Polvado steer tops in show

Whitehead, Richardson take honors

A heavy Angus steer shown by Steve Polvado, of the Cochran County 4-H Club, was named Grand Champion as the annual Junior Livestock Show wound up at the county show barns here Tuesday night.

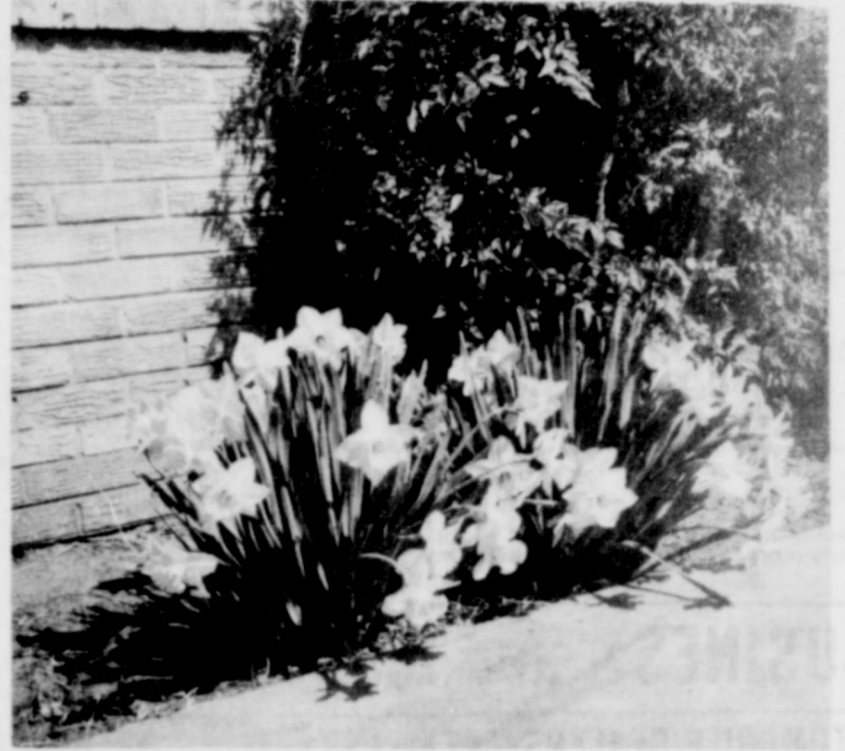

Other Grand Champion winners were Joann Whitehead, of Morton FFA, whose cross bred barrow took the honors in the swine division and Ronnie Richardson, of Three Way FFA, whose medium wool lamb took top honors in the sheep division.

Steve's calf brought a total price in the sale of \$1,668.80 at the rate of \$1.40 per pound for his sale weight of 1,192 lbs. He was purchased by Sanders Fertilizer and Chemical Company of Morton.

Steve is the son of Mr. and Mrs. Bob Polvado of Morton.

Miss Whitehead's barrow brought a price of \$2.00 per pound for a total of \$454.00 for its 277 lbs. Joann is the daughter of Mr. and Mrs. James Whitehead of Morton. Her barrow was purchased by C.C. Slaughter Farms of

NOTSO MUCH AS A HOST, but still they're "golden daffodils." This photo was taken on the last day of February, and serves as a good indicator of the warm, dry weather enjoyed in Morton all winter long. If daffodils are here, can spring be far behind...It can only be hoped that the trees and shrubs don't leaf out early, only to be snuffed out by a late cold snap as they were last year.

Tribesmen named on 3-AA, All-SP lists

The Morton Indians placed four players on the 3-AA All-District basketball squad, announced last week by MHS

head basketball coach Ted Whillock.

Larry Thompson led the Morton contingent in votes on the squad, which did not designate a first or second team. The votes were cast by the coaches in the district, with each coach prohibited from voting for players on his own team.

There were only two juniors on the ten-man roster, with both of them coming from the Friona Chieftain squad as could be expected by all who watched their performance during the playing season. They are Dale Cleveland and Gene Strickland, outstanding performers for the Chieftains all year.

