MORTON, TEXAS THURSDAY, JANUARY 17, 1974

PRICE FIFTEEN CENTS

## Morton receives large grant

SECRETARY OF AGRICULTURE Earl Butz, and U.S. Rep. George Mahon, held a press conference yesterday at the conclusion of Butz' visit to approximately 2,000 farmers and cultural leaders in Municipal Auditorium in Lubbock. Butz stressed the importance of cotton and fiber and their exports, telling his

audience that agriculture is a friend to the dollar, and at last the American farmer and agriculture are being recognized on the national scene. "Agriculture is no longer taken for granted," the Secretary said. (Staff Photo by Loman Jones)

## Butz praises area farmers

by Loman Jones  
Farmers and agricultural leaders from throughout the

Southwest heard Secretary of Agriculture Earl Butz tell them Tuesday in Lubbock that

the federal government is "not paying a dime" this year to hold out idle acreage.

The Secretary, giving a "pep talk" to regional farm people about a "new direction in agriculture" spoke for approximately an hour in Municipal Auditorium. His audience was estimated at 2,000, and they gave the Secretary a standing ovation at the conclusion of his talk.

Butz, in the course of his speech, said "there were 61 million idle acres two years ago and all have been freed except 19 or 20 million, and we're not paying a dime anymore to hold out acreage."

See BUTZ Page 11

## Mahon to receive high VFW award

Representative George H. Mahon, Chairman of the House Appropriations Committee and Chairman of the Defense Appropriations Committee, has been selected to receive the Congressional Award for outstanding service to the country.

of the organization's highest individual award said, "No one man better deserves this honor and the gratitude of his countrymen."

## Houston new CC president

A new slate of officers for the coming year were elected at the Morton Country Club held a called membership meeting Monday night.

Purpose of the meeting, called by outgoing president James St. Clair, Jr., was to elect a new slate of officers and directors and to discuss means and methods of developing and expanding both new and old facilities at the club.

The new officer slate consists of Richard Houston, President; James St. Clair, Jr., Vice-President; Dorothy Lauder milk, Secretary and James Walker Treasurer.

St. Clair presided over the meeting and led the discussion on future plans for the club prior to the holding of elections. He reported that 30 new members had been obtained during the current membership drive and expressed confidence that more would be forthcoming during the remainder of the drive.

Houston, upon taking office, appointed a committee to make a feasibility study of various expansion projects and to establish a set of priorities for further development of the club.

## For gas line, Strickland Park

The culmination of long months of concentrated effort on the part of the Morton city government was realized last Monday when simultaneous telegrams were received by Mayor Marshall Leitzell from Senator John Tower and Congressman George Mahon.

The telegrams were in the form of an announcement by the two that The Economic Development Administration had approved a grant in the amount of \$161,600 to the city of Morton to develop a city park and to extend a natural gas district line.

Senator Tower's telegram read: "Senator John Tower announced today (Monday) that the Economic Development Administration has approved a \$161,000 grant to the city of Morton to help create immediate construction jobs in Cochran county. The city applied for the funds to develop a city park and extend a natural gas district line. Morton officials expect 23 persons to be employed on the projects. The city will provide \$40,400 from other sources to complete the \$202,000 total cost of the projects."

Information furnished by City Manager Elra Oden indicates that approximately \$147,000 of the grant will go to the gas line project with the city furnishing the \$40,400 matching funds from the Utilities and General Fund. He sees no difficulty raising the matching funds since the money is already on hand.

None of the revenue sharing funds recently received may be used for matching funds—but must come from city earned revenue, Oden said.

The gas line will consist of 3 1/2 inch pipe and will run approximately 13 miles from

See GRANT Page 11

A MEMBERSHIP MEETING of the Morton Country Club was held in the Community Room of the Levelland Savings and Loan Building Monday night for the purpose of electing new officers and directors and for planning future development and expansion of facilities of the club. Approximately 50 new and old members of the club attended and participated in the voting and discussions.

## Candidates filing for Demo Primary

Candidates filing for the May 4 Democratic Primary have been coming in at a pretty fair clip according to Cochran

County Democratic Chairman Dorothy Barker.

Eight applications had thus far been filed for county offices and one for U.S. Congressman, Mrs. Barker reported late Tuesday.

United States Congressman George Mahon, of the 19th Congressional District, leads the parade of new and incumbent candidates for office.

Those filing for county posts include:

County Commissioner, Precinct Four, Jimmy Millar, W.R. (Richard) Key and George (Ike) Williams, Jr.

County Commissioner, Precinct Two, E.J. McKissack, incumbent.

Justice of the Peace, Precinct Two, Roy D. Tilley, incumbent.

See CANDIDATES Page 11

### CHAMBER BANQUET

Make plans now to attend the annual Morton Area Chamber of Commerce banquet Saturday night, January 19. Odus Echols, Sr. will be the guest speaker.

The Outstanding Citizen of the Year will be honored as well as the Outstanding Woman and the Outstanding Farm Family of the Year.

Tickets may be obtained from the Chamber office or any Board member. See you there!

## Tribe wins Loop opener

The perennial contender Morton Indian roundball squad blasted from the post in the district 3AA race in

spectacular fashion Tuesday night as they shot down the hapless Olton Mustangs by a score of 66-32.

Indicative of the potential strength of the local team was the ease with which they took charge of the game from the opening whistle and coasted to an easy victory.

The Tribe gave no indication that they were looking ahead to the forthcoming visit of the Pesky Dimmitt Bobcats whom they will host Friday night. One good reason for them not to be too excited about the Bobcats is the easy manner in which they handled them in the championship game in the Caprock tournament where they took their measure by 30 points.

Further complacency could set in as a result of Friona's socking it to Dimmitt in the Bobcats opening game in district play. All these indicators notwithstanding, the Friday night confrontation is likely to be a serious matter.

Last Friday the Indians took on AAAA Snyder in the home gym and gave an excellent account of themselves before bowing at the final gun to the tune of a 70-62 loss.

The bright spot of the Olton game was the additional playing time racked up by the Indian reserves and the sparkling job they did. Ralph Mason and Darrell Smith led the reserve parade with 10

See TRIBE Page 11

COACH TED WHILLOCK AND HIS INDIANS are shown above in a typical round table strategy session which took place in the waning minutes of the Snyder game Friday night. The conference was to no avail this time, however, as the Tribe took its fifth defeat in 20 games. All

losses have been to Class AAA or AAAA teams, Snyder being in the latter class. The Tribesmen quickly recovered from the loss and downed Olton 66-32 in their opening district game Tuesday night.

#### Mail That Offends

Three years ago, Congress offered a new kind of protection to people who wanted to stop "sexually oriented" advertisements from arriving in their mail. Anyone so inclined could place his or her name on a special list to be kept by the Post Office. Sending such ads to those on the list was made a crime.

By now, with thousands of names on the list, enough time has gone by for this law to be tested and clarified in the courts.

To begin with, the basic idea has been held constitutional, even though it involves some limitation on the freedom of the press. The Supreme Court has ruled that, just as a householder can bar unwanted salesmen from

his doorway, so he can bar unwanted ads from his mailbox. The Court said the advertiser's right to communicate does not outrank the right of the householder to be let alone.

To hold otherwise, added the Court, "would make hardly more sense than to say that a television viewer may not twist the dial to cut off an offensive or boring communication."

Publishers also complained of the expense of having periodically to "cleanse" their mailing lists. But a federal court decided, in another ruling, that this was a burden the law could legitimately impose.

"(The) cost of complying with the statute," said the court, "is less than one cent per name, a fraction of the cost of postage, and is not unduly burdensome."

What about the risk that penalties will be imposed on the innocent, for mailings sent by mistake? One worried printer raised that point in court, saying that computer errors might subject him to punishment unfairly.

However, the court said the statute would simply not apply in those circumstances. There would be no criminal offense, the court observed, when there was no criminal intent.

**STATE CAPITAL**  
*Highlights*  
**AND Sidelights**  
by Bill Boykin  
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — Lawmaker delegates to Texas' first Constitutional Convention since 1875 got off to a bumpy start last week.

The lost little time in election of House Speaker Price Daniel Jr. as "president" but they wrangled for two and a half days over procedural rules.

The rules fight appeared to center largely on concern of some delegates over yielding too much authority to the presiding officer and professional staff.

Some observers feared the preliminary wrangles indicated a minority of delegates really do not want a new constitution at all.

Some were sniping at Daniel, and others were following legislative custom and trying to leave their imprint on the rulebook of a historic event.

Top officials, including Gov. Dolph Briscoe, Lt. Gov. Bill Hobby and Daniel, offered words of encouragement to delegates and predictions of success.

Plain citizens are supposed to get their chance to express their views to the delegates when committee hearings get underway, probably this week.

Convention planners hoped to run off a fast-paced 81-day schedule before the spring primary election, but hope for keeping that pace dimmed with the draw-out rules debate. Mood of delegates appeared to be to take all the time they want. They can work until July 31 if they insist on it.

**SPEED LIMIT CUT**—Starting January 20 at 12:01 a.m., the speed limit will be 55—not 70—miles per hour.

Governor Briscoe issued the official proclamation hours after the Texas Highway Commission approved lowering the limit in line with federal directive as a fuel-saving measure.

President Nixon January 2 signed a new law providing for withholding of federal highway aid funds in those states which refuse to establish a 55 mph limit in 60 days.

An earlier effort by the Commission to reduce the limit was rejected by Atty. Gen. John Hill, who said special legislative authorization was necessary. Briscoe then called the legislature into session and asked for a new law giving the Highway Commission power to lower the limit with his concurrence. Lawmakers granted that authority last month.

