Indians set 'Regional' sights

BY DENNIS HOWELL

The second big hurdle standing between the Morton Indians and the AA-state basketball title was cleared Tuesday night, when the Tribe annihilated the Ralls Jackrabbits in a bi-district contest by an overwhelming 94-70 score.

Morton now moves into the regional tournament at the Coronado Gym in Lubbock on Saturday, February 26. The Tribe's first opponent will be Merkel which was victorious over Coleman in bi-district. The game will be played at 1:30 p.m. Should the Indians come out on top in the first outing, they will play the winner of the Childress-El Paso Parkland game at 8:30 for the right to travel to Austin to participate in the state meet.

The game, played in South Plains College Texan Dome, began with both teams looking very tight, but Ted Thomas found the range on three quick shots and the Indians leaped out to a lead they never relinquished. Bryan Lewis hit a jumper from the left corner at the buzzer to give the Tribe a 17-10 margin at the end of the first eight minutes.

The first 5 minutes of the second period saw the Morton squad make several steals and get five or six fast two-pointers to run up a 38-19 lead... but the Indians then were victimized by a couple of mental lapses to allow Ralls and their leader, James Langston, to come back and trail by only 43-32 at intermission.

The Tribe had trouble with fouls in the half as three starters, Embry, Patton, and Harvey, all had 3 miscues and the other two starters, Lewis and Thomas, each had two fouls.

The last half had the Indians hitting a phenomenal 63% as they continued to increase their spread over the Rabbits. The leader in this move was Elton Patton who scored 17 of his 27 points in the final two periods. Patton, who was recently named as the AA player of the year for the South Plains Area, was at his best when tossing in delicate fall-away jumpers over his much taller opponent.

Toward the end of the game when the situation was no longer in doubt, Coach Ted Whillock ran in his substitutes but they kept pouring the ball through the hoop allowing the Indians to compile their second highest point total of the year.

Once again balance was the key in the Morton attack as all five starters ended up in double figures. Following Patton were Thomas with 20, Harvey with 17, Embry with 14 and Lewis with 10.

The Tribe hit an amazing 57% of their field goal attempts for the game and erred in rebounding by Patton with 11, Harvey and Embry had five and four steals, respectively, to lead the Morton press which caused 31 Ralls turnovers.

The leader for Ralls was their superstar James Langston who popped in 32 points from all over the floor.

Morton will take a very fine 28-5 record in to the tournament this weekend and all of the Indian fans are urged to back this great aggregation of athletes in their quest for the state championship which represents the pinnacle of success in schoolboy basketball.

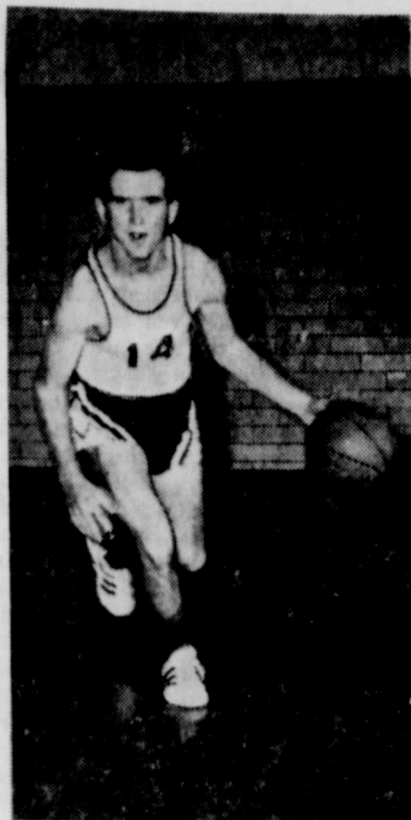

WE'RE NO. 1 . . .

IS THE CRY as a fired up and jubilant squad of Morton Indians whoop it up in the dressing room following their victory over the Ralls Jackrabbits in Texan Dome for the bi-district title Tuesday night. And they are No. 1, in Districts 3-AA and 4-AA, at least. The win advanced the Tribe

to the regional tournament in Lubbock where they will take on Merkel at 1:30 p.m. in the Coronado High School gym in what they hope will be the next step upward on the ladder to No. 1 in the whole state of Texas.

Elton Patton

Keith Embry

Patton, Embry, Whillock nabbed all-South Plains

Morton High School players and basketball coach Ted Whillock were honored last week by being named to the Black Avalanche Journal's All-South Plains Class AA basketball squad and as coach of the year. Elton Patton and Keith Embry were named to the elite squad and Whillock was named Coach of the Year for the second time in three years.

In addition to these honors, Patton was named All-South Plains Player of the Year. Whillock captured the district and regional titles in 1970, shared the district title in 1971 and so far has won the district and bi-district titles in 1972. His Coach of the Year honors were won in 1970 and 1972.

Its the law!

According to information received from the Tribune, all dogs and cats in the city of Morton that are not licensed and registered will be picked up within ten days. City Ordinance No. 3-55 is published on page 4 of the Tribune. "Many complaints have been received about animals running packs and annoying children. "We have an ordinance to cover this and intend to enforce it to the fullest extent", Eira Oden, City Manager, stated at press time.

Easter Seal Appeal to begin in Cochran county February 28

The 1972 Easter Seal Appeal will open in Cochran County on Monday February 28 according to Cochran County Judge Glen Thompson, who serves as the Seal representative for the county. Judge Thompson said that Easter Seal letters would begin arriving at homes in the county about February 28. As Easter Seal Representative, he is available to contact to request rehabilitation services from the Easter Seal Society.

County stock brand registration deadline Feb. 29 approaching

According to an act of the Texas Legislature passed during the last session all stock owners have until February 29, to register livestock marks and brands with the County Clerk's office.

As provided by Senate Bill 249, any brand and brands which have not been registered during a period of six months ending on August 30, 1971, through February 29, 1972, will be available for re-registration on a first-come, first-serve basis. An owner has not re-registered his brand and brand since August 30, 1971, and will not re-register it before February 29, 1972. It will be possible for some other person to record the mark and brand on March 1, 1972, and the first owner of the mark and brand would lose his right to that particular mark and/or brand. All marks and brands recorded every 10 years from the date of the original filing.

On March 1, 1972, all records of marks and brands prior to August 30, 1971, now in existence in the County shall no longer have any force or effect. Only the records recorded after August 30, 1971, shall be considered in recording marks and brands in the county. It should also be noted that article 6891 of the Texas Constitution states that each county shall have a county brand, the county brand for Cochran County shall be designated as CC. In addition to all horses and cattle, in addition to their private brand, may place the county brand upon the neck of all horses and cattle owned by them.

of the Year honors were won in 1970 and 1972.

In a year featuring many outstanding AA players, Patton, James Langston, Ralls, Danny Ebeling, Dimmitt and Bryan Kendrick, Idalou, stand out above all the rest, with Patton chosen for the highest honors.

Patton, a 6-0 senior, hit on 266 of 611 shots from the floor and 95 of 150 at the line, averaging 20.4 points a game for the 27-4 Indians. Plus, he handed out 330 assists and stole the ball 155 times.

Embry, a 5-9 senior, hit on 148 of 322 field goals and 89 of 121 free shots. He also got 65 rebounds and 159 steals.

The All-South Plains squad consists of the following players:

James Conwright, Slaton; Danny Ebeling, Dimmitt; Keith Embry, Morton; Charles Jackson, Floydada; Bryan Kendrick, Idalou; Lloyd Kitten, Slaton; James Langston, Ralls; Ray Langston, Ralls; Elton Patton, Morton; Steve Stockdale, Olton; Langston Williams, Floydada.

Coach of the Year: Ted Whillock, Morton.

Player of Year: Elton Patton, Morton. Honorable Mention — Jeff Attwell (Tahoka), John Bandy (Frona), Kim Christensen (Frenship), Bill Hill (Lockney), Cleo McGee (Lockney), Jerry Matthews (Dimmitt), Reggie Moore (Post), Dick Rogers (Abernathy), Dave Schluter (Ralls), Bruce Shores (Denver City), T. W. Whitfield (Slaton).

city for Crippled Children and Adults of Texas. These services include physical and occupational therapy, speech and hearing programs and special information services to help solve the many problems faced by the families of handicapped children and adults.

