WAITING ITS UNVEILING . . .

A MEMORIAL MONUMENT erected recently on the east side of the courthouse square in memory of all those residents of Cochran county who gave their lives in wars participated in by the United States since the county organized awaits its unveiling which will take place during a dedication ceremony to be held beginning at 3:30 p.m. Monday, December 6. The large marble monument presently carries the names of 24 persons who lost their lives in World War II, one who died in the Korean War and two who have their lives in the Vietnam War.

War memorial dedication ceremony plans completed

Arrangements were in the final stages last week for the ceremony dedicating the monument erected recently in memory of all those from Cochran County who have lost their lives in wars occurring since the county was organized.

A large, blue marble monument will be dedicated in ceremonies beginning at 3 p.m. Monday, December 6, on the east side of the courthouse square in Morton. The day's activities are expected to be centered on the gathering of the relatives of those being honored in the banquet at the County Activities Building. They may register in a visitors' lounge, renew old acquaintances and refreshments served by local organizations from 1 until 3 p.m. From 3 until 5 p.m. will be allowed for the relatives and others attending to assemble on the courthouse lawn for the dedication. Morton schools superintendent Bob E. Johnson has announced that all schools

will be dismissed at 3 p.m. so that the students can attend and the high school band can participate.

The ceremony, which is expected to take approximately 20 minutes, will consist of the invocation followed by presentation of the colors by an Air Force color guard from Reese Air Force Base which will be accompanied by the MHS band playing the National Anthem. The dedicatory address will be given by Rev. Paul McClung, Pastor of the First Baptist Church and the unveiling ceremony will be participated in by officials of the American Legion and Veterans of Foreign Wars.

At 3:50 p.m. a flight of four jet aircraft will make a flyover in the traditional missing man formation signifying the loss of those being honored. The flyover will be at 1,000 feet altitude and will be from the north to the south in order to give the spectators the longest possible viewing time of the flight.

Indian cagers set torrid pace

An outstanding third quarter defense and hot shooting by Bryant Lewis in the last period propelled the Morton Indians to an 86-75 victory over Ralls Tuesday night to keep their record unblemished at 4-0.

The turning point in the game came with about 5 minutes left in the third quarter with the Tribe behind 53-48. At that time the Indian's full-court press caused the Jackrabbits to commit 6 consecutive turnovers which the Morton squad converted into a 60-53 lead.

The fourth quarter action began with Ralls slicing the Indian lead to three points at 64-61 with 6 minutes left in the game. Lewis then started his long-range bombing from the left corner to score 12 of the Tribe's last 22 points, and kept the Indians from tasting defeat for the first time this year.

The game, which could well have been a preview of the 3-AA and 4-AA bi-district clash, was a nip and tuck affair throughout the first half with Morton holding a 24-23 lead at the end of one quarter, but a 33 effort from the field by the Indians in the second period allowed Ralls to take a 45-43 halftime lead.

Lewis led Tribe scorers with 26 points which is the top point production by an Indian this year. He also pulled down 15 rebounds to lead that category as well.

Elton Patton shoved the ball through the hoop for 25 points to put him over the 20-point mark in each of the four games played thus far.

Larry Thompson with 15 points and Keith Embry with 10 points made strong contributions to the Tribe's victory.

The Indians lit on 42% of their attempts from the field and 67% from the charity line, and in another most important statistic the Tribe caused the Jackrabbits to lose the ball 28 times while only turning the ball over 10 times themselves.

Monday night's game with Seagraves looked as if it would be a replay of the first meeting between the two teams as

Six Morton gridders named to all-district 3-AA football squad

The 1971 3-AA all-district football team was dominated by district champion Littlefield and runnerup Floydada as each played seven players on the elite squad.

There were only three players who were unanimous choices for the team and all of them were from Littlefield. They were running back Ralph Funk, linebacker Matt Giles, and Safety Dennis Hartley.

The members of the All-District Offense were: QB — a tie between Tony Ford, Lockney and Steve Stockdale, Olton.

