Front row-l to r- Seth Ralston, Pat Sloan, Kelly Rosenbaum, and Ronald Howerter.

FUTURE FARMERS Joe Vanderburg and Jim Kunselman are shown presenting Doug Connelly with a plaque in appreciation of his support for the local chapter. Connelly has sponsored the banquet for seven years.

13 CARS ENTER SAFE-DRIVING ROAD RALLY

Randy Parker & David Range of Shamrock, pose here with John A. Mason, George Cannon and Bill Weaver just before departing on the 119-mile Scout Road Rally held here Saturday. Thirteen cars entered the race which tested scouts on safe driving and navigating.

HONORARY CHAPTER MEMBER award was presented to Garland Head Friday night at the Annual FFA Awards Banquet.

Jerry Felder, former Ag Instructor, was named Honorary Chapter Member by Spearman Future Farmers of America.

The annual FFA Parent-son banquet was held Friday night in the High School Cafeteria. This annual affair is sponsored by North Plains Truck & Implement Company to honor members of the Spearman Chapter, Future Farmers of America. It marked the 7th consecutive year that Doug Connelly has sponsored the awards banquet. Over 350 people were in attendance, including 75 FFA members and 275 guests.

Daniel Smith, the chapters president, presided at the dinner with each officer playing a part in presenting honor awards to Garland Head and Jerry Felder and a special recognition plaque to Doug Connelly.

FFA members receiving national FFA awards were Jim Kunselman, Robert Beck, Ronald Wilkerson, Terry Butts and Rodney Schroder. Outstanding FFA members for years 1, 2, 3 & 4 were Gary Evans, Pat Sloan, James Kunselman and Joe Vanderburg.

Certificates of merit in livestock farming were presented to Seth Ralston, Ronnie Head, Dallen Scroggs, Steve Hicks, Jim Kunselman, Gary Evans and Joe Vanderburg; in crop farming, Phil Sanders, Pat Sloan, Kelly Rosenbaum; for agriculture mechanics, Allen VanBuskirk, Joe Edd Crawford, Eddie Richeson, Richard Moch and Daniel Smith; for farm and home electrification, Kenneth Donahue and Rodney Schroder; for general agriculture, Dee Vanderburg, Joe Bob Grayson, Richard Sasser, Tim Jackson, Jerry Hawkins and Ronald Howerter.

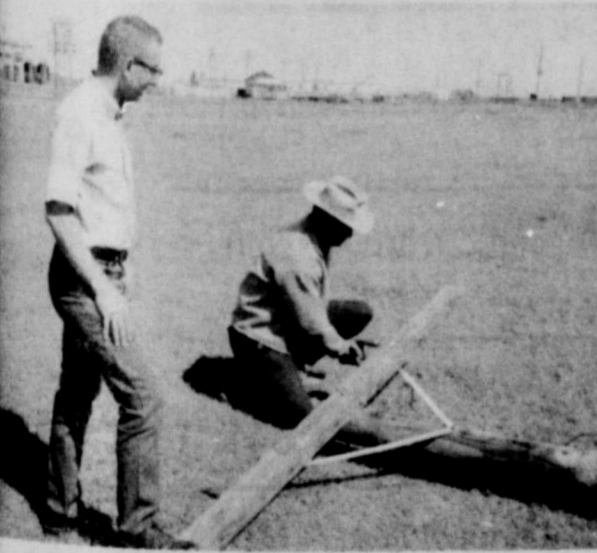

The FFA chapter listed participation in five state or district stock shows or competitions, where members won seven first place awards and many lesser ones.

Five of the chapter members won the Lone Star Farmer award during the year 1968. Daniel Smith is applying in 1969.

