MAIL

Postmaster Murray Crone today urged immediate mailing of all domestic Christmas cards and parcels. Although most of the suggested mailing dates for domestic holiday mail have passed, he said, "every effort will be made to deliver by Christmas Eve all cards, gifts and other holiday mail deposited within next few days."

In view of these reports and the excellent cooperation received from mailers so far this year, we are confident that holiday mail deposited immediately will still be delivered in time for Christmas," he said.

Earlier this year, the Postal Service urged the public to mail as early as possible and announced a series of recommended mailing dates to assure delivery in time for Christmas.

The last of the suggested mailing dates is Thursday, December 21, for mailing domestic airmail greeting cards within the 48 "mainland" states. The latest suggested date for airmail to Alaska and Hawaii is December 20.

In extending our commitment to make every possible effort to deliver all holiday mail on time — even though most suggested deadlines are now past — we hope the general public will respond accordingly," he concluded.

Morton, Texas, Thursday, December 14, 1972

Revenue sharing \$\$ received

Cochran County and the City of Morton have received their first disbursements under the general revenue sharing program recently enacted by Congress, according to information released this week by County Judge Glenn W. Thompson and Morton Mayor Marshall Leitzell.

The two separate checks, which represent the first half of the county and city's retroactive share of the funds for 1972, were in the amount of \$47,500 and \$8,019 respectively. This represents approximately one half of the \$97,000 estimated for the county and \$14,000 estimated for the city for the year 1972. The first disbursement is retroactive to July 1 when the program became effective.

Judge Thompson and a delegation from the county traveled to Austin Wednesday where they were to attend a special meeting with state officials who were to explain the program and to issue instructions on the use and administration of the funds.

The general revenue sharing disbursements are part of a total of \$30.1 billion which will be distributed over a five-year period. Funds for 1972 will be retroactive with the first half coming in December and the last half to go out in January. After that, the payments will be made by the quarter for the next four years.

With the exception of 1972, the revenue sharing funds will grow at a rate of \$150 million per year. This increase is divided one-third to states and two-thirds to local governments.

See REVENUE, Page 2a

BIG PRIZE IN CHRISTMAS DRAWING...

A BRAND NEW 1973 CHEVROLET PICKUP much like the one pictured above is the big prize to be drawn for in the Morton Area Chamber of Commerce's "Shop At Home For Christmas" promotion. Over forty Morton merchants are offering free tickets for the drawing with

each purchase made in Morton stores. The promotion will follow the same format at the one of last year when Vicki Rodriguez won a 1972 Chevrolet Vega. The drawing will take place on the courthouse square at 3 p.m., Saturday, December 23.

Pickup drawing interest zooming

Participation by local merchants and businessmen in the Chamber of Commerce sponsored free drawing for a 1973 Chevrolet pickup truck was reaching a peak this week and public interest appeared to be running apace. Stores and businesses were giving out the free tickets at a record pace for the drawing which will be held at 3 p. m., Saturday, December 23 on the courthouse lawn.

Most stores are giving out the tickets on the basis of one for each one dollar of the shopper's purchase, however, each individual firm may use his own formula and method of distributing the tickets.

The pickup truck is being purchased by the chamber through Gwatney-Wells Chevrolet-Oldsmobile with money being donated by merchants, businesses and individuals in an effort to get the shopper to make his Christmas purchases at home. The same format is being used for the promotion as was used in the highly successful campaign last year in which Vicki Rodriguez of Morton won a 1972 Chevrolet Vega. An estimated one half million tickets were distributed last year, which required the bed of a pickup truck to be used for the drawing.

A person does not have to be present at the drawing to win. The first ticket will be drawn and if none claims it within a reasonable time, four more tickets will be drawn. All five tickets will then be sealed and placed in the vault of the First State Bank, and the winner will have five days in which to claim his ticket. If no one produces the winner in five days, the other four tickets will be called for in the order they were drawn.

If none of the five are claimed, another drawing will be held under the exact same rules.

Firms where tickets can be obtained include:

South Plains cotton harvest nearing peak following weather lull

The South Plains cotton harvest continued to gain momentum last week and is expected to reach a peak within the next few days, according to W. K. Palmee, in charge of the U. S. D. A. Cotton Classing Office in Lubbock.

A violent cold snap with heavy deposits of sleet Monday and Tuesday temporarily stalled harvesting operations again, but by Wednesday morning farmers in the Morton area were observed back in the fields in large numbers. Meanwhile the gins were busy cutting down on the backlogs accumulated in their yards.

The four U. S. D. A. cotton classing offices at Lubbock, Brownfield, Lamesa and Levelland received approximately 35,000 samples daily during the week ending Friday, December 8th and classed samples from 142,000 bales during the week. This brought the season's total for the four offices to 340,000.

At this date last year only 145,000 samples of the 1971 crop had been classed.

★ You're Invited...

The Junior and Senior level piano students of the Morton area invite you to attend their 1972 Christmas Recital Saturday, December 16 at 6 p.m. in the First Baptist Church.

Theme for the recital is "Music-nectar for the soul — the language universal, and joy and harmony to all." Christmas carols, solos, and two-piano numbers will be highlighted by a two double duos (4 players on 2 pianos) performed by 7th grade students, and the "Lord's Prayer" written for two pianos.

Indians down AAA Cubs, victory skein to 30

By COFFMAN

Morton Indians were victorious for the first time in a week Friday in defeating Brownfield Cubs by a score of 14-8. The victory proved an excellent omen for the Indians as they have now won their first quarter.

Mike Gilliam was lost by injury in the first quarter.

In the second Indian roundballer game, Mike Gilliam's injury in as many

games. Mark Fluitt having injured his ankle in the Indian win over Tatum on Tuesday night. Mark was at the game on crutches and indicated he would be out about three weeks. It is not known how long Gilliam will be out of action.

Brownfield was the first of two AAA teams that the Indians have on their schedule within the space of four days—Levelland comes up Tuesday.

The Indians played well for most of the contest, didn't lose their cool when they ran into trouble, and pulled out the game with a thrilling comeback in the fourth quarter. They proved their mettle in being able to deliver under fire when the chips were definitely on the line.