Runningbacks — Ralph Funk, Littlefield; Pat Bennett, Lockney; a tie between Marlos May, Olton; Charles Mathis, Lockney; Walter Harris, Floydada and Jim Kunkle, Floydada.

Ends — Kent Snodgrass, Abernathy and Bill Hill, Lockney.

Tackles — Kevin Wiseman, Friona and Chuck Blevins, Littlefield.

Guards — Kim Rose, Floydada and a tie between David Lovelace, Abernathy; Scott McNeese, Littlefield and Louis Jimenez, Olton.

Center — Mike Vinson, Floydada.

The members of the All-District defense were:

Linemen — Ruwayne Struve, Abernathy; Terry Bunch, Floydada; Danny Estrada, Littlefield and Pat Bennett, Lockney.

Linebackers — Kim Rose, Floydada; Matt Giles, Littlefield and Bill Bailey, Friona.

Cornerbacks — Robert Ahrens, Olton

Snow, sub-freezing temperatures hit area

Subfreezing temperatures and the accumulation of approximately one half inch of snow struck the Morton area Tuesday night and Wednesday morning with the mercury still hovering at the freezing level at noon Wednesday.

Effect of the cold, wet snap on the cotton harvest, other than to hold it up temporarily could not be determined agricultural spokesmen said, until it is known how long it will last. If it ends soon and dries up rapidly, there should be little adverse effect. But if it extends over a period of time, it could do considerable damage to the cotton, was their general consensus.

The short range forecast for the Morton area appears bleak, with a strong possibility that an already late cotton harvest will be further substantially delayed.

Participation in free car drawing promotion zooms

Participation by Morton merchants in a Chamber of Commerce-sponsored free car drawing promotion indicated a surprisingly response as donation pledges mounted to over \$2,000 early this week for purchase of the automobile to be given away.

The car, a fully-equipped 1972 Vega furnished through Gwatney Wells Chevrolet-Oldsmobile, will be drawn for at 3 p.m., December 24, according to information received from the chamber.

The promotion will be much like that of the free money drawings that took place here each month throughout the summer at the monthly Crazy Day celebrations. Each participating merchant or business man will have a supply of tickets on hand which will be given to those visiting his place of business. Only one ticket can win the automobile but it goes without saying that the more tickets a person possesses, the greater are his chances.

Ticket distribution was to be made to the merchants late this week and will

of the drawing.

The automobile to be drawn for will be put on display on the courthouse square as soon as the weather improves and will remain there until the drawing. All persons over 18 years of age may participate.

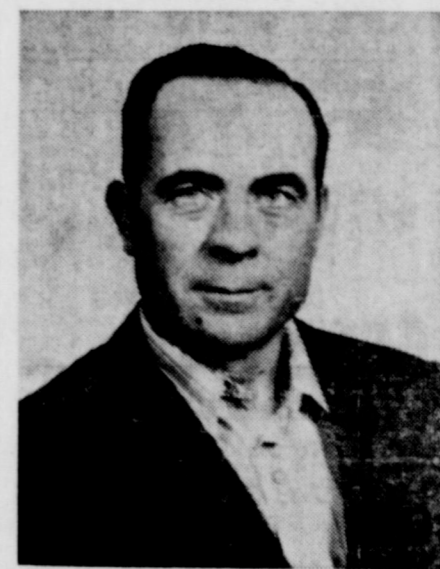

Long-time Cochran countian announces candidacy for sheriff

Mr. C. G. Richards, long-time resident of Morton and who is well known throughout Cochran county, formally announced last week his candidacy for the office of county sheriff.

Richards operates his own well servicing business in the local area and is presently a ginner for the Morton Gin Company.

His filing as a candidate was announced by Carl Ray, county Democratic Party Chairman, and will be subject to the Democratic Primary of May 6, 1972.

Richards has not been a candidate for public office before and has not previously served in any political post.