Last year over 22,000 handicapped people received help from the Texas Easter Seal Society. With the costs of providing expert professional care rising, more money than ever will be needed.

Funds help support 19 centers in Texas, where crippled children and adults are treated, regardless of their ability to pay. Walkers, wheelchairs, and related services are provided to those who cannot provide for themselves.

"The people of Texas have always responded generously to helping the handicapped, and I feel certain they will make it possible to increase Easter Seal services to crippled Texans throughout the coming year," Judge Thompson said.

Feed grain expert slates seminars

The Texas Grain Sorghum Producers Board is sponsoring a series of lectures, of special interest to area residents, conducted by Mr. Arnold Paulson of Granite Falls, Minnesota. Mr. Paulson's topic will be "Agricultural Income — A Plan to Save Rural Communities."

Mr. Paulson has given several of his seminars in West Texas during the last year. In his lecture he illustrates the value of farming and farm income to the area and the nation's economy.

TGSPB Executive Director, Elbert Harp, said, "All businessmen and their wives are invited. This program is a part of TGSPB's educational program to stimulate thought and reveal the importance of agriculture."

The schedule of the three hour seminars is as follows: Monday, February 28, 1972 Brownfield in Middle School Auditorium at 6:30 p.m. Tuesday, February 29, 1972 Lubbock, in Moody Auditorium Lubbock Christian College at 6:30 p.m.

Dolinks — we are growing older

Something new has been happening in Cochran County in the last ten years. The local population has stopped getting younger.

★ Jamboree time!

It's that time again! Don't forget the Country Western Jamboree will be held in the County Activity Building Saturday from 8 until 11 p.m.

A host of entertainers will be on hand to make it an evening of fun. Bring the kids, they'll enjoy it too. As an added attraction, door prizes will be given away.

Back in 1960, for every local resident who was older than 23.3 years, there was one who was younger.

That was the median age locally, as recorded via the census that as taken that year.

In addition, it was found, the trend in the median age was downward, which meant that the local population as a whole was getting younger.

For several years thereafter the age level continued moving in that direction but then it leveled off and finally began moving upward. It ended up at 25.2 years in 1970.

Elsewhere in the United States, by way of comparison, the Census Bureau's figures indicate a median age of 27.9 and, in the State of Texas, 26.4.

Various reasons are attributed to the changes that have been taking place in the age pattern. A principal one is the low birth rate that prevails. There has been a dramatic shift, in most parts of the country, in the child-bearing attitudes of the modern woman. The trend is to smaller families.

The Census Bureau finds that women under 30 are having children at lower rates and are spacing them to a greater extent than did women of the previous generation.

While the reports do not show the degree to which the pill and other relatively

new techniques of family planning are responsible for the drop, it declares that they have "undoubtedly been a contributing factor."

Among young adults, the tendency these days is to marry at a later age. And when they do, they plan to have fewer children than their elders had.

The figures bear out this trend, a recent study by the Census Bureau indicates. It used an index called "fertility ratio" in this connection. The ratio represents the number of children under the age of five in each community for every 1,000 women who are in the normal child-bearing ages.

See DOLINKS, page 2a

Rites tentative for Mrs. Fowler, daughter

Services are tentively set for Mrs. Joanne Fowler and her daughter, Janna, at 10 a.m. Friday in First Missionary Baptist Church in Morton.

Mrs. Fowler, 28, and her 16-month-old daughter were killed Tuesday in a two-car accident seven miles south of Gatesville. A son, Joel, aged four, was also in the automobile at the time of the accident and is hospitalized in Gatesville. The extent of his injuries are unknown.

Mrs. Fowler is the daughter of Mr. and Mrs. Ray Tarlton of Morton and was born and raised here. She and her husband, Joe, also a former Morton resident, and their three children were making their home in Mound at the time of the accident.

Singleton Funeral Home is in charge of arrangements.

★ Batter up!!

An organizational meeting and election of officers for Babe Ruth League will be held at 7:30 p.m. Monday, February 28, at the Tic Toc Restaurant.

The Babe Ruth League is for young men age 13 through 18.

All parents and interested persons are urged to attend this important meeting.

TEXANS GROW 'EM BIG . . .

THE TEXAS SIZE CARROT, displayed above by Mike Ramsey, left, and Chad Sayers, was grown in the truck garden of Mrs. Coy T. Sullivan and could be a record for size and weight [if one knew where to go to find the carrot record book]. It measures 20 inches in diameter and weighs in at a hefty 4-3/4 lbs. The expressions displayed make it easy to judge who likes carrots and who don't.

Millar, Kuehler file for school election

Two more names joined the list, bringing to four the number of candidates who have filed for seats on the Morton Independent School District Board of Education.

Jimmy Millar and Ben Kuehler, both of whom farm and both of whom have children in the Morton schools threw their hats in the ring late last week. They join Mrs. N. L. Dubberly and Hub Cadenhead who had filed at an earlier date.

The race will be for the two seats held by C. E. Dolle and Truman Anglin, whose terms are expiring. Both positions will be three year terms. Neither incumbent has indicated by press time whether or not he would be a candidate to succeed himself.

PRUNING DAMAGED PLANTS — Delay pruning freeze damaged plants until new growth starts, advises Everett Janne, Extension landscape horticulturist. New growth will pinpoint the dividing line between live and damaged tissue so you can tell where to cut without removing too much wood. Freeze damaged plants should receive special care this spring, such as proper watering and fertilization.

You don't have to retire to be eligible for Medicare. If you are age 65 or older, or soon will be 65, you should call your nearest social security office — you probably can enroll in Medicare without leaving your home or office.

Accent on health

Drug dependent persons in Texas now have a place to turn.

In 10 Texas cities, methadone treatment centers are in operation to provide addicts with a synthetic narcotic drug substitute for heroin. The maintenance clinics are licensed and regulated by the Texas State Department of Health.

Guidelines for the methadone program were drawn up last fall by the Advisory Committee on Synthetic Drugs. Rules, regulations, and standards were drawn under authority of House Bill 139 of the 62nd Legislature.

At present there are 13 clinics operating in 10 cities — Austin, San Antonio, Houston, Dallas, Fort Worth, Lubbock, El Paso, Corpus Christi, Harlingen, and McAllen. These 13 are now operating under permits from the State Health Department. All methadone maintenance clinics must undergo inspection and be licensed by the State Health Department to operate.

In addition to the licensed clinics, private physicians may use methadone with a private patient without permit for withdrawal purposes only. The withdrawal period cannot be longer than six weeks and methadone cannot be administered to the same patient more often than every three months. The primary problem with the withdrawal program is the low success rate in keeping a patient off of heroin.

The synthetic narcotics maintenance programs are another story, however, and programs with longer maintenance of drug-dependent persons must have permits and conform to guidelines of the advisory committee.

Why has the maintenance program become a useful tool in the treatment of drug addiction? Persons on a maintenance program haven't really kicked the need for narcotics, but they are able to perform their normal jobs, care for their children, and attend school by using the narcotic drug substitute. But even after using methadone, they cannot release themselves from their drug dependence without going through total withdrawal, for methadone is an addicting narcotic just like heroin.

Research is underway now to find a substance to take the addict off of methadone. Some researchers believe they may be on the track of a type of "immunizing agent" that would block the effects of heroin over long periods of time, and not produce an addiction to the new substance.

One dead, two injured January accident toll

The Texas Highway Patrol investigated three accidents on rural highways in Cochran County during the month of January, according to Sergeant Pirtle, Highway Patrol supervisor of this area.

These crashes resulted in one person killed and two persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for January, 1972 shows a total of 500 accidents resulting in nine persons killed and 217 persons injured as compared to January, 1971 with 467 accidents resulting in 17 persons killed and 235 persons injured.

Also during 1971, Lubbock County's 511 traffic accidents was the highest number recorded by any county of the Lubbock Department of Public Safety Region. Parker County ranked second with 429 accidents.

