

WHERE WERE THE SCENES as the 23rd Last Frontier Rodeo and Country Fair was reeled off here last Thursday, Friday, and Saturday. There was something for everyone in the three days. At left, Mrs. Gladys Wisely is escorted into the "Underfoot Jail" by Morton Police Chief Arthur Mason—It was Mrs. Wisely unwisely appeared on the street sans either a

beard, handlebar mustache, western clothes, or a shaving and "Dude" clothes permit. She was lucky, however, as the jail was a super modern structure containing all the comforts of home; bunk, wash pan, pail of water (with dipper) and chamber pot in almost new condition. Her reaction to the accommodations were not recorded. Middle, Miss Debbie Polvado, daughter of Mr. and Mrs. Bob Polvado, is presented the bouquet symbolic of the Rodeo Queen elect of the 1974 Last Frontier Rodeo. She succeeds Rayma

Hall who reigned over the 1973 rodeo. A highlight of the fair was the beard judging, left, which took place Saturday afternoon. Mrs. Kay Houston, foreground, checks the foliage of Kenneth Taylor for length, strength and foreign objects, while Mrs. Bobby Travis tweeks the jewels of Rex Crawford for the same information. All 20-odd contestants came out with a ribbon for their efforts, with a last minute "ringer" for Levelland extreme left, taking the grand championship.

EVERYONE A WINNER. Dr. Bob Lauder milk is shown as he passed out the ribbons for the winners in the pet show during the country fair Saturday. The kids showed up with everything from dogs, cats, chickens to horny toads. Would you believe that each one received a blue ribbon? They did.

THE SLEEPER THIS YEAR was the "water polo" game shown which proved to be one of the most popular events of the fair. Approximately 100 yards long and two-man teams begin at the line and try to force it to the opponents' end with fire hoses. It's rugged, and a lot of folks get wet (especially photographers). Children old and young took to this like a duck to water — and kept it going for two full days.

the soon-to-be school sessions all point to one thing: the fall football season is just around the corner.

This is that time of the year when a fellow can walk down the street with a blanket on one arm and a blonde on the other without raising too many eyebrows. Incidentally, the blanket becomes a necessity by the time the November games roll around.

Tonight, at 7 p.m., the Morton Coaches are holding open house at the Field House. They have been doing a lot of work in preparation and you will be in for a pleasant surprise when you see the improvements. This is for parents and interested boosters of Morton athletics.

Be sure to come by to meet the new coaches, the staff this year being made up of Head Coach Roy Winters, WTSU, Line Coach Earl Clardy, WTSU, Secondary Coach Wayne Thompson of Morton High, and TTU, Linebackers and Ends Coach Hubert Jones, ACC, and Head Basketball Coach Ted Whillock, ETSU, in charge of Freshmen and

If estimates of agriculture officials of Lubbock prove to be correct, the 1973 cotton crop will be the highest ever produced on the High Plains.