Write your Santa letters

It's that time of year again when all the little boys and girls of Morton and Cochran county can look forward to a visit soon by old Santa Claus himself. So, boys and girls, if you want to make sure that Santa knows what to bring you for Christmas, you better get busy and write him a letter right away.

If you have been good all year long, you should tell him about it in your letter and order from him and the little elves that help him up at the North Pole just what you want in your stocking. He will always do his very best to fill your order with just what you want.

Just write your letter to Santa Claus in care of the Morton Tribune, Box 1016, Morton, Texas and we will publish it in the paper and see that Santa gets it just as soon as possible. If you are too little to write yourself, get Mother or Dad or Brother or Sister to help you.

Many of the kids have already sent in their letters—so you had better hurry and get yours in too! No matter how many there are, Jolly old Santa will read every one of them and you will be able to see your own letter when it is published in the Christmas edition of the Tribune on December 23.

VEE-DISTRICT HONORS . . .

THOUGH THE MORTON INDIANS managed to place only one man on the All-District 3-AA first team in football, they were well represented on the second team and in the Honorable Mention category. Left to right above, they include Elton Patton, 2nd team at offensive halfback and defensive end; William Grant, 2nd team at offensive tac-

kle; Ted Thomas, 2nd team offensive end and defensive cornerback; Kevin Kuehler, 2nd team offensive fullback and defensive guard; Larry Thompson, 2nd team defensive halfback and Keith Embry, first team all-district defensive halfback.

Following the flyover, the benediction will end the ceremonies. Appropriate music by the MHS band will be interspersed throughout the ceremonies.

As was anticipated, there has been considerable difficulty in contacting relatives and friends of those being honored and County Judge Glenn Thompson is again appealing to anyone who knows the whereabouts of these persons to please notify them of the planned ceremonies and invite them to attend. He also asks that, if you do notify such persons, to please call his office at 266-5100, collect if you are out of town, and notify him of the number and names of the persons that will attend.

No provision for the inclusion of the names of persons losing their lives in World War I was made at this time as that war ended several years prior to the organization of Cochran county. There is space on the monument for the addition of their names at a later date if so desired, Judge Thompson states.

The National Multiple Sclerosis Drive recently held totaled \$623.71 in Cochran County.

The total was announced by the Emla Smith Junior Study Club, sponsors of this year's drive. Other clubs helping in collections were L'Allegro Study Club, YM Study Club, Town and Country Study Club and the Morton Cub Scouts, who collected \$100.79 of the contributions.

Mrs. Gary Willingham, chairman of the drive, said her club wished to thank all who helped make the drive so successful.

back, Elton Patton — defensive linemar. and Kevin Kuhler — offensive back.

Patton received honorable mention as an offensive back as did Kuehler at a defensive line position.

William Grant and Larry Thompson were also named to the honorable mention squad with Grant making it at offensive tackle while Thompson made it as a defensive safety.

Indian cagers . . .

from page one

Morton raced out to a 16 point lead way of the second quarter, and went halftime with a 42-31 bulge.

The second half was a different altogether as the Eagles came with a furious rally which was clinched when they cut the Indian lead to points 72-69 with 30 seconds left game. Morton stalled the ball and 12 seconds left on the clock Elton was fouled. Patton stepped to the throw line and calmly sank the two sure-packed charity tosses to press slim 74-69 win.

Patton topped the Tribe shortens 21 points, and he also gathered caroms to complete his night's work. ant Lewis had 18 points and Keith bry 10 points to aid the Morton.

The Indians had difficulty in finding range as they hit only 38% of field goal attempts and just 47% of free throws.

The Indians will be defending the in the Friona tournament The Friday and Saturday of this week all Morton fans are urged to go and the Tribe.

South Plains Cotton harvest hit by damp, foggy weather

The Levelland area cotton harvest was interrupted by damp, foggy weather the past week, according to C. R. Wharton, in charge of the U.S.D.A. Cotton Classing Office in Levelland.

The harvest was resumed on Friday and sample receipts are expected to increase daily as the harvest gains momentum.

