Two county races face runoff

Cochran County voters flocked to the polls in goodly numbers Saturday to decide two runoff elections and cause a certain amount of disappointment to incumbents in the state Democratic Primary.

A larger than normal turnout of approximately 71 percent of the county's registered voters cast their ballots before the polls closed at 7 p.m. Strong slates of candidates caused several of the races to be of the cliffhanger variety, with one commissioner's post being decided upon the narrow margin of only four votes.

Runoff elections were mandated for sheriff and for county commissioner of Precinct One. Of the 2,250 registered voters, 1,667 cast their ballots and 683 failed to show up at the polls and make their preferences known.

In the runoff for sheriff, C. G. Richards and Charley Ellis proved to be the best vote getters and will have their con-

frontation on June 3. Joe Beseda and Mike Walden will vie for the Precinct One commissioner's post in the runoff.

In the four-man sheriff's race, Richards received 647 votes to 416 for Ellis, 297 for Walter Sandefer and 238 for Arthur Mason. A fifth candidate, Don Lynskey, withdrew before the election.

The Precinct One commissioners race was a seven candidate affair after an 8th man, Herman Bedwell, dropped out. The vote was led by Joe Beseda with 219 and Walden, with 208, followed by Jack Wallace, 184; incumbent Leonard Coleman, 161; L. T. Lemons, 103; J. A. Love, 91 and E. C. Hale, 66.

In the two-man race for Precinct Three commissioner, H. H. Rosson managed a four vote majority over incumbent Haral Rawls by a vote of 94 to 90.

Incumbent Leonard Groves went down to defeat by his only opponent, Glen McDaniel, by a count of 693 to 889.

All other candidates in the county were running unopposed and each was assured of election in November by winning the Democratic Primary. M. C. Ledbetter won another term as District Judge and polled a total of 1,393 votes.

C. D. Ray was returned as Cochran County Democratic chairman, Dorothy Barker was re-elected Precinct One chairman, Ralph Burt was elected in Precinct Two; Mrs. Fay Ainsworth was returned in Precinct Three and T. M. Tanner was elected Precinct Four chairman.

Cochran county voters favored Barefoot Sanders over Ralph Yarborough for United States Senator by a margin of 700 to 637. The other three senatorial candidates in order were Wilson 91; Cartledge, 67 and Veloz, 48.

George Mahon, running unopposed for United States Representative for the 19th

Allsup receives bid to summer institute at Trinity University

Eddie Allsup, Morton High School math and science teacher, has been selected for participation in the National Science Foundation Summer Institute in Project Physics at Trinity University in San Antonio June 18 through August 11.

Allsup was selected from among a number of highly qualified applicants, according to Rudolph M. Gaedke, director of the NSF Summer Institute in Project Physics, and will also receive a \$600 stipend.

Objectives for the summer program is to provide participants with a thorough knowledge of the Project Physics program, including its unique broad range approach, demonstrations, outside readings, films and laboratory apparatus; to update and improve the subject matter competence of participating teachers; to assist teachers in development of skills and materials adapted to their teaching locales and situation; to provide remedial study and to bring the participating teachers into personal contact with prominent scientists in order that the interests of teachers may be stimulated.

ASCS announces new haying, grazing dates

The State Committee has authorized the Cochran County ASCS Committee to approve haying and grazing on CAP and Set Aside acres until June 14, 1972. If a farmer intends to graze his set aside or CAP land he must come to the ASCS office and make application before May 15, 1972.

The charge for grazing is \$1.00 per acre per month and for haying it is \$3.00 per acre.

If there are any questions concerning this program, contact should be made with the Cochran County ASCS Office.

Patton places fifth in state track meet

Elton Patton made his second trip to Austin this spring, and even though he did not bring home the gold medal he still placed a fine 5th against some very strong competition in the Class AA 100-yd. dash.

A heavy rain drenched the track, and Patton, who was running in the third lane found that because of drainage his lane was waterlogged. Still he managed to slog to a 10.2 second clocking while the winner, Carl Green of Refugio, ran a 9.8 race.

WINGIN' FOR THE FENCE . . .

AN UNIDENTIFIED LITTLE LEAGUER brings his bat around for his best cut the pitcher puts it over the plate in the opening game of the season Monday night. League play was scheduled to begin May 4, but play was delayed due to rain Thursday and again on Friday because of tornado warning. Two games are played in Little League Park beginning at 6:30 p.m. each Monday, Tuesday and Thursday.

