

The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

Best Advertising Medium

The Herald subscription list is a splendid blend of town and rural readers, folks who can and do pay for their papers—they do not ask or want it donated to them. Many 30 and 40 year continuous subscriptions.

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

VOLUME 46

BROWNFIELD, TEXAS, FRIDAY, APRIL 6, 1951

NUMBER 37

DONKEY BASKETBALL SLATED IN GYM TONIGHT

The Brownfield Future Farmers of America will meet the men faculty members of Brownfield High School on the basketball court of the old high school gym

at 8 p.m. tonight (Friday) in a donkey basketball game, it has been announced.

Admission to the game will be 30c and 60c, and everyone is cordially invited to attend. Proceeds from the game will defray expenses of the FFA father-son banquet to be held April 16.

The entire basketball game will be played on donkeys, and FFA members will perform specialties "donkey-back" between halves and quarters.

FFA team members include Jerry King, Graves Nelson, Allen Orr, Linwood Howell, Tommy Winn, John Burrows, Edwin Garnett, Dear Murphy, Howard Swann, Martin Line, Jr., Royce Kelly, Robert Bryant, Sidney Al-

Many Attended Special Program

A unit from the Veterans Hospital Programs presented a program in the First Baptist Church, last Monday evening at 7:30. Rev. Fred Stump, pastor, introduced Al Walsh, who had charge of the program. Several Sacred numbers were given by Al and Ivy Walsh and the McGuire Sisters. Then Walsh brought a brief message relating what the Veterans Hospital Programs were striving to do for service men. There are three units which represent this organization. These units present programs in the camps, hospitals, and in churches throughout the country.

In his message, Walsh pointed out that "too many people take the church for granted and have an indifferent attitude toward it. People today have allowed too many organizations to come in the way of the church and many attend only if it is convenient. We must have a spiritual awakening. The very enemies of the church dominate two-thirds of the people in the world today. These forces are even at work in our own nation. The time has come when we have got to make the church a vital part of our life. It is not atomic bombs that will bring peace but the return to the local church and the things for which it stands. If we continue to enjoy the liberties of our great nation we must get back to the church. The church affords many opportunities for service."

Walsh referred to the veterans in the hospitals as "forgotten men". In presenting programs they present the message of the church to the boys and this is the thing these men cling to. "There is no organization in the world that can do the work that the church can do."

At the close of his message those in the congregation were extended an opportunity to make an offering to help carry on the work of this organization.

Rev. Fred Stump dismissed the program in prayer.

JOHN WALLS LEASES BARBECUE PIT HERE

John Walls has announced that he has leased the Barbecue Pit located near the Levelland "Y" on the Lubbock Highway, and is now open for business.

Walls has had many years of experience in the cafe business, and in an advertisement in this issue of the Herald, he invites you to try the Barbecue Pit's delicious steaks, short orders, and Mexican food.

The Barbecue Pit opens at 6 A. M. and closes at 11 P. M., daily.

Much Building Under Way In Brownfield

There are numerous small buildings and residences under way here in Brownfield. Some of the residences are to be quite pretentious. Lee Brownfield, for instance, will build a fine home on East Repetto. There are several others we failed to get names of. Excavation is going forward for the east wing to the old high school building, and material is being put on the ground for the walls.

Foundation is going down rapidly for the new \$250,000 addition to the Terry county courthouse. Also tool houses are being built. Excavation is going forward for the east wing to the old high school building, and material is being put on the ground for the walls.

A. M. MULDROW NAMED TO HEAD ROTARIANS

A. M. Muldrow was elected president of the Brownfield Rotary Club at the regular weekly club luncheon last Friday. He succeeds C. G. Griffith.

Other officers named are John Hill, first vice president; Paul Campbell, second vice president; Griffith, secretary; and Kenneth Purcell, treasurer.

New directors are L. L. Bechtold, Burton Hackney, Tommy Hicks, and Skeet Robinson.

Church Observing Youth Week Here

Youth Week begins in the First Baptist Church Sunday morning. During the morning service all the young people shall sit in a group. Rev. Fred Stump, pastor, shall bring a special challenge to them in his message, "For Such a Time as This." At the close of the service he shall present a key to L. G. Chambliss, Youth Week Pastor, which symbolized the key to the activities of the church in which the youth shall lead for one week.

The Youth directors shall serve in the departments of the Training Union and shall usher and occupy the choir during the evening service. "Christ, Youth's Best Friend," is the theme of the program which begins at 8:00. Two brief talks shall be given by Dale Cary and Miss Willa Johnson on "Christ, Youth's Best Friend in School Life." L. G. Chambliss shall conclude the service with a short message on "Christ, Youth's Best Friend in Every Need."

Immediately following the service a fellowship period shall be held with Miss Erma Nell White in charge.

SMITH MACHINERY IN NEW LOCATION

J. E. Smith has announced in an advertisement in this issue of the Herald that the Smith Machinery Company, 716 W. Broadway, will be closed Saturday, April 7.

The firm will be open for business Monday, April 9, in its new location in the 1100 block, Lubbock highway, Smith said.

Guard Organizing Crack Drill Team

A 21 man crack drill team is being organized within Assault Gun Company, 2nd Bn., 112th Armd. Cav. Regt., Texas National Guard, according to Capt. Sam Privitt, company commander.

The team will have two platoons, with five man squads, and will drill under whistle commands. The group will meet each week, preparing to participate in drill team competitions at Camp Polk, La., in July.

There will be no rank distinction in the team, with all members wearing khaki uniforms and yellow helmets, gloves, leggings, and pistol belts, and bells on boots and guns.

Members of the drill team are Master Sergeant Fred Adams; Sgts. Donald Price, Darwin Cargill, Deryl Walker, Leaford Davis, Donald Gross, Gerald Thompson, Alton Martin, and Virgil Short; Cpls. Melvin Moore, Robert Moore, Bill Benson, and Bobby Line; Pfc. James Billings, Wendell Miller, Billy Green, Leslie Newton, and Willie Holleman; and Pvt. Tommy Proctor, James Acker, and Bill Tankersley.

Sgt. Short, company administrative assistant, is in charge of drills.

CLOTHING NEEDED BY THE RED CROSS

Anyone having used clothing to donate to the Terry County Red Cross Chapter, please bring it to the Court House, Brownfield.

All clothing donated will be greatly appreciated by the needy families of Terry County.

Howdy, Stranger! You Are Welcome

Eight new folks, single, with a wife or perhaps some with a family, came in the past week to make Brownfield their home, permanently or temporarily. But it makes no difference about that matter. While we hope they have come to make this their home, and help develop the country, they are just as welcome if their business does not permit their staying more than just a short residence here. The list includes:

Hughes H. Roberts, from Lubbock; Clyde K. Barr, Post; Eual E. Camp, Seminole; L. G. Eggleston, Post; D. D. Morgan, Lubbock; J. R. Whitlock, Big Lake; Floyd F. Foster, Levelland and Dewey Kilby, former address not known.

Five left for other places, including Lubbock, Childress, Odessa, Levelland and Seminole.

VISITORS HERE FROM GERMANY

Mrs. Nell C. Burnett and sons, Jimmy Franklin, 2½, and Bobby Newmon, 9 mos., visited this week in the home of Mr. and Mrs. George W. Neill. Mrs. Burnett's husband is the grandson of Mr. and Mrs. Neill.

Lt. Burnett, a former Brownfield resident and Cub football star at Brownfield High School, is with the 2nd Armored Cavalry Regiment stationed in Augsburg, Bavaria. He and his family have been in Germany for the past two years.

Following a visit with her parents in Phoenix, Ariz., Mrs. Burnett and her children will fly back to Germany between April 15 and May 15.

Annual FHA Banquet To Be Monday Night

The annual Brownfield Future Home Makers of America club banquet will be held Monday, April 9, at 7:15 P. M., at the Esquire Restaurant, according to Parilee Nelson, club president.

Marilyn Willis, program chairman has announced that two Bulgarian exchange students at Texas Technological College in Lubbock, will present a program of slides, which were made in Bulgaria. The two students will wear native Bulgarian costumes.

Another feature of the program will be the announcement of the selection of the Best All-Around Boy at Brownfield High School by the club members. Candidate are Aubrey Rowden, senior; Bob Ferguson, junior; Royce Kelly, sophomore, and Olin Chambliss, freshman.

Other guests to be present will be mothers of the club members, school administrators, and the club sponsors, Miss Wanda Terry and Miss Dorothy Smith. Approximately 100 persons are expected to attend the banquet.

District Court Convenes Monday

District Court will convene Monday, April 9, with Judge Louis B. Reed presiding.

Several jury and non-jury cases are on the docket for Monday's session, according to District Clerk Mrs. Eldora White.

The new list of petit jurors from which the jury will be chosen are D. A. Dunlap, C. E. Yeatts, Leon Saffell, Dero Trigg, John McCraw, Wayne Goza, Joe Houston, Homer Barron, Paul Blackstock, W. G. Carter, T. S. Doss, Jr., C. R. Williams, H. A. Crowder, J. W. Sherrin, C. E. Hicks, A. A. Slaughter, W. E. Norman, Lee O. Allen, Aarp Farrell, Earl Anthony, Jr., I. W. Lovelace, J. K. McKenzie, J. M. Burleson, Elmer Edwards, A. R. Baldwin, Weldon Latham, R. L. Montgomery, R. E. Liles, A. Jake Geron, G. I. Sims, W. T. Howze, A. F. Sedgwick, J. W. Bingham, A. J. Bell, Eddie D. Hill, G. M. Bradley, H. L. Glenn, J. H. Eubanks, W. C. Welcher, R. E. Castleberry, E. P. Smith Jr., and R. J. Purcell.