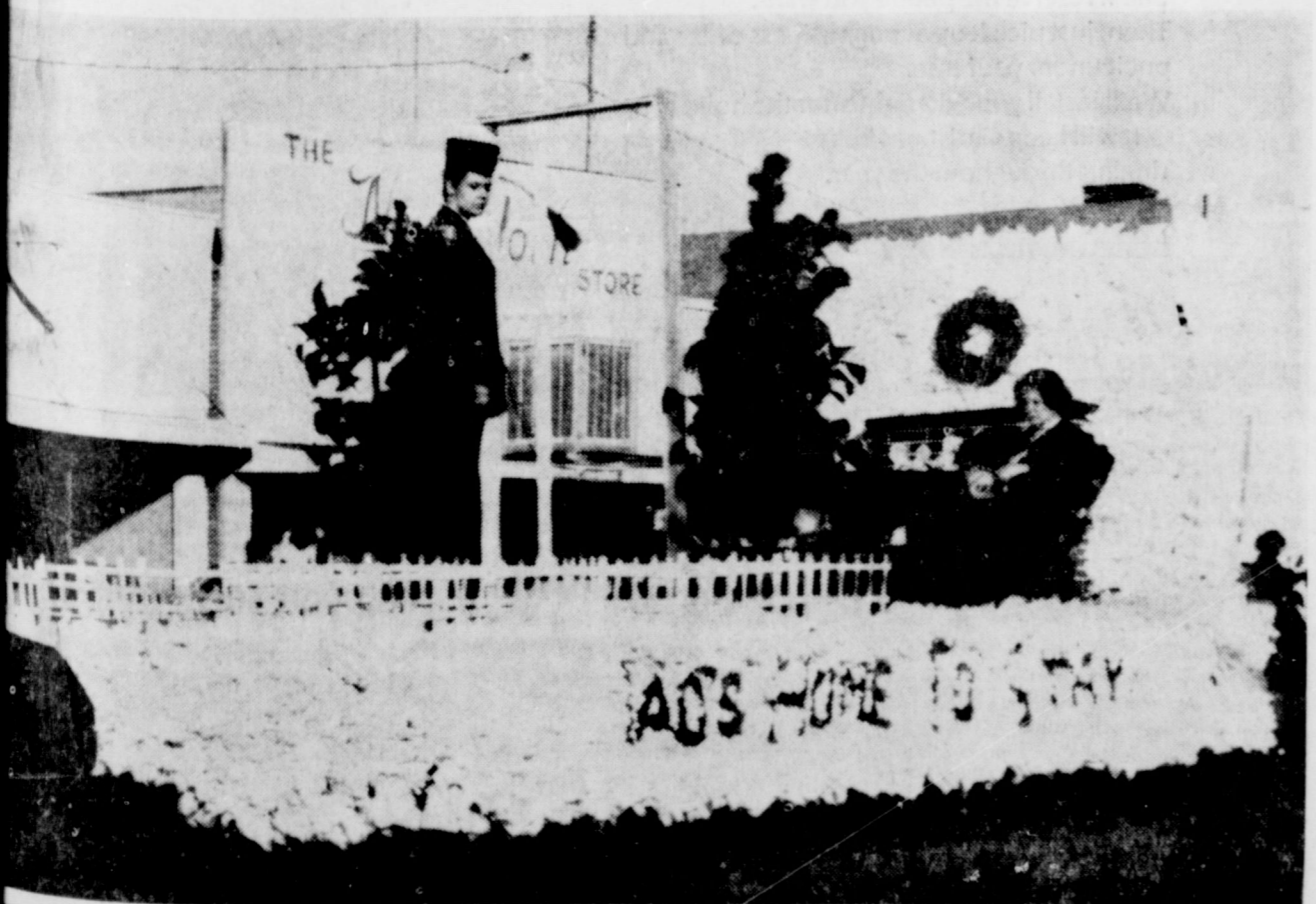

The game started out smoothly with the Indians in command from the starting buzzer. Play was close, but the Indians led at the quarter by a score of 14-8. After Mike Gilliam's injury, Mike Hunter came into the game to round out the

Mr. and Mrs. Bob Allen, Debbie & Terri
Col. and Mrs. Bruce Simmacher, Nina, Lia & Eric

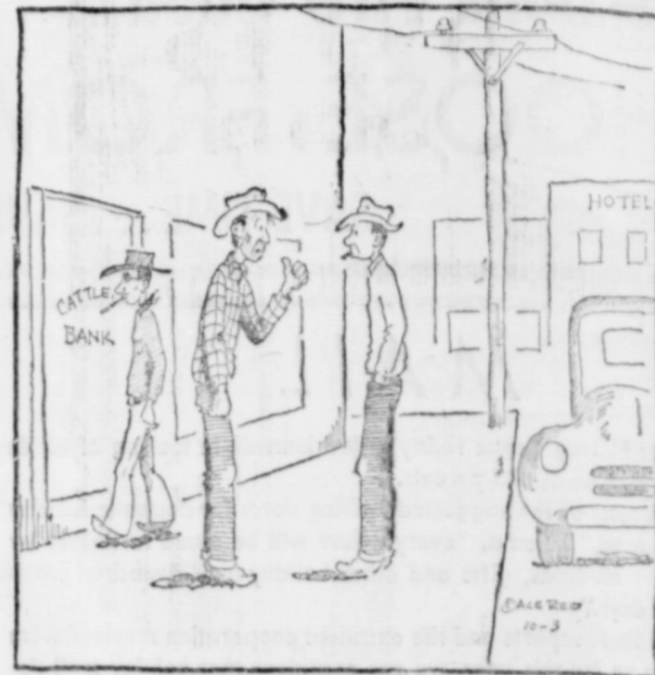

ta allocation to all local governments in that state, nor more than 145 per cent. State and local governments must create a trust fund in which to deposit all revenue sharing funds for the purpose of facilitating proper federal auditing and accounting procedures. These trust funds must be used within whatever reasonable time period is specified by Treasury regulations (probably within 18 months). These monies can be used for anything which cities and counties can legally spend other monies for with the exception of using revenue sharing funds to match federal funds for other federal grant-in-aid programs where there is a requirement for matching with either federal or non-federal funds. Revenue sharing funds may be used to supplement other federal grant funds.

