## Lt. James L. Nutt Awarded Air Medal

Fifteenth AAF in Italy — 2nd Lt. James L. Nutt, 21 year old son of Mr. and Mrs. R. G. Nutt, of Rt. 3, Brownfield, has been awarded the Air Medal "for meritorious achievement in aerial flight during sustained operational activity against the enemy," according to an announcement from the 15th AAF headquarters.

Lt. Nutt, a bombardier aboard one of the heavy bombers, has participated in numerous bombings of strategic German-held targets in Europe with his Liberator bombardment group, commanded by Col. Horace D. Aynesworth, of San Anselmo, Calif. He has been serving with the air forces since January, 1942.

Graduate of the Union high school, Lt. Nutt is a former employee of the Western Pipe and Steel Shipbuilding Co., of San Francisco, Calif.

## Cold Spell Wipes Out Fruit Prospects

There is no question but the fine prospects of a fruit crop went glimmering Tuesday night. In fact, a lot of the leaves on the trees, especially black locust, will have to come again. Chinese elm seem to have with stood the blast better.

The freeze seems to have kinder slipped up on us. Little was said in the daily press or radio about a freeze. But the knowledge that it was on its way would not have helped a great deal.

Herman Heath reports that the lowest places registered Wednesday morning was a fraction under 24, and Thursday morning it had shot back to 32, barely freezing.

## CAR REGISTRATION INCREASED OVER 1944

Tax Collectors office reports a slight increase in motor vehicle registrations for 1945, over 1944.

There were up to April 1st, 3047 registered in the county as compared to 2828 same time last year.

Mrs. K. Martin Kirschner left Saturday to visit in Tulsa, Okla., for a few days.

## Better Check Your Driver's License

Austin, April 4.—Approximately 250,000 persons driving motor vehicles in Texas do not have valid operator's licenses, Director Homer Garrison of the Department of Public Safety said today.

It isn't a deliberate, wholesale violation of the law, Garrison observed. It's simply the result of drivers failing to observe the expiration dates of their licenses.

J. B. Draper, chief of the Drivers License Division, reported that sporadic renewals create a difficult labor situation in that division, and urged motorists to check the date stamped on their licenses. Ordinary operators licenses expire two years from issue; chauffeurs' and commercial operators' licenses, one year from issue.

Application blanks are available at Drivers License and Highway Patrol offices, courthouses and some city halls, fire stations, and service stations.

## Judges Visit Austin On Road Bond Refunding Business

Judge C. L. Lincoln with several other County Judges of adjoining counties, were in Austin this week, working for the re-enactment of the Road Bond Assumption law, to extend and take up road bonds of this territory.

This law was first enacted in 1933, whereby one per cent gallon of the gasoline tax was appropriated to take up county road bonds, up to that time. It was re-enacted by every Legislature including 1939, extending the dates to each time. Several west Texas counties voted bonds in 1940, built and paved the roads with justified expectation the legislature of 1941 would do likewise, but it failed to do so. Nor did the one in 1943.

So west Texans are still paying the one cent tax, which pays off the bonds of East Texas, which had been voted at that time, but we have to pay for our bonds on local property taxes.

That's why its time for Legislative redistricting.

## Tri-County Show at Seagraves Saturday

The Annual Tri-County Stock Show, is being held at Seagraves, to-day and tomorrow. It features dairy cows, hogs, and beefs, and breeding cattle. J. D. Strickland of the Tech college, is to judge the animals. F. F. A. classes in judging will participate.

Premiums and ribbons will be awarded. Walter Todd of the Seagraves schools, has charge of registrations.

Anyone living in Gaines, Yoakum or Terry counties are invited to enter their livestock for the exhibit.

Mr. and Mrs. M. J. Craig received a letter from their son, Cpl. M. J. Craig Jr., stating that he had landed safely somewhere in England. He is a gunner on a B-24. They also received a letter from their other son, Robert Lee, who is somewhere in the Pacific stating he was still O. K., and being well fed now.

## NOTICE

## Pvt. Ewell McCrary Wounded in Action

In a letter received recently by his parents, Mr. and Mrs. L. E. McCrary, of Route 3, it was learned that Cpl. McCrary had

Cpl. Ewell McCrary

been wounded in action in the battle of Iwo Jima, not seriously, however. This was his third major battle and the second time to be wounded.

Cpl. McCrary has been in service over two years, across 14 months, and has received the Purple Heart. His parents and a sister, Louveda, reside 2 miles southwest of town. He received his education in Brownfield.

## Red Cross Quota Now Nearing Top

A special meeting of the Red Cross workers met Tuesday, to put forth that last "heave" to push the drive over its quota.

They only lack \$500.00, and the committeemen sincerely urge the public to respond with this sum, this week.