The squad, by name, school, class and height are as follows:

- Dale Cleveland, 6'4", Junior, Friona.
- Paul Lankford, 5'11", Senior, Dimmitt.
- Dale Parsons, 6'0, Senior, Friona.
- Bill Gregory, 6'4", Senior, See TRIBESMEN Page 7

Area students on Dean's list

Twenty-three students from the Morton area have been named to the Dean's Honor Roll at South Plains College for the fall of 1973.

The announcement was recently made by Nathan Tubb, academic dean at SPC.

A total of 232 students at South Plains made the honor roll last semester, with 54 students earning a grade point of 4.00 or all A's, Dean Tubb noted.

In order to be listed on the honor roll, students must earn a grade point average of 3.25 and carry an academic load of 12 or more hours, he added.

Morton students on the college honor roll are Elliott Benefield, Christy Cade, Raimundo Elizondo, Kirby Gresham, Rebecca Harris, Pamela Linder, Betty Parkman, David Rice and Dorothy Tucker.

Other area students are Betty Eubanks and Larry Neutzler, both of Maple; Martha Frazier, Danny Wall See STUDENTS Page 7

GRAND CHAMPION OF SHOW. Steve Polvado's heavy Angus steer took all the honors in the annual Cochran County Junior Livestock Show held in Morton March 4-5. The magnificent animal, whose sale weight was 1,192 lbs., sold for \$1.40 per pound for a total price of \$1,668.80. Other grand champion winners were Joann Whitehead in the swine division and Ronnie Richardson in the lamb division. A complete rundown of the show will be published in next week's Tribune

Fuel allocation explained

Clarification of procedures for farmers and ranchers to use in filing forms for fuel allocations were issued by Robert M. Fowler of Dallas, Regional Administrator for

the Southwest Region of the Federal Energy Office (FEO).

"First of all I want to emphasize that the farmer should make every effort to solve his problem through his individual supplier," Fowler

said. "The farmer or rancher is entitled to 100 percent of his current requirements, and his supplier should see to it that his fuel is delivered," Fowler continued.

"But I also want to emphasize this does not exempt the farmer or rancher from using conservation measures like everyone

Joe Bob Wynn donates book to county library

David F. Cook, a Cheyenne Wyo. author, has donated his book, "Uncle Dave's Bedtime Yarns," to the Daughters of the Nile to help raise funds for the support of Shrine Hospitals for Crippled Children.

Area residents will have an opportunity to read the book as a copy was presented to the Cochran County Library this week by Joe Bob Wynn.

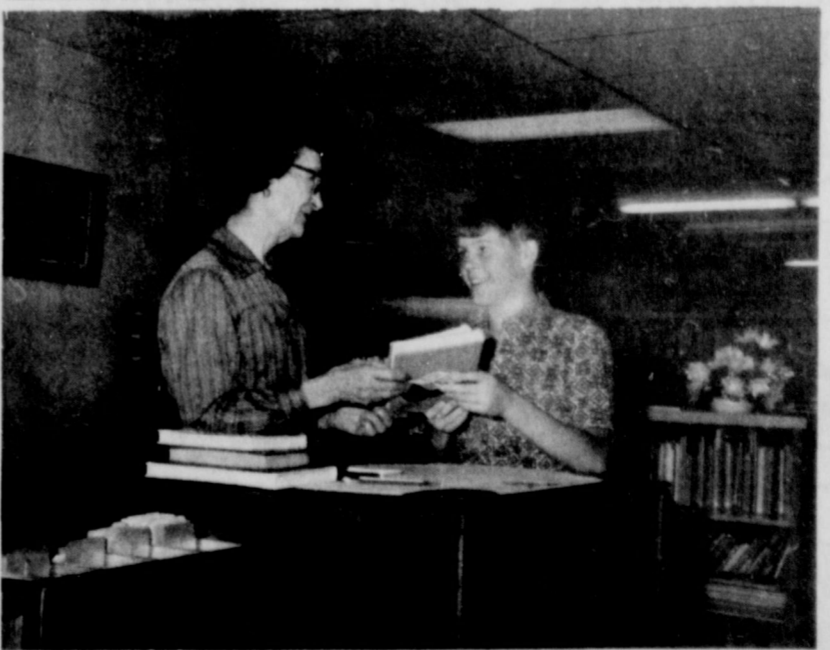

A book of children's stories was printed by Monitor Publications of Denver and was given to Joe Bob when he visited with his aunt and uncle, Mr. and Mrs. Kenneth Wynn, in Cheyenne, Wyo. Cook is Mrs. Wynn's uncle who raised she and her sister.

