## Cotton harvest in high gear

### Well ahead of last year

The South Plains cotton harvest is gaining momentum daily as stripping operations increase in all counties, according to Paul R. Dickson, in charge of the U.S.D.A. Cotton Classing Office in Lubbock. This great increase in the harvest activity is reflected in increasing number of samples being received daily at the four area U.S.D.A. classing offices. Approximately 20,000 samples were received at the four South Plains offices on Friday. This was the largest number of samples received any day this season and this volume is expected to increase daily if favorable weather continues. During the peak of the harvest this volume usually reaches 50,000 to 60,000 samples per day. Classers from other areas are being transferred to the local classing offices to take care of this increased volume.

The U.S.D.A. classing offices at Lubbock, Brownfield, Lamesa, and Levelland classed 92,000 samples last week and had approximately 96,000 on hand Friday afternoon. Total classed so far this season now stands at 188,000. This is far ahead of the volume at this date last year when only 8,500 samples of the 1972 crop had been classed.

Samples from 7,000 bales were classed at the Levelland office during the week ending Friday, November 9th. This brought the total classed for the season to 14,500. This is far ahead of the place of last year's crop. At this time last year samples from only 26 bales had been classed.

Quality of the early harvested cotton was excellent and is considerably higher than last year.

**HOMECOMING QUEEN CORONATION.** Donna Coleman is shown receiving her crown as 1973 Morton High School Homecoming Queen at ceremonies during halftime of the Morton-Dimmitt football game Friday night. Morton schools superintendent Bob E. Travis places the crown on her head as the crown and flower bearers look on in the foreground and the marching band stands to attention in the background.

## 'Cats claw Tribe 14-0

BY JOHN COFFMAN

Friday night the Indians had something happen to them that hasn't happened all year — they lost a second football game in a row. Coming back from a loss to Littlefield, they lost to Dimmitt by a score of 14-0. The game was played in misty damp weather before a large Homecoming crowd.

The wetness of the air and turf presented problems for both teams. It helped the Indians hold the elusive Robert Mayberry to his lowest yardage gained all year. The Bobcat ace also was held scoreless in the game. The wetness hurt the passing game of the Indians causing them to drop the wet ball or slide down trying to catch it.

Morton won the toss and elected to receive. Taking the ball they drove deep into Bobcat territory. Facing fourth down the Indians failed