## Hancock to Head Tahoka Schools

Like a bolt of lightning out of the blue heavens, came the announcement in the Lynn county News last week that E. E. Hancock, of this city, had been elected to head their schools. Less than two years ago, the announcement had come that he was resigning from the local schools.

At that time he stated that he wanted to get into some kind of business, where no changing would be expected, and as Brownfield suited him for permanent residence, he was becoming part of the personnel of a local dry goods firm.

So, we thought that all settled. But wise men change their minds. Mr. Hancock is one of the best school men of this area, and Tahoka can feel justly proud in landing him and excellent family.

## Cpl. Buster Beck Killed During Flight Returning Home

Mr. and Mrs. J. M. Beck received a telegram Monday afternoon from the War Department, stating that their son, Corporal Buster Beck, had been killed in flight on a transport plane, in the India territory, while enroute home on a furlough. They received a telegram about a month ago, that he was missing in flight, since Feb. 4.

Corporal Beck was with the Anti-Air Craft Machine Gun Company, and had been stationed in China about thirty months. He finished high school in 1939, and went into service December 5, 1940.

His fiancée, Miss Mickey Booth of Prague, Oklahoma, arrived here to visit his parents, Tuesday. Mrs. Beck's parents, Mr. and Mrs. J. E. Huckaby of Lorenza, also came in Tuesday to visit several days.

T/5 J. D. Oliver, son of A. A. Oliver of Rt. 1, has recently had a furlough in Paris from Germany. He sent his sister, Miss Ivy Belle, who works at Noel's Tailors, and his parents, a box of gifts from Paris.

## Plans Announced For Battle Experienced Sailor Visits Herald

We had the pleasure of a visit last week from Coxswain E. W. (Wade) Turnbough and

Coxs. E. Wade Turnbough

Lubbock, Tex., April 3.—Plans for the Area Interscholastic League meet to be held at Texas Technological College April 13-14 are complete, according to R. E. Garlin, head of the department of education and director general of the meet.

Events include declamation, debate, ready writing, extemporaneous speaking, one-act play, shorthand, typewriting, number sense, slide rule contest, and various athletic contests.

In the list of class B high schools, District 9: Brownfield Junior High, Meadow, New Home, (Tahoka) Pep, Plains, Ropesville, Southland, Sundown, Union, (Brownfield), Wellman, Whiteface.

All literary contests will be concluded on the first day (April 13) in order to make it unnecessary for such contestants to return the next day and thus save on travel. Athletic events will require most of the second day.

All entries must be certified to the Director General by April 3. Copies of the official program will be mailed to the superintendent of every school eligible to compete.

Certificates of award will be issued to first and second place winners.

Registration will be held in the lobby of the Administration building from 8 to 10 the morning for Fri., April 13. Entry fee is 25 cents upon payment of which an official contestant's badge will be issued. No contestant can enter contest without badge.

Schools may register contestants by mail by sending entry fees and receiving badges in return.

College buildings will be open to visitors.

All classes will be dismissed in the Administration building between 10 and 12 o'clock, Friday, April 13. At other hours only those classes will be dismissed where the rooms and instructors are needed to conduct the contests.

## Terry Roll of Honor Board Extended

The Terry county Roll of Honor board on the north side of the court house lawn, which at the time of construction seemed large and long, has been extended ten feet on the west, to accommodate 150 more names. There is now more than 1500 names of men now in service, on the Roll.

So far there is shown 33 names of those who have paid the great price of this war. About 25 WAVES and WAACS. The management of the Roll point out they have to depend largely on relatives for information as to induction, and deaths, as there is no local records.

Such information may be given to J. D. Miller, H. M. Pyeatt, E. G. Akers, or R. A. Simms.

## Terry Mothers Given Sons' Medals

At formal ceremonies held at LAAF Field Saturday, among a number of medals given posthumously to the mothers of boys in service, were Mrs. J. M. Burleson of Meadow, for her son, S/Sgt. James M. Burleson, missing since last August, and Mrs. John H. Overman, also of Meadow, for her son, Wm. R. Overman, killed in action.

Also Mrs. Wm. E. Owens of Littlefield, for her son, Lt. Alton L. Owens, killed in action. Owens attended school at Union and Brownfield prior to entering the military service.

Fonzie Gressett, with the Q. M. C., in the army at Camp Lee, Va., is here this week visiting his wife, who has been in the hospital for some time for a major operation, and his two children. His brother, V. R. Gressett, is in France and has just recovered from battle wounds.