3900 LICENSE TAGS SOLD BY APRIL 1

Herbert Chesshir, county assessor-collector, said this week that 3900 1951 license tags for automobiles were issued through his office. The sales this year exceed last year's sales by approximately 800, Chesshir said.

THREE ALDERMEN ELECTED TUESDAY

J. B. Knight and Herman Chesshir were re-elected and Sam Murphy was elected to serve three year terms on the city council of Brownfield at an election held Tuesday.

A total of 133 votes were cast in the Tuesday election, according to information received from J. H. (Bill) Aschenbeck, city secretary.

Chesshir received 113 votes, Murphy received 91 votes, and Charles Kersh received 72 votes.

A Lively Week With Texas Legislature

Last week was the most climactic of the Session, although the Legislature was in actual session less than any previous week.

Largest attendance at any Senate committee was Monday night when truckers filled the Senate chamber to support a bill raising the present load limit.

Not to be outdone, the House began its spectacular Crime Committee hearings Tuesday. Also, the House engaged in heated controversy over old age assistance for aliens.

Wednesday, the House had its largest attendance as Wets and Drys clashed in a committee hearing on the prohibition issue, the wets winning 15-5.

The bill requiring on the spot unloading of trucks came up in the Senate Wednesday, but the Senate adjourned without taking any action on it, thereby avoiding a possible filibuster by Sen. Rogers Kelley, Edinburg, who is bitterly opposed to the bill.

Thursday, the Senate passed about fifty "local" bills. The House took Rep. Jim Sayell's natural gas tax away from the Tax committee and sent it to the Agriculture Committee, which was believed to be more favorable to the bill.

This bill is causing considerable comment since it would give money to cities for streets as well as to counties for roads. The Texas Farm Bureau and many city officials have endorsed the bill.

This week finds the Tax Committee hearing tax bills on natural gas, chemical industry, sulphur, and coin-operated machines.

What had been an unusually quiet Session was considerably enlivened during the past two weeks, and indications are that it will continue so to the Session's end.

The State Comptroller is expected to submit a revised estimate of anticipated revenue, in view of increased oil production. Final action on both spending and taxing await the comptroller's report.

OFFICIALS CHANGE PLANS FOR SPRING CLUB SHOW

At a meeting of committee chairmen for the annual Terry County Club Boys' Show, to be held April 21, some changes in plans for the show were made, according to R. N. McClain, general show superintendent.

Most of the changes in plans for the show concern the swine division. The group plans for the swine division to fall into two classes, over and under 220 lbs., with no minimum or maximum weight.

Weighing in of the hogs will be held Friday, April 20, at the show barn, beginning at 4 P. M. McClain stressed the fact that all hogs must be weighed on Friday, and no hogs can be accepted for this year's show on the day of the show.

Judging of the hogs will be held at 10 A. M., Saturday, April 21, McClain said. The hogs will be sold after the first choice group of calves are sold, and all hogs will be sold individually this year.

Weighing of the calves in the show will begin at 7 A. M., April 21, and officials suggest that the

SCD Equipment Now Available For Use

Soil conservation district equipment in Terry county is now available for rent by county farmers, according to information received from county agent Jim Foy and Lester Buford, high school vocational agriculture instructor.

Recently the equipment, which consists of a sand plane, a drill, and two mowers, was turned over to the agriculture students at the high school for maintenance and handling of rentals.

All the equipment is now available for use, Buford said, and may be obtained from him or Ray Hensley at the agriculture shops at the high school.

Since the high school students have taken over the equipment, B. Y. Howze has leveled 65 acres and James Adams of Route 1, Meadow, has leveled 35 acres of land with the land plane.

Wenzel And FFA Boys At Lubbock Show

A. D. Wenzel, of the Needmore community, called this week, and stated that he went with three Terry county FFA boys to the South Plains Fat Stock Show at Lubbock, two weeks ago. Swine was all these boys showed. The results as given by A. D., were: Max Miller showed three Hampshires, and sold them after the show for 27c per pound. Byron Wise showed a spotted Poland China, which sold for 28c per pound. Miller and Wise live in north Terry.

From the Wellman section, James Willis showed two Berkshires. One of them placed 4th in the show. It sold for 31c per pound; the other for 28c.

We are glad that there are men like Mr. Wenzel in the county to help our FFA and 4-H boys in their shows, and encourage them in raising better livestock.

Tuesday Rites For Mrs. L. T. Wright

Last rites were held at 2:30 P. M., Tuesday in the Meadow Methodist Church for Mrs. L. T. Wright, 55, of Route 1, Meadow, who died in the local hospital at noon Monday following a long illness.

A native of Oregon, Mrs. Wright had been a resident of Meadow for the past 26 years.

Funeral services were conducted by Rev. Cecil Tune, minister of the church. Burial was in Meadow cemetery, under the direction of Brownfield Funeral Home.

Survivors include her husband; two sons, Sidney of Quincy, Wash., and Kenneth of Meadow; one sister, Mrs. Minnie Barnett of San Francisco; three brothers, Joe Robinson of Seattle, Wash.; Sam Robinson of Tacoma, Wash.; and Eddie Robinson of San Francisco, Calif.

calves be weighed in as early as possible. Judging will begin at 1 P. M., with the sale of both hogs and calves beginning at 2:30 P. M.

Johnny Kendrick, chairman of the scales procurement committee, said this week that the scales are being installed this week just east of the Jaycee show barn.

Approximately 75 calves and 40 hogs have been entered in this year's show, which is sponsored by the Brownfield Junior Chamber of Commerce.

Lee H. McLeroy, of Seminole, Gaines County Agricultural Agent, will be judge for the show, and Kenneth Bozeman of Lubbock will be auctioneer.

April Is The Month Of New Car Tags

All Fools Day "ain't what she usta be," it appears to us. In the good old days past and gone, your friends would spend the entire day trying to trap you in some ridiculous April Fool stunt. They don't even leave the purse out on the sidewalk now with a string attached. Perhaps people think they are fooled enough at best.

Anyway, April is pretty well filled with this and that event, among them being Cancer Fund month, All Fools Day the 1st, Passover the 21, and the 28th is Confederate Memorial Day.

The new car registrations sunk to a new low last week. This on account of the "arc" at Collector Chesshir's office being swamped with orders for a new license plate. New cars registered for last week, other than the three mentioned, will be included in the list next week.

Stanold Oil & Gas Co., Ford, H. L. King, Studebaker, and Ray Golden, a Ford. One suit was filed for a divorce, a local Latin-American couple. Four couples obtained marriage licenses, and we hope them a happy voyage on the sea of matrimony. They were: Willis F. Decker and Miss Viede Mae Moffett; Jack Thompson and Miss Loree Marie Cornebise; Walter B. Bull and Miss Marianna Williams; Bobby Gene Line and Verla Jene Welch.

Cold Check Writers Still With Us

According to the latest reports from the local Retail Merchants Association, we still have at least three parties that are making use of checks in a rapid way, one of them being a citizen of Plains writing them on the First National Bank.

Then there is a local man and another believed to live in Levelland who are writing cold checks on the Brownfield State Bank and Trust Co. All are returned marked "no funds."

Also, might mention in this connection that the address of three parties are wanted by RMA. Don't know whether they have been engaged in shady deals or not.

And talking about shady deals reminds us of an item we saw in last week's issue of Crosbyton Review. It seems that there was a guy over there that was busying himself where new houses were being built, picking up pieces of copper, brass and pieces of electric wire.

A lady called the law, and the officer ordered the guy to get out of town from Crosbyton and now. The man was reported to be from Brownfield.

TAYLOR TO DISCUSS INSECTICIDES HERE

Bill Taylor of Plainview, with the Roland & Gordon Company, will be in Brownfield Saturday, April 7, at J. B. Knight Farm Machinery company, it has been announced.

The management of the machinery company cordially invites all interested persons to attend this meeting, which will begin at 2 P. M., and hear Taylor discuss insecticides, fertilizers, sprayers, and weed killers.

ANOTHER FIRST FOR FIRST NATIONAL

The First National Bank is announcing the opening of its new parking lot, located across the street from Portwood Motor Company on N. 4th street. The information was released by W. R.

McDuffie, president of the bank. The conveniently located parking lot is provided for friends and customers of the bank. Two hours of free parking are extended between the hours of 9 A. M.

and 4 P. M. There will be no time limit outside of these hours, McDuffie said, and a special invitation is given members of churches and theatre patrons to utilize the

lot. An invitation is extended the public by the First National Bank to take advantage of this added parking area in Brownfield.

Spring Wardrobe

Governor and Mrs. Allan Shivers display all-Texas additions to their spring wardrobes in the Governor's Mansion in Austin. Both have suits of midnight-blue gabardine woven from worsted yarn. The Texas wool was processed in the New Braunfels plant of Pioneer Worsted Co. The plant is the only worsted firm in the South. (AP Photo).

Harmon Howze, C. G. Griffith, Wayne (Red) Smith, Clovis Kendrick, Burton Hackney, and Dr. Gordon Richardson fished at Phantom Lake near Abilene, over the week end. The group reports that Griffith was the only one in the crowd who had bad luck.

