Claunch calf show grand champion

SUSAN GILLESPIE, sponsored by the Cochran County 4-H Club, won the title of Sweetheart of the 1975 junior livestock show and was very happy about the whole thing as she received her crown at the auction sale Tuesday night. She will reign until her successor is named at the 1976 show.

Government said costing counties \$453 per year

A new study by the Department of Commerce reveals just how much is spent, per capita, to keep the wheels of government turning in Cochran County. It shows, also, how the local spending pattern compares with that in other communities across the country. The figures are contained in a 626-page report, called Compendium of Government Finances. Periodic studies of this type are made every five years. This is the first one since 1967. In it are detailed, for every section of the United States, the revenues, the expenditures and the amount of debt incurred in connection with local government operations. Detailed for each area is just how much is spent, per resident, for roads, police and fire protection, health, housing,

welfare, sanitation, education, administration and the many other functions performed. In Cochran County, the figures show, the cost of such local services amounted to \$453 in the year for every man, woman and child in the area. The comparable cost, in other parts of the country, was \$511 per capita and, in the State of Texas, \$406. Nationally, the outlay for local operations came to \$106.5 billion, a sharp increase over the 1967 total of \$59.5 billion. Because public payrolls, the price of equipment, the demand for services and the cost of borrowing are all at a high level, the cost of government has gone up proportionately. It has become a problem in almost every locality. In an effort to meet these rising expenses, most communities have had to turn to special fees and taxes and to a variety of miscellaneous charges and tolls. General revenue collected in Cochran County came to \$526 per capita, the report shows, as compared with \$453 for expenditures. Of the total collected, \$401 was from taxes and other local charges and the balance from Federal and state sources.

As for the general debt outstanding locally, it is listed as \$255 per capita. Elsewhere in the nation, local debt amounts to \$580 per capita and, in the state, to \$528.

Kuehler, Robertson also show winners

Keith Claunch Richard Kuehler and Mitzi Robertson emerged as the big winners as the 1975 Cochran County Junior Livestock show came to an end at the county show barn Tuesday night. Claunch showed his 1,001 lb. calf to the grand championship of the steer division; Kuehler showed the grand champion swine with his 248 lb. heavy weight Hampshire and Miss Robertson won the grand championship of the sheep division with her 100 lb. medium wool lamb. Claunch is a member of the Bula 4-H Club, Kuehler is a Morton FFA chapter member and Mitzi is a member of the Three Way 4-H Club.

In other highlights of the show, Susan Gillespie was named Sweetheart of the Show after competing with six other contestants sponsored by the various 4-H and FFA chapters in the area. A new feature of the show this year was a drawing for a 1,000 lb. steer to be given free to the holder of the winning ticket. Winner of the steer was Benny Claunch, who immediately donated the animal to the Cochran County Livestock Improvement Association, sponsors of the livestock show, to be sold to help finance some of the association's activities. Robert Hightower purchased the steer for the association for \$485 and just as promptly donated the meat to Girlstown USA.

New food stamps now being issued

Effect March 1, food stamp recipients will be using new coupons, according to the U.S. Department of Agriculture (USDA).

The coupons will be of \$1, \$5 and \$10 denominations. The 50-cent and \$2 coupons will be discontinued.

USDA's d Goof snf zn

USDA's Food and Nutrition Service said the large denominations were prompted by the volume of coupons needed to meet increased food stamp allotments, paper shortages and increased production and shipping costs.

The new food stamps—brown (\$1), purple (\$5) and blue-green (\$10)—use a more sophisticated design to deter counterfeiting.

FNS said that food stamp users must spend their current food stamps by June 30 of this year since retailers will not accept any old coupons after that date. Authorized food stamp stores

Bill may help drivers beat speed limit woes

More and more Texans have been observed to ignore the 55 mile per hour speed limit and it has become ever more difficult for highway patrolmen of the Department of Public Safety to enforce the law.

County quarantines for scabies lifted

The U.S. Department of Agriculture (USDA) Thursday (Feb. 27), removed quarantines for psoroptic cattle scabies for portions of four Texas counties—Cochran, Moore, Swisher and Childress.