## Palace Drug Store Changes Ownership

G. S. (Doc) Webber and I. M. Bailey announced early this week the sale of their stock of drugs and fixtures of the Palace Drug store, to Barney Greathouse and Arthur Nunn, prominent druggist of Midland. The new owners took over Tuesday. Mr. Nunn with his wife and two children will move here, as soon as a dwelling is available. Neither Webber nor Bailey announced their future work, more than first taking a much needed rest.

The store will continue operation at the same old stand in the building owned by Webber and Bailey. The consideration was not announced, but this is one of the largest and most modern equipped drug stores on the south plains.

G. S. Webber and family moved here from Oklahoma, in 1923, and purchased a drug store then in the rear of Brownfield State Bank building. A few years later I. M. (Ike) Bailey became interested in it. They moved to the buying the present building from the Holgate-Enderson Hardware Co., and extensively re-modelling the interior. Both are prominent in business circles.

The buyers are successful druggist and business men of Midland.

## LIGHT VOTE CAST IN THE CITY ELECTION

Only 34 votes were cast in the City election held here last Tuesday. All were for M. J. Craig, R. L. Bowers and C. J. Smith for aldermen, and each a re-election.

Kyle Graves and W. B. Tudor, aldermen, Jesse D. Cox, Mayor, Roy Moreman, city marshal and Herbert Chesshir, secretary, were holdovers.

## SIX TEEN AGERS REGISTER DURING MONTH OF MARCH

The following Terry county boys, becoming eighteen years of age during March, registered with the draft board:

Raymond C. Carroll, Connie Mack Barton, Christobal Geuitze, James E. Hester, Donald E. Walker and Roy C. Cypert.

## NINE MEN INDUCTED INTO SERVICE LAST WEEK

Nine men from Terry county were accepted and inducted into military service last week. They were:

Warren A. Funderburk, George Hubert Hinson, Lester R. Snow, Walter M. Puryear, Conley E. McGuire, Walter B. Paschal, John B. Wilson, Wm T. Griffin, Hubert A. Colbert.

## Officers Recover Stolen Car; Arrest 3

Patrolman Summerfield and city night officer, Cliff Fitzgerald, apprehended three suspicious youths, two of them 17 and one 22 years of age, here Wednesday night. Investigation led to a Ford sedan car, stalled in sand, on a crossroad west of town. It had been stolen from a lady in Durant, Okla., a few days before.

They also had her food and gas ration books and social security card. Officers from Oklahoma are to arrive today for the boys. They signed confessions and waived extradition.

## WILLIAM D. REDFOR, RADIO OPERATOR IN IRELAND

Housewives and others, who have tried canning with synthetic rubber rings, find that they give a bad taste to the fruit canned, perhaps leaving an odor and taste of oil from which synthetic rubber is made. However, it is reported that scientist are now working to eliminate the bad taste of the rings. And, American scientists hardly ever fail on things they undertake in real earnest.

That old phrase, "because of race, creed or color" is sure being overworked. According to The Yoakum County Review, the Maryland legislature has passed a law forbidding anyone to do or say anything that would reflect on anyone, "because of his race, creed or color." A lot of this rot is being used for a political football, especially in portions of the north where the negro vote, or in some cases, Jewish and Italian hold the balance of power, politically. As The Review suggests, possibly it will stop a lot of negroes from bemoaning southern white people in their papers, as it is a darn poor rule that don't work both ways. Southern white people are the best friends, and we mean friends, the negro has or perhaps ever will have. They just don't use him for his vote.

According to the A. and M. College, Don M. Jones of the Lubbock Experiment station predicts that the farms and farmers of this section, within the next few years, are due many headaches as their windbreaks and hedges grow, and are going to have a real battle between crops growing in the nearby fields, and the roots from the hedges to obtain their prorated moisture. He could have added that another battle underway would be Johnson grass vs field crops. Many fields of Terry county are now being ruined, so far as crop production is concerned, of Johnson grass. To say the most of it, this grass is but a second or third rate pasture, and

Chickenpox Can Be Serious

Austin, Texas, April 3.—With the incidence of chickenpox and mumps more than 50 per cent higher than records indicate for a seven year median, Dr. Geo. W. Cox, State Health Officer, issued a statement today declaring, "It is a great mistake to treat even light cases of measles, chickenpox, mumps, scarlet fever, or any other of the communicable diseases of childhood as though they did not amount to much. That sort of treatment makes it possible for these diseases to spread and cause serious outbreaks among children and their resultant impaired resistance makes them easy victims to other forms of infection.

"Some of the most serious outbreaks of chickenpox which we have had, have been traced to mild cases—that is, to cases too light for the doctor to be called. In some instances the children have continued to go to school and to associate and play with other children. In others, after they have been kept at home for a few days, they have returned to school and have scattered these germs around among their school mates. Eventually a group of cases—sometimes very serious ones—have developed from the carelessly-handled mild cases. The result was another epidemic that could have been prevented."

