C of C board members named

Five new members elected to the board of directors of the Morton Area Chamber of Commerce were announced by chamber officials this week.

New members include Gerald Ramsey, Tobe Hendon, Dexter Nebhut, Bill Sayers and Hi Duncan. Only four seats were to be filled originally, but due to the inactivity of some present board members, it was decided to apply one of the charter by-laws which allows the board to elect an additional member when it is deemed necessary.

The election was conducted by mail with each chamber member receiving a ballot and voting for four nominees out of the nine who were nominated. The top four vote-getters were automatically elected and the fifth member selected was the person receiving the highest number of votes following the four.

The new members will begin their terms of office on January 1, 1972 and will be formally installed at the annual chamber banquet which has been tentatively scheduled for mid-January.

Other business of the board in its regular monthly session last Thursday, included additional planning for a Christmas parade and the setting of a date for it of Tuesday, December 7, beginning at 5 p.m. Theme for the parade, selected from a large number of ideas submitted, will be "Happiness Is Christmas In Morton." Chamber personnel are currently contacting the various clubs and organizations in Morton and Cochran county to urge them to prepare a float or some other type entry to help make the parade a success.

Cash prizes will be given for the first, second and third best entries. Any individual or organization that is not contacted by telephone or personal call and who desire to enter the parade, are urged to get in touch with the chamber office where they will receive all needed information and have their entry recorded.

Mrs. Tennie Wall, chamber secretary, reported that proofs of the city maps of Morton ordered by the chamber from the Western Marketing Company of Roswell, New Mexico, will be delivered here on November 20 and the final copies have tentatively been promised for the latter part of December.

The chamber has ordered 2,000 of these maps as promotional material. Total cost of the maps is \$275.

Efforts are continuing to obtain an outstanding speaker for the annual banquet, with several good prospects under consideration but with no definite commitment being made. An announcement on this should be forthcoming very soon, chamber spokesmen stated.

★ Christmas parade

The Morton Area Chamber of Commerce will sponsor a Christmas parade December 7 at 5 p.m.

Any clubs, school classes or organizations wishing to enter a float or participate may contact the Chamber office.

Cash prizes will be given for the first, second and third place winners.

"Happiness is Christmas in Morton" will be the theme for the parade, which provides considerable latitude for the design of floats and other entries.

Cage season begins Friday; Tribe again in role of favorite

The 1971-72 basketball season begins this Friday night and Coach Ted Whillock and his Indians find themselves in a familiar position which is the pre-season pick to win the District 3-AA title.

Last year the Tribe was also picked to win the title but they were edged out in a play-off by the Dimmitt Bobcats who went all the way to the semifinals of the state tournament.

Whillock is hoping that this year will find the Indians returning to the throne room which they occupied two years ago.

The Morton mentor greeted 22 hopefuls for the first workout on Monday, and among that number were two starters from last year's 28-4 squad. These two are 6-0 senior postman Elton Patton and 5-11 senior guard and playmaker Keith Embry. Both young men are two year starters and should be the nucleus of this year's team.

One other letterman also figures in the picture and he is 6-0 senior postman Bryant Lewis.

Replacements for the other departed starters will have to come from last year's B-team. Highly-regarded prospects from that squad are Ted Thomas and Jimmy Harvey. Another prominent name on the team could well be that of sophomore forward Larry "Duck" Thompson.

Friday the Indians travel to Dora to

MAYOR SIGNS PROCLAMATION . . .

MAYOR DONNIE SIMPSON signs a document proclaiming November 14-21 "Environmental Week in Morton" as he follows the lead of Governor Preston Smith who had earlier proclaimed the period as "Environmental Week in Texas". The week was proclaimed in conjunction with a state-wide conference presently in session in Dallas which involves a large number of agencies, organizations and knowledgeable individuals who are studying ways and means to improve living conditions in Texas through a cleaner environment. Witnessing the Mayor's signature are Mrs. Bill Foust, left, president of the Emlea Smith Jr. Study Club and Mrs. Earl Polvado, junior director, Caprock District, Texas Federation of Womens Clubs.

Indians terrorize Wildcats; then bow to district champs

A fired-up Tribe of Morton Indians thrilled a Dad's crowd and threw a gigantic scare into the Littlefield Wildcats before falling to a 28-7 defeat at the hands of the district winners.