The U.S.D.A. Classing Office at Levelland classed only 420 samples during the week ending Friday, November 26th. A large part of this cotton was harvested during the previous week. Total classed this season was only 1,218 through Friday, compared to 64,400 at this date last year.

The current crop is two to three weeks later than normal due to unfavorable weather conditions during the spring and summer months.

Strict Low Middling Light Spotted was the predominant grade at Levelland last week with 58 per cent of all cotton classed. Strict Low Middling made up 9 per cent, Low Middling Plus 13 per cent and Low Middling Light Spotted 9 per cent.

Staples were predominantly 31 to 34. Thirteen per cent had a staple length of 31, 36 per cent stapled 32, 25 per cent was 33 and 13 percent was 34.

Twenty per cent of the cotton "miked" in the Levelland office was in the premium range of 3.5 to 4.9, 15 per cent "miked" 3.3 and 3.4, 27 per cent 3.0 through 3.2 and 38 per cent was 2.7 through 2.9.

The Consumer and Marketing Service of the U.S.D.A. reported increased trading in the new crop cotton. Prices were higher for cotton with micronaire of 3.0

and better and slightly lower for cotton with micronaire of 2.9 and below.

Average prices paid for the most predominant qualities in the 3.5 to 4.9 micronaire range were: Strict Low Middling 31 — 27.35, Strict Low Middling 32 27.55, Strict Low Middling Light Spotted 31 — 27.00, Strict Low Middling Light Spotted 32 26.20, Low Middling Light Spotted 31 — 26.65 and Low Middling Light Spotted 32 26.70.

Investment credit could give farmer break on machinery

Texas farmers who are considering buying machinery in the near future need to keep an eye on what Congress does about investment credit, says James I. Mallet, economist with the Texas Agricultural Extension Service.

"President Nixon has recommended an investment credit of 10 percent for machinery and equipment manufactured in the United States, retroactive to Aug. 16, 1971 with a drop to 5 percent in 1972. However, Congress is considering a 7 percent rate for both years," he adds.

What this means in dollars and cents

Economist advises farmers to check on tax situation

It's not too early for farmers and ranchers to take a look at their tax situation and make certain management decisions before the end of the year.

"Make an estimate of income and expenses to get an idea of your income tax liability," suggests James I. Mallet, economist.

"If your taxable income for the year is above that anticipated for next year, you may want to delay any additional sales until 1972. Also, consider buying supplies such as fertilizer, feed and chemicals for next year to reduce this year's income."

Machinery purchases will also cut your income by a substantial margin, and you can benefit from first-year depreciations and possibly investment credit if it becomes effective once again, points out Mallet.

is that a farmer who is considering buying a \$30,000 combine, for example, could save as much as \$2,100 if Congress approves the 7 percent rate. Mallet says it is doubtful that any action would come before November of this year.

The proposed investment credit change has an excellent chance in Congress although the final bill could differ in form from the current proposal.

The proposed restoration of the investment credit would not limit the application of the new accelerated depreciation rates. The credit is in addition to the liberalized depreciation rules.

"Watching to see what Congress does along these lines may be a moneysaving move if a farmer has to replace or add machinery or equipment in his operation," concludes Mallet.

Air Force seeking prior service men from all armed forces

The United States Air Force announced that it is seeking prior service men from all the Armed Forces to be eligible for enlistment under the Force prior service program. The men must have had at least six months one day of honorable military service in the Army, Navy, Marines, Coast Guard or Air Force.

His age must be less than 28 years reduced by total active service. He either have past military experience or a skill needed by the Air Force. He must be able to pass an aptitude test for school. In this age of supersonic flight, space probes, of amazing electronic breakthroughs; skilled technicians needed to service, maintain and operate this equipment. Vacancies are available in mechanical, administrative, general electronic areas.

Veterans out of service less than two years may be authorized to enlist in old grade providing they possess a skill. Grade authorized for veteran training will be determined by the Force Recruiter.

