Mules down Tribe in 'squeaker'

DOROTHY TONEY, center, held a somewhat and windwhipped court at the half of the Morton High School football homecoming parties last week. The homecoming queen and court appear to have had an enjoyable

time regardless of the weather. Dorothy's court, left to right include princesses Debbie McHam, Joyce Moseley, Dorothy, Leslie Taylor and Kim Peters.

All-out effort by Tribesmen down to wire

Friday night the Morton Indians took on the Muleshoe Mules, turned them every way but loose, and lost the ballgame 0-9.

It was a heartbreak affair for the Indians. They played well throughout the game but to no avail as far as scoring was concerned.

It was Homecoming for the Mules. A year ago at Morton, they had been defeated by the Indians and were bent on revenge. They were fired up for this game. All of these factors were working as the AAA Mules took the field to do battle with their pesky AA rivals and neighbors from down the road a piece.

It became apparent in short order that the Indians had come to play. They actually played one of their better games in moving the ball, and in containing the Mule attack when on defense. Had they been able to punch anything across early in the game the end result could have been vastly different.

Three times the Indians drove deep into Mule territory. It seemed a sure thing that on the next play they would be counting, but something always held them away. A fumble, an interception, a penalty — these were the breaks that always seemed to be going against them. And in the final analysis, when they didn't score in that first half, that was the game.

The second half was almost a second ballgame. The Mules began to bottle the Indians up in their own end of the field. More and more, they seemed ready to take decision into their own hands.

Finally, it happened. With eight minutes on the clock in the last quarter, the Mule

KIP CUTSHALL, left, governor of District 2T2 of the Lions Club, was guest speaker at the Lions weekly meeting at the county activities building Wednesday. Cutshall reported to the local Lions on the international Lions convention recently held in Miami, Florida. He informed them that the Lions theme for this year is "A Million Men Serving Mankind." The governor, who resides in Littlefield, represents 3,000 Lions in 21 counties in West Texas. Greeting Cutshall are Lions Club President and Mrs. James St. Clair, Jr.

Countians to attend meeting in Austin

More than 1,500 rural community leaders in Texas are expected to gather in Austin on Oct. 23 to review the state's rural resources and to lay the groundwork for developing and utilizing these resources more fully for a better Texas.

The occasion will be the Governor's Conference on Rural Development, the first of its kind in the state. The conference will be held in the Austin Municipal Auditorium, with registration beginning at 8:30 a.m.

Attending the conference from Cochran county will be County Judge Glenn W. Thompson, Roy Hickman, County Agent Roy McClung, Jr. and one or more county

commissioners. Cochran county is one of three counties in Texas recently designated as a redevelopment area in accordance with the Public Works and Economic

It is amazing how frequent events in the history of our great republic seem to occur on significant dates — or is it the way around — that they really makes the date significant?

For instance: October 15, the farewell address of president Spiro Agnew, his farewell address, in American government to the nation make a day notable in history, or the date merely recall to that this took place on October 15, 1973?

As far as we are concerned, we will live in American history as a day of infamy — it lives as the day that the American system of prudence and justice bid well to the centuries-old concept of innocence until proven guilty. That is an over simplification, but after all, we are not lawyers. According to the old English common law upon which our prudence system is based — a man is innocent until proven guilty.

Agnew was forced to resign under the pressure of the media without ever seeing his day in court. The papers, television and reports — invariably accurate and always biased — held his trial sentenced him to obscurity at the slightest hint of due process of law.

Agnew may be the most crook in the world — but you will never convince us of that fact until he has his day in court — just as you and I have to expect.

Where does this leave us? It leaves us with our heads hanging out a mile — if anything can happen to our second highest officer in command, what can we expect as individuals when our case is up which is contrary to the interests of the special

Cotton market holds steady

Harvesting was delayed by rains in Central and South Texas and in the San Joaquin Valley of California during the week, according to the Agricultural Marketing Service, USDA.

In Oklahoma, New Mexico and in the El Paso-Pecos and Plains areas of Texas the harvest was in the early stages. Most current ginnings were being delivered into marketing pools or against contracts made earlier in the year. Demand was good for uncommitted cotton. Buyers were active bidders on cotton offered by growers. Contracting of the 1973 and 1974 crops continued in some locations.

In the El Paso, Texas area growers received 60.00 cents per pound for 1974-crop, Acala varieties, basis grade 31

staple 37. Medium staple varieties brought 52.00 to 56.00 cents per pound, basis grade 31 staple 34.

Some Arizona growers rejected offering prices of 80.00 cents per pound for early ginned, mixed lots of mostly

WTS Grape Association formed here

West Texas Sandyland Grape Association was formed at a meeting Friday morning in the Tic Toc Restaurant. Don Bales was elected president of that organization.

The association was formed following a Texas Tech research plot that proved good grapes on the Texas High Plains can be grown economically and with a high return with limited irrigation.

