## Four Morton firms burglarized

### Cash appears sole object of intruders

Cash appears to have been uppermost on the minds of the intruders who burglarized four major places of business in Morton Tuesday night or early Wednesday morning.

Sheriff C.G. Richards and his deputies theorized Wednesday that the burglar or burglars were after cash only, as there was nothing else reported missing in any of the four, though substantial amounts of money were taken at three of the firms burglarized.

Hit in the latest of a long string of burglaries in Morton over the past several months, were Bill Wells Chevrolet-Olds agency, Farm Equipment Company, Woolam Implement and Luper Tire and Supply.

At Bill Wells, entry was made through a window on the north side of the building, after which the door separating the garage and the office-show room area was smashed. Filing cabinets and desks were rifled, according to police reports, but no cash was taken. Wells indicated to the Tribune that no money is kept in the offices and that nothing else had been discovered missing.

At Woolam Implement, entry was made through a window on the east side of the building. Approximately \$100 in cash was reported taken, as well as an unknown amount in coins.

At Luper Tire and Supply, the burglar or burglars displaced an air conditioner in the roof and made their entry through the duct where it had been. An estimated \$70 to \$75 in cash was taken from a filing cabinet, according to the report received by the sheriff.

At the Farm Equipment Company on the Levelland Highway, the thieves made entry through a skylight on the east slope of the roof. The only thing reported missing was \$42.66 from the cash drawer.

All four burglaries were discovered when owners or employees reported for work

### USDA dropping loan interest

Acting Secretary of Agriculture J. Phil Campbell announced a decrease effective April 1, in the interest rate on U.S. Department of Agriculture price support commodity loans and storage facilities and drying equipment loans. The decrease, from 9,375 to 6,125 percent per annum, reflects a decrease to the Commodity Credit Corporation in the cost of money that it borrows.

The decreased rate of interest will apply to outstanding loans, for which applications have been

last week, returned seven indictments, passed on ten and, no-billed four of a long list of cases brought for its consideration.

In all, the jury considered 21 cases as it sat in 121st District Court, under the foremanship of W.B. Merritt, on March 10 and 11.

Indictments returned included the following:

Ramond R. Dominguez, on a charge of driving while intoxicated (DWI) subsequent offense. Bond was set at \$1,000.

Roy W. Murray, DWI, subsequent offense. Bond was set at \$1,000.

Marlon Waldrop, aggravated assault with serious bodily injury on the person of Rickie Marshall. Bond was set at \$1,000.

Stacy Lynn Conner, Burglary of a building. Bond was set at

### EFFECTIVE NEXT FALL

## Three way annexes Bula school

The Bailey County School Board voted Tuesday to annex the Bula School District to the Three School District for the next school term.

A large crowd of interested citizens and parents were on hand Tuesday and the Board made their decision.

Bailey County Judge Glen

Williams who is also the ex-officio of the Board, reported that the circulation at the Bula school had gotten to the point, because of low attendance, that the school could not successfully have school next year. The Average Daily Attendance had dropped to approximately 67 students and two or three classes had only one student per class.

Football activities were lost last year and it was possible that the school would lose the vocational agriculture and home economics departments for next year. The school would also be losing two additional teachers, and bus aid would be cut down.

The school district was hurting all the way around and the only way it could would be to raise taxes and it still probably wouldn't have made it.

The community held a referendum and overwhelming expressed its desire for terminating the Bula School

## Two Indian cagers named to elite list

Morton placed one player on the first team and one on the honorable mention list as three District 3-AAA teams swept all first team places on the All-South Plains AA basketball team selected annually by the Lubbock Avalanche-Journal.

Mike Williams, standout 6'2" Junior of Morton was named to the first team and Ken Standmire, 5'11" junior was listed among the honorable mentions.

Dimmitt and Friona each placed two on the first team and Abernathy, Lockney, Roosevelt, Cooper and Denver City each placed one to round out the second team.

In addition to Williams, the first five consists of Jim Birdwell and Steve Myatt, of Dimmitt and Dale Cleveland and Gene Strickland of Friona.

## Jailed men slash wrists

Much excitement, but only apparently light injury, was caused in a wrist cutting incident at the Cochran county jail Friday afternoon.