Efforts will be made to protect those who get early speeding tickets under the law from jacked-up insurance premiums as a result.

**POLITICIANS IN, OUT**—Some state office holders bowed out of and some jumped into statewide races during early January.

Comptroller Robert Calvert, 81, announced he would retire at the end of his present term. And Speaker Daniel indicated it is unlikely he will enter any state race.

Meanwhile, Railroad Commissioner Mack Wallace of Athens, appointed last year by Governor Briscoe to fill a vacancy, said he is seeking an elective term.

State Sen. Jim Wallace of Houston sounded like a likely contender for Calvert's job, as did Hugh Edburg, head of the comptroller's accounting, revenue and statistics section. Former Secretary of State Bob Bullock of Austin has been campaigning for comptroller since last summer.

**COURTS SPEAK**—The State Supreme Court found a Jefferson County welder was due the maximum 200 weeks of workmen's compensation benefits for an injured knee, although he refused corrective surgery.

In other cases the High Court held — Lower courts were wrong directing a Nacogdoches contractor to pay school taxes on construction machinery located on the school district.

—Claims by 14 ex-employees of a pipeline construction company owned them \$71,728 in back pay on promise of the president are not to be paid.

—A divided (3-2) court of Criminal Appeals once more ruled against the appeal of former State Representative Walter Knapp from a four-year prison sentence for theft of \$1,200 in an effort to secure a job.

**PORT HEARINGS SET**—The Offshore Terminal Commission January 10 began a series of public hearings on plans for a state-financed \$300 million port project on the Texas coast from Brazoria County.

First of the hearings was in Brazoria County January 10. The second was in Galveston County January 15 in Austin and the third in Dallas January 17.

The Commission will meet again in Houston January 24 to consider adoption of the support plan before it goes to the legislature.

**GAS FIRMS HIT**—A Texas Reg. 13, C. Commission official charged refiners, natural gas pipeline firms to give state information on their reservation of delaying development of their own appointment plan.

The Commission can't draw a picture dividing gas over the state until it sets out specifics about reservation installations, where gas is coming from and how much companies pay for it and how much is being piped out of the state according to Frank Youngblood, Texas utilities director.

**APPOINTMENTS**—Dr. W. M. Longnecker of Dallas and Dr. W. M. Tweedie of Waco were named by Governor to the State Board of Examiners in the Basic Sciences.

Briscoe also appointed Robert L. Dabney Jr. of Houston to the Texas Air Patrol Commission, Price Johnson of Regugio to the Advisory Council on Community Affairs and A. Mitchell of Dallas and Billy F. S. of Austin to the Credit Union Commission for six-year terms.

Thomas B. (Tody) Dupont of Houston a special election assistant in the office of Secretary of State Mark White.

**SHORT SHORTS**  
Texas church-related colleges get state financial aid if they require staffs to hold certain religious beliefs. Attorney General Hill held.

Texans may be buying gasoline in half-gallon, because some pumps register prices more than 49.9 cents per gallon.

Cotton growers in Pecos, Reeves and portions of El Paso and Hudspeth counties face a February deadline for stalk destruction.

A 20 per cent insurance reduction promised for Chrysler, Volvo and American Motors 1974 cars with side-impact bumpers.

The League of Women Voters is maintaining a Constitutional Convention office in Austin to furnish information.

The State Board of Insurance is monitoring the impact of the crisis on all aspects of property liability coverage, particularly regard to effect of slower speeds of insurance rates.

## Texas invited to make own constitution ideas

Co-Chairmen of the Joint Constitutional Convention Planning Committee have urged Texas citizens to air their views known to the 1974 Constitutional Convention standing committees.

Representative DeWitt Hale of San Antonio and State Senator Nelson San Antonio have announced that their respective committees of the Joint Constitutional Convention will begin public hearings in Austin.

The committees, which will be holding public hearings and making recommendations on the new Constitution, will try to hear every citizen who asks to testify, Hale and Nelson said. Written testimony may be submitted.

Public hearings are expected to begin in Austin until Feb. 15. Hale and Nelson pointed out that the constitutional revision process so far has been characterized by a four-year first full-scale constitutional effort in Texas in nearly a century.

"We should reflect the views of all Texans," they said, "and the Convention Commission will try to hear everyone." Public hearings are being held in 330 permanent meeting rooms will be set up in the Capitol building.

Tentative assignments are: House of Representatives, Senate Chamber, second floor; Local Government Committee, 300 Capitol; Education Committee, 105 Regan Building; and the Judiciary Committee, Speaker's Room, Capitol.

Dr. W. J. White, Jr., Chairman of the Board of Examiners, said that the Board of Examiners will meet on the following dates: Monday, January 23, Whiteface No. 2, 10:30-11:30; Tuesday, January 24, Whiteface No. 2, 10:30-11:30; Wednesday, January 25, Whiteface No. 2, 10:30-11:30.

## USDA increases school lunch supplement rates

The U.S. Department of Agriculture (USDA) has retroactively increased its payment rates to state educational agencies to help schools pay for school lunches and school breakfasts they served during the past six months.

The increased rates cover meals served during the national school lunch and school breakfast programs between July 1 and Dec. 31, 1973. They were announced by USDA's Food and Nutrition Service (FNS) as another step in implementing the new child nutrition law passed last month.

The national average payment to help defray food costs of each lunch served to participating school children were increased from 8 to 10 cents. Within that average, states were authorized to vary the rate of reimbursement to individual schools up to a maximum 16 cents a lunch. Previously the ceiling was 14 cents.

For the first time, states will receive a guaranteed additional payment to assist in the service of lunches to needy children of 35 cents for each reduced-price lunch and 45 cents for each free lunch. Any state where payments averaged higher than this rate last year will be paid at that higher level through December 31, 1973. In case of severe need, the federal per lunch reimbursement to individual schools can range as high as 70 cents for

each lunch served free, 40 cents above the previous maximum. Payment rates for each reduced-price lunch in these circumstances may vary up to a high of 60 cents, the same level previously allowed.

The new regulations also give the states the responsibility for determining relative need among schools and for setting variable rates of cash reimbursement within federally allowed maximums.

The national average payment for each paid breakfast served to eligible children, which has been 5 cents, will be increased to 8 cents. The payment for each reduced-price breakfast, which has been 15 cents, will be increased to 23 cents. And the payment for each free breakfast, which has been 20 cents, will be increased to 28 cents.

For cases of severe need, maximum rates of reimbursement for especially needy schools have also been increased. The maximum rate for free breakfasts, which has been 30 cents, has been increased to 45 cents. A school is considered especially needy if it serves a high percentage of free and reduced-price breakfasts to children who meet the school's eligibility standards, has unusually high costs in providing breakfast, or has other unusual factors indicating special financial need.

## Shower honors Mrs. Gladden

Mrs. Alvin Gladden, the former Gail O'Neal, was honored with a bridal shower Friday, January 10, in the home of Mrs. Joe Gipson.

Co-hostesses were: Mmes. Dwan Westley, R.L. McClung, Ray Griffith, Ken Westley, R.L. Baker, W.L. Foust, Jack Gunnels, and Tommy Galt.

Approximately 50 guests registered between the hours of 4 and 5:30 p.m. Out-of-town guests attending were: Mrs. Jim O'Neal, Mrs. Ruth O'Neal, Mrs. Florence Bookout and Mrs. Deane McDonald of Plains; Mrs. Clarence Albus of Lubbock, Mrs. Cass Stegall and Mrs. Tommy Galt of Maple, Mrs. J.L. Price and Glenda of Pettit and Mrs. Larry Buchanan of Bledsoe.

The regulations formerly provided that for schools other than those deemed especially needy, the assistance payments would be limited to the cost of obtaining food. That limit has now been expanded to include labor and other costs.

Full details of the revised national school lunch and school breakfast program regulations were scheduled for publication in the Federal Register Dec. 28.

The Department will shortly announce its rates of payment for both programs for the six-month period, Jan. 1 to June 30, 1974.

## College slates Thurber play

The Alpha Omega Players, a national touring theater company, will perform the hit Broadway revue, "A Thurber Carnival" on Tuesday Jan. 22 at South Plains College.

Curtain time is 7:30 a.m. in the SPC Auditorium. Admission is \$1 for adults and 25 cents for students. There will be no admission charge for college students.

The performance is the third in a series of Fine Arts programs being sponsored by the college. The Office of Student Activities is coordinating the series.

"A Thurber Carnival" staged for nine months on Broadway in 1960, is taken from the stories and cartoons of James Thurber, an American humorist often compared to Mark Twain. There are 16 sketches in the revue, including "The Secret Life of Walter Mitty," "Mr. Preble Gets Rid of his Wife," "The MacBeth Murder Mystery," "If Grant Had Been Drinking at Appomattox" and "The Night the Bed Fell."

The Alpha Omega Players, headquartered in Dallas, was organized in 1967. Since then the players have travelled more than a million miles and given more than 3,500 performances in 45 states and Canada.

Provost, Executive Director, Joint Constitutional Convention Planning Committee, P.O. Box 2910, Austin, Tx. 78767 (Phone 512-475-6494).

Committee hearings are expected to last approximately four weeks. Hearings on special subjects will be announced to delegates and the news media.

The constitutional revision process approved by voters at the polls in 1972 requires that Texans' views be heard on the content of a new Constitution.

The Constitutional Revision Commission, 37 citizens charged with studying the present Constitution and recommending revision, held 19 public hearings, 13 more than required by law, to listen to citizen opinion.

