

Clawson, Sowder tops at Bula High School

EDWARD CLAWSON
Valedictorian

Both top students in Bula High School graduating class are boys this year, with Edward Clawson honored as class Valedictorian with a class average of 92.95 and Jerry Sowder named as Salutatorian with a class average of 91.7.

Edward is the son of Mr. and Mrs. Ivan Clawson. During his high school years he has been active in a variety of athletics, including football, basketball and tennis. He has also been invited in Student Council and

F.F.A. serving as an officer in each of these organizations. He was awarded the Lone Star Farmer Degree at the State F.F.A. Convention last July.

Ed served as class secretary-treasurer all four years of high school, and in past years has been voted, Class Favorite and "Most Studious" of his class. The student body selected him as "Friendliest" and "Most Likely to Succeed" the past two years. In addition, he was

chosen "Most Dependable" and "F.H.A. Bud" this year.

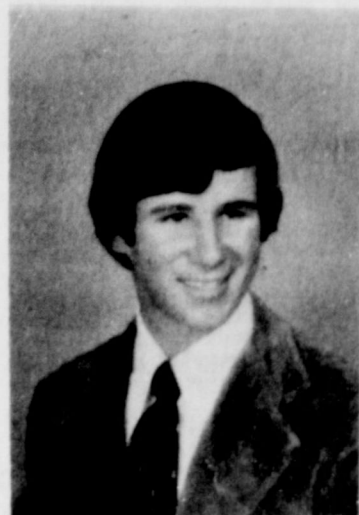

Ed plans to enter Southwest Texas State University in San Marcos this fall.

Jerry Sowder is the son of Mr. and Mrs. Bill Sowder. Jerry Lynn was president of his class, the Student Council and an officer in the F.F.A. He was voted "Mr. Bula High School" by the student body and selected for "Citizenship" by the teachers. Also two of the four high school years he was

selected "Most Studious" and also "Fighting Bulldog". This year he was chosen "Best All Around" and F.H.A. Beau."

Jerry has been very active in sports including football, basketball and golf. He received all district honors in football and basketball for two years.

Jerry is planning to attend South Plains Junior College, taking a two year study in Agriculture Technology.

FIFTEEN CENTS

Election produces one runoff

42% of voters went to polls

A light turnout of 980 voters, or approximately 42 percent of the 2,330 registered balloters, trekked to the polls Saturday for the first Democratic Primary in Cochran county.

In what could be termed a very routine election, almost totally unmarked by even mildly exciting races, the voters mandated only one runoff in the county. That one is a contest between Jimmy Millar and W.R. Key who polled the most votes, but lacked a simple majority, for commissioner of Precinct Four.

Millar was the biggest vote getter with 90, followed by Key

THE TENNIS DOUBLES TEAM of Ralph Mason, left, and David Barrera, right, took their school further in tennis competition than ever before in history as they advanced to the state championship match in Austin Saturday. They were defeated in the championship match by a strong Hughes Springs team that was runner-up state champions last year. This was the first time Morton High School has advanced past regional in tennis. Center is coach Bill Johnson, who hates to lose his doubles team to graduation, but expresses strong optimism for MHS chances next year.

MOOR WEBB, professor of Enology at University of California at Davis, and handling plant, inspects one of the grape vines planted on an eight acre farm of George Martin of Morton. Professor Webb made the trip from Davis to confer with Texas Tech officials and interested farmers and businessmen of the area concerning the feasibility of commercial

grape production in West Texas. He made a tour of Cochran County and gave a critique on what he had observed to interested persons following the trip. Close observers include Martin, on his right, C.M. McPherson, of Sagmor Vineyards, Lubbock and Don Bales, West Texas Sandy Land Grape Association president. Walking man not identified.

Little League blasts off

Morton's Little League got into full swing Monday night when the Colt 45's wiped out the Cards with a 7 to 3 score. Not to be too far out distanced, the Cards scored the first home run of the 1974 season with their pitcher, Bennie Jones, stepped up to bat.

