events scheduled include bull riding, saddle bronc riding, bareback bronc riding, calf roping and the sponsoring contest for

women. Participation in these events is restricted to Tech students, but it is anticipated that competition in future years will include contestants from other colleges.

Traditionally, all persons connected with the college will wear cowboy regalia during the days.

**JOHN DEERE  
COTTON HARVESTER**

Big savings at harvest time are yours when you strip and deliver cotton two rows at a time with a John Deere No. 15 Cotton Harvester. This once-over machine eliminates labor problems... cuts production costs to rock-bottom... harvests more cotton with a minimum of field loss.

The John Deere No. 15 does a fast, efficient job of stripping after the cotton plants have been killed by frost. Most dirt and trash are separated from the bolls before they reach the trailer. Many gin operators say that cotton stripped by the John Deere is cleaner than that pulled by the average hand puller.

Effective stripping device, conveyor and dirt separating units—plus simple, convenient controls make the John Deere a cotton harvester you'll really like. See us soon.

from a serious illness.

Jessie Wynn Tyson has completely recovered from a siege of pneumonia.

Rev. and Mrs. Pat Jordan were visitors in Maple Saturday.

Mr. and Mrs. Warren were visiting her parents, Rev. and Mrs. Burns Sunday.

Mr. and Mrs. H. W. Garvin and son were on business in Muleshoe Friday.

Mr. and Mrs. John Tyson were shopping in Lubbock Friday.

H. W. Garvin, Jr., celebrated his second birthday Friday.

Three-Way High School volleyball and track team went to Springlake Saturday to the tournament.

Pvt. Floyd Fleming is enjoying snow in Ft. Monmouth, New Jersey, but hopes spring will be there soon.

### CARD OF THANKS

We wish to take this means of thanking our friends and neighbors for their many acts of kindness, the beautiful flowers and the gifts of money while Mr. Webb was ill.

Sincerely, Mr. and Mrs. Harold Webb and family.

### SO YOU ARE DINING OUT

By Mabel Ann Manley

In this day of complex living there are many occasions when boys, girls, young men and young women as well as their parents eat out.

There are certain items of etiquette that are to be observed when eating in a "swanky restaurant" or a "hamburger stand." One of the first questions that

confronts the young man is, "where shall I put my hat?" Some eating establishments have check rooms where the hat and overcoat can be checked and reclaimed by a tip when leaving. If there is no check room there usually are racks at the entrance where hats and coats can be hung. Unless there is positively no place to hang the hat or coat they are never carried to the table. The young lady may check her coat or wear it to the table. She never removes her hat in a restaurant, dining room or tea room.

If there is a head waiter the lady guest of honor follows him to the table. When the table is reached, the waiter or host seats the guest of honor and the other men in the party seat the lady to their right. In the case of a booth the lady is given the seat that will provide her the best view.

The waiter or waitress hands a menu to each person present. The gentlemen confer with the ladies as to their choice. If one man is acting as host, he may give all the orders or each gentleman may give his lady guest's order. In making the order the lady or ladies should be considerate of the financial abilities of the host. It is usually safe if you are not sure how much money "Tommy" has with him to order in the middle price bracket.

There is a little matter of tipping. If the management does not state that there is to be no tipping a tip of 10 to 15 per cent of the food bill is considered correct. The better the service the larger the tip should be.

As for table manners the same good manners that are used at home are used no matter where you are dining.

The school and other banquet should be considered. The tickets for such an affair are usually purchased in advance. If a lady is escorted to such an affair by a gentleman, he takes care of the tickets and helps the lady find her place at the table. When the place is located the gentleman seats his "date."

Often at banquets there are

ladies who are not escorted. In this case each gentleman seats the lady to his right. If the lady has a wrap the gentleman helps her remove it and drape it over her shoulder or on the back of her chair.

When rising from the table either in a public eating establishment or at a banquet each gentleman rises and helps the lady with her wraps. The lady leads the way out of any eating place. The gentleman pays the

bill with as little fuss and ado as possible. The lady pays no attention to this little routine. Eating out should always be a pleasure. Just get a few do's and don'ts firmly fixed in mind and be natural.