The public hearings were held last spring in Amarillo, Lubbock, El Paso, Midland-Odessa, San Angelo, San Antonio, Arlington, Texarkana, Tyler, Lukin, Houston, Corpus Christi, McAllen, Laredo, Beaumont, Abilene, Wichita Falls, Waco and Austin. The Commission listened to testimony from nearly 1,000 citizens.

In each of these cities, the Commission established Citizens Advisory Committees charged with informing the Commission of public opinion.

When their report to the Legislature was complete, the Commission, through a small team of members and staff, returned to each of these cities in November and December to report on progress.

As part of its effort to hear Texas opinion, the Commission installed a toll-free statewide telephone line, by which Texans could express views or ask questions on constitutional revision. The number of that information center is 1-800-292-9600.

Now as the Convention approaches, preparations are being made for even more public testimony to insure that every citizen who wishes to be heard has an opportunity to make his or her views known.

John Schwarty, blood services representative, from Lubbock spoke to the Emlea Smith Jr. Study Club concerning a blood drive in Morton. Mrs. Bob Lawdermilk, Mrs. Jimmy St. Clair and Mrs. Bill Foust were appointed to organize a drive if the need arises.

Mrs. Ken Williams discussed reports to be written and sent to District competition and Mmes. Ray O'Brien, Loy Kern, J.W. Tyson, Glynn Lowe and Ronnie Wallace were selected to serve on the nominating committee for new officers.

Mrs. Foust was hostess for the meeting held January 10 at 7:45 p.m. Other members present were Mmes. Sandy Asbill, Ray Luper, Earl Polvado, Jimmy Roddy, Tom Rush and Jane Claunch.

## ABOUT LOCAL FOLKS

by Dutch Gipson

Steve Scott and Mr. and Mrs. Doug Scott spent the weekend in Ruidoso, N.M. with Dorothy Spence. They enjoyed skiing both Saturday and Sunday.

Mrs. Jackie Pinson and son, Brandon, from Brownfield and Mrs. Mae Petree from Seagraves visited last week with Mrs. S.A. Ramsey.

Mrs. J.M. Waller and her daughter, Mrs. Peggy Lemons, from Hereford and Mrs. Hazel Dupler from Pep and Mrs. Carrie Blue from Dimmitt visited Monday with Mrs. Lennie Doyle.

Mr. and Mrs. Raymond Ross enjoyed as their guests during the holidays their son and family, Mr. and Mrs. David Ross of Chapel Hill, N.C.

Mr. and Mrs. Joe Nicewarner visited Sunday with his sister and family, Mr. and Mrs. Lester Holland of Lamesa.

Mr. and Mrs. J. Wayne McDermott of Haskell visited Mr. and Mrs. Charles McDermott over the weekend.

Mr. and Mrs. W.L. Foust and Mrs. Maurice Lewallen left Friday morning to attend the funeral of an aunt, Mrs. Effie Trout 91, of Wellington. Mrs. Trout died Thursday in an Amarillo Hospital. Funeral services were held Friday at 3 p.m. in the First Baptist Church in Wellington with burial in Jester, Okla. Due to weather conditions the Fousts remained in Oklahoma till Saturday morning before returning to Morton.

Visiting with their brother and family, Mr. and Mrs. Joe Nicewarner, Wednesday were a brother-in-law, Richard Smith of Anchorage, Alaska, a sister, Mrs. Eunice Pelliord of Garland and Mr. and Mrs. Lester Holland of Lamesa. The group returned to their homes Wednesday.

Several members of the First Missionary Baptist Church attended a District W.M.A. meeting Wednesday in Central Baptist Church in Lubbock. Those attending were: Mrs. Rois Standifer, B.E. Elliott, C.W. Wiggins and Miss Beverly Crisswell.

### Morton School

#### Menu

Monday, January 21, 1974  
Goulash, June peas, whipped potatoes, apple cobbler, rolls, milk.

Tuesday, January 22, 1974  
Salmon cake, buttered corn, mixed greens, 1/2 peach, cornbread, milk.

Wednesday, January 23, 1974  
Sloppy Joes, salad, French fries, peanut butter, brownies, relish, milk.

Thursday, January 24, 1974  
Enchilada casserole, cole slaw, green beans, bananas and pineapple, roll, milk.

Friday, January 25, 1974  
Pinto beans, tomato salad, spinach, plum cobbler, cornbread, milk.

## Looking back

**26 Years Ago**  
McDonald Gin was almost completely destroyed by fire which broke out early Wednesday morning.

Invitations are being issued by the American Legion to all Cochran County veterans, their wives and girl friends to attend a party at Veterans Hall on January 15.

Sheriff Mac W. Hancock has issued warnings repeatedly to the general driving public to lock their automobiles when leaving them. In the past few weeks five cars have been stolen in Cochran County, all were left by their owners with keys in the cars.

Mr. and Mrs. R.C. Strickland returned Sunday from a ten day trip to Hamilton and Meridian. They visited Mrs. Strickland's mother in Hamilton and visited Mr. Strickland's parents, Mr. and Mrs. J.A. Strickland, in Meridian.

Byron's Auto Supply, owned by Byron Willis, has announced the removal of stock and fixtures from the former location, northwest corner of the square, to the new Hargrove Building, southeast corner of the square.

A new irrigation well producing over 1,100 gallons per minute, was completed on the Willard Cox farm southeast of Morton last week.

Thirteen farmers of Cochran county received 12,115 Eastern Red Cedar seedlings for wind breaks late in 1947. They are furnished by the Department of Agriculture Soil Conservation District.

Mr. and Mrs. V.V. Williamson and children and Mrs. Freeland returned

Saturday from a two weeks vacation trip. While away they visited in Oakland, San Francisco, Los Angeles and Pasadena, Calif., they were in Pasadena for the beautiful Tournament of Roses and the Rose Bowl Game.

Q.V. Winningham, owner and operator of Winningham's Food Store, located on the Levelland highway, has announced that free coffee and cookies will be served at the store all day Saturday.

**15 Years Ago**  
Beverly Crosswell will be honored Jan. 15, with a benefit dinner in the County Activity Building from 11:30 a.m. to 1:30 p.m.

The dinner is being sponsored by members of the Town and County Study Club and everyone is invited.

All proceeds will go to Beverly.

Mrs. C.C. Benham will be hostess to the County Line Home Demonstration Club at 2:30 p.m. Friday, January 16.

Touring the Morton Tribune plant Monday afternoon were some members of Den 4, Cub Scouts, and their den mother and assistant den mother.

Vehicle license plates will go on sale the first weekday in February, Mrs. Otha Denny, tax assessor-collector, announced this week.

Small bore rifle marksmanship awards have been made by the Army ROTC unit at Texas Tech, and W.E. Dewbre earned a "Marksman" award.

George Autry had the misfortune of getting his leg broken last week while at work on the well machine.

## TIPS FOR OUTDOORSMEN

by Vern Sanford

**Cautious Cruising**  
If you're on a pleasure kick it's a good rule to never drive your boat farther from home port than one third of your fuel supply.

Reason is—you'll have more than ample gas to return home safely without running the tank dry. After all, this is supposed to be a pleasure trip. There's not much fun "paddlin'"—even if you're in sight of shore.

**Use Dip Stick For Oil**  
When you have a flat tire and encounter difficulty removing tight lugs from the wheel of your car or trailer, a few drops of oil will help loosen 'em up a bit.

No oil handy? Then remove the dip stick from the engine and let a few drops of the motor oil drip off the measuring stick onto the lug nuts and bolts.

It's not as effective as a squirt of rust remover or a spray can of quick-releasing WD-40, but it's sure better than nothing at all.

**Dual Purpose Gun Rack**  
Put those gun racks in your car to year 'round use.

When hunting season is over the twin gun rack makes an excellent out-of-the-way place to store your two-piece fishing

rods and reels, and especially if they are enclosed in zipper cases.

**Instant Stove**  
If you'll carry four three-pound coffee cans and an old grill in your car, you'll have a handy stove.

Fill the cans with sand and place the grill over them. And if you'll fill a couple of the cans with water instead of sand, you'll have instant warm dishwater.

**Simple Utensil Kit**  
Does your wife store her "good" silverware in a flannel pocket roll?

Why not use the same idea for your camping knives, forks, and spoons? Use heavy canvas and sew up your own utensil kit... then tie it with a shoestring (which might come in handy also).

**Presto—A Dishpan**  
Did you ever go camping and find you didn't have a container big enough to use as a dishpan? Dig a hole in the ground and line it with aluminum foil. Emergency pan!

**First Aid**  
If you should happen to get stung by a bee, and have no remedy handy, a little bit of sugar rubbed over the bee-sting will lessen the pain.

## Educational privileges expanded for eligibles

An undetermined number of veterans, widows and children eligible for Veterans Administration educational benefits now have greater latitude in choosing toward standard college degrees.

The administrator of Veterans Affairs, Ed E. Johnson said new regulations allow trainees to pursue, along with an approved college curriculum, independent study or other external study away from parent campuses.

Beginning October 1, 4 million persons will be eligible for VA's three education programs, including 851,000 at college, but there is no estimate on the number of current or future trainees who will take advantage of independent study programs.

For more than 10 years now, Johnson noted, "many colleges and universities have provided external study programs which usually include room instruction both at parent schools and other schools."

Typical independent study programs consist of study in the humanities, social sciences and natural sciences, with the student setting a minimum and maximum for completion, the VA head noted. "The student proceeds at his own pace, returning to the parent school only periodically for required classes or seminars."