Larry and Gerald Bates, being held in the jail awaiting trial on multiple charges, were reported by sheriff's personnel to have slashed their wrist with a razor blade that had evidently been smuggled into them.

Though both bled profusely, medical aid was immediately summoned from Cochran Memorial Hospital and the bleeding was stopped within a short period of time.

Both men were reported in good health and condition early this week.

## Dinner Theater

For an evening of fun, make plans to attend the Whiteface High School Junior Dinner Theatre tonight. A one act play, "Here comes the Groom," will be presented following a salad supper at 6 p.m.

Tickets are on sale at the school for the annual event.

## Cigarette consumption extra high in county

What changes, if any have residents of Cochran County made in

their smoking habits in recent years?

Have they cut down on cigarettes? Are they smoking more or less than people in other parts of the country?

For a time, following the Surgeon General's report, issued about ten years ago, that smoking was a hazard to health and was responsible for 41,000 lung cancer deaths a year, some local people swore off completely, some cut down on the number of they smoked and some turned to cigars and pipes as a substitute.

More recently, however, despite the barrage of medical reports in subsequent years linking cigarettes with heart disease and other illnesses, they have been puffing away at a near-record rate.

Figures released by the Government, by the Tobacco Tax Council and by others depict the trend in each section of the nation.

## Pancake Supper

A Pancake Supper will be held Monday, March 31 from 6 to 9 p.m. in the County Activity Building.

All proceeds will be donated to the drive against Multiple Sclerosis.

The supper is being sponsored by the Emilea Smith, Jr. Study Club and the Morton Jaycees.

VALERIE KEITH, third from right, is the center of attention as she is presented a plaque by County Judge Glenn W. Thompson that symbolizes her spelling championship of Cochran county. The 13-year-old Whiteface eighth grader won the three-school spelling bee on the word "stash" after correctly spelling the word "starling" after her runnerup had mis-spelled that word. Others, left to

right, are Pronouncer Rev. Frank Estes spelling judge, Richard Houston, Judge Thompson, Valerie, Mrs. Alice Rankin, Whiteface, spelling judge and Lee Purcell, Bledsoe, spelling judge. Valerie's win advances her to the regional bee to be held in Lubbock April 5, where a win would earn her a trip to Washington, D.C. in June for the national championship contest.

## Post Mortons

By Bill Sayers

BY BILL SAYERS  
There is something to be said the average citizen who is destined his attitude toward his responsibilities — no matter how mixed up he may be in method of going about them.

Like, there was this local man who was "invited" by district court officials to sit for duty on the petit jury sat in session last week.

In the prospective jury panel assembled the following day morning, said citizen conspicuous by his absence.

When the court reconvened during the noon recess, he was his appearance before the somewhat irate judge who had been irritable where he had kept himself, and his reply followed: "Judge, I'm all the way to Pettit this morning and there was no jury, no jury and not even a jury house."

When we say, the judge gave a full pardon?

I get pretty up-tight about our news media, especially the metropolitan newspapers and television stations, ballooning the way out of proportion for their own sensational purposes and when it happens close to home, we become a darn sight up-tight.

The way one of the area television stations jumped on the Whiteface last week and the resulting hysteria, and the big fat pain — and that to us once and for all — they are not interested in getting the news in a factual manner, but rather they will do anything they can out of their own cloth as long as they can get the public's attention, if for a moment.