There are no restrictions on the use of

state funds. The local funds may be used for maintenance and operating of the funds may be used for public including, but not limited to, enforcement, fire protection and code enforcement; environmental protection, including but not limited to, age disposal, sanitation and pollution; public transportation, but not limited to transit systems; streets; health; recreation; services for poor or aged; financial institution, including but not limited to, auditing and tax collection libraries.

For capital expenditures, there are limitations. Funds may be expended for any and all capital expenditures authorized by law, as long as they meet the "ordinary and necessary

COW POKES By Ace Reid

"Let's hang around and see what happens, Mr. Newcome's fixin' to try to borrow money to git broodin' stock—steers and geldin' horses!"

That raw nip in the air lately reminds us that another year is almost gone and a long, cold winter lies ahead of us almost before we got used to summer. The time, which seems to fly by at an ever increasing rate, is a priceless commodity which cannot be accumulated. You can make that time work for you, however, with an interest-bearing savings account at the First — and the winters will seem shorter as you watch your interest and savings accumulate.

Basketball...

from page one

starting five and played well in reserve support. Playing steady basketball, the Indians increased their lead to 36-22 at the half although they did pick up some fouls that were to hurt later on.

The Cubs began to close the gap in the third quarter by playing the Indians in the same style which they are accustomed to dish out to others — applying a fierce, steady full-court press to good advantage. It was nip-and-tuck basketball all the way and the quarter ended with the Cubs just seven points behind at 57-50.

Steve Flounoy and Mike Seaton were especially effective for the Cubs in this quarter with Steve picking up 14 and Mike 8 of the 28 points the Cubs put on the scoreboard. These two players were responsible for more points than the Indians were picking up 21.

Beginning the fourth quarter, the Cubs quickly narrowed the Indian lead to just one point. Here Indian discipline and composure under fire began to show to its best advantage. They hung on grimly, but when Jerry Silhan and Larry Thompson left the game via the foul route, it appeared that the Cubs would pull out ahead for sure.

Billy Joyce and Darrell Smith came in to do yeoman service and the Indians began to hit again to ease the cardiac conditions which had prevailed for most of the quarter. Slowly the Indians forged ahead, first a three point lead, then five, and finally seven to pull the game out by the final score of 81-74.

Ted Thomas was charged with four fouls in the first half. Ted put the conservative brakes on and finished the game with the same four fouls.

Jimmy Harvey tied for high point man in the game with 26, followed by Larry Thompson with 18, Jerry Silhan had 12, Mike Hunter and Ted Thomas 10 each, Darrell Smith picked up 3 at the free throw line, and Mike Gilliam hit for 2 before he left the game in the first quarter.

Steve Flounoy hit for 26 to tie for the most points in the game. Sophomore Lewis Roberson had 18, Greg Jones and Mike Seaton 14 each, and Mark Moore had 2 to round out the scoring for the Cubs. None of the Cubs finished with more than three fouls so they were never in trouble in that department.

More than 319,000 pedestrians were injured in traffic accidents in 1971.

Cotton...

from page one

Grades of the cotton classed at the Lubbock office were lower than those of the previous week. Strict Low Middling (41) was the predominant grade, making up 23 per cent of all cotton classed. Low Middling (51) made up 21 per cent. Strict Low Middling Light Spotted (42) 17 per cent and Strict Low Middling Spotted (43) 10 per cent.

Average staple length was also lower than that of the previous week. Slightly over one-half of the cotton classed at Lubbock last week had staple lengths of 31 and shorter. The previous week 41 per cent stapled 31 and shorter.

Micronaire readings also were lower. Thirty-two per cent of all cotton classed at Lubbock during the week had micronaire readings in the premium range of 3.5 through 4.9, 18 per cent "miked" 3.3 through 3.4, 32 per cent was 3.0 through 3.2, 16 per cent 2.7 through 2.9 and 2 per cent was 2.6 and below.

The Agricultural Marketing Service of the U. S. D. A. reported brisk trading on the Lubbock market. Prices were slightly higher on the better quality cotton but were lower on cotton with micronaire of 2.9 and lower. Prices ranged from \$2.59 per bale over the loan for cotton with micronaire of 2.9 and lower to 35.09 per bale over the loan for high grade, premium micronaire cotton.

Average prices paid for the most predominant qualities in the 3.5 to 4.9 premium micronaire range were: Strict Low Middling (41) staple 31 — 2.55 cents per pound, Strict Low Middling (41) staple 32 — 24.75, Low Middling (51) staple

ASCS Farm News

January 31 is the latest date on which 1972 wool and mohair applications may be filed in order for producers to receive incentive payments in April, according to Danny Key, chairman of the Cochran County Agricultural Stabilization and Conservation Committee.

To file for incentive payments on 1972 marketings of wool, unshorn lambs, and mohair, a producer need only provide sales documents and fill out a short application form, Key said. Sales documents should include name and a address of the seller, date of sale, net weight of wool or mohair sold, number of head, liveweight of unshorn lambs sold, gross and net proceeds, and name, address, and signature of the buyer or the marketing agency making the sale.

The incentive payment price is 72 cents a pound for wool marketings with payments based on a percentage of each producer's returns from sales. The percentage will be that required to raise the national average price received by all producers up to the 72 cents incentive price.

Mohair payments are figured in the same way as wool, with a support of 80.2 cents a pound.

The ASC Committee Chairman also said the U. S. Department of Agriculture has announced that the wool and mohair payment program will continue unchanged for 1973, with the same level of incentive prices. These prices are in accordance with the law which requires that support shall be at these levels for each of the three marketing years through 1973.

(31) — 21.39, Low Middling (51) staple 22 — 22.45, Strict Low Middling Light Spotted (42) staple 31 — 22.25 and Strict Low Middling Light Spotted (42) staple 32 — 22.45.

Cottonseed prices were steady and farmers received \$44 to \$56 per ton for their cottonseed at gins.

Lobos cut ailing Indians' winning string at thirty

It was bound to happen sometime, but that didn't make it any easier for the Indians in dropping their first game of the season to the Levelland Lobos by a score of 70-56 Tuesday night.

Meaning a taller team that functioned well from outside as well as under the basket, the Lobos were forced to wage an uphill battle against the Indians' superior shooting. The Lobos had a net total that matched their winning effort over the Dora Coyotes, but their advantage in this game was of an entirely different brand.