In the second game that night, the Cubs lost to the Giants 13-2. Lonnie Bracken was the winning pitcher.

Tuesday night the Pirates took on the Sox and won the game 12 to 11. The game was a tie until the 7th inning when Kelly Kuehler was credited with a home run.

The Colt's 45 won their second game of the season over the Cubs Tuesday in a 15-6 game. Henry Dent added to the lead.

'Clean Up-Fix Up Week' proclaimed for Morton

It's that time again. Morton Mayor Marshall Leitzell has proclaimed the annual cleanup week starting Monday.

The City of Morton and the Morton Area Chamber of Commerce have joined together for the annual "Clean

Up-Fix Up Week," to begin Monday and run the entire week, May 13 through 18.

The Chamber began their phase of the clean up week by awarding \$5. prizes to four Morton students in a cleanup poster contest. Taking the prizes were the Kindergarten class, Belinda McBee, Karen Redman and Dale Williams. Mrs. Chris Bell was chairman for the committee. Posters are on display in stores throughout the city.

Tuesday night members of the Chamber Board met in the

Farmers seek to end cloud seeding plans

A group of area farmers filed a petition in 154th District Court recently to restrain cloud seeding operations by a Littlefield based weather modification firm.

Mentioned as principal defendant is Atmospherics, Inc., the private company which contracts with the Littlefield group. Better Weather, Inc., and Plains Weather Improvement Association, based in Plainview, are co-defendants.

Judge Pat Boone's court will serve the petition to the defendants and a hearing will be set to determine the disposition of the case.

The plaintiffs are mostly dryland farmers who operate

DONNA COLEMAN AND RALPH MASON were named girl and boy "Teen Age Citizen of the Year" in ceremonies at the county activities building auditorium Saturday night. Presentation to Ralph was made by County Judge Glenn Thompson, left, and Donna's award was presented by Chris Bell, right. Both Judge Thompson and Mrs. Bell highly lauded the

awardees, both of whom are seniors at Morton High School, and gave a brief resume of their lives and activities. Donna is the daughter of Mr. and Mrs. A.R. Coleman and Ralph is the son of Mr. and Mrs. Wendell Mason. A large crowd was on hand to witness the Radio Station KRAN sponsored ceremonies. The Country Playboys, of Lubbock provided musical entertainment.

Voters-Legislators

Reluctance of the constitutional convention to come to grips with the issue of initiative and referendum is curious. Most attempts at reforming government today are steps toward taking the power closer to the people. But the convention's legislative committee is splitting the methods designed to move in that direction.

Initiative allows citizens, upon petition, to propose laws; referendum allows rejection of statutes enacted by the Legislature with only tax and appropriation items excluded. Opponents say that initiative could put sloppy laws on the books since voters proposals are not tempered by committee and floor debate as are legislative statutes. But considering the Legislature's record in recent years, it is questionable if citizens could do a worse job of drafting laws.

Under proposals by delegate Arthur Temple of Diboll, signatures of 10 percent of the number of voters in the last governor's election would be required to initiate either action. This provision likely would limit use to major issues.

Many Texas cities have had initiative and referendum in their charters for years without ill effects. Dallas residents, for example, have used neither in the 40 years they have been included in the city charter.

This thought: If Texas voters ever tired to write their own laws and found how difficult the chore is, they might give the Legislature a pay raise.

But raise or no raise, they should have the right in the new constitution to be their hand at writing laws or rejecting them.