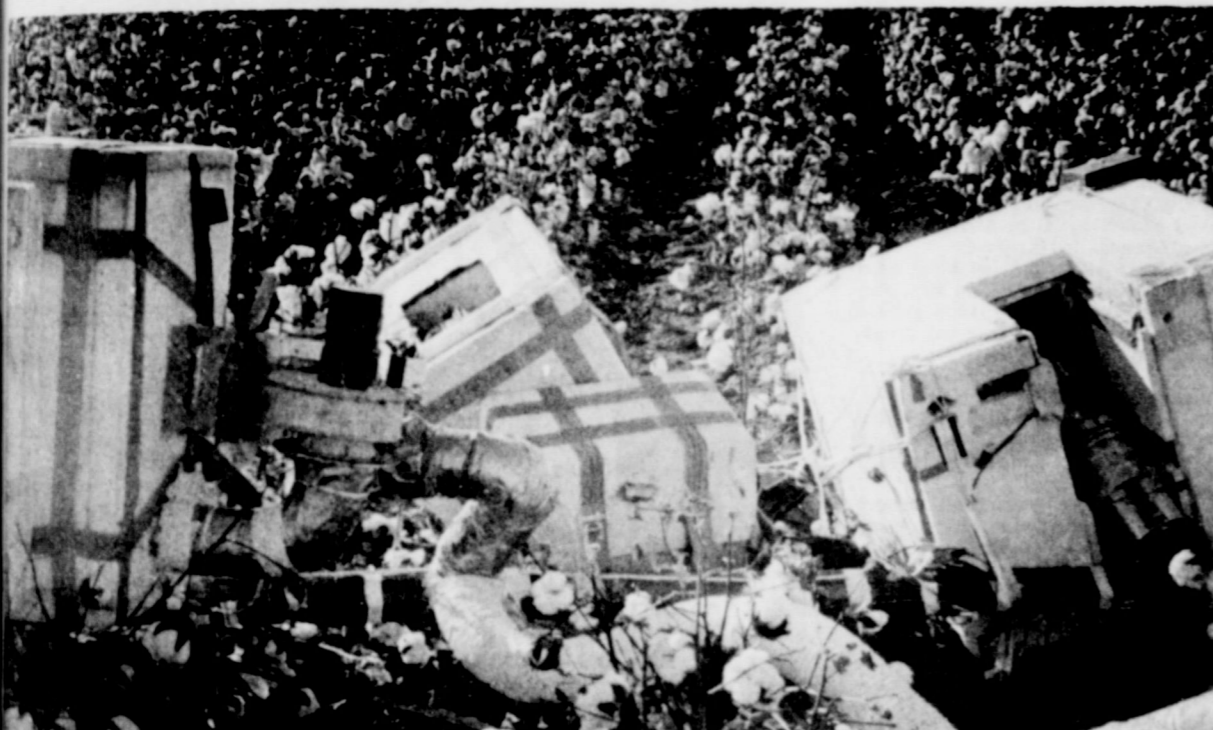

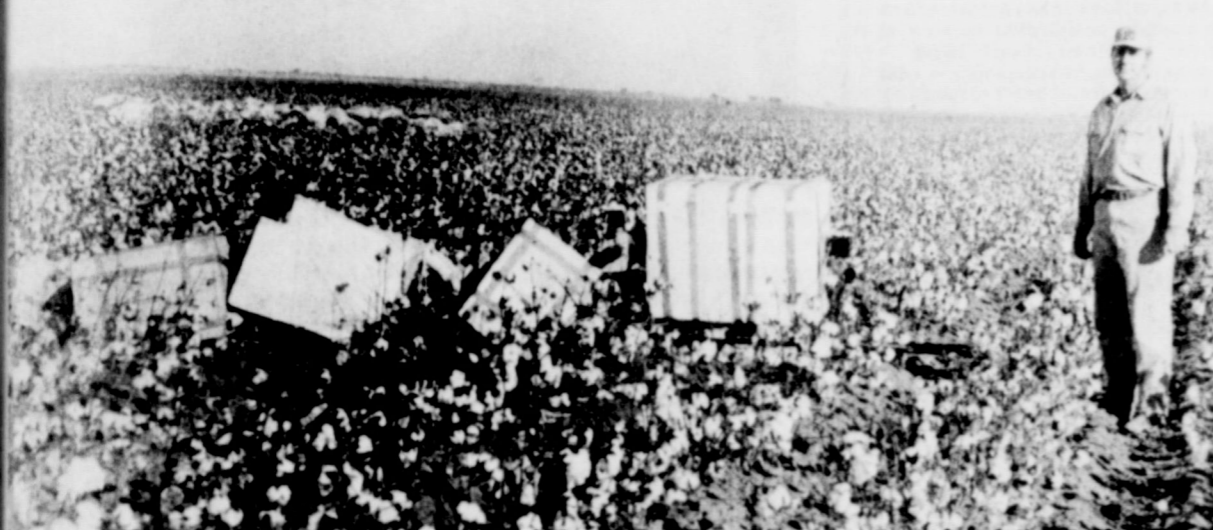

to connect on a pass and turned the ball over to the Bobcats on See TRIBE Page 8

## Large migrant grant announced

A federal grant of \$16,078,330 to aid in education of 76,000 children of migrant workers in 46 Texas counties has been awarded the Texas State Education Agency, it was announced Monday in Dallas by H.D. McMahan, regional director for the U.S. Department of Health, Education and Welfare.

The program will serve students in Atascosa, Bailey, Bee, Bexar, Caldwell, Cameron, Castro, Cochran, Crosby, Dawson, Dimmitt,

Littlefield resident Eldon Hill was the first to arrive at the downed parachute which was released from an experimental balloon from Holloman Air Force Base Tuesday afternoon. The parachute carried a 900 pound payload of instruments for high altitude testing of the

atmosphere. The parachute landed northeast of Littlefield in the Fieldton community on the Ruben Brock farm. The huge balloon that carried the payload landed approximately five miles northeast of Morton. (Photo by Joyce Wrinkle)

## Balloon causes excitement

Many Morton and area residents were looking up at the sky, to the northwest of the city about 2:30 p.m. Tuesday, wondering what that strange object was. Some residents said it wasn't moving while others said it was.

The truth of the matter is that it was moving and when local residents saw the object it was 70,000 feet high, according to Colonel Robert J. Reddy of the Balloon Branch at Holloman Air Force Base at Alamogordo, New Mexico, and floating in the area between

Morton and Littlefield.

Colonel Reddy said that the Air Force had released the high altitude research balloon at about 7:30 a.m. Tuesday, from their base in New Mexico.

This balloon carried a 'payload' weighing 900 pounds, which had gathered information from an altitude of 102,000 feet. The balloon was sent up to make

## Food stamps to benefit area

The Commodity Distribution Program was recently phased out in the Cochran County, and a Food Stamp Program installed November 1. It will be 100

percent funded by the State of Texas, and administered from Lubbock.

Cochran County Judge Glenn Williams stated that the Food Stamp programs are being installed in every County in Texas, with Cochran County being one of the last. This is because of the three ways that the Commodity Programs have been funded; some were financed totally by the counties; some financed jointly by the county and state; and some totally by the state. Food stamps were installed first in those counties that had borne all the expense of the Commodity Programs, secondly in those counties that had shared the expense with the state, and finally the ones that had not borne any expense. Cochran County fits in the latter group.

The State is changing from commodities to Food Stamps because they believe the total cost will be less, it will be of more and better benefit to the people, it will not be competitive to local merchants, and it will bring many hundreds of thousands of dollars of new money into local economy.