## Swing Of Southwest Farm Markets

Numerous weak spots appeared at southwest livestock, fruit and vegetable markets last week, according to the Production and Marketing Administration, U. S. Department of Agriculture. Other farm products registered net increases for the period.

Cotton scored net gains of around \$1.00 per bale after early advances partly melted later in the week. Spot activity slackened, as normal offerings found only moderate demand. Cool nights hindered new crop growth in Lower Rio Grande Valley.

Grain markets ran the gamut of recent price ranges, as erratic trade first snapped up, later backed off from scanty offerings of very dear wheat, corn, and

tries in the baby beef division. Adams' calf, a 900-pound Hereford brought \$1.05 per pound at the auction. The reserve champion calf, owned by Leon Archer of Lamesa sold for 60c per pound. Other calves went for from 3c to 20c above the market price.

The grand champion pig, a lightweight Poland China, exhibited by Oly Ray Hitt, Lubbock, went under the hammer at \$1.30 per pound, 10c higher than the price paid for the 1946 champion. Besides winning the grand championship, Hitt also exhibited the first place winner in the heavyweight Poland China Class and took first prize in the group

sorghums. Friday's close quoted mostly net inflations of 2 to 27 cents, but wheat lost 2 cents in the week's melee.

Some feeds advanced. Meat scraps went up \$5 to \$10 per ton and bran and shorts \$1 to \$2. Unsatisfied demand for prairie hay resulted in higher prices, while poorer qualities alfalfa also improved. Limited supply of peanuts found active demand.

Egg and poultry prices saw very little change last week. More hens and roosters moved to market to augment an adequate supply of fryers and broilers. Eggs came in freely too, but demand held up well for both eggs and poultry.

Wool interest centered in well grown staple fine wools which found a ready market after being graded. Most sales this week consisted of revalued 1943 and 1944 Texas wools of fine staple 12-months growth at \$1.00 to \$1.01 per pound clean basis.

Weakness appeared in cows at most southwest markets and in other classes here and there. Bulk of medium and good slaughter steers and yearlings moved at \$17 to \$23.50 at Fort Worth; and \$19 to \$22.50 at Oklahoma City and Wichita. Common to medium kinds brought \$13 to \$17.50 at Houston; and medium light yearlings \$18.50 to \$21.50 at San Antonio. Denver sold medium to low choice steers at \$20 to \$25.35.

Lambs lost mostly 25 cents at Wichita; old crop lambs dropped 50 cents at Oklahoma City; and feeder lambs fell 50 cents or more at San Antonio. Other classes of sheep and lambs fully held their own last week. Spring lambs averaged \$22 at San Antonio; \$18 to \$23.50 at Fort Worth; and \$23 to \$23.50 at Wichita.

Hogs slipped down mostly \$1.00 to \$1.25 last week. Closing bulk of good and choice butchers brought \$24.50 at Fort Worth; while closing top price was \$22.50 at Oklahoma City; and \$24.71 at Wichita. Week's top at San Antonio was \$25.

### SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending March 22, 1947 were 26,853 compared with 22,512 for same week in 1946. Cars received from connections totaled 10,480 compared with 9,795 for same week in 1946. Total cars moved were 37,333 compared with 32,307 for same week in 1946. Santa Fe handled a total of 36,797 cars in preceding week of this year.

### LIQUIDATE SELECTIVE SERVICE SYSTEM

President Truman has transmitted to Congress a draft of proposed legislation to liquidate the Selective Service System following the termination of its functions on March 31, 1947.

of five pigs. The reserve champion pig, a lightweight Chester White, brought 60c per pound. It was raised by Carl Henderson of Hart. Other pigs sold for 30c to a dollar per pound.

Ray Gregg, Plainview, was also a multiple winner. He showed the grand champion lamb and the best group of five lambs. The champion was a fat medium wool, single wether, and sold at \$1.20 per pound. The reserve champion, which was bought for 80c per pound was raised by Billie Earl Terrell of Lockney. Other lambs brought 29c to 60c.