The Indians wasted little time in letting the 'Cats know that they did not intend to play dead. On the second play of the game, the hard-hitting Tribe defense stung Littlefield's outstanding runner Ralph Funk with a savage tackle causing a fumble. Allen Joyce recovered the ball for Morton on the Wildcat 40.

Kevin Kuehler took the ball on the following play and burst up the middle for

13 yards and the Morton squad was off and rolling. Six plays later Larry Thompson carried the pigskin across the goalline from 1 yard out and after Bryant Lewis' PAT kick, the Tribe had a 7-0 lead.

Later in the first period, the Indians were driving down the field once more when an errant pichtow was pounced upon by the 'Cats, but a couple of plays later Larry Thompson recaptured the ball for the Tribe.

Then the Indians' season-long nemesis, a penalty, reared its head and the Tribe was forced to punt. Littlefield took over on its 20-yard line and it was time for the area's leading scorer to get to work. Funk had been stopped effectively by the Indian defense, but finally excellent blocking broke him into the open and 53 yards later the 'Cats had racked up 6 points. Larry Birklebach kicked the point and the score was evened up at 7-7.

Just before the end of the half Littlefield was pounding at the Morton goal-line, but another fumble by Funk was picked up by Leslie Carter and the threat was stopped.

The last half was dominated by the Littlefield offense and the primary weapon was the bull-like rushes of Funk. Three times in the last two quarters, big No. 21 took the ball from his quarterback and crashed through the Tribe line to cross the double stripe to up his point total for the year to 150.

The Morton offense was led for the fourth consecutive week by Kevin Kuehler who gained 53 yards in his final game as an Indian. Elton Patton closed out his career by picking up 48 yards on the ground.

The Wildcats picked up 375 yards overall and 251 of those yards came on 45 attempts by Funk.

The win left Littlefield with an 8-1-1 record for the year and a 5-1-1 record in district. It also gave them the district championship and they will take on Lubbock Roosevelt at 7:30 Friday night for the bi-district title.

The Indians wound up the campaign 2-8 and 1-6 but even though they didn't win the district title the Tribe won the admiration of the fans for their hustle and their never-quit attitude throughout the season.

★ Class postponed

The adult education classes scheduled to meet Thursday in the MHS have been postponed this Thursday only due to the death of Mrs. J. R. Ward.

Cotton harvest lags in county: farmers awaiting killing freeze

Farmers in the Morton and Levelland areas are still waiting for a freeze before harvesting their cotton, according to C. W. Wharton, in charge of the U.S.D.A. Cotton Classing Office in Levelland.

It was reflected is a very small amount of cotton samples received at the Levelland office which services producers in Cochran county. Most of the samples received at the Levelland office have been cotton which was chemically defoliated.

Only 279 bales were classed at the Levelland office during the week ending Friday, November 12th. This brought the total classed this season to 340, although November 12th last year 25,000 bales of the 1970 crop had been classed. Quality of this early cotton varied widely depending on the conditions of the

fields at the time of harvest. Low Middling Light Spotted was the predominant grade at Levelland last week with 48 per cent of all cotton classed. Strict Low Middling Light Spotted made up 37 per cent and Low Middling Spotted 4 per cent.

Forty-four per cent of all cotton classed at the Levelland office was reduced a full grade because of bark.

Staple length averaged approximately 31/32. Seventy-four per cent stapled 31/32 and lower.