Oscar Allen spent the week end in Ruidoso, N. M.

Twice As Much Gain For Weaned Calves

COLLEGE STATION — More than twice as much weaned calf weight was produced on a 640-acre pasture on the King ranch which was fertilized with 200 pounds of superphosphate per acre as was produced on a 650-acre unfertilized pasture.

During the six-year period, 1941-1947, an average calf crop of 98 percent was obtained from 62 cows on the fertilized pasture, while 42 cows on the unfertilized pasture produce a calf crop of only 69 percent.

The 229 calves produced on the fertilized pasture averaged 551 pounds at weaning time, compared with an average weight of 489 pounds for the 116 calves produced on the unfertilized pasture.

Applying phosphates to range land on the King ranch increased the average yield of pasture forage from 35 percent to 84 percent. The phosphoric acid content of the grasses also was increased greatly, in some cases as much as three-fold.

Grasses fertilized with 200 pounds of triple superphosphate was effective for five or six years.

A summary of this study is given in Texas Agricultural Experiment Station Progress Report 1341.

Mr. and Mrs. Ray Hailey and Mr. and Mrs. Tess Fuller spent the week end in Ruidoso, N. M.

Mrs. Florence Berry of Merkel and Mr. and Mrs. Ned Miller of Slaton spent Sunday with Mr. and Mrs. F. L. Morgan and Mrs. Ida Bruton.

Mr. and Mrs. W. O. Helms spent the week end in San Angelo with their daughter, Mrs. C. L. Sutton and family, and with Mr. and Mrs. Bert Zumer.

G. I. QUESTIONS and ANSWERS

Q—My eyes have been bothering me since I left military service. May I get eyeglasses from the VA?

A—VA will furnish eyeglasses only under three conditions: if VA judges they are necessary for a service-connected disability; if they are needed as part of hospital or domiciliary care, or if they are needed for proper continuance of Public Law 16 training.

Q—I have completed four years of college under the GI Bill, during which time I received quite a large number of textbooks at Government expense. May I keep the textbooks, or must I now return them to VA?

A—The textbooks are yours, and need not be returned to VA. Q—I was commissioned in the Army in 1935, and hope to retire in 1965, after 30 years' service. Will I be eligible for GI Bill benefits, since I was in service during the World War II period?

A—No. Under present laws, all GI Bill benefits will have expired before your release from active service. The deadline for unemployment and self-employment allowance is July 25, 1952; for education and training, July 25, 1956, and for GI loans, July 25, 1957. Veterans who enlisted or reenlisted under the Voluntary Recruitment Act (between Oct. 6, 1945 and Oct. 5, 1946) are exempted from the deadlines, but the exemptions would not apply in your case.

Q—Where do I apply for institutional on-farm training under the GI Bill?

A—Apply directly to the school in your locality approved to offer the training. The school then transmits your application to VA for approval of the agency.

Cocoa beans grow directly on the trunk and main branches of the cocoa tree, not at the tips of the branches as do many seeds.

FARM QUESTION BOX

by
ED W. MITCHELL
Farm Advisor
General Electric Station WGY

- Q. What is the powder that is sometimes sprinkled on logs in a fire-place to make different colors?
- A. The salts of copper, Barium, etc., give a variety of colors. If dusted or sprinkled on a fire, your druggist can supply them and some 5 and 10¢ stores carry them already packaged for this particular purpose.
- Q. We recently purchased a house and in cleaning the cellar we are faced with a terrific amount of spiders. They spin their webs all over the walls and seem to make holes in the concrete walls. Can you suggest any spray or any method to combat these pests?
- A. Get some Lindane, or Benzene Hexachloride, or DDT at the feed
- and seed store and spray the walls, ceiling and floors once a week. You will soon be rid of them.
- Q. What is the best material to use in building a grape trellis?
- A. I would use steel fence posts and heavy "grape" wire—but if you think wooden posts will look better, be sure and treat them with creosote before setting them.
- Q. Exactly what is mistletoe?
- A. Mistletoe is an evergreen that grows as a parasite on oak trees down South; it has large, flat leaves and white berries.
- Q. Is sawdust good for a garden?
- A. Yes—good as a mulch and good to mix with the soil. The older and coarser the material, the better it is.

Bible Comment:

Christianity is Not an Easy Life Though One of Joy

THE late C. Sylvester Horne, famous minister of Whitefield's Tabernacle in London, England, wrote a book under the title, "The Life That Is Easy." It was the Christian life of which he was writing and so the title proved misleading to many.

True Christianity is not an easy religion. Jesus never offered his disciples ease or pleasure. He offered them joy.

He bade them in a very dark hour to be of good cheer. He spoke of rich rewards of service in the Kingdom of Heaven. But He always spoke of sacrifice. Did not He describe the Kingdom as a pearl of great price which one should be willing to sell all for?

The distinctive thing about the religion of the Jews from early times was the insistence upon the supreme demands of a righteous God. Clear and plain was the commandment, "Thou shalt have no other Gods before me." Holiness was the law of life.

In this, Jesus fulfilled the law and the prophets. He gave His followers no formal tasks and set up no artificial observances or duties. He demanded no allegiance to Himself, except in the same way He gave allegiance to the Father.

And so the life of Christianity should not be construed as an easy one. The ease that Rev. Horne wrote of was the ease of mastery through long and intimate fellowship with the Master.

There is no half-way place in Christianity and that is why so many professing Christians never find either ease or happiness in their religion. It is in the lives of those who have given themselves fully to Christ that the power, beauty and true satisfaction of the Christian way are found and revealed.

Elbert Floyd, son of Mr. and Mrs. Loyce Floyd, and Coy Hutson, who were inducted into the armed forces March 15, were assigned to the Signal Corps. They are stationed at Fort Monmouth, N. J.

The Low Down From Hickory Grove

You know, folks, I am not so sure you see much, if anything, gazing into a crystal ball, but even so I think it is what we have a shortage of, and need more of same—crystal balls that it. Too many people in these days of speed and disaster, lack of manners and such, have no time except for right now. What will happen nanana is not on the agenda.

And there, I will bring in the crystal ball. It will stir up curiosity—lots of folks might slow down for a quick look, maybe they been missing something. And with a few minutes of quiet, some, here and there, might get intrigued—get to wondering what really is cookin' for them in the future. And for such folks—from there on—it would work for the good of the country and themselves. There is nothing at all the matter with the U. S. A. except our thinking has been hibernating.

The latest furore is "water". Good rackets are getting scarce when they have to turn to water—rain water. The Govt. must do something, so Uncle Harry gets himself a Water Resources Policy Commission. It travels far—eats hearty—looks serious—wrinkles its brow—reports dire threats. Our thinking has been on ice too long—a crystal ball might thaw same.

Yours with the low down,
JO SERRA.

UNION NEWS

The revival closed Sunday with two additions to the church by baptism.

Mrs. J. T. Newsom is back on the sick list this week, so is Yvonne Herring.

The Junior Class had a picnic Thursday night which included a supper and skating and bowling later. Besides the Junior Class

CINDERELLA SACKS!

No wonder this beautiful girl is smiling. What woman wouldn't beam when she is wearing a smart dress that didn't cost a cent! From cotton feed bags, like the ones on which she is sitting, this talented gal made a snappy polka dot suit. She saved two 100-lb. red and white print feed bags for the skirt, collar, and hat band—and one plain white flour bag for the blouse.

4-Year-Old Hero

Delbert Louis Powell, 4, holds his two-weeks-old baby sister in the charred doorway of their home in Sweetwater, Tex. The boy saved the infant's life when fire destroyed the family home. A kerosene stove exploded in the room where the children were playing. He lifted the baby from the bed and carried her through the burning room into the yard. (AP Photo).

that attended were Mr. and Mrs. Kerr and Mr. and Mrs. Victor Herring and Jean Sargeant.

Violet Ruth Faught spent the week end visiting Mr. and Mrs. Joe Bell and J. V. Hopper of Midland and Stanton.

Clayton Newsom visited Mr. and Mrs. John Ticer of Lubbock over the week end.

Weldon Cheatham and James Roe joined the Air Force and are at San Antonio.

Mr. and Mrs. Bonnie Kay and family spent Sunday with Mr. and Mrs. G. A. Rich of Wolfarth.

Mr. and Mrs. C. W. Holman and sons, Mr. and Mrs. LeRoy Holman and son, are at the bedside of Mrs. G. W. Holman's brother, Bud Brock, of Stephenville.

Mr. and Mrs. Earl Cornett spent Sunday with Mr. and Mrs. E. V. Cornett of Lamesa.

The Wellman Junior Boys and Girls played the Union Boys and Girls in softball at Union Friday. The Union Boys and girls won both games.

LIFE IS OF FEW DAYS, FULL OF TROUBLE

A man's life is full of trouble. He comes into the world without his consent and goes out usually against his will, and the trip between his coming and going is exceedingly rocky.

When he is little, the big girls kiss him, but when he is big only the little girls kiss him.

If he is poor, he's said to be a bad manager; if he's rich, they'll claim he's dishonest.

EYE-CATCHER

A pretty blonde model in a dark cotton print dance frock makes an eye-catching picture. Designed in wrinkle-resistant Everfast printed cotton, this frock with its full flared skirt was made to whirl on the dance floor and bring the stazs in a decline.