The book was developed during the years of the "growing up" period of the two motherless nieces. It was his purpose, in writing these yarns, to compile a variety of stories interesting to children of all ages, and with an enlightened moral lesson eliminating the demoralizing blood and thunder so universally fed into the minds of children today.

Cook has a life long record

of interest in children and youth groups. He was the

Speed crackdown slated by DPS

Colonel Wilson E. Spier, director of the Texas Department of Public Safety, said today he is disturbed by many complaints by Texas motorists about drivers refusing to obey the 55-mile-per-hour speed limit, and has directed DPS troopers to intensify their enforcement efforts.

"When the new law went into effect January 20 of this year," he said, "our surveys indicated a high degree of voluntary compliance on the part of Texas drivers.

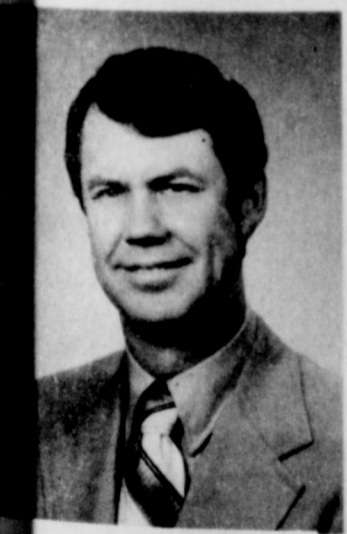

"But since that time, we have noticed that motorists, at least many of them, have been gradually 'inching' up their speeds on Texas highways. Consequently, our troopers have been increasing

Bennett named bank director

Daryl Bennett, vice-president and cashier, has been elected to the board of directors of the First State Bank in Morton, bank president Gene Benham announced here last week. Bennett has been with the bank for the past nine years, and came here from a town where he was associated with Texaco, Inc. He was born in Loraine and his parents are Mr. and Mrs. Bennett. His father is a farmer who has lived on the same farm for 62 years. He attended schools in Texas, graduated from Texas Tech University in 1954

The Morton Lunchroom

by Dorothy Rose

The big operations within the Morton lunchroom, which is the school lunchroom, is a program that has grown throughout the nation. To give an idea as to the scope of our lunchroom, I will tell you first that over 500 students each eat between 2500 and 3000 meals each week.

It is fortunate in having an excellent staff. Mrs. Opal Massey, who has served in that capacity for 15 years, is one of the best. Others working in the lunchroom are Sue Stevens and Anna Bessie who have been there for 14 years, Bessie Cartright for 12 years, Mrs. Auld works and serves as a substitute. The lunchroom is responsible for some of the best meals, one of the bread, another of the meat, vegetable or dessert. They purchase the best quality and they are well trained in operating the lunchroom.

continuing to increase each month. Our prices are 50c for children through Elementary School and 60c for all other students and faculty members.

Mrs. Massey is in charge of planning the menus, which must meet the standards set by the USDA. If it were not for the fact that we receive commodities from the lunchroom program, it would be impossible to serve lunches anywhere within the price range that we charge. Each month we do get various items of canned fruits and vegetables and occasionally some chickens, turkeys, and beef. With these items and what we buy, we do serve a Type A lunch each day.

It is the concern of the lunchroom workers that we not only serve meals that meet the Type A requirements but that they be enjoyed by most of the students, and we think this is true.

Several of the classes have studied food and nutrition and the story of wheat. The ladies are most helpful in explaining how bread is made and how each has a job to do in the preparation of the meals.

Mrs. Bula Newton rites Wednesday

Services for Mrs. Bula Newton, 81, were held Wednesday in the First Baptist Church. The Rev. Paul McClung, pastor, officiated.

Burial was in Morton Memorial Cemetery under direction of Singleton Funeral Home.