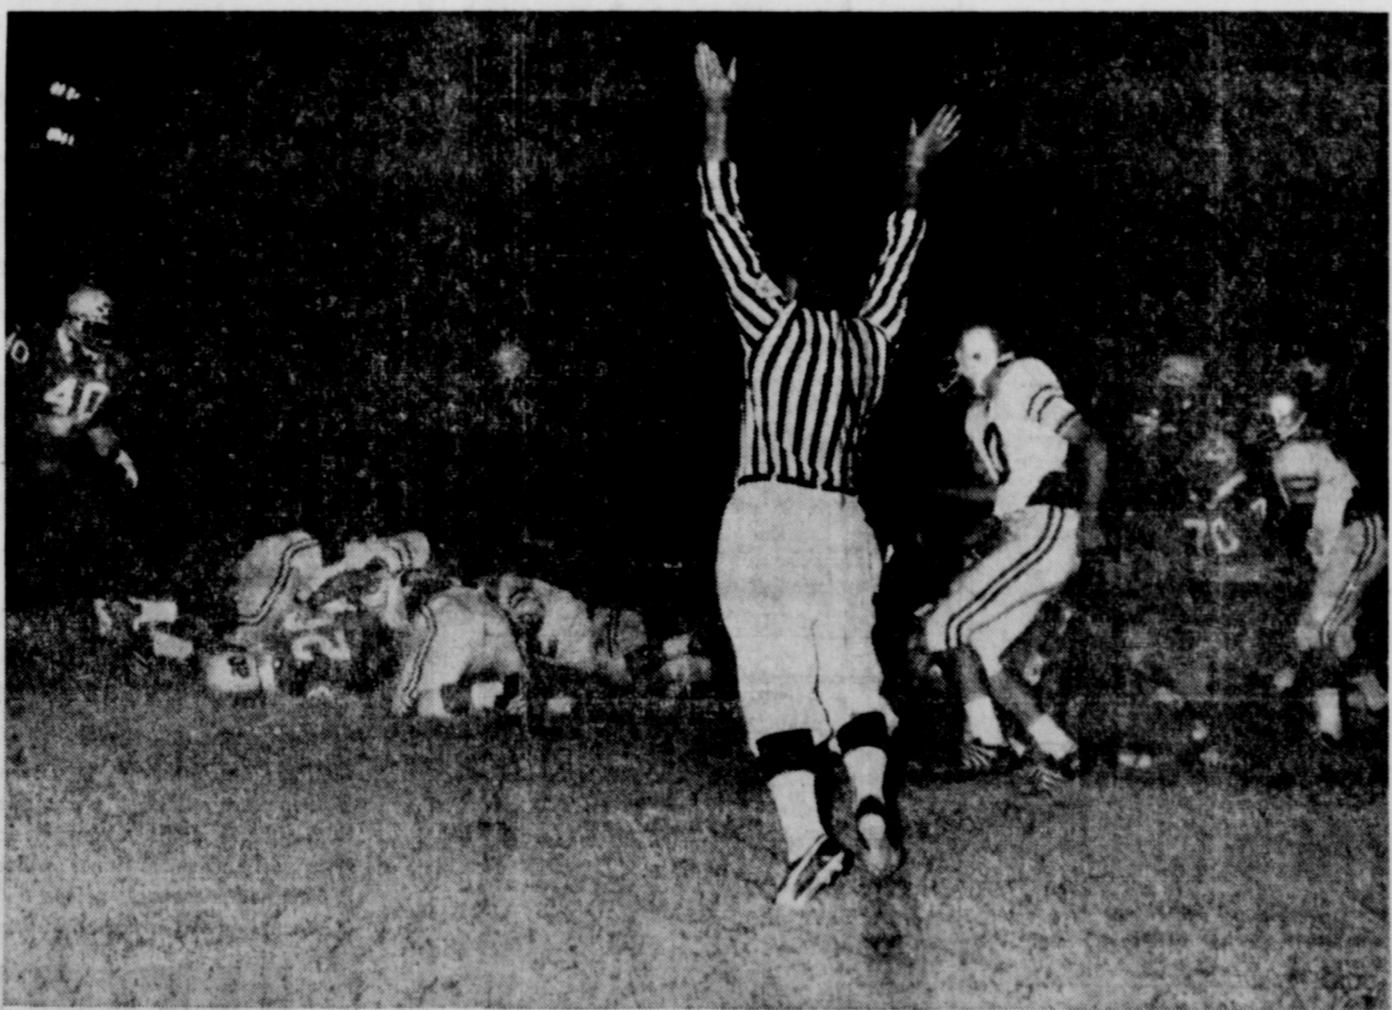

Only fifteen per cent of the cotton "miked" in the Levelland office was in the premium range of 3.5 to 4.9, 29 per cent "miked" 3.3 and 3.4, 41 per cent 3.0 through 3.2, 11 per cent was 2.7 through 2.9 and 4 per cent was 2.6 and below.

Prices offered for these early bales indicate a strong demand for Levelland area cotton. Prices ranged from 25 cents for low grade, low micronaire cotton to 28 cents for the better grade, premium micronaire cotton.

Prices quoted by the Lubbock Cotton Exchange for the most predominant qualities in the 3.5 to 4.9 micronaire range were: Strict Low Middling Light Spotted 15/16 — 26.25, Strict Low Middling Light Spotted 31/32 — 26.40, Strict Low Middling Light Spotted 1-Inch — 26.60, and Low Middling Light Spotted 1-Inch — 26.10.