It could be that the Lobos will solidify in the AAA league next spring in Austin—they seem to have the desire of a quality. The Indians have the possibility of facing them in the Denver City Tournament getting underway today at Denver City, and are scheduled for a return match in Levelland on January 9th.

A large crowd of home town fans was on hand to cheer for the Indians and they saw their team play good basketball in a losing effort.

The Indians will play in two tournaments and in two games all away from home before returning to their home floor on January 9th against Smyer.

Missing from the Indian lineup were Mark Phillips and Mike Gibson both out due to injury. It is doubtful how much they might have been able to help out against the Lobos but certainly they were missed. Mike's height would have been an asset in helping to cut into Lobos rebounding which made a difference in both halves of the game.

Playing for the Lobos was Steve Thomson, son of Mr. and Mrs. Kenneth Thomson, former residents of Morton. Steve's impressive play brings to mind that of his older brother Wayne, a star on Indian athletic teams of not too long ago.

At the quarter Levelland led by a score of 15-11 with Dennis Harvey high or both teams with 7 points. The Lobos shifted two persons over and pulled up at the half ahead by 27-23. By this time, two of the Lobos were in double figures, the Indians had one.

During the third quarter, Marcus Johnson almost equalled the career of the Indians by scoring four big buckets from the floor and at the end of the quarter Levelland had pulled in front by 31-23.

As the Levelland coach began to go to his bench in the fourth quarter, Morton began to score with more frequency, narrowing the gap to the final score.

Great Dukes hit on eleven shots from the floor and canned four charity tosses to lead all scorers with 23 points for the majority of the Levelland scoring.

For the Indians Jimmy Harvey was high with 13. Ted Thomas had 13, Jerry Thompson 11, Jerry Silban 8, Mike Hunter 7 and Billy Joyce 2. Mike Hunter fouled out for the Indians.

Morton hit on 7 of 13 free throws for a mark of 53%. The Lobos connected on 14 of 22 shots from the line for a 64% mark.

In the "D" game immediately preceding the varsity tilt, the Little Indians were the winners of a contest that was close through three quarters, then tucked away by the Indians in the final minutes of play. At the half, it was Morton by one point 20-20, by the three-quarter mark that lead had increased to three and a score of 42-39, and the final result of 65-57.

High point man in the game was Joe Norman of Morton with 29, Ralph Mason had 12, Nicky Millar and Billy Williams had 9 each, and Reese Standmire and Johnny Rovell had 6 each. Gilstron was high for Levelland with 12. Estes had 9, Shoemaker 8, and Lockett and Smith had 6 each.

Darrell Smith fouled out of the game for Morton.

Employee fingerprinting held not 'stigma of criminality'

Employees of several stock brokerage firms were up in arms. Under a new state law, they had to be fingerprinted in order to keep their jobs. Taking the matter to court, they claimed this was an invasion of their right of privacy.

But the court could see no grounds for complaint. The judge said this minor invasion of privacy was outweighed by the major benefit to the public in reducing thefts of stocks and bonds.

Laws in a number of states now require the fingerprinting of employees in "sensitive" occupations. Almost always, the courts have overruled the assorted constitutional objections raised by disgruntled individuals.

IN FACT, the law no longer considers fingerprinting to be any great hardship anyhow. In another case, a used furniture dealer complained about a fingerprint requirement for anyone selling second-hand goods.

"It makes the people in my line of business look like criminals," he said in a

court hearing.

But the court disagreed, pointing out that fingerprints are now used routinely in hospitals, schools and government as a reliable means of identification. As one judge put it:

"The day is long past when fingerprinting carried with it a stigma of criminality."

This does not mean, however, that the police may resort to highhanded methods to obtain fingerprints. Consider the following case:

Officers investigating a burglary took a man into custody even though they had no adequate grounds for arrest. Their reason: to obtain his fingerprints. As it happened, the prints did turn out to be incriminating.

NEVERTHELESS, they were held not admissible against the man in court. The judge said the Constitution forbids "wholesale intrusions upon the personal security of our citizenry."

A public service feature of the American Bar Association and the Texas State Bar Association. Written by Will Bernard.

Murders increase, FBI records show

There were an estimated 17,630 murders committed in the United States in 1971, according to the Federal Bureau of Investigation. This represents a numerical increase of 1,770 over the 15,860 homicides recorded in 1970.

The frequency of murder in 1971 was highest in December. In a breakdown by region, 41 per cent of the murders occurred in the Southern States, 23 per cent in the North Central States, 19 per cent in the Northeastern states, and 14 per cent in the Western States.

Sixty-five per cent of the homicide victims were killed through the use of a firearm. Handguns were the leading type of firearms used with 51 per cent of the murders resulting from the use of hand-

FBI crime agency attains new record

In August 1972, National Crime Information Center (NCIC) network transactions totaled 3,042,545, an average of 98,144 daily.

A record number of 112,226 transactions were processed on August 22, 1972.

As of the first of September 1972, there were 3,949,793 active records in NCIC with the breakdown showing 120,880 wanted persons, 794,849 vehicles, 249,508 license plates, 769,280 articles, 515,469 guns, 1,291,101 securities, 6,305 boats, and 202,401 criminal offenders (computerized criminal histories).

The Human Resources Development Program (HRD), administered by the Manpower Administration of the U. S. Department of Labor, reaches out through State employment services to find and give the disadvantaged person help in getting and keeping a job.

Average weekly earnings of American workers — in dollars of constant purchasing power — fell three-tenths of one per cent (0.3) between September and October, but were 3.9 per cent higher than a year ago, the U. S. Department of Labor's Bureau of Labor Statistics reports.

Farmers, ranchers urged to check on tax

Yes, the end of the year is rolling around once again, and farmers and ranchers should take a critical look at their tax situation before the final curtain goes down on 1972.

"Agricultural producers can save numerous tax dollars by taking a careful look at their business transactions since January 1 of this year and by taking certain steps before December 31," points out Michael Sprott, economist in management for the Texas Agricultural Extension Service, Texas A&M University.

According to Sprott, the main objective of producers should be to attempt to level their income from year to year so as to avoid a drastic increase or decrease in their taxable income.