Couple exchange vows in Lubbock ceremony

Miss Mayme Cheryl McDaniel and James Anthony Steinle exchanged wedding vows in a double ring ceremony Saturday, March 2, at 7 p.m. in the chapel of the First Baptist Church in Lubbock. The Rev. Harold Drennan officiated.

Parents of the couple are Mr. and Mrs. Glen McDaniel and Mr. and Mrs. Alvin Steinle of Canadian.

The wedding party stood before an archway of candelabras flanked with pink and white gladiolus and greenery.

Given in marriage by her father, the bride wore a floor length empire style gown of white peau de soie fashioned with a high neckline of lace and long lantern sleeves with cuffs of lace. The bodice was of chiffon and chantilly lace and featured an A-line skirt. Her shoulder length white nylon tulle veil fell from a headpiece of ribbon and seed pearls and she carried a bouquet of white organly rosebuds.

Mrs. Mike Nichols registered the guests.

A wedding reception was held in the Chapel Hall following the ceremony. Serving at the table were Mrs. Don Bard of Lubbock and Miss Patty McGill of El Paso.

The couple will make their home in Lubbock.

Miss Diane Steinle, sister of the groom, was bridesmaid. They wore formal gowns of pink floral chiffon with high necklines, empire bodice and A-line skirts. They carried pink floral chiffon nosegays.

Serving as best man was Ben Virgin of Lubbock. Groomsman, brother of the groom, was Kenney Steinle of Lubbock. Randy Moore of Lubbock served as usher.

Wedding music was provided by Miss Karen Rozell of Lubbock. Miss Carolyn Hribek of Floydada played the guitar and sang "Wedding Song."

Mrs. Mike Nichols registered the guests.

A wedding reception was held in the Chapel Hall following the ceremony. Serving at the table were Mrs. Don Bard of Lubbock and Miss Patty McGill of El Paso.

The couple will make their home in Lubbock.

Shamrocks growing to fight dystrophy

There's a new meaning springing up around the traditional 'wearing O' the green' on St. Patrick's Day and it will soon be spreading through Morton like shamrocks across an Irish meadow.

Morton High School FHA Chapter is chairman of the Morton 'Shamrocks for Dystrophy' drive and announced today that volunteers aiding the Muscular Dystrophy Association of America will soon be offering the public green 'Shamrocks for Dystrophy' stickers in return for contributions to the fight against dystrophy and related crippling diseases. The drive will be conducted here and nationwide throughout March. Each Shamrock fastened to a car or a garment represents a contribution to aid MDA's vital research and patient service programs.

"The idea," Gay Waters, FHA Chairman, said, "is to turn this St. Patrick's Day into a symbol of hope and help for hundreds of thousands of tragically afflicted children and adults."

Mr. and Mrs. Lamar Pollard and son Wade from Levelland, visited her parents, the Rayford Mastens, Sunday.

Collections will be made by blocks Wednesday afternoon, March 13 by all FHA girls walking for Dystrophy.

Caprock District TFWC 14th annual convention

Caprock District, TFWC, will hold its Fourteenth Annual Convention March 29 and 30, at the Koko Inn, in Lubbock. The Convention Theme, "American Youth," Promotes the District Theme, "Sustaining American Youth—through Love and Understanding."

Mrs. O.C. Rampley, Caprock District President from Silverton, has announced that Friday's Pre-Convention Activities will include an 11 a.m. Executive

Committee meeting and luncheon, followed by a Caprock District Board meeting at 1 p.m.

The Convention will be formally opened at 1:30 p.m. The Cadette Girl Scout Troop from Mackenzie Junior High, Lubbock, will present the colors; and the National Anthem will be led by Mrs. Eddie Teeter, of Lockney, accompanied by Mrs. Marvin Montague, of Silverton. Mrs. E.H. Boedeker, Third Vice President from

Lubbock, will make introductions. District Officers, Department Chairmen, Standing Committee Chairmen, Projects Chairmen, and Club Presidents from a 19-county area will give reports throughout the Friday afternoon and Saturday morning sessions. A report of special interest will be given by Mrs. Bill W. Davis, Project Chairman from Lubbock. She will tell of the work being done by Caprock District

Clubs to promote the Girltown, USA, project.