If he needs credit, he can't get it; if he's prosperous, everybody wants to do him a favor.

If he is in politics, they say he's a grafter; if he's out of politics, he's not patriotic. If he gives to charity, it's for show; if he doesn't he's a stingy cuss. When he's active religiously, some will say he's a hypocrite; if he doesn't take an interest in religion, they'll call him a hardened sinner.

If he gives affection, he's a softie; if he cares for nobody, he's cold-blooded.

If he dies young, there was a great future for him; if he lives to be an old man, he missed his calling.

If he saves money, he's a grouch and a miser; if he spends it, he's a squanderer. If he works hard, they say he's crazy; if he doesn't work, he's a bum.—Ex.

Gus Clements of Ashland, Oregon, sent in the three bucks for the Herald this week. Of course the Clements are old timers in Terry, and like just a bit of it in weekly doses, yet.

North Carolina has had ten capitals: Edenton, New Bern, Bath, Wilmington, Hillsboro, Halifax, Smithfield, Fayetteville, Tarboro, and Raleigh.

TANK HOLDS ARMY LINE—During a lull in the fighting on the central Korean front recently, American tank crew members made good use of their equipment and their time. After washing out some of their belongings, the G.I.'s used the barrel end of a 155-millimeter howitzer to hold their clothesline.

Explaining Texas Horses

Cpl. Kenneth G. Driskill (right) horses are in Texas. Driskill is a member of the U. S. Air Force of Comanche, Texas, does his member of the U. S. Air Force best to tell a Korean how big 49th Fighter Bomber Wing operates in Korea. (AP Photo).

Dry Your Clothes

with **NO WORK—**

BLANCHE AND FLORENCE ZUCKER, DUO-PIANISTS, WILL BE HERE APR. 12

The brilliant duo-pianists, Blanche and Florence Zucker, who will appear here on Thursday, April 12, at the new high school auditorium, have become well-known to large audiences through their appearances for the American Theatre Wing during the war, and also through their concerts, their radio programs and television.

Blanche and Florence Zucker

Born only a year and a half apart and brought up in Brook-

lyn, the two sisters began to study the piano at a very early age unique and accidental circumstances. While playing and singing with their toy piano, one hot summer day, an elderly European musician, upon passing by, stopped and listened, intrigued by the music-making of the children. One week later the two youngsters had begun their formal study of the piano on scholarship with this musician.

It was not long after this that they entered the New York College of Music to further their studies, and were again awarded individual scholarships. With their interests in music continually expanding, new vistas were opened to them through the medium of cello and voice. Blanche studied cello under the eminent cellist, William Willeke, at Juillard School of Music, and Florence worked with the Metropolitan Opera basso, Virgilio Lazzarri.

The pursuit of academic knowledge won Blanche a four-year full tuition scholarship to New York University and took Florence through two years of pre-medical work at Hunter College. Speaking of this time of their

lives, the Zuckers say they "put in years under the strain that comes of not knowing what we were and what we were not going to be." However, the force of the piano proved strongest.

Upon leaving the New York College of Music the Zuckers began to experiment on their own with the two-piano medium. This medium, with all its possibilities, so intrigued them that they knew it would be their professional life. After further experimenting and developing on their own, the sisters continued their work with Professor Hedda Ballon, the noted Viennese pianist and teacher.

During the War the charming Blanche and Florence Zucker played at the Stage Door Canteen, veterans' hospitals and service camps throughout the country, and their eager and enthusiastically grateful audiences at times numbered as many as 10,000 at a single concert.

Recently the Zucker sisters were honored by appearing on the program of the White House Correspondents' Dinner in honor of President Truman.

This will be the final concert for the 1950-51 season of the Brownfield Concert Association, according to Crawford Taylor, president of the organization.

Miss Vida Moffett Wed To Mr. Decker

Miss Vida Moffett, daughter of Mrs. Juanita Lanious of Wellman and R. K. Moffett of Lamesa, became the bride of Frank Decker of Brownfield on Friday, March 31, at 5 p. m.

The bride wore a spring navy blue suit with white accessories. She carried a white Bible, and wore a white carnation corsage. She wore all the traditional symbols of good luck.

Rev. B. H. Baldwin, former pastor of the Wellman Baptist Church, performed the ceremony. Only a few close friends and relatives of the bridal couple attended the wedding.

After a short wedding trip to Amarillo and other points in north Texas, the couple is at home in Brownfield where the groom is in the automobile repair business. Mrs. Decker will continue her studies at Wellman High School until the end of the school term.

MISS JONES HOSTESS TO GALA BRIDGE CLUB

Miss Sue Jones was hostess when the Gala bridge club met in the home of Mrs. R. N. Lowe, 321 W. Caldwell, at 7:30 p. m., Thursday, March 29.

A sandwich plate and coffee was served. Mesdames Doug Jones, Mike Barrett, Louise Herbert Chesshir, Harmon Howze, Frank Ballard, and a guest, Mrs. R. E. Self.

Mrs. Barrett was elected president of the newly organized club, which will meet each second and fourth Thursday night. Miss Jones was elected secretary and reporter.

SHOWER HONORED MRS. J. ROACH RECENTLY

A shower given recently in the home of Mrs. L. G. Moore was a courtesy to Mrs. Jarvis Roach. Hostesses were Mesdames Moore, C. R. Stevens, and Mack Ross.

The refreshment table was laid with a white linen cloth and featured a centerpiece of blue daisies. Favors were "stork" safety pens stuck in marshmallows. Mrs. Ross and Mrs. Moore served punch and pink and blue cookies. Approximately 25 guests called.

Advertise in the Herald.

Delphians Continue Study Of Children

The Delphian Study Club met at 4 P. M. in the Selet Jane Brownfield Club House, with Mrs. Leonard Chesshir as hostess.

Mrs. Lewis Simmonds, first vice president, presided in the absence of the president, Mrs. Wayne Brown of the courtesy committee, presented a corsage to a new member, Mrs. Douglas Mitchell.

Program chairman for the day was Mrs. Claude Buchanan, who spoke on "Grandma Had A Way With Babies." Mrs. H. H. Bearden spoke on "Pre-Adolescents Need Understanding, Too." The talks were followed by a general group discussion.

Refreshments were served to Mesdames Bernarr Smith, Wayne Smith, W. C. Burrow, V. E. Harrington, Willard Adams, W. T. Pickett, W. F. Tipton, K. B. Sadler, L. D. Spradling, George Steele, Fred Yandell, Simmonds, Brown, Buchanan, Bearden, and Mitchell.

OKLAHOMA GUESTS AT EASTERN STAR MEET

The Brownfield Chapter 785, Order of the Eastern Star, met at 7:30 p. m., March 27 at the Masonic Hall.

Worthy Matron Mrs. John Portwood, presided.

There were 25 members, 14 officers and four guests present. Guests who attended the meeting were Mrs. Ione Turner of Brownfield, Mr. and Mrs. Howard Cost of Duncan, Okla., and Mrs. Oscar Duncan of Weatherford, Okla., who is grand committee member, Grand Chapter of Oklahoma.

Following the meeting, refreshments were served by Mrs. Delta Lemley, Mrs. D. E. Harris, and Mr. and Mrs. C. D. Moore.

SHOWER HONORS RECENT BRIDE

Mrs. B. Hart was honored with a miscellaneous bridal shower Wednesday, March 25, in the home of Mrs. W. A. Whisinhunt in Meadow. Co-hostesses were Mesdames L. J. Carruth, J. M. Jones, W. A. Fore, Edd Peck and Louis Peeler.

Coffee and spiced tea with cake were served to approximately 46 guests. Guests attended from Brownfield, Meadow, Lubbock and Plainview.

Mrs. Hart was the former Mrs. Beulah Donowho of Meadow before her recent marriage. Mr. and Mrs. Hart are at home on their farm north of Meadow.

NORMARENE PATTON TROOP 5 PRESIDENT

Girl Scout Troop 5 met April 3 at 4 P. M., with Mrs. H. B. Parks as leader.

Normarene Patton was elected president; Dorothy Patton, vice president; Rhyoda Dumas, secretary; Myrtice Jones, treasurer; and Sandra Yandell, reporter.

Patsy Teague was named social chairman. Her committee members are Rhyoda Dumas and Ima Jean Frost. Willene Key was named program chairman, and Sandra Yandell and Jerry Katherine Dumas will serve on her committee.

Mr. and Mrs. Wade Pearce attended the funeral of his uncle in Fort Worth Tuesday.

Mr. and Mrs. Jim Burnett and Mr. and Mrs. Ernest Burnett were in Tulsa Sunday on business.

Mr. and Mrs. J. C. Wright returned Sunday from Oklahoma, where they were called during the illness of his brother.

UNION 4-H CLUB MET APRIL 3rd

The Union 4-H Club met April 3, in the Home Ec building. Miss Helen Dunlap, County Home Demonstration Agent, gave an interesting demonstration on chicken. She told what kind of feed to feed hens.

Miss Dunlap told the winners who will go to District Camp at Lubbock. The two winners are Joyce and Peggy Herring.—Reporter, Joyce Herring.

LAMESA GOLF PRO INSTRUCTING HERE

Gene Towry, golf pro at the Lamesa Country Club, is now holding weekly golf lessons for women golfers at the Brownfield Country Club, according to information received from Mrs. Jack Bailey, golf chairman.