Officials of USDA's Animal and Plant Health Inspection Service (APHIS) said a portion of only one Texas county—Hansford—now remains under quarantine for this disease.

Four sections of Cochran County were placed under quarantine last Nov. 12 when scabies was discovered among 31,000 head of cattle in the Owen Brothers Feedlot near Morton, Tex. The disease was detected in Moore County among 17,000 head at the Dumas Cattle Feeders feetlot four miles north of Dumas, Tex., and the area quarantined on Dec. 30. Portions of Swisher and Childress counties had been under

A bill has recently been introduced in the state legislature to ease the difficulties of both the driver and the law enforcement officer.

The bill, if passed, would kill two birds with one stone, in that it would also allow drivers to break the 55 mile limit without losing their drivers license or paying higher insurance premiums.

Rep. Pete Laney, D-Hale Center, is asking the House today to approve a bill prohibiting insurance companies or the Department of Public Safety from penalizing Texas drivers caught driving faster than 55 but below the old 70 mile per hour speed limit.

The House scheduled debate on Laney's bill before it took up a proposal extending indefinitely the 55 mile and hour limit to

Texas Independent Banks

In less than a year, The Independent Bankers Association of Texas has reached into every corner of our state. Formed nearly 12 months ago by bankers who believe in free and open competitive banking, IBAT is growing and will continue to grow, because we are determined that every banking customer in Texas be given the privilege of having a convenient, nearby Independent Bank.

Traditionally, the financial interests of Texans have been served by human-sized banks. But if a concentration of banking power grows and stifles our present banking structure, you can look for certain inevitable results: 1) Free and open competitive banking will suffer a severe blow 2) Our familiar one-to-one relationship between bank management and customers will deteriorate 3) Locally invested dollars will no longer be controlled in your local area 4) The board of a "super bank", often in a distant city, will dictate the use of locally invested funds.

Contrast this picture with the concern your Independent Banks show for YOUR needs and those of YOUR community. Contact your State Legislators NOW. Let them know your feelings. Let them know that INDEPENDENT BANKING MUST SURVIVE!

'Income averaging' urged as farm, ranch tax tool

With farm and ranch income fluctuating considerably from 1973 to 1974, producers may want to consider a technique called "income averaging," says Dr. Wayne Hayenga, economist for the Texas Agricultural Extension Service.

"Income averaging" can reduce taxes in situations where taxable income changes measurably from year to year. For the technique to apply, taxable income for 1974 must be at least \$3,000 more than 30 percent of the total taxable income for the four immediately preceding tax years.

In addition to ordinary income, capital gains on the sale of livestock and other assets may also be included in income averaging, points out Hayenga.

For income averaging, complete Schedule G and turn it in along with Form 1040, advises the Texas A&M University System specialist. It is not

necessary to file amended returns for the four preceding years, but information from the tax returns from these years must be available to compute the tax for the current year.

Hayenga suggests a simple check to determine if income averaging will save tax dollars. First, total the "taxable income" for the prior four years and then multiply that figure by 30 percent. If the result is more than \$3,000 below the current year's taxable income, income averaging can be used.

With income averaging, the progressive rate schedule is eliminated on the top four-fifths of averageable income, points out Hayenga.

The deadline for filing farm and ranch income tax returns is Mar. 3 unless an estimated return was filed. In that case the deadline for the final return is Apr. 15.

PUBLIC NOTICE
SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS
SPECIAL ELECTION APRIL 22, 1975

NUMBER ONE ON THE BALLOT (S.J.R. No. 3)
Repealing Sections 48a, 48b, 51e, and 51f of Article III and Sections 62 and 63 of Article XVI of the Texas Constitution, Article XVI of the Texas Constitution is amended to:

Provide for the revision and consolidation of provisions relating to state and local retirement systems and programs and to provide that all general laws that have established retirement systems and optional retirement programs for public employees and officers in effect at the time of the adoption of this constitutional amendment will remain in effect, subject to the general powers of the Legislature.