Pay for members of the Armed Forces has steadily improved in recent years and Congress has passed a large allowance increase to be effective November 14. For further information contact the local Air Force Recruiter.

ASCS Farm News

BY JOHN W. HALL, CED

Cochran County residents can get official information on Phase II of President Nixon's Economic Stabilization Program at the Agricultural Stabilization and Conservation Service Office, says John W. Hall, the County Executive Director.

"As the Nation enters Phase II, ASCS County offices along with the Internal Revenue Service will continue to provide public information at the local level, Hall said.

The County ASCS Office will receive regular updated information from the President's Cost-of-Living Council, Price Commission, and Pay Board.

Residents calling or visiting the County Office about a wage-price problem, will get answers on the spot if the questions fall within existing guidelines.

More complex questions will be for-

warded by County Office personnel to the nearest IRS Office for reply.

"We are not authorized to handle complaints, violations, and requests for exemptions, but we will forward them to the IRS District Headquarters Office," John Hall explained.

Hall also said that the name of anyone filing a complaint or violation will be kept confidential.

Any questions that cannot be answered by ASCS or interpreted by the IRS District Office will be forwarded for higher level action. The person making the inquiry will be informed if this action is taken.

Details on procedures for appealing decisions also are available upon request.

The County ASCS Office located at 200 West Taylor is open from 8:00 A.M. to 5:00 P.M. The telephone number is 266-5944.

Texas Farmers Union slate convention in San Antonio

Members and ranchers from across the state will converge on San Antonio Dec. 2-4 to hear farm policy speeches and discuss policy on agricultural issues. The Farmers Union will hold its three-day convention at the St. Anthony Hotel. A special program has been planned for the ladies and young people attending the San Antonio meeting. Farmers Union ladies will be treated to a special luncheon and style show program at a downtown department store. A youth party on Tuesday night and special brunch for young people and youth leaders has been planned for Wednesday morning.

The delegates will debate and adopt resolutions concerning state and national farm policy that will be used to measure the candidates in 1972. Several political hopefuls for statewide office are expected to visit the convention sessions.

Farmers Union state president Jay Naman of Waco announced that the growth of Farmers Union in several South Texas counties promises a large drive-in attendance at the convention. He said, "We want all farmers, ranchers and others interested in the destiny of rural people to know that they are welcome at our state convention. We want them to join the great drive for 'Farmer Power with Farmers Union' which is the theme of this year's convention."

A new edition of the Catalog of Educational Aids is now available to 4-H leaders and Extension personnel. The 1971 catalog, published by the National 4-H Service Committee, lists some 200 items for 4-H use. These include publications, radio spots, slides, TV series, records, etc.

TFB sending large number of delegates to convention

Texas Farm Bureau will send ten voting delegates — the largest number ever to the annual convention of the American Farm Bureau Federation Dec. 5-9 at the Conrad Hilton Hotel in Chicago.

The annual meeting will culminate the Farm Bureau policy development process that began earlier in the year in the more than 2,700 organized county Farm Bureaus in 49 states (all except Alaska). Delegates will adopt national policies to

guide the nation's largest general farm organization next year.

Voting delegates from Texas include TFB President J. T. (Red) Woodson of Gober; Vice-President and District 13 Director M. F. (Mike) Frost of McAllen; Secretary-Treasurer and District 1 Director Carrol G. Chaloupka of Dalhart; and Directors H. L. King, Brownfield, District 2; T. J. Richards, Paducah, District 3; Dan Pustejovsky, Hillsboro, District 4; Edwin Sanderson, Paris, District 5; Bill Reid, Lamesa, District 6; B. J. Gist, Abilene, District 7; and Robert Faselier, Hondo, District 10.

Alternating voting delegates will be Directors John A. Smith, Cameron, District 8; Henry E. Burton, Lufkin, District 9; and J. M. Price, Corpus Christi, District 12.

Also attending the national convention will be the new TFB queen, Miss Phyllis Jean Shutt of Edna; the TFB Outstanding Young Farmer, Charles Ray McLendon of Clarksville; the Texas representative in the Discussion Meet, Dick McCarver of Paris; and the Texas entry in the Talent Find, Miss Karen Hill of Fort Worth.