The nine traffic deaths for the month of January, 1972 occurred in the following counties: Lubbock, 3; Pal Pinto, 2; Cochran, Garza, Gray and Wheeler, one each.

New cotton handling, storage systems can save \$24 per bale

Officials of Cotton Incorporated joined Texas researchers Friday to demonstrate two new seed cotton handling and storage systems, either of which can save producers up to \$24 per bale in the costs of harvesting, storing and ginning.

Observers saw the mechanical turn-over ricking and loading system, introduced last year, and a new mechanical module builder and loading system, still in the prototype stage but expected to be operational in time for the harvest this year.

Both systems involve machinery which compresses seed cotton into free-standing forms that can be stored in the field until the cotton is scheduled for ginning.

Both were made possible by producers through research sponsored by Cotton Incorporated, their dollar-per-bale research, sales and marketing organization.

Participants in the demonstration were J. K. ("Farmer") Jones, manager of mechanization research for Cotton Incorporated, Dr. Milton Smith of Texas Tech University, Professor Lambert Wilkes of Texas A&M University and Emerson Tucker of the Plains Cotton Cooperative Association of Lubbock.

Dr. Smith conducted the demonstration of the turn-over ricking system, which was developed in a research project he directed for Cotton Incorporated at Texas Tech. The rick compactor formed free-standing ricks of various lengths on the ground.

The turn-over ricking system was used by over 60 producers on the Texas High Plains last year. More are expected to adopt it this year.

The module builder and loading system

was demonstrated by Professor Emerson Tucker, head of a team of agricultural engineers at Texas A&M who are developing the mechanisms for Cotton Incorporated.

The module builder compacted the seed cotton from stalk to baled moisture. It was designed specifically for use in the rain belt.

Emerson Tucker demonstrated a pressed seed cotton opening device automatic gin feeding.

Farmer Jones explained to the group of producers, ginners, researchers, officials, extension specialists and machinery manufacturers that before a producer considers the new systems, he should take a new look at all operations involved in moving cotton from stalk to baled cotton.

All the different operations added to an integrated system, Jones said, including the economic factors relating to one phase of the system will affect the overall economic factors relating to the producer should analyze his system fully to be sure he can realize a profit return on the capital investment of the new systems would require should analyze his system carefully to be sure he can realize a profitable return on the new systems would require.

Both new systems can eliminate trailer bottlenecks that tie up machinery during the harvest, and can lead to substantial reductions in field and at the gin.

In addition, field efficiency of harvest is improved and ginning operations can be scheduled over a longer period.

Texas horseowners urged: get 'jump' on dread disease

Horseowners throughout Texas are urged to "get the jump" on VEE, Venezuelan equine encephalomyelitis, that deadly sleeping sickness of horses. All horses that were not vaccinated last year should be vaccinated as soon as possible.

It was less than a year ago that the disease swept into the state from Mexico, killing hundreds of horses in its path.

The 1972 campaign against VEE calls for vaccination of all equidae (horses, mules and donkeys) not vaccinated last year, points out Dr. James Armstrong, veterinarian with the Texas Agricultural Extension Service. In addition to Texas, the vaccination campaign will include the Gulf Coast states and states adjoining Mexico. All these states have been designated "high risk" states by the U.S. Department of Agriculture.

Armstrong lists four categories of horses that should be vaccinated now: (1) unvaccinated horses that have recently moved into the state; (2) foals born since last year's vaccination drive; (3) foals vaccinated under six months of age; (4) horses that were overlooked and never vaccinated.

Officials of the USDA's Animal and Plant Health Service believe that VEE will break out again even though the disease

case was confined to 25 Texas counties in 1971. So, it's important to vaccinate now before mosquitoes which transmit the disease emerge in the warm months ahead, emphasizes Armstrong.

This year the vaccination program will be conducted at the horse owner's expense. Commercial vaccine is available but must be administered by a veterinarian.

Vaccination will provide immunity more than a year and possibly longer, notes Armstrong. If there is some question as to whether horses were vaccinated last year, it is best to vaccinate now.

Texas is still under federal quarantine for VEE. Thus horses must have been vaccinated for VEE at least 14 days before being allowed to leave the state or other areas, explains the veterinarian. Horses for interstate shipment must be accompanied by a vaccination certificate with individual animals identified by tattoo or other means.

About 92 percent of Texas' entire horse population of 625,000 head were vaccinated in 1971. Almost 800 Texas horsemen participated in the vaccination campaign. More than 2.8 million horses were vaccinated in 19 states and the District of Columbia last year.

FCA's Weekend of Champions will feature famous athletes

Roger Staubach, who led the Dallas Cowboys to a Super-Bowl victory, will headline a long list of nationally known athletes in Lubbock's Fellowship of Christian Athletes "Weekend of Champions" March 3, 4, and 5.

Along with Staubach, another Cowboy, John Niland will appear at the Sunday Rally at the Lubbock Coliseum.

Others to attend the "Weekend of Champions," include, Terry Bradshaw of the Pittsburgh Steelers, Ray Perkins and Ray May of the Baltimore Colts, and Paul Crane and Don Maynard of the New York Jets.

Other notables will include Pettus Norman, Mike McCoy, Jim Lindsey, Ed Moon and Bill Glass.

Also here will be FCA regulars, Ray Hildebrand, Nationally known singer, who wrote and recorded the popular hit "Hey Paula," Bunny Stewart's Yo-Yo Champion, Trampolinetist George Henry, and FCA State Regional Director Bill Krisher. He was an All-American football player at Oklahoma.

The FCA "Weekend of Champions" will be kicked off Friday March 3 by the stars of the football world sports at Lubbock High Schools and Junior High Schools before and after school, at before civic and service clubs; and inter-classes programs at various schools; and at school assemblies.

Saturday March 4th, the FCA Lubbock Adult Chapter will host a coaches' luncheon at Lubbock High School new Gymnasium at 18th and Avenue C. The clinic, which will begin at 10 a.m. will be conducted by Texas Tech Coach, Jim Carlen, Baylor Coach, Teaff, and Abilene Cooper Coach, Green.

During the coaching clinic Jr. High School athletes will have an opportunity to meet with the professional Texas Tech FCA members and being athletes will direct the youngsters in a "Dog Patch Olympics" Saturday.

The visiting athletes will be guests at the Texas Tech-Texas A&M game will present the half time program.

Sunday, March 5th, the visiting athletes will occupy pulpits at various churches around the city and will visit various Sunday School classes.

Culmination of the three day "Weekend of Champions" will be a rally at the back Municipal Coliseum beginning 7 p.m. Some 10 thousand persons are expected to attend. There will be a mission and everyone on the South Plains is invited to attend.

Dolinks...

from page one

The ratio for Cochran County, which was 587 back in 1960, is now 425, comparing favorably with the ratios in many sections of the country. In the United States it is 352, and in the West South Central States, 369.

Mrs. Annie Moore and her sister, Mrs. Bessie Hawkins, visited relatives in Center and attended the funeral service for their cousin.

A young worker who is earning an average of \$400 a month and has 3 or more children could expect his family to receive \$350 a month in social security benefits if he becomes disabled or dies. If he averages \$200 a month, his family could receive \$192.90 in social security benefits.

YM 'Tacky party' held in Hall home

Mrs. John Hall was hostess for a YM Club "tacky party" in her home February 3.

The meeting was called to order by the president, Mrs. Dalton Redman. Roll call was answered with the members' favorite comedian.

Mrs. Redman announced that club reports had been mailed and she asked that all bills be turned in to the treasurer. Members voted to donate money for a gift for the Caprock District president and to pay membership dues to Friends of the Library.

Present for the meeting were: Mmes Royal Berggren, Douglas Betts, Max Clark, Hall, Robbie Key, Donald Masten, Dexter Nebbutt, Redman, Ralph Ware, Jerry Winder, Weldon Wynn, Robert Yearly and Eugene Van Story.