Little League action off to weather-delayed start

The long-awaited cry of "Play Ball" for Morton area Little Leaguers was delayed by rain for two days, but when the game began it was fast and furious.

Coming to the front of the pack after the first two days of play are the Pirates and Cards who are both 1-0. Trailing the Cards are the Colts and Cubs who are 0-1. The Pirates and Sox who are 0-1.

Monday's opener, the Cards jumped to a 2-0 lead after 2 innings, but the Pirates scored 3 runs in the top of the 3rd to tie the lead. The Colts added 4 runs in the 4th and 1 in the 5th to keep the Cards even though the Cards scored 1 in the 5th and 3 in the 4th.

In the 6th, the Cards came up with 3 runs in the bottom of the 5th and the Colts scoreless in the 6th to ake a win. Campbell was the winning pitcher while Patton was the loser.

Country music shows slated for Whiteface

Country Western Jamborees are being planned for the Whiteface area beginning May 20. The shows will be sponsored by the Whiteface Youth Committee and will be held at the Community Center.

The first show will feature the Brownlow family and will be held at 8 p.m. Morton has been hosting Jamborees for over a year but this will be the first one held in Whiteface.

Sports . . .

The Morton High School All-Sports banquet will be held Tuesday May 16, beginning at 7:30 p.m. in the schools cafeteria, Hub Cadenhead, Athletic Booster Club President, announced early this week.

The main speaker had not been finalized when the announcement was made "but he will definitely be a player from the Dallas Cowboys world champion football team," Cadenhead stated.

Tickets for the banquet, which honors participants in all sports at the school, are available from Booster Club members or at the door.

