VOLUME 33

Carlen is banquet speaker

Those attending the Morton Athletic Booster Club All-Sports Banquet this year are in for a rare treat, according to club president Hub Cadenhead. No other than Jim Carlen, head football coach at Texas Tech, will be the main speaker at the event, Cadenhead announced here early this week.

County spelling bee set here March 28

The annual county-wide spelling bee will be held on Wednesday, March 28, at 10:00 a.m. in the Cochran county courtroom. Director for the spelling bee will be County Judge Glenn W. Thompson.

Students from the three schools in Cochran County have been preparing for the spelling bee for several months. The winner of the county-wide bee will go to Lubbock on April 14 to compete in the regional bee.

All schools in the area participate in the event, and the winner earns a trip to Washington, D.C. for the National Spelling Bee, as well as other worthwhile gifts.

Judges for the bee in Cochran County are Mrs. Alice Rankin of Whiteface, Mrs. June Gandy of Bledsoe and Mrs. June Gandy of Bledsoe and Mrs. June Gandy of Bledsoe and Mrs. June Gandy of Bledsoe.

Judges for the bee in Cochran County are Mrs. Alice Rankin of Whiteface, Mrs. June Gandy of Bledsoe and Mr. Hubert Jones of Morton. Rev. Harold Harrison will serve as pronouncer for the contestants.

The spelling bee is one that is always anticipated by the students and is watched with interest. Judge Thompson invited the public to attend.

Countians count IRS tax 'bite' this year

With the day of reckoning, April 16th rapidly approaching, taxes are once again in the spotlight in Cochran County. The big question among local residents who are busy doing their arithmetic is how much of a bite the government will be taking this time.

governing the State of Texas as a whole.

They show that individual income and employment taxes collected throughout the state last year came to \$7,126,000,000, with local residents producing some 0.05 percent of the total.

And this year, if the administration's expectations are realized the receipts will be even greater.

Based on the budget it submitted to Congress recently, it counts on such taxes totaling \$11.9 billion more, nationally, than last April.

Because of the economic gains made in the local area in the past year, notwithstanding the fact that there was more unemployment than usual, local residents will be bearing their full share of this increase.

Their payments to Washington this year will total approximately \$3,866,000, it is estimated.

During the next fiscal year, which begins on July 1, 1973 the President plans to put the brakes on Federal spending in order to get the country into a sounder financial condition.

His expectation for the coming fiscal year, as projected in the budget is for

Two indictments returned here

Two indictments, one for statutory rape and the other for defrauding by worthless check and fraudulent theft of a child, were returned by the Cochran County grand jury sitting in 121st district court March 12.

The jury, under foreman W. B. Merritt, returned a true bill on Johnny Salas of Whiteface for statutory rape upon the person of a child under 15 years of age. The assault is alleged to have taken place about February 26, 1973.

Salas was free on bond Tuesday pending arraignment.

Gheen, of Houston, was indicted on charge of defrauding by worthless check in the amount of \$750 which he passed to Jerry Marks of Morton in payment for a 1967 Jeep automobile on or about October 28, 1972. He was indicted on a second charge of fraudulently taking a jeep automobile with value over \$50 from Jerry Marks on the same date.

The county sheriff's office reported the proper papers have been forwarded to Houston for Gheen's arrest, that word has not been received on his disposition by Tuesday afternoon.

Boys Ranch beef drive doing well

Over \$450 had been collected and the promise of large amounts of meat had been collected late Wednesday by local citizens conducting a contribution drive on behalf of Great Plains Boys Ranch.

The ranch is in need of beef to feed the 70-odd boys now housed there and a group of Cochran county citizens have volunteered their services in an effort to obtain the necessary food. They are asking for contributions of either beef or cash and Ramby's Pharmacy is the collection point for both.

Anyone wishing to contribute to this worthy cause is urged to drop in at Ramby's and donate what they can.

Tonight is the night! Chamber-Lions shootout

Tonight is the night all local basketball lovers have looked forward to so eagerly! This is the night for the super colossal shoot-out between the Morton Area Chamber of Commerce "Pots" and the Morton Lions Club "Roaring Fat Cats."

The confrontation is to take place in the Morton Indian gymnasium at 8 p.m. today. (There goes the neighborhood, Tribe cagers). A large crowd of thoroughly nauseated fans are expected to witness this greatest of all exhibitions of ineptitude, which will feature a lovely young lass to throw up the first ball, and other throwing up to come later when the audience is subjected to the brand of basketball put on display.