The State Health Officer said that the family doctor is the best judge of the seriousness of such childhood diseases, and suffering and anxiety will be avoided if the child is put to bed, and a doctor's advice sought and followed.

Mrs. J. J. Jowers is up from Haskell to see Johnnie Fitzgerald, who is having a leave before being sent over. Mrs. Jowers and Johnnie's mother are sisters, and Mrs. J. came in to renew for their Herald while here.

Mrs. Lawton Nicholson and David, left Friday morning to spend several weeks visiting in Fort Worth.

Charlie Shewmake and daughter, Louise, of San Francisco, left Monday after spending several days with Mr. Shewmake's father, J. R. Shewmake, 516 North 5th, who has been in ill health for some time.

STILL WANTS HERALD VISIT THEM

A letter and remittance came in last week from Mrs. R. T. Graves, of Elkins, N. M. She lost her husband a few months ago, who owns property here, and who was always a constant reader of the Herald.

Mrs. Graves states she enjoys reading the Herald, and wants it to continue its visits in her home. She says the Brownfield people have always been nice to her late husband and the entire family.

Mr. and Mrs. D. H. Coldiron and Mr. and Mrs. W. S. Crow and daughter, Joy, of Friona, visited Sunday with Mr. and Mrs. Roy Jenkins. Mrs. Coldiron and Mrs. Jenkins are sisters.

Mrs. Laura Wharton and baby are visiting friends and relatives in Amarillo, this week.

ANYTHING FROM A SET OF PLUGS TO A "MAJOR OPERATION"

At the first sign of an ailing tractor call on us. You can be sure of expert, professional care for any piece of your equipment when you bring it here. Farm machines are our business. This year they are more important than ever to the war effort and we are working with all our might to keep the greatest possible number of them in good running condition.

More new Farmall tractors and McCormick-Deering implements are now coming from the factories. If you need new equipment and haven't placed your order, now's the time to do it.

In the meantime we're ready to supply you with expert service and genuine IHC parts—anything from a set of plugs to a "major operation." And we guarantee the work will be done to your satisfaction.

Mr. and Mrs. Jess Smith and Mr. and Mrs. D. P. Carter left Wednesday to visit in California.

T Sgt. Tom P. Hart of Big Spring was a weekend visitor of Miss Patsy Carter.

**MRS DALLAS LOSES RELATIVE IN CALIFORNIA**

Judge and Mrs. W. H. Dallas were informed Monday of the death, Saturday evening, of Mrs. Dallas' sister-in-law, Mrs. Henry Halley, over 80 years of age, at Los Angeles. She was buried in the famous Forrest Lawn cemetery of that city, Wednesday.

Mesdames Queenelle Flache and Earlene Olson of Brownfield, and Mesdames Ruby Nell Clapp and Brunette Harper of Lubbock, spent the holidays in Santa Fe, New Mex.

**H. O. CLAUNCH DIED FRIDAY**

H. O. Claunch, for many years engaged in cafe work here, died at Archer City, last Friday. He had been in failing health some time.

He is survived by his wife, who resides in Lubbock, and by one son and one daughter.

He was buried at Plains, Monday.

Miss Frances Rambo of Texas Tech, spent the Easter holidays with her room mate, Miss Sherry McIver, in Honey Grove.

**Baptist Church News**

The Pre-Easter meeting in this church closed Sunday evening when 25 candidates were baptized and 8 more are approved for baptism at a later date, and 12 were received into the church by letters from other churches.

The attendance last Sunday at the church school was 584, the largest actual attendance in the history of the church, falling a little short of the goal of 600, for which they sought.

Especially large attendance last Sunday almost filled the large church auditorium.

The preaching was by the pastor, Rev. A. A. Brian, and the singing was conducted by the singer evangelist, D. C. Hamilton, of Vernon.

The meeting is considered very successful for a one week campaign, and it is hoped that the singer can again visit us as the people liked his manner of singing the old gospel hymns.

A regular increase in the study of the Bible each Sunday morning is anticipated.

**CHALLIS CHURCH**

An enjoyable Easter program was held at the Challis church, Sunday. Rev. Lancaster of Plainview, conducted the morning service on the subject of Stone Rolling.

Lunch was spread at noon, followed by an afternoon program and egg hunt.

Sunday April 8th, will be regular service day, with services at 11 A. M., and 8 P. M. Everyone is urged to meet with us in these services each Sunday and assist in carrying on each individual part for the glory of God's work. Wm. G. Guest, Pastor

**SCUDDAY HD CLUB**

Mrs. V. B. Herring was hostess to the Scudday Home Demonstration club last Wednesday afternoon, March 28th, to five members and Miss Reast.

