

THE GRAPELAND MESSENGER.

VOL 12

GRAPELAND, HOUSTON COUNTY, TEXAS, THURSDAY, JULY 22 1909

NO. 18

ALBERT H. LUKER, EDITOR AND PUBLISHER.

ONE DOLLAR PER YEAR. PAYABLE IN ADVANCE

ARRIVED THIS WEEK,

The Nicest Line of Buggy Harness

Ever Shown in Grapeland. Also Buggy Cushions, etc. Be sure to see them and get Prices.

Come to Grapeland to buy your Buggies and Harness.

I have just received a solid car of buggies direct from the factory. By buying in car lots, I am able to name you a very low price. In fact, I will meet any legitimate competition. I have bought nothing but standard grades of Buggies and I personally guarantee every Buggy that I sell. You are invited one and all to come and inspect these buggies.

They will show for themselves.

I ALSO HAVE

I also want to do your blacksmith work, horse shoeing etc. Very Respectfully,

Buggy axles, buggy wheels, buggy poles and shafts. Let me fix your old buggies up.

A. B. GUICE, At the Blacksmith Shop.

Austin News Letter.

Austin, Texas, July 19.—Of the many matters of moment outside of the regular routine at the state house during the past week, none is, probably, of more general interest throughout the state than the meeting of the board created by the Thirty-first legislature to suitably locate additional agricultural experimental stations. Each district and a majority of the counties are seeking one of these stations. The legislature appropriated \$25,000 each year for these new stations and gave to the board it created the power to decide how many should be established and where. The board consists of Agricultural Commissioner Kone, Lieutenant Governor Davidson and Dr. H. H. Harrington, the latter acting for the governor who was originally named as one of the number. At the meeting last week the board decided that five stations shall be established this year, one in West Texas and one in North Texas, both west of the 98th meridian; one in the black belt of Central or Northern Texas, one in the rice belt of South Texas, and one feeding station. The board will meet in Galveston on August 2nd to determine the location of the rice belt station, for which 150 or 200 acres of land will be required, which must be supplied with well water and irrigation facilities. The board will meet at Fort Worth on August 10th to consider the location of the feeding station. Donations for both of these stations are expected and some of the of-

fers are likely to be very liberal.

"Some facts about Texas" is the latest bulletin for free distribution issued by the agricultural department. It contains data relating to agriculture, fruits, minerals, live stock and other interests.

The annual state encampment came to an end last Thursday, when all the troops detained for their homes. The entire absence of liquor from the encampment this year appears to have worked a great reform and the result has not only been gratifying to those who advocated the order at first, but has been surprising to those who opposed it. Notwithstanding that the troops have been through the hardest kind of work during the hottest weather there have been no heat prostrations to result seriously, the guard house has been almost deserted during the entire encampment and the hospital corps has had little to do. The men have worked harder and accomplished more than at any previous encampment.

The penitentiary investigating board organized last week and has started out to find what is the matter with the Texas penitentiary system, which has been so energetically assailed upon numerous occasions, both in legislative halls and upon platforms. The governor has wished them God-speed, they are business men, determined and courageous and the people may rest assured that if there be anything wrong it will be discovered.

Augusta News.

Augusta Texas, July 18.—The protracted meeting which has been under way for two weeks closed today with good results. The earnest, brainy teachings of Rev. Trimble, the divine eloquence of Rev. Boyle and the solemn prayers of Rev. Stokely have brought into the fold some fourteen in number, and the old christians seem to have new oil in their lamps to better light their way home. Altogether we have had a fine meeting.

The dry weather still continues Corn, as before stated, is cut short and cotton is without figures at this time. The farmers are blue, the merchants' faces look like coon skins that had been rained on in the spring and since chewed by a bull pup in an ash pile, but with all of this the bright star of hope that shines in the distance tells us that there will be a way out of the present difficulties.

Johnie Butts informs us that he will leave in a few days for Teague where he will locate. John is an old timer and his friends are loathe to give him up, but wish for his future success.

Ed Holcomb has just returned from the Holcomb reunion. He reports a large attendance and a royal good time. Let the gay wide world wag as it will Ed will be happy and gay still.

Miss Bernice Barker of Palestine is visiting friends in Augusta. A new organ adorns our church. It is sweet in tone and is a beauty. A young man on our left says so is the organist. We give the definition of "Blue

Blood Bay" as the "High Boomerang, or S. H. Lively." Well now sir, we did not say that there was no good men in the commissioners court—far from it. There are plenty of good men in office in Texas that are not qualified to fill the same. Now "Blood Bay" don't think for one moment that we referred to you. Go on grinding with the same old mill and the same old water—"what we have done." Old Gray is about as well posted as to what the commissioners have done as you are. We will leave you at present where the lion roareth, the woodbine twineth and the whangdoodle mooreth for its first born.