Whether the "Story" has any fact or not seems to be no

## 17 Ways to Save Money On Food, Home and Car

- No one needs reminding about the economic situation this country is in—rising prices and a depressed job market. For example, food costs are up 11.9 per cent over last year, gasoline and motor oil prices increased 31 per cent, while the average paycheck has only increased seven per cent in the past year.
- Follow these tips and you can pare expenses:
  - Plan meals ahead, shop for the whole week at one time.
  - Read the label on food cans, it's your nutritional table of contents.
  - Know the government grading system for meats and vegetables. There are no nutritional differences among the various grades, it is primarily a matter of looks for vegetables and tenderness in meats.
  - Try to get two meals from a cut of meat. Buy meat with the bone in and use the bone for a soup stock.
  - Keep the ends of greens and other leafy vegetables for a soup stock.
  - Don't over cook vegetables and have the nutrients you paid for boil away.
  - Keep your car's engine tuned, change the air filter frequently, that way you'll get better gasoline mileage.
  - Keep your car's tires properly inflated. The wrong tire pressure can add to your gasoline bill.
  - Warm up the car's engine slowly and avoid jackrabbit starts.
  - Drive under 55 miles per hour.
  - Have a professional check your home oil burner or gas furnace.
  - Carefully weatherstrip windows and doors and use storm windows.
  - Pull the drapes back during the day, let the sun provide warmth.
  - At night use heavy drapes, close them, and maintain heat inside the house.
  - Lower the thermostat three degrees.
  - Carefully insulate the attic.
  - Join the Army Reserve. An excellent part-time job that aids the country, the community and the individual. The Army Reserve has a variety of programs for men and women who qualify, jobs that pay substantially above the minimum wage at the lower ranks. An individual can apply his civilian skill, or learn a new skill to equip him or herself for the job market. For more information about jobs in the Army Reserve, write Army Reserve Opportunities, P.O. Box 6834, Philadelphia, Pa. 19132, or call the unit near you, it's listed in the white pages of the phone book under U. S. Government.

by Mrs. J.D. Bayless

W.M. Bryant returned home from Medical Arts Hospital in Littlefield Monday evening. Mrs. Bryant stayed with them all Tuesday before returning home.

Mrs. Fernie Bell of Muleshoe spent the week with her daughter, Mrs. Orbe Phillips.

Brent and Marthan George and Cheryl Rowden of Lubbock spent the weekend with their parents, the E.N. McCalls.

J.D. Bayless was in Muleshoe Saturday afternoon and Sunday in the home of her mother, Mr. and Mrs. Claud Johnson.

Tudie Crocker of Tucumcari, N.M. is spending the week with her grandparents, Rev. and Mrs. Charlie Shaw.

Mrs. Curtis Snitker of Hartsville, N.C. visited Mrs. C.C. Snitker to Lubbock Wednesday to visit Mrs. Snitker's brother, Ike Shults, who had surgery at Methodist Hospital Tuesday.

Mr. and Mrs. W.R. Adams visited a friend, Mrs. Eula Johnson, at Floydada last Sunday.

Mrs. Nettie (grandma) Johnson died Tuesday after a long illness. Funeral services were held at 3 p.m. Saturday at the Methodist Church.

Bro. Charlie Shaw and Quinton Nichols took the R.A. boys, Richard and Mike Nichols, Robert Layton, Timothy and Robert Roberts, Keith Layton, Kevin Key and Wesley Autry to the R.A. track meet at Plainview Saturday. Richard won a 5th place ribbon, Keith also won a 5th place ribbon in shot put and Robert won 4th place ribbon in track.

Mr. and Mrs. Kenneth Coats and her mother, Mrs. Lillie Altman, went to Dimmitt Saturday night for a volleyball tournament that the Coats' daughter, Mrs. Robert Jones, is playing in. She was on the team of the National Bank of Dimmitt. Mrs. Kenneth Millsap of Lubbock met them there. Mrs. Millsap went home with Mrs. Coats and visited until Friday.

Miss Nichols won first place in the field show held in Muleshoe Saturday. Michelle Autry won a third place.

Bro. Charlie Shaw, Mrs. Shaw and Mrs. Quinton Nichols and the R.A. boys attended the meeting at Calvary Baptist Church in Littlefield Tuesday night.

## TEXAS TALK

Agriculture is still No. 1. Although only about 45% of the population works on farms, another 25% of working Americans are employed in directly related industries. Food transportation, marketing, financing, manufacturing, chemical development and textiles are a few of the businesses which push the agricultural industry to the nation's number one position, accounting for nearly 25% of the Gross National Product.

As bad as things are economically, Americans still spend only about 16 percent of their income after taxes for food. In a majority of the world's countries the amount of income paid for food exceeds 45%. In 25 years the percentage of disposable income spent for food in the United States has decreased more than 28%. As dramatic as this decrease, is the increase in selection and quality of foods available to the American consumer, evidenced by the more than 11-thousand food selections at many supermarkets.

SPECIAL GOOD MARCH 21 st THRU MARCH 27 th

higher levels of price protection on 1975 crop production of cotton, wheat and feed grains is still expected to face the first of four major hurdles during the week of March 17, according to Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc., Lubbock.