Other officers elected were George Martin, vice president; Dan Keith, secretary and directors, Jim McHam, Jim Bell, Larry Buchanan and Nathan Moore.

Anyone interested in more information or in joining the organization may contact one of the above officers.

Babe Ruth meet

The Frontier Babe Ruth League will meet October 25 at 6 p.m. in the Morton Insurance office to organize the league for the coming year.

All players, both Junior and Senior league, and their parents are urged to attend this important meeting.

MORTON HIGH SCHOOL'S OUTSTANDING MARCHING BAND is pictured as it entertained at halftime of the Stanton football game last week. The band, which performs at every MHS football game, has won several outstanding prizes in area competition recently and can always be depended upon to furnish a highly entertaining half-time show.

Local farmers progress in '72

For most Cochran County farmers, the past year turned out to be a better one, from the standpoint of gross income, than they have had in some time.

The final figures for the year, recently released, show that gross receipts from the sale of crops, livestock and other farm products compared favorably with those reported for other parts of the country.

The progress that local farmers have been making in that direction is indicated by the fact that their total cash income from marketings has been on the rise, thanks to increased production and better prices.

A considerable part of the grain was wiped out, however, by higher operating costs.

According to the Department of Agriculture, realized gross income in the past year reached \$68.9 billion nationally, up \$9.2 billion from the year before. Production

Americanism program given at club meet

"Where is David Hralicka" was the question asked by Mrs. Ray Luper and Mrs. Jimmy St. Clair at the October 11 meeting of the Emlea Smith Junior Study Club meeting held in the home of Mrs. Lynn Price.

David Hralicka, an American pilot who was captured by the North Vietnamese, has never been accounted for, although pictures were published of him and his captors. "Now, we the people have to remember and not forget our missing service men. They took an oath and remembered us and their country when they joined the service," Mrs. St. Clair told the members. To show support for those missing and for those who have served their country, members asked that everyone in Morton fly their flags on Veteran's Day, October 22.

Mrs. Kim Hanlin and Mrs. Bill Welch gave some facts about the state of Texas which included the state bird, flower, tree and motto. Mrs. Welch passed out outlines of the state. The program ended with the singing of "America" and "The Eyes of Texas."

The meeting was opened with a prayer by Mrs. Earl Polvado and Mrs. Bill Welch led the club in the American Creed. Mrs. Donnie Dewbre led the club collect. In the business meeting it was announced that the club would have lunch with the Senior Citizens Club October 25. Mrs. Jimmy Roddy and Mrs. Kenneth Williams reported that the Halloween Carnival would be held in the George Seagle building October 31 from 6:30 p.m. until 10 p.m. Chairman for the various events are: Cake Walk, Mrs. Loy Kern; decorations, Mrs. St. Clair; publicity, Mrs. Dwan Hester; booths, Mrs. Williams; admissions, Mrs. Roddy and door prizes, Mrs. Dewbre.

quarterback connected on a pass into the end zone and Indian hopes for victory went out the window.

Once the Mules began to scent victory, they were hard to stop. After gaining their touchdown they really seemed to get with it, more so than at any previous time during the evening. Rushing their line and ends, they drove the Indians deep in their own end of the field as the Tribe was trying to work back upfield. They gained their last points when Ralph Mason was bottled up in his end zone for a safety.

The win by the Mules and the Indian loss brought the records for both teams to 3-2-1 for the year. For both teams, from here on out it will really count as district play begins. The Indians are idle this week as the rest of the district gets started, and will resume action next Friday against Olton in Morton with the game slated to begin at 7:30 p.m.

Outstanding in a losing cause against the Mules were Larry Thompson and Jerry Sihlan, chosen as Outstanding Offensive Player of the Week and Outstanding Defensive Player of the Week respectively. This is another step up the ladder in competition for recognition at the All-Sports Banquet as a Player of the Year.

from the sale of crops and livestock. The rest was made up of government payments and "income in kind," which is the value of home-grown products that are consumed on the farm.

A breakdown of the cash receipts in Cochran County from commodities, based upon the most recent data from the Department of Agriculture, shows that approximately 67 percent of it came from the sale of crops and the remaining 33 percent from marketings of livestock, poultry and dairy products.

Farm output in most regions of the country reflected record or near-record yields, the reports show. The Northeast, afflicted with unusually heavy rains and early frost, was an exception. Livestock and poultry production also rose to new highs.

The amount of cropland used for crops totaled 336 million acres, which was 4 million less than in 1971. No less than 85 million of those acres, an all-time high, produced products for export.

grade 31 staple 35. South Texas growers were offered 40.00 to 60.00 cents per pound for small mixed in-grade lots and 25.00 to 30.00 cents for below grade lots. Growers were reluctant to sell at these prices.