Elton Patton

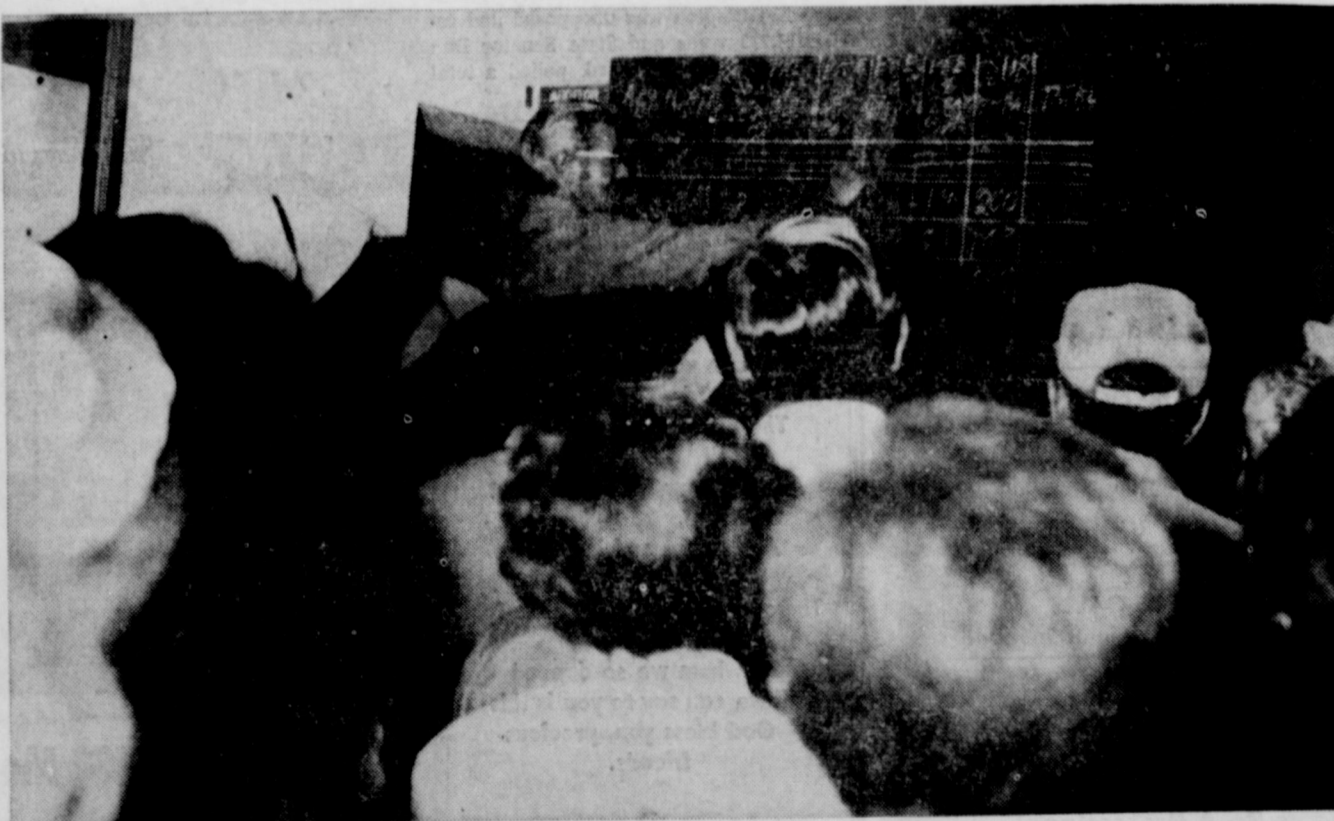

Elton Patton invited to play in coaches all-star cage game

Elton Patton, a 6.0, 180 lb. jumping guard, who capped his brilliant three year career as a Morton Indian by leading his team to the 1972 AA State Championship, added another honor to his list this past week. He was selected by the Texas High School Coaches Association to participate in the annual All-Star Basketball Game.

The game will be held in conjunction with the Coaching School to be held in Houston, and will be played on Wednesday night, August 2. Elton, who will play for the North squad, will be one of only two players selected for the All-Star team. Patton, possessor of a picture-perfect jump shot, connected on 50% of his field attempts with many of them coming from the 20-25 foot range. He totaled 47 points in three seasons for a career average of 14.3 points per game. He increased his 10.5 points per game norm as a sophomore to 10.8 as a junior, and then almost doubled that as a senior when he popped in a 20.6 average per game. An extremely versatile performer, Patton played at forward as a sophomore and junior, and then played guard, forward, and in the pivot as a senior performing in each position with an incredible degree of success.

Not only did he lead the Tribe in scoring, but he also was the leader in rebounding with 9.5 per game and in assists with 6.5 per game. Patton was also a strong defensive player as he blocked many shots during the season and intimidated many

The informed consumer

You want to borrow money to finance a new car or for some other family or household reason. What are your legal rights in relation to the one who lends you the money?

This area of the law has been significantly affected by Congress' passage of the Federal Truth-in-Lending Act of 1969. The effect of this relatively new law, which applies to items of personal property, services purchased for household uses, personal loans and many real estate transactions, is simply to require truthful and full disclosure of credit terms to you, the borrower. Lenders must now furnish the debtor with a detailed written disclosure of credit terms before credit is extended.

Included in the items which must be revealed to the borrower are the amount

of credit, total amount to be financed, dollar amount of the finance charge, finance charge expressed as an annual percentage rate, the number, amount, and due dates of payments, and default charges.

The finance charge includes the amount of the insurance premiums, service or carrying charges, investigation fees, interest, and other costs. This charge then is what the customer pays for the privilege of obtaining and using his credit.

Why have a Truth-in-Lending theory is that if all of these are specifically set forth by a person can shop and compare of borrowing from various institutions. This works to his advantage since most of us are saving money even though willing the cost of obtaining credit.

The Truth-in-Lending Act is beneficial to the borrowing consumer. By requiring the lender to disclose conspicuously the credit terms and charges

The Colts took a real thriller from the Cubs as they ran across 3 runs in the bottom of the 7th to take a narrow 4-3 win. Until the 7th inning the game had been a pitcher's duel as Saballo of the Cubs struck out 15 Colts in 6 frames while Layton blew down 13 Cubs in the same innings.

The Colts took a 1-0 lead in the 3rd, but the Cubs scored 1 run in their half of the 6th to send the game into extra innings. The Cubs then pushed across 2 runs in the top of the 7th to set the stage for the dramatic ending. Barker ended up as the winner, while B. Amallo was the loser.

Wyland Abbe receives bachelors degree

Wyland Abbe, son of Mr. and Mrs. Abbe, Route 1, Morton, received his Bachelor of Arts degree from Lubbock College during graduation ceremony Saturday, May 6.

The graduating class is the first four in the history of the college. Abbe was a junior college its first 14 but now offers the Baccalaureate major fields.

Sophomores take top honors in class basketball tourney

The sophomore class proved to be the king of the court as both the boys and girls teams captured the championships of the annual Morton High School class basketball tournament.

The boys raced to the top with a 56-29 trouncing of the seniors in the semis

and then held off the juniors 49-40 for the title. The girls took a 10-1 win over the seniors and then topped the freshmen 12-6.