A bill raising target prices and loan rates on these three commodities has been reported by the House Agricultural Committee, gone to the Rules Committee and should reach the House floor March 18 or 19. If it passes the House there will remain the Senate, a probable Conference Committee and the President's signature before it becomes law, Johnson points out, adding that "The whole process will have to be completed quickly if the bill to affect price supports on 1975 crops."

The Democratic Caucus, a powerful influence in the House this year, was scheduled to vote on a resolution supporting the Ag Committee measure March 19, but other matters took all available time and Agriculture Committee Chairman Tom Foley, Democrat of Washington, asked and received unanimous consent to withdraw the resolution.

There is still talk of amendments being offered on the House floor that would substantially reduce the benefits that might otherwise accrue to producers. These range from moves to reduce the target prices and loan levels on all three commodities expected from Representative Peter Peyser, New York Democrat, to another which would place a ceiling on the aggregate amount of any loan or loans that could be made to an individual producer.

Rumors have it that an amendment to accomplish the latter purpose may be proposed by longtime farm program for Silvio Conte, Massachusetts Republican.

Congressman George Mahon of Lubbock, chairman of the House Appropriations Committee, said March 14 he believes the House will pass a bill but that "no one can predict at this time what the provisions of that bill will be on final passage."

For its part, the Senate is playing a waiting game. The Agriculture Committee of that body has held hearings on the farm program, but speculation is that Senate Agriculture Chairman Herman Talmadge, Democrat of Georgia will be content to let the House complete its action before taking the next step.

The House Agriculture Committee bill calls for Commodity Credit Corporation loans on cotton in 1975 to be raised from the provisionally announced 34.27 cents per pound, basis Middling-inch to 40 cents, and for the target price to be moved up from 38 cents to 48 cents The House Committee also

agreed on a loan of \$2.50 per bushel for wheat and \$1.87 per bushel on corn (about \$3.17 per cwt for grain sorghum). Target prices on wheat, corn and grain sorghum, respectively, were set by the Committee at \$3.10 per bushel, \$2.25 per bushel and \$3.81 per cwt.

The bill as it reaches the House floor would also give cotton producers the option to extend the 10 month loan period for an additional eight months, a change which has broad producer support.

No so popular with cotton producers is a section of the committee bill which might lead to a requirement that storage on cotton placed in the loan program be paid in advance. The language of the bill would require the Secretary of Agriculture "insofar as practicable" to establish the same terms and conditions on storage costs and interest of all commodities.

"We are making a concerted effort to get improvements in the farm law passed this year," Johnson stated, "but with the pitfalls to be faced, the odds on our sources remain no better than 50-50."

### The Consumer Alert

by John L. Hill  
Attorney General

AUSTIN—"Special early-bird Easter Sale! One-third off regular price!" Many businessmen agree that there's nothing like such a sale to draw potential buyers to a store.

And most merchants feature a variety of special sales during the year. There may be mark-down sales, holiday sales, pre- or post-season sales, discontinued merchandise sales, or a host of others.

All of these sales could result in savings for bargain-minded consumers, too. But there is a small minority of businessmen who may attempt to attract consumers

with deceptively advertised or misleading sales, according to lawyers in the Attorney General's Consumer Protection Division.

They warn that a few merchants advertise "sales" almost continuously and that such "sales" may not offer prices that are any lower than regular prices.

The term "sale" generally should be used only to advertise significant reductions from a merchant's usual and customary price for the merchandise, and should continue for a reasonable period of time, not continuously.

Special "limited time" sales should be carefully observed by merchants. For example, a "one-day only" sale should be just that. Prices for goods should go back to regular prices immediately after expiration of the stated time.

"Introductory" sales should be for a limited time only, too, and the price should be increased to advertised regular price after such a period is over.

"Emergency," "fire," or other "distress" sales, or "going out of business" or "liquidation," sales should not be advertised unless the stated or implied condition is true. And these sales also should continue for only a specified time. A few merchants are reported to have been "going out of business" for several years, Consumer Protection attorneys note.

General claims by some stores that their prices are "guaranteed lowest in town," that they are "never under-sold," or that they offer the "highest trade-in allowances" should be taken with a grain

of salt. It's highly unlikely that a merchant could have accurate, up-to-date knowledge of all prices at all stores.