The doctors report some increase in sickness.

Capt. Jim McLean is back from the shoot at Galveston. He reports a fine time and some fine shooting. Old Gray.

Hard Roads Mass Meeting.

The citizens of Grapeland met at the bank Monday to again discuss the hard roads question and it was decided to call a mass meeting of all the citizens of the Grapeland country to meet here Saturday July 31 to discuss the question of levying a tax and issuing bonds for the purpose of building hard roads. Everybody interested in this move are urged to be present, whether opponents or advocates of the proposition.

Bro. Trimble is conducting a protracted meeting at the Christian church. So far Bro. Arnold of Crockett has been unable to be here on account of sickness.

From Oak Grove.

July 18.—This community is enjoying very good health at present.

The dry weather is doing things up on short notice. The fodder is burning up, the corn is too green and the leaves are tumbling off the cotton. If the drouth continues a few days longer the pea crop will be a failure.

Syrup making is the order of the day. S. T. Parker has sold his syrup mill to C. E. Brooks.

We understand that Prof. J. H. Kolb will commence a singing school at this place tomorrow. We wish him success.

J. W. Ellis has just returned from Ellis county and he tells us awful scary about the crops.

We understand the Baptists will begin a meeting at this place the first Sunday in August.

Success to the Messenger.

Old Timer.

Twenty Five Cents is the Price of Peace.

The terrible itching and smarting, incident to certain skin diseases, is almost instantly allayed by applying Chamberlain's salve. Price 25 cents. For sale by D. N. Leaverton.

ABSTRACTS

You cannot sell your land without an abstract showing perfect title. Why not have your lands abstracted and your titles perfected? We have the only complete, up-to-date abstract of the land titles of Houston county.

GOOD ROADS BY TAXATION.

The question that is agitating the minds of the people of our community just at the present time is good roads and how to get them. Our community has reached the point where our future welfare and prosperity depends on good roads. And they are as sure to come as night follows day and the sooner the better. At the meeting last Wednesday a committee was appointed to confer with the Attorney General in regard to levying a tax and issuing bonds to build roads. This can be done, and it is the only practical way of doing it. Of course some will be "agin" it from the simple reason that a small tax would be involved and there are always some people who are always ready to throw up their hands and kick like fury at taxation for anything. But the man of good judgement who will devote a few hours study to the question will be in favor of it. To lay roads by private subscription places the burden upon a few, whereas if it was done by taxation every man would do his part. The Messenger is strongly in favor of building roads by taxation.

Before election some politicians feel that the Lord calls them to public office; but after election the people are sure it was the call of the public feeding trough. —Farm & Ranch.

The Lufkin Tribune announce they will begin the publication of a daily paper. We hope the venture will be as successful as the Weekly Tribune. This will give Lufkin two daily papers. But that is a hustling town and room for two.

A question that needs agitating almost more than anything else is the question of good roads. This question touches every neighborhood in the country, and likewise affect to some extent the prosperity of everybody. —Lufkin Tribune.

Secretary Wilson gives his reasons for advocating good road improvements in the following language: "I am for roads first, last and always. I am for them because they benefit the farmer, make for the development of the counties through which they run, minimize profanity, help men to keep their religion and make life more enjoyable."

From all over the county comes the word of tidings that corn is the finest for ten years. It will make the sale of rotten chops and pinebark wheatbran considerably small in this county next year. —Houston County Times.

One change from the old system of farming, which has served in no small way to bring about this condition, is that the farmers of Houston County no longer rely upon luck and the possibilities of a good season to make their crop successful. They are considering modern methods, studying soils and their adaptability to the various crops produced and applying changes whenever nec-

essary. An evidence of the advancement of Crockett and neighboring counties is shown in the progress of the fertilizer factory, which was started on a small scale in connection with another enterprise a few years ago, but which is soon to occupy a special building of its own. The farmers have learned the advantage of fertilizers and are making liberal applications wherever needed. —Galveston News.

Henry Ward Beecher once said: "In the United States every worthy citizen reads a newspaper and owns it. A newspaper is a window through which men look out on all that is going on in the world. Without a newspaper a man is shut up in a small room and knows little or nothing of what is happening outside of himself. A good newspaper will keep a man in sympathy with the world's current history. It is an ever unfolding encyclopedia an unbound book, forever issuing and never finished."

You will find at Geo. E. Darsey's a complete line of Caskets, Coffins and Burial Robes. Mr. J. R. Richards has charge of this department and will wait on you day or night.