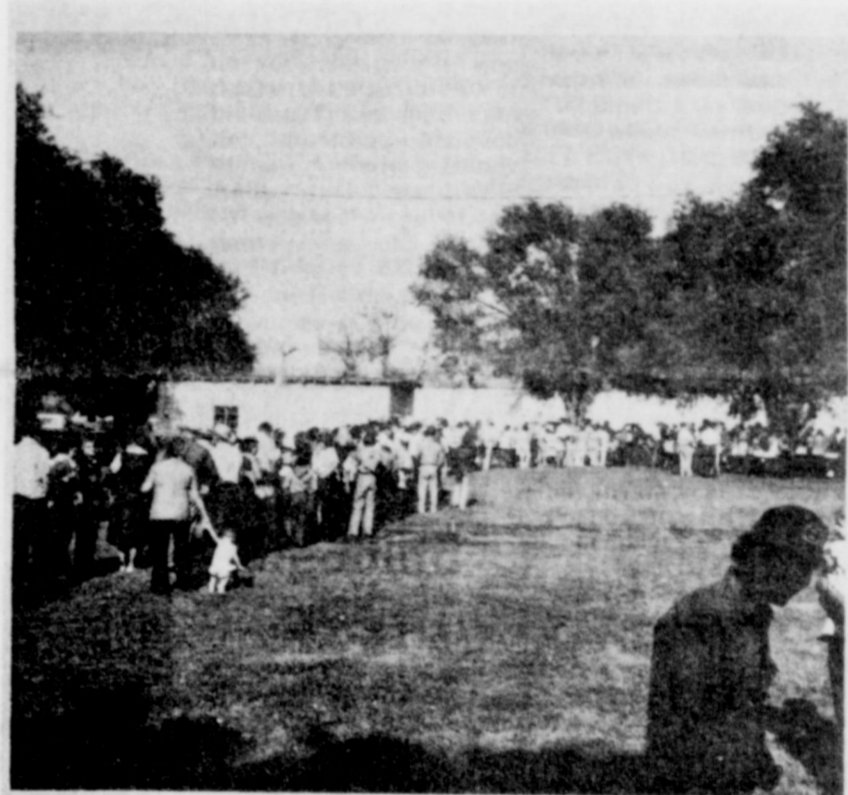

The Lubbock Cotton exchange and the Plains Cotton Growers, Inc., in the first joint production estimate of the year, placed the prospective output a whopping 2,590,000 bales, up from the previous record of 2,443,900 bales in 1961.

Grain sorghum also generally is "looking good," officials said, but is expected to fall well short of the record in the 39-county milo area of 220 million bushels in 1967. The 1973 tonnage outlook is rated "about equal to last year's crop."

Gross farm income for both cotton and milo is projected at a record-shattering \$1,089 billion, first time the combined total has crossed the billion-dollar mark. The twin-crop total last year was \$686 million.

MAN, THIS LINE IS ENDLESS, had to be the reaction of some 700 people that were served at the barbecue held in the city park following the rodeo parade Thursday evening. Though the line was long, it was well worth it as the beef and all the trimmings really "hit the spot" and sent many folks on their way in a happy frame of mind. In addition to the delicious culinary fare, the diners were treated to music of the old fiddlers contestants and to the later music of the Country Royals.

## Chinch bugs threaten Plains grain sorghum

Producers with sorghum in the milk to soft dough stage

should be on the lookout for false chinch bugs.

THE HUGE CROWD that was present for the "ping pong ball drop" stand in the ready position as Mike Doss with his "Spitball" airplane (as opposed to Spitfire) swoops down to release a large number of styrofoam balls — some of which have numbers good for prizes — and set off the big scramble for young and old alike. The feature has proven so popular as to become a fixture in the annual fair event.

This warning comes from Dr. Robert McIntyre, area entomologist with the Texas Agricultural Extension Service.

Within the past few days, infestations in sorghum fields have been reported in Cosby, Lubbock, and Lynn Counties, says McIntyre. Heavy infestations of these pests may cause severe damage to sorghum seeds which are in the milk stage of development.

The entomologist explains

### Hints given on holding down food prices

Whether we like it or not, all signs point to a continuation of food prices at present levels or even increasing levels in the months ahead. The era of "cheap food" apparently is gone for the foreseeable future.

In the meantime, there are several things consumers can do to assist themselves in getting the most for their food dollars. Texas Department of Agriculture home economists recommended the following:

1. Do not resort to panic buying. Revert to your normal buying habits. Food supplies are plentiful. One of the biggest problems now is that consumers are rushing out and buying everything in sight. Hoarding only aggravates the situation. The law of supply and demand is working in relation to food supplies. Right now, demand is outstripping supplies. As a result, prices are continuing to increase.
2. Shop around; look for the best bargains. Read the grocery advertisements carefully in your local newspaper. Compare prices and values. Make out your shopping list in advance, giving top priority to basic needs. Get the best price possible by comparison pricing in your newspaper advertisements; then decide what you can spend for luxury items.
3. Use the cost per serving comparison rather than the cost per pound. Determine which is the best buy. Boneless meat which is all edible is certainly a better buy if prices per serving are considered.
4. Get a copy of the Texas Department of Agriculture's bulletin, "Save on Your Beef Dollars." Information in the bulletin will explain to you what "grade" means, what "yield" means, and how to choose bargain beef. Write to John C. White, Commissioner, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711.
5. Do not "buy up" commodities that cannot be kept indefinitely. Bacon, for example, can be kept only about a week.
6. If you live in a rural area, check with some of the vegetable farmers about buying directly from him. Freezing fresh produce is not difficult if you follow directions. Write for the booklet, "Freezing and Canning Texas Agricultural Products," from the Texas Department of Agriculture address above.