Stock in this year's show was of finer quality and more numerous than that in any previous year, making the task of the judges unusually difficult. In choosing the grand champion, for example, judge W. L. Stangel, Dean of the Agriculture Division of Texas Tech College, weighed the merits of the heavyweight and lightweight champions two hours before making his decision.

## Appointed Santa Fe Passenger Agent At Chicago

Robert F. Emanuel, traveling passenger agent at Houston, Texas, has been appointed general traveling passenger agent at Chicago succeeding Paul H. Swinney, recently promoted to division passenger agent at Houston. Edward M. Lake, city passenger agent, Houston, succeeds Emanuel as traveling passenger agent, and George C. Hanlen, ticket clerk, Houston, is appointed city passenger agent, succeeding Lake. These appointments were announced today by A. C. Ater, passenger traffic manager at Galveston.

Emanuel was born July 3, 1913 at Dallas, Texas and was first employed by the Santa Fe as stenographer at Oklahoma City in 1934. He became chief clerk three years later, leaving in August, 1942 for three years military service. He returned to Oklahoma City in 1945 as city passenger agent and became chief clerk the following spring, and traveling passenger agent at Houston in the fall of 1946.

Lake was born December 18, 1897 at Granada, Miss., and was first employed by the Santa Fe as military escort at Houston in June, 1944, later filling the same position at Brownwood, Texas. In the spring of 1945 he became chief clerk at Houston and was appointed city passenger agent two years later.

Hanlen was born February 24, 1908 at Galveston, Texas and was first employed as an office boy in the General Passenger Department at Galveston, Texas in 1925, two years later he became file clerk, later serving as stenographer to head quotation clerk at Galveston. In 1942 he was appointed assistant city passenger agent at Houston and ticket clerk a year later. During 1945 and 1946 he served as traffic representative at Camp Wallace, returning as ticket clerk at Houston in 1946.

### NEW ELEVATOR UNDERWAY

MULESHOE — Construction is underway on a new elevator and storage plant for the H. D. King Grain and Seed company. The new plant, an all steel affair, will have a storage capacity of 300,000 bushels of grain. The elevator is to be completed by the beginning of wheat harvest this summer.

### OFFICER CANDIDATE SCHOOL

Plans are now being formulated whereby enlisted men of the National Guard and the Organized Reserve may apply for attendance at the Army Officer Candidate School and qualify for commissions as Second Lieutenants.

### BIRTH ANNOUNCEMENT

Mr. and Mrs. Roy Turney have announced the birth of a son, Benny Wayne, on March 25 at Payne-Shotwell hospital, Littlefield. Weight, 9 lbs. 10 ounces.

## Timely Advice To Vacationists Given By Dr. Cox

AUSTIN—Some timely advice to vacationists concerning the proper precautions to be used in water sports now that swimming pools are open, was released from the State Health Department today by Dr. Geo. W. Cox, State Health Officer.

Vacation days are apt to include excursions and picnics at nearby lakes, rivers, and ponds of unfamiliar depths and currents, and sometimes without the usual lifeguard supervision associated with bathing beaches and commercial swimming pools.

"Swimming and water sports are beneficial to good health provided one's physical condition justifies this type of exercise," Dr. Cox asserted; "nevertheless, they possess dangerous possibilities if the rules of safety, through carelessness or thoughtlessness, are disregarded."

The State Health Officer outlined the following simple rules for bathing and swimming in safety: when swimming, be alert and careful of unknown depths and currents; at least one hour should lapse after a meal before entering the water; upon the first indication of fatigue, come ashore and call it a day; if you become chilled, leave the water immediately; do not enter the water when overheated; learn to float, this is most important; never attempt to rock a boat in a spirit of fun; never swim in water that may be polluted. Swimming close to or even a few miles below sewage outlets is inviting the possibility of acquiring di-

### SOCIAL SECURITY BENEFITS FOR G. I.'S

If revisions of the social security laws are considered this year, the question of crediting service personal with wage credits for the period of their service will be taken up.

Sunday guests in the L. W. RAY home were his brother, J. B. and MRS. RAY and two daughters of Brownfield, Texas.