The lessons are held at the club each Tuesday, and both class and private lessons are given. Women members of the local country club who are interested in taking golf lessons may contact Mrs. Bailey for further information.

PALOMINO GIFT SHOP TO OPEN HERE SOON

Mrs. George Wade and Mrs. Lois Taylor are announcing that they will soon open the Palomino Gift Shop, in the 600 block, Seagraves Highway, across the street from the Esquire Restaurant.

The two women recently returned from a buying trip in El Paso and New Mexico, and state that they will carry a complete line of unusual gifts, Western and Texas souvenirs, and all types of cards, etc.

Watch this paper for the opening date of the Palomino Gift Shop.

BHS STUDENTS WIN LITERARY CONTESTS

Several Brownfield High School students were winner at the District 4A literary events contests held at Levelland last Friday.

Winners included Ronnie Daniel, third place, junior declamation; Sandra Bailey, second place, senior declamation; Linda Hudson and Don Noble, first place, spelling and plain writing.

bers of the Wellman senior class, who let us take some of their time last Friday night when they presented their annual class play "Granddad Steps Out." At the time of this writing, all tabulations weren't complete so that I could say thanks for going over the top in the drive, but we certainly appreciate your help and your contributions to keep our chapter going.

Incidentally, that senior play at Wellman is one of the best I've seen. And if Ira Brackett, director, hadn't told the audience, I'll bet that more than half of us would never have known that the play was given a week early in order not to conflict with the many revivals to be held, beginning next week. It was swell, cast. Not that it makes much difference because I believe what I believe, but needless to say, I have received much comment since I printed a letter I received recently concerning the work being done in Brownfield by Bill Morgan. I do not necessarily uphold each and every one of his actions, but neither do I condemn him for each one. Many of us have seen jobs to be done and since no one else lifted a finger to get them done, have waded in ourselves. And, most of us have probably

made mistakes on these jobs. The thing to remember is that, when we see others making mistakes, by the grace of the good Lord, it's not us.

So when some of you other guys decide to take over a few of these thankless jobs, the line forms to the right. As one who has been there before myself, I'll be happy to lay (or lie) under the shade of the old apple tree for awhile and do a bit of cussing of my own. And if making the above statements because I can see both sides of the story, makes me a Bill Morgan lover, I guess I must be simply mad about the guy.

Don't forget to vote in Saturday's school trustee election.

Servicing John Deere Farm Implements can be expensive or economical, carelessly or efficiently done, depending on the mechanic.

Efficiency joins with economy when we recondition your equipment. Our trained mechanics, schooled in servicing methods recommended by John Deere, know just what to do and how to do it. They work with precision equipment and use only genuine JD Parts as replacements. That's a three-way combination no other shop in this community can offer. See us for details soon.

Mr. and Mrs. Jack Harvey visited friends in Seminole Sunday. Neva Nell Gibson went to Alabama and Florida. While there her father suffered a heart attack.

Now, As To The Oil Business: Here 'Tis

Well here comes our Jonah again this week, and as the late Will Rogers would say, "all I know is what I read in the papers." And what has been in the papers of late—that's good—you could ram in your eyelid. We did look off south 'tother day and saw a huge black smoke. They'd finished a well in the South Brownfield pool and were burning in the slush pit.

Or was that smoke at the city dumping grounds, which are in the same general direction? That well out 7 miles east seems to be resting on its oars until they hear from the big boys. Down some 10,500 feet. Not to encouraging.

The Love well four miles north-east is in some lime formation down around 9,400, where a test will be made. Lower Sprayberry they think. Was glad to learn that after fooling around a month or so and had all its sidewalk oil men thinking it was a duster, they made a 2200 barrel well out of the A. M. Brownfield No. 1, in the Wellman pool.

Quite some activity in the Cobb pool in Yoakum, although one seems to have missed out. The Sims offset from the Adall pool,

Dairy Foods Teams Will Have Contest

A dairy foods demonstration contest for 4-H club girls of Terry County will be held in the County Home Demonstration Agents' office, next Saturday, April 7, beginning at 2 p. m. The winners in this contest who are 14 years or more, will enter the district contest to be held in Lubbock April 30. The district winners will enter the state contest to be held during the state 4-H Round-Up in June.

All girls enrolled in the 4-H clubs in Terry County may enter the county contest next Saturday. They may enter as teams composed of two girls or as a team of one. They are to make dishes composed of milk or other dairy products. The public is invited to attend this team contest next Saturday.

Besides the demonstration, each girl enters the record of all of her club work. The demonstration and the record of each counts 50 points.

Last year, Patsy Ann Moore Bevers of Wellman placed third in the state contest. Terry County hopes to be able to represent the district again in this state contest.

GOMEZ GOSSIP

Mr. and Mrs. Ray Hewett and two daughters were visiting in Hot Springs Thursday, Friday and Saturday.

Mr. and Mrs. Jim Cole of Brownfield visited in the home of Mr. and Mrs. T. A. Key Sunday.

Mr. and Mrs. Olga Motley and two sons, James and Billy, visited in the home of Mr. and Mrs. Jack Mason Sunday.

Dewayne Sears of New Mexico was visiting in the home of Mr. and Mrs. Kelle Sears Saturday and Sunday.

Mr. and Mrs. T. W. Hale spent Sunday in Lamesa.

Mr. and Mrs. Leo Johnson and son of Fort Worth, Mr. and Mrs. W. J. Johnson of Roswell, N. M., Mr. and Mrs. J. C. Johnson and children of Roswell and Evon of Roswell, all spent the weekend in the home of Mr. and Mrs. E. C. Wade.

MRS. SEXTON MOVED STUDIO TO NEW SITE

Mrs. T. G. Sexton has announced that she has moved her upholstery and drapery shop from 921 W. Main to 101 E. Tate street this week.

Mrs. Sexton specializes in making draperies, slip covers, and in upholstering furniture.

also seems to be barren. Hope for a better report next week.

Notice To Bidders

Sealed proposals addressed to the Honorable Mayor and City Council of Brownfield, Texas, will be received at the Office of the City Secretary, City Hall, Brownfield, Texas, until 2:00 P. M., April 23, 1951, for furnishing all necessary materials, machinery, equipment, superintendence and labor for constructing certain street improvements for the City of Brownfield, Texas, Owner, consisting of the following approximate quantities: 42,700 linear feet of curb and gutter, 101,520 square yards of street paving (63 blocks), 6,720 square yards of 6" concrete paving (131 1/2 blks.), 3,324 linear feet of strip paving 20 feet in width (7,390 sq. yds.) on Old Lamesa Road; together with other incidental items of work.

Bidder must submit a Cashier's or Certified Check issued by a bank satisfactory to the Owner, or a Proposal Bond from a reliable Surety Company, payable without recourse to the order of the City of Brownfield, Texas, in an amount of not less than five per cent (5%) of the largest possible bid submitted as a guaranty that the Bidder will enter into a contract and execute bond and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without the required Check or Proposal Bond will not be considered.

The successful Bidder must furnish bond on the form provided in the amount of 100% of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Sureties acceptable to the Owner.

All lump sum and unit prices must be stated in both script and figures. In case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable (or "unbalanced") unit prices will authorize the Owner to reject the bid. The Owner reserves the right to accept any or all bids, to waive all formalities, and to accept the bid which seems most advantageous to the City's interest.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions under which the work is to be done.

Payment for the work performed on this project will be from funds furnished by the City of Brownfield, Texas, and paving assessments against abutting property and the owners thereof, in accordance with the provisions set for in the specifications, for all portions of the work except that on the Old Lamesa Road. Payment for the work on the Old Lamesa Road will be made in cash from funds furnished equally by the City of Brownfield and Terry County.

Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas, page 91, Chapter 45, (Article No. 5159A Civil Statutes 1925) concerning the wage scale and payment of prevailing rates of wages as established by the Owner. Said scale of prevailing minimum rates of wages is set forth in the specifications.

Information for bidders, proposal forms, plans and specifications are on file at the offices of J. H. Aschenbeck, City Secretary, Brownfield, Texas, and Parkhill, Smith and Cooper, Consulting Engineers, 1414 Avenue J, Lubbock, Texas.

Copies of Plans and Specifications may be secured from Parkhill, Smith and Cooper, Consulting Engineers, 1414 Avenue J,

Lubbock, Texas, upon a deposit of \$25.00 as a guarantee of the safe return of the plans and specifications. The full amount of the deposit will be returned if a bona fide bid is submitted and Plans and Specifications are returned within five (5) days after receipt of bid, or, in case no bid is submitted, if plans and specifications are returned on or before date of bids; otherwise, the deposit will be forfeited.

The City of Brownfield, Texas
Owner
38c By: C. C. Primm, Mayor.

Retail Furniture Men Will Meet In Dallas

Retail furniture store owners, operators, furniture buyers and manufacturers from Texas and some 10 other states will gather in Dallas April 8 through April 12 for the 1951 (25th) Convention of the Retail Furniture Association of Texas.

L. D. Lowry of Mount Vernon, President, and H. E. Dill of Dallas, Secretary of the Association, announced that plans have been completed for the event, expected to be one of the largest ever held. More than 5,000 persons are expected with buyers from some 1,850 stores in Texas and other Southwestern states.

Interest has been increased this year, Secretary Dill said, because of the national defense emergency and the many problems arising because of it.