## AJQHA National Finals underway at Amarillo

For the second consecutive year, Amarillo is hosting the American Junior Quarter Horse Association Convention and National Finals, August 7-11. Headquarters is located in Camelot Inn on 1-40 East.

More than 800 entries from over 30 states, including 40 from Texas, will be competing for \$25,000 in awards.

Because the show is invitational, only the top youth and top horses in the nation will be competing, according to Jim Price, president of the AJQHA. In addition the state-affiliated junior association are allowed to send two participants in each of the 25 classes at the finals.

The Tri-State Fair, Amarillo businessmen and businesses from throughout the nation are sponsoring this year's show. The AJQHA National Finals is a unique show, says Franklin Jeffers, general chairman, since no entry or stall fee is charged. The money is provided by Amarillo businesses and the Tri-State Fair.

According to Jeffers, the show is strictly invitational with the top ten youth in the 25 approved AQHA youth events receiving invitations to attend. Each state has the option to send two additional entries to be chosen by the state affiliates. The young riders do not receive points for their participation in the finals.

One of the highlights of this year's

convention and national finals will be the appearance of Miss Lynn Anderson, well-known country and western singer from Nashville, Tennessee. The North Dakota-born and California raised artist and her husband, Glenn Sutton, raise quarter horses on their Franklin, Tennessee farm.

While still living in California in 1960 and in 1966, the young blonde captured the state champion titles in both barrel racing and equitation. She has earned more than 600 trophies and ribbons from the National Cowboy Hall of Fame in Oklahoma City and the Philbrook Art Center in Tulsa.

More than 30 borrowed works of art from the National Cowboy Hall of Fame in Oklahoma City and the Philbrook Art Center in Tulsa will provide an additional attraction. The exhibit entitled, "Cowboys and Indians" will be displayed at the Amarillo Art Center, 2200 South V. Buren on the Amarillo Junior College Campus.

His annual Convention held in conjunction with the finals, representative of the 5000 members of AJQHA affiliated state organizations were to conduct business and elect officers for the coming year.

The AJQHA is the youth arm of the American Quarter Horse Association of young people 18 years of age and younger. The organizations was created in 1970, and now has over 5000 active members.

## Second split mourning dove season approved

A second experimental split mourning dove season was set in a July meeting of the Texas Parks and Wildlife Department Commission.

The commissioners acted on the recommendations of the department staff for a fall North Zone season of Sept. 1-14, 1973; and a fall South Zone season of Sept. 22-Nov. 4, 1973.

In those counties of the South Zone which have white-winged dove hunting, the mourning dove season will be concurrent with the Sept. 1-2, Sept. 8-9 whitewing season with additional mourning dove hunting Sept. 22-Oct. 31, 1973.

Bag and possession limits on both mourning and whitewing doves remain the same as they were last year—10 and 20 respectively.

Hunting hours for both species of doves are noon to sunset.

Originally, the split mourning dove season was proposed as a one-year experiment to evaluate the effects of winter hunting on dove populations and harvest. The commission approved a second year for the experimental split season because inclement weather across most of Texas in the January Segment curtailed hunting.

Some 91 percent of the 7.1 million doves harvested last year were taken during the fall portion of the season.

Seasons were also set on rails, woodcocks, Wilson's snipe or jacksnipe, gallinules and teal ducks of all species.

Rails: Sept. 1-Nov. 9, 1973; except in the Trans-Pecos Regulatory District where the season will close on Oct. 31.

Bag limit on king and clapper rails 15 in the aggregate, possession limit 30 in the aggregate. Bag and possession limit on sora and Virginia rails is 25 in the aggregate.

Woodcocks: Nov. 17-Jan. 21, 1973. Bag limit on woodcocks is five birds possession limit is 10.

Wilson's snipe or jacksnipe: Dec. 20, 1973-Feb. 28, 1974. Bag and possession limit of eight and 16 respectively.

Gallinules: Sept. 1-Nov. 9, 1973, with the exception of the Trans-Pecos District where the season will end Oct. 31. Bag limit is 15, possession limit 30.

Teal ducks of all species: Sept. 23, bag limit of four in the aggregate, possession limit of eight in the aggregate.

Hunting hours on rails, woodcocks, Wilson's snipe or jacksnipe and gallinules are one-half hour before sunrise to sunset.

Teal may be hunted from sunrise to sunset.