Johnson said VA will pay allowances to trainees

pursuing independent study if courses are offered by accredited schools approved by their respective state approving agencies. Courses must lead to, or be creditable toward standard college degrees.

The agency determines allowances due trainees on the same basis as other college degree programs, with colleges expected to evaluate external courses in semester or quarter hours of their equivalent, and prescribe program completion dates.

Johnson said trainees attending schools which do not use a standard measurement of credit hours will be paid actual cost of courses, not to exceed \$110 monthly.

Full details on independent study programs are available at all VA offices.

## Spot cotton market activities in decline

Activity in Western cotton markets continued slow this week, according to the Agricultural Marketing Service, U.S.D.A.

Lower prices in Texas and Oklahoma markets caused some growers to hold available supplies. Texas merchants were busy taking delivery on a heavy volume of previously contracted cotton. Some merchants were out of the market because of the volume of contracted cotton being delivered to them.

In California and Arizona, growers had little cotton to offer. In the San Joaquin Valley of California, a small volume of 1974-crop cotton was contracted at 72.00 to 74.00 cents per pound, basis grade 31, staple 35, 3.5 to 4.9 mike.

In the Harlingen, Texas territory, growers contracted at 70.00 to 72.00 cents per pound for qualities within the official standards, discounts for grass or

bark and a cut-off date. Some Corpus Christi growers were offered 60.00 cents per pound for within grade qualities.

Around Austin, Texas contract offers varied from 50.00 to 65.00 cents per pound, depending upon contract specifications, type of harvest and other factors.

Offers to contract Acala 1517 at 68.00 to 70.00 cents per pound did little to stimulate active contracting in the El Paso, Texas territory.

Southeastern New Mexico growers were offered 65.00 cents per pound for Acala 1517, basis grade 31, staple 37, 3.5 to 4.9 mike but volume contracted was light.

Rain in varying amounts delayed the harvest in most Western producing areas during the week.

Prices quoted for selected qualities, 3.5 to 4.9 mike, in the six Western Region spot markets are as follows:

Dallas, 57.25, this week; 57.25; last week 61.25; Strict Low Middling Light Spotted (42) Staple 31.

Houston, this week 71.00; last week, 71.00; Strict Low Middling Light Spotted (42) Staple 34.

Lubbock, this week, 52.70; last week, 54.70; Strict Low Middling (41) Staple 30.

El Paso, this week, 93.00; last week, 90.25; Middling (31), Staple 36.

## State VA spending in substantial rise

The Veterans Administration spent \$778,247,694 in the state of Texas in the fiscal year ending June 30, 1973, according to recently compiled VA figures. This is an increase of \$68 million over fiscal year 1972 expenditures in Texas by the VA.

According to Jerry Brannan and Jack Coker, Directors of the Waco VA Hospital and Regional Office, respectively, these expenditures included \$401,236,559 in compensation and pension benefits to veterans, \$164,715,856 in G.I. Bill educational benefits and \$36,589,170 in

insurance and indemnities.

The remainder was spent for construction costs and operating expenses for the two regional offices at Houston and Waco, the ten VA hospitals and centers at Houston, Dallas, Temple, Waco, Amarillo, Big Spring, Marlin, San Antonio, Kerrville and Bonham, and outpatient clinics at San Antonio, Lubbock, Corpus Christi and McAllen.

Harris and Dallas Counties received the largest amounts with Harris getting \$144.8 million and Dallas \$110.2 million. Other counties receiving a large share of the VA benefits and operating money spent are Bexar, \$63.2 million; Tarrant, \$45.2 million; McLennan, \$34.8 million; Travis, \$24.3 million; Bell, \$23.4 million; El Paso, \$17.7 million; Jefferson, \$14.5 million; Potter, \$13.1 million; Nueces, \$12.5 million; and Lubbock, \$11.4 million.

Eighty-five counties in Texas received over one million dollars in VA compensation, pension, education, insurance and operating cost money.

Fresno, this week, 90.45; last week, 87.75; Strict Low Middling (41), Staple 35, Phoenix, this week, 85.05; last week, 79.35; Middling (31), Staple 35.

a dramatic increase in the last few years in the number of people who are living apart from other members of their families and maintaining their own households.

Nationally, according to the Census Bureau, there are now no fewer than 13.5 million men and women living alone, as compared with 7.9 million in 1960.

As a result, single-person households increased nearly four times as rapidly in the period as did other household formations. They rose by 71 percent, as against 18 percent for the others.

Many unattached men and women in the local area, who may have had no choice in former years but to reside with relatives or friends, have now found it possible to support themselves and maintain their own living quarters.

According to the latest government figures, the proportion of dwelling units in Cochran County that are occupied by singles is 13.5 percent.

Throughout the United States as a whole, 20.2 percent are one-person households. In the West South Central States, it is 18.4 percent and, in the State of Texas, 18.2 percent.

Included in this unattached group are young people and unmarried older people as well as divorced and widowed persons who have remained single.

In the local area, according to the findings, the number of one-person households has reached 202.

Various explanations are given to account for this trend. Analysts point to

## WHS graduates play for Texans

Two 1973 Whiteface graduates are members of the "Texans" South Plains Basketball team. They are Robert Davidson and Randy Peden.

Both young men were picked all South Plains and All District their senior year at Whiteface, and named Outstanding Players at WHS.

Robert is the son of Mr. and Mrs. Frank L. Davidson and Randy is the son of Mr. and Mrs. Oren Peden, both of Whiteface.

the great increase in job opportunities for women, making them more self-sufficient, economically.

It has led older women who have been widowed or divorced to return to the labor force. They have been able, aided by pensions, social security or other resources, to make out quite well on their own.

Chiefly responsible for the big upswing in living alone, however, are the young singles. The number of under-35's who are doing so has jumped nearly 160 percent in the last ten years.

## Enochs- Bula News

Arthur Vanlandingham and son Curt of Albuquerque came last Sunday afternoon and spent till Tuesday with his parents, Mr. and Mrs. J. B. Vanlandingham.

Mrs. Johnny Cox was a patient in the Methodist Hospital in Lubbock Tuesday till Thursday for tests and x-rays. She was able to attend church Sunday.

Mr. and Mrs. G. H. McCall of Harlingen, and daughter and husband, Mr. and Mrs. Alvin Killin, from the University of Texas spent Thursday and Thursday night with his brother Mr. and Mrs. E. N. McCall.

Mr. and Mrs. Robert George and children and Mr. and Mrs. Sam Renteria and children all of Lubbock were also guests Thursday night. They were on their way to the Capitan mountains to spend the weekend.

The G. H. McCall's and the E. N. McCall's, the Barley Roberts family, and Mr. and Mrs. Rusty Rowden and children visited Mrs. R. P. McCall in Lubbock Friday. They all had supper at Underwood's Cafeteria.

Mrs. Ted Hall underwent surgery at 9:30 a.m. Friday morning in the Methodist Hospital in Lubbock.

Mr. and Mrs. W. T. Thomas returned home Monday from spending the holidays with their daughter, Mr. and Mrs. Leon Kessler and family of Hurst, they also

attended the wedding of a grandson, David Kessler to Miss Elmye Snelling of Corpus. They were married Jan. 5 at the home of his parents in Hurst. Both of their grandparents, Mr. and Mrs. W. T. Thomas and Mr. and Mrs. Bill Snelling of Corpus, and their great-grandparents, Mr. and Mrs. Bruce Wade, of Weatherford were present for the wedding.

Bula High School played Springlake on their home court Friday night. Bula boys and girls lost both of their games. The girls were tied at the end of the game but lost by one point in overtime.

Mr. and Mrs. W. T. Thomas was honored with a going away party Saturday in the Fellowship Hall of the Methodist Church. They were presented money in a wishing well made by Darwin McBee. Refreshments of pink punch and cookies were served to 43 guests. Mr. and Mrs. Thomas will be missed very much, they have lived in our community for the past 12 years. Out of town guests were Mr. and Mrs. Ivan Woodard, Mr. and Mrs. Joe Harbin and Mrs. Jay Harbin all of Muleshoe.

Johnny Cox drove to Ft. Worth Tuesday on business and returned home Friday.

Mr. and Mrs. Tom Byars and baby of Friona spent Saturday night with Mr. and Mrs. Glynn Price. They visited his mother, Mrs. Winnie Byars, Sunday.

Mr. and Mrs. C. C. Snitker bought the home of Mr. and Mrs. W. T. Thomas the Thomas' will be moving Wednesday.

Belton Bryant of Hereford died Saturday night. He is the brother-in-law of Mr. and Mrs. Elwood Autry and Mr. and Mrs. Edd Autry of Enochs. Funeral services were held Tuesday Jan. 15 at 2 p.m. in Hereford.

Kem Allen Coats went to Dallas Saturday to appear before the Mission Board to see about going on the Mission field this summer. He is a student at South Plains College in Levelland.

Mrs. Olive Shaw returned home Tuesday from staying with her daughter, Mr. and Mrs. Ralph Jurras, at Clayton, N.M. They also visited their other daughter.

The Enochs Baptist Church had their Study Course in Colossians Monday, Tuesday, Thursday, Friday at 8 p.m. and Sunday night at 6 p.m. Bro. Charlie Shaw taught the adults and young people and Mrs. Alma Altman taught the smaller children.

### More East German refugees flee to West

In the first 10 months of this year, a total of 5,582 East German refugees reached West Germany. This is an increase of 20 per cent over 1972.