Harmon Gray and Miss Dora Lea were married Sunday night at the home of Esquire Jno. A. Davis, that gentleman performing the ceremony, in the presence of a few of their young friends. The bride is the grand-daughter of Mr. E. G. Pennington and is a favorite among the young people of our town. Harmon is a Grapeland boy but for the past several years has been employed by the Western Union Telegraph Co. as lineman with headquarters at Dallas. The Messenger joins the town in extending best wishes for their future happiness.

I have received my new design book, together with samples of marble and am now prepared to show you something good in tombstones and monuments. L. Q. Browning.

Lee Russel, a negro charged with murder in the first degree, plead guilty and was sentenced to hang by a jury in the district court at Crockett Monday. Two other negroes charged with the same crime are yet to be tried. The crime for which they are charged with committing is a very brutal one, murdering a negro woman and throwing her body in a well, which occurred at Crockett last spring.

Jack Johnson knocked out Burns, and Lee Clewis can knock the dirt and grease out of your clothes and press them so as to look new.

The many friends of S. C. Spence will regret to learn that on Monday he was siezed with an attack of appendicitis and went to the sanitarium at Palestine Tuesday to have an operation performed. We hope it will be successful and his recovery speedy.

Mr. J. R. Richards has charge of our coffin department and will wait on you day or night. George E. Darsey.

M. D. Murchison has begun the erection of a residence west of town. Lee Sory is placing material on the ground for his residence about a mile and half south of town. We understand that Sam Kennedy will begin the erection of a modern residence next to Dr. Stafford in the near future.

Record Breaking Values

In Men's and Youth's Clothing for 60 days!

MIXING IT UP

THAT IS OUR BUSINESS

Do you realize that the mixing of medicine is a particular job?

There are many ways in which medicine can be mixed, but only one RIGHT way.

Oil and water are pretty hard to mix, but the druggist who knows his business can mix oil and water into an emulsion as smooth as the oil itself.

We know the drug business and would be glad to mix your medicines for you.

A. S. PORTER

P. S. People say our Soda Water is the BEST in town.

Some New Laws.

Twenty six laws of the first called session of the Thirty first legislature went into effect last Monday, that being the ninetieth day after adjournment of the session.

Following are those that will more or less affect this section: The Fitzhugh-Robertson liquor law, making it a penal offense to sell intoxicants in a local option territory.

Amending the laws relative to the assessment of taxes to all tax assessors, having more time to prepare their rolls.

Defining and regulating fraternal beneficiary associations.

Making it unlawful to give away intoxicating liquors in local option territory.

Authorizing the state health offices to isolate indigent consumptives.

Remodeling and changing the laws relating to the state game and fish commissions.

Protecting estates under \$1000 so as to prevent the same from being consumed by court costs.

Providing for the incorporation and supervision of co-operative life insurance concerns in Texas.

Bonds to be given in appeals in probate cases.

Amending the anti-trust laws of the state.

Establishing a tobacco experiment station in the Seventeenth representative district.

Other laws going into effect were mainly local, and do not affect this section to any extent.

A Millionair's Baby attended by the highest priced baby specialist could not be cured of stomach or bowel trouble any quicker or surer than your baby if you give it McGee's Baby Elixir. Cures diarrhoea, dysentery and all derangements of the stomach or bowels. Price 25c and 50c. Sold by A. S. Porter.

Help for Those Who Have Stomach Trouble.

After doctoring for about twelve years for a bad stomach trouble and spending nearly five hundred dollars for medicine and doctors' fees, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before.—Samuel Boyer, Folsom, Iowa. This medicine is for sale by D. N. Leaverton. Samples free.

See us for any thing that you may want in Wood and Iron Bedsteads, Dressers, Chevals, Book Cases, Center tables, side boards, hall racks Matresses, bed springs, mattings, window shades, Sewing Machines and cooking stoves. Geo. E. Darsey.

Bowel Complaint in Children.

When six months old the little daughter of E. N. Dewey, a merchant of Agnewville, Va. had an attack of cholera infantum. Chamberlain's Colic, Cholera and Diarrhoea Remedy was given and effected a complete cure. This remedy has proven very successful in cases of bowel complaint in children and when given according to the plain printed directions can be relied upon with perfect confidence. When reduced with water and sweetened it is pleasant to take, which is of great importance when a medicine must be given to young children. For sale by D. N. Leaverton.

Now is the time to fix up your fences. We have a car load each of Barb wire and hog fencing. See us, get our prices and buy now while you can get it cheap. Geo. E. Darsey.

Mr. and Mrs. Mike McCarty of Porter Springs visited relatives in Grapeland last week.

Proper Treatment for Dysentery and Diarrhoea.

The great mortality from dysentery and diarrhoea is due to a lack of proper treatment at the first stages of the disease. Chamberlain's Colic, Cholera and Diarrhoea Remedy is a reliable and effectual medicine, and when given in reasonable time will prevent any dangerous consequences. It has been in use for many years and always met with unvarying success. For sale by D. N. Leaverton.