## Integrated cattle feeding could up farmer's income

An integrated system for feeding cattle could mean quite a bit more money in the cattleman's pocket, according to Dr. Donald Farris and Ed Williams of the Texas Agricultural Experiment Station.

The more common open market system sometimes results in higher marketing costs per head and more stress caused by transfers—resulting in weight loss and some cases of sickness and death, the Texas A&M University System researchers said.

The integrated system, in which the whole process from the weaning age calf to slaughtering is pre-arranged, lowers marketing costs and cuts down on the transfers and resulting losses. The idea is to plan and organize for minimizing stress and time in the marketing channel.

The potential advantage of the integrated system Farris and Williams found came to \$9 to \$11 per head in savings during 1966-70. About half of that was saved marketing costs.

They developed estimates for several types of cattle. The standard was choice steer evaluated from 350 to 1050 pound weights.

The greatest savings came from calves weaned at a light weight. The smaller animals are more sensitive to stress giving the integrated system the advantage.

Savings for heavy weaned calves would move directly to the feedlot rather than one-third as much they said.

Varsity grid quads as doing the scouting for varsity. Two-a-day practice begins at 10 a.m. on August 13. This continues for the next two weeks with school beginning on August 27th. Pre-season scrimmages are played at Hobbs on August 24th, and at Farwell on August 25th, both games slated to begin about 7:30 p.m. our time. On Saturday, August 18, an all-squad game will be held at 3:30 p.m. for the benefit of the school and boosters. Newspapers will be there for pictures and parents are encouraged to take pictures of their favorite Indians at that time. The Indians will be meeting with the same teams this year that they played last year. Last season the Indians put together a team with the record indicative of the fine ball the team played all

about the possibilities for the team this year. They are quietly confident that with the right attitude and a few breaks the team could go all the way. The offense will operate from the Power-I formation with a lot of motion, as Coach Winters says, "Wide open football." The team will employ the Oklahoma defense. Back this year to do battle for the Black and Gold are Ralph Mason, David Barrera, Larry Thompson, Billy Joyce, Gilbert Ramos, Jerry Silhan, Eugene Hawkins, Tony Soliz, Mark Fluit, John Green, James Bell, Randy Kuehler, Pete Soliz, David Palmer, and Reece Standmire. Up from last year's "B" team are Rex Coffman, Johnny Rozell, Larry Silhan, Rodney Cox, Tommy McClintock, and Monty Smith. By the time the season starts these and others not now known will be in good shape to give a good account of themselves during the football wars of 1973.

**BUGS**

**FROM PAGE ONE**

that the false chinch bug, which belongs to the family of insects, is small, not more than one-sixth or one-fifth inch in length, and black gray in color. Host plants are grain sorghum, potatoes, grapes, cruciferous plants, cotton and other cultivated and weed plants. Says McIntyre, the chinch bugs have infested sorghum fields by migratory flights from wild grasses and other hosts. Sorghum which is in the milk to soft dough stage is very susceptible, he adds. Greatest damage is caused by the insects sucking the milk from seeds. Farmers can detect infestations by closely observing their plants, since insects tend to migrate and colonize in large numbers.

They are often found only in spots in the field. "Chinch bug infestations are not encountered every year in sorghum," says McIntyre. As a result, no research information is available which indicates the number of chinch bugs or the extent of plant damage that can be tolerated before yield losses are encountered. "Chinch bugs tend to migrate and colonize in large numbers," he explains, "and spot treatment of areas infested is usually justified in hot, dry weather." Weather has been found to be the most important control factor, the specialist points out. Heavy, beating rains destroy many of the insects, and wet cloudy weather fosters the outbreak of a fungus disease among these insects. McIntyre adds that with the kind of weather prevailing over the South Plains during the past week, the need for treatment could change over a very short period. If producers anticipate yield losses, several materials have given effective control of

the pest, he advises. Malathion and parathion are suggested for false chinch bug control in Texas Agricultural Extension bulletin MP-339. **COTTON FROM PAGE ONE** Buyers for cotton and milo for forward shipment, where described by producer spokesmen as a key factor in the bright farm picture for 1973-74. While the Lubbock officials were marking their rosy predictions, the DOA Agricultural Marketing Service was issuing a bulletin on market activity that also painted a rosy picture in the area of cotton prices for the 1973 and 1974 crops. Market activity in the Western Region was centered around contracting the 1973 and 1974 crops and the approaching South Texas harvest, according to the Agricultural Marketing Service, USDA. A strong foreign demand for cotton for forward delivery caused many merchants to actively seek to contract.