Coaches for the Chamber are Jerry Schaeffer and Hi Duncan and Daryl See CHAMBER P. 11

PROUD SENIOR WINNERS in the annual Cochran County 4-H Club Food Show held at the county activities building Monday night were the trio above. Winners and their category from left are: Brenda Trejo, Snacks and Beverages; Gwyn Bates, Main Dish; Beverly Bridges, Breads and Desserts; and not pictured, Tona Coker, Fruits and Vegetables. These winners have earned the right to compete in the 20-county District food show to be held in Lubbock March 24. The winner in each category at the Lubbock show will advance to the State contest to be held June 5.

Booster meet date changed

There has been a change in the date of the Athletic Booster Club meeting originally scheduled for Monday, March 26 for the purpose of honoring the Morton Indian basketball players and coaches. The date and time clashed with a meeting of the school board and had to be changed.

The new date is Tuesday, March 27, the time is 8 p.m. and the place is the banquet room of the county activities building.

In addition to honoring the basketball squad, films of the Grand Saline state tournament game and the regional games played in Lubbock will be shown. For male slayers, the 1972 championship game with White House will also be shown.

Remember the time, place and date and come out and honor our deserving Morton Indians.

RAY O'BRIEN AND MRS. JIMMY ST. CLAIR are shown all dressed up and ready to go to the Caprock District Convention in Lubbock March 30 and 31. They are holding a book which is featured on the cover of the Emiea Smith Junior Study Club Year Books. Ladies will be busy on committees and the Saturday luncheon and style show. Mrs. O'Brien is president of the Emiea Smith Club and Mrs. St. Clair is Caprock District Vice Americanism Chairman.

County hosts SPAG justice committee

The South Plains Association of Governments, Criminal Justice Planning Committee was hosted in Morton March 15 by Cochran County Judge Glenn W. Thompson.

Approximately 50 public officials and interested citizens from throughout the region met in the auditorium of the county activities building to discuss plans for improving the criminal justice system in the South Plains area.

Jerry Clay, of the Texas Criminal Justice Council in Austin, discussed the guidelines for the 1974 criminal justice plan. This plan will be the basis for all state and federal funds coming into the region in 1974 to improve the criminal justice system.

Clay explained that no city or county will receive criminal justice funds in 1974 unless the need for specific programs are stated in the plan.

Dan Hook, Hockley County probation officer, explained the duties of a probation officer and discussed the procedures involved by the administering juvenile justice.

The planning committee meets monthly in various cities throughout the region in order to make possible greater participation by the citizens in the planning efforts.

Dorothy Miller, assistant criminal justice planner, emphasized that any agency desiring criminal justice funds for 1974 should contact the criminal justice staff at SPAG in Lubbock.

appearances. "Coach Carlen carries on an extremely busy speaking schedule during the off-season and we are very fortunate that he could make time on that schedule for a visit to Morton," Cadenhead stated, and added, "Our banquet takes place during the spring break at Texas Tech and the spring football practice currently in progress will be recessed at that time, so he was able to fit us in."

The All-Sports banquet is scheduled for Tuesday, April 3 in the Morton schools cafeteria. Tickets may be obtained from any booster member or from the following firms: Great Plains Natural Gas, Gwatney-Wells, Cox Auto Supply, Morton Tribune and Linc's Pharmacy. Ticket prices are \$3.50 for adults and \$1.75 for students.

Carlen charges the minimum speaker's fee allowed, and is donating it in full to the Fellowship of Christian Athletes.

A brief biography of Coach Carlen is as follows: Two bowl games in three years at Texas Tech. Three bowl games in his last four years as a head coach. An overall coaching record of 67-29-5, one of the best in the nation.

Cotton harvest nearing end

The South Plains cotton harvest neared completion as favorable weather enabled farmers to return to fields, according to V.K. Palmer, in charge of the Lubbock Cotton Classing Office of the U.S.D.A. Estimates indicate that only about 5 percent of this season's crop remains in fields or in ricks. Most of the cotton remaining to be harvested is in the central and eastern counties of the South Plains.

Samples from 36,000 bales were tested and classed at the Lubbock office during the week ending Friday March 16th. This brought the total classed for the season to 1,888,000 bales.

Grades of cotton were about the same as the previous week. Low Middling Light Spotted (52) was the predominant grade, making up 23 percent of all cotton classed. Strict Low Middling Light Spotted (42) made up 20 percent, Strict Low Middling Spotted (43) 10 percent and Low Middling Spotted (53) 12 percent.