"Excursions, picnics, and swimming parties contribute much to a healthy, happy, normal life, which is always desirable," Dr. Cox said. "It is by no means advisable to eliminate these excursions from our summer program, but it is important that they prove beneficial and not disastrous."

### PLANNING FOR PROGRAMS

The old adage about all work and no play applies to the running of a club as well as to a person. A club which has too many business meetings with prolonged discussions will surely fall off in attendance.

It is up to the president and the club officers to see that the program is not overshadowed by business. Some clubs plan deliberately to have one meeting each month in which the business is disposed of in short order and the rest of the time is given over to a special guest speaker on public affairs. Other clubs plan for entertainment and social events at regular intervals.

A wise president will spend a good deal of time thinking about ways to make club programs attractive even to the most uninterested member. If a president is too busy to take on the entire responsibility of planning programs, he can ask two or three members to work with him as an informal committee. The success or failure of this method can be judged by glancing over the attendance record in the secretary's books once in a while.

Occasionally a subject comes up which is important to a majority of the members, but the president may not feel qualified to handle the discussion. In every town there are good discussion leaders, who would be glad to take over the program and lead the members in a spirited town meeting.

Trip to the city hall, county court house, a newspaper or a museum can all be put on the list of an imaginative Program Committee. County square dances, fairs and auctions are other suggestions. The red-letter days on the calendar are obvious days for festivity, and, for lesser holidays, an almanac will provide ideas.

### Surplus Buildings Received By Tech College Facilities

Greatly increased facilities in classrooms and laboratories at Texas Technological College by next September were indicated this week when representatives of the Federal Works Agency reported contract negotiations near completion for moving surplus buildings to Tech from Camp Bowie and Hondo Army Air field.

Under the program, Tech will provide building sites and utilities for the 29 buildings and FW- A will carry the expense of moving them in.

The new buildings will do much to alleviate crowded conditions on the campus, Pres. W. M. Whyburn stated, predicting that regular night classes may be discontinued next fall if enrollment stays about the same as it is now.

Among the buildings to be moved to the campus are seven classroom buildings, space for four laboratories for general science, mechanical engineering and electrical engineering, three ROTC buildings, a dispensary, a clinic, a cafeteria, a faculty office building, two maintenance shops, an auditorium and a veterans' guidance center.

A veterans' guidance center, serving students and other veterans in West Texas, is now in operation in temporary quarters at Tech.

MR. and MRS. CECIL McSPADEN and three daughters of Lubbock were week-end guests in the GEORGE GRAHAM home.

## THREE-MINUTE SERMON

By T. L. (Jack) Bullard, Pastor  
Missionary Baptist Church

If you let a man's billfold act as a symbol of his bank account and other earthly possessions, you will in many cases recognize that figuratively speaking there is "Hell in the hip pocket". The way many people make and use money, it a hell-making enterprise.

In America today there are 750,000 confirmed drunkards. And there are millions more that are crippled with the damnable stuff when it comes to tipping and going on occasional sprees. It was not primarily the love of liquor that made drunkards of these men but the love of money. In 1 Tim. 6:10, we find Paul saying that the love of money is the root of all evil. Now, some will say well this is one time that money is not involved. Brother take money out of liquor and there won't be any liquor. The big breweries are sending out false information in behalf of their business, the more they can get men to drink the more their pocketbook will bulge. You take the man that sell's liquor and beer, it does not make any difference whose Husband, Wife, Father, Mother, Sister, Brother, Son or Daughter drinks the stuff. They are not concerned about the well-being of anyone, it is the dollar that they are after. Men can die and go to hell all around them and they are not disturbed in the least.

will go and vote for such to come back. There is one thing certain they are church members and not christians. The thing that the world needs today is christian men and women to lead our children and teach them God's word. "Hell in the hip pocket" means damnation to the souls of men. That is the reason that so many homes are being broken up today, children going hungry and cold.