The sophomore boys used a balanced scoring attack to hand the defending champions a defeat in the opening round. Mark Fluitt, Jerry Silhan, and Larry Thompson with 15, 14, and 13 points respectively were the top scorers, while Keith Embry with 16 was the only senior to make double figures.

In the title game the sophs outscored the juniors 18-11 in the 3rd quarter to put the game out of reach. Thompson with 17 points and Silhan with 11 led the winners, while Mike Gilliam and Phil Graves each had 9 for the runner-ups.

The juniors made it to the finals with a 51-31 romp over the freshmen. They jumped out to a 24-5 1st period lead and were never headed. Jimmy Harvey had 20 and Gilliam added 11 for the winners. Rex Coffman and Johnny Rozell each had 8 for the losers.

In consolation action the seniors triumphed over the frosh 58-42. Elton Patton, Embry, and Lewis had 20, 16, and 14 points respectively for the 3rd place team while Coffman led the losers with 10.

The sophomore girls followed Mary Marina's 6 points in their win over the seniors, and then used 6 big points by Donna Sanders in their triumph over the frosh. The Freshman defeated the juniors 18-16 in a double overtime to gain the finals and were led by Teri Dobson's 11 points. The juniors were topped by Mary Cadenhead who tossed in 10 points.

In the consolation game the Juniors bopped the seniors 17-12 to take 3rd place.

The class tournament was sponsored by the Morton Booster Club with proceeds going to help defray expenses of the upcoming athletic banquet.

Screwworm cases continue to mount in Texas. A total of 66 cases have been confirmed through March. Screwworms have reached as far north as Medina County and livestock producers to the north should be on the lookout and should check animals closely, especially those with wounds, cautions Dr. James Novy, veterinarian in charge of field operations for the Mission Screwworm Center. All worm samples should be sent to the Screwworm Lab, Box 969, Mission, Texas 78572.

Teachers reserved certain rights in slander cases

Billy's grouchy grandfather took such a violent dislike to the boy's homeroom teacher that he wrote a special letter of denunciation to the board of education.

"This woman is ignorant, lazy, and totally uninterested in her job," he alleged. "She just sits there and collects wages."

As it happened, Billy's teacher was both capable and energetic. When she found out about the letter, she determined to sue the grandfather for defamation of character.

At the trial, he was unable to produce even a shred of evidence to sustain his charges. Result: liability. The court said teachers need not put up with malicious charges that blacken their professional re-

putation.

Most courts agree. Still, not every mistaken statement about a teacher will support a defamation suit. Like other public employees, a teacher must "take a reasonable amount of criticism from those who are legitimately concerned with the school system."

In another case, a pupil's mother complained to the school board that a certain teacher was "not competent." But this time, even though the mother's complaint was exaggerated, she did have a substantial amount of supporting evidence.

The teacher sued — but the court ruled against her. The judge said that for the good of public education, some leeway must be allowed to its critics.

Nor is it defamation if the charge does not seriously reflect on the teacher's professional qualifications. Take this case:

A school principal, writing a report about a new teacher, described her as being "careless in writing on the blackboard." Was this statement, if untrue, enough basis for a defamation claim by the teacher?

A court ruled that it was not, because it did not really mean she was incompetent in her job. The court said it was perfectly possible for someone to be very bad at wielding chalk, yet very good at teaching children.

★ Luncheon . . .

The Cochran County Unit of the American Cancer Society will have its regular noon meeting on Tuesday, May 16, at the TIC TOC. All workers who have helped in the cancer crusade are invited to attend. This is a Dutch Luncheon.

According to O. L. Tilger, campaign chairman, wrap up of the Cancer Drive will be discussed. The interest and cooperation in this endeavor has been most gratifying.

A report from the nominating committee will also be given.

'Orderly marketing' of grain sorghum advocated by GSPA

Continuation of "orderly marketing" of grain is encouraged by the Grain Sorghum Producers Association.

Elbert Harp, GSPA Executive Director, reminded farmers that they need to sign up to "reseed" their grain sorghum that is in government loan by June 30, or it will become property of Commodity Credit Corporation.

Harp stated, "The grain sorghum farmers are to be commended for their determination to distribute the sale of grain throughout the year. This practice kept the market prices in most areas from dropping back to the loan level, as they did throughout the corn belt."

The grain market has held from 20-30 cents per hundred pounds above the loan level ever since last fall. "There is little doubt that, had everyone dumped his grain during harvest season, the market would have gone below this level. It still will if everyone suddenly decides to sell," Harp said.