## Three Way News

By Mrs. H.W. Garvin

Three basketball teams played Bula Tuesday night losing both games. Friday night Bledsoe played Three Way on the Three Way court with Three Way girls winning their game and Three Way boys losing theirs.

Joe Wheeler from Comanche spent Tuesday night with his parents the Johnnie Wheelers.

Mr. and Mrs. George Tyson spent Saturday night in Lubbock visiting their daughter and family, the Tommy Durhams.

Mrs. Jim Green and children from Jal, N.M. spent the past week visiting her parents the Jack Furgesons.

Mr. and Mrs. John Gunter Jr., and family and Byron Gunter from Muleshoe visited their parents the John Gunters Sunday.

Mr. and Mrs. H.W. Garvin were in Lubbock Sunday visiting their daughter the James Gillentine family.

Rev. and Mrs. Jack DeWitt are in Dallas attending a conference on

Evangelism. Rev. DeWitt is pastor of the Three Way Baptist Church.

Mr. and Mrs. D.S. Fowler spent Friday in Lubbock.

The Three Way Baptist Church will show a film on communism and how it affects the Church, Sunday night, Jan. 20. Everyone is invited to attend.

Mr. and Mrs. D.S. Fowler visited the Zed Robinson's in Muleshoe Sunday.

## Hospital notes

Patients admitted to Cochran Memorial Hospital Jan. 8 thru Jan. 15, were Manuel Gonzales, Mike Fuentes, Catherine Ray, Ed Courtney, Gary Sams, Mollie Renteria, Shiloh Posey, Devie Nichols, Amelia Jaquez, Raymond Deavors, Roy Ailsup, Henry Williams, Harvey Zuber, Emma Lopez, Maurice Harvey, Beth Cagle, Rachel Rodela, Elaine Bilbrey, Lorena Villigran, Mary Duran, Heron Escalante, Landra Coker, Homero Moreno, Patti Groves, Patsy Warren and Lado Orozco.

## Mrs. Beebe hosts club

"International Affairs" program presented by Mrs. Beebe and Mrs. Darwood Marshall Whiteface Study Club meeting met in the home of Mrs. Beebe. Slides were shown from Jamaica and personal experiences related about the two countries. In the business meeting, the was answered with "My Vacation." Mrs. Larry Beebe welcomed to the club as a new member and it was announced that the Citizens monthly meeting was changed to the second Tuesday of each month.

Refreshments were served hostess to the following members: Cliff May, Roy Akin, Kenne Larry Baldwin, Carroll Lanier, Souther, Sam Rankin, Cooper, Allen, Freddy Butler, Marvin Jack French, Marshall and R.D.

## Look Who's New

Marsha Annette, daughter of Mrs. Mitchell Autry, born on 4:44 a.m. and weighed 6 lbs and was 19 inches long. She was at Littlefield Clinic. Grandparents are Mr. and Mrs. Minor and Mr. and Mrs. E. M. Morton.

These will show me the path of life, in thy presence is fulness of joy... PSALM 16:11

# HERE IS THE PATH

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Should love the Lord thy God with all thy heart, and with all thy soul, and with all thy strength, and with all thy mind, and thy neighbor as thyself. Luke 10:27

The basis of God's first and greatest commandment is love. God gave man the freedom to choose and therefore will not force his love on anyone. God took the first step and is always ready to receive any who would come to Him.

# Japanese firm will build spinning mill at Levelland

Spirits ran high in Levelland Monday after Daiwa Spinning Co. Ltd. of Osaka, Japan, announced its plans to construct a revolutionary \$15 million textile plant just outside the Levelland city limits.

It is by far the biggest single industry to hit the Hockley County area in its history, and to cotton growers across the South Plains it signals an exciting new era in cotton production.

Prospect that the spinning plant would locate in the Lubbock-South Plains area had been aired since an announcement late last year by Gov. Dolph Briscoe that Daiwa had set its sights on the cotton-rich High Plains for its venture—one of the most revolutionary and up to date spinning plants to hit the United States.

The key to its importance on the South Plains is the concept—open end spinning—which will utilize short staple, low micronaire cotton to produce yarn of equal or superior quality to that spun from higher grade fiber.

Granted Free Site  
The Japanese firm indicated by telegram to the Texas Industrial Commission (TIC) in Austin it has accepted a Levelland Industrial Foundation offer of 100 free acres partially adjoining Texas Hwy. 116.

Reportedly, 71 acres of water rights plus \$30,000 cash and free sewage disposal were included as inducement to select the site north of the two-lane highway here.

The announcement Monday culminated several months of waiting by area chambers of commerce, which had aggressively sought to attract Daiwa.

At one time the field included the cities of Lubbock, Floydada, Crosbyton, Plainview and several others.

John Davis, Levelland Chamber of Commerce President, summed up the mood of the city by saying "I think in a word you could just say we're—elated."

"The people are extremely pleased, and are looking forward to construction of this facility, and the coming of the Japanese to our community."

Next step in Levelland's bid for Daiwa will begin Monday when the city's "industrial team" of five men will travel to Osaka to sign a formal agreement for the land and meet with company representatives.

The select team which has worked with Daiwa for several months includes Hockley County Judge H.L. Moreland, Mayor Jim Montgomery, J.G. Stacy, president of the Levelland Industrial Foundation (LIF), and LIF director, Fred Owens, and Davis.

Davis said the group will depart for Japan Monday by commercial airliner, and plan to be gone about 10 days.

T. Konishi of Osaka, director of manufacturing for the company, expressed gratitude to Texas Gov. Dolph Briscoe and TIC executive director Jim Harwell for their "extreme help and endeavor."

The firm plans to build what ultimately "will become the United States of Asia."

Cotton authorities in Lubbock hailed the announcement as a shot in the arm for West Texas, and viewed it as a way to bring South Plains short staple cotton back into the marketplace.

Don Johnson, executive vice president of Plains Cotton Growers in Lubbock, said cotton growers in general "are real pleased with the announcement, and just think it is an indication of things to come—both an indication of heightened textile activity on the South Plains and new markets elsewhere for area cotton."

"The overall market outlook supports conclusions we have come to in the last several months—that open end spinning does offer some additional benefits for both the textile manufacturer and the high plains producer, when you tie open end spinning in with high plains cotton," Johnson said.

Bill Colvin, president of the Lubbock Cotton Exchange views the new spinning operation as a step in the direction of more competitive markets for area cotton.

Extremely optimistic about the spinning concept) hit the cotton with such impact that no one can reflect on past problems of grade South Plains cotton out of the doldrums now.

"If the open end concept is perfected, we can compete with (foreign or domestic)," Colvin said, "it is wonderful to get this plant in our area, and I think there is room for more."

Lubbock cotton merchant, R. S. Taylor, is optimistic that Daiwa will bring immediate benefits to a portion of South Plains cotton growers who grow fibers.

"If this open end spinning does work out as well as we think it will, it could be a great step toward neutralizing the short growing season that we have on the plains," Tapp said.

Levelland residents had planned no big celebration late Monday, but one of the city's newspapers, the Levelland Daily Sun News, celebrated by publishing an unprecedented "extra" edition announcing the good news.

The Daiwa plant is the first open end spinning operation to locate on the South Plains, which produces 45-50 per cent of the state's cotton crop and around 15 per cent of the nation's output.

Officials said the plant will be named Daiwa Texas, Inc. and will be equipped with the most modern textile equipment available, including 50 sets of spinning frames utilizing the new process.

South Plains College is expected to participate in training of the labor force, which is expected to open up many job opportunities for area women. More than 50 per cent of the job classifications will be filled with women, according to one official.

Production of 800,000 pounds of cotton yarn per month will be possible until a second stage of expansion doubles that capacity with the addition of 50 additional sets of spinning frames.

Employment is projected to grow from 150 to 750 persons within five years.

As industrial team member, J.G. Stacy, remarked, "This is really the first time Levelland has been a winner on the industrial scene."  
"We have come in second many times, but you never win anything coming in second," said Stacy. "We think we have a great agricultural area and an education center with South Plains College, and now we find that with a new industry coming in, we have a well-rounded economy."

Visitors to Levelland in November were seven Japanese businessmen representing the Daiwa Spinning Company, Ltd. They met with members of the Levelland Industrial Foundation. The results of that meeting and those that followed were culminated today with the announcement by

Governor Dolph Briscoe that the plant would be located in Levelland. Among the visitors in Levelland were C. Hibino, S. Azuma, K. Wakabayashi, Jim Heath of the Texas Industrial Commission, T. Konishi, T. Naruse, H. Sakaki, and S. Fujii. (Staff Photo)

## Clayton, Yeary win, Hansen loses in water election

The unofficial results of the 1974 elections of the High Plains Underground Water Conservation District No. 1 have been announced by the District's Lubbock Office. The election was held January 8, 1974.

Elected to his third two-year term as Director representing Cochran, Hockley and Lamb Counties (Precinct 2) is Selmer

Schoenrock of Levelland. Schoenrock defeated Hugh Hansen of Morton.

Also elected to the five-man Board were Ray Kitten of Stalon and Chester Mitchell of Lockney.

Six men were elected County Committeemen to represent the three counties comprising Director's Precinct 2.

The winners are as follows: Cochran County: Jessie Clayton and Robert Yeary, both of Morton.

Hockley County: J.E. Wade and Jimmy Price, both of Levelland.

Lamb County: Billy J. Langford, Olton, and Edward Fisher, Sudan.

Schoenrock and the County Committeemen will serve two-year terms.