"SINCE FARM PRICES have been somewhat higher this year than in past years, farm income may be up considerably in some instances. If this is the case, a number of legitimate devices may be used to lower taxable income," notes the

economist. A key means is to accelerate deductible expenses by buying all or part of next year's feed, seed, fertilizer and other farm supplies before the end of this year. There are certain guidelines to follow regarding such purchases and Sprott advises producers to contact a tax consultant on these.

Several key expense items to consider in reviewing your tax situation include costs for soil and water conservation, and land clearing. Soil and water conservation costs are deductible up to a maximum of 25 per cent of gross income from farming in any year. Land clearing costs can only be deducted up to a total of \$5,000 or 25 per cent of the net farming income.

PAYING OFF ALL interest that is allowed is another means of reducing taxable income, points out the economist. Of course, these deductions are limited to the current year plus one year.

Producers may also want to consider purchases of farm machinery and equipment to take advantage of certain tax-reduction incentives under present laws, such as fast depreciation and investment credit.

Another means of reducing tax dollars for 1972 is to delay income from this year to the next, advises Sprott. For instance, grain and livestock can be sold under deferred sales contracts before the end of the year with payment made next year.

Installment sales can also help spread income over a period of years so that a pro-rata part of each payment can be taxed yearly at a lower rate. Such sales must involve either real property or personal property over \$1,000.

IF PRODUCERS are confronted with a considerably higher income this year than in the past few years, the technique of income averaging may be applied so that excess income is taxed at a lower than normal rate.

Regardless of what tax management methods are used to lighten the tax burden for 1972, Sprott emphasizes that good records of all transactions are "a must."

"Record keeping is a vital part of the overall management aspect of a farming or ranching operation," points out the economist. "Producers must be able to identify the source of all their receipts, regardless of whether cash or property, and they must have a record of all expenses. Anything less than that can be a serious handicap when the time comes for filing your income tax return."

Morton Floral Shop slates 'open house'

The 27th Anniversary of Morton Floral and Gift Shop will be celebrated with an open house Friday and Saturday. The public is invited to call between the hours of 9 a. m. and 5 p. m.

Mr. and Mrs. Jack Baker, owners, announced that registration for door prizes is being held and you do not have to be present to win. Refreshments will be served.

The establishment features cut flowers, potted plants, permanent arrangements and gifts.

Specializing in designing, they feature all floral needs for weddings, showers, parties and hospital and funeral work. Mrs. Baker said, "Each is given special attention".

Morton Floral and Gift Shop was opened in 1945 in its present location by Mr. and Mrs. Lem Chesher with a 10 x 10 shop and a small greenhouse. It was surrounded by a cotton field. In 1958 it was enlarged and modernized to a 30 x 75 foot shop and the greenhouse to 40 x 160.

Mr. and Mrs. Baker opened the Flower Shop west of town in 1965 and in 1966 purchased Morton Floral and moved to their present location. They had moved to Maple in 1931 from East Texas and to Morton in 1942 and had been in the feed and seed business before opening their flower shop.

The couple have three children, Mrs. C. A. Tanner of Levelland, R. H. of Motron and Glenn of Baileyboro. They have 10

Auto ownership in county said above average

Quite apparent in Cochran County is the fact that local residents have been on an automobile-buying spree in the last two years.

The evidence is to be seen in the number of shiny new models in the area and in the record registration figures.

The latest published reports show that, at the beginning of this year, there were more automobiles locally, per 100 families, than in most communities.

As of January 1st, some 2,080 passenger cars were registered in the county, equivalent to 145 for every 100 local families. It was a bigger proportion than was found generally in the United States, where the average was 141 per 100 families. In the West South Central States, it was 142 per 100.

As a result, the car density in the local area, as well as the number of two-car and three-car families, are now greater than ever.

The facts and figures on the car population, with respect to ownership and distribution, are from the latest consumer market reports released by the Standard Rate and Data Service and from the annual report of the Automobile Manufacturers Association.

The growing proportion of late-model cars in and around Cochran County is a sign of the rising purchasing power in the area. With local families moving higher on the income scale, they have become more expansive, buying bigger and more luxurious cars than they had before.

Also, to a greater extent, they have

been retaining their old cars instead of trading them in when getting new ones. As a consequence, the number of two-car families has been expanding rapidly. The net result is that passenger car registrations in Cochran County have increased substantially in the last few

years. With more cars in use, more money is being spent annually for maintenance. The expenditures in the past year in local service stations for gas, oil, repairs and incidentals came to more than \$384,000.

York S/D, City of Morton, Cochran County, Texas.

Which said property is delinquent to Plaintiff for taxes in the following amounts: \$1,594.06, exclusive of interest, penalties and costs, and there is included in this suit in addition to the taxes all said interest, penalties and costs therein, allowed by law up to and including the day of judgment herein.

You are hereby notified that suit has been brought by State of Texas and Cochran County, Plaintiff, against the above named persons, as Defendants, by petition filed on the 3rd day of May, 1972, in a certain suit styled State of Texas and Cochran County vs James A. Gowdy, et al, for collection of the taxes on said property and that said suit is now pending in District Court of Cochran County, Texas, 121st Judicial District, and the file number of said suit is 731-A, that the names of all taxing units which assess and collect taxes on the property hereinabove described, not made parties to this suit, are NONE.

Plaintiff and all other taxing units may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties and costs allowed by law thereon, may, upon request therefor be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of any plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the 17th of November, 1972 same being the 8th day of January, A. D. 1973, (which is the return day of such citation), before the honorable District Court of Cochran County, Texas, to be held at the Court-house thereof, then to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and

condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Morton, Cochran County, Texas, this 17th day of November A. D., 1972.

ROBERT VINSON

Clerk of the District Court, Cochran County, Texas, 121st Judicial District
Published in the Morton Tribune December 7 and 14, 1972.

Mayor

City of Morton

Published in the Morton Tribune December 14, 21, 1972.

The number of American Indians getting jobs or training through U. S. Department of Labor manpower programs nearly doubled during the past three years, reaching a record high, it was reported.

You can't get a good job without experience.

We'll give you both.