Caution should be taken in buying wholesale beef

Buying beef wholesale for storage in the home freezer can be a money-saving experience — if it's done wisely. Some guidelines are listed by Woodrow Bailey, livestock and meat specialist for the Texas Agricultural Extension Service. "First of all, locate a reliable firm. The Better Business Bureau or Retail Credit Association can furnish information. "Decide what cuts of beef your family likes and know how much you consume over a period of time. Beef will usually show some storage flavor after six months in a freezer. "For a family of six or more people that enjoys hamburgers, steaks and pot roasts, Bailey suggests buying a complete side of beef. "This will provide all the cuts you see displayed in a supermarket. "If broiled steaks are the family preference, a full loin may be the best purchase as it will yield only Sirloin, Porterhouse, T-bone and Club steaks. "For those favoring pot roasts, a fore quarter would be in order, advises the Texas A&M University System specialist. "The price would be much less than a hind quarter and the amount of

edible meat would be about the same." Bailey also advises buying beef according to grades by the U.S. Department of Agriculture. The "Choice" grade is best if steaks and roasts are to be broiled or dry roasted. Choice beef has been fed longer and has more marbling (fat scattered throughout the lean), but is more expensive. On the other hand, "Good" grade beef is suitable if steaks are pan fried and roasts are "pot roasted."

"If ungraded beef is bought, check the ribeye muscle for a liberal sprinkling of fat throughout the lean." Cattle that have been grain fed provide the best beef for your money, contends Bailey. He advises against purchasing a calf for your freezer out of a pasture. "When buying beef wholesale, be sure the meat is trimmed properly with only a minimum amount of fat. A Choice carcass should not have more than one-half inch of fat on the outside." The specialist also suggests that a wholesale cut or carcass be weighed in the buyer's presence. A carcass should yield about 75 per cent retail cuts, with the remaining 25 per cent going to fat and bones.

Warning given concerning SSI program thieves

The newly-begun SSI program has been marred recently by fast buck thieves taking advantage of elderly and unfortunate citizens. The clever robbers call on people eligible for SSI and offer to prepare the short SSI application and "pay the fee." The catch is that there is no fee for application or information on SSI or any other Federal, state or local aid program.

Since the beginning of Social Security there have been occasional instances of people charging for documenting SS applications or offering SS information for money. Such documentation and information is, of course, available from all Social Security offices free of charge.

SSI is a payment to blind, disabled (children or adults) or elderly people (65 or over) in need. Benefits are for those not working whose income is below \$160 a month (\$230 for couples) and for those working whose income is below \$365 a month (\$505 for couples). People on Social Security are eligible for SSI. SSI also qualifies people for Medicaid, regardless of age. Those who believe they are eligible should contact the Red Cross or Social Security office.

Morton adults receive GED recognition

Students of the Morton Adult Basic Education class were recognized in a service May 3 at Estacada High School in Lubbock. Special awards were given to H.E. Owen, Texas State President of Adult Education, Rep. Elmer Tarbox, R.B. McAlister and Bill Clayton, State Representatives, Senator "Doc" Blanchard and Pete Latham for their interest in legislation for Adult Education.

Rep. Clayton gave the address and Ed Irons, Supt. of Lubbock Public Schools, presented certificates to the following: GED Certificates, Carrie L. Dent, Sammie L. Dent, Patricia Holland, Sidney Key, Mary Martinez, Delia Solis and Patricia Trejo.

Achievement certificates, Alma Flores, Rachel Morales, Sidney Key, Mary Martinez and Delia Solis. Alma Flores was presented a perfect attendance award and Sidney Key and Delia Solis received a superior attendance award. Regular attendance citations went to Rachel Morales and Mary Martinez.

Mrs. Mayme King is the Adult Education teacher and Mrs. Lenave Freeland is director of the program.

Berlin's "In" for Outdoor Bargains

Walk peddlers of feminine finery teem in other cities but West Berlin's maestros of handcrafted jewelry are what different: they are strictly regulated so that they none operates without a license. The license states that the quality and workmanship of the wares offer must merit an "art object" rating, and no item sold that is not the personal creation of the vendor. Also, they do pay taxes; and this, coupled with "personally created" rule, minimizes unfair competition or griping by the regular merchants.