FORMER RESIDENT IS TAIHOA MAYOR

Jimmy Applewhite, former Brownfield implement dealer, was elected mayor of Tahoa Tuesday in a city election. He was unopposed for the position.

Applewhite is the brother of Mrs. Prentice Walker and Mrs. Sam Privitt of Brownfield.

COTTON INSECT MEET SCHEDULED APRIL 13

Jim Foy, Terry county agricultural agent, announced that there will be a cotton insect meeting held in the county court room at 8 P. M., Friday, April 13.

Films will be shown during the meeting, Foy said. All interested persons are invited to attend.

Boy Fights For Life

Houston doctors conducted a nationwide search in the hope of finding some way to save the life of Wayne Gideon, 7, shown in his mother's arms. Wayne received 27 transfusions of rare O-RH negative blood, after a

Tie-Up —

Jackie Swain Fagg (9) of the Hanes Hosiery team, and Cleo Brooks of Hutcherson Flying Queens wrestle for the ball in final game of the Women's national AAU basketball tournament in Dallas, March 23. Hanes, from Winston Salem, N. C., defeated the Plainview girls 50-34 to win the title. (AP Photo).

Farm Income Tops 1950 By 26 Percent

AUSTIN — January farm cash income in Texas averaged a 26 per cent gain over January, 1950, the University of Texas Bureau of Business Research reports.

Cotton and wheat were lower than in the year earlier period but oats and corn rose 25 and 22 percent respectively.

Although the total farm cash income dropped 27 percent in January, 1951 from December, the livestock market showed strong gains. Income from cattle was up 36 percent from December; calves were up 42 per cent; hogs 39 per cent; and sheep and lambs 23 per cent.

Cattle, the major cash farm product during both months, brought \$30,900,000 in January, or \$8,300,000 more than in December, and more than twice as much as in January, 1950. Cotton brought Texas farmers \$10,600,000 during January, 1951, compared to \$39,600,000 in December.

Poultry was 64 per cent lower than during the December holiday boom. Egg shipments dropped from 26 carloads in December to two. Total January milk and milk products income was up 25 per cent from December and up 74 per cent from the year earlier level.

THE WAY OUT—Rookie umpires as well as rookie baseball players often get their break during spring training. Umpire Jim Duffy, at left, up from the American Association, received a few tips from veteran American League diamond arbiter Art Passarella at a Lakeland, Fla., training camp. Duffy imitates Passarella who demonstrates the way to call a runner out.

Pig Diseases Can Be Greatly Reduced

COLLEGE STATION — Texas farmers can reduce their pig losses greatly by giving the sow and litter better care during and immediately after farrowing, says E. M. Rebenbrecht, extension swine husbandman of Texas A. & M. College.

Rebenbrecht advises increasing the ration gradually after the pigs are born until the sow is on full feed. A great deal of milk is required to feed a litter of growing pigs, and it is usually best to feed the sow all she will eat.

He cautions against losing pigs from nutritional anemia. A sow's milk is very low in copper and iron, the elements most necessary for the prevention of this disease.

Symptoms of anemia which the pigs may show are rough hair coats, wrinkled skin, highly arched backs, "stretched" bellies and gasping breath.

Rebenbrecht says it is practically impossible to raise a litter of pigs to weaning age on a concrete floor without providing them with copper and iron. Both can be supplied by placing a shovel-full of clean sod in the pen every day.

The pigs will pick up enough of the elements while rooting in the sod to prevent anemia, but Rebenbrecht warns farmers not to use soil from an area that may be contaminated with swine diseases.

Tribes in the mountains of French Morocco still regard the camera as an instrument of the devil, fiendishly designed to capture and imprison men's souls, says the National Geographic Society.

The word "argosy" comes from "ragusy" which referred to ships from Ragusa, a famous port in the Middle Ages but now the town of Dubrovnik on the Yugoslavian seacoast.

MECHANICAL HARVESTER DOES WORK OF 50

This giant cotton harvesting machine can gather a bale of cotton in from one to two hours. With its huge snout, the machine can do the work of 40 to 50 human pickers, the National Cotton Council says. This spindle-type cotton harvester is used principally in the rain belt of the Mississippi Valley and the Southeast, as well as the irrigated regions of California and Arizona.

CANADA GETS SKILLED MEN

TORONTO — (AP) — A heavy movement of technical and skilled workers from England to Ontario is under way by sea and air and is expected to be in high gear by Mid-April.

Ontario officials dealing with immigration said eight ocean liners have been mustered to bring the immigrants across the Atlantic Ocean in groups of 400 and 500. One United States ship has been diverted to call at Halifax to handle the traffic. Trans-Canada Air Lines is landing about 150 persons a week and has a waiting list of about 1,400.

A TWO-WAY CHICKEN

ONTARIO, Calif. — (AP) — If this chick grows into a chicken it may be able to run forward or backward with equal ease. It was hatched with four legs. Two are normal. The extra pair is just behind them but headed in the opposite direction.

This chart, prepared by the University of Texas Bureau of Business Research, shows the trend of decline during February. Business analysts say the decline is only temporary and that level of business activity remain generally strong. (AP Photo Map).

HAVE you ever wondered how it would feel to go the limit on power and comfort and quality in an automobile?

Or how it would feel to be lord and master of a car that can take its place with the finest in the "fine-car field"?

Then, sir, this is a call to action.

The first action is yours—the simple action of getting in touch with a Buick dealer and planting yourself behind the wheel of a ROADMASTER.

Then let this great-powered and dazzling performer take over.

There's action in every one of the 152 horsepower in its Fireball engine—more action than most proud owners of this eager beauty will ever use.

There's counter-action in its gentle and sure-gripping brakes, the finest that Buick has ever engineered.

But there's also luxury—the luxury of double-depth Foamtex cushions and custom upholstery—and of ample

roadweight magnificently poised on coil springs which individually cushion every wheel.

There's a spacious feeling of room, above and around you—room that is unsurpassed anywhere in the fine-car field.

And to make every mile effortless and relaxed, there's the very exclusive advantage of Dynaflo Drive—not as an "extra," but as a standard ROADMASTER feature.

So why not drop in and satisfy yourself, as our guest, that here indeed is a fine car that goes the limit—in everything but price!

Check for yourself what others ask—and what others offer—and you'll discover ROADMASTER prices a call to action that a wise man can't ignore.

Equipment, accessories, trim and models are subject to change without notice.

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

Stricklinly Speaking

By Old He

Well, the good folks of the Texas dry organization failed miserably in Austin last week. The wet crowd put a fast one by them, and the committee killed the measure some 15 to 3. Instead of a "dry" march on Austin, it panned out a "wet" march. There were some 1,000 wets, men and women in the galleries, and at a given signal, they pinned on their badges, "we don't want prohibition."

But the wet brothers and sisters did not escape a crack from one of the dry sisters who wondered "how much the wet delegates had been paid to come and put on those badges." Anyway, a statewide vote on prohibition is a dead number as far as this session of the legislature is concerned.

The leaves are finally oozing out a bit. They as well as peach blooms are a bit late this year. Some of the Chinese elms have very few blooms, while others are simply loaded. It is a sign of a spotted crop year?

To admit that organized crime can't be stamped out, is the same as saying the racketeer and hoodlum is stronger than our city, county, state and national governments. If the present laws are not stringent enough to handle the matter, let's get some laws that have plenty of biting teeth—and use them.

Well, I'll be doggone. A stray mammy dog took up at one of our dairies not so long ago, and in the course of time there appeared a batch of puppies. One of them was given to a family here in town. Recently, this pup was entered in the Lubbock dog show and took first prize in his class. The dairyman thought they were just dogs.

We read that sister Eleanor Roosevelt doesn't think much of the new amendment limiting the president to two terms of four years each. Of course as her late husband set the precedent of running four terms which caused the enactment of the new amendment, no. 21, we believe, the idea that all other presidents up to him had, that two was enough, is ill advised.

She thinks the people should have a sayso about whether a man deserved a third, fourth or a dozen terms. Yep, that is a good way to ape Russia, and have a Joe Stalin on our hands till he dies, but with a successor already on the agenda when he kicks off. Finest way in the world to start a dictatorship—by electing, electing and electing.

Even the churches set a precedent for a smile occasionally. The Abernathy Review tells us that an announcement was made from the Baptist pulpit "that the deacons would meet in the cry room after the services."

Then the minister of the Church of Christ patronized a weighing machine that also tells your fortune. It did. The machine advised the preacher to attend church more and night spots less.

Boy, oh boy! Those Lynn county voters sure poured it on the bond issues to repair the old courthouse and build a new jail. Defeated by around 738 to 113. By the way, we heard of a local man that stated that the bonds we voted last fall to enlarge our courthouse would have a narrow squeeze to get by now. This on account of the prospective oil boom sorter settling down to the even tenor of its way.

Yeah, our biggest bums and hoodlums have learned to talk fluently about their "constitutional rights." Probably learned from some jackleg lawyer.

In the meantime, the honest citizen is pressed hard for more and more taxes, while a combination of racketeers and politicians rule the roost. There is little incentive to work and save. Just let the "welfare state" take care of such matters.

The press has announced that over in Florida a \$15 million mill will be built to make newsprint of sugar cane waste. We hope that a lot of such mills are built. One Sunday recently we received three large city dailies. We believe that the three would have weighed 20 pounds. Think what some 350 or 400 thousand circulation of these papers would have weighed.