The Food Stamps went on sale at the Post Office, beginning November 1, between the hours of 10:00 a.m. to 3:00 p.m. Monday through Friday. The benefits lies in the fact that a person will receive more dollars worth of Food Stamps than the

money he actually spends.

Eligibility to participate in the Program is determined by income, but there is considerable flexibility in the guidelines. A family's income, related to the number of people in the family, determines the amount of money that family can spend for food stamps and how many food stamps they will receive in return.

Income is calculated by taking ones gross income (salary for example) then deducting the withholding tax, social security rent, (or house payments), real estate taxes, monthly drug and doctor bills if any, and hospitalization

## Pickup winner in calf crash

No human injuries were sustained, but substantial damage was done to both the vehicle and the animal when a late model pickup driven by Marion Bilbrey of Plains and a black Angus calf came into collision Monday night.

The pickup was traveling south on a farm to market road approximately 14 miles south of Bledsoe near 7 p.m. when the accident occurred, according to Highway Patrolman T.A. Rowland.

The calf, valued at approximately \$150, was killed and the truck received an estimated \$250-300 damage.

## Chili Supper

The Morton Tennis Boosters are sponsoring a Chili Supper tonight starting at 6 p.m. in the school cafeteria. Dessert and drinks will also be served.

Bill Johnson and Mrs. Ira Brown are in charge of ticket sales. They may also be purchased at the door.

THREE HAPPY LUPERS appear above as they received the "Civic Pride Award" signifying that theirs was the most improved place of business in the city of Morton for the month of October. The award, sponsored by the Morton Area Chamber of Commerce, consists of the above plaque, which will be displayed in their building throughout the month of November and a certificate which they will retain permanently. A similar award will be made each month for the most improved residence in Morton. A third plaque will be awarded to the most improved residence in Whiteface.

## Correction!

In a front page picture outline last week the Tribune made a mistaken identification of the Cochran County 4-H Gold Star Award winner as Steve Polvado. The boy actually selected for the award is Randy Coleman, son of Mr. and Mrs. Ronald Coleman, whose picture appeared with the girl winner Wyn Crone.

The Tribune regrets this error and extends its apologies to Randy. We are happy that at least the picture was correct.

### Circle hosts luncheon in fellowship hall

The Elizabeth Greer Circle of the First United Methodist Church held a Thanksgiving luncheon Tuesday, November 13, in the Fellowship Hall.

Mrs. James Price presented the program on "Life and Death" using writings selected from Contemporary Christians.

Mrs. James Whitehead discussed plans for the Lord's Acre Program to be held December 5. Mrs. Ray Bridges was pianist and Mrs. D.D.A. Ramsey gave the devotion.

Thanksgiving decorations were used on the tables. Hostesses were: Mmes. Weldon Wynn, D.A. Ramsey, James Price, Don Richardson, and Owen Egger. Special guest was the Rev. James Price, pastor.

Members attending were: Mmes. J.N. Burnett, W.W. Smith, Ray Bridges, Kenneth Coffey, Finis Baldrige, John Crowder, N.H. Steed, Sr., James Whitehead, Floyd Rowland, and Bobby Adams.

The next meeting will be November 27, at 2:30 p.m. in the home of Mrs. D.A. Ramsey.

### Whiteface club meets

The Whiteface Study Club met November 1 in the Homemaking room of the high school.

Mrs. James BOWERS, Whiteface Home Economics teacher, was guest speaker. "Home and Family Life" was the topic and Mrs. Bowers demonstrated making peanut patties. She also discussed different types of knit fabrics.

Roll call was answered with "My favorite meat dish." Mmes. Marshall Cooper, Richard Souter, Joe Bob Allen and R.D. Hensley reported on the program given by Morton kindergarten children at the Morton Area Area Council of Study Clubs meeting.

Mrs. Roy Akin reported on the Senior Citizen's Day. She told the members that following the luncheon, those attending made memo holders for refrigerator doors and at the next meeting, December 6, Christmas decorations would be made.

Mmes. Freddie Butler, Carol Leneer and Larry Seales were accepted as new members and welcomed into the club.

Mrs. Royce Elam was hostess for the meeting. Others present were: Mmes. Ronnie Davis, Larry Baldwin, Sam Rankin, Marvin Lasater, Roy Akin and Kenneth Sams.

### Mrs. Crone gives LeFleur program

Mrs. Murry Crone presented a program on the relationship of the elements and principles in floral design at the November 8 meeting of the LeFleur Garden Club. She was hostess for the Thursday afternoon meeting.

Mrs. J.L. Thomas, president, presided over the business meeting and members answered roll call to "What's my favorite flower arrangement design."

Mrs. L.Z. Scoggins, treasurer, announced that the club netted \$33.18 on the carnival booth. Mrs. Ray Griffith, Mrs. Olin Darland and Mrs. Bobby Adams were appointed to the nominating committee.

Others present for the meeting were: Mmes. W.A. Woods, Don Samford, and Miss Gail O'Neal.