An Awards Banquet will begin at 7 p.m. Presidents of each of Caprock District's 73 clubs will be formally presented to the audience by Mrs. Harold Green, District First Vice President from Tahoka, and Mrs. Jack Akin, District Second Vice President from Denver City.

The Banquet speaker will be Dr. C.L. Kay, of Lubbock Christian College. His address will be entitled, "What's Right With American Youth." Guests are encouraged to attend this banquet. Mrs. Inez Ferrell, Lubbock, will provide dinner music.

Mrs. Louis Fry, Director of Junior Clubs from Lockney, will preside over the Breakfast for Junior Clubwomen on Saturday morning and also the Junior Conference that will follow.

A buffet luncheon for all club women will be held at 12:30 p.m. Mrs. W.C. Harrison, Jr., Denver City, and Mrs. Joe Beckham, Tahoka, will present a Fashions For Fun style show and a Spadea Contest Style Show.

A tea honoring out-going and in-coming Caprock District Officers will follow the luncheon session.

Pre-registration will be necessary in order to attend the Banquet and the Luncheon Sessions.

Cake decorating demonstration given for club

Mrs. Bobby Travis demonstrated the art of cake decorating at the February 28 meeting of the Emilee Smith Jr. Study Club. Members met in the Morton Insurance Agency Building at 7:45 p.m.

In demonstrating cake decorating, Mrs. Travis mixed colors in icing and decorated a sheet cake. Each member then decorated a cup cake demonstrating what they had learned.

Mrs. Bob Lawdermilk gave a description of the great seal of the United States used on the back of the \$1 bill. The origin and meaning of each symbol was explained and members were urged to pass on the information to another person.

Attending were: Meses. Ray O'Brien, Keith Price, J.W. Tyson, Kim Hanlin, Tom Rush, Jimmy Roddy, Lawdermilk, Dwain Hester, Mary Ann Asbill, Ray Luper and Jimmy St. Clair.

PUPILS IN GRADE ID and their teacher, Mrs. Sanders, watch Opal Massey, school lunchroom manager, measures flour rolls which will be eaten by the over 500 students who are fed each day. Touring the lunchroom is to acquaint students with the duties that are performed there each day. This is a part of Career-Education Department training.

SANCAP

MAKES TO SAND LIKE DUCK TO WATER

It's no longer a fact that your sandy soil won't take a herbicide. Sancap is a herbicide that works in the lightest soils in this county. And it kills what you need to have killed in your cotton—carelessweed and Russian thistle.

How is it on the crop? Easy. Where it's used on sandy soils, at the recommended rates, cotton is tolerant to Sancap.

We'd like you to try it. Sancap can make your cotton growing a lot easier, and more profitable. See us soon.

SANCAP. BECAUSE YOU HAVE ENOUGH SOIL PROBLEMS ALREADY.

If the soil in West Texas was the same as the soil everywhere else maybe the herbicides they use would be good enough for you. But you've got different soil. Sandy soil. And different problems. You need an herbicide specifically made for sand, loamy sands and fine sandy loam soils. You need Sancap®.

If you used it when we introduced it last season, you know what it can do. **STOP CARELESSWEED AND RUSSIAN THISTLE COLD.** Without hurting your cotton. With just ordinary rainfall or irrigation. And all you have to do is broadcast Sancap over your field at planting or within two days after. No incorporation, either. Sancap. The only herbicide made for sandy soil. We made it especially for your soil and problems. And not anybody else's. Agricultural Division, CIBA-GEIGY Corporation, P. O. Box 11422, Greensboro, NC 27409. **CIBA-GEIGY**

Traver services slated Friday

Services for Roy Thomas Traver, Jr. will be held Friday at 2 p.m. in the First Baptist Church. The Rev. Pat Cummings, pastor of the First Baptist Church in Brownfield, and Steve Bracken, minister of the Seagoville Church of Christ, will officiate.

Interment will be in Morton Memorial Cemetery under the direction of Singleton Funeral Home.