COMPLETES BASIC TRAINING

AIRMAN ROBERT A. VINSON, son of Mr. and Mrs. Robert J. Vinson of 312 S.E. Sixth, Morton, Tex., has completed his U.S. Air Force basic training at the Air Training Command's Lackland AFB, Tex. He has been assigned to Lowry AFB, Colo., for training in the supply field. Airman Vinson, a 1971 graduate of Morton High School, attended South Plains College, Levelland, Tex.

About local folks

NOTICE —

NOTICE OF BOND ELECTION
THE STATE OF TEXAS
COUNTIES OF COCHRAN AND HOCKLEY
WHITEFACE INDEPENDENT SCHOOL DISTRICT
TO THE RESIDENT QUALIFIED ELECTORS OF THE WHITEFACE INDEPENDENT SCHOOL DISTRICT INCLUDING THOSE WHO OWN TAXABLE PROPERTY IN SAID DISTRICT AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held in WHITEFACE INDEPENDENT SCHOOL DISTRICT on the 14th day of March, 1972, in obedience to a resolution and order duly rendered by the Board of Trustees of said School District, which is attached hereto and made a part of this Notice for all intents and purposes.

WITNESS MY HAND AND SEAL OF SAID DISTRICT, this the 21st day of February, 1972.

M. L. Mosley
Secretary, Board of Trustees
Whiteface Independent School District

RESOLUTION AND ORDER CALLING BOND ELECTION
THE STATE OF TEXAS
COUNTIES OF COCHRAN AND HOCKLEY

WHEREAS, the Board of Trustees of the WHITEFACE INDEPENDENT SCHOOL DISTRICT is authorized to levy a maintenance tax under the provisions of Article 2784e-1 as the result of an election held within the District on the 8th day of July, 1961; and

WHEREAS, the Board of Trustees of the WHITEFACE INDEPENDENT SCHOOL DISTRICT deems it advisable to issue bonds under the provisions of Chapter 20 of the Texas Education Code by submitting (at an election called for the purpose) the proposition hereinafter set forth; therefore

BE IT RESOLVED AND ORDERED BY THE BOARD OF TRUSTEES OF WHITEFACE INDEPENDENT SCHOOL DISTRICT:

SECTION 1: That said election shall be held on the 14th day of March, 1972, at the School Administration Building, Whiteface, Texas, and the entire District shall constitute one election precinct for said election.

SECTION 2: That the following named persons are hereby appointed officers of the election:

HAROLD HARRISON Presiding Judge
WADE TAYLOR Alternate Presiding Judge

The Presiding Judge shall appoint not less than two nor more than three qualified clerks to serve and assist in holding said election; provided that if the Presiding Judge herein appointed actually serves, the Alternate Presiding Judge shall be one of the clerks.

On election day the polls shall be open from 8:00 A.M. to 7:00 P.M.

Mrs. Allene Falser is hereby appointed as the Clerk for absentee voting for said election, and the School Administration Office in said District, Whiteface, Texas, is hereby designated as the place at which absentee voting shall be conducted for said election. For the period absentee voting is permitted by law, the hours designated for absentee voting shall be from 8:00 A.M. to 4:00 P.M. on each day except Saturdays, Sundays and official State holidays.

SECTION 3: That at said election the following proposition shall be submitted: "SHALL the Board of Trustees of the WHITEFACE INDEPENDENT SCHOOL

DISTRICT of Cochran and Hockley Counties, Texas, be authorized and empowered to issue the bonds of said District to the amount of THREE HUNDRED THOUSAND DOLLARS (\$300,000) for school building purposes, to wit: the construction and equipment of school buildings in the District and the purchase of the necessary sites therefor, and shall here be pledged and levied assessed and collected annually ad valorem taxes on all taxable property in the District sufficient, without limit as to rate or amount, to pay the principal of and interest on said bonds as the same become due, said bonds to be issued in one or more series or issues to mature serially or otherwise not more than FORTY (40) years from their date, and to bear interest at such rate or rates as in its discretion the Board of Trustees shall determine"

SECTION 4: That the official ballots for said election shall be prepared in accordance with V.A.T.S. Election Code, so as to permit the electors to vote "FOR" or "AGAINST" the aforesaid proposition which shall be set forth in substantially the following form:

"THE ISSUANCE OF BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF"

The word "FOR" and beneath it the word "AGAINST" shall be made to appear on the left of said proposition. A square shall be printed on the left of each of the words "FOR" and "AGAINST" and each elector shall place an "X" in the square beside the statement indicating the way he wishes to vote.

SECTION 5: All resident qualified electors of the District, including those who own taxable property in said District and who have duly rendered the same for taxation, shall be permitted to vote at said election. At said election two separate ballot boxes shall be provided at each polling place. In one box only resident qualified electors who own taxable property and who have duly rendered the same for taxation shall be allowed to vote. In another box all resident qualified electors (who are otherwise qualified but do not own taxable property which has been duly rendered for taxation) shall be allowed to vote. The votes cast in each of said boxes shall be recorded, returned and canvassed in such manner as will reflect separately the votes cast by the qualified electors who own taxable property and who have duly rendered the same for taxation from the votes cast by all qualified electors (including those who own taxable property and who have duly rendered the same for taxation).

SECTION 6: A substantial copy of this resolution and order shall serve as proper notice of said election and said notice shall be published one time at least ten (10) days prior to the date set for the election in a newspaper of general circulation in the District.

PASSED AND APPROVED, this the 21st day of February, 1972.

D. D. Marshall
President, Board of Trustees
Whiteface Independent School District

ORDINANCE NO. 3-65
DOG AND CAT ORDINANCE

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MORTON, TEXAS, SECTION 1. Definition of terms. As used in this ordinance, unless context otherwise indicates:

a. "Dog" shall be intended to mean both male and female.

b. "Cat" shall be intended to mean both male and female.

c. "Owner" shall be intended to mean any person or persons, firm, association or corporation owning, keeping, or harboring a dog.

d. "At Large" shall be intended to mean off the premises of the owner, and not under the control of the owner or a member of its immediate family either by leash, cord, chain or otherwise.

SECTION 2. License and Registration Required. All dogs and/or cats kept, harbored, or maintained by their owners in the City of Morton shall be licensed and registered if over seven months of age. Dog and/or cat licenses shall be issued by the City Assessor-Collector upon payment of their license tax of \$4.00 for each male or female dog and/or cat. The owner shall state at the time application is made for such license and upon forms provided for such purpose his name and address and name, breed, color and sex of each dog and/or cat owned or kept by him. The provisions of this Section shall not be intended to apply to dogs and/or cats, whose owners are non-residents temporarily within the City, not to exceed 15 days, nor to dogs and/or cats brought into the City for the purpose of participating in any dog and/or cat show, nor to "seeing-eye" dogs properly trained to assist blind persons when such dogs are actually being used by blind persons for the purpose of aiding them in going from place to place.

SECTION 3. Tag and Collar. Upon payment of the license fee the City Assessor-Collector shall issue to the owner a license certificate and a metallic tag for each dog and/or cat so licensed. The shape thereon showing the year for which it was issued and the number corresponding with the number on the certificate. Every owner shall be required to provide each dog and/or cat with a collar to which the license tag must be affixed and shall see that the collar and tag are constantly worn. In case a dog and/or cat tag is lost or destroyed, a duplicate will be issued by the City Assessor-Collector upon presentation of a receipt showing the payment of the license fee for the current year and the payment of a \$1.00 fee for such duplicate. Dog and/or cat tags shall not be transferable from one dog and/or cat to another and no refund shall be made on any dog and/or cat license fee because of death of the dog and/or cat or the owners leaving the City before expiration of the license.

SECTION 4. Impounding. The Chief of Police shall designate a special officer to be known and designated as the DOG CATCHER, whose duty it shall be to carry out the terms of this ordinance. It shall be the duty of the DOG CATCHER to apprehend any dog and/or cat found running at large contrary to the provisions of this ordinance and to impound such dog and/or cat in the city pound or other suitable place. The pound master upon receiving any dog and/or cat shall make a complete registry, entering the breed, color and sex of such dog and/or cat and whether licensed. If licensed he shall enter the name and address of the owner and the number of the license tag.