Provide that the amount a participating officer or employee contributes to the employee retirement system or the teacher retirement system shall be established by the Legislature but may not be less than 6% of current compensation and providing further that the amount contributed by the state may not be less than 6 nor more than 10% of the aggregate compensation paid to participating persons, except that in an emergency, as determined by the Governor, the Legislature may contribute more than 10% of the aggregate compensation paid to persons participating in state retirement systems.

Provide that the Legislature shall provide for local retirement systems created by any city or county for its officers and employees and shall further provide for a state-wide system of benefits for officers and employees of counties or other political subdivisions of the State which may voluntarily participate, and

to further provide that a state-wide system of benefits shall be provided for officers and employees of cities which may voluntarily participate.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising and consolidating provisions relating to state and local retirement systems and programs and providing for a maximum state contribution to state systems of 10 percent of the aggregate compensation paid to individuals."

NUMBER TWO ON THE BALLOT (H.J.R. No. 6)
Amending Article III, Section 24 of the Texas Constitution to:

Provide an increase in salary for members of the Legislature from \$400 per month to \$600 per month.

Provide an increase in the per diem rate for members of the Legislature from \$12 to \$30 for each day during each Regular and Special Session of the Legislature.

Provide an increase in the transportation allowance for members from \$.10 per mile to the rate prescribed by law for employees of the State of Texas.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment setting the salaries of members of the legislature at \$600 per month and setting a per diem of \$30 per day during legislative sessions and a mileage allowance at the same rate provided by law for state employees."

Tips on veterans' income tax outlined

Here are tips from the Veterans Administration on federal income taxes for veterans filing returns. In general, Texas VA officials noted, veterans benefits are exempt from federal income tax, and need not be reported as income. This income tax exemption applies to dividends and proceeds from government life insurance policies, but federal estate tax does apply to insurance dividends left on deposit or credit with BA

is considered income and must be reported on federal income tax returns, it was explained. Among major tax exempt veterans benefits are compensation, pension, GI Bill and other educational rehabilitation trainees. Also exempt are grants to service disabled veterans eligible for specially adapted homes and cars, and clothing allowances for veterans whose prosthetic devices tend to wear out or tear their clothing, VA officials advised.

quarantine since Jan. 20 when scabies mites were discovered in the head at the Harmon Cattle Co. pasture in Swisher County among 357 head in a pasture owned by Billie Joe Rathwell in address county.

PHIS officials said all the tested and exposed cattle had been treated, thereby removing the infestation and trade restrictions.

scabies is caused by tiny parasitic mites that puncture the skin of cattle and feed on the body fluids released from the wounds--infested animals to lick, and scratch themselves to relieve the intense itching. Heavy ointments cause large, crusty scabs to form on the skin--the names "scabies."

Although the wholesomeness of meat is not affected, the disease causes financial losses because the cattle gain weight more slowly and at the same time require more feed.

ply with federal regulations. There are a bunch of people who want to make sure my bill is passed and signed before the speed limit extension bill," he said. He said his bill would raise the present speed limit from 55 to 60 miles per hour and might be invalid if the speed limit extension is enacted.

contends Texas wouldn't be the first state to try to get around the 55 mile per hour speed limit by going to driving records or race records. Oklahoma is doing the same thing. They did it because their highway patrol was very lax in enforcing the law. Two or three other states have similar bills pending," Laney said.

The states cannot abolish the 55 mile per hour speed limit without losing federal highway money which amounts to \$300 million annually in Texas.

legislative action Monday, senators took only 15 minutes to pass two emergency spending bills totalling more than \$1 billion.

Senate approved and sent the governor a bill appropriating \$472,000 for the controller's office, and \$1,000 to replace a burned building at Texas State Technical Institute's Waco campus.

House members approved two bills increasing the education requirements for chiropractors and increasing the annual registration fee for such practitioners.

The House postponed until a final vote on legislation by Eddie Bernice Johnson, D-Texas, prohibiting employers from firing workers because they work to serve on juries.

Randy Richardson, of the Cochran County 4-H Club was reserve grand champion winner in the sheep division with his 101 lb. medium wool lamb. It was purchased by Morton Welding Company at \$2.45 per pound for a total price of \$247.45.

A full list of winners in all divisions was not available to the Tribune at press time Wednesday. The complete list will be compiled and published in the Tribune next week.