Average staple length also was about the same as the previous week. Staples were predominantly 30 to 32. Thirty-one had a staple length of 30, 32 percent staples 31 and 19 percent was 32.

Micronaire readings were lower as the harvest neared completion. Only 8 percent of all cotton classed at Lubbock had micronaire readings in the premium range was 3.5 through 4.9, 7 percent "miked" 3.3 through 3.4, 25 percent was 3.0 through 3.2 35 percent 2.7 through 2.9 and 25 percent was 2.6 and below.

The Agricultural Marketing Service of the U.S.D.A. reported active trading on the Lubbock market. Prices were \$2.50 to \$5.00 per bale higher. Prices ranged from \$2.50 per bale over the loan for high grade, premium micronaire cotton.

Average prices paid for the most predominant qualities in the 3.5 to 4.9 premium range were: Strict Low Middling Light Spotted (42) staple 30-27.30 cents per pound, Strict Low Middling Light Spotted (42) staple 31-27.70, Strict Low Middling Spotted (43) staple 30-22.00, Strict Low Middling Spotted (43) staple 31-22.30, Strict Low Middling Tinged (44) staple 30-18.35 and Strict Low Middling Tinged (44) staple 31-18.45.

Cottonseed prices were steady and farmers received \$45 to \$56 per ton for their cottonseed at gins.

A Weekly Report Of Agri-Business News

Compiled From Sources Of The Texas Department of Agriculture John C. White, Commissioner

Broilers Are Popular...Onion Production Increases...Weather Delays...34 Counties Still Under Quarantine.

Texas continued its number seven ranking in the nation in broiler production during 1972. In recent weeks, broilers have become more popular than ever and prices to producers and at the retail level have shown dramatic changes.

Prices have increased as much as 10 cents per pound during recent weeks, a situation never before heard of in the broiler industry.

The value of the 1973 broiler segment of the state's agriculture industry should be considerably higher than in 1972.

Average price received by broiler producers in 1972 was only 14.2 cents per pound. Gross income from broiler production during this past year amounted to \$93,790,000. This is about \$6,000,000 higher than during 1971.

Total production in Texas during 1972 was 187,441,000. This is seven per cent above a year ago, but two per cent below the record of 1970. Weekly placements of broilers during 1972 ranged from a high of about 4,000,000 to a low of 2,000,000.

Although broiler prices to producers have increased substantially, production costs have skyrocketed. Costs of feed have more than doubled in many instances.

Nationwide, broiler production during 1972 in 22 key states which produce 97 per cent of the nation's broilers, showed an increase of five per cent.

Broiler prices to consumers are now at about the levels of 20 years ago. Until recently, the retail price of broilers has been 15 to 20 cents per pound under prices paid by consumer 20 years ago.

The four leading states in broiler production are Arkansas, Georgia, Alabama and North Carolina. The production in Arkansas is about three times that of Texas.

IF YOU like onions, you'll be happy to know that this year's onion crop in the Rio Grande Valley is estimated now to be five per cent above last year's crop. Yield per acre is down this year due to weather conditions.

The South Texas spring onion crop has been delayed two weeks because of weather conditions. In the Lower Rio Grande Valley where the majority of the crop is planted, adverse weather conditions have prevailed since Christmas.

It is anticipated a good crop will be made if weather is warm and sunny from now through April.

WEATHER continues to delay other crop production too. Cantaloupes will be a month later than normal in South Texas; the same is true for watermelons. Citrus harvest, which usually is concluded in South Texas in April, is expected to continue into June.

A TOTAL OF 34 Texas counties continue under quarantine for cattle scabies. They are Armstrong, Bailey, Briscoe, Carson, Castro, Childress, Collingsworth, Cottle, Dallam, Deaf Smith, Donley, Floyd, Foard, Gray, Hale, Hall, Hansford, Hardeman, Hartley, Hemphill, Hutchinson, Lamb, Lipscomb,

Moore, Motley, Ochiltree, Oldham, Pender, Potter, Randall, Roberts, Sherman, Swisher and Wheeler.

Quarantine for scabies from five southwestern Oklahoma counties was lifted recently. Nationwide, there have been 135 cattle scabies outbreaks in the past 16 months.

The wholesomeness of meat is not affected by the disease. A total of 45 counties are under quarantine throughout the nation.