Traver, a native of Cochran County, was found dead in his Dallas apartment Tuesday morning. His death was due to

natural causes according to a medical examiner.

He was born February 26, 1920 and was educated in the Morton schools. He was employed as a distributor by J.P. Awalt Furniture Co. of Dallas.

Survivors include his wife, Shirley of Tyler; three sons, David of Arlington, Virginia, Mark and Perry, both of the home; two daughters, Sherree and Shelley, both of the home; his parents, Mr. and Mrs. Roy Traver Sr. of Morton; and a sister, Mrs. Dorothy Barker of Morton.

FOR PEOPLE WHO THINK

From the Christians who assemble at Taylor and SW 2nd. Sts. — Greetings:

In the February 21st. issue of this paper this writer stated that in the New Testament there is no record of any saved person "looking around" to learn what "church" or other religious body the saved were to join. They were "added" to those already saved from past sins (referred to as the "church" which word is used to translate the original word — EKKLESIA — which means "a called-out assembly"). They were "added" by the Lord — Acts 2:47.

In assembling a product the manufacturer takes parts prepared and designed to fit together so that the finished product will perform whatever it is made for; it is an assembly. This is like the EKKLESIA. Who-so-ever hears the gospel of Christ and truly believes and obeys it becomes one who "fits" into the "assembly" and is "added" to the "assembly" — the "church" of Christ. Jesus promised to build his "assembly" — his "church" upon the fact that HE was (and is — CRM) the Christ, the Son of the living God — read Matt. 16:15-17. The apostles were guided into all truth (fact) by the Holy Spirit (mind) of God — read John 14:26; 16:13, and Paul, writing to the Christian in Ephesus said that they were built "...upon the foundation of the apostles and prophets, Jesus Christ himself being the chief corner stone;..." — read Eph. 2:19-22. Peter said Christians were "...as lively stones, are built up a spiritual house,..." etc. Be sure to read 1 Peter 2:1-10. Paul also said "For other foundation can no man lay than that is laid, which is Jesus Christ." This eliminates any other man, or set of men, upon whom the "church" is built. More than this — this "church", this "called-out assembly" belongs to Christ — He purchased the whole of it with His own blood — Acts 20:28 — read also Eph. 1:20-23; Col. 1:18.

Let me ask THINKING PEOPLE this: — What else can there be that God will approve? Did Christ build, or authorized to be built, ANY OTHER? Since ALL the saved are added by the Lord to this "church" — how could any have looked around to choose something to "join"?

C.R. MANSFIELD, Evangelist

Morton's McClung named MHS Family Leader

David D. McClung has been named Morton high school's 1974 Betty Crocker Family Leader of Tomorrow.

McClung won the honor by scoring high in a written knowledge and attitude examination administered to high school seniors here and throughout the country Dec. 4. He will receive a specially designed award from General Mills, sponsor of the annual Betty Crocker Search for Leadership in Family Living and also remains eligible for state and national honors.

From the ranks of all school winners in the state, a State Family Leader of Tomorrow is selected through judging centered on test performance and receives a \$1,500 college scholarship. The second-ranking student in the state will receive a \$500 scholarship. Encyclopaedia Britannica Educational Corporation will present "The Annals of America", a 20-volume reference work, to the state winner's school.

Representing every state and the District of Columbia,

the 51 Betty Crocker Family Leaders of Tomorrow together with a faculty advisor, will gather in Washington, D.C., in April, for an expense-paid educational tour of the capital city and Minneapolis, Minn. During the tour, personal observations and interviews are added to state level judging which results in the selection of the All-American Family Leader of Tomorrow, who receives a \$5,000 college scholarship.

Second, third and fourth place national winners receive scholarships increased to \$4,000, \$3,000 and \$2,000 respectively.

The test, personal observations and interviews are all prepared and conducted by Science Research Associates of Chicago.

This year 703,074 students from 14,463 schools were enrolled in the program. Approximately nine million students have taken part in the program since its inception in the 1954-55 school year and with this year's grants, total scholarship awards will exceed \$2 million.

Cotten and his machine make big contribution

This is the story of a man and his machine. The man is B.G. (Billy Gene) Cotten. The machine is an alfalfa cuber.