Little wonder that the small city daily and the weeklies are having a heck of a time getting enough newsprint for their needs.

Back a little previous, we mentioned a few smiles that come from the churches. The past week, we received a nice form letter from Mr. C. E. Ross, chairman of the building committee of the First Baptist Church. They want to add two more stories to their educational building, and we hope

they make it. But the letter we got had our street and number OK, but it was addressed to Aaron Stricklin. That's right, big A, little a, r-o-n Wonder how Aaron slipped into our home and we never saw him.

Speaking still further about churches. We get a little bulletin from a church in Brownwood that began coming to us when our daughter lived there. There was an article in the current bulletin that caught us. It seems that some one asked an aged colored woman why she had so many friends. Her answer was: "Ise allus mighty keerful to stop and taste mah words 'fore ah let 'em pass mah teeth."

Of course most of us as well perhaps as the old colored mammy don't think that word originate in the mouth, but the mouth emits them. Most of us believe with the New Testament, that "out of the abundance of the heart the mouth speaketh."

Behind The Scenes

By Reynolds Knight
NEW YORK — The Kefauver committee, one of the most spectacular of all congressional investigations last week ended its 10-month tour and returned to the nation's capital. Far more important than any corrective legislation the committee might propose was the impact of the hearings on the American public.

The graphic close-up of the U. S. crime network and its connivance with police and politicians gave millions of people a shocked awareness of how intimately their own lives were affected. In New York, television viewing hit an all time high as an estimated 86.2 per cent of the total TV audience watched the senators grill a fidgety procession of evasive gangsters, dishonest politicians and grafting law enforcement officials. Department stores, optimistically awaiting the Easter rush, found sales slumping. Movie business fell off so badly that two houses gave up, ran the TV hearings full time for free. Housewives formed listening clubs, rushed out and swamped grocers during noon recesses. Bars reported a big increase in customers but small increase in sales as drinkers kept their eyes glued to the TV screen.

As the sordid evidence piled up, people were bewildered, shamed and finally angered. What made them even more grimly determined to clean up the shabby mess was the guilty feeling that they might have contributed to the vast corruption by their own disinterest and neglect as citizens in a democracy. Perhaps the issue was best summed up by one of the leading advertising agencies which felt so strongly that it published a full-page ad headlined "NOW IT'S UP TO US!" The advertising copy pointed out, "There would be no need for such investigations if Americans lived up to their duties and responsibilities. As individuals we should be honest, open, four-square in all our dealings and speak out boldly against what's wrong, not shut our eyes to it. As citizens we should take an active part in local, state and national affairs. We should see that good men are voted into office and insist that they observe the highest standards in their official conduct."

Cattlemen Continue To Be Independent

Cattlemen are independent in their thought and their action. They are strictly against governmental regulation and interference.

Cattlemen are not alone in their opposition to federal intervention. So far the cattlemen have fought off regulations, and have remained free. Just how long this will remain true is to be seen. Cattlemen have enjoyed unusual prosperity. Perhaps it is this prosperity which has made them independent, and no doubt it is this prosperity which causes the Washington meddlers to look longingly toward this great industry as a "must" when it comes to controls. When any industry becomes too prosperous, or too luscious in its operations, it is time for the bureaucrats to step in and take over—so they believe!

Cattle are high; too high according to the beef eaters; none are too high according to those who bear the expense of producing the beef. Prices of any commodity depend on your point of view.—Canyon News.

Recent guests in the home of Mr. and Mrs. F. L. Morgan and Mrs. Ida Bruton were Mr. and Mrs. F. L. Morgan, Jr., and Mrs. Ethel Harris of El Paso and Mr. and Mrs. Mack Ross of Waco.

J. M. Bennett returned Sunday from Mineral Wells, where he had been receiving medical treatment. Mrs. Bennett stayed in Mineral Wells for treatments this week.

It's just owing to where you live and what you're used to, controls your outlook on everyday matters. There was much in the newspapers a few weeks ago about a negro woman found frozen stiff in an alley in Chicago. Her temperature was much lower than anyone had ever seen in a human to live, about 64. Her veins and respiration seemed to be gone. But the hospital where she was carried worked with her using all the newest methods known, and seemingly by miracle, she is recovering. Over here in America, we just attribute the woman's recovery to scientific methods of treatment by the doctors and nurses with modern medicine. But in the socialized medicine countries, the people were astonished. It was a modern miracle. But really it was the matter of giving each and all patients the care they should have. In the socialized medicine countries, the doctors and nurses have to give so much attention to those with cuts and bruises, as well as the rheumatics—that's folks that just imagine there is something the matter with them—that they do not have the time to really spend with those whose lives are hanging by a thread, as it were. The American medical profession, or some of them, are accused of being mercenary. This may be true in some cases, but socialized medicine is not the cure for that trouble. Medicine cannot be put on a mass-production basis. This destroys the fine relationship between the practitioner and his patients, which may have been built up over a long period of years.

And speaking of socialism, the Saturday Evening Post recently had a very fine editorial on the idea of the government meddling in the machinery of production and distribution. The writer took up the English socialist-labor government idea of what the term a "fair share." And speaking of meats in particular, the editorial went on to say that a fair share of meats in England, presently, just means a fair share of less and less meat. And that is the idea of our own home chiselers and fixers. But these fixers always make it convenient to get all they need themselves, and let the run of the mine get what they can. What we need, as the Post pointed out, is to leave farmers and laborers alone, and let them get into full production. The biggest fumbler, we know or should know, is the government. The government cannot even make up its own mind about price controls. One day it is Kalydid and the next it's Katy-

didn't. We know that no one ever got full production by hamstringing the producers or the laborers. When too many controls start, the people usually end up by getting less and less of the "fair share."

Evidently the congress has been hearing from the "folks back home" about this spend as usual idea of the administration, and what the solons are hearing doesn't quite jamb with the idea of the Smart Boys to spend and elect, elect and spend. In fact the folks back home are already bitter about the high taxes already dumped on them, not to say anything about more and more before the good year 1951 is over. So, knowing that there is an election year coming up again in 1952, the boys are really trying to do something about the huge government bodies of employees up at Washington with nothing in particular to do except draw pay. With the need of help on the farms and factories to carry on the work of preparedness for the war that is almost sure to come sooner or later, the men who represent the folks are really trying some eliminations, despite pressure that is being brought to bear on them from the bureaucrats. The Senators and Congressmen know which side of their bread is buttered. Many of these colossal organizations could very well be dispensed with, and this includes the Reconstruction Finance Corporation. This huge affair was created for the duration of War II, to take care of the needs. But it has recently boomed forth as a big racket set up to line the pockets of racketeers at the expense of the taxpayer.

Editorially speaking, Editor H. G. Richards of the Anton News gave us some very pointed facts in regards to crime in his column last week. He happened to be over at Levelland during a session of district court one day. Several Mexicans and negroes were being tried for one law violation and another. But there were among them three youthful white boys, perhaps still in their teens. All looked rather undernourished and illiterate, and one had served time in a reform school. Mr. Richards wondered if these boys had really had a chance to make good citizens. Did they have the right kind of home environment? Had their parents done all they could to make better citizens of them? Had the community done its duty? We know that crime is one of the costliest things we have to pay for, so far as money goes. The writer wondered if it would not be better for the nation to

put up the dough to rehabilitate that whole country, north and south of the 38th parallel. On the credit side, according to Boyle, the action has caused both Russia and China to lose face, which in turn may discourage aggression elsewhere. But it appears to yours truly from talk being monitored in Japan from Red China, that General Mao is just about as defiant as ever. True, it may be just an act, but he still talks sassy.

Sometimes we get it into that knot of ours we sometimes designate as a head that we are pretty well versed in agriculture, and that if we could recall some two score years, we'd show a bunch of these Terry county farmers just how it all happened. Then we read a bit more and decide we are in the primmer class so far as farming goes. One such article was in the current issue of the Acco Press, publication of Anderson-Clayton Co. Of course we knew that there was a lot of

hungry bugs and worms that worked on cotton. However, if some one had told us that there were more than 18, that was mentioned by name and pictured in colors by Acco, we might have called the guy a prevaricator to his back, of course. Those illustrated were the boll weevil, boll worm, cotton leaf worm, aphid, pink boll worm, spider worm or mites, thrips, stink bugs, fleahoppers, lygus bug, rapid plant bug, tarnish plant bug, grasshoppers, cut worms, army worms, webworms, wireworms and white fringed beetle. At least, after reading that number in Acco, we decided that our bugology degree was a bit deficient.

Mr. and Mrs. C. E. (Bill) Williams and Mr. and Mrs. Richard Kendrick and Dickie spent the week end near Sabinal with Mr. and Mrs. Buddy Tarbuton, former Brownfieldites, and are in San Antonio this week.

PIE-EYED PROF—Prof. Allen Coultts of New York University faced up to the situation when undergraduates sought to raise funds for a new student union building. He and other faculty members and students offered their heads as targets for pies heaved by those willing to pay \$5 a throw. The money goes into the building fund.

SWATCO President Heads State Ass'n.

Mr. Roy Autry, President of Southwestern Associated Telephone Co., has been elected to serve as President of the Texas Telephone Association for the coming year. Mr. Autry's election took place at a meeting of the Association's Directors in Fort Worth on March 14, 1951.

Since returning to Texas from California, Mr. Autry has been active in Texas Telephone Association work, having served on several important committees as well as holding the office of First Vice President prior to his election as President.