### Whiteface Honor Roll announced

The following students are on the "A" Honor Roll at Whiteface school: Leslie Taylor, senior, Leslie Bills, Allen Cooper, Gloria Purcell and Nancy McClure, all juniors, Michael Cumpton and Valerie Keith, 7th grade.

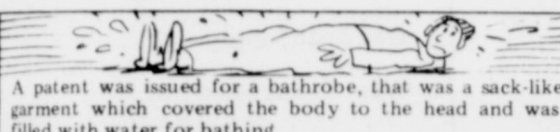

The "A" and "B" Honor Roll lists, Debra McHam, Joyce Moseley, and Ramona Zuniga, seniors, Beverly Chambers, Barbara Harper, Andrew Iglesias, Lea Legan, Frank Lopez, and Eva Roberts, juniors, Rhonda Smith and Neal Phillips sophomores, LaWanda Bills and Anita Taylor, freshman, Kathy Felts and Diane Smith, 8th grade and Irene Guajardo, 7th grade.

HERE'S TO YOUR HEALTH  
Persons on a low sodium diet should avoid drinking softened water. Most water softeners use sodium salts to remove the hard calcium salts -- this increases the natural sodium content of the softened water. The answer to the problem is to connect the water softener into the pipe to the water heater only for laundry purposes, leaving the cold water hard and of natural sodium content for drinking, lawn watering, etc.

## Corder, Williamson exchange vows

Home of the bride's father was setting for the 8 p.m. ceremony uniting Sheila La Jean Corder and Julian Scott Williamson Jr., Friday October 26, with the Rev. Rois Standifer of First Missionary Baptist officiating at the single-ring ceremony.

Parents of the couple are Mrs. Jean Lamberson of Brownfield, Lawrence Corder of Morton and Mr. and Mrs. Julian S. Williamson Sr., of Lubbock.

An arched candelabra of lighted candles with baskets of blue and white carnations trimmed with blue and white bows and streamers decorated the home. The candelabra was trimmed with ivy and white carnations and blue and white bows, streamers and wedding bells in the center.

Given in marriage by her father, the bride wore a full-length white satin dress accented by long lace Juliet sleeves and a lace yoke with white pearls and a stand-up collar. The bride carried an orchid encircled by carnations.

Marilyn Browder, Levelland, served as matron of honor and was attired in a baby blue empire dress with short sleeves.

Jon Lamberson, Brownfield served as best man.

After the ceremony a reception was hosted by the bride's father and the couple was assisted in receiving by Mr. and Mrs. Jon Lamberson and Mr. and Mrs. Lawrence Corder.

A white lace tablecloth was foundation for a centerpiece of blue flowers and grapes and crystal service set. A three-tiered wedding cake with lovebirds on top was served guests.

The bride is a graduate of Morton High, attended South Plains College and is presently employed by Amoco Production Company in Brownfield.

The groom graduated from Lubbock High, attended Texas Tech and is employed by IBM in Lubbock.

The bride chose a beige and blue plaid suit with beige blouse and accessories for travel.

After a wedding trip to Hobbs, the couple will be at home in Lubbock.

MRS. JULIAN SCOTT WILLIAMSON, JR. (Nee Miss Sheila La Jean Corder)

### FOR PEOPLE WHO THINK

From the Christians who assemble at Taylor and S. 2nd Sts. — Greetings:—

In this article we are continuing a study involving the truism introduced; that of the contradiction involved in such as IS and IS NOT, and all such contradictory terms. These, of course, are verbs. Anywhere in the Bible where God says IS and we insist on IS NOT, or vice versa, we actually are saying that God did not speak the truth, but, instead, God should have said that which WE say. What a terrible thing! Yet many do just that. However, this writer believes that the great majority does not know that they have, and are doing, just that; and, also, that most of these are honest enough to correct it when it is called to their attention.

The Holy Spirit in Paul said (wrote) to the Christians at Corinth "...that ye might learn in us not to think of men above that which is written, that no one of you be puffed up for one against another." — King James Version. The American Standard Version (ASV-NOT the Revised Standard American) says plainly "...that in us ye might learn not to go beyond that things which are written;..." The involvement here concerns the terms NOT TO GO (as God states it), or TO GO (as many have, and do, practice)—thus directly contradicting God. This is nothing new from God. Even some fifteen hundred years before Christ was born God, through Moses, commanded, "Ye shall not add unto the word which I command you, neither shall ye diminish aught from it..." — Deuteronomy 4:3. Thus — God is the same to us under the gospel of Christ as He was to those under the Law of Moses. God's character, principle, and nature, being perfect, DO NOT CHANGE! Now, friends, I cannot tell you a thing is right, or wrong, unless the word of God so states it right or wrong — whether by precept, example, or clear and necessary inference. The Holy Spirit through Peter commanded, "If any man speak, let him speak as the oracles of God; if any man minister, let him do it as of the ability which God giveth:..." — 1 Peter 4:11. We shall continue this study next time.