SECTION 5. Notice to owner and redemption. Not later than three days after the impounding of any dog and/or cat the owner shall be notified or if the owner of the dog and/or cat is unknown written notice shall be posted for three days at a conspicuous place in the City Hall describing the dog and/or cat and the place and time of taking. The owner of the dog and/or cat so impounded may claim such dog and/or cat upon payment of the license fee, if unpaid, and of all costs and charges incurred by the City of Morton for impounding and maintenance of said dog and/or cat. Following charges shall be paid to the Assessor-Collector for impounding any dog and/or cat:

For keeping any dog and/or cat — \$2.00 per day

SECTION 6. Disposition of unclaimed or infected dogs and/or cats. It shall be the duty of the pound master to keep all dogs and/or cats so impounded for a period of five days. If at the expiration of five days from the date of notice to the owner or the posting of notice such license dog and/or cat required by law deemed and may be destroyed. Any unlicensed dog and/or cat require by law to be licensed, or any dog and/or cat which appears to be suffering from rabies

or affected with hydrophobia, mange or other infectious or dangerous disease shall not be released, but may be forthwith destroyed.

SECTION 7. Confinement of certain dogs and/or cats. No dog and/or cat of fierce, dangerous or vicious propensities, and no female dog and/or cat in heat, whether licensed or not, shall be allowed to run at large or upon the premises of one other than the owner. If any such dog and/or cat is found running at large in violation of this provision it shall be taken up and impounded and shall not be released except upon approval of the Chief of Police after payment of the fees provided in Section 5; provided, however, that if any dangerous, fierce or vicious dog and/or cat so found at large cannot be safely taken up and impounded such dog and/or cat may be slain by any policeman.

SECTION 8. Muzzling. Whenever it becomes necessary to safeguard the public from the dangers of hydrophobia, the Mayor, if he deems it necessary, shall issue a proclamation ordering every person owning or keeping a dog and/or cat to confine it securely on his premises unless such dog and/or cat have a muzzle of sufficient strength to prevent its biting any person. Any unmuzzled dog and/or cat running at large during the time of the proclamation shall be seized and impounded unless noticeably infected with rabies. All dogs and/or cats so noticeably infected with rabies and displaying vicious propensities may be killed by any police officer, without notice to the owner. Dogs and/or cats impounded during the period of such proclamation shall, if claimed within five days, be released to the owner, unless infected with rabies, upon payment of the impounding charges provided for in Section 5. If unclaimed after that period such dog and/or cat may be summarily destroyed.

SECTION 9. Rabies Notice. If a dog and/or cat is believed to have rabies or has been bitten by a dog and/or cat suspected of having rabies, such dog and/or cat shall be confined by a leash or chain on the owner's premises and shall be placed under the observation of a veterinarian at the expense of the owner for a period of two weeks. The owner shall notify the Chief of Police of the fact that his dog and/or cat has been exposed to rabies and at his discretion the Chief of Police is empowered to have such dog and/or cat removed from the owner's premises to a veterinary hospital and there placed under observation for a period of two weeks at the expense of the owner. It shall be unlawful for any person knowing or suspecting a dog and/or cat to have rabies to allow such dog and/or cat to be taken off his premises or beyond the limits of the City without the written permission of the Chief of Police. Every owner or other person upon ascertaining a dog and/or cat as rabid shall immediately notify the Chief of Police who shall either remove the dog and/or cat to the pound if possible, and if not, to summarily destroy it.

SECTION 10. Vaccination. It shall be unlawful for the owner of any dog and/or cat to keep, maintain, or allow such dog and/or cat to run at large unless it shall have been vaccinated by a licensed veterinarian with anti-rabies vaccine. All dogs and/or cats within the City of Morton, Texas, are hereby required to be vaccinated against rabies by a licensed veterinarian on or before Sept. 2, 1965, and each year thereafter at the owner's expense. Before any dog and/or cat license shall be issued by the Assessor-Collector the owner must present a licensed veterinarian's certificate to the effect that the dog and/or cat has been vaccinated within the preceding 90 days.

SECTION 11. Penalties.

a. Any person who shall willfully take from any dog and/or cat a collar or tag shall be deemed guilty of a misdemeanor and upon conviction shall be fined in any sum not to exceed \$100.00.

b. Any person violating any provision of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding \$100.00.

This ordinance was introduced, passed and approved upon first reading this the 28th day of June, 1965, by a majority vote of all City Councilmen present, there being a quorum present.

COUNTY AGENT NEWS

From the Office of Roy L. McClung, Jr.

This past week several Cochran County families were represented at the Southwest International Livestock Show at El Paso, Texas. The 4-H FFA boys and girls found the livestock show plenty tough in competition but made a good showing and represented themselves and Cochran County well.

Exhibiting animals under the 4-H colors were Le Ann Dunlap of Whiteface with lambs, Trey McClung and Barry Zuber both of Morton, exhibiting lambs and Barry also showed three pigs, Mark Dewbre and Ronnie Richardson, both exhibiting steers. Members of the Whiteface FFA Chapter participating were Tim Schooler and Bradley Akin both showing lambs with help from Tommy Lewis, the past Chapter President.

Animals placing in the show were as follows: Le Ann Dunlap showed the 11th and 11th place heavyweight southern lambs and Bradley Akin had the 17th and 17th place fine wool lambs, Barry Zuber showed the 2nd place medium weight Poland barrow.

Accompanying the boys and girls on the El Paso trip were the Whiteface Chapter Advisor Wendell Dunlap and wife; Mr. and Mrs. Edward Dewbre and Russell; Mr. and Mrs. Doug Dewbre and Lori; Mr. and Mrs. Homer Richardson, Connie and Belinda; and County agent Roy McClung and wife.

Stock Show time is here with the 4-H and FFA boys and girls making preparations to exhibit their animals at the Cochran County Livestock Show to be held March 6-7 at the County Show Barns in Morton. These boys and girls have worked hard and we can hope that everyone will encourage their projects. After all, if we adults of our community are not interested in their projects why should we be the boys and girls to be interested in times it is amazing what a small amount or a word of encouragement can do. Put March 6-7 on your calendar, come out to watch our boys and girls play their projects.

Winter is time for rat control. Eliminate costly rats and mice on your premises during the winter. Biological conditions make a control program more effective.

The reproductive rate of rats is high in winter, and a shortage of food makes them more likely to take bait. Rats also die from diseases and predators prey on them during colder periods. Cold weather drives rats into homes.

Every rat getting room and board on farms — and homes throughout the state is eating valuable food and causing damage. Rats also carry dangerous diseases which may infect both animals and man.

The rat's sources of food are grain, livestock feed and pet food. They may keep rats from nesting in feed by placing grain and feed sacks six inches off the floor. Keep garbage refuse in tightly covered metal cans. All food stored should be in rat proof building, rooms or containers.

Rats and mice seek shelter in warm storage areas and places that are dense weed growth. They like warm trash piles and old sheds that are often, such places should be either destroyed or buildings that are for storage of feed or grain should be rat proofed by sealing all entrance, except doors and windows with wire cloth or metal flashing.

Fix any leaky faucets and other sources of water around grain storage. Baiting the habitat is a good starting eradication program. However, bait stations should also be set up in areas where rats are likely to be. Baiting is only effective if most sources of food have been eliminated. The bait stations are continually checked with bait.

LEGAL NOTICE

Bids will be taken at the office of the Whiteface School Superintendent until 7:30 P.M. on March 13, 1972, on two 1966 Chevrolet, 6-cylinder, 48-passenger, schoolbuses. Both are in very good condition.

The Board reserves the right to refuse any and all bids. The successful bidder may take possession on May 19, 1972. Buses may be inspected at the schoolbus barn between 8:30 A.M. and 3:30 P.M. Contact Supt. R. K. Sams for bid sheets.