There are plenty of jobs in the want ads. Unfortunately, almost all the good ones ask for experienced help. But, in today's Army, we'll hire you at \$288 a month to start. No experience necessary. We'll give you free meals, free medical and dental care, and 30 days paid vacation a year. And the training and experience in almost any job you want. A job you can make a career of. In the Army, or out of it.

To get complete details talk it over with your local Army Representative. Today's Army wants to join you. Call 806-747-3711 Ex 617 1205 Texas Avenue Lubbock, Texas 79408

Mrs. Kennedy feted with bridal shower

Mrs. Rex Austin, the former Barbara Kennedy, was honored with a bridal shower Saturday, December 9, in the home of Mrs. W. M. Butler, Jr.

Co-hostesses were Meses: Harold Drennan, Bill Crone, Jack Gunnels, Elwood Harris, Donnie Dewbre, Joe Beseda, Winston Jerden, Robert George, Ray O'Brien, Dub Henry and Kenneth Watts.

The serving table was covered with a white net cloth with nylon embroidery over an orchid underlay and centered with an arrangement of orchid organdy roses. Silver appointments were used.

Honored guests were the mothers of the couple, Mrs. Keith Kennedy and Mrs. Pearl Austin of Lubbock. Approximately forty-five guests registered in the bride's book.

Hostess gift was a velvet bedspread.

Mrs. Lawrence Hall of Ana ... arrived in Lubbock by plane ... due to the weather, the plane ... They landed in Midland and ...

a bus brought them back to Lubbock. They are here to visit his father Carl Hall, who is a patient in the Littlefield Hospital and her parents, Mr. and Mrs. J. B. Vanlandingham.

Mrs. J. D. Bayless drove to Muleshoe Friday morning and went to Amarillo, with her brother, Mr. and Mrs. Claude Coffman, to visit their sister and husband, Mr. and Mrs. George Henderson. George had a heart attack Thursday and was admitted to the St. Anthony's Hospital.

The Baptist Women observed the Week of Prayer for Foreign Missions Monday

through Friday. Mrs. J. W. Layton was in charge of the program. "Ask of Me". There were 12 present Monday, 16 present Tuesday, 8 Thursday and 7 Friday.

Mr. and Mrs. Dale Nichols and family attended her family, the Sandefer, reunion and Christmas dinner Sunday, Dec. 3 at the County Activity Building in Morton. All of her brothers and sisters were present but two brothers. Those present were from Midland, Lubbock, Amarillo, Farmington, N. M., Morton and Mr. and Mrs. Nolan Harlin, Mr. and Mrs. John Hubbard and Mr. and Mrs. V. C. Weaver were in Arlington, Thursday Friday and Saturday for a Farmers Union State Convention. While there Mr. and Mrs. Hubbard saw the Dallas Cowboys and Washington Redskins play football. Mrs. Lulan Harlin went with the group as far as Loving, to visit a sister the, Joe Shepherd's, another sister, Betty Shepherd, of Jean, also visited with them.

Guest in the home of Mr. and Mrs. John Blackman Sunday was his sister, Mrs. Pat Carter, of Lovington. She also visited her mother, Mrs. Nettie Blackman, in the rest home in Muleshoe.

Six Bula Bulldogs made the All-District 4-B six-man team. Bula's entire starting

lineup makes up the small school's dream team. Named first team offense were Bula backs Jim Risinger and Steve Newton along with Dale Wiggins of Ira. Ends are Kenneth Turney of Bula and Joe Taylor of Hermleigh. Center is Perry Druse of Ira. Making first team defense were Steve Newton of Bula, Kirby Sterling of Ira, Charles Kress of Hermleigh, all linebackers. Linemen are Kenneth Turney of Bula and Randy Sterling of Ira. Named to the coaching school all-star selections were Bula's Jim Risinger and Kirby Sterling of Ira, Kenneth Turney as alternate. Two Bula Bulldogs were named to the second team offense. They are Jerry Sowder and George Booth.

The Bula Basketball teams played in the Whiteface tournament. The boys lost their game and won third place. The girls lost their game 42-40 and won second place. Lisa Risinger and Jim Risinger made the all tournament team.

Bula school will dismiss classes Dec. 22 at 3 p. m. for Christmas. Teachers will report back to school Jan. 2, classes will resume Jan. 3.

The bad weather has stopped all the harvest. Some of the farmers haven't harvested any of their cotton.

Edd Autry and his sons, John and Gene, left Friday afternoon for a deer hunting trip at Austin.

Rev. and Mrs. Charlie Shaw and Mrs. Alma Altman were dinner guests in the home of the W. B. Petersons Sunday.

Morton Tribune

MORTON, TEXAS, 79346, THURSDAY, DECEMBER 14, 1972

Extension Service is lauded by federal official at meet

"The Extension Service has a major role in making life worthwhile for all people. It can do this by building faith," said William Erwin, deputy under secretary for rural development for the U. S. Department of Agriculture, at a State Conference of the Texas Agricultural Extension Service.

Erwin challenged the more than 1,000 Extension educators to work with people in "developing faith and something bigger than themselves, faith in our nation, faith in our fellowman, and faith in ourselves."

"We need to build people's faith to live fully in our modern, dynamic society. We must give leadership to inspire people to reach out. And we must reach out to those people who need help," Erwin said, in keeping with the conference theme — "Extension Education: Meeting Current and Emerging Needs of People."

THE SECRETARY cited the environmental issue of today as one of the major issues that has people pulling together to improve our overall quality of living. "There is today a great pressure to move out into the open areas to experience a new quality of life," he noted.

"There's also the challenge to keep people in rural America. To do this, we must make rural America a better place in which to live and work. We need to direct our efforts to developing community facilities, to enhancing the economic

development, to serving as people builders, and to improving the environment."

The national attitude to rural development is favorable, he said. However, the major work toward improving the rural climate must be done by local people. The government is here to help in every way possible and to provide the needed resources, pledged Erwin.

Also addressing the Thursday morning session at HemisFair Convention Center was Mrs. Bert Krueger Smith with the Hogg Foundation for Mental Health, Austin. She challenged Extension employees to extend themselves to meet the needs of individuals and society through "physical, intellectual, societal and emotional efforts."