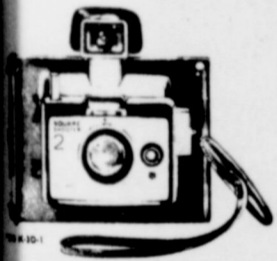

Please remember you are welcome to attend the assemblies at Taylor and S. 2nd Sts.

"Thou wilt shew me the path of life, in thy presence is fulness of joy." PSALM 16:11

## HERE IS THE PATH . . . . .

Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy strength, and with all thy mind, and thy neighbor as thyself. Luke 10:27

The basis of God's first and greatest commandment is love. God gave man the freedom to choose . . . and therefore will not force his love on anyone. God took the first step and is always ready to receive any who would come to Him.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long survive and the freedom which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

## CANADIAN VIEWPOINT GIVES ENCOURAGEMENT TO AMERICANS

Gordon Sinclair presented the following editorial on Radio CFRB, Toronto, Canada, on June 5, 1973. It is reprinted herewith to give Americans, who have become distressed by attacks at home and abroad on this republic's purpose and performance, a sense of better understanding, encouragement and reassurance. This editorial was brought to us by F.L. Fred of Morton.

Toronto, Canada, June 5, 1973—

The United States dollar took another pounding on German, French, and British exchanges this morning, hitting the lowest point ever known in West Germany.

## Bledsoe News

Lois Ann Funk was crowned Homecoming Queen and Karen Bilbrey crowned Princess. The 1973 Bledsoe Homecoming was held at the home of Mrs. V.H. Funk, who was escorted by Terry Rawls. A sixth grade student, Karen is the daughter of Mr. and Mrs. Billmore Bilbrey. She was escorted by Dan.

The new Queen and Princess were crowned before a regal background by the Princess, Shari Hale, escorted by Trull, and the 1972 Queen, Kay, escorted by Terry Young. June represented the royalty with floral master of ceremonies was principal, Bill Rodden.

Junior queen candidates were: Junior-queen escorted by Gary Young; Karen-Henrietta Davis, escorted by Hale; Freshman-Gayla Trull, escorted by Ricky Bilbrey; 8th grade-Davis, escorted by Daryle Weaver; 7th grade-Kerri Adams, escorted by Perez.

Presenting other classes as candidates were: 5th grader-Davis, escorted by Tommy 4th grader Angie Perez escorted by Guerrero, 3rd grade, DeLores Arango escorted by Sammie Chavez; 2nd grader, Mary Salgado escorted by Burns; first grader, Kelli Gandy, escorted by Jonathan Gandy; kindergarten candidate Jethan, escorted by Ray Weaver.

Shirley Shelton and Guy Hall were crowned as Bledsoe's very first Flame Queen and King.

With the parade theme "TV Shows," the 7th and 8th grade created the winning float around a "World of Disney" theme. Class sponsor Darrel Hale helped students build a castle surrounded by Disney personalities Mickey Mouse (Leesa Bilbrey), Winnie the Pooh (Nancy Griffiths), Peter Pan (Darla Davis), and Mary Poppins (Terri Adams).

Placing second was "The Pink Panther," made by Mrs. Joe Sutton for the class of 1945. Third place went to the fifth and sixth grades for their rendition of "The Waltons." Mike Lanerill received the prize for the "Best Decorated Bicycle" in the parade.

Mrs. Dennis Griffiths (Drewilla Rawls) and Chris Box were recipients of a special award for traveling the farthest to Homecoming. Mrs. Griffiths resides near Corpus Christi, and Mr. Box is stationed with the United States Navy at Kingsville.

Miss Gina Altman of Plains, was winner of the palomino filly, "Goldie Hahn" which was donated by Dwight Guber and raffled by the Booster Club. Miss Altman's parents, Mr. and Mrs. Smoky Altman, are former Bledsoe students.

At the Ex-students meeting the following slate of officers were elected to a two-year term: President, Larry Buchanan; Vice-president, Milton Bilbrey; Secretary-Treasurer, Linda McCormack.

It has declined there by 41 percent since 1971 and this Canadian thinks it is time to speak up for the Americans as the most generous and possibly the least appreciated people in the earth.

As long as 60 years ago, when I first started to read newspapers, I read of floods on the Yellow River and the Yangtze. Who rushed in with men and money to help? The AMERICANS DID!

They have helped control floods on the Nile, the Amazon, the Ganges, and the Niger.

Today the rich bottomland of the Mississippi is under water and no foreign land has sent a dollar to help.

Germany, Japan, and to a lesser extent Britain and Italy, were lifted out of the debris of war by the Americans who poured in billions of dollars and forgave other billions in debts.

None of those countries is today paying even the interest on its remaining debts to the United States.

When the franc was in danger of collapsing in 1956, it was the Americans who popped it up and their reward was to be insulted and swindled on the streets of Paris.

I was there, I saw it.

When distant cities are hit by an earthquake it is the United States that hurries in to help — Managua, Nicaragua, is one of the most recent examples. So far this spring, 50 American communities have been flattened by tornadoes. Nobody has helped.