Capital NEWS

By BILL BOYKIN

MORTON, Tex. — Insurance again made headline news on three fronts here. The State Insurance Board said, will lower premium rates for hundreds of thousands of Texas homeowners. Insurers threatened to "put the state insurance business" unless rates were reduced for a new catastrophe pool designed to protect hurricane and other high-risk areas. American Insurance Association offered to "guarantee" that no-into insurance in Texas would bring

a minimum cut of 25 per cent in bodily injury and property damage coverage rates. New homeowners' insurance rates are expected to be issued May 1, effective June 1. A federal price commission order of a 37.5 per cent cut in the Board's "trend factor" (aimed at keeping rates up with normal inflation) may mean a reduction of 2.1 per cent in the Central Inland Territory. Usual rating formulas would have meant an increase of 5.9 per cent there. While most fire and extended coverage

rates will go up, the rise will be lower than expected due to new federal limits. The State Insurance Board proposes to cut catastrophe pool rates for non-beach property about a third. Insurance companies strongly resisted. Legislators at a rate hearing retorted that the state may have to get into the insurance business. Under the pool, authorized last year by the legislature, insurance companies are required to join in providing coverage for areas of the coast which cannot buy policies in the regular market.

The State Board of Insurance is studying effects of various no-fault insurance plans which provide compensation from a driver's own policy regardless of whether he was at fault in an accident. MORE TIME SOUGHT Texas is seeking more time to avoid loss of \$24 million in highway funds. Gov. Preston Smith has asked U. S. Secretary of Transportation John Volpe to extend the deadline for adopting prohibitions against additional erection of billboards adjacent to interstate and primary highways. A transportation department hearing officer proposed a May 31 deadline for the state act. Smith asked until September 1, start of the new fiscal year.

The Governor noted a special session of the legislature must be called to enact appropriations for the fiscal year beginning September 1. The session may be timed before May 31, Smith said, but a later date would be "preferable." Lt. Gov. Ben Barnes said the potential penalty of \$24 million for lack of a bill-board act demands that Smith call an immediate special session of the legislature.

BRINE DISCHARGES HIT — Parks and Wildlife Department Executive Director James Cross told a Senate study committee the Railroad Commission overruled 100 P.W.D. objections to brine discharges into public waters last year. The Railroad Commission has authority to permit the discharges from oil field operations, although P.W.D. has assigned responsibilities to protect marine life. A Commission staff member could remember no case where an oil operator's application for a discharge permit has been turned down. He said the Commission attempts to "educate" operators to avoid oil spills or threatens to revoke production allowances where conditions appear likely to cause spillage. Cross suggested reviving of a bill to authorize the state to demand compensation for fish kills due to pollution.

AG OPINIONS — Atty. Gen Crawford

Martin held the state cannot pay the cost of primary elections without legislative authorization and appropriation, but he went back to a Dallas federal court for guidance. In other recent opinions, Martin concluded:

The Legislative Property Tax Committee can employ attorneys and purchase or rent a law library for its codification research. The same committee, headed by Sen. James S. Bates of Edinburg, must purchase its supplies, materials and equipment through the State Board of Control as all other departments of state government do. Texas State Technical Institute has no authority to grant baccalaureate or bachelor degrees in technical education or technology at its James Connally campus in Waco.

Texas Water Quality Board and Water Development Board must approve state loans to local governments for construction of waste water treatment facilities. A private non-profit water supply corporation cannot receive financial assistance from the state.

OIL ALLOWABLE SOARS — Texas Railroad Commission lifted the oil production allowable to 86 per cent of potential — highest in 13 months and third highest since "wide open" days right after World War II. At the same time, Chairman Byron Tunnell warned that crude oil stocks — at 87.9 million barrels — are the lowest since 1966 and 20.2 million barrels less than a year ago. Tunnell said pumping at the rate of a year ago would yield 100,000 barrels a day less oil.

Highest previous allowables since post-World War II days were 87.3 per cent in November 1970 and 87 per cent in October 1970. Maximum production for March is 4,074,850 barrels a day.

FEED LOT RULE REWRITE ORDERED — Texas Water Quality Board staff members have been ordered to rewrite a proposed regulation which would permit WQB Executive Director Hugh Yantis to issue or deny feed lot permits. Both ecologists and cattle and poultry raisers opposed allowing Yantis such authority without requirement of notice or public hearing. Cattle and poultry industry spokesmen expressed doubt they could comply and opposed defining agricultural wastes as "ecological contaminants."

COURTS SPEAK — Texas Supreme Court will consider March 22 whether Southwestern Bell Telephone Company

was justified in building a parking lot at its Spring Valley office after the city said it couldn't.

The High Court heard arguments that Rusk Mayor E. H. Whitehead should be allowed to run for the legislature (from District 15, Leon, Houston, Limestone and Cherokee counties). A decision is expected before February 28, when candidates draw for ballot places.

Supreme Court judges will hear March 15 an appeal over constitutionality of requiring a minor to conform to an Odessa city charter regulation on personal injury damages. Conviction of a Corpus Christi film projectionist for exhibiting obscene movies was reversed by the Court of Criminal Appeals.

APPOINTMENTS Governor Smith named as the first Texas student ever to serve on a state university board of regents Richard Allen Moore III, a black law student at the University of Texas. Moore, 28, will be a regent at Texas Southern University, Houston. Wells Stewart of Houston was reappointed to the same board. Margarette E. Mayhall of Austin, Dr. Aram Glorig of Dallas and Dr. Harold N. Williams of El Paso were reappointed to the Texas Board of Examiners in the fitting and Dispensing of Hearing Aids.

SHORT SNORTS — State Securities Commissioner Truman G. Holladay will retire effective April 1 and will be succeeded by his deputy, Roy W. Mauer, 37. Parks and Wildlife Commission is expected to review the Mustang Island purchase controversy at a Friday (Feb. 25) meeting.

Sen. John G. Tower designated as his re-election campaign manager Mrs. Nola Smith of Austin, first Texas woman to run a statewide campaign.

Republican National Committeeman Peter O'Donnell Jr. of Dallas resigned his job; a successor will be named March 13.

Guidelines for implementing a new quarter system for Texas schools were reviewed here last week.

A record turnover in both the House and Senate is seen.

April 2-8 is Environmental Education Week.

Mrs. S. A. Ramsey and Mrs. Gerald Ramsey attended a coffee Saturday in Lubbock honoring Miss Peggy Ramsey, bride-elect of Marshall Anderson of Fort Worth. Mrs. Greg McCuller and Mrs. Donald Cisp were hostesses.

Three Way news

Mrs. L. D. Sanderson, Sr. and L. D. Sanderson, Jr. were patients in the Amherst hospital last week.

Rev. and Mrs. James Gillentine and boys from Lubbock spent Friday night with her parents, the H. W. Garvins.

Mr. and Mrs. Ferris Locke and family were honored with a house warming Friday at their new home north of Maple.

Three Way Sweetheart banquet was held Saturday evening at the XIT steak house in Muleshoe. Mr. and Mrs. Harvey Blackstone, Mr. and Mrs. Dutch Powell and Mr. and Mrs. Darrell Corkery were sponsors.

M. and Mrs. D. A. Williams and son fom Bula spent Saturday night with her parents, the George Tysons.

Mr. and Mrs. Carrol Fleming and son from Post visited their uncle, the H. W. Garvins, Saturday afternoon.

Mrs. W. B. Latimer was a medical patient in Cochran Memorial hospital in Morton the past week.

Mr. and Mrs. Rayford Masten returned home Monday from Phoenix, Arizona. Her mother returned home with them.

We wish to welcome Rev. and Mrs. Preston Harrison and boys to the community. Rev. Harrison is pastor of Three Way Baptist church.

The Three Way Lions Club met Monday night in the school cafeteria.

Decorations shown at Tops meeting

Eleven members of the Lighter Later Tops Club viewed handmade decorations at the February 16 meeting held in Fellowship Hall of the First United Methodist Church.

Mrs. Elra Oden was in charge of the program, which included both the display and playing of games.

Ruby Davis recorded the best weight loss for the week.

Mr. and Mrs. J. D. Hawthorne from Lovington, N.M. visited friends in Morton last week before going to San Antonio. Francie is now hospitalized in Santa Rosa Hospital in that city where she underwent a hip prosthesis Tuesday.