## 'Trees' topic at LeFleur meeting

The LeFleur Garden Club met Thursday, Jan. 10, at 2:30 p.m. in the home of Mrs. W.A. Woods. Mrs. J.L. Thomas presented a program on trees.

She gave hints on successful growing taken from Course I of the Flower Show School.

Roll call was answered with the name of a practical flower to grow. In the business meeting it was announced that the Spring Convention would be held in Amarillo March 20 and 21. Mrs. Bobby Adams suggested decorations to be used in the downtown window for the month of February.

Attending the meeting were: Mmes. L.Z. Scoggins, Thomas, Adams, Owen Egger, and Woods.

## WTCC asks revision of agriculture worker act

The Agricultural Act of 1949, Title V—Agricultural Workers, Section 505, has been almost unworkable for West Texas farmers and ranchers in securing laborers to assist in the production of food and fiber in the region.

This act prohibits the West Texas farmer and rancher from hiring agricultural workers from the Republic of Mexico.

The Board of Directors of the West Texas Chamber of Commerce had adopted a resolution asking that this act be amended so that farm laborers from a Republic of Mexico can again be employed to help alleviate the current shortage of farm and ranch labor in West Texas.

"A proven supplemental farm and ranch labor force could be secured from the Republic of Mexico to assist in the region's efforts to maintain an adequate agricultural productivity if the Act of 1949 were amended," says James A. Gresham, Chairman of the WTCC Agriculture and Ranching Committee.

substantially below levels that are produced in other parts of the world.

This agriculture sector of the economy is now faced with a complexity of economic factors ranging from the unpredictable forces of nature to competition from a growing array of other businesses and individuals vying for an increasingly limited supply of the necessary items of farm and ranch production.

At the present time, agriculture is unable to secure sufficient labor, which under present laws is practically unavailable under any circumstances.

If this act is amended making it possible for West Texas farmers and ranchers to employ labor from across the Rio Grande, a proven supplemental labor force is available at almost anytime while, at the same time, providing for our good neighbor Mexico a welcome boost to their economy."

West Texas Chamber of Commerce is strongly and vigorously recommending to the House Agriculture Committee and all other concerned legislative committees, and to the West Texas members of Congress, that this act be amended as soon as possible, so that the shortage of farm and ranch labor can be eliminated, and there will again be an abundant production of food and fiber that will benefit all consumers.

Mrs. Kirby Joe Gresham (Miss Rhonda Jan Mulkey)

## Mulkey, Gresham solemnize vows

Miss Rhonda Jan Mulkey and Kirby Joe Gresham exchanged marriage vows at 7 p.m. Friday, January 4, in the First Assembly of God Church in Levelland. The double ring ceremony was performed by Rev. Charles Gibson.

Parents of the couple are Mr. and Mrs. W.E. Mulkey of Levelland and Mr. and Mrs. Joe D. Gresham of Morton.

The bride, given in marriage by Burl B. Shaw, of Sundown, wore an old fashioned Antebellum gown of chantilly lace and mirra-mist. The basque bodice featured a high duchess neckline with sheer lace yoke highlighted in seed pearls. Long bishop sleeves were softly shirred to wide petal point cuffs. The bouffant skirt was accented in a cascade of lace edged in mirra-mist ruffling framed in edged pinniers of mirra-mist forming a redingote effect. Her cathedral length train attached at the shoulders with a small self fabric bow and was also encircled in lace scallops with a vertical center panel of lace. Her matching mantilla fell from a caplet and drifted the entire length of the train.

She carried a nosegay of white roses, baby's-breath and bluebells with touches of blue in it and white satin streamers, carried atop a white bible given to her by her aunt, Mrs. Bill Huffaker of Lubbock.

For the traditional "something old" was a handkerchief belonging to the groom's great-grandmother, "something new" was her wedding gown, she "borrowed" her sixpence which belonged to her maid of honor. For "something blue" she wore a garter.

The platform was adorned with double candelabras and greenery and the archway was covered with greenery and blue-tipped carnations. On the sides of the kneeling bench were white roses and blue and white streamers. Baskets of blue carnations, white roses and white gladioli were placed on either side of the arch in the middle of the double candelabras.

Candlelighters were Randy and Rodney Mulkey, brothers of the bride and Douglas Butler, cousin of the bride.

Miss Pam Shaw of Sundown served as maid of honor. Bridesmaids were Miss Margaret Keen, cousin of the bride, and Miss Gayla Toney. They wore blue crepe southern bell style gowns with a white lace high neckline. The dresses were similar to the bride's dress, in that they were tiered to the floor in the blue crepe material. They carried a nosegay of white roses and blue carnations.

Randy Hall of Levelland, served as best man. Groomsman were Dwight Horton of Amarillo, and Haskell Lamar of Morton. Guests were seated by Rocky Shaw of Sundown, Mark Gibson, Steve Teeters, and Danny Gwinn, all of Levelland.

Brandy Blackard, friend of the bride and Doug Currington, both of Levelland, served as flower girl and ring bearer. Brandy wore a blue crepe dress with long sleeves. A blue ruffle accented the bottom. She carried a white basket white of rose petals. Doug carried a white satin pillow with blue accents.

Miss Sherry Davis registered guests in the foyer of the church.

Musical selections were presented by

### Pep Homecoming slated January 26

The Pep Ex-Student Association is planning their annual Homecoming Saturday, Jan. 26. Registration will begin at 4:30 p.m., followed by a basketball game and banquet at 6:30 p.m.

Classes of 1937, 1947 and 1967 will be recognized and class reunions will be held.

Larry Hogue will act as Master of Ceremonies and Mrs. Elizabeth Owens will be the speaker.

Following the business meeting, a Country and Western dance is slated from 9 p.m. until 1 a.m. in the Pep School Auditorium.

## Short courses featured in animal ag conference

Livestock owners and animal agriculturists from throughout Texas and several Latin American countries are expected to participate in the first Texas Animal Agriculture Conference, January 21-24 at Texas A&M University.

The conference will open with the Latin American Animal Agriculture Symposium January 21. It will be followed by five short courses on beef cattle, swine, dairy cattle, horses, forages and pastures on Tuesday and Wednesday. The final day will feature a cattlemen's tour.

Conference sessions will be in the J. Earl Rudder Center on the Texas A&M Campus.

Dr. Jack K. Williams president of the Texas A&M University System, will welcome participants at 9 a.m. Tuesday in the Center's Auditorium. Dr. L.S. "Bill" Pope, associate dean of agriculture, will discuss "New Horizons for Texas Animal Agriculture."

Featured speaker for the general session Wednesday will be Dr. John A. Hopkin, head of A&M's Department of Agricultural Economics and Rural Sociology, who will discuss "The World Agriculture Outlook."

For the beef cattle short course, major speakers will include Dr. J.N. Wilbank, widely recognized authority in the field of beef cattle reproduction, who is joining the Texas A&M staff; Dr. Robert Totusek, Oklahoma State University animal science professor; Dr. M.B. Wise, Animal Science Department head at Virginia Polytechnic Institute; Craig Ludwig of the American Hereford Association; Clarence Burch, Oklahoma Angus breeder, and others.

The swine short course will include discussions by such noted speakers as Dr. M.R. Wilson, College of Veterinary Medicine, University of Guelph, Ontario, Canada; Dr. James Riley, Extension veterinarian from South Dakota; Dr. L.L. Christian of Iowa State University; and Dr. T.D. Tanksley, Dr. Howard Hesby and others of Texas A&M, who will discuss research findings.

Two of the country's leading equine scientists, Dr. John P. Baker of the University of Kentucky and Dr. R.G. Loy, a consultant from Phoenix, Arizona, will discuss nutrition and reproduction during the horse production short course. Speakers will also include Dr. William C. McMullan and Dr. T.L. Bullard of the Large Animal Clinic, College of Veterinary Medicine, Texas A&M Extension specialists and others.

Addressing joint meetings of the dairy and pasture short course groups will be Dr. M.E. McCullough, professor and head of the Experiment Station at the University of Georgia; Jack Carpenter, manager Tufts, Holstein Farms, Dallas; and Dr. J.M. Hellman, manager and resident veterinarian, Barnes Jersey Farm, Bryan.

Featured speakers for the dairy short

course also will be Dr. Joe Gray Pepples of the Town and County Animal Clinic at Plainview; S.R. Donaho, Jr., of Floresville, operator of Donaho Holstein Farms; Paul Koonsman, a dairy service specialist from Lubbock; Bobby Traweck of the Cow Creek Farm, Dublin, and others.

For the pasture short course, major speakers will also include Aaron Baxter, agronomist for Texas Power and Light Co., Dallas; Wells Burton, Longview farmer and forage producer; Dr. E.C. Holt, Texas Agricultural Experiment Station professor in forages; and Dr. E.C. Bashaw, geneticist for forage grasses at Texas A&M.

The livestock and grass tour January 24 is planned for Latin American visitors.

### Adult Class

Plans are being made for an adult Woodworking class to begin this month at Morton High School. A minimum of 12 adults is required for the class.

A \$10. building fee will be charged and classes will meet one night each week. All interested persons are urged to contact Mrs. W.G. Freeland at Morton High School for additional information.