Speakers include AFBF President William Kuhfuss; AFBF Secretary-Treasurer Roger Fleming; and California Congressman B. F. Sisk, author of proposed agricultural marketin and bargaining legislation which the AFBF supports.

Singer Anita Bryan will be the featured entertainer at the recognition and awards program. In addition to awards for organization and membership activities, the three national winners of the Farm Bureau Young Farmers and Ranchers Award will be announced.

A number of state staff personnel and county Farm Bureau leaders are also expected to attend the event.

Rep. Bill Clayton to attend Washington foreign policy briefing

State Rep. Bill Clayton of Springlake has been designated by Texas House Speaker Gus F. Mutscher as one of seven House members to attend the Foreign Policy Briefing for Young Political Leaders being conducted by the U.S. State Department in Washington, D.C. Dec. 2 and 3.

Also attending the meeting will be Rep. Ben Bynum of Amarillo, Rep. Joe C. Han-

na of Breckenridge, Rep. Dick McDaniel of Dallas, Rep. Dan Kubiak of Brownwood, Rep. Carl A. Parker of Port Aransas, Rep. Henry Sanchez of Brownsville. Invited to the briefing are state officials from the 50 states, Puerto Rico, the Virgin Islands, and the Dominican Republic. The delegates will attend briefings from top State Department officials concerning the nation's foreign policy in the Middle East and Southeast Asia, in addition to an up-dating of policies toward Red China and Cuba. Secretary of State William P. Rogers will discuss environmental and population problems, and the ways in which the Federal government will coordinate their efforts in these areas.

BILL SAYERS

Probably the greatest scientific miracle of our time is the fact that communications have been perfected to the point that any citizen of the United States can have a veritable "window on the world." This miracle, of course, is possible through the communications network making up the news media complex that gives the majority of Americans instantaneous knowledge, and actual pictures of events that take place anywhere in the world. This, of course, is a great deal more complicated, much less fun and we sometimes think that modern living is all the blessing that is cracked up to be.

No person can view what is happening in Northern Ireland, the Near East, Vietnam, and various locations in our own America, all in the space of a few minutes without wondering if he wouldn't rather be back on the farm with the radio — where your imagination was only embellishment put on what you heard from the (remote) world outside your personal orbit.

There is, however, an occasional light at the end of the tunnel in the form of assistance that can't help but tickle the funny bone of even the deepest of our pessimists.

So it was when we observed through the media the convention in Dallas of

the "Peoples Party" who were hard at the very serious matter of choosing their standard bearer in the 1972 Presidential election.

Who do you think they nominated out of approximately 60 candidates who desperately did not want the job? Why, of course, good 'ole Benny Spock himself. Ben was between engagements training the flower of our youth how to burn their draft cards, assault a local draft board headquarters, build home made bombs with which to spread his peaceful philosophy, and figured maybe he would try this one for kicks. After all, those infants as a regular diet can become a real drag and penetrate even the strongest patriot's nerves.

We have it on excellent authority that following Doc's acceptance speech, there was not a dry diaper in the house.

Montrose, Calif., Ledger: "Chicago adopted stringent gun control laws in 1968, aimed at reducing the number of crimes committed with guns. City officials now admit that the crime rate has increased despite the law. The trick is to get the criminals to register their guns, and even the 'experts' haven't been able to figure that one out."

We were exceedingly gratified to find in one of our exchange papers an article

on the Three Rs School in San Rafael, California. The reason we were gratified is that our No. 1 son is an alumnus of that school. He was sent to this school by us, his parents, because we did not trust the California school system method of teaching by sight reading. We didn't then, and we don't now, believe anyone can learn to read properly merely by memorizing whole words.

They claim by the eighth grade a student should memorize 500,000 words, but not recognize any new ones. All his life he depends on his memory.