It's impossible to shop only at Berlin's street since no-one can resist the elegant boutiques that both sides of its famed Ku'damm boulevard, 175 ft. that combines the best of Fifth Avenue, Bond Street, the Rue de la Paix.

If beautifully worked silver or copper jewelry is what you seek, just watch Berlin's multi-national experts of the craft transform silver wire into attractive earrings or a hunk of copper into glamorous chokers before your eyes. And because prices are reasonable, what you save at the street vendors may help to pay for an evening out in any event definitely will be something to remember.

Levelland publisher receives high award

Levelland Sun News Publisher Lyndell Kenley accepted an award from the Fort Worth Chamber of Commerce on behalf of the paper Tuesday night in Plainview.

W.A. (Bill) King, Conservation Director, of the Fort Worth Chamber cited the Sun News for outstanding service to Texas Agriculture.

Seventeen awards were presented at the 1974 Texas Conservation Awards banquet. The program, sponsored by the Fort Worth Chamber, annually recognizes conservationists in seventeen categories.

The Levelland Sun News was selected as the outstanding daily newspaper in Region I, which encompasses 55 counties.

The Sun News was cited for assisting the Hockley County Soil and Water Conservation District with over 75 articles, many with pictures, provided by the Soil Conservation Service. For special feature articles, for providing reporter photographs on field days, tours, etc. recording of film actual construction of conservation practices, and on-the-spot interviews—usually given front page coverage.

The paper was lauded for its contribution toward the successful program of the Hockley County Soil and Water Conservation District.

The Awards banquet, hosted by the Hale County Soil and Water Conservation District, was attended by some 300 persons.

SANCAP

MAKES TO SAND LIKE
DUCK TO WATER

It's no longer a fact that your sandy soil won't take a herbicide. Sancap is a herbicide that works in the lightest soils in this county. And it kills what you need to have killed in your cotton—carelessweed and Russian thistle.

How is it on the crop? Easy. Where it's used on sandy soils, at the recommended rates, cotton is tolerant to Sancap.

We'd like you to try it. Sancap can make your cotton growing a lot easier, and more profitable. See us soon.

"Thou wilt show me the path of life, in the presence is fullness of joy..."
HERE IS THE PATH
PSALM 16:11

Thou shalt love the Lord thy God with all thy heart, and with all thy strength, and with all thy mind, and thy neighbor as thyself. Luke 10:27

The basis of God's first and greatest commandment, is love. God gave man the freedom to choose... and therefore will not force his love on anyone. God took the first step and is always ready to receive any who would come to Him.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this spreading in the love of God, no government or society or way of life will long persevere and the freedom which we hold in dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should spread and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

in the southern half of Bailey County, northern Cochran and Hockley counties and the southwest portion of Lamb County. Several also farm in Hale and Deaf Smith counties.

There are approximately 125 plaintiffs asking the court to issue a temporary restraining order to halt any cloud seeding operations in the above specified farm tracts. The protesting group contends that the seeding destroys potential rain clouds which could possibly bring moisture to their farms. The plaintiff organization is called Farmers and Ranchers for Natural Weather.

The Littlefield-based program, funded by Better Weather, Inc., is a group of 450 South Plains farmers who for

the fifth year are paying a private weather modification firm \$164,000 to fly hail suppression missions over much of Lamb County from May 1 until Oct. 31.

Controversy over the seeding operation has gone on for more than two years, and the outcome will now be decided in court. Tom Collett, a Littlefield attorney, and the Midland law firm of Harrel Feldt, Bill Browder, and Dick Capps, will represent the plaintiffs.

with 73 and George (Ike) Williams with 33. Millar and Key thus square off for the runoff scheduled for June 1.

Champion vote getter in the election was Bill Crone, for county treasurer, with 845 votes. He was closely followed by Glenn Thompson, for county judge, with 843 and tied with Dorothy Barker, for county Democratic Chairman, also with 843. All three candidates

were unopposed.