Men let drink get the best of them and their families mean nothing to them. Shall we as Fathers and Mothers of our coun-

ty let such mire the homes of our land? Let us when the opportunity comes cast our ballot against such. Don't say there will be enough to defeat it and I will go ahead and work; That is what the devil wants you to do. And nothing would please some in this town, any better than for you to do just that. I plead with you for the sake of our boys and girls who will be men and women tomorrow. Vote against beer.

# SOCIETY

## Club Reporters Hear Talk On Journalism At Meeting Held Saturday Afternoon

Mrs. Carl England, editor of the Morton Tribune, spoke to 4-H Club reporters and Adult Leaders, on Journalism, Saturday afternoon, March 29, in the court room of the Cochran county court house.

Mrs. England stressed the importance of names in the news, emphasizing the necessity of giving the full name of persons mentioned and of spelling all names correctly.

She said, "Ordinarily news items and reports should answer the following questions in so far as they concern the item or report: Who, What, When, Where and Why."

Memorize these questions and make use of them every time you are getting information about some happening you intend to write about."

The proper use of trade-mark names used in news stories was discussed and suggestions taken from the booklet, "Some Suggestions to Publishers About Trade Marks," quoted.

Mrs. England explained that poetry is not accepted for publication by the Tribune unless paid for at the regular classified advertising rate, because, "Poetry is not news."

Many persons who know nothing about prosody—who never heard of meter, poetic feet, or even accent—think they can write poetry. Newspaper readers usually care nothing for poetry. Write none yourself.

If someone offers you poetry

## Birthday Party Honors Kathryn Graham-Bill Burns

The home of Mr. and Mrs. Joe Gipson was the scene of a birthday party Monday night, March 31, given in honor of Kathryn Graham and Billy Dane Burns.

Hostesses for the dinner party were Misses Yvonne Gipson and Carol Evans, assisted by Mr. and Mrs. Joe Gipson.

Guests other than those mentioned were: Misses Dorothy Tarver, Lois Ruth Hawkins, Jo Ann Thompson, Marie Scott, Zephia and Mary Graham.

Wilbur Vanlandingham, Chick Simmons, Jess Carol Burns and Donnie Carr.

## »annegrams

—by ann england—

At last—the fences are down and Morton's square is beginning to look as squares are supposed to look.

C. M. Wartes, who takes such excellent care of the court house and lawn has been out for several days mending and replacing parts on the springler system.

The next thing some one needs to do is remove the Honor Roll from the court house lawn. It seems a shame to have the board containing the names of our servicemen just laying there unkept and seemingly unwanted.

Barbara Jo Ramby has had her beautiful hair cut. We must say it is extremely becoming. She is a sweet as well as very pretty little girl.

Avery Timmons, preacher at Bledsoe, was in town Tuesday with his big German Shepherd dog. Timmons tells us that the dog was his constant companion while he was in service.

The dog, well trained and obedient, was with Timmons in eight foreign countries during the war and also 10 of the United States.

Apparently the youngsters from Morton, Bledsoe and Lingo grammar grades enjoyed a holiday from school, the way they flocked into the special matinee on April first.

Ben and Ruth Dyer always willing to cooperate made the afternoon show possible.

Our favorite Pyracantha (red berries) froze clear down to the ground. None of the other shrubs seem to have been damaged by the unusually cold weather this winter.

Jack Rice dashing around Tuesday afternoon in anticipation of a new automobile.

Which reminds us of what a car salesman told the spouse, "I can promise delivery in three months—but I'll tell you right now you won't get it."

Our smart little friend went to the zoo with her father one day. As they stood before the gorilla's cage, the father explained how strong and savage gorillas are, and how they often attack and kill people.

The s. l. g. looked at the powerful animal in his cage. Then seriously said, "Daddy, if the gorilla got out and killed you, what number bus would I take to go home?"

While our talk on Journalism last Saturday wasn't so overwhelming the intense interest the 4-H and H. D. Club members

## "FLYING HIGH" TO BE PRESENTED APRIL 4TH.

Once in a blue moon a show comes along that makes everybody who sees it, crow with delight. Such a play is "Flyin' High", which will be presented by the Junior class on April 4th, in the Three-Way High Gym.

The play is directed by Mrs. H. H. Homsley.