Volume of contracting was heavy around Lubbock and Abilene. Contract prices were around 21.00 to 26.00 cents per pound above loan rates for better quality, premium mike cotton. In Arizona and California, most activity was in contracting of the 1974 crop. A considerable volume of 1974-crop San Joaquin Valley growth was contracted at 56.50 to 57.00 cents per pound, basis Middling (31) staple 35. Prices quoted for selected qualities, 3.5 to 4.9 mike, in the six Western Region spot markets are as follows: Dallas 45.20, 44.20, Middling Light Spotted (32) staple 32. Houston, 53.50, 52.50, Strict Low Middling (41) staple 34. Lubbock, 42.75, 38.75, Strict Low Middling Light Spotted (42) staple 32. El Paso, 64.00, 66.00, Middling (31) staple 37. Fresno, 63.90, 65.95, Middling (31) staple 35. Phoenix, 58.60, 60.65, Middling (31) staple 34.

## Naval reserve seeks members

Naval Reserve Surface Division 8-87 (M) is now meeting the second weekend of each month, at the Naval Reserve Center, 2903 W. 4th St., Lubbock. Men from a hundred mile radius of Lubbock are attending drills here.

Meetings begin at 8 a.m. on Saturday and Sunday, and continue until 5 p.m. For this a man gets paid the equivalent of four active duty days.

Men with prior service are urged to affiliate with the Naval Reserve. Anyone interested can contact the Naval Reserve Center from 8 a.m. to 5 p.m. on weekdays or on drill weekends.

There are opportunities in the Naval Reserve not only for former Navy men, but for those who have served with other branches of the Armed Forces. Telephone number of the Reserve Center is 765-6657.

Persons living outside Lubbock can call collect to get more information about the Naval Reserve, and to visit during a drill weekend to see what it's all about, with no obligation.

Another benefit accruing to Naval Reservists is going on two weeks' active duty each year, which can be either shore or sea duty, and being eligible for retirement benefits after six years of Reserve affiliation.

### SALAZAR DIES

Antonio Salazar, Portuguese chief of state for 40 years, died in Lisbon on July 27, 1970.

### FOR THOSE WHO THINK

From the Christians who assemble at Taylor and S.W. 2nd Sts.—Greetings: In our first article we noted that the word "Church" is used where the meaning is "called-out"—never referring to anything except people who have been "called" by the gospel of Christ. (2 Thess. 2:13,14). In our second article we noted that only the "disciples" of Christ can truly wear the name "Christian". But, also, to be a true disciple of Christ requires 1) one must "believe on Christ"; that "belief" is not all that is required in order to be a disciple; that one must "continue" in the word of Christ, and that THEN one is Christ's "disciple indeed"; 2) that such an one DOES rightly wear the name Christian; 3) only such are so recognized in God's word. In our third article we noted that Christ commissioned and prepared the apostles to reveal (testify—witness) to him, and that they made known that word in which all must continue in order to be a true disciple and named (by God's Spirit) a CHRISTIAN. This writer will gladly study these matters with any sincere thinking person. But they need not be repeated in these articles again—but shall be referred to and used further.

It is definitely proper and needed that we note some of the consequences of these facts. Could anyone truthfully state that he (or she) "believes in Christ" and yet does NOT believe his word? No honest, thinking, person would ever say that the "believes" in any person and yet say that he wouldn't believe what that person said! Jesus said, "...I am the truth, and the life; no man cometh unto the Father, but by Me." (John 14:6). If I believe in Christ I believe that ALL of it I would definitely be committed to. Consequently, I do not believe that there is any other way to come to God except by Jesus Christ. This eliminates any man, or set of men—any order, organization, or institution. There is no man, or set of men, etc., that can today "establish" truth. That which came from Jesus and his apostles IS the truth from God—revealed unto man. The absolute consequences of these facts shall engage our attention in articles to follow.

You are welcome and urged to attend the announced assemblies at Taylor & S. 2nd.

## ABOUT LOCAL FOLKS

by Dutch Gipson

Ronnie Standefer of Hayword, California is presently spending his vacation with his father and mother, Rev. and Mrs. Rois Standefer.

The Russell Hudsons, Russell, Betty and Mary Jo left Friday night for their vacation. Their plans were to visit south of the border and possibly a stay in San Antonio.