"THERE IS A NEED for the quality of humanness that you can bring to all levels of people," she pointed out. "You can give to our society the additives of concern that are so vitally needed today. You have the opportunity to give your services to those who have the greatest need. You can help people grow a dream." A highlight of this session was the presentation of a special award to State Senator J. P. Word of Meridian. Word was cited for his "distinguished service in the legislature designed to serve agriculture and rural development and to enhance the lives of all Texans."

★ Look Who's New!!

Karl Gavin, son of Mr. and Mrs. Carl Goode of Lubbock. He arrived at Cook Memorial Hospital in Levelland December 4 at 12:10 a.m. and weighed 5 pounds and 4 ounces.

Grandparents are Mr. and Mrs. John Fincannon of Morton, and Mrs. Cleo Goode of Lubbock.

Great-grandparents are Mrs. Nita Hinson and Mrs. Pearl Cunyus both of Levelland.

Craig Wynn, son of Mr. and Mrs. Murvin Gathright of Carrilton. Craig arrived November 20 at 7:45 p. m. and weighed 8 pounds and 6 ounces. He has a brother, Brent Lane, and two sisters, Pattie Lynn and Laura Michelle.

Grandparents are Mrs. J. O. Gathright of Morton and Mr. and Mrs. Arvel Cunningham of Lovington, N. M. His great-grandmother is Mrs. L. H. Hooper of Rt. 1, Morton.

Anchoring the boat could be a 'naughty nautical' problem

By VERN SANFORD

Anytime there's a big run of speckled trout on the Gulf Coast you can count on hundreds of bay fishing boats rushing to the jetties. A majority of the craft will be fiberglass boats ranging in size from 16 to 28 feet.

Needless to say, such a conglomeration of vessels in itself creates a tremendous nautical parking problem. Conditions eventually get pretty complicated.

Primarily the problem is due to lack of experience on the part of the pilot. Some times it's strictly a matter of lack of consideration of "the other fellow"—or, to put it bluntly, just outright lack of common courtesy.

"JETTY MANNERS" call for the use of a large, heavy anchor—one that will hold fast and prevent drifting into other boats.

In cases of anchoring it's important to keep the motor running until the anchor

holds. Otherwise the skipper may not be able to start up again in time to prevent rear end collision with another craft or banging into pilings, banks, or even worse the boulders on the jetties.

Experienced anglers drop anchor some distance from where they want the boat to swing into place. Then they let out line until they reach the desired position.

Sometimes this method of anchoring can prevent not only damage to boats but also some rather bitter arguments—ruffled feelings to say the least.

'TIS WELL to remember that for firm, dependable anchoring, five feet of anchor line should be allowed for each foot of water depth.

Confidence has a lot to do with success in fishing.

One thing for sure, if you don't believe you can catch fish with a certain lure the likelihood of your doing so on that specific lure is very slim.

Without confidence your casting will be

News from Threeway

Mr. and Mrs. Jimmy Wheeler from Lovington, N. M. spent Friday with their parents the Johnnie Wheelers.

Mr. and Mrs. Lamar Pollard and son from Levelland spent Sunday with her parents, the Rayford Mastens.

Mrs. Butch Powell was in Levelland Thursday on business.

John Gunter is home from the hospital and doing well.

The Lay Witness meeting that was held at the Hicks Chapel Baptist Church over

the weekend was a great success.

Mr. and Mrs. Wayne Foster from Tucumcari, N. M. visited his sister, Mrs. Rusty Roberts, Saturday morning.

Tuesday night Three Way basketball

Mrs. Booth's rites in Portales Friday

Services for Mrs. Nettie Booth of Bledsoe will be held at 3 p. m. Friday in Wheeler's Mortuary in Portales, N. M.

Mrs. Booth died Monday at 1 a. m. in Colonial Hospital in Dallas. She became ill Sunday shortly after arriving in Dallas where she had gone to visit with a son. She was 89 years of age and had lived in Portales before moving to Bledsoe approximately two years ago.

Survivors include four sons; James Wayne of Bledsoe, Ray of Dallas, Rex of Huntsville and Orville of Lake Geneva, Wis.; three daughters, Mrs. Beatrice McCormick of Bledsoe, Mrs. Dorothy Carlisle and Mrs. Doris Holmes both of Fresno, Calif.; twelve grandchildren and nine great-grandchildren.

poor; the action you impart to the lure will be far from lifelike; your retrieve will be haphazard; if you get a strike you won't believe it possible, therefore you won't set the hook firmly; and finally, you won't boat the fish properly. So your chances of success are really nil.

FRANKLY, in most instances a top flight angler can catch fish on almost any lure . . . since he possesses the necessary fishing skill and great confidence.

All of which means that most catches depend on the fisherman's attitude, without which his entire fishing technique goes out of kilter.

teams played Pep on the home court with the boys winning their game. The B girls' team won their game and the A girls lost their game. Friday the Three Way B boys and girls played Bovina at Bovina with Three Way winning both games.

Mrs. Sally Robinson is a medical patient in Cochran Memorial Hospital.

Ray Fowler and children from Morton visited his parents, the D. S. Fowlers, Sunday afternoon.

Mr. and Mrs. Y. L. Sinclair from Morton visited Jack Hodnets Sunday afternoon.

Mrs. George Autry was admitted to the Morton hospital Saturday.

Alcohol was involved in more than 27,000 traffic deaths in 1971, according to a survey.

St. Clair's
DEPARTMENT STORE

*Every Purchase You Make
In a Home-Town Store ... Is Just Like*

Putting Money in the Bank

• • • a bank you can draw on for customers, a job, friends in time of trouble, schools for your children, churches for spiritual help . . . and the good life in this community . . . where everybody is Somebody

Every time you spend a dollar in this community for goods and services, a substantial part of that dollar automatically becomes an investment in an enriched social and business life for YOU and your family and friends.

It's an investment you can draw on every day of your life . . . an investment that pays big dividends in happiness and prosperity, as it strengthens and builds up the vitality of this area in which you live . . . and in which YOU are important.

Contrast this with what the community-building and supporting part of your dollar does for you when you spend it away from home, send it to some mail order house, or surrender it to some migratory peddler.

It's gone. To support some other area . . . to build up wealth that YOU can never draw on . . . and to strengthen those who aggressively drain off the trade of your community . . . to weaken your business, your schools and churches, to eliminate your job, and devalue your property.