The reseed program offers farmers the opportunity to hold their grain for higher prices later in the year, with CCC paying the storage after June 30. The farmer has to sign up for reseed to take advantage of this program.

If the drought continues to cut wheat production so that it will not compete with grain sorghum in feed lots; if 1972 corn and sorghum crop prospects deteriorate; and if overseas sales of grain to Russia and other countries materialize, there should be some strength in grain markets this summer.

Cotton Incorporated has crowded agenda

The Board of Directors of Cotton Incorporated, at their annual meeting here last weekend (Saturday, April 29), acted on budgets for the coming fiscal year and created three new corporate positions.

In an extended session, the board approved budgets that will continue intensified research in short season cotton, handling and storing seed cotton, flame retardance, durable press, and high-speed knitting for cotton products.

The board also gave final approval to sales and marketing plans designed to increase the consumption of cotton from the mill level down to the consumer level.

The board elected Howard Alford of Lubbock, Texas, to a new position as board chairman and E. Hervev Evans, Jr., of Laurinburg, N.C., to a new position as vice chairman.

In effect the men were re-elected to their positions as senior officers of the 46 member Board of Directors, who represent over 300,000 cotton producers. Alford had served previously as president and Evans as vice president.

The new positions reflect the growth and broadened activities of the research, sales and marketing company sponsored by growers through their dollar-per-bale program.

Evans was also reappointed chairman of the Committee on Processing, Handling Services Research.

Other board actions saw C. R. Sayre of Greenwood, Miss., reelected secretary and renamed head of the Committee on Agricultural Research.

Keith Walden of Sahuarita, Ariz., was elected to fill the vacant post of treasurer and reappointed chairman of the Committee on Marketing and Product Research.

Accessories may be good choice for Mother's Day gift

May 14 is the day to remember that special lady — mother. "If it's a gift you're considering for Mother's Day, an accessory may well be your wisest choice," advised Becky Dunlap, clothing specialist for the Texas Agricultural Extension Service at Texas A&M University. The specialist explained that the versatility of accessories helps satisfy our need for change in beauty of day-to-day activities. A basic dress or suit suddenly appears different with the addition of a new accessory item. Today's relaxed rul-

es regarding appropriate dress enable the modern woman to wear many accessories for a variety of activities and occasions. "Accessories serve as a creative outlet for expressing individuality and personality," Miss Dunlap continued. "Adapt variations of fashion looks or moods from popular influences. Today, score with the nautical, ecological, nostalgic, or Oriental look." Clothing is made more becoming to the wearer by using accessories to emphasize good features and draw attention away from others. Many accessories — jewelry, hats, scarves and pins — remain popular because they direct attention to the face and head.

With the exception of shoes, most accessory items don't present size and fitting problems. They're simply worn immediately. "Accessories are available in every price range, from the very inexpensive to the most expensive," the specialist said. "Regardless of your budget, you can find an accessory item that's right for that very special person in your life."

Weight Watchers comes to Morton

"Weight Watchers," a new program on diet will be meeting in Morton beginning May 16, according to Mrs. Roy Hill. Mrs. Hill joined the program in Levelland in July of last year and has since trained to be a lecturer.

The ten year old program was started in New York by Jean Nidetch when a friend said "My when are you expecting." Because of the statement, Mrs. Nidetch

knew she needed help and went to the Obesity Clinic in New York. She soon found she needed help on staying on a diet and called a group of her friends who had a weight problem. The weeks that followed found friends bringing their friends and the group was so successful that Mrs. Nidetch was asked to form other groups which in turn led to the national organization now known as "Weight Watchers."

Mrs. Hill stated that she had lost approximately 45 pounds since joining the Levelland program and never felt better. Because of her own success, she was prompted to train as a lecturer.

"Between twelve and fifteen Mortonties are attending the Levelland lectures each week and I felt we needed our own

Tenderfoot awards received by scouts

organization at home." Mrs. Hill said She continued by saying "We do not have to be fat unless we want to. We acquire or develop habits through practice and repetition and that's where "Weight Watchers" can help us all."

The first meeting will be held Tuesday, May 16, at 7 p.m. in the banquet room of the County Activity Building. Everyone is invited to attend the free meeting.

8 p.m. Bill Yohner and Rickey Bennett from Littlefield made the presentations to Rickie Lewis, Troy Patton, Bobby Hall, Dexter Pritchett and Mike Matta.