### Thoughts

From The Living Bible

"All right," the angel said, "I accept your proposition and won't destroy that little city. But hurry! For I can do nothing until you are there." (From that time on that village was named Zoar, meaning "Little City.") Then the Lord rained down fire and flaming tar from heaven upon Sodom and Gomorrah, and utterly destroyed them, along with the other cities and villages of the plain, eliminating all life—people, plants, and animals alike. But Lot's wife looked back as she was following along behind him, and became a pillar of salt. Genesis 19:22-26 Religious Heritage of America

# Rx LINER'S PHARMACY

Although there are still a lot of unknowns, general expectations are that U.S. cotton production in 1974-75 will be up to 14.5 or 15 million bales from the projected 13 million bales in 1973-74, according to Donald A. Johnson, Executive Vice President of Plains Cotton Growers, Inc. "But for a number of reasons, this does not necessarily foretell a corresponding decrease in cotton prices," he adds. "For one thing," he notes, "there is every indication that the demand for cotton, both foreign and domestic, is on the increase."

Exports of cotton from the U.S. in the 1974-75 marketing year are now forecast at around 6 million bales, and cotton consumption by domestic mills is being projected in some quarters as high as 8 million. If these figures are realized Johnson points out, even a 15 million bale crop would add only 1 million bales to the expected U.S. carryover on August 1, 1974 of 3.8 million. "And a 4.8 million bale carryover in this country is far from excessive."

Demand in the U.S. and abroad is getting a boost from the scarcity of petrochemical stocks for the production of synthetic fibers. Also there is a noticeable return of preference for the natural fiber among consumers. And of course the increase in demand for textiles of all constructions is also of benefit.

World cotton consumption made a significant advance during the past two years, rising by nearly 2.4 million bales, without the influence of synthetic fiber shortages. This is the best rate of increase of any two-year period since 1965-66 and compares with an annual growth rate of only 570,000 bales during the previous five years.

With competing fibers having problems in meeting demand owing to petrochemical allocations, and with consumer preference for cotton continuing strong, another healthy increase in cotton consumption may be expected in 1974-75 Johnson believes.

It should also be kept in mind that the "general expectations" of a 14.5 or 15 million bale crop in the U.S. for 1974-75 is an "expectation" and nothing more, he says.

On the High Plains for example, which this year at 2.7 million bales will account for over 20 percent of the nation's output, a 1974-75 increase becomes more unlikely with each day that passes without bringing badly needed moisture,

and a sizeable decrease in a distinct possibility. One-third of the area's cotton acreage, or more, is grown without the benefit of irrigation and normally does not produce good yields unless there is a reasonable amount of underground moisture at planting time. While 1973 underground moisture was excellent, it is almost nonexistent at this point of 1974 and long-term weather records offer little hope that it will be replaced by planting time in May. At least another fourth of the High Plains cotton acreage has only light irrigation water, and is therefore partially dependent on rainfall.

"Without wishing to be pessimistic," Johnson says, "given present conditions it is only reasonable to assume that, area-wide, High Plains yields in 1974 may be well below the estimated 482 pounds per acre for this year. And if High Plains production should drop significantly, a U.S. crop of 15 million bales in 1974-75 would hinge largely on major increases in other areas of production."

A Weekly Report Of Agri-Business News

# Farmcast

Compiled From Sources Of The Texas Department of Agriculture  
John C. White, Commissioner

For the first time in four months, Texas farm prices have shown an increase. The all-farm products index is now 42 percent above a year ago, and one percent above a month ago.

The livestock and livestock products, however, was down one percent from last month, but is 17 percent above a year ago. Beef cattle prices have declined 30 percent from August levels. However, retail meat prices have declined less than 10 percent.

For Texas, hog prices as of Dec. 15 averaged \$38.30, down \$1.60 from November. Beef cattle averaged \$38.20, down 90 cents from a month ago. Hog prices are 10 cents above beef prices for the month. Calf prices at \$47 were down \$2.90 from a month ago. Sheep prices at \$16.30 per hundred-weight were down 30

## Sen. Tower outlines his energy saving proposals

In coming years, our country will make the painful transition from a period in which we have had such plentiful supplies of petroleum that we could afford to waste it, to a time of scarcity, during which our energy supplies must be carefully conserved.

I am offering three legislative initiatives which, I believe, will help us become energy independent, and protect jobs and maintain production during the crisis.

One bill increases the American taxpayers' share of the receipts from oil and gas produced under new leases of Federal lands from sixteen and two-thirds per cent to 65

per cent. It would not affect existing leases. The new percentage would be comparable to the amount the people of Indonesia or Nigeria or The Philippines are now receiving in royalties from American oil companies.

I feel my proposal is far more sound than another bill before the Senate, which seeks to establish a government corporation to develop these Federal lands. Development of oil and gas resources is a high-risk business, requiring a lot of expertise. It is not something that lends itself to government involvement.

The boost I am seeking would mean billions of dollars in additional revenue to the American people from these public lands, while still offering an incentive to the oil companies to use their experience in exploring and developing the resources.

At current higher oil prices, the hike would mean over \$300 million a year in payments to

the government from only one of three lease sales scheduled for next year. This compares with the \$300 million which all existing oil and gas lease payments now bring into the treasury.

And boosting the taxpayer's share of the production receipts should result in lower initial bids for the leases from federal lands. Lower bonus bids will free more capital for drilling and will enable more independent producers to get in to the action. These steps would speed exploration and development of these petroleum resources.

A second measure I am offering removes the foreign oil and gas depletion allowance in all countries except those of North America. Under present law our tax code allows the same depletion allowance for production in the Middle East as for production in the U.S.

If our nation is to move toward the goal of self-sufficiency, then a depletion allowance that encourages oil exploration and production outside North America would be self-defeating.

My third bill seeks to establish the Agency for Energy Adjustment to administer a program of guaranteed loans that would

help industry install energy saving equipment, or convert from petroleum and natural gas to more abundant forms of energy, such as coal, or convert to new lines of goods and services less dependent on energy.

This program would help keep factories and plants open, production lines moving, and American workers on payrolls instead of unemployment compensation or welfare rolls. It would also assist our efforts to conserve energy.

## Bledsoe News

To kick off a community improvement campaign Bledsoe is having a contest. Local businesses are presenting a cash award to the person or persons whose slogan is judged most representative of the idea of Community Improvement. Everyone living in the Bledsoe School District is eligible to enter regardless of age. Deadline for entering the contest is January 28. Entries with more information may be obtained at Wayne's Market and in the school paper. The winner will be announced at a Resource Conservation and Development meeting at the County Barn at 7:30 p.m. January 31. Further plans will be made at that meeting.

Bledsoe's Junior High basketball teams split their games with Bula on Monday, January 14. Kerri Adams was Bledsoe's highpoint player with 12 points in a 26-17 victory over Bula. Darryl Weaver scored 16 points, but the Bledsoe boys still went down 31-26.

Tuesday, January 15, Bula's high school teams came visiting and returned home with one loss and one whopper of a win. Bula girls scored 75 points while Bledsoe girls scored only 24; 15 of those were by Gayla Trull. The Bledsoe boys' squad fared better, popping in 49 points to Bula's 44. Tracey Griffiths scored 20 points for the Antelopes.

Senior citizens meet today at 2:00 at the County Barn. The Busy Bee 4-H Club meets at the County Barn today at 4:00 p.m. The Basketball Booster Club meets tonight at 8:00.

Bula school is having the homecoming Friday night, January 19. The seniors are sponsoring a supper and everyone is invited to come. Tickets for the supper are \$2.00 for adults and \$1.00 for students and children. They will play their basketball game with Pep.

from a year ago. Hogs kept for breeding purposes numbered 163,000; there were 887,000 market hogs and pigs.

From now through May, Texas hog farmers intend to farrow 103,000 sows, 3 percent above the previous year.

Nationwide, hog and pig numbers are up 3 percent from a year ago. The total pig crop for the year was down 3 percent.

Hog producers intend to farrow 6,500,000 sows through May across the nation. This would be an increase of less than 1 percent from a year ago.

Texas winter wheat acreage is up, but expected crop is down. The Texas Crop and Livestock Reporting Service notes that acreage of 1974 winter wheat is 5,600,000 acres. This is 22 percent above a year ago and 38 percent more than in 1972.

But because of dry weather, yield is expected at 78,400,000 bushels. This compares with 98,600,000 bushels in 1973.

Nationwide, winter wheat acreage is 18 percent higher than a year ago. It is the largest acreage since the 1967 wheat acreage. The estimate nationwide is 19 percent above 1973, the previous record.

Commercial slaughter plants in Texas during November produced 183,000,000 pounds of red meat, which is a decrease of 7 percent from the previous month and 6 percent under the 1972 production.

Cattle slaughter was 19,000 under a month ago; calves killed were 1,100 below the previous month; hog slaughter was 14,000 below last month. Sheep and lambs killed were 37,000 below last month.

A final reminder: if you have received a crop or livestock questionnaire from the Texas Crop and Livestock Reporting Service, please fill it out as accurately as possible and return it at once. The surveys will be used to compile statistics about Texas agriculture, the State's most basic industry.

**YOU ARE RESPONSIBLE!**  
YES, WE AT FIRST STATE BANK HOLD YOU, OUR LOYAL CUSTOMERS, RESPONSIBLE FOR OUR PROGRESS AND GOOD FORTUNE OVER THE YEARS--AND DOUBLY FOR THE GREAT YEAR 1973

AND FOR YOUR SUPPORT IN HELPING US TO ACHIEVE THE HIGHEST DEPOSIT LEVEL IN OUR HISTORY

### BUTZ FROM PAGE ONE

Butz said that with the new act of 1973 the "dead hand of government" is being lifted from the American farmer, where "it's been for 40 years." He said, "Farmers have lived with quotas, cutbacks, and allotments, but we're doing a 180 degree turnabout. There's been a turn in philosophy, and we're going in a new direction."