Mr. and Mrs. Hume Russell and Mrs. Evelyn Smith were among those who attended the Golden Wedding Anniversary celebration of Rev. and Mrs. W.B. Swim, Sunday. Rev. Swim pastored the First United Methodist Church here twenty or more years ago. The celebration was held in Plainview where they now live.

Mr. and Mrs. Frank Jones of Odessa visited their daughter and family, Mr. and Mrs. Jimmy St. Clair over the weekend.

Mr. and Mrs. Hume Russell visited with Mrs. Russell's mother, Mrs. Austin, who now lives in Childress.

A coffee was held Tuesday morning at 10:00 a.m. in the dining room of the Tic Toc honoring Mr. Sam Salem, who is leaving our midst. The Leverett's plan to leave Friday for Paris where they will make their home. Money placed in a lazy susan, forming a salad, was presented to the hostesses.

A quarterly meeting of South Plains Scottish Rite Mason's met together with their ladies for a bountiful feed Thursday night in the Tic Toc dining room. A short program was enjoyed. Roland Simpson K.C.C.H. was the principal speaker. About 40 people attended this banquet.

Pat Hatcher of Venita, Okla., visited briefly in Morton during the rodeo. He was a house guest of the B.H. Tuckers one night during his stay here.

Mr. and Mrs. Joe Gipson enjoyed a short visit of friends, Mr. and Mrs. Joe Davis of Midland. The Davis' were enroute to Colorado for a short stay with their children.

Mr. and Mrs. Charles McDermott enjoyed the past weekend visiting in Ruidoso. This trip is an annual occasion because of Charles' ability in selling so much fertilizer for a specified company.

Mrs. Ray Hill visited in Morton during "Fair" days the past week.

Those visiting in the E.R. Fincher home Sunday were their three daughters, Faye Fincher and friend from Dallas, Bernice and children from Lubbock, Marvie Ann and family from Lubbock. Mr. Fincher's three sisters were also among the guests, Mrs. Myrtle Bagby, a son Neil, daughter, Joan and three grandchildren from Portales; Mrs. Maude Kersey, Muleshoe; and Mrs. Lois Peacher of Hot Springs, Ark.

### Look Who's New

Phillip Todd, son of Mr. and Mrs. Bob Nieman of Dallas. Phillip arrived July 26 and weighed 7 pounds and 11 ounces.

### Governor announces SPAG grant

A \$26,476 grant awarded the South Plains Association of Governments this week by Governor Dolph Briscoe will be used to continue and expand operation of the South Plains regional law enforcement teletype network.

The money will come from the Criminal Justice Council, which administers the state's block grant from the Law's enforcement Assistance Administration under the Omnibus Crime and Safe Streets Act.

The teletype network permits rapid access to computerized information centers at the state and national levels. Eighteen agencies are now in line. Approval of the new award will enable addition of two new agencies, Floydada and Olton police departments.

Participating agencies will contribute a \$22,615 cash match to the project.

The South Plains application was among 52 for action and planning funds considered by the CJC Executive Committee July 13. Requests totaled more than four million dollars.

**ATTENDING THE W. R. BILBREY** reunion held in Tatum, N.M. July 28 were: Front row, Waymon Bilbrey, Bob Leonard, Mrs. Bob Leonard, Wilson Bilbrey and Mrs. Wilson Bilbrey. Second row are: Mrs. Waymon Bilbrey, Leslie Kelley, Mrs. Samantha Anderson, Mrs. Mac Denney and Miss Jane Bilbrey. Standing are Mrs. Marion Bilbrey and Marion Bilbrey.

### Rural Development Leaders School begins in Nebraska

The first national rural development leaders school in the nation's history began Sunday August 5, in Lincoln Nebraska according to the U.S. Department of Agriculture.

In training at the session, sponsored by USDA's Rural Development Service (RDS) are 120 men and women representing many segments of rural America. The students come from 42 states and their backgrounds and occupations vary widely. They all have one thing in common—a desire to improve their rural development knowledge and skills and to study developmental strategies. The students all are engaged in rural development activities in their

home areas.

Keynote speaker at Sunday's kick-off dinner was Eddie Albert, star of the Green Acres television show. His topic was "Discovering Rural America." Rep. Charles Thone, Neb., will speak at the noon graduation ceremony Aug. 11. William Erwin, assistant secretary of agriculture for rural development, and Dr. Walter A. Guntharp RDS administrator, welcomed the students and participated in discussions at the opening session Aug. 6.