One of the most disastrous fires in the history of Morton occurred early Tuesday morning when a fire of undetermined origin, totally destroyed the Primary school building.

The school building was constructed in 1936 at an estimated cost of about \$50,000. The building and furnishings was said to be valued at about \$66,000 and books at \$2,000.

Arrangements have been made to teach the Primary grade pupils in the following buildings. First grade: Mrs. Gipson, Mr. Thompson and Mrs. Corder, in the Rock Baptist Church and the Masonic Hall. Second grade: Miss Brumfield and Mrs. Leonard in the First Baptist Church. Third and fourth grades: Mrs. Nettles, Miss Vernon, Mrs. Cunningham and Mrs. Middlebrook in the Methodist Church. Fifth grade: Mrs. McCulloch and Mrs. Willis, in the Church of Christ.

Remember last spring?

We promised
"Cotton up...for
a happy spring."

And delivered!

In spite of the cold, wet weather, in spite of cotton seed shortages, Terraclor Super-X helped many growers have a happy spring last year. Exactly as promised.

For Terraclor Super-X helped

them get a stand with the first planting. Controlled seed rot, sore shin, damping off and other seedling diseases caused by Rhizoctonia, Pythium and Fusarium.

And many growers, such as Andrew Whisenhunt, Bradley, Ark., told us that Terraclor Super-X was one of their best investments.

For fungi can't get at the seedling when Terraclor Super-X surrounds the seed and emerging plant. When applied in-furrow, it extends the protection of seed

treatment after germination, and is far more effective than seed treatment alone.

Terraclor Super-X soil fungicide comes three ways... granular, liquid... or dust for hopper box treatment. Most popular are granules impregnated with a soil systemic insecticide. Once over as you plant takes care of both the fungi and early season insects.

Make sure you have a happy spring this year. See your Olin Distributor. He delivers as promised, which makes him

Lasso® hates Carelessweed!

Lasso, the preemergence herbicide from Monsanto controls Carelessweed as well as other broadleaf weeds and almost a dozen annual grasses that compete with cotton. What's more, Lasso doesn't carryover to harm rotational crops. So even if your cotton gets hailed out, you can come right back in with soybeans or corn. You don't have to incorporate Lasso, either. Apply it preemergence at planting and you're through.

This year, use Lasso. And get the Carelessweed before it gets your cotton.

personal income and employment taxes reaching \$163.9 billion, which is \$11.3 billion more than is coming in this year.

For Cochran County taxpayers to meet their proportionate part of this increase, it is estimated that local incomes will have to advance by about 7.4 percent during 1973.

CARLEN

FROM PAGE ONE

The above accomplishments are those of Texas Tech head football coach Jim Carlen, whose 1972 Red Raiders posted an 8-3 record and played North Carolina in the Sun Bowl.

In 1970, his first year at Texas Tech, he directed Tech to an 8-4 season which included an appearance in the Sun Bowl against Georgia Tech. Carlen's 1971 Red Raiders, hampered by a lack of outside speed, posted a 4-7 mark.

The Tennessee native was named Southwest Conference Football Coach of the Year in the Associated Press poll following the 1970 season. He also was named SWC Coach of the Year by the Dallas Morning News.

Before joining Tech, Carlen led the West Virginia Mountaineers to a 10-1 record in 1969, including a Peach Bowl win over Coach Paul Dietzel's South Carolina team. His Mountaineers lost only one of their last 14 games, that to second-ranked Penn State.

The highly successful Carlen played and coached under the noted Bobby Dodd at Georgia Tech. He graduated from Georgia Tech in 1955 and was assistant coach one year in his hometown of Cookeville, Tenn. (where he produced a 9-1-0 record). He spent two years coaching an Air Force team at Weisbaden, Germany and completed a 22-2-1 mark.

Carlen married Miss Sharon Garner of Alcoa, Tenn., in 1961. Their family includes Mollianne, 10; Jamie, 8; and Melanie, 6.

MORTONS

FROM PAGE ONE

that there must be a good many oldtimers in the area who would welcome the publication of some pictures of bygone days now lying sleeping in the albums of the families in the county.

So, we decided that if we could persuade the owners of some of these old pictures to bring them in and let us publish them, we would combine them with our "Looking Back" column and make a much more attractive feature of it.

We definitely would not limit the pictures to the last 25 years, but would welcome photos from any time period since the county was organized. In fact, we will change our 25 years to 27 years in order to take in all the years since the Tribune files have been kept, which

begins in 1946.