The Marshall Plan, the Truman Policy, all pumped billions upon billions of dollars into discouraged countries. Now newspapers in those countries are writing about the decadent war-mongering Americans.

I'd like to see just one of those countries that is glating over the erosion of the United States dollar, build its own airplane.

Come on let's hear it!

Does any country in the world have a plane to equal the Boeing Jumbo Jet, the Lockheed Tri star or the Douglas 10?

If so, why don't they fly them? Why do all international lines except Russia fly American planes?

November 9 at McAdoo, the final score of the girls' game was 52-38 in favor of McAdoo. In spite of the score, Bledsoe girls put forth a really fine effort to win. June Burns was highscoring player with 18 points to her credit. Terry Rawls scored 15 points in the boys game which ended with a 64-51 score.

In the Homecoming game November 10, both Bledsoe teams were defeated by Spade. Gayla Trull scored 18 of 36 points when the Bledsoe and Pep teams played to a final score of 54-36. The Bledsoe boys downed the Pep boys' team 76-38 the same night with Gary Young scoring 27 points.

Bledsoe's junior high girls outscored their Three Way opponents 42-22 at Three Way last Monday night. Terri Adams made 33 points for Bledsoe.

Mrs. Bob Lawdermilk and Mrs. Loy Kern were the guests speakers for the Emilea Smith Jr. Study Club in the home of Mrs. Ronnie Wallace November 8.

Mrs. Lawdermilk spoke on "The Womanly Art of Self-Defense," and a film was shown on attack scenes and defense. Mrs. Kern talked on Martin Birds, their habits and usefulness and how to encourage their nesting.

Mrs. Earl Polvado gave the invocation and Mrs. Ronnie Wallace assigned member duties for the Multiple Sclerosis Drive. Mrs. Wallace and Mrs. Dewbre talked on conserving energy and plants that are poisonous to children. Members discussed the Mini Auction to be held December 6, at the next meeting in the home of Mrs. Ray Luper.

Special guest was Miss Marty Massey, from Girlstown, the club's birthday girl. Other guests initiated: Mmes Mary Abbe, Janet Nichols, and Sue Lofton. Members present were: Mmes. Sandy Asbill, Bill Foust, Glenn Lowe, Ray Luper, Ray O'Brien, Bill Welch, Mike Liner, Tom Rush, and Kenneth Williams.

## BALLOON

**FROM PAGE ONE**  
meteorological observations, using special instruments that determine temperature and atmospheric pressure. The readings are sent back to the base by a radio transmitter carried by the balloon.

The balloon test yesterday was terminated west of Littlefield. The balloon was automatically 'ripped apart' with a discharging device. When this was completed the object could no longer be seen from the ground. The 'payload' was then released from the balloon, using a parachute to lower the instruments to the ground.

The parachute landed seven miles east and six miles north of Littlefield in the Fieldton community, on the Ruben Brock farm. Two Levelland Sun News reporters, Ruby Martin and Joyce Wrinkle had followed the parachute and were at the site when it landed in the cotton field. Major Bernard Burnett at Holloman said the plastic balloon landed about five miles northeast of Morton.

A four-man recovery crew, made up of Sgt. Heber Watson of West Va., Staff Sgt. Doneto Martinez of California, Sgt. Mitchell DeJarnette of Kentucky and Airman Daniel Lemieux of Arizona, was directed to the downed parachute by a small reconnaissance plane. Close examination of instrument boxes was made by the crew, then recovery of the 'payload' and parachute began.

Later the 'spotter' plane directed the crew to the downed balloon site near Morton.

Large numbers of balloons are launched each day in the United States by government agencies and private institutions. They are sent up to make meteorological observations or for upper-atmosphere research. Some carry no instruments. They are simply 'tracked' from the ground to determine wind velocity and direction at different levels.

Others carry a load of instruments that make observations automatically. These balloons may be more than 100 feet in diameter and reach altitudes of 102,000 feet and more, remaining aloft for days. They can be maintained at the desired height by automatic ballast-discharging devices, and their flight can be terminated after the desired length of time by devices that automatically rip the balloon open and jettison the payload by parachute.

Major Burnett said that many of the balloons released at Holloman during the winter months would drift over this area.

A thorough search north and east of Morton by Tribune personnel Tuesday afternoon failed to locate the deflated balloon.

## TRIBE

**FROM PAGE ONE**  
downs. Had the pass connected it would have been a touchdown and, possibly, the Indians would then not have been headed for the night but that was not to be.

At the half the score stood at 0-0. Both teams had struggled

up and down the field but had produced nothing for the scoreboard. Seemingly, Morton was getting its share of the breaks in the game but wasn't doing anything about them. The defense had contained the offensive thrusts of the Bobcats with no problems.

Taking the kick-off to start the third quarter, Dimmitt ran it back for an apparent touchdown. This was nullified by a clipping penalty but put the Bobcats in excellent field position.

More and more they began to play in the Indians' end of the field. With 8:55 on the clock they counted for the first time on a recovered fumble over the double stripe.