A WINNING COMBINATION—Morton Indian track coach Roy Winters feels that he has found the right combination for his 440 yard relay team and he has proven right at a track meet Saturday in Spur where the team pictured above took first place and shaved two seconds off the South Plains AA record with a time of 46.1. Left to right the combo consists of Larry Barerra, Tino Sabala, Jimmy Green and anchorman David Ramby.

Bateman, Clarence Stephens, A.O. Graydon, C.M. Curry, Roy Patterson, Clarence Bounds, Robert Brown, Rufus Kitchens, R.L. Bowman and C.C. Dorn. Also Roy Havens, Aaron L. Mitchell, L.W. Baker, C.R. Smelser, Hubert Bratcher, Con Davis, Roger Loyd and Phillip Lopes.

All former members and friends of the church are cordially invited to come and share this dedication service. Following the service a renewing of "old" friendships and acquaintances will be held in the fellowship hall.

Private Business Spokesmen OK Echeverria Fiscal Policy

MEXICO CITY—(Special)—Two leaders of private enterprise have assured businessmen that Mexico has sufficient natural, financial and human resources to continue its impressive economic development despite the international energy and monetary crisis.

Carlos Yarza Ochoa, president of the National Confederation of Industrial Chambers (CONCAMIN) said that during 1974 private business invested more than 6.2 billion dollars and that this figure will be increased to 7 billion, or more than 10% during the coming year.

He said that in Mexico's mixed economy, the private sector continues to play a key role. While the government makes large investments to provide a growing infrastructure, private business continues to expand and open new markets, he added.

One of the brightest spots in Mexico's trade picture is the rapid expansion in manufactured exports and private enterprise is providing the initiative in this field. Once an exporter of basic raw material commodities, in the past four years Mexico's international trade has been made up of more than 50% manufactured products and preliminary figures for 1974 indicate this is growing.

Agustin F. Legorreta, director of Banco Nacional de Mexico (Mexico's largest private bank), told a seminar of Mexican businessmen that the country's growing resources in petroleum, minerals and agricultural products augur well for prospects in international markets.

During 1974 Mexico made a vital turnaround from an

oil importing to an oil exporting nation. Revenues from this source are expected to produce more than 500 million dollars in 1975 as compared with a 600 million dollar deficit for oil imports in 1973. This is a net change of 1.1 billion dollars in the trade balance.

Mexico is among the top 10 world producers of silver, copper, lead, zinc, sulfur and fluorite and strong demand in internal markets assure the country significant revenues from the mining industry.

Legorreta pointed out that the peso has retained its exchange parity with the U. S. dollar for more than 20 years and added that record high monetary reserves of 2.5 billion dollars assure there will be no devaluation.

He praised the fiscal policies of the administration of President Luis Echeverria and endorsed the 25 billion dollar federal budget for 1975 as being "balanced and anti-inflationary."

"Although the public debt is still manageable, we must finance development with our own resources," Legorreta concluded.

Cochran County taxpayers \$29,687.35, Jack Sisk, accountant, advised members of the board Monday night.

The first entry out of the big Who's Who box Tuesday afternoon won \$68. The entry was signed by Roy D. Greer.

Carl Crouch, senior at Tech and past president of the Northwest Texas Conference Methodist Youth, will address the

Morton High School seniors Feb. 18 at a banquet in Fellowship Hall of the First Methodist Church.

With this issue—Volume 19 No. 52, the Morton Tribune ends 19 years of operation and begins its 20th consecutive year of business.

David Coffman, who has been employed at Truett's Food Store, has announced the opening of Dave's 66 Service on the southwest corner of the square.

will use the \$1 coupon for making change instead of the current 50 cent coupon and credit slips of 99 cents or less for change under \$1. Books will be signed by the food stamp customer on the inside front cover, instead of on the back of the book.

The ivory-colored coupon books are in amounts of \$2, \$7, \$40, \$50, and \$65.

old adobe church was torn down the same year. In 1948 a garage was constructed for the parsonage, and a new parsonage was purchased in 1964.

The old adobe building, the educational building, and the present sanctuary were built almost entirely by the members.