During the past few years the man and his machine have made an important contribution to the history of livestock feeding in and around Hereford, Texas.

Feeding a family today, everyone admits, is a big problem. But Billy Gene Cotten has a bigger one—feeding approximately 50,000 head of cattle, none of which are his own.

B.G. Cotten's alfalfa cubing business is one of the largest and most successful of its kind in the Texas Panhandle. But that's only part of the story—the balance deals with Cotten's contribution to others—the feedlot operators near Hereford and the alfalfa growers in the surrounding area.

It's just a little over four years since Cotten was the owner-manager of a fishing resort in Oklahoma. A visiting Cousin from Lovington, New Mexico told him of his successful business venture: growing and shipping alfalfa cubes several hundred miles to Hereford, an area where Cotten had previously farmed and where, during recent years, feedlots have grown with jet-like speed.

Cotten figured, and quite correctly, that transportation savings of up to eleven dollars per ton could be effected by growing and cubing alfalfa in the Hereford area—practically next door to the feedlots. That decision put Billy Gene Cotten in the alfalfa cubing business.

You get some idea of Cotten's overnight success from the following: he is currently operating four cubers representing an investment of \$150,000; his annual sales approximate \$750,000; his customers insist on paying him every two weeks (he's never had a delinquent account); a typical order is a season's contract for 10,000 tons; he's negotiating for the purchase of four additional cubers.

Cotten's future seems assured by company policy: "We like to feel that we're in partnership with both the feedlot owners and the growers. Our landed cost at the feedlots is actually from five to ten dollars less per ton than for imported cubes."

Cotten splits this differential between the feedlot owners and the alfalfa growers, the former buying Cotten's cubes at several dollars less than the imports and the farmers receiving more for their alfalfa than growers elsewhere.

Word that leased or other temporarily transferred cotton allotments would not be eligible for disaster payments in 1974 reached area offices of USDA's Agricultural Stabilization and Conservation Service (ASCS) February 5 and sparked an immediate protest from Ray Joe Riley, President of Lubbock-based Plains Cotton Growers, Inc.

Riley told Congressman Bob Poage of Waco, Chairman of the House Agriculture Committee, "This arbitrary change in the rules is being taken after some growers have made irreversible financial commitments and if allowed to stand is going to create serious and unnecessary inequities as well as reduce chances for adequate cotton production in 1974." Similar statements have been made by PCG to the office of Congressman George Mahon of Lubbock.

Under the Agricultural Act of 1973, provision is made for farmers who are unable to plant or who lose their crop after planting to receive one-third of the "target price" on an amount of cotton equal to their established 1974 payment yield times their acreage allotment. In 1974 the disaster payment would be one-third of 38 cents or 12.66 cents per pound. Also, if because of conditions beyond the farmer's control his total production falls below two-thirds of "expected yield" he would be entitled to a payment of 12.66 cents times the difference between total production and expected production. Expected production is defined as payment yield times acreage allotment.

Some producers, expecting to avail themselves of this insurance feature on more than their base allotments, have either leased or plan to lease acreage from farmers not wishing to plant, Riley explains. "But if this most recent ruling is not changed," he continues, "leased acreage for which we have paid good money will be worthless."

The communication from Washington to the State ASCS office at College Station, in part, says "coverage will be extended only to the historical allotment on each farm. In the case of cotton this would be the basic allotment and would not include acreage leased or re-apportioned."

As now interpreted, this would mean that acreage transferred to a farm on a permanent, purchase basis, would be eligible for disaster payments, but temporary transfers of acreage by lease would not.

It is reported that the decision to exclude temporary allotment transfers from disaster coverage was made to preclude the making of payments on acreage leased or re-apportioned to farms where it is known in advance that planting will be prevented by flooding or other natural disaster.

"But be that as it may," Riley says, "it is no justification for penalizing Plains farmers who wish to obtain the meager protection against disaster that was intended by Congress when the law was written." PCG has also pointed out to Congressmen Poage and Mahon that with 1974's greatly increased production costs, some farmers will not be able or willing to plant cotton above their basic allotments without some kind of protection and that the breakdown of acreage leasing will therefore have an adverse effect on total plantings at a time when the government is calling for all-out production.