Since there was no Republican Primary in the county, all those winning outright in the Democratic primary are automatic winners in the November general election. The only possibility of upsetting them would be an exceptionally heavy write-in vote for an opposing candidate.

The issue of para-mutual racetrack betting being legalized was, as expected for this area, overwhelmingly defeated. The total vote was 299 for and 526 against.

A light turnout for election day was signaled ahead of time by the exceptionally light absentee vote. A total of only 42 absentee ballots had been cast when the absentee poll closed April 30.

The State Senator and State Representative vote for the 74th Legislative and 28th Senatorial Districts, together with Cochran county offices are listed here. All state offices, as well as these, can be found on the election chart on Page 10 of today's Tribune.

For State Senator, 28th District, "Doc" Blanchard, 439; Kent Hance, 511.

For State Representative, 74th District, Harvey Floyd, 153; Bill Clayton, 768.

For Cochran County Judge,

Glenn W. Thompson, 843.

For County Treasurer, Bill Crone, 845.

For County-District Cler, R.J. Vinson, 753; Mrs. Pattie Clayton, 223.

For County Commissioner, Precinct Two, E.J. McKissack, 239.

For County Commissioner, Precinct Four, George (Ike) Williams, 33; R.W. Key, 76; Jimmy Millar, 90.

For Justice of Peace, Precinct One, Mrs. Lena (Dutch) Gipson, 464.

For Justice of Peace, Precinct Two, Tilley, 157.

For County Democratic Chairman, Dorothy Baker, 843.

For Democratic Chairman, Precinct One, L.T. Lemons, 186.

For Democratic Chairman, Precinct Three, Ainsworth, 236.

For Democratic Chairman, Precinct Four, T.M. Tanner, 167.

For the proposition to legalize para-mutual wagering, for, 299; against, 526.

Three Way News

By Mrs. H.W. Garvin

RALPH WARE on the left discussing with Charles Haensch on the right the grain sorghum growing on dryland using minimum tillage method of farming. Grain sorghum was planted into wheat stubble using buster type planter, knifed once and swept twice.

The why of minimum tillage

Today the fuel supply to farmers is being decreased. The farmers of old have seen the dust blow. We have all seen soil shifted from one farm to another. We then sit in awe as we stare at the soil and feel the vehicle which carries it, the wind. Since the days of the dust bowl, men have tried to find ways to control soil and its movement. Today, thanks to many hours of research, there is a way to control soil movement. This method is denounced by some and proclaimed by many. It is called MINIMUM TILLAGE, or trash farming. Minimum tillage is a system which limits cultivation to those operations needed to produce a crop. Because of its erosion control features, this practice offers farmers an opportunity to conserve their soil while improving farm efficiency. It also contributes to the environmental improvement by cutting air pollution

from blowing dust and water pollution from desiment. The benefits of minimum tillage depend on the system used, kind of crops grown, and equipment used. Minimum tillage saves time by reducing the number of trips over the field. It also lowers the cost of production by saving on labor and fuel cost with fewer trips.

Minimum tillage provides a protective mulch of crop residue on the soil surface, thereby keeping the soil cooler in the summer and warmer in the winter. Under the mulch, the surface maintains extra moisture, thereby decreasing the number of times of irrigation and amount of water applied. It can increase crop yield on dryland farms.

One of the most important benefits from Minimum tillage is reduced soil erosion. Researchers have found that switching to minimum tillage can cut soil

CAPAROL® TAKES THE WEEDS AND LEAVES THE MOISTURE BEHIND.

Unlike the preplant weed killers, Caparol herbicide in cotton doesn't need to be incorporated. You don't disturb the soil. You don't let out some of the soil moisture - moisture your cotton needs.

You can broadcast Caparol, or band it. It controls the annual broadleaves that compete with your cotton, as well as annual grasses. And you don't have to apply it before you plant. Put on Caparol preemergence at planting or shortly after planting - take your choice.