So, come on you oldtimers, or you youngtimers, who have inherited some old time photos, bring them in and let's have ourselves some fun in looking back on the "good old days."

Speaking of the good old days, how does this strike you—taken from the Morton Tribune of April 4, 1946, from two different grocery ads: Maxwell House Coffee, 33 cents; Sausage, lb. 35 cents; Quart fresh milk, 14 cents; Hamburger, lb. 21 cents; Rib Roast, lb. 18 cents and No. 1 white potatoes, 10 lbs. 32 cents.

Who says they weren't the "Good Old Days?"

Speaking of the photos you might bring in—there are one or two things we must require and one thing that we must guarantee you: Each photo must have a brief explanation of who and what it is about and have each person appearing on it identified from the right to the left of the photo. We cannot mail them back to you, but will have them here in the office for your pickup the day after they appear in the Tribune.

We may have to hold some of these photos for weeks until we have the opportunity to publish them, but if you become impatient with the delay, you may pick them up at your convenience. Each photo must have a name, address and phone number on it so that we can be sure who the owner is.

Perhaps we failed to say—so we'll say it now—These photos should relate to the history or development of Cochran County, or possess an interest for the county, city of Morton or another community in the county as a whole—in other words, show it like it was back when. A good example is a photo brought in by Mrs. G.E. Spencer taken some time in the early thirties or late twenties, showing kids playing in the school yard with the old courthouse a quarter of a mile away in the background with just a single wooden building located where the Morton Tribune is now situated. It's an old and faded photo, but we are going to try to publish it.

So, keep those cards and letters and photos coming, folks, and we'll bet that you can have some fun with your friends by showing them how they looked in the "olden days."

+ + +

There are two events taking place in Morton during the next few days that should be of interest to local citizens of all age levels. One should be highly entertaining and the other will give Morton Indian fans an opportunity to show their appreciation where it is well deserved.

Highlights and sidelights from the State Capital

By—Bill Boykin

AUSTIN, TEX.—Top legislators have settled down to the budget-writing job which will decide whether lawmakers — and the taxpayers — will be confronted with a tax bill this year.

Gov. Dolph Briscoe said new taxation must be avoided — for the second legislative session in 20 years — and offered a budget which would require no new revenue.

Further, the Briscoe budget would leave \$300 million in unobligated funds on the table to meet unforeseen court developments in the public school finance case and uncertainties of welfare spending requirements.

Briscoe's no-new-tax proposals met generally favorable reaction from legislative leaders and rank-and-file legislators, although some differed with him on specifics.

The governor delivered to a joint session of the House and Senate a \$9.6 billion biennial appropriation recommendation — \$391.6 million above the present level of general revenue outlays and federal revenue-sharing income.

Even with the addition and the holding back of \$300 million, Briscoe was \$173.1 million under former Gov. Preston Smith's last budget draft for 1974-75, and \$91.6 million below the Legislative Budget Board's recommendations.

He recommended \$240.3 million more for education; an \$111.3 million increase

for the state departments and agencies; \$29 million more for public health, hospitals, mental retardation and youth institutions and \$11 million more for the courts and legislature.

While governors' budget recommendations are generally ignored, Briscoe's were promised careful review, although House and Senate appropriations bill drafters had already concluded their hearings when he offered his set of figures.

Current issues of interest to Texas editors and publishers include revision of the Constitution, judicial reform, penal code reform, drug laws, election laws and "reform legislative package" by Speaker Daniel. It includes revisions of the Open Meetings Law, Free Flow of Information Bill — newsman's privilege measure — and Open Records Bill.

INFORMATION BILLS TO ADVANCE—Lieutenant Governor Hobby said he is optimistic that a strong press "shield" law and a tougher open meetings bill will clear the senate soon.

The lieutenant governor said the shield law will not only protect newsmen from having to divulge sources of confidential information but also will grant privilege to all information they obtain in the course of their official duties.

HB 10 — the House-passed shield bill — got a rough reception in the Senate Jurisprudence Committee last week, but Sen. Chet Brooks of Pasaadena said that doesn't mean it is log jammed there.

The hearing just provided an opportunity for some members of the Senate to vent their hostility against the press," said Brooks.

Sen. A.M. Aikin of Paris is the sponsor of the broader shield bill which provides that no newsmen can be forced to disclose any information received or any source of information obtained in the course of news-related activities. The privilege would be no protection in actions for libel, slander or invasion of privacy.