Originally, the Whiteface Church was in the Lubbock District, but joined the Brownfield District when it was created in 1951. With the termination of the Brownfield District in 1970, the Whiteface Church once again became a part of the Lubbock District of the Northwest Texas Conference.

The Church now has a membership of eighty-eight persons.

The following pastors have served the Whiteface Church: J.S. Johnson, W.E. Peterson, Jessie E. Young, Horace B. Lindley, C.A. Duncan, J.R.

Hance introduces two meat bills

State Senator Kent Hance of Lubbock has introduced two related bills aimed at discouraging the consumption of imported meat in Texas.

Senator Hance stated "with cattlement going broke, I feel that we do not need to spend state money to bring meat from other countries to force the price of meat any lower." "I also feel that consumers should have the opportunity to decide if they want to eat Texas meat or foreign produced meat," Hance said.

Senate bill 372, by Hance would require articles of food containing meat imported from a foreign nation to be labeled to show that fact. Senate Bill 373, also by Hance prohibits the purchase of imported beef by state agencies and subdivisions.

The purpose of the bills, according to Hance, is to try to help our farmers and ranchers out of "the worst crisis" they have faced in many years. "It is important that we give the producer a good, stable, market in order to continue strong domestic production."

The Senator from Lubbock went on to say, "The housewife will be the first to feel the pinch if our American producers start to cut their herds back because of low prices."