Order Caparol today. You'll kill weeds without losing moisture. Caparol® trademark of CIBA-GEIGY for prometryn

Answer to Puzzle

Home gardens seen as family, industry boost

With the rebirth of home vegetable gardens, many folks will be giving their taste buds a real treat as they enjoy the fruits of their labors this season.

Furthermore, a vegetable specialist for the Texas Agricultural Extension Service believes that the increase in home gardening will be a boon to the fresh vegetable industry in Texas. He feels more consumers will be "turned on" by fresh produce after having experienced vegetable production themselves on a small scale.

"In recent years many consumers have gotten away from purchasing fresh produce and have gone more for canned, frozen and instant vegetables," points out

Sam Cotner. "But the surge in home gardens should bring some turnaround in this trend."

Cotner believes that consumers now engaging in home vegetable production will have a much better appreciation for the vegetable industry. "They will realize that there are many problems associated with producing vegetables—the weather, insects and diseases—plus the costs and labor required and the high perishability of fresh vegetables."

According to the Texas A&M University System specialist, commercial vegetable production in Texas last year was valued at about \$200 million, third in the nation. And he feels that the current home gardening craze will increase consumer demand for more fresh vegetables after appetites have been whetted by those fresh vegetables produced in the backyard.

Morton girls accepted by RJC basketball camp

Deborah Young and Susan Cadenhead of Morton High School have been accepted in the Ranger Junior College basketball camp June 16-21. This camp is directed by Ron Butler, Coach of the Ranger Junior College Rangers, the 1971 National Junior College Champions.

This is the sixth annual camp and the fastest growing camp in the Southwest. The camp is for girls of high school, junior varsity, and junior high.

The primary purpose of the camp is to teach new skills in the fundamentals of sound basketball and to improve the skills and individual abilities of each girl. Along with these ideas, the camp will also

stress the ideals of good sportsmanship, leadership, and good citizenship.

This year's camp has nine of the state's top coaches: Janie Fitzgerald of Angleton High School, Angleton, Texas; Don Bates of RJC, Ranger, Texas; Dean Foshee of Sweeney High School, Sweeney, Texas; Don Durham of Carroll High School, Southlake, Texas; George Scott of Valley High School, Turkey, Texas; Bob Schneider of Canyon High School, Canyon, Texas; George Davidson of Texas Tech, Lubbock, Texas; Larry Tucker of Rivercrest High School, Rivercrest, Texas; and Diana Lewis of Canyon High School, Canyon, Texas.

Constitutional Convention information

Delegates to the Constitutional Convention of 1974 spent portions of 13 days of debate in Convention Hall molding a new Education Article for the State's proposed new Constitution.

One of the principal differences between the 1876 Constitutional Article on Education and the 1974 version is the length.

The 1974 Education Article has nine sections with 1,700 words and the 1876 version has 22 sections with 4,700 words. Prior to the 1974 Convention action the Education Committee had attempted to reduce the superfluous language of the

1876 article and eliminate outdated sections.

Significant changes in Section 1 of the final article include the allowance of equitable support and maintenance of a free public school system.

Another change furnishes each individual an equal educational opportunity with the methods of achieving the equality of opportunity left to the Legislature.

Section 2 of the 1974 Education Article combines and simplifies Sections 2, 3, 4, and 5 of the 1876 model Education Article. The new Section 2 defines the

Permanent School fund, the Available School Fund and the distribution of the remainder of the Available School Fund.

Content of the section is basically the same as the 1876 Constitution, continuing to allow the State Board of Education to provide free textbooks.

The ad valorem property tax (Section 3) of the 1876 Constitution which partially serviced the Available School Fund was left out of the proposed 1974 document. The State tax has been gradually reduced

Candidates speak at Democratic luncheon

The Cochran County Women Democrats met Wednesday, May 1, in the C.E. Dolle home for their monthly luncheon.