Faculty members at the school, being held on the University of Nebraska campus, come from government, business, industry, education, and public interest groups.

Plans are to conduct the school periodically at various locations in the country to provide training for the many state and local leaders who are working in rural development. These schools will be announced in the future as programs for them are developed.

...LL, ALRIGHT, GIRLS, BUT ONLY FOR A MOMENT—And, please, ever so gently, seemed to be the attitude of Dean Patrick who took the grand championship in the beard growing contest at the country fair in Morton Saturday. Two of the five judges, Sue Travis and Kay Houston, the only female arbiters, just ran their fingers through the luxuriant growth one more time to make sure their judgements were correct. From their expressions, one would gather that they were not disappointed.

"Thou wilt show me the path of life, in thy presence is fullness of joy." PSALM 16:11

## HERE IS THE PATH

How shall I love the Lord thy God with all thy heart, and with all thy soul, and with all thy strength, and with all thy mind, and thy neighbor as thyself? Luke 10:27

The heart of God's first and greatest commandment is love. God gave man the freedom to choose . . . and therefore will not force his love on anyone. God took the first step and is always ready to receive any who would come to Him.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society on earth will long endure and the freedom which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

MRS. DAVID ROY ROBERSION  
(nee: Miss Karen Willis)

REVEREND AND MRS. ROIS G. STANDIFER announce the engagement and approaching marriage of their daughter, Rebekah Ann, to William Howard Bryan, son of Mr. and Mrs. Steve Bryan. The couple plans to be married September 22 at 1 p.m. in the First Missionary Baptist Church. Friends are invited to attend.

## Roberson, Willis exchange wedding vows

Karen Sue Willis and David Roy Roberson exchanged wedding vows at 7 p.m. in the First United Methodist Church. E. Byron Willis, pastor, officiated. The bride wore a formal length white gown of Spanish peau d'angle with tulle. The gown was fashioned in empire bodice, high neckline, full sleeves with self ruffle at the cuffs and a full gored skirt that extended

into a chapel length train. A wide self ruffle at the hemline of the skirt and train complimented the gown. Her headpiece was an elbow length veil of matching lace. Mrs. Beverly Barker served as matron of honor. Glenda Roberson of Kress, sister of the groom, Teri Harris of Levelland and Susan Rowden were bridesmaids. Dell McKnight of Kress served as best man and groomsmen were Kenny Hughes, Kress, Lewis Aven, Hereford and Deryl Evans of Amarillo. Miss Rheda Jane Brown, soloist, was accompanied by Nick Steward of Kress at the piano. A reception in Fellowship Hall honored the couple.

## Drill team clinic set in Levelland

A drill team clinic, beginning at 2:00 P.M. on Sunday, August 26, will be conducted in Texan Dome on the campus of South Plains College. Mr. Denard Haden, choreographer for the Kilgore Rangerettes, will be directing the clinic. Young ladies planning to

attend South Plains College during the ensuing fall semester who are interested in participating in the drill team clinic are requested to write Mrs. Mary K. Shea, Director of Tex-Anns, South Plains College, Levelland, Texas for additional information.

Mr. and Mrs. Roberson will make their home in Friona following a wedding trip. He is employed by Reeves Chevrolet in that city. The couple will be Junior students at West Texas State University in Canyon in the fall.

Registration cost for the clinic is borne by South Plains College. Enrollment is limited to the first forty girls accepted for the clinic, and all requests for attendance must be mailed on or before August 15, 1973.

**THRIFTWAY**

Dear Customers:  
 Since the Government's announcement of July 18th, some food prices have increased. Here is what our food experts, at Thriftway, are going to do to help hold food prices down.

1. No mark-up will be added to higher prices charged to us by our Suppliers. We will not profit from higher costs.
2. We pledge to insure that our Suppliers do not raise prices above the legal limit. In many instances, we will negotiate prices lower than the ceilings legally allowed.
3. Some foods have not increased in price because they are in large supply. Many items are at, or near, last year's lower prices. We will keep you informed on the items that are the best values.
4. We will not cut quality. Now, Thriftway's Check Rated pricing will mean more to you than ever before.

If you haven't shopped Thriftway Stores recently, give us a try. There never was a time when integrity was more important.

Manager, Thriftway