No. 51, Lance Loudder, was the man of the hour for the Bobcats in making the recovery.

The Bobcats scored again in that third quarter to wind up the scoring for the night. Intercepting a pass, they ran it back deep into Morton territory. With 3:47 on the clock, Dimmitt bowled over from the 8 yard line to count again, with the conversion sailing true for the extra point.

To the dismay of the Morton fans, it seemed there was a barrier on the 20 yard line that the Indians couldn't go over, under, or around. Each time they seemed headed for the Bobcat goal, they would get that far and then seemed unable to go any farther.

In unofficial statistics, Morton had the ball turned over to them a total of seven times during the game. They were unable to make any one of those gifts count.

Mark Fluitt was named as Offensive Player, and Terry Shaw as Defensive Player for the game. Also accorded this honor in the Springlake-Earth game, Mark now joins Ken Standmire, David Palmer, and Larry Thompson on the list of those winning this honor two times each. This is Terry's first time on the list.

For their last game of the year, the Indians are on the road against the Friona Chieftains. This will be a tough nut for the Indians to crack, but crack it they can if they really want to play the game they can play.

If the Indians win it will set their season record at 5-4-1; if they lose, the record will read 4-5-1. The latter record would be a better record than in eight of the last ten years for Morton.

## COTTON

**FROM PAGE ONE**

Grades 31 and 41 were the predominant grades at Levelland making up 79 percent of all classed. Grade 31 made up 46 percent, Grade 41, 33 percent and Grade 32, 9 percent.

Staples were predominantly 28 to 30. Twenty percent had a staple length of 28, 26 percent stapled 29 and 19 percent was 30.

Micronaire readings were excellent. These readings indicate that most of the early harvested bales were fully mature. Seventy-eight percent of all cotton tested at Levelland had micronaire readings in the premium range of 3.5 to 4.9, 11 percent was in the high micronaire range of 5.0 to 5.2 and 4 percent was in the very high range of 5.3 and above.

The Agricultural Marketing Service of the U.S.D.A. reported increased trading on the Lubbock market. Prices were \$20.00 to \$30.00 per bale higher and averaged 34 cents per pound over the loan. Most lots were selling in the price range of 50 to 60 cents per pound.

Average prices paid for the most predominant qualities in the 3.5 to 4.9 premium micronaire range were: Grade 31, Staple 28 - 45.50 cents per pound, Grade 31, Staple 29 - 48.00, Grade 31, Staple 30 - 49.65, Grade 41, Staple 28 - 44.65, Grade 41, Staple 29, 47.15 and Grade 41, Staple 30 - 48.70.

Cottonseed prices were higher and farmers received an average price of \$102 per ton.

## GRANT

**FROM PAGE ONE**

Duval, Ellis, Floyd, Frio, Gonzales, Guadalupe, Hale, Hays, Hidalgo, Hockley, Jim Wells, La Salle, Lamb, Lampasas, Lubbock, Lynn, Maverick, Midland, Nueces, Oldham, San Patricio, San Saba, Starr, Swisher, Terry, Travis, Uvalde, Val Verde, Victoria, Webb, Wharton, Willacy, Williamson, Zapata,

and Zavala counties, according to McMahan.

With this grant, the State Education Agency will offer a comprehensive education program for migrant students during both the regular and summer terms.

The program will provide instruction in communication skills, math, social studies and other academic areas using methods especially adapted to the needs of migrant students who must move often during the school year.

Transportation, regular meals, and medical and dental care will also be made available under the projects, using existing community resources wherever possible.

In all projects, a concentrated effort to improve the child's opinion of himself and his capacity for success in school and in life will be pursued through classes exploring his cultural background and heritage, McMahan said.

Special training will be carried out to prepare teachers and other staff members to meet the particular educational needs of migrant children.

The Migrant Student Record Transfer System, a computerized, nationwide information system which has been operational for more than a year, will make it possible for the students' health and school records to follow them from school-to-school in a matter of hours.

Nationwide, the program last year served 325,000 children at a cost of \$72 million.

## STAMPS

**FROM PAGE ONE**

insurance. When these deductions are made the net is the charge all income. According to the chart, which may not be quite up to date, a family of four with a net income as described above of \$375.00 per month can spend \$88.00 per month, and receive \$114.00 worth of food stamps. A family of two with an income of \$240.00 per month can spend

\$44.00 and receive \$66.00 of stamps, thus it is on a graduated scale, dependent on the number in the family and their income.

Food stamps come in \$5.00, \$2.00 and \$.50 denominations, and a person may take them to any participating grocery store and buy any item of food that is for human consumption. And the groceryman cannot give him cash in change. He can give food stamps in change, or give credit on the next purchase. The person making the purchase must not only have the food stamps, but must have the other papers certifying that he is eligible for them. This is to prohibit trading or selling them.

A person can buy 1/2 of his monthly allowance at one time, and the other half later that month. He must make his purchase in the month for which the allowance was intended, but he does not have to use the stamps that month. The Stamps can carry over, but the right to purchase can not.