Trade At Home Where Your Money Benefits You

*It Pays to Buy
where You Live*

*These Firms Are Genuinely interested in the Future Of Our
Community And Your Welfare*

Farmcast: from state ag agency

Winter Weather Stops Harvest . . . Confined Feeding Regulations Rejected . . . Cold Weather Slows Screwworm.

Winter weather slowed harvest of Texas agricultural products from the Panhandle to the Rio Grande Valley. Citrus harvest was at a slower pace due to cold weather. Cotton and grain sorghum harvest on the High and Low plains was delayed by snow and freezing weather. Peanut and soybean harvest was also back due to the weather; farmers were also unable to complete seeding of wheat and oats.

In spite of the bad weather, overall crop is generally ahead of last year. Cotton harvest for the state is more than 40 per cent complete compared with less than a third a year ago. Sorghum harvest, on the other hand, is slightly below last year at this time. Peanut harvest is virtually complete. Sugarbeet harvest is 60 per cent compared to only about 50 per cent at this time last year. Soybean harvest is behind this year compared to 1971; this year the crop is about three-fourths harvested; a year ago harvesting of soybeans was 85 per cent complete.

Wheat harvest is again slowed due to weather for the third straight week. Wheat seeding throughout the state is

almost complete as is oat planting. Flax seeding is 75 per cent complete compared with slightly more than half a year ago.

CONSUMERS had their chance to sound off recently regarding dairy products. A survey of consumers was sponsored recently by the Texas Department of Agriculture to give the dairy industry information on consumer acceptance of dairy products.

The two most serious complaints voiced by the consumer were spoiled and bad quality products and faulty containers. High prices were also a complaint by consumers.

Hospital Notes

Patients admitted to Cochran Memorial Hospital December 6 through December 13 were: Elaine Bibrey, Terry Pace, Pearl Shields, Eula Carmichael, Jean Clark, Sidney Love, Robert Salazar, Roberto Mariba, Mittie Thompson, R. A. Castleberry, Shelly Caancey, Eliza Elliott, Nancy Silvas, Sally Robinson, Ann Sinclair, Lee Oliverson, Diane Bickett, Kathy Escobar, Carol Davis, Lee Taylor, Linda Hatter, Frenchie Patterson, Geneva Turney, Eddie Mendez, Tommye Harris, Royce Jones, Marshall Hawkins, Sam Gonzales and Angelita Gonzales.

Consumers suggested to the dairy industry that it provide fresher dairy products, date all product containers, use more glass milk containers, provide a wider variety of cheeses.

The survey was conducted in the Houston, Lubbock, San Antonio, and Tyler areas.

TEXAS Water Quality Board's proposed water pollution control regulations for dairy and poultry operations have been withdrawn. The Texas Water Quality Board will continue its present policy of handling each confined feeding operation individually under its waste control order or "permit" system. Only swine are exempt from this. Swine operations are required to register under the swine feeding regulations.

COLD weather has slowed screwworm infestations, and this is providing an opportunity for officials in charge of the screwworm eradication program an opportunity to make plans for 1973.

Screwworm eradication officials at Mission look upon this period as a time to "catch up" in efforts to eradicate the screwworm in 1973.

Cooperation between Mexico and the U. S. governments as well as cattle producers in those two countries will help to improve prospects for the 1973 eradication effort, officials explained.

Mrs. St. Clair hosts 1936 Club meeting

The 1936 Study Club met Wednesday, December 6, in the home of Mrs. James St. Clair, Sr.

Mrs. Gerheme Holloway presided over the business meeting in the absence of the president.

Mrs. James Price was voted into membership in the club.

Mrs. Gage Knox discussed the part played by Negroes in the History of Texas for the afternoon program. She told the members that because the negro cowboy is not portrayed in fiction of that era, it is often forgotten that he was very much a part of the development of the cattle industry and the settlement of the State. She added that more than 5,000 negroes came to Texas after the Civil war and rode with the other cowboys and some became top hands on the early ranches. A few became renegades and rode with raiding Indians but the majority worked with other cowboys—not different but similar. The most famous was a black man put in charge of his herds by a San Antonio lawyer. He failed to brand all the calves carefully and when the ranch later sold all unbranded calves were called by the name of the lawyer-Maverick. Mrs. Knox concluded the program by saying "At least the carelessness of one negro cowboy lived on in the history and language of the Texas cow country."

Members present for the meeting were: Mmes. M. C. Ledbetter, St. Clair, Glenn Thompson, Lessye Silvers, Joe

About local folks . . .

Frank Huntsucker, a resident of Morton and Cochran County for many years, now residing in Midland was visiting with old friends and meeting new people last week. Frank and his father were once owners and operators of the Morton paper.

Jo Neavitt of South Plains College visited over the weekend with her grandparents, Mr. and Mrs. Joe Gipson.

Mr. and Mrs. Henry Bedwell attended the funeral of his brother, Nathan L. Bedwell, age 90, Wednesday. Bedwell once lived in Cochran County but for many years has resided in Quitaque. He died in a Plainview hospital. Services were held in Quitaque.

Mrs. Lem Chesher and Mrs. Millard Townsend both of Lubbock and Mrs. Vernie Towns of Muleshoe were among those from out of town who attended showers in Morton Saturday.

Miss Gail O'Neal attended a State Extension meeting in San Antonio last week. She joined her parents of Plains in Oklahoma City and they all attended the National Rodeo Finals.

Miss Jean Ann Burleson, Texas Tech University student, spent Saturday in Morton Christmas shopping and visiting with

Nicewarner, Holladay, Neal Rose, John Crowder and Knox.

her aunt and uncle, the Bill Sayers.

Mrs. Mae Petree from Seagraves is visiting this week with her sisters, Mrs. S. A. Ramsey and Miss Rhoda Lisenbee.

Mrs. Jim Kidd of Amarillo, Melissa Kidd, Mrs. Pearl Austin of Lubbock, Mrs. Gwen Fallin and sons, Mrs. Clinton Abney, Vicki Kennedy and Mrs. Dennis Holland all of Lubbock and Mrs. Ed White of Sundown were in Morton for the shower of Mrs. Rex Austin Saturday.