AT AUCTION

10,585 Acres DHM Trust Land

(Formerly/Guetersloh Property)

FRIDAY, FEBRUARY 25th — 10 a.m.

535 Acres Yoakum County Farm. Sale to be held on Farm 7 miles West of Bains, Texas on U.S. Hwy 380. To be offered in sections and as a whole. NO MINERALS.

FRIDAY, FEBRUARY 25th — 2:30 p.m.

650 Acres — 3 miles West of Pop, Texas in one tract lying in 4 counties. 81 Acres in Lamb County, 576 Acres in Bailey County, 1,900 Acres in Hockley County, 3,193 Acres on Cochran County. To be offered in tracts (Labors) and as a whole. 1/4 MINERALS. \$17,200.00 CAP check on 1,269 Acres.

10% Bid Deposit sale day — Balance in 60 days. If other terms are needed, contact auctioneer.

Jane Wilcox named MHS Betty Crocker Homemaker of Year

Jane Wilcox

Celia J. (Jane) Wilcox has been named Morton high school's Betty Crocker Homemaker of Tomorrow for 1972. Selected on the basis of her score in a written knowledge and attitude examination administered to senior girls last Dec. 7, she will receive a specially designed award charm from General Mills, sponsor of the annual educational program. Additionally, she is now eligible for state and national honors.

The State Homemaker of Tomorrow, to be chosen from all school winners in the state in judging centering on their performance in the Dec. 7 test, will be awarded a \$1,500 college scholarship. A complete set of Encyclopaedia Britannica will also be awarded to her school by Encyclopaedia Britannica, Inc. The second-ranking girl in the state will receive a \$500 educational grant.

In April, the 51 Betty Crocker Homemakers of Tomorrow representing every state and the District of Columbia each accompanied by a faculty adviser — will join for an expense-paid educational tour of Colonial Williamsburg, Va., and Washington, D.C. Climax of the tour will be announcement of the 1972 Betty Crocker All-American Homemaker of Tomorrow and three runners-up. To be chosen through personal observation and interviews, together with the earlier state-level judging results, they will be awarded scholarship increases to \$5,000, \$4,000, \$3,000 and \$2,000.

All judging and selection of winners in

the Betty Crocker Search is conducted by Science Research Associates, Chicago, which also constructed and grades the written examination.

More than 650,000 senior girls in over 14,500 of the nation's high schools were enrolled in this year's 18th annual Search.

Bookmobile

The High Plains Bookmobile will be in your area on the following dates.

THE INFORMED CONSUMER

BY CRAWFORD C. MARTIN
Attorney General of Texas

You have just purchased a brand new appliance. Along with your purchase you received a "fully written guarantee." You are assured by the salesman that in the unlikely event of a break down, you have nothing to worry about. Your guarantee will make good on anything that goes wrong.

Alas, your appliance fails to function properly. Armed with your guarantee you set out to obtain satisfaction. You go to the store that sold you the appliance and talk to the friendly salesman who was so helpful when you were buying the item. It is then that you discover, upon close examination of the guarantee, that the store did not guarantee the appliance, the manufacturer did.

The salesman and store manager refer you to the manufacturer's service center which nearly always is located in some distant city. You contact the manufacturer and he writes you a nice letter informing you that his company will be happy to inspect your appliance if you will send it back to them for examination at your own cost.

The service center then writes you back and tells you that the defective part was not guaranteed. Upon close scrutiny of your guarantee you find that the defec-

tive part actually is excluded from the terms of the guarantee. Occasionally the manufacturer even suggests that you may have abused the appliance thereby exempting his company from any future liability.

Perhaps you find that the part would have been covered by the guarantee if you had mailed in the card you received at the time of purchase. Your failure to do so has invalidated the guarantee and you find that the company has no obligation at all.

Another problem may arise when the store itself guarantees your new appliance for one year, both parts and labor. Now what could be wrong with this? Nothing so long as the seller stays in business and stands behind his guarantee. But if the seller goes out of business who will service your appliance under the guarantee?

Unfortunately, the average consumer in many cases has little legal recourse aside from pestering and persisting when he purchases a product that does not work. It is an old axiom but it is still true, "A guarantee is only as good as the person making it." Before you buy a guaranteed item, know the following terms of the guarantee:

1. What parts of the product are guaran-

2. Who is making the guarantee;
 3. The guarantee is for what;
 4. What will be required if warranty work is needed, that is, can you have it done in your local town or must it be sent off;
 5. What steps must be taken to validate the guarantee, an example would be returning a card to the manufacturer;
 6. What is your recourse in the event the item is defective, that is, will it be repaired or will it be replaced with a new item;
 7. For how long is the guarantee; or
 8. For whose lifetime, the product or the owner's; and
 9. Does the guarantee exclude certain uses of the product which will invalidate the guarantee.
- Remember, if you don't understand the terminology of your guarantee, ask questions before you make your purchase. Have a clear understanding at that time. After the purchase it may well be too late.

Look who's new

Nancy, daughter of Mr. and Mrs. John Dominguez. Nancy arrived at Cochran Memorial Hospital February 19 at 8:20 p.m. and weighed 6 pounds and 1 ounce.

Ms. Charles Taylor, accompanied by her daughter and family, returned to her home Friday after an absence from Morton of approximately three months. The Porters returned to their home in Pasadena Sunday.

Personals

Mr. and Mrs. Clifford Moore visited relatives in Weatherford recently. There the Kenneth Huffs visited with the family.

Mrs. Geneva Huff of Weatherford spent the weekend with her mother, Mrs. V. Cagle.

Mrs. Yvonne Neavitt visited briefly with her parents, the Joe Gipsons, during the weekend. Her daughter, Jo, student at South Plains College also visited with her parents in Morton.

Mr. and Mrs. Hume Russell spent the weekend of February 14th in Weatherford celebrating their 48th wedding anniversary. The Russells and Cliftons were married in a double ceremony and have celebrated all but two of their anniversaries together.

Mr. and Mrs. Paul Cornwell of Oklahoma City returned home Sunday assisting her mother, Mrs. C. A. Baird, in the care of her father, Chester, who was hospitalized several days in St. Mary's Hospital in Lubbock. Baird returned Saturday.

Paul Walker, 62, died Wednesday, February 16, in Methodist Hospital of a parent heart attack. Services were held in the First United Methodist Church in Lubbock. Survivors include his wife, Bessie; and a brother and sister. The Walkers were former residents of Bledsoe having lived in Cochran County several years ago. Walker farmed and raised stock. Among those who attended his services were Mr. and Mrs. Clayton Starnold, old time friends and neighbors.

Navy's recovery forces will cachet, cancel apollo mail

Carol Sheltons and Kenneth Watts... Ona Payne in Muleshoe. The occasion was Ona's birthday.

Richards enjoyed the long weekend... Pugh and family, who live in Austin.

Mrs. Carol Shelton hosted a... party for their son, Ivy Jay, last... his 6th birthday were: Amy Dub...

Mike Holland, Sherri Ann and... Mike of Houston have been visit...

Mrs. Ed W. Hester, Jr. from... visited over the weekend with...

The U. S. Navy's Manned Spacecraft Recovery forces in the Atlantic and Pacific will cachet and cancel philatelic mail for the April 16, 1972 launch of Apollo 16.

The special Apollo 16 covers will be processed through designated coordinators at Norfolk, Va., and Honolulu, Hawaii. From the Hawaii site, First Day covers will be forwarded to the recovery ship.

Atlantic covers sent to Norfolk will be processed through the local Post Office, which will use the standard "U. S. Postal Service" cancellation device.

This cancellation will not contain the name of an Atlantic recovery ship, since the Atlantic Recovery Force composition will not include a ship with postal facilities.

To ensure adequate time for handling

covers, collectors throughout the world should send pre-stamped, self-addressed envelopes to the appropriate coordinator before March 25, 1972.

Current U. S. Post Office regulations require that only United States postage may be used on covers. Cash, money orders or checks in lieu of postage cannot be accepted.