However, some careful merchants who strive to make valid "lowest price" or similar claims advertise that they will refund the difference in price if a customer can bring proof that an item could have been purchased elsewhere in town for less.

Advertised savings of "up to 40 per cent off" for a group of items offered at a range of reduced prices could be misleading if only a few items in the group sold at such a savings. Advertisements in such cases should note maximum and minimum savings to avoid confusion, such as "savings from 10 to 40 per cent off on advertised items."

If you have a consumer complaint about misleading or deceptive advertising, contact the Attorney General's Consumer Protection Division, your county or district attorney, or your local Better Business Bureau.

## TIPS FOR OUTDOORSMEN

by Vern Sanford

**Throw Rugs For Campers**  
Most of today's tents have built-in floors, which probably accounts for the increased interest in camping on the part of so many women.

That also means better housekeeping on the part of campers.

One noticeable habit of today's campers is the use of throw rugs inside the tent . . . as well as a foot-wiping rug outside, in front of the tent entrance.

Floors of canvas are real dirt-catchers and should be swept clean and kept clean at all times. Those throw rugs help a lot, as does a good whiskbroom.

If the tent is erected over a huge plastic tarp, thus providing a double-floor, the life of the tent floor will be lengthened considerably.

**Tents Are Touchy**

Unless you have spent some time in a tent during a rainstorm you may not know that no matter how well the canvas roof is water-proofed it will

leak wherever you touch it from the inside.

Furthermore it will continue to leak at that same spot until the tent dries out completely. So, let "hands off" be your policy.

**Removes Mildew Quickly**  
Has mildew formed on your tent or boat cover?

This will happen any time canvas stays wet for too long or is stored while damp, or in a damp place.

Remove the mildew as quickly as possible by first drying out the canvas in the sun to kill the organisms; then scrubbing it with a bleach and water; and finally drying it thoroughly before erecting the tent or storing it.

If storing the tent, don't put anything in the pack with it. Use a separate duffel bag exclusively for the tent poles, stakes, rope and other rigging—strap them to the outside of the tent.

Anything that goes inside the pack with the tent will cause rot if it's wet or even damp.

"Thou wilt show me the path of life,  
in thy presence is fulness of joy..."  
PSALM 16:11

# HERE IS THE PATH

"The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God."

Luk 10:27  
The basis of God's first and greatest commandment is love. God gave man the freedom to choose . . . and therefore will not force his love on anyone. God took the first step and is always ready to receive any who would come to Him.

Cigarette sales in Cochran County in the past year came to approximately 551,000 packs, according to a breakdown of regional totals reported by industry sources.

In terms of the local population over age 18, this was equal to 173 packs per person.

It was a lower rate than was found in most areas. The average throughout the United States was 214 packs. It was 183 in the West South Central States.

Although most health authorities believe the case against smoking has been well proved, the tobacco industry maintains that the evidence is merely statistical and that no cause and effect relationship has been properly documented.

Despite the steady increase in taxes imposed on cigarettes by Federal, state and many local governments, making smoking more costly, sales have been on the rise in the last few years and are within two percent of their all-time high.

The biggest increase since 1970 has been among teen-age girls. They are now smoking nearly as much as the boys.

How much does the average Cochran County smoker spend for cigarettes? Approximately \$7.50 a year, it is estimated. The total bill, for the community as a whole was close to \$279,000 last year.

Wednesday morning, with all

reports received by the sheriff's office within a few minutes before or after 8 a.m.

Sheriff's investigators theorize that the Farm Equipment Company was the first to be burglarized and that Bill Wells was next, because there were oily footprints in all but Farm Equipment and they found where a puddle of oil had been stepped into in the Chevrolet garage.

They further advance the theory that the intruders are from out of town and approached Morton from the east, as that is the logical progression by location indicated for the four firms that were burglarized.

One deputy reported that gloves were probably used by the burglars, due to the lack of fingerprints and markings found resembling a glove imprint.

The incidents will be under continuous investigation until something definite turns up, the sheriff stated.

District and annexing to another district. Although the majority wanted to be annexed to Three Way, some expressed wishes to be annexed to Morton or Littlefield.

The Bula School Board was in favor of the annexation to Three Way as was the Tree Way School Board as Three Way has sufficient means to take care of the additional students.