Among those taking part are: Helen Penney as Mrs. Drusilla Merril; Bill Sowden as Tommy; Billy Stafford as Mervin; Clifford Cook as Ralph; Bonnie Garvin as Genevieve; Jewel Landtroop as Phyllis Brooks; Pauline Watson as Honey Baldwin; Sylvia Coffman as Agatha Parker; Lloyd Davis as Jack Goodkind; Robert Weed as Harry Barrows.

Do a little high flyin' yourself and bring the whole family to see "Flyin' High."

The funds will go for the Junior-Senior banquet.

## Table Setting for Small-Fry

Plastic Place Mats are decorative

An attractive table setting stimulates everyone's appetite and children are no exception to this general rule. Make their table interesting and appealing and watch them drink their milk and put away the last mouthful of cereal or spinach. And it's so easy to please little Susie or small Johnny... just some colorful china and some gay place mats, and of course, appetizing food.

The above photograph shows a new idea in place mats for children. They're made of "Vinylite" plastics

which means that they're durable, easy to keep clean and lay flat on the table without curling. Printed in colors, the various designs depicting popular nursery rhymes are a source of interest and pleasure to the small diner.

Why not give your child the benefit of an attractive table setting the next time you serve his or her meal? A little glamour with the porridge, you know, helps mightily; for remember, even the best of porridge seems like dull eating when you have it day after day.

gave us was very gratifying.

After we met the little girl reporters we were amazed that they had turned in such excellent reports, as they are all very very young.

We knew pink cheeked Marie Hancock because she has the same friendly smile as her daddy, A. H.

Patricia Masten is a darling little blonde from the Neely Ward community.

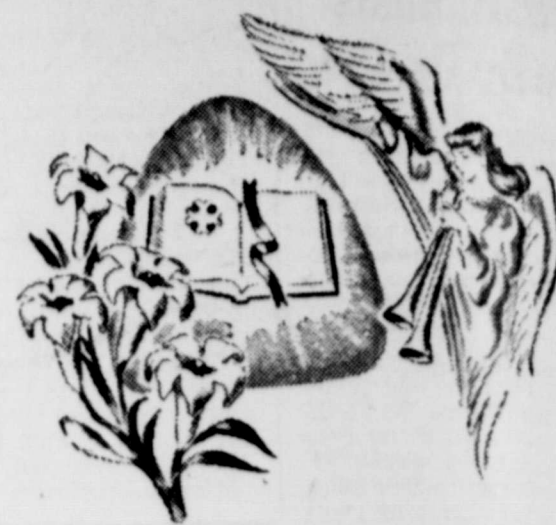

We were glad to do a little something for Miss Manley as she has been of inestimable help to us here in the Tribune office.

The spouse had put off making a new door for the basement but finally decided to go ahead and build it only to find that someone had carried off the lumber from our yard. Some people sure have taking ways.

Guess we will have to skip the new door as we had strained our budget allowance on repairs anyway.

We've always heard "money won't buy happiness" but still it seems as if it would be pleasant to have enough around to choose one's own form of misery.

## Family Party Honored Will Cravy Saturday

Mr. Will Cravy of Post, Texas, was honored with a family party in honor of his 71 birthday last Saturday, March 29, at the home of his son, C. M. Cravy and family.

A beautiful three tiered birthday cake with lighted candles and many gifts were presented to Mr. Cravy.

Children present for Mr. Cravy's birthday party enjoyed an Easter egg hunt.

Out of town members of the family present for the party were: Mr. and Mrs. A. G. Brant and family, Canyon; Mr. and Mrs. Fred Cravy, Silverton; Mr. and Mrs. George Waldrop and family, Hobbs, New Mexico; Mr. and Mrs. Bill Cravy and family, Seminole; Mr. and Mrs. Bogart, Jula; and Homer Cravy, a student at Texas Tech, Lubbock.

MR. and MRS. HARVE ANDREWS attended to business in Ft. Worth last week-end.