Four generations got together in the O. D. Chesshir home last weekend. They were Dave Chesshir, Sr. from Robert's Memorial nursing home, his son O. D., grandson, Donald Rhea and wife, Sue, and great grandchildren, Donna, Tammy and Little Don.

Mrs. O. D. Chesshir was in Lubbock Wednesday to see an eye specialist.

Mr. and Mrs. W. C. Roscoe of Monahans were house guests of Mr. and Mrs. Joe Gipson over the weekend.

Mrs. Austin of Lubbock is visiting with her daughter and husband, Mr. and Mrs. Hume Russell, for a few days.

Among the federated club women who went to Dallas the first of the week to attend the state convention were: Mrs. LeRoy Johnson, past president for Caprock District, Mrs. Gage Knox, Mrs. Earl Polvado and Mrs. Neal Rose. The group expected to return home Wednesday.

Mrs. James St. Clair attended the graduation exercises of her son-in-law, Maylon Abbe, who received his B.S. Degree Saturday from Lubbock Christian College. This was the first graduation exercise of LCC since becoming a four year college.

Ohlen Ray and daughter, Zarla, spent from Thursday until Sunday with wife and mother, Catherine, in Lipan. Mrs. Ray has been nursing her mother for several weeks. Mrs. Rush is confined to her home with a broken hip.

Mr. and Mrs. Tom Snead spent last weekend in New Mexico visiting with friends and attending to business.

Hiley Boyd of Godley has been in Cochran County for several days visiting with friends and attending to business. Hiley is a former resident and among the first settlers of the county. His father, H. T. Boyd, was one of the first County Commissioners for Cochran County.

Mrs. W. E. Childs returned home last week from Methodist Hospital after spending several days there undergoing treatment.

Mrs. Donald Rhea Chesshir, the former Sue Johnson, entered University Hospital Tuesday and will undergo surgery there today.

Visiting in the home of Mrs. S. A. Ramsey Sunday were her brothers and sisters, Mr. and Mrs. W. L. Lisenbee of Kermit, Joe Lisenbee from Andrews, Mr. and Mrs. Elsworth Lisenbee of Seagraves, Mrs. I. L. Ashley of Lamesa, a friend, Mrs. Eula Newton, from Andrews and her children, Mr. and Mrs. Gerald Ramsey, Mike and Renee, and Mrs. Elza Ramsey all of Morton. Mrs. Ramsey's sister, Mrs. Mae Petree, arrived Monday afternoon and will be a guest in her home the remainder of the week.

President of newly created university to give SPC address

Dr. B. H. Amstead, President of the newly created Permian Basin campus of the University of Texas, will give the commencement address at South Plains College's Spring graduation exercises on May 19.

More than 300 degree candidates are to be honored in the cap-and-gown ceremonies beginning at 10:00 a.m. in SPC's Texan Dome.

The traditional service, opened by Dr. Amstead's address and climaxed by the awarding of degrees, will be open to the general public as well as to families and friends of the graduates.

Dr. Amstead is a recognized scholar, scientist, engineer, and university administrator. He received his Bachelors, Masters, and Doctorate degrees from the University of Texas at Austin in Mechanical Engineering.

Dr. Amstead is the first President of the University of Texas of the Permian Basin; the new campus of the University of Texas system will open its doors to students for the first time this fall.

The university is one of the new upper-level colleges created by the State Legislature upon the recommendation of the State Coordinating Board for Higher Education. An upper level college contains only junior, senior, and graduate levels of work, and they are designed primarily to serve the needs of junior college transfer students in the area.

In Appreciation

I wish to thank all my Cochran County friends who supported and voted for me in the May 6 Democratic Primary and to ask all county residents for their influence and vote in the June 3 run-off election for sheriff.

I also want to thank and congratulate all of my opponents for conducting exceptionally clean and sportsmanlike campaigns.

During my run-off campaign, I will make a determined effort to contact each county resident in person and explain my views on improving law enforcement in Cochran County.

Thank you again.

Letter to the Editor

Dear Editor:

There has been a rumor going around that medication given my wife at Cochran Memorial Hospital caused the loss of her arm. I would like to make it perfectly clear that Cochran Memorial Hospital and all Doctors concerned had nothing to do with this loss. Prior to this, she was under the treatment of a specialist in Lubbock. As far as Dr. Dubberly and the Cochran Memorial Hospital Staff is concerned, I am happy with the treatment we received during this time.