Miss Reast and four members made a dress form for Mrs. V. B. Herring, and will say to the ones that did not come, they missed some very interesting work, and if anyone would like a form made, come to our club and the members will be glad to help you.

Refreshments were served to Miss Reast, Helen Lackey, Mesdames Walt Lemons, Olan Herring, A. H. Herring, Parker and the hostess.

**Reporter**

And Mrs. A. H. Daniell writes in from Pueblo, Colo., stating that they (she and Capt., (Dr.) are missing the Herald badly, and decided it was out and sent in for another year. Now Mrs. D., remember we never was good on mind reading, and we have to have an address to send the paper to. You failed to furnish us an address all the time you were at San Antonio.

Our old friend R. E. Suggart, of Personville, Texas, is up shaking hands with old friends. He, as usual paid the Herald a short call, but found us very busy both times. Now, he does not especially like the Personville section; worn out, but when a fellow gets too old to do much of anything, one place is about as good as another, R. E. 'lows.

H. D. Heath Sr., prominent rancher of Yoakum county, staged an auction sale here Saturday, disposing of nine young Hereford bulls, raised on his ranch. They averaged \$200.00 each.

**Counting Days Until Can Come Home**

Many folks who have never lived in big cities imagine it is something like the story of the faries on the lawn, and folks who have left the wide open spaces here are longing to get back to west Texas, and Terry county in particular. Among this number is Miss Eloise Sanders, who with the family left here in 1942 to go to Dallas to go into war work. Many here will remember Eloise and many others, perhaps, who have sojourned to the larger centers to help build war planes and ships and guns or munitions of war to whip the Axis. But like Eloise, many of them are getting fed up on their surroundings and want to come "home." They, like Eloise, are almost counting the days until they can come. Many are keeping touch with old friends by the weekly visit of the Herald. The Sanders family is one such.

Here is the schedule for Eloise: "I leave home at 6:30 A. M., still dark, and get back at 6 P. M., and when I get home I think I will send in my renewal, but I want to rest. Maybe tomorrow night. I don't want to miss a copy of the Herald." She won't, for her renewal came in soon after a notice was sent her. Now, here's another thing that people from this section don't like about the Dallas area:

"It has rained here until everywhere you look there is water, and the old Trinity sure gets wide at times, and this is one of the times. I would really like to see a real old Terry county sandstorm."

Like most young people, Eloise can keep up with her friends and acquaintances in service, where they are, and when they visit home. That is news that friends don't write her.

Old Joe Eudy, way out there in Oregon, gets mighty lonesome for news from the old home town paper, and always gets his money in just ahead of expiration date, as Joe always wants to see what the Old He had to say. We hope that when the war is over that a lot of our wandering sons, fathers and families may return home.

Looking Ahead

President—Harding College Searcy, Arkansas

Marred Monuments

The most pathetic piece of statuary I ever saw was a 92-foot image of Rameses II, flat in a jungle, shy an arm and a leg and all but lost. It weighs countless tons. Uprighting it baffled Egyptian engineers for centuries. I am no art critic but I was impressed most of all by the skill and devoted craftsmanship still showing on the weathered stone. Its helplessness was depressing.

Monuments resemble reputations. They can be damaged beyond repair by commonplace things, soon forgotten. Storms too trivial to have a name can, in a few short hours, undermine huge foundations and leave stalwart landmarks buried in dirt. There are only two factors involved, whether you view it literally or figuratively: How sturdy is the structure? How fierce is the storm?

Noble Intentions

Looking with a sort of pity at the supine figure, a relic of Moses' day, my thoughts raced back to a well-learned chapter of American history. As a youth I almost wept over Andrew Johnson, a truly great man. Before he was many years dead, the things he advocated were proved, in the light of actual events, to be sound and right. But Tennessee school children were forgetting his name.

By birth a Southerner and by allegiance a Democrat, Johnson was an independent thinker who wanted the United States to stay all in one piece. He wanted to carry out most of the policies that Abraham Lincoln had established, but he couldn't. Maybe Lincoln could have succeeded with the 1856 postwar problem; maybe nobody could. History shows only this: A great man's reputation scaled down; all but lost.

People the Same

In my high school years I had imagined that President Johnson's misfortune was primitive, too crude for my enlightened time—but not so. In a few years it became our unhappy lot to watch Woodrow Wilson, one of the grandest characters America ever produced, racked on the same bed of torture: postwar prejudices, a divided party, a Congress he could not manage, and some personal traits wide open to ridicule.

President Johnson had amazing foresight and a will that would not be walked on. We know that now. He opposed the people's representatives and his place in history was carved for an unsympathetic crank. President Wilson had vision unclouded by prejudice, vision that overreached his century. But Wilson's contemporaries called him a dreamer and painted out a name that should have brightened the pages of history.