The Secretary stressed the importance of expanded markets here and abroad, telling his audience that food and fiber exports are a powerful diplomatic tool for the United States government. He added, "We want you to continue to produce, however, for a market and not the government."

Butz criticized the baking industry in America, saying that "bakers have grown soft" and are playing the "crybaby" role. Butz characterized as "absurd" that bread prices will go to a dollar a loaf. He added, "The American consumer is paying 28 cents for the wrapper now" since there is only seven cents worth of wheat in a loaf of bread.

Butz, complimenting the American Cotton Growers and the "super gin" in Crosbyton, said "Exports are all essential, and we've got to be competitive." His commendation to the super gin and its marketing program came as a result of the gin trimming several cents a pound from its marketing costs.

The speaker, holding his audience spellbound, said the American farmer is doing more to keep the peace than any other concern. He admonished his audience, "Don't alibi or apologize ever again by saying, 'I'm just a farmer,' hold your head up and your shoulders back, and don't let anyone put you down." He added, "You have a track record second to none. You haven't learned to punch a clock at the end of 48 hours; you haven't learned to put two drivers in a locomotive like the cabs which pass through this town."

Butz said that the government is learning to keep its hands off the farmer and that he (Butz) will try to make certain it keeps its hands off. "We want a strong America, and you're its backbone," he concluded.

### TRIBE FROM PAGE ONE

points each, with Mason hitting on 5 of 6 field goal attempts and Smith on 5 of 12.

Jerry Silhan was high point man for the Indians, hitting 7 of 12 field shots for a total of 14 points. He further contributed 5 rebounds, one steal and one assist.

Further evidence that the Mustangs were hardly there was the fact that they committed only four fouls through the entire game—two on Billy Joyce and two on Mike Williams. Their pair gleaned only two points on that meager fare, each hitting one of two. Joyce was fourth highest scorer with four field shots and one charity toss. He turned in 3 rebounds, 4 steals and one assist.

Kenneth Standmire nearly matched Mason's accuracy with 4 of 5 field goal attempts and turned in 2 rebounds and one steal.

Mike Williams hit 50 percent from the field, bucketing 3 of 6 attempts and was high on rebounds with 6. He also committed two steals.

Mark Fluit hit 2 of 7 field shots and had 2 rebounds and one steal.

Larry Thompson had a cold shooting night, hitting only 2 of 10 field goals for four points. He made a substantial contribution to the win, however, with 2 rebounds, four steals and four assists.

This game should give some substance to the game of basketball being a non-contact sport as there were a grand total of only 18 fouls committed in the entire game—four by Olton and 14 by the Indians.

It will be interesting to see how the Bobcat game compares to this one in that category.

### South Plains cotton harvest virtually complete

The South Plains cotton harvest is now virtually complete, according to Paul R. Dickson, in charge of the Lubbock Cotton Classing Office of the U.S.D.A. However, ginning, sampling and classing continue because of the volume of cotton remaining in trailers and in ricks.

Samples from 2,203,000 bales had been classed at the Lubbock, Brownfield, Lamesa and Levelland offices through Friday, January 11th.

Personnel at the four offices tested and classed samples from 150,000 bales during the week ending the 11th.

Quality of cotton continued excellent and this crop continues to be one of the highest quality crops ever produced on the South Plains.

Grades 31 and 41 continued the predominant grades at Lubbock, making up 71 percent of all classed. Grade 31 made up 17 percent, Grade 41, 54 percent, Grade 32, 12 percent

### Water level checks begin

and Grade 42, 9 percent.

Staples continued predominantly 30 to 32. Sixty-three percent had staple lengths of 31 and shorter and the remaining thirty-seven percent stapled 32 and longer.

Micronaire readings also continued excellent. Seventy-eight per cent of all cotton tested at Lubbock had micronaire readings in the premium range of 3.5 to 4.9, 6 percent was in the high micronaire range of 5.0 to 5.2 and 2 percent was in the very high range of 5.3 and above.

The Agricultural Marketing Service of the U.S.D.A. reported slow trading on the Lubbock market the past week. Prices were \$5.00 to \$10.00 per bale lower. Demand continued strongest for cotton with staple lengths of 31 and longer but was strong for cotton with staple lengths of 29 and 30. Prices ranged from 3000 points over the Government Loan for short staple cotton up to 4600 points over the loan for long staple cotton. Typical lots were bringing an average of 40 cents per pound over the loan and were selling in the price range of 55 to 65 cents per pound.

Average prices paid for the most predominant qualities in the 3.5 to 4.9 premium micronaire range were: Grade 31, Staple 30 - 53.65 cents per pound, Grade 31, Staple 31 - 60.40 Grade 31, Staple 32 - 64.40, Grade 41, Staple 30 - 52.70, Grade 41, Staple 31 - 59.25 and Grade 41, Staple 32 - 62.95.

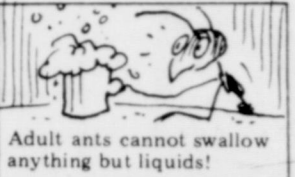

Cottonseed prices were steady and farmers received \$95 to \$110 per ton.

Personnel of the High Plains Underground Water Conservation District No. 1, assisted by several Texas Water Development Board (TWDB) staff members, have begun the annual measurement of depths to water in the more than 800 observation wells in the 15 counties comprising the district.

The coordinated and systematic measurement of the depths to water in the observation wells constitutes the only method of determining changes in the volume of water stored in the Ogallala aquifer beneath the land surface. The water level records obtained through the observation wells located in Cochran County constitute the foundation for the District's cost-in-water depletion, income-tax-allowance, program.

An observation well is a well that has been selected for inclusion in the annual water-level measuring program. All wells are privately-owned — the District does not own any wells — and are measured with the permission of the well owners.

District personnel will be measuring wells in Armstrong, Lamb, Hale, Floyd, Lubbock, Crosby, Lynn and Hockley Counties. Wells located in Cochran, Bailey, Farmer, Deaf Smith, Castro, Randall and Potter Counties will be measured by the TWDB crew.

JAMAICA'S GNP The Caribbean island-nation of Jamaica had a gross national product of more than \$1.3 billion last year, an increase of almost 10 per cent over 1971, according to the Jamaica Industrial Development Corp.

### GRANT FROM PAGE ONE

Morton to a short distance northeast of Whiteface where it will connect with the cross-country line maintained by El Paso Natural Gas Company, which furnishes a large portion of the city's gas needs.

It was determined that a new line was needed some months ago when the city employed B.G. Arrent, of a Lubbock engineering firm, to make leak tests on the old line. Tests indicated major leakage and the need for a new pipeline.

Arrent is presently preparing bills and specifications for the pipeline project and work is expected to get underway in the near future.

The Strickland Park project is rather extensive and includes extensive landscaping, planting of trees and shrubs, the placement of a large amount of playground equipment, the installation of four transient trailer parking pads, installation of drinking fountains and sanitary facilities and others. Work on this project is also expected to get underway soon.

Oden stated that the city had received outstanding cooperation and aid in obtaining the grant from L.W. (Bear) Curfman, EDA Regional Director in Lubbock without whose help the project could have taken considerably longer or to have failed altogether.

TOOTHY FISH Not only does the shark have several rows of teeth in its mouth which move forward to replace older teeth as they wear out or fall out, but its entire skin is also covered with smaller toothlike structures covered with hard dentine.

### FOR PEOPLE WHO THINK

From the Christians who assemble at Taylor and S.W. 2nd Sts.—Greetings:—

It is very obvious—in fact self-evident—that one cannot deny that "for the remission of sins" states, in fact, "unto"—"in order to" the remission of sins in Acts 2:38—as we learned in the last article—without also denying that the blood of Christ was shed "for"—"in order to"—the remission of sins in Matthew 26:28. The word of God is the only reliable "interpreter" of the word of God—the Bible. Our "feelings" often deceive us. They are NOT dependable in establishing FACTS. When we have undeniable facts, and we accept them completely, then our feelings agree with TRUTH. Who would want it otherwise?

All thinking people who believe in God trust completely in what God has said. Hence, when they are aware that God has said that HE would "cut-away"—"give remission of sins"—that we can "walk in newness of life"—when we have gone where HE has told us to go, that is, into the death of Christ and raised with him in baptism—they KNOW that nothing can be depended upon other than what God has said, and, therefore, they gladly are baptized. Their "feeling" of being saved from the sins of the past is based upon FACT—the eternally unfailing word of God.

Those who really do not trust God's word upon the matter, therefore, are not true believers in God. These are those who demand something other than God's guarantee, and seek some physical manifestation (some "experience") as proof that God has saved them. Should they read and believe that God's word "shall never pass away" though heaven and earth shall pass away—read Matthew 24:35 and 1 Peter 1:22-25—they could overcome their unbelief and lack of trust in God and know that when they obey God that God does exactly what He has promised—it is an accomplished fact—the TRUTH. Their hearts then will be completely assured and their life will be lived with no doubts.

Remember your welcome to the assemblies at Taylor and S.W. 2nd. Sts. C.R. MANSFIELD, Evangelist CHURCH OF CHRIST.

### LOSE UGLY FAT OR PAY NOTHING

Start losing weight today OR MONEY BACK. MONADEX is a tiny tablet that will help curb your desire for excess food. Eat less-weight less. Contains no dangerous drugs and will not make you nervous. No strenuous exercise. Change your life... start today. MONADEX costs \$3.00 for a 20 day supply and \$5.00 for twice the amount.