Some 1974 acreage was contracted at 62.00 cents per pound in the Harlingen area. Central Texas growers received up to 70.00 cents per pound for selected lots of grades 32 to 42, staples 32 and 33. Most mixed lots brought

55.00 to 63.00 cents per pound, however.

On the Texas plains a limited volume of mixed quality, early ginned cotton brought 60.00 to 68.00 cents per pound. Plains area growers contracted 1973 crop cotton at up to 41.00 cents per pound above loan rates for better quality, premium mike cotton.

Prices quoted for selected qualities, 3.5 to 4.9 mike, in the six Western Region spot markets are as follows:

Dallas, this week, 64.25; last week, Middling Light Spotted (32) staple 32.
Houston, this week 76.00; last week 76.00 Strict Low Middling (41) staple 34.

Club urges flags fly for MIA'

As a special observance Veterans Day, October 22, members of the Emlea Smith Junior Study Club urge all persons to fly their flags in remembrance of the more than 1,300 MIA's still missing in Southeast Asia.

Last spring the world watched joyously as 590 prisoners of war from North Vietnam were reunited with their families.

Since that time many people have lost sight of the fact that almost two-thirds of the men who were missing and imprisoned in Southeast Asia did not come home. Through

public concern during 1969, the conditions of the known POW's was greatly improved and ultimately lead to their release.

"As citizens who care about those still considered as missing in action, please join in remembering the MIA by making a special effort on October 22, Veterans Day, to fly your flag in their behalf," Mrs. Jimmy St. Clair, co-chairman of MIA Day, stated.

For further information concerning ways you may help, contact Mrs. St. Clair or Mrs. Ray Luper.

HERE'S TO YOUR HEALTH

Can colds be avoided? Colds increase when the winter heating season begins, because the dry air in heated rooms parches the nose and throat membranes, which are then more susceptible to virus infection. Dry mucous membranes cannot clean themselves by action of their cilia (hairlike structures) that move mucous upward out of the respiratory system, clearing away germs and viruses. If homes, schools, and places of work can be humidified to about 40% it should help to reduce the common cold infection.

"Thou wilt show me the path of life: in thy presence is fulness of joy..."
PSALM 16:11

HERE IS THE PATH

Thou shalt love the Lord thy God with all thy heart, and with all thy strength, and with all thy mind, and thy neighbor as thyself.
Luke 10:27

The basis of God's first and greatest commandment is love. God gave man the freedom to choose... and therefore will not force his love on anyone. God took the first step and is always ready to receive any who would come to Him.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long survive and the freedom which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

FOR PEOPLE WHO THINK

In the last two articles preceding this study we have definitely learned some things that are clearly taught in the New Testament, which are based upon the word of God—and must be believed or cannot have the faith that God recognizes as true faith and about such faith one cannot please God. In the article immediately preceding the last two attention was called to the only way that the Bible reveals that any person can obtain THAT faith. Listen again to Romans 10:17—"So then faith cometh by hearing, and hearing by the word of God." Now, friends, there is the slightest hint in all the Bible that even remotely modifies or changes that fact—search as you may, and using all passages in the context of the whole Bible so that the usage in no way creates an inconsistency in God's word. This is why that this writer asks one who states that they believe a certain thing about Christ, salvation, righteousness in God's sight "where did you get that in the proper use of God's word? I want to know—for if it is in the Bible applicable to us today I want to know about it, too, so I also may believe it". You see, I will only believe it upon such basis. I will not accept anything as something included in faith as it defines faith unless it is found given to us by the word of God.

In the last study we learned FROM THE BIBLE just exactly what repentance is—it is a change of mind, a change of will, a turning out—Study again Matt. 21: 28, 29. Many seem to think repentance is simply "being sorry about our sins". Now, none can deny that is necessary—but it can be and repentance not be done. Many are sorry about their sins—but do not change their minds about committing those sins, but keep on doing those things. They do not change their will—they do not "turn around" and do God's will. This cannot be repentance. God's Holy Spirit directing him—Paul is the matter straight by writing in 2 Corinthians 7:8-10 that "bodily sorrow worketh (brings about—CRM) repentance to salvation...." Read and study this. God commands it (Acts 17:30) we MUST do it. Remember—you are welcomed to attend the assemblies at S. W. Taylor and 2nd. Sts.

C.R. MANSFIELD, Evangelist

Also discussed was a teaching behavior inventory which includes the following six roles: director of learning, appraiser of students, cultivator of knowledge and values, facilitator of school, community relationships, total program builder, and support of the profession. Is now the time to buy land?

Acquiring that farm might seem more practical with financing through the Federal Land Bank. Land is easier to pay off when costs are amortized over extra years with a long-term Land Bank Loan. Your total cost of borrowing, too, can be less. Ask us for help: We know land values; we will inspect the property. We will then try to make a loan that meets your exact needs.