Might Have Been

President Wilson's 1920 postwar plans for revamping Europe (called so visionary), if they might have been backed by other men of his day and political station, could have made World War II unnecessary. More than a trillion of dollars and millions of lives might have been spared. But avaricious rulers couldn't see the vision any better in Wilson's day than in Johnson's day, or today.

Through lenses fashioned from the past, we can watch history repeating itself with alarming fidelity. Storms lower again over postwar problems. National figures with international ambitions are liable to forget their responsibility to the representatives of the people. We face another unpredictable struggle, and we may as well be ready to watch some high images fall, never to rise from the silt of oblivion.

# I GIVE YOU TEXAS

Josh Billings said, "Remember the poor—it costs nothing." And he also remarked, "There is two things in this world for which we are never fully prepared and them is—twins."

Recently, we told some Cotulla legends about O'Henry, as gathered by Deputy Sheriff John Wildenthal. To him, we are indebted for an interesting little incident about Will Rogers. He met the cowboy humorist up North somewhere and mentioned what his home town was.

"Cotulla," exclaimed Will. "That's where I'd like to settle down—a place where you don't need a lawyer." And he then re-

lated an occurrence when he was in Cotulla about 1906 with a small Wild West show. Two ranch owners, who had been having a controversy about some land, met in the town and a fight resulted. They were big fellows and the scrap was a dandy. When it was over, they shook hands and that was the end of the argument about the land.

"That was probably the cheapest settlement of a case there ever was," Will chuckled.

## COTTON OFFERS YOU MORE OPPORTUNITY TO SAVE LABOR!

Labor-saving machinery will be used on thousands of Cotton farms this season. Mechanical Cotton choppers—flaming machines to control weeds—homemade sleds, strippers and pickers made by farmers, or local blacksmiths, and machine shops—plus pickers that manufacturers are developing—will help to harvest this season's crop.

You can make use of your own machinery, as others are doing, to handle your Cotton crop this season; and, in addition, the U. S. Department of Agriculture says: "By harvest time, more labor is expected to be available." BUT, REMEMBER, FIRST YOU'VE GOT TO PLANT THE CROP AND DO EVERYTHING POSSIBLE TO INSURE MAXIMUM PRODUCTION.

# Partners IN THE WAR EFFORT

The farmers of America are doing one of the greatest war production jobs in the nation by supplying the vast quantities of food needed by us and our valiant allies. To accomplish this, telephone service has aided them in numerous ways. And, we are proud to say we gave them that service, despite difficulties.

If you need a telephone, and you are on a farm line, the chances are you can qualify for installation of service. There is still some equipment available for those rating a government priority. Why not come in and find out if you can obtain a telephone to help you in your war effort?

**TEXAS FARMS HAVE BETTER WINTER INCOME**

Austin, Texas, April 3.—"A much larger percentage of the annual farm income in Texas is now being received during the winter months than was true in the late '20's," Dr. F. A. Buechel, economic analyst with the University of Texas Bureau of Business Research, reports.

"As a result of the growing importance of winter fruits and vegetables, the February 1945 index was 352.2 per cent of that in the period 1928-1932," he said.

Income from agriculture in Texas during February was more than \$57,000,000, as compared with \$50,000,000 in February 1944—an increase of 14 percent, the Bureau reports.

Daily petroleum production in Texas was higher in February, with an average of 2,147,350 barrels, as compared with 1,911,300 barrels daily in 1944.

Lumber weekly production per unit was 194,041 board feet. Average weekly shipment per unit in February were 203,118, somewhat less than the average shipment of 217,092 board feet per unit in February 1944.

Seventy domestic charters were granted in February, with capitalization of \$526,000. In February 1944 there were 48

**NEW UNIVERSITY OF TEXAS VICE-PRESIDENT**

Austin, Texas, April 4.—Dr. J. C. Dolley, professor of banking and investment, has been elected vice-president of the University of Texas.

For the past six months Dr. Dolley has been on leave of absence to serve with the Dallas Federal Reserve Bank as economic advisor and statistical research director.

A native of Illinois, Dr. Dolley has been on the University staff since 1928. He has been an active leader in the banking and investment field in Texas and the South, working with the Texas Bankers Association in conducting an annual educational conference for bank executives at the University and lecturing at similar bankers' schools in other states.

He has written extensively for professional journals in the banking and investment field, and is the author of the textbook, "Investment Principles," published in 1940.

firms chartered at \$844,000. Ten foreign corporations were chartered, and there were 14 in February last year.

There were no commercial failures in February, the Bureau reported.