LAST ONE FOR '71 . . .

THE MORTON INDIANS' last touchdown of the 1971 season was one that struck fear in the hearts of their opponents the Littlefield Wildcats, as it occurred early in the first quarter and stood up for a good time against the eventual district champs, as the score at halftime stood at 7-7. Though the Tribe went down to eventual defeat, this score inspired them to the point where they played the

'Cats off their feet and gave them a first rate scare before being plowed under in the second half by a team vastly superior in manpower. Shown scoring is Larry Thompson, No. 20, with Elton Patton, No. 40, arriving on the scene and quarterback Keith Embry, No. 10, in background. Other Indians pictured are David Palmer, No. 70, and Tony Bramblett, No. 73. Patton and Embry were playing their last game for the Morton High School. The others will be

THE FARMER'S WIFE

Not That Sick

By LIBBY MUDGETT

IF I SEEM to pick on doctors and hospitals, it's because I intend to. They're always picking on me, or at least my pocketbook. I'd rather they'd pick on me. I'm bigger than my pocketbook by a long shot.

THE OTHER DAY I went to the pharmacy to have a couple of prescriptions refilled.

"Have you talked to your doctor about these prescriptions?"

"No. I'm trying to keep from having to talk to him. That's why I want those bottles refilled."

"But the date on these is last May."

"Well, that figures. That's the last time I needed medicine."

"What makes you think you need the same medicine now?"

"Because I feel the same way now."

"Tight chest and sinus."

"How do you know that's what it is?"

"Because that's what the doctor said last May."

"He'll want to see you again before

prescribing anything."

"I don't want him to prescribe anything I just want you to refill what he's already prescribed."

"But that was last May!"

"I'm a pretty smart girl. I can remember clear back to last May and I feel exactly the same way now."

"But you may not be right."

"An \$8 office visit, a \$3 lab report and a \$10 x-ray says I am."

"That was then, not now."

"I had 22 bucks then, not now. That was besides what I had to pay you for those two bottles of medicine."

"It was only \$12.50 for both bottles."

"Coming to \$34.50 for a tight chest and sinus."

"But all of us acting together may have warded off pneumonia."

"If you'll just refill those bottles, you and I can ward it off again all by ourselves."

"Lady, I can't! I simply can't."

"You afraid of the doctor?"

"That's ridiculous. You can borrow our phone to call him and ask if you can have these refilled."

"You call him. He'd charge me for a phone visit."

"It wouldn't do any good. I know exactly what he'd say."

"So do I, and I just got through telling you I'm not thirty-four fifty sick — just \$12.50."

"Do you have any fever?"

"Not yet, but I'm fast getting it trying to get some medicine."

"Well here. This is a good commercial cough medicine and here's some good commercial sinus medicine. Go home and take these and some aspirins."

"These only come to \$4.50. You're losing \$8.00."

"I'm here to serve the public."

"You're afraid of the doctor."

"I am not! If you're not better in a day or two, you'd better go see him anyway."

"He'll just charge me \$22 and I'll be right back to get the very same prescriptions that you won't refill right now."

"If that happens, I'll give you back your \$4.50 for the commercial cough and sinus medicine."

Well, the old nip is in the air for sure — and believe it or not, we are going to get a hard freeze one of these weeks, just as sure as we weren't going to get any rain last summer.

How about that? First we are drouthed out, then we are soaked out — now we sit on needles and pins sweating out the first killing freeze. You don't have to be a nut to farm in West Texas, but we'll bet it helps to have your own personal psychiatrist real handy.

It looks like things are rounding into shape very nicely, however, and, barring weather of a truly vindictive nature, this can be an excellent crop.

Looks like they'll be planting again before the ginning season ends.

 "For the past third of a century we have seen an increasing centralization of power in Washington. As a result, too many decisions are being made by people far removed from the local situations. This is one of the reasons for the gap between promise and performance in government." — Under Secretary of the U.S. Department of Agriculture, J. Phil Campbell.

— o — o — o —
 A most interesting item picked up from Austin is the fact that when the lottery was drawn for the placement on the November 1972 of the 14 proposed amendments to the Texas constitution the one receiving first place on the ballot was the proposal to give state lawmakers a raise of \$3,600 per year. The measure would raise the pay for Senators and House members from \$4,800 to \$8,400 per year.