FWC District Convention set Lubbock March 30-31

Caprock District, FWC will hold its 1973 Annual Convention on March 30-31 at the Red Raider Inn, Lubbock.

The Convention Theme, "Legend of the West," promotes the District Theme, "Sustaining American Youth—through Faith and Understanding."

Mrs. O.C. Rangle, Caprock District President from Silverton has announced Friday's Pre-Convention Activities will include an 11 a.m. Executive Committee Meeting and Luncheon, followed by a Caprock District Board Meeting at 1 p.m.

The Convention will be formally opened at 10:30. The Caprock Girls Scout Council will present the colors, and the National Anthem will be sung by Mrs. Fred Mercer, accompanied by Mrs. Marvin Langue, of Silverton. Mrs. W.M. Mosker, Third Vice President from Lubbock, will make introductions.

District Officers, Department Chairmen, Standing Committee Chairmen, Projects Chairmen, and Club Presidents will give reports throughout the Friday afternoon and Saturday morning sessions. A report of special interest will be given by Mrs. Bill W. Jones, Project Chairman from Lubbock.

Mrs. Fry will tell of the work being done by Caprock District Clubs to promote the Girl Scouts of America Project.

At 9 p.m. Friday there will be a Pool Reception honoring the FWC and

Caprock District Officers. Mrs. A.C. Hughes, Texas Federation of Women's Clubs Presidents, Commerce, will be present to greet the guests.

An Awards Banquet will follow at 7 p.m. Presidents of each of Caprock District's 78 clubs from a 19-county area will be formally presented to the audience by Mrs. Harold Green, District First Vice President from Tahoka, and Mrs. Jack Akin, District Vice President from Denver City.

Mrs. Inez Ferrell, Lubbock, and Mrs. Kenneth Hale, Plains, will provide dinner music. After-dinner speaker will be Dr. Roy McClung, President of Wayland College. His address will be entitled, "Three Cheers for the Generation Gap." Guests are encouraged to attend this banquet.

Mrs. Louis Fry, Director of Junior Clubs from Lockney, will preside over the 8 a.m. Breakfast for Junior Clubwomen on Saturday morning and also the Junior Conference that will follow.

A Buffet luncheon for all clubwomen will be held at 12:30. Mrs. Jim McCendon, accompanied by Mrs. Lloyd Watts, Plainview, will provide "Songs of Love." This program will be climaxed by a Fashions for Fun Style Show and Contest. The Convention will be officially adjourned at the close of the Luncheon Session.

Pre-Registration will be necessary in order to attend the Banquet and the Luncheon Sessions.

Mrs. Stracner hosts sewing club

Mrs. Ethel Stracner was hostess for the March 15 meeting of the Busy Fingers Sewing Club.

Mrs. Anna Rose played the organ and the group sang "I Love to Tell The Story." Mrs. W.L. Taylor led the opening prayer. Members made a collection for the flower fund.

Present for the meeting were: Mmes Lorene Crockett, A.R. Lindsey, W.L. Taylor, Fannie Huffline, J.S. Boydston, E.R. Fincher, Ludie Cooper, Rose and three visitors, Mrs. Carol Shelton, Mrs. Annie Durham and Mrs. W.E. Franklin.

The next meeting will be in the home of Mrs. Boydston at 3706 22nd St. in Lubbock.

**Most Remarkable Automotive Development in 50 Years
CREATES 100 MILLION MARKET
OF EAGER PROSPECTS**

YOU DO THIS:

MOTOR-ALL DOES THIS:

TESTED PRINCIPLE!
MOTOR/ALL is a breakthrough product that replaces all STP, Wynns, Bardahl and automotive chemical additives. Laboratory tests prove that MOTOR/ALL replaces worn and pitted pistons, rings and valves for up to 80,000 miles.

COLOSSAL MARKET!
It's true, the market is colossal. Where else could you find one to equal it? There are 100 million cars and trucks and a booming air-cooled engine, motorcycle, lawn mower and boat motor market and all need MOTOR/ALL for top performance.

NO COMPETITION!
Not only a huge market, but there's NO COMPETITION! That's right. MOTOR/ALL distributors and sales representatives do business without competition from any product even remotely like MOTOR/ALL. Who can beat that for a sales opportunity? Car owners, fleet operators, truckers, auto accessory outlets, service stations, garages, are ripe and ready prospects for MOTOR/ALL. With a market this big, here's your chance to make BIG MONEY!