The Bula School Board passed a resolution asking for annexation and brought it to the County School Board who has authority to annex districts when the people request it. This is a legal method and does not have to be done by an election.

Bula asked the County School Board to annex it to Three Way and the Three Way Board brought a similar resolution stating that they would receive the Bula students.

At the Tuesday meeting, two other petitions were presented, one requesting that a portion of the Bula School District be detached and annexed to Morton, and the other asking that a portion be detached and annexed to the Littlefield district.

Tuesday afternoon, the County School Board voted to annex the entire Bula School District to Three Way. They also set a meeting date for April 15 to give consideration to the other two petitions for detaching portions of the district.

Williams had an outstanding year until the first game in the last half of the district when he went out for the season with a broken arm.

He scored well over five hundred points and set an all-time school one year record in rebounding with a total of 396. He did not play in the final three games of the season.

**POST**

concern of theirs. The broadcast media seems to be especially vulnerable to this syndrome. They seem to consider only the present moment is important, and anything they say today will be forgotten by tomorrow as it usually is. If they should somehow be right, then they will be applauded in great measure — if they are wrong, forget it, because they certainly will as quickly as they thought of it in the

first place.

Listen very closely in the next few days to your local television station that worked this incident so hard, and we will bet you that you will hear not one more word on the subject.

In other words, their hoax is ended, and they are now off on other pursuits.

And then there was a near-by newspaper (approximately 25 miles to the east) who published a picture and outline of a Little Dribblers basketball game stating that "The Roadrunners defeated the Hawks by a score of 45-1 — in double overtime."

We feel we have a right to wonder what kind of rules they are using.

Way down south — Bledsoe, that is — there comes word of a hazard to the daily routine and lesser amenities of life that gives one pause to reflect — especially when on their way to the bathroom — (just one of those amenities.)

It seems that the folks at the Denny Ranch were in the throes of spring cleaning of the ranch bunkhouse when one of them lifted the lid of the commode and received a clear and urgent call to evacuate the premises. Seems a rattlesnake — of no small dimensions — had occupied that territory and was not about to be displaced, signalling that fact with his very numerous rattlers.

Needless to say, the cleaners beat a hasty retreat and the snake was handled by some brave neighbors — Nope, your wrong, it was not flushed back down the drain from whence it came — They had to dispatch it in the normal fashion.

Our only object in bringing our readers this message is not to upset, or cause you any anxiety, but to remind you that it would perhaps be a little bit in your own interest to look before you sit — "Lest thou feel the sting of the Asp upon your, uh, exposed person." Just one more hazard of living in Texas' Last Frontier.

Perhaps we should quit now, while we are "behind." And that's just what we are going to do.

**Used Tires Needed**

The Headstart Kindergarten is issuing a call for used automobile or pickup tires to convert into playground equipment. Anyone who has tires they would like to donate may leave them in the fenced area of the kindergarten or call Betty Lyon 927-5344 or Iva Williams 266-5688 and they will make arrangements to have them picked up.

**Interest on Vets Home loans reduced**

The maximum interest rate on Veterans Administration GI home loans was dropped from 9 per cent effective January 21, 1975, it was announced by Richard L. Roudebush, Administrator of Veterans Affairs.

Roudebush, who established the lower VA rate after consultation with the Secretary of Housing and Urban Development, noted that the reduction was the second since last November 24 when the maximum interest rate was 9.5 percent. The new 8.5 percent rate will also apply to FHA home loans, he added.

The 8.5 percent rate is the lowest since April 1974 when the rate was increased from 8.25 to 8.5 percent. The rate was increased to 9 percent last July, then to 9.5 percent last August, and then was cut to 9 percent effective November 25, 1974.

The half-percent decrease would mean as much as \$9.90 per month savings to the typical veteran home buyer, and over the 30 year life of a \$27,500 VA loan, the total saving could be as much as \$3,535.

The VA Administrator said the VA home loan market was greatly expanded under legislation approved by the President December 31, 1974, when more than four million veterans whose GI home loans have been paid in full and the home disposed of became potentially eligible for new loans guaranteed by VA.

The legislation also increased the maximum VA loan guarantee amount from \$12,500 to \$17,500, authorized loans for the purchase of mobile home lots, increased the amount of mobile home loans and broadened the possibilities for guaranteeing loans on one-family condominiums.