Experience has shown that a Food Stamp Program will add five to ten percent to the volume of business being done by local grocery stores. This is new money that will turn over from seven to ten times locally, and will thereby benefit the entire community. The principle advantage of the Food Stamp Program over commodities, is that elderly people, sick people, and parents with babies and small children can buy more tasty and healthful foods, thereby contributing to more healthy families.

Most cotton knits now have wrinkle-resistant, shape-holding finishes, and are machine-washable. If you prefer to hand wash, remember to squeeze the garment without twisting, and rinse without wringing. After rinsing, blot out excess moisture by rolling the garment in a clean bath towel. Spread it flat on dry towels to dry. Smooth and shape the garment in place. If touch-up ironing is needed, use a steam iron.

## Good News for Cotton Growers

We Now Have the Means For Getting Your Cotton To the Gin Quicker, Safer and At Lower Cost

Star Route Co-op Gin now has a substantial number of these 40' x 10' x 10' portable containers with which to haul your field-stored cotton to the gin or to park on your turrell to store as you harvest and later pick up.

Our equipment includes a loader for transferring your ground-stored cotton into these containers for a quick trip to the gin.

Let Us Help You...

- Eliminate high trailer costs
- Eliminate the road hazards of trailer operation
- Cut down on gin yard time by delivering much larger amounts per trip. These containers will store or haul up to eleven bales per load making it easier for you to schedule your crop through the gin.
- Cut down on time lost to weather due to less time waiting in the gin yard

**SCS News**

John W. Hall, CED will be on the ballot in the election for the Cochran Natural Stabilization and (ASC) committee.

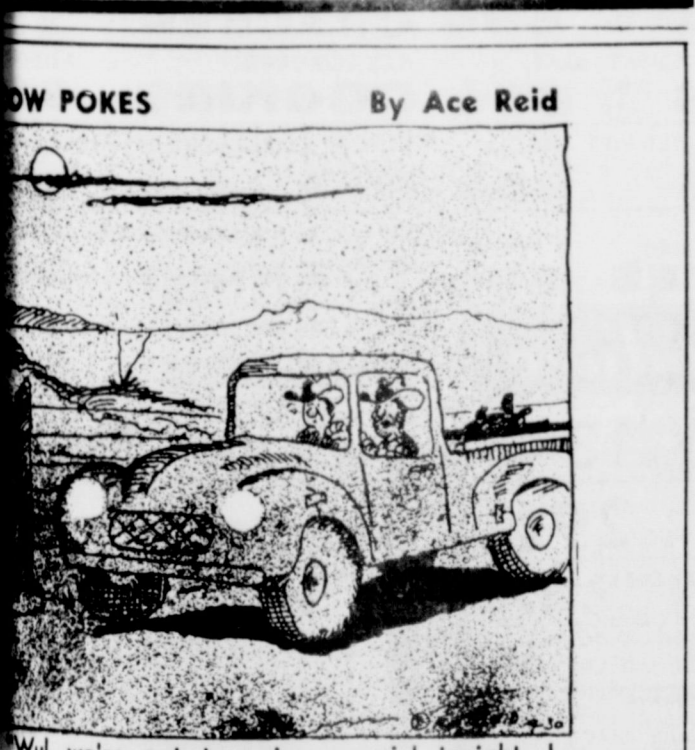

according to County Executive Director John W. Hall. Nominated for election are the following: Jessie Clayton, Morton, cotton and feed grain grower; Ronald Coleman, Morton, cotton, feed grain, wheat and livestockman; Leo Cunningham, Lehman, cotton feed grain, wheat and livestockman; and Marvin Lasater, Whiteface, cotton and feed grain grower. The ASC county committee administers federal farm programs locally. In Cochran County the principal farm programs are cotton, feed grain and wheat. Ballots will be mailed by Nov. 23 to all persons eligible to vote in the ASC county committee election. Final date for mailing back voted ballots or for dropping

them off at the county ASCS office is Dec. 3, John W. Hall said. Ballots will be counted on Dec. 10 in the county ASCS office, with the public invited to attend. John W. Hall pointed that any farmer who is eligible to take part in any ASCS program is eligible to vote in the mail election. Voting eligibility is determined without regard to race, sex, color, religion or national origin. A list of known eligible voters is on file at the county ASCS office, 200 West Taylor, Morton, Texas and is open for public inspection. "If a man or woman feels he or she is eligible to vote and is not listed, just call it to the attention of anyone in the office, and it will be checked out right away," John W. Hall said. Current members of the ASC county committee are: Danny Key, chairman; Leo Cunningham, vice-chairman; Loy Kern, member; and W.D. Christain and Troy Wells, alternates. Mr. Cunningham's three-year term expires this year, which means voters will elect one committee member, plus two alternates, who serve one-year terms. Hall pointed out. The person with the largest number of votes will receive the committee post; the two next highest will be the alternates. Following the election, the county committee will choose its chairman and vice-chairman.