Mr. Autry's wide telephone experience and his broad knowledge of telephone operating problems for both large and small companies will enable the Texas Telephone Association to continue to take an active part in legislative as well as service and business problems of the telephone industry.

A poultry producer at Petaluma, Calif., has developed an egg cleaning machine that washes and dries 2,700 eggs an hour with less breakage than hand cleaning methods.

An acute shortage of shepherders is said to be a major factor in the decline of wool and lamb production in the United States.

A BIG SHOT MAKES A BIG TARGET

A visiting minister denounced horse racing in a town famous for the sport. One of the principal patrons of the track, a wealthy citizen with sporting proclivities, always attended that church. The minister was informed of this after the sermon and determined to make amends to the sportsman who was a generous contributor to the church.

"I'm afraid I touched one of your weaknesses," said the clergyman, "but it was quite unintentional, I assure you."

"Oh, that's all right," said the sportsman genially. "It's a mighty poor sermon that doesn't hit me somewhere." Santa Fe Magazine.

Preserve That Flavor In Coffee

COLLEGE STATION — Since coffee is a favorite beverage in most American homes, home management specialists with the Texas A. & M. College Extension Service state that the coffee maker is important and it should have good care.

The home management specialists warn that good coffee can be made only in a clean coffee maker. After each use, wash the coffee maker with hot water and soap or other dishwashing detergent and rinse with clear water. A brush is a handy tool for reaching parts difficult to clean by hand. If stains appear they should be removed by methods recommended for the particular metal of which the coffee maker is made.

In choosing a coffee maker, specialists advise looking for one convenient to use and the right size for the family. When company comes coffee can be made twice or a larger coffee maker can be kept in reserve for such an occasion.

The handle should be comfortable to hold and placed so that the coffee may be poured easily. The top should be constructed so that it will not fall off easily. A lip or spout with a sharp point facilitates pouring and likely will not drip. Seams or crevices should be avoided because they collect sediment which becomes rancid and gives an off-flavor to coffee.

COTTON ROMPER SUIT

The smartest "bloomer girl" on the beach wears Rose Marie Reid's cotton romper swim suit in Ameritex star daisy printed pique that stays crisp when wet. It has a matching shortie beach coat.

CHAMPAGNE MERMAID—An enterprising photographer attending the State Fair at Sacramento, Calif., found Patty Kent's beauty as intoxicating as the samples displayed at the Fair's wine exhibits. Reeling back to his darkroom with pictures of Patty and a glass of champagne, the artistic lensman put two and two together. The result was this picture of a champagne mermaid.

PTA DISTRICT CONGRESS WILL BE HELD IN LOCKNEY APRIL 12

The 14th District Congress of Parents and Teachers will convene in Lockney April 12 for its annual conference. Among the Brownfield parents and teachers who will attend will be Mrs. V. L. Patterson, who is vice president of the Garza, Lynn, Terry, and Yoakum counties associations, and Mrs. H. B. Virgil Crawford. Mrs. Patterson will assist the president, Mrs. M. C. Butler of Lubbock, in presiding over the Thursday night session, and Mrs. Crawford will assist in judging publications exhibits.

The first session will begin at 9 A. M., Thursday and continue until 9 P. M., Thursday night. Included in the day's activities will be a Life Membership luncheon at noon, and a courtesy tea at 5 P. M. Mrs. H. G. Stinnett, who is president of the Texas Congress of Parents and Teachers, will deliver the theme of the Conference Thursday morning, "Safeguarding Our Freedom Through Responsible Citizenship."

In the afternoon, Gordon Bennett, executive vice president of McMurry College, will give the principal address. His subject will be "Who Is A Responsible Citizen?"

Mr. Bennett is well known in this vicinity, having served as superintendent of the Hamlin schools prior to his present position. He received degrees from Baylor University and Hardin Simmons University, and did graduate work at Texas Technological College.

At 2:30 P. M., Thursday, workshops will be conducted in the following fields: Local Unit Presidents; Councils; Publicity, Radio, Audio-Visual, Publications, Yearbooks; Membership, High Schools, Rural - Service, Founders Day, and Procedure; Character, Spiritual Education, World Citizenship, Home and Family Life, and Music; Legislation, Safety, and Summer Round-Ups.

In the evening, Mrs. E. T. Pittard of Anson will speak on "Christianity, Basis for World Citizenship." Mrs. Pittard, wife of a Jones county rancher is much sought-after as a public speaker. She is the mother of two children and a former teacher. In a recent trip to Japan, she worked with Parent-Teacher groups, and in the public schools. In addition to this address the Lockney

schools will give a musical program.

Friday morning at 9 A. M., Mrs. R. M. Carter, who is to be the State Representative to the Conference, will conduct a Question Box discussion. Mrs. E. M. Pittman of Anson, state vice president, will give a report on the Mid-Century White House Conference. Mrs. Butler will preside over all sessions.

The Korean tiger often measures 12 feet from nose to tail tip and has a shaggier, heavier coat than the Bengal tiger.

Among the inventions of Alexander Graham Bell, inventor of the telephone, are an electric probe for locating bullets in a human body and a device resembling modern iron lungs.

Brant And Geese Attack Pastures

Polled Brahman cattle on the ranch of N. S. Whittman near Beaumont, find poor pickings after flocks of wild geese grazed this pasture. In the foreground are both tramped fescue and fescue still fortunate enough to be still standing. The geese still grazed in the background. The destruction caused by millions of brant and geese grazing on pastures in the Gulf Coast area has stirred up much controversy over present game laws. (AP Photo).

Ad Solicitor Had A Fishing Job

Mrs. Mary D. Mason, who carries on with the advertising department of the Herald, missed her youngest son Monday after finishing her work at the office. A search revealed the fact that he was in one of the sewer ditches the contractors have cut to drain sewerage from the lower extreme east side of the city.

This portion of the city wants to drain north, and is some 20 feet lower than the area around the new high school building, and accordingly, a ditch through that ridge must be some 20 or 25 feet deep to drain the low part of the city on the Tahoka highway area. A rope was secured, and the young gentleman, about 7, was finally dragged out of the trench.

What a kid won't do is frost-bitten. We made a short visit to the home of our son Monday late, and forgot our old pipe when we left. Robert, 3 1/2, was discovered to be filling it with cigarette butts and looking for a match to fire up.

Friendship Night Held By Local OES

Brownfield chapter 785, Order of the Eastern Star, held Friendship Night March 29 at 8 p. m. in the new high school auditorium. Guests from 20 chapters in surrounding communities were invited. Mrs. John Portwood, worthy matron, presided.

The Grand officers present were introduced to the group. They were: Mr. Pat Boone of Littlefield, Past Grand Patron, Mrs. Blanche Dodgin of Littlefield, Grand Representative of Puerto Rico to Texas; Mrs. Pat Boone of Littlefield, Associate Grand Matron; Mrs. A. T. Cavanaugh of Lubbock, Grand Representative of West Virginia to Texas, all of the Grand Chapter of Texas; and Mrs. Oscar Duncan of Weatherford, Okla., Grand Committee Member, Grand Chapter of Oklahoma.

The program for the evening, under the direction of Mrs. Grady Goodpasture, was Western, particularly Texan.

Mrs. W. N. Lewis, and Mrs. Gerald Nelson led group singing of "The Eyes of Texas" and "Deep in the Heart of Texas", accompanied by Mrs. Ray Lackey on the piano.

Mrs. M. E. Brown gave a reading about Texas and the program concluded with songs led by Mrs. Nelson, Mrs. Bill Cope, and Mrs. Goodpasture. They sang "There will Always Be A Texas", accompanied by Mrs. Lewis, and "Home on the Range", accompanied by piano and guitar.

Chuck wagon food was served at the close of the program. Approximately 135 persons attended.

HURRAH! WE HAVE NO "CATCHING" DISEASES

For several months now, we have been getting a mineographed report from the Texas Health Department, covering each of the 254 counties, giving the name and number of communicable or contagious diseases in each of them.

For all that time, old Terry has had its full share, but the last one, covering the period ending March 24th, showed Terry county clear, or no reports. Yoakum county was also clear, but that often is the case.

Postoffice Shows 1st Quarter Gain

Acting Postmaster Joe L. Shelton sent us some figures on the increase the local postoffice has shown in three leading items for the first quarter this year over the first quarter of 1950. There is a good increase in these three items, that show there is a healthy growth not only for the postoffice, but also reflects the growth and development of the community.

The first item is Postal Receipts: March quarter, 1950 — \$13,090.59
 March quarter, 1951 — \$15,252.47
 This is a 16.5 increase.

Money orders issued: March quarter, 1950 — \$122,749.51
 March quarter, 1951 — \$164,882.56
 Amount of advertising pieces mailed (exclusive of newspapers): March quarter, 1950 — 294,337
 March quarter, 1951 — 401,954

ROLLAWAY SKATING RINK OPENED HERE

The Rollaway Skating Rink opened for business Tuesday night in its location just west of the Lion Club swimming pool, according to Roy Fleming and Bob Chapman, owners.

Skating sessions will be held from 7:30 P. M., until 9:30 P. M., daily. Saturday and Sunday afternoon, skating sessions will be held, beginning at 2:30 P. M. Chapman is instructor for the sessions.

Billy Norman is in charge of the concession stand at the rink, and music is played during the hours the rink is open for business.