"It is obvious that under present market conditions the only advantage to be gained for leasing cotton acreage in 1974 would come from the disaster protection in the law," Riley said, "and to make leased acreage ineligible for that protection would completely stop leasing and cause downward adjustments in farmers' planting intentions."

Boy Scout fund drive to open

The goal for the Annual Boy Scouts Sustaining Membership Enrollment is \$95,000 according to Jack Baker, President of the 20 county South Plains Council.

W. Robert McKinsey, Vice-President and General Manager of KCBT-TV, Lubbock is the chairman for this year's drive.

District Chairmen include John Kendrick, Brownfield, David Wilder, Plainview, Frank Watts, Levelland, Ransom Galloway, Spur.

Dr. Robert Arnold, Harold Harriger and John Herzer all of Lubbock.

Kick off breakfasts are set in 40 communities for March 9th. Mr. McKinsey and other Key Scouters will tell the "Scouting in the South Plains" story via television at 7:00 a.m. The 30 minute show will include Scouting action and how Scouting is financed.

The total need to serve over 13,500 boys and leaders for a full year is \$212,916.00. Of this amount, \$11,000 will be provided by 14 United Funds and Community Chests that support the Boy Scout Council.

McKinsey pointed out that while it takes just under \$25.00 to support a boy a full year in Scouting—it costs over \$10,000 to support a boy a year in a correctional institute.

Other Council leaders in the 1974 Sustaining Membership Drive include W.B. Rushing, Lubbock, and Kinder Farris of Floydada who serve as Area Chairman. Dr. James Granberry, Lubbock, is the Counts Finance Chairman for this year.

Community Chairman for Morton is James K. Walker.

The experimental predator control program for 44 Texas counties is now in operation. County agents are responsible for setting up training schools in approved counties.

To be eligible to participate in the program, your county must be approved; then you must attend a training school relating to use of the M-44 sodium cyanide spring ejection device.

Counties in Texas eligible for the program are Cottle, King, Dickens, Borden, Scurry, Mitchell, Taylor, Callahan, Midland, Glasscock, Sterling, Coleman, Crane, Upton, Jeff Davis, Pecos, Presidio, Kinney, Uvalde, Medina, Bexar, McCulloch, San Saba, Mills, Stephens, Erath, Brown, Comanche, Hamilton, Bosque, Coryell, Lampasas, Bell, McLennan, Burnet, Williamson, Hood, Milam, Jim Wells, Nueces, Kleberg, Kenedy, Brooks, and Willacy.

The Texas Department of Agriculture is responsible for the program on a state level. Other agencies cooperating include the Texas Agriculture Experiment Station, and The Texas Rodent and Predator Control Service as well as the Extension Service. The project is in cooperation with the Environmental Protection Agency.

Producers who participate in the experiment must keep records of all results with the M-44. Violation of the regulations can result in the loss of eligibility for a county. The program will continue through June, 1975.

Further details may be obtained from the Texas Department of Agriculture or your county agent.

CATTLE feeding in Texas has shown a resumption of increasing numbers, the Texas Crop and Livestock Reporting Service notes. In Texas, there were 2,340,000 cattle and calves on feed for

slaughter markets as of February 1. This is six per cent above a year ago and six per cent above the number on feed a month ago.

Placements into Texas feedlots during January totaled 467,000 head which is a gain of 44 per cent above January of 1973 and 69 per cent more than the previous month.

However, marketings of fat cattle during January totaled 332,000 head, which is six per cent below a year ago.

Nationwide, the number of cattle on feed in the seven major cattle feeding states—Texas, Arizona, California, Colorado, Iowa, Nebraska and Kansas—totalled 9,632,000 head. This is a three per cent increase from a month ago but four per cent less than those on feed a year ago at this time.

SALES for all kinds of livestock at Texas auctions compared to a year ago and a month ago are higher. Cattle and calves marketed through auctions during January were 54 per cent above a year ago and 17 per cent above a month ago.

Sheep sales were 37 per cent above a