Now that doesn't seem at all unreasonable at first glance. But when you recall that they only work at their job a couple of months out of the year, months that are liberally padded with expense accounts, it takes on a different light. They are only following the lead of their big

brothers in Washington, however, and seem to have learned their lesson well: when it comes to spending the taxpayers' money, boy, think big!
 Some of these are also the fresh-faced lads whose statements on television and in the newspapers speak of losing or gaining amounts in six figures in their stock manipulations. Makes you wonder why they would fiddle with a little old raise like that.

 WALTHAM, MASS., NEWS-TRIBUNE: "Talk about police brutality. The head of the Ohio State Highway Patrol reports that his men fired more than 130,000 rounds of .38 caliber ammunition (during 1970) . . . All of the bullets, however, were expended on the target range. Not a shot was fired at a living target during the year. 'We're proud of that record,' says (the) . . . superintendent of the patrol. 'Known when and where not to fire is as important as knowing how.' It's called professionalism."

 We received our first letter to Santa this week and the message came through loud and clear. This little tyke not only knows exactly what she wants but it is very evident that she also knows from whence it is going to come. She submitted a very precise columned list of items, including the exact number of each item desired and in a separate column she listed the catalogue number of each item.

If of Santa can't fill that order it sure won't be for lack of documentation. She is going to make someone a wonderful supply officer some day.

Incidentally, the only address that first envelope bore was Santa, North Pole, but there was no hesitation about delivering it to the Tribune. Kinda makes us believe that Crone & Company knows where the real Santa hangs out.

 NORTH VERNON, IND., SUN: "Reading a newspaper trade publication, we were amused to run across this letter to the editor. It was from a publisher commenting about newspaper policy. We think that it is self-explanatory in itself: 'In regards to your stories and letters about free job-wanted ads, we have made this our policy for the past five years. We also offer a free ad to anyone who wants to give something away. We believe a man never needs riends more than when he's out of a job, or has a litter of kittens.'"

 One of our new self-ordained environmental specialists recently told a blue ribbon conference in Austin that the West Texas desert is moving eastward at the rate of 10 miles per year and is now threatening the existence of Houston and Austin. His solution to the problem? Plow all the municipal garbage into the soil of West Texas farms and hold back the tide.

Did any of you see that desert pass through Morton? We missed it complete. (We may have seen a little flying over from time to time, but feel, bad as it was, it wasn't a whole desert).

Can't you just see endless lines of trucks lined up waiting to deliver your Lubbock fertilizer order

How sweet it is! 'Lopes pop Sundown after 20-year wait

The Whiteface Antelopes defeated the Roughnecks from Sundown in a 20-14 homecoming football battle in Antelope Stadium Friday night. This is the first win for the Antelopes over the Roughnecks in twenty years.

They did it all in the first half, at that. Fullback Bobby Moseley got the Antelopes running in the opening stanza, scoring from four yards out for a 6-0 lead. Randy Peden converted.

In the second quarter, Peden took a 7-yard pass from quarterback Richie Marshall to make the score 13-0. This time, the conversion attempt failed.

The Antelopes added their final touchdown on a 45-yard pass play from Marshall to Peden, who again converted. Sundown got its two touchdowns in the second quarter, too. A 22-yard pass from quarterback Dusty Bounds to Rick Barry got the first, but the points-after attempt failed. A 37-yard pass from Randy Winfrey to end Jeff Shaw got the other. This time, Jerry Hill ran or the extra points.

Whiteface racked up 12 first downs on 148 yards rushing and 52 yards passing to even its District 4-B record at 2-2. Sundown dropped to 1-3 on nine first downs, picking up 81 yards rushing and 71 through the air.

GLAMOROUS GAME . . .

SHADES OF GUSSIE MORAN. Where else could you find a game where the athletes look like this? All kidding aside, Kathy Mason, freshman at Morton High School won an important trophy in tennis competition in Lubbock last Saturday. Competing against a field of 277 seventh, eighth and ninth grade players from five 4A schools, she took away the runnerup trophy in the freshman division of girls' singles. She won three matches to get to the finals where she was finally beaten out by a 4A class student from Amarillo. Morton, the only 2A school competing, had the largest contingent — 26 players — in the tournament. Kathy, daughter of Mr. and Mrs. Wendell Mason, is only a freshman and has several more years to improve on her second place trophy, nice as it is.