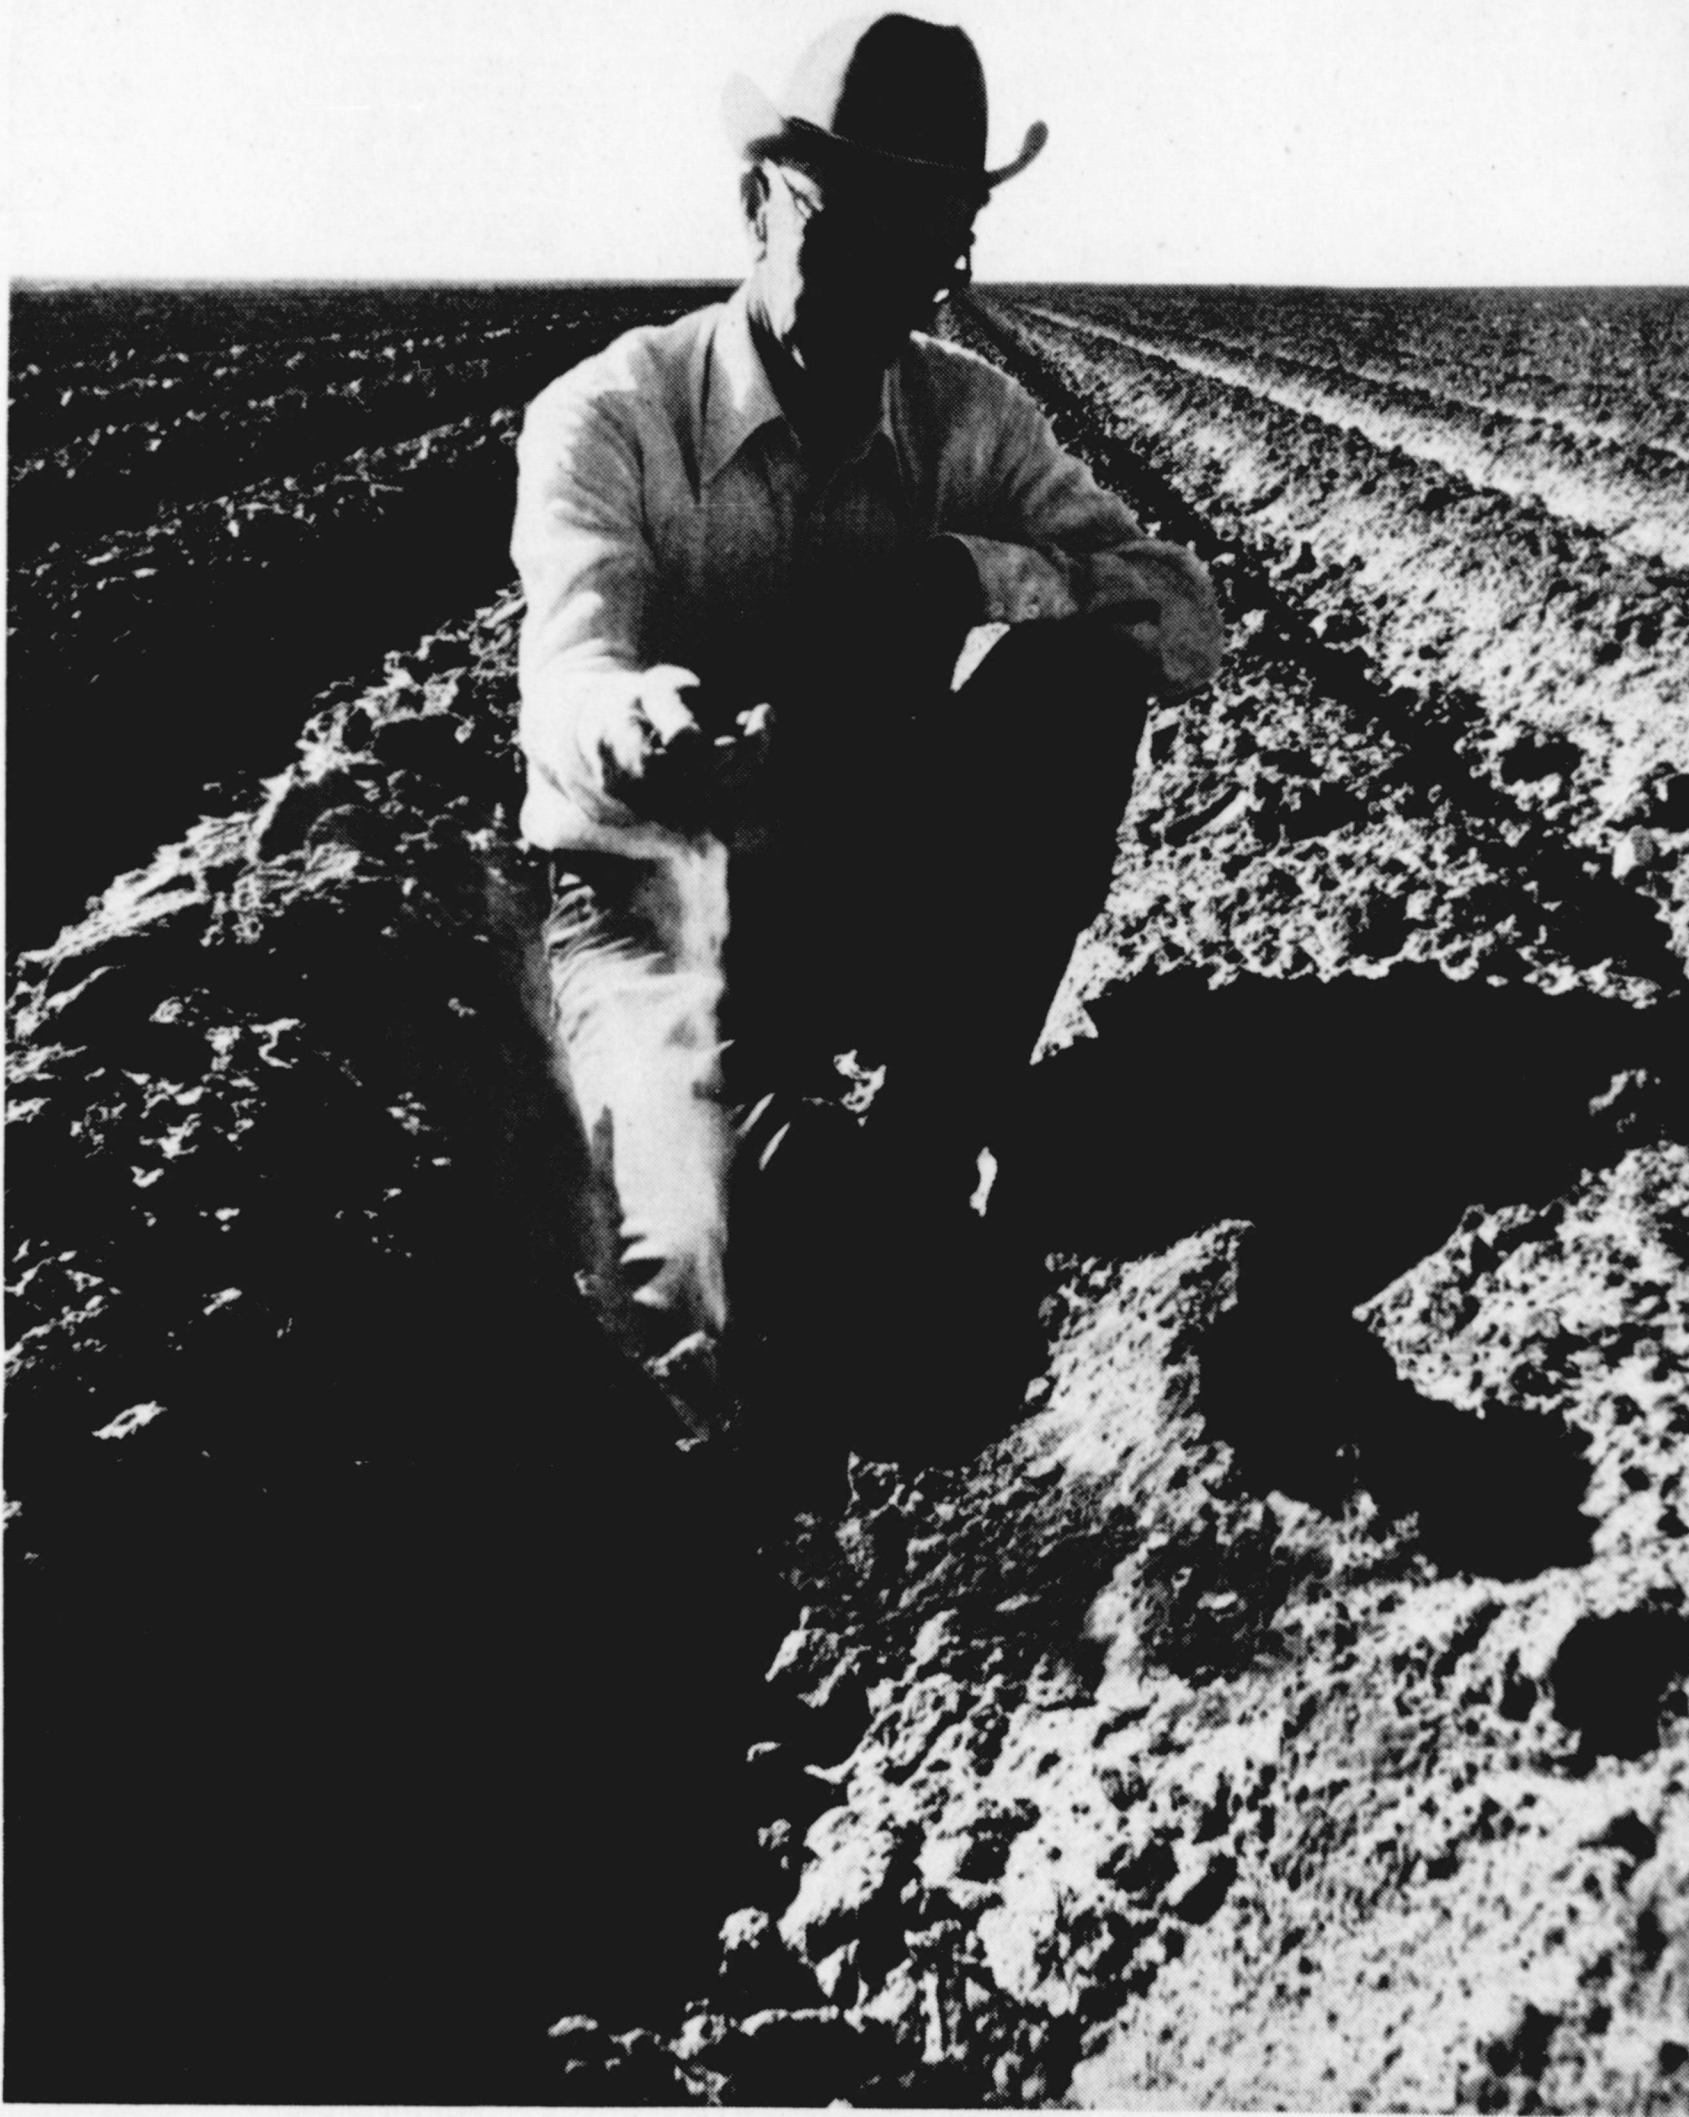

Kent Hance is representing Senatorial District 28. He is serving on the Senate Finance Committee, the Senate Education Committee, and is chairman of the Subcommittee on Water of the Natural Resources Committee of the Senate.

Why gamble on a herbicide that's not made for sandy soils?

Now you can get one that is.

SANCAP.® It's made specially for your sandy soils. It's made for cotton on your land.

You can forget about experimenting with rates to adjust for sandy soils. Just follow the recommendations, and you'll get weed control you can depend on—without injuring your cotton.

You'll get control of the most troublesome weeds in this area—carelessweed and Russian thistle.

And you can forget about moisture loss due to incorporation. Just apply Sancap at planting, or within two days after.

Then watch your cotton come through, clean and healthy. No more experiments. No more mistakes.

Because now you've got a herbicide for sandy soils.

Club Celebrates St. Patrick's Day

St. Patrick's Day was celebrated a bit early when the members of the Whiteface Garden Club honored their husbands, March 3, at the Club's annual Spring Supper. The Homemaking Department of the Whiteface High School was decorated with the traditional shamrocks and candles. After supper, games of 42 and dominoes were played.