**Terry County Sunday School Attendance**

The Terry County Ministerial Association, at its last meeting brought up and considered the matter of having all Sunday Schools in the county report every week on their attendance. It was felt by those present, that this would encourage Sunday school enrollment and attendance. The undersigned was appointed to collect these reports, and have them published through the newspapers of Brownfield.

It was decided that reports would be on a percentage of enrollment basis. In this way, the small Sunday school have as good chance to make a good showing as the larger one.

Now, we are just getting started in this, so that not many have their reports in hand last week. Many do not know about it, even. Post cards will be furnished to all Sunday schools willing to send in reports. Also, these must be in on Monday or Tuesday of each week, in order to get them published.

Please, let this be a unanimous movement! Let us put Terry County "On The Map," as it were in the matter of Churches and Sunday schools.

Please note: The reports last week, in some instances, were estimated, and may not be correct. In the future we hope to have an accurate report.

*You're so smart... you tell me!*

A lot of troubled car-owners would probably like to echo Junior's words. They're the patriotic motorists who want to take the best possible care of their cars... who want to be sure to get a fine quality motor oil. They say, "We know we should use a quality oil. But how can we tell which oil is fine quality?"

If you also wonder how to pick a quality lubricant... Phillips comes to the rescue. Gives you one easy way to make certain of getting quality motor oil.

Just read this simple, frank statement: Phillips offers many oils because preferences and pocketbooks vary. But if you want our best oil, we tell you that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the lubricants Phillips offers to car-owners like yourself.

Warmer weather is on the way. So when you change from winter-worn oil... get quality by asking for Phillips 66 Motor Oil.

**Local Nurse Caring For the Wounded**

With the Fifth Army, Italy.—Second Lieutenant Lillie Avirett, nurse, general duty, whose mother, Mrs. Lillie Avirett, lives in Brownfield, Texas, is a nurse in the Fifth Army's 94th Evacuation Hospital, which looks back on a long list of forward locations and a record of highly efficient service since landing in Italy on the beaches of Paestum September 16, 1943.

Since then, this veteran medical unit has been providing expert treatment for Fifth Army wounded and sick all the way through the Italian campaign to the Po Valley.

Originally activated on June 1, 1941, as the 63rd Surgical Hospital, the unit was redesignated the 94th Evacuation Hospital on August 25, 1942, at Fort Oglethorpe, Ga., where it per-

formed garrison duties.

The 94th arrived at Oran, Algeria, on May 11, 1943, setting up tents in its first overseas location at Perregaux.

After arriving in Italy and going into position at Battipaglia, the unit personnel once worked 40 hours without sleep and 18 and 20-hour duty became routine as casualties were brought in from the front.

Mrs. J. H. McDonald writes in from Muleshoe, enclosing the the "mazuka" to get the Herald across to her son, Pfc. J. J., who like our own son, is in Hawaii. While the families may have moved away, the boys that grew up here do NOT want the paper from the new town.

Cpl. George L. Jenkins left Monday afternoon for re-assignment in Fort Bliss, after spending a furlough in the home of his brother, Roy Jenkins.

**Bass Gets to See Lots of Water**

J. C. Bass returned last week from a visit to his birth place back in eastern Alabama, near the Georgia line. This was his first trip back there in more than forty years. And, of course it looks nothing like it did then. Fields he expected to see in crops he says are now covered in pine forests, some of the pine almost two feet in diameter.

He came home via Memphis, Tenn., and got to see Old Man River on its spring jamboree. Sam says he saw more water than all his life so far as he can remember. And he remarked: "Josh you sure get high in the air crossing that bridge at Memphis, and a lot of water to drop into down below. But those birds that live there paid no attention to it."

Miss Christene McDuffie spent the Easter holidays in Graham, with a friend, Miss Mary King.

One fife and one drum made up and won the battle of San Jacinto, against the Mexican Army in 1863. The band played but one tune, "Come to the Bower."

**Time to Act Now**

There have been countless schemes proposed to provide nationwide medical and hospital services on a scale never before dreamed of. Granting that the motives of all such efforts are sincere, the fact remains that neither money nor laws alone can buy health. American doctors have been giving our nation improved medical practices at a rate not equaled elsewhere in the world. But they now face conditions beyond their control.

The March 10 issue of the Journal of the American Medical Association points out that "the Council of Medical Education and Hospitals are repeatedly urged the necessity for changes in the present policies of governmental agencies, including Selective Service System, having to do with the education of pre-medical students." It shows how the regulations now in force threaten the supply of doctors.

Official notice of this threat is now taken by Senator Allen J. Ellender of Louisiana, who has introduced Senate Bill 637 which includes provisions for deferment of and adequate number of pre-medical students, and for the deferment of such numbers of medical students as will be sufficient to supplement civilian sources of students to assure full classes.