Mr. and Mrs. Jeff Tims and children came in last week from Buffalo Gap, and are visiting relatives at Waneta. Mr. Tims said it was very dry in his country.

Chamberlain's Colic, Cholera and Diarrhoea Remedy the best and Surest.

"It affords me pleasure to state that I consider the preparation known as Chamberlain's Colic, Cholera and Diarrhoea Remedy the best and surest of good results of any I have ever used in my family," says P. E. Harrington of Mount Aerial, Ky. This is the universal verdict of all who use this remedy. Its cures are so prompt and effectual that people take pleasure in recommending it. For sale by D. N. Leaverton.

W. W. Aiken and Frank Harris of Crockett were here a day last week selling lots in Magnolia Park, near Houston.

Terrribly Scalded is something we hear or read about every day of our lives. Burns and scalds either slight or serious are bound to happen in your family, be prepared by having a bottle of Ballard's Snow Liniment handy. It relieves the pain instantly and quickly heals the burn. Sold by A. S. Porter.

Base Ball News.

Sluggers Win Double Header

Lovelady's bunch of Hitless Wonders wandered to Grapeland last Friday and dropped a double header to the locals. They showed poor form, but took their defeat good naturedly, no doubt determined to go home and learn the finer points of the game.

The first spasm started at 3 o'clock with Spence in the box for the locals. He was in great form and the way in which his team mates supported him brought forth frequent applause from the grand stand. At the final wind up the Sluggers had 19 scores and Lovelady 2, which by the way, were donated through errors.

The second round went five innings by agreement, and although Lovelady played "town ball," the locals tightened up more, inspired by their former victory, and proceeded to shut them out. The result was 13 to 0. Both games were witnessed by a very good crowd.

Batteries, first game, Spence and Herod; Young and Hale. Second game, Fulton and Herod; Atkinson and Harris.

Umpire—Green.

Crockett Friday!

We must have Crockett's scalp!

Bullard's ball team will be here for three games next week—Monday, Tuesday and Wednesday, July 26-27-28. The locals expect to take two of the games, and a good article of ball will be put up. 25c admission and each game will be called at 4:30.

Oak Grove journeyed to Salmon Saturday and met the crack team from Slocum in a pretty game of ball. The score was 3 to 0 for Oak Grove.

The locals have received their new uniforms and have been practicing hard the past week.

H. Leaverton, who holds down the center garden for the locals, has been playing that position for Crockett the past five games.

It seems that Livingston has no desire just at present to meet our aggregation of Sluggers. An effort was made to get them here this week, but we suppose all the Houston players were busy and couldn't get off. Really, we think Sory hates to go down in defeat before his old pals.

Crockett has been going some the past week, taking three games from the Houston Schopmeyers, and are now playing Jacksonville. The score Monday was 8 to 1 for Crockett. However, Crockett should play high class ball, as a majority of their team are salaried players.

Crockett will be here Friday. This game promises to be the best and hardest fought of any that has been played on the local diamond. As it will be a very expensive game a record breaking crowd is expected. The game will be called at 4:30.

Eugene Yarbrough expects to join the Sluggers by Thursday for a few games. "Pap" would look good in a Slugger uniform.

The boys have put the local diamond in pretty good shape by claying all the bases and the line from first to second.

Percilla has challenged the locals for another game on their diamond. They will strengthen their team with Slocum players.

The Sluggers are anxiously waiting for Augusta to say when they will come.

QUICKLY CURES
BILIOUSNESS, CONSTIPATION,
DYSPEPSIA, MALARIA, CHILLS
AND FEVER AND ALL LIVER
COMPLAINTS.

HE HEILY RECOMMENDS IT TO HER FRIENDS
Mrs. Maggie Miller, Hugo, Okla., writes:—I take pleasure in recommending your Herbine, for it did me much good. I had a sick headache, foulbreath, bad taste in my mouth and could not rest well at night. I used one bottle and was cured. I am never without Herbine. I heartily recommend it to all my friends.

Price 50 Cents per Bottle.

WHAT IS IT?
A Positive Cure For
BILIOUSNESS, CONSTIPATION,
DYSPEPSIA, MALARIA, CHILLS
AND FEVER AND ALL LIVER
COMPLAINTS.

Mr. Coakey Evans, Registered Pharmacist, Jewett, Texas, writes:—"I recommended Herbine for a child that had chills and a general debilitated system, and who had tried nearly everything except Herbine. It quickly cured the child and the family now keeps Herbine all the time. They recommend it to others and from that have built up a good trade on it. I believe it is the best substitute for calomel I know of."

Price 50 Cents per Bottle.