Present were Mr. and Mrs. E.J. Bills, Mr. and Mrs. Van Schooler, Mr. and Mrs. D.F. Harris, Mr. and Mrs. E.E. Jennings, Mr. and Mrs. Rube Abbey, Mr. and Mrs. Ronnie Davis, Mr. and Mrs. Eugene Wiley, Mr. and Mrs. L.E. Donald, Mr. and Mrs. Elmer Orr, and Mesdames R.D. Wiley, J.J. Stocks, and G.C. Webb.

Next meeting will be April 7 in the home of Mrs. Van Schooler, with a program on "annuals" to be given by Mrs. E.E. Jennings. A program to Cloudercroft, New Mexico is planned for later in April.

Easter Seal services stepped up in Texas

Because of the steady growth in numbers of crippled children and adults in Texas, the Easter Seal Society for Crippled Children and Adults of Texas has stepped up its rehabilitation services.

Judge Glenn Thompson, who is the Easter Seal Representative for the County, said 20,152 handicapped Texans received Easter Seal treatments during 1974.

"Despite medical scientific advances," Judge Thompson explained, "the rank of the crippled are growing. This is because of population growth, increased number of accidents and medical treatment which saves victims of crippling diseases who might not have lived in past years."

Quoting the annual report of the Easter Seal Society for Crippled Children and Adults of Texas, affiliated treatment centers in Texas provide treatment and rehabilitation, speech and hearing and educational programs, and many other services required by the physically disabled to live normal lives.

Emphasis Week at SPC. The purpose is to present an overview, introduction and orientation of the four main religious groups on campus.

Tentative plans are:
Monday, the BSU, Baptist Student Union, will have a speaker and other activities

Tuesday: The Newman Club representing the Catholic faction will present their speaker and outline their plans.

Wednesday: The Church of Christ represented by the Bible Chair, will introduce their speaker.

Thursday: The Methodist Organization will get their opportunity to unveil their speaker.

Rena Neutzler, a BSU, member pointed out that they'll be sending out two member teams to the dorms every day to distribute "Jesus" booklets.

For further information, contact Bill Balch, Chairman of the Committee.

The largest group served includes those with major deformities of bones and joints, severe speech defects, cerebral palsy, arthritis, muscular dystrophy and multiple sclerosis and stroke. The Easter Seal Campaign which provides funds for continuation of these services, begins February 24 and continues through March 30, Easter Sunday.