Special guests were candidates for the office of County Commissioner, Precinct 4, George Williams, Jr. and W.R. Key, who were accompanied by their wives. Also present was Floyd Harvey of Vega, candidate for the House of Representatives, 76th District.

Mrs. Dutch Gipson introduced the guests to the members who then gave a short talk on their ideas and views.

George Williams stated he was against the state setting the school tax. Mrs. Harvey stated she would be in favor of keeping the old Constitution but making changes by amendments; raising tax on oil and gas that goes out of the state of Texas; giving the State Representatives more money; having the legislature meet more often than every two years and that he was against Pari-mutual betting.

The group voted to support Mrs. H.B. Baker as County Democratic Chairman and to dismiss meetings until September.

Members present were Mesdames: Alton Ainsworth, Gene Benham, H.B. Barker, Jenny Denny, Leonard Coleman, W.L. Foust, Ray Griffith, Willard Henry, Scott Hawkins, Roy Hickman, Joe Gipson, Lessye Silvers, Bud Thomas, Jack Wallace, Hessie B. Spots, John McGee, P.B. Ramby, and the hostess, Mrs. Dolle.

Mrs. Silvers installed as 1936 Club president

Mrs. John Crowder installed officers of the 1936 Study Club Wednesday, May 1, using the theme of next year's programs, "American History."

Recalling the good qualities which the pioneers of this country must have had, Mrs. Crowder admonished each officer to practice knowledge, solicitude, courage, prudence, loyalty and reliability in carrying out the duties of her office. She characterized Mrs. Lessye Silvers, the incoming president, as epitomizing the romantic, daring, courageous ranch woman of yesteryear and expressed the conviction that her staunchness of spirit would serve the club well in practicing its motto of "Neglected Talents Rust and Decay."

Mrs. Silvers, looking forward to next year's study, quoted the expression,

"America came from heaven and we call her maker God."

She appointed the following committees for the 1974-75 year: Yearbook, Mrs. D.E. Benham; Mrs. John Crowder and Mrs. James Price; finance, Mrs. John L. McGee; Mrs. James St. Clair and Mrs. Hume Russell and social, Mrs. Joe Nicewarner, Mrs. Lloyd Miller and Mrs. Gage Knox.

Those appointed to serve as departmental chairman were: conservation, Mrs. Gerhome Holloman; education, Mrs. Neal Rose; fine arts, Mrs. John Crowder; home life, Mrs. W.C. Benham; international affairs, Mrs. Glenn Thompson; public affairs, Mrs. J. Williams and Texas Heritage, Mrs. Maurice Lewallen.

Following the installation, the club served as a practice audience for 44 Club members who will be entering District competition. They enjoyed poster presentations on "How to save electricity" by Mary Smith and Suzanne Gillespie; "The symbol of our Nation" by Pam Neal and Cristy Beadie; and "Bible Safety" by Ricky Neal. Leaders assisting were Mrs. Bobby Neal and Mrs. Alvin Gladden.

FOR PEOPLE WHO THINK

From the Christians who assemble at Taylor and SW 2nd. Sts.—Greetings:-

Continuing our study having to do with meeting the needs of needy Christians, we note that the New Testament is NOT silent about this matter. In the last article we noted WHAT is to be done, when certain conditions exist, and that those first Christians, of necessity HAD TO BE TAUGHT by the apostles WHAT TO DO. They did it and the needs were met. You will note that I have used the word "Christians" referring to these people. In fact that term was not applied to the disciples until quite a while later at Antioch (Acts 11:26). However, these first were exactly the same kind of people who later were called Christians. This fact no one would successfully deny.