## IT'S PLANTING TIME

Herman E. Parsons, Mayville, Mo., who suffered a hearing impairment as a result of his war service, overhauls his corn planter for a busy season. Parsons purchased his farm through the aid of a Veterans Administration approved loan and has been attending a federally sponsored vocational agriculture class.

## COTTON GINNING REPORT

Census report shows that 1,023 bales of cotton were ginned in Cochran county, Texas, from the crop of 1946 prior to March 15, 1947, as compared with 589 bales for the crop of 1945.

## LOOKING AHEAD

By George S. Benson, President, Harding College, Searcy, Ark.

### A SOUND THINKER

As I sat a few days ago in the spacious office of Mr. John Snyder, secretary of the Treasury, and listened to that keen thinking gentleman outline his views on certain monetary policies, I found myself wishing that all public thinking were as clear, and as cognizant of good economic horse-sense.

In the first place the Secretary believes that thorough study of the necessary costs of government should be made. He believes then that this cost should be reduced to the very minimum consistent with good government. In the second place he believes that a high national income is possible only if a sound economy is maintained. This sound economy must be based upon maximum production at high efficiency, which he feels would make possible a large foreign trade.

### On Your Feet, Sam!

In the third place he believes we should seriously undertake liberal payments on the national debt. This should be done at once. To me that is just plain, common horse-sense. It is just the way a wage earner, farmer, merchant, or manufacturer, heavily in debt, with a large family, but still in good health, would have to plan if he expected ever to get on his feet and leave any heritage to his children.

Uncle Sam is heavily in debt, his children have adopted spend-thrift habits, have lost the art of hard work, are quarreling with one another, and are growing more and more inclined to leave the worrying to the old man. The need of the hour is sound counsel from Washington for the entire nation to realize its critical condition, and to act accordingly.

### A Sound Program

Secretary Snyder's program needs to be understood, for it is one in which the whole nation can participate. His three point program (in my own words) would be about as follows:

1. Stop the fantastic waste in almost every department of government. Pare costs rigorously, forgetting political expediency.
2. Let industry reduce prices until the profits stand at a very low level. Let labor aim for maximum production, in order to get a real raise through lower prices. Such production will permit active foreign markets, a thing not only necessary for us but for other nations as well.
3. Let taxes remain on a broad base, with only those cuts being made which are necessary to induce investment in the tools of production, while we all do

Tribune, Morton, Cochran County, Texas, Thursday, April 3, 1947

## Coming To Wallace Friday And Saturday

Wild Bill Elliott and "Little Beaver" are in a tough spot in this scene from "Marshal of Laredo"—a Red Ryder Western.

## Directed Singing Service At Pala Duro Church

Avery G. Timmons, pastor of the First Baptist Church at Bledsoe, Texas, has returned from Wildorado, Texas, where he directed the singing for a ten day revival at the Pala Duro Baptist Church. A Sunday School Study Course was started Monday at the Baptist Church in Bledsoe and will continue through Friday.

JOE PIERCE made a business trip to Roswell, New Mexico last Friday.

our part to reduce the very heavy national debt.

### Steady Employment

Personally, I would modify item three. It is my opinion that if reductions in the budget were seriously and studiously undertaken, all three points Secretary Snyder features could be achieved, and we could still obtain at the same time a real reduction in income taxes.

Comparatively high taxes we must have. The costs of national living, in times of peace but amidst quarrelsome and aggressive neighbors, may continue to run high. But there are certain reductions that by all means should be made in order to encourage more venture capital. We shall continue to need wide investment of private capital in tools. That will mean more jobs and more steady employment.

## Morton Couple Married March 29 In Portales

Miss Wanda Huddleston, daughter of Mr. and Mrs. A. H. Huddleston, and Mr. Vernon Pierce, son of Mr. and Mrs. George Pierce were married in Portales, New Mexico, last Thursday, March 27th.

The young couple will live in Morton after a honeymoon trip to Plainview, where they are visiting the bride's aunt, Mrs. Clinton Elliot and family.

Mr. and Mrs. Pierce attended Morton schools. He is employed by Jack Nelson, local building contractor.

Mrs. Pierce chose for her wedding, a black and white silk crepe afternoon dress and wore black accessories.