Collectors are requested to furnish standard-sized covers, 3 5/8 inches by 5 1/2 inches to simplify handling. A three-inch square should be allowed on the left-hand side of envelopes so the cachet may be applied. If adequate space is not left, the cachet cannot be applied to the front of the envelope without covering the cancellation or return address.

Each recovery force coordinator will accept only two covers per collector. When more than two are received, the extras will be returned unprocessed. Covers received too late for processing will also be returned.

Addresses for the Atlantic and Pacific area coordinators are: Atlantic: Apollo 16 Covers, Task Force 140, Naval Air Station, Norfolk, Va. 23511; and for the Pacific: Chief-in-Charge (Apollo 16) Task Force 130, Navy Terminal Post Office, Fleet Post Office, San Francisco 96610.

Cotton Talks

Directors of Lubbock-based Plains Cotton Growers, Inc. met February 17 in Lubbock, elected six members to the 25-county commodity organization's Executive Committee and agreed on numerous actions aimed at bettering the lot of High Plains cotton farmers.

Elected to the Executive Committee were W. L. Edelman of Friona, Lloyd C. Miller of Morton, J. D. Smith of Littlefield, Don Anderson of Crosbytown, Joe D. Unfred of New Home, and Lloyd Cline of Lamesa. These join the organization's officers and past presidents, including Ray Joe Riley of Hart, President; Donnell Echols of Lamesa, Board Chairman; Paul Bennett of Lamesa, Vice President; Don Marble of South Plains, Secretary Treasurer; Roy Forkner of the Canyon Community and Wilmer Smith of New Home, past presidents, to make up the full committee.

Recognizing the damaging effects of dock strikes on cotton exports, which make up some 65 percent of the market for High Plains cotton, the Board resolved to "endorse and urge passage of permanent Federal legislation giving the President of the United States power to halt such strikes in the transportation industry whenever necessary to protect agriculture and the general public."

A resolution was also passed to commend and give support to Texas legislators attempting to correct the "inequities" in trailer lighting and braking requirements imposed by the 1971 State legislature. Riley said these requirements are causing undue and unnecessary hardship and expense to farmers "without compensating benefits to agriculture or the general public."

Administration of the Federal farm program came in for considerable discussion and Board members agreed to work for (1) a higher cotton loan, more in line with the "true" 90 percent of world market price stipulated in the Agriculture Act of 1970, (2) moving the final date for certification of cotton and feed grain acreage from July 15 to August 1, and (3) permitting farmers who grow wheat to designate set-aside acreage for cotton and grain sorghum at the same time as non-wheat growers instead of May 1 as now required.

Changing the deadline for final acreage certification to August 1 was proposed by George Hudspeth, director from Brownfield, who said "It is going to be almost impossible for our county offices to provide measuring service to all farmers before July 15, and under this year's program virtually all farmers will request the service."

Don Marble brought up the fact that current rules call for growers of wheat to designate their set-aside acreage by May 1, which in almost all instances will be in advance of cotton planting and in some cases before grain sorghum or corn is planted. "This requirement will force those of us who grow all three crops to make land use decisions on cotton and feed grains which we could make a lot better at a later date," Marble said, "and as far as I can see the government gains no advantage by requiring this early designation."

Marble also objected to the Federal Highway Use Tax on farm truck-tractors that exceed 54,000 pounds gross weight, and it was agreed that this matter would be studied by the PCG Legislative Committee and a report submitted for consideration at the next Board meeting. At the request of Anderson PCG will also make a study of the Federal Crop Insurance program and make recommendations for improvements, through legislation if necessary. Anderson cited two specific examples on his farm in which Federal Crop Insurance failed to provide the protection for which it is designed, and said "If we are going to have such a program, it should be made effective."

The growing importance of forward contracting in the cotton industry was noted by President Riley, and the Board voted to sponsor "in late March if possible" a seminar on the subject to better inform producers of the advantages and disadvantages.

The formation of four new PCG committees was announced. The committees and their chairmen are: Fiber Research and Textile Development, Wilmer Smith of New Home; Standards Classing and Instrumentation, Bennett; Inter-Organizational Activities, Anderson; and Acreage and Production Estimates, Unfred. Members of the committees are to be appointed by the President.

Mrs. Neal Rose hosts 1936 Study Club meet

The 1936 Study Club met Wednesday, February 16 in the home of Mrs. Neal Rose. Mrs. John McGee and Mrs. B. H. Tucker presented the program "Women in Politics."

Mrs. McGee spoke on the life of Senator Margaret Chase Smith. She told about Mrs. Smith's early life and how she became interested in government while her husband, Clyde Smith, was a member of the House of Representatives. Following the death of her husband, she was elected to succeed him.

She also said that one of the statements people remember best that Mrs. Chase made was in June 1950 during her famous "Declaration of Conscience." "I'm not proud of the way we smear outsiders

from the floor of the Senate and hide behind the cloak of congressional immunity. It is high time we stop thinking politically as Republicans and Democrats about elections and start thinking patriotically as Americans about national security based on individual freedom. These remarks made a profound impression on her fellow legislators, and on the nation," Mrs. McGee concluded.

Mrs. Tucker reviewed the life of Eleanor Roosevelt and the profound role she played in politics. She told of the hardships Eleanor endured due to the loss of both parents at an early age and the fact that she was not a beautiful woman. She spoke of her first meeting with Franklin Roosevelt, their courtship and marriage. "Following Franklin's illness, Eleanor became more involved in politics and was called on to fill in for him many times while he was President." At the time of her death she was a delegate to the United Nations and was politically active until that time," Mrs. Tucker told the group.

In the business meeting Mrs. Gage Knox gave a report from the Area Council IFWC.

Members attending were: Mmes McGee, Tucker, Glenn Thompson, Maurice Lewallen, Rose, Knox, Hume Russell, Iva Williams, D. E. Benham, W. C. Benham, W. W. Smith, C. H. Silvers, Joe Gipson, Gehrome Holloway and Bill Sayers.

Early deadline looms for entries in state arts and crafts fair

March 3 is the deadline for Texas artists and craftsmen wishing to participate in the first annual Texas State Arts & Crafts Fair to submit their applications.

The fair, sponsored by the Texas Tourist Development Agency is to be held on the campus of Schreiner Institute, Kerrville, Texas May 31-June 4. Artists and craftsmen should address inquiries and applications to The Fair, TTDA, Box 12008, Capitol Station, Austin 78711.

Over 150 applications are presently on hand and are arriving at the rate of about ten per day.

A wide variety of talents are represented, ranging from leatherwork, sculpture and pottery and dulcimer making, weaving and blacksmithing.

Art work varies from oils and acrylics to pen and ink, pastels and watercolors. Texas landscapes and western art predominate.

The arts and crafts fair, open to Texas resident artists and craftsmen on an individual basis, will be the first of its kind in the state. Combining top quality talents in all categories of art and crafts, the fair will also exhibit many of the pioneer-type crafts that were so important to our early settlers.

Demonstrations of lye soap making, candle making, blacksmithing, sheep shearing and vegetable dyeing are just a few of the interesting ancient crafts that will entertain young and old alike.

National swine meet slated for Lubbock

The National Spotted Swine Record, Inc., announces its annual Winter Type Conference at the South Plains Fairgrounds, Lubbock, Mar. 2, 3, and 4, 1972.

The conference will feature the exhibition of spotted market and breeding animals consigned from breeders in 13 states.

The market barrow show will be held Thursday, March 2, to start the conference. All breeding stock will be exhibited March 3. The type discussion Saturday morning, March 4, will be highlighted by the National Spotted Junior Judging Contest with \$300 buying credits for the winners.

The conference will be climaxed by the national sale of breeding stock at 1:00 p.m., March 4.

Sponsoring the conference is the National Spotted Swine Record in cooperation with Texas Tech University and West Texas State University.

To Our Customers! We Have Money For Some of You!

We request that all our customers who have not picked up their seed rebate checks to please pay a visit to the gin office where your checks will be ready for you.

WE THANK YOU