It is evident that unless something like this is done, not only the Army and the Navy, but our civilian population will face a dangerous shortage in medical men. The profession is now being depleted by about 4,000 deaths and an unknown number of retirements annually.

Competent doctors can not be created in a day, and we will be showing poor gratitude to returned veterans who are injured, if they find a scarcity of competent doctors to meet their needs, not to mention the importance of such doctors for our civilian population.—Ex.

**SGT. JAMES L. BEARDEN AND MISS LEILA HICKS MARRY IN LUBBOCK**

The wedding of Miss Leila Faye Hicks, daughter of Dr. and Mrs. I. W. Hicks of Lubbock, and Staff Sgt. James Leighton Bearden, son of Mr. and Mrs. J. H. Bearden, of Brownfield. Rites were read in the chapel of the First Baptist church of Lubbock, March 21, at five o'clock in the afternoon. Dr. C. E. Hereford, pastor, read the double ring ceremony.

Candles in candelabra, fern and baskets of Easter Lillies, decorated the altar. Mrs. Jerry Dye played the wedding music, and Miss Betty Floyd sang, "Because." Given in marriage by her father, the bride wore a gown of ivory satin, designed with a sweetheart neckline and leg-o-mutton sleeves. Her veil was held in place with orange blossoms.

Misses Dorothy Stevenson and Betty Rogers were ushers. Parents of the bridegroom received guests at the reception, which was held in the home of the bride's parents.

Mrs. Hicks wore a blue suit with a white carnation corsage, and Mrs. Bearden wore a black suit with white carnations.

After a wedding trip to points in New Mexico and Texas, the couple will go to Santa Monica, Calif., where he is to report for reassignment.

For traveling, the bride wore a lime green suit with brown accessories. Mrs. Bearden is a graduate of Floydada high school and Wayland college, and was a senior at Tech college.

Sgt. Bearden graduated from Tahoka high school and Wayland college, and was attending Baylor University when he went into the service. He has completed 35 missions over Germany.

Roy B. Collier and family visited his parents at Vernon, over last week end.

**LIFE'S Little TROUBLES**

**-CAN'T SLEEP-**

No need to lie in bed—toss—worry and fret because CONSTIPATION or GAS PRES-SURE won't let you sleep. Be sensible—get up—take a dash of ADLER-I-KA

to relieve the pressure of large intestines on nerves and organs of the digestive tract. Adlerika assists old food wastes and gas through a comfortable bowel movement so that bowels return to normal size and the discomforts of pressure stop. Before you know it, you are asleep. Morning finds you feeling clean—refreshed and ready for a good day's work or fun. Caution, use only as directed. Get Adlerika from your druggist today.

Alligators have extra eyelids—transparent—enabling them to keep their eyes open while under water.

**Lots of Hot Water With Natural Gas**

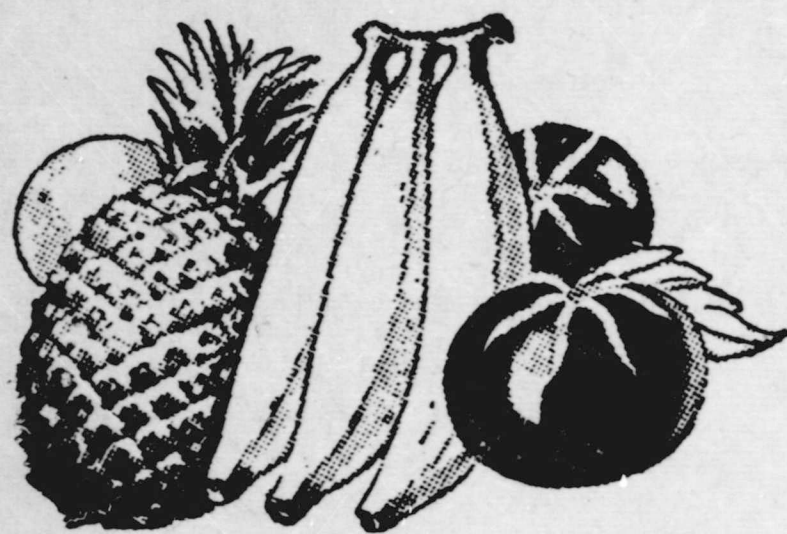

Hot water spells freedom to the housewife . . . freedom from the old-fashioned tea kettle and from the tyranny of an uncertain supply. Hot water makes light work of laundry, dish-washing, cooking, and cleaning, as well as baby-care and health and beauty routines. Every household can afford the luxury of WATER HEATED BY NATURAL GAS. The extra economy and satisfaction of an AUTOMATIC GAS WATER HEATER soon pays for the cost. After the war, look for the embodiment of new ideas in the science of water-heating by gas, and make your plans now to enjoy these benefits.