This school teaches phonics as the basis for reading. There was a bit of shock on our part when we found out they were using McGuffey's Reader, published in 1887 as their primary text. It wasn't long before we were totally convinced, however, and have since counted this early training as highly valuable — though we did sometimes feel sorry for a six-year-old with the huge burden of homework they assigned. He is now, several years later, an excellent student and reads everything he can find and has good study habits — so we are sure this was the right foundation for him. We were in the Air Force and stationed at Hamilton Air Force Base near San Rafael when this took place in 1963-64.

We mention the above only because it illustrates the contrast in teaching methods in our public schools, and to lay it on the line in saying that we don't buy the ultra-modern methods (and kooky experiments) that are being substituted for classroom instruction today.

Hey, some of you non-believers in advertising take a look at this from the

Breckenridge, Colorado Summit County Journal:

"One man struck a match to see if the gasoline tank in his car was empty. It wasn't. One man patted a strange bulldog on the head to see if it was affectionate. It wasn't. One man speeded up to see if he could beat the train to the crossing. He couldn't. One man touched an electric wire to see if it was charged. It was. One man cut out his advertising to see if he could save money. He couldn't."

We are now coming to the "season to be jolly" and all that — but there is another aspect to the situation that, while painful to mention, still must be faced. That is the problem of shoplifting. It is, believe it or not, with us in Morton as well as in the larger towns and cities.

There is little that the normal citizen can do besides being a good citizen, and that is to report any instance you see that may lead you to believe that the person sighted is shoplifting. Remember, these people, stealing from your local merchants, are not really friends of yours — and in most cases they are not members of needy families — they are simply crooks that run up prices on you and me when the stores have to overcome their losses.

Turn them in! That's the only way.

Lebanon, Tenn., Democrat: "Speaking of inflation, a lot of homeowners owe a lot of it — it's enabled them to live in a more expensive neighborhood without even moving."

Whooh-hee, At 11:19 p.m. Tuesday, we just received news from our distinguished sportswriter Dennis Howell, that we

swept two games from Ralls tonight, the varsity winning by 86-75 and the Junior Varsity really bowling over the Jackrabbits by 99-45.

All you doubters — stick your head in a bucket and we don't care when you pull it out. That makes the Morton High School Indians, from Seventh Grade to the varsity, a record of 16 wins and NO losses so far in the season.

Ralls is an overwhelming pick for the honors in 4-AA, while the Tribe is supposed to be a hop-skip-and-jump behind Dimmitt in 3-AA. Would anyone care to bet that we don't de-toenail those 'cats and go on to higher things? We perennial optimists will consider any wager within reason.

Altoona, Pa., Mirror: "Ex-Communists, we know are people who were Communists but have turned against them and are telling the world the truth about how bad communism really is. And we formerly were Americans now telling the world how bad Americanism is, and should be called 'ex-Americans'."

Every day that the 1972 general elections come closer, so will the pressure rise to grant full amnesty to those despicable draft dodgers that have taken up residence elsewhere than the United States for as long as the Vietnam war will last.

Bleeding heart limousine liberals and vote-seeking shyster politicians already have the ball rolling. Their object is obviously to get them back here where they can receive their vote through gratitude. Statistics indicate that by 1970 there

was a flow into Canada of these traitors at the rate of 5,510 per year. That is a blot that this great republic is going to be a long time erasing — however, the way to erase it is not to forgive these cowards — but to prosecute them.

Having spent considerable time in Canada and being a great admirer of their "frontier" spirit, we found it hard to reconcile their toleration of these rotters from a foreign government. We should have known better than to doubt those people because we now understand that they have never really welcomed our garbage in the first place and are sick to their stomachs of them now.

When they get tired enough of them, we hope they will send them north — we can say from experience that there is plenty of room for reflection up there.

Port Gibson, Miss., Reveille: "After a newscase Sunday morning we listened to two speakers, one who was an authority on the Bible, the other an authority on Social Security. We were struck by the thought: In these confused times, which are most adults most deeply concerned with, Spiritual Security or Social Security?"