Later (Acts 11:27-30—which read closely) when there was a severe dearth in the land—the brethren in Antioch determined (every man according to his ability) to send relief to the brethren in Judea. This they did. They sent it by Barnabas and Saul (Paul). These took it to the "elders". The "elders" here is not designated as the "elders" of the Jerusalem assembly. There were other congregations in Judea and it is necessarily inferred that they, too, had elders. There is not the slightest indication that the Jerusalem elders directed the distribution of this relief over all of Judea. If necessary this writer will gladly study this with any sincere person. The "relief" was sent and the need met. It did NOT require a separate "organization" to accomplish this work. An organization or "institution" to do this work which the apostles taught the Christians to do is NOT authorized of God in the record of this occasion. Neither is it authorized in this record that "elders" of one congregation can "take charge" of the administration of such "relief", or "oversee it" in other congregations. This latter case, if practiced, definitely violates the commands of the apostles (which were the commands of Christ—Matt. 28:18-20) as plainly limiting the "overseeing" of elders to those of the assembly (church) where they were—read closely Acts 20:17-31. Also read closely 1st. Peter 5:1-3. We shall study this matter further, if God permits, in succeeding articles. Please remember your welcome to attend the assemblies at Taylor and SW 2nd. Sts.

course for teaching writing slated at TTU

Summer workshop on "Teaching in the Secondary School," primarily for in-service and pre-service teachers from the schools of the surrounding communities, will be conducted at Texas Tech University July 15 through Aug. 1.

A three-hour credit course is being offered by the Department of English, led by Vivian I. Davis, assistant professor of English, as the teacher. Participants with 10 years of high school teaching experience, said the course will help them create plans which they will use in their classrooms next fall. It will include a demonstration class of a school student who will work with participants for one week. Participants may register at graduate level. Dr. Davis said, "Participants who are not Texas Tech graduates must have their schools send a statement of good standing to the Admissions Office at the registration is scheduled for class day July 15. Registration fee of the workshop to Texas Tech is \$50. Non-residents will be charged \$143.50."

The course will meet from 9 a.m. until 12 noon daily, Monday through Friday, during the three and one-half weeks.

Dr. Davis pointed out that the course comes at a time during the summer after teachers have had a rest from the school year and before the fall term begins, and that it has no sensitivity sessions, and outside consultants, and no field trips. Additional information may be obtained from either Dr. Davis or Dr. Marion Michael, Chairman, Department of English, Texas Tech University, P.O. Nursing Home Week slated for May 12-18

The Texas Nursing Home Association will celebrate Nursing Home Week, May 12-18, 1974, in member nursing homes all over Texas in order to honor our senior citizens who reside in Long Term Care facilities.

In expanding the purpose of Nursing Home Week, Rogers Wilson of Austin, President of the TNHA said, "We want to focus attention on the nursing home in order to increase community awareness of the need for nursing home-community involvement for the sake of our residents, and to create a better community understanding of the role of nursing homes — their achievements, goals and future roles in the total health care system."

A wide range of activities are planned for Nursing Home Week which include parties, picnics, shopping sprees, entertainment, art shows, etc. The community is given a special invitation to join in all the activities which begin on Mother's Day, May 12.

TNHA President Wilson went on to say, "Most people in our communities are probably unfamiliar with nursing homes and what the facility of today has to offer. Nursing Home Week is an excellent opportunity to find out and to visit with a lot of wonderful people. Our patients and staff are looking forward to a visit from the general public."

In proclaiming May 12-18 as Nursing Home Week in Texas, Governor Dolph Briscoe in his proclamation, "urged our citizens of Texas to visit a nursing home and acquaint themselves with the patients, staff, the facilities, the services rendered and the progress and potential for the future."

The theme for this week of emphasis is "NURSING HOMES — WE CARE." You can show your care by following the Governor's suggestion and visit a nursing home during May 12-18.

Study Club installs officers

The Y.M. Study Club met Thursday, May 2, in the home of Mrs. Dexter Nebhut. Following a Mexican dinner, new officers were installed in a marriage-type ceremony by Mrs. Gary Willingham. She presented them with a wrist corsage of red carnations.