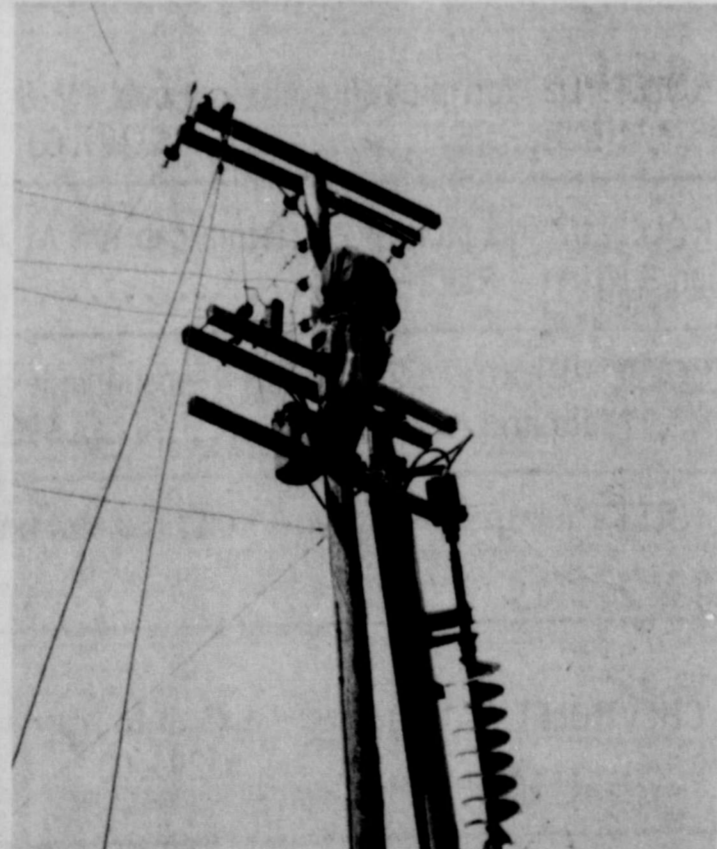

Special awards were presented to Orville Latham, School Business Administrator and to the FFA Sweetheart, Myrna Crum.

Jaycees Prepare for Celebration

Lights Go Up At Rodeo Arena

COMMUNITY PUBLIC SERVICE'S Charles Gilliam is shown above attaching lights to poles which are going up this week at the Rodeo Arena. Gilliam donated his labor & tools to help Jaycees complete the project before rodeo time, May 30 & 31. Jaycee Fred Groves, above left, is a member of the lighting committee. Anthony Electric Co. did the wiring and Hubert Smith donated much of the material.

A LIGHTED RODEO ARENA--Workmen began Tuesday to install lights at the Spearman Rodeo Arena in preparation for the upcoming Memorial Day Celebration. Rodeos, featuring stock of Charlie Plummer of Elk City, are scheduled for 8:30 p.m. Friday and Saturday, May 30 and 31.

A PUBLIC THANK YOU

Without the assistance of anyone, we could never have won 1st Place in Shell Educational Contest. The generosity of the people of Hansford County just could not be equaled anywhere. We will appreciate the community's continued support because the library is not yet paid for. The Twentieth Century Club will continue to support the library in every way possible. It would be possible to name each person who has helped us, so we take this means to say "Thank You" to each member of the Twentieth Century Club of Spearman.

May's Rain Total 2.20

Weekend showers which measured .19 inches brought May's total rainfall to 2.20 inches. U. S. Weather observer Mrs. H. P. Cates has recorded eight days of precipitation this month:

May 3	.23
May 4	.02
May 6	.38
May 7	1.17
May 8	.06
May 9	.10
May 11	.03
May 12	.16

The thermometer reached a high of 88 degrees the past week which was May 13. The week's low of 41 was recorded both on May 8 and 9. Weekend visitors in the home of Mr. and Mrs. Bobby Calaway were his parents, Mr. and Mrs. Robert Calaway of Bovina.

SCHOOL BOARD VOTES OUT ABILITY GROUPING SYSTEM

School board members meeting in regular session Monday night included Hershel Jones, Marvin Jones, Bill Partridge, R. C. Porter, Ira Harbour and Joel Lackey. Max Baggerly was absent.

The board approved an agreement to participate in the Government School lunch room program, accepted Mrs. Nellie Payne's resignation, employed Mrs. Judy Salser to teach in the elementary grades and employed Leonard Babbitt as school

bus maintenance man. Other business before the board included the discussion of the Ability Grouping system which has been used in Spearman schools the past several years.

The board agreed to change this system. Beginning next year, students will NOT be assigned to class sections according to their ability, but will be placed in classes in a random manner.

FUNERAL SERVICE SCHEDULED FRIDAY FOR GEORGIA COX

Funeral arrangements for Mrs. Georgia Lee Cox, 49, of Spearman, are scheduled for 2 P. M. Friday at the First Christian Church. The pastor Rev. Dayle Schnell, and Rev. Wesley Daniel, pastor of the First United Methodist Church will officiate. Mrs. Cox was a member of the First Christian Church.

She passed away Tuesday morning in Sheppard Air Force Base Hospital at Wichita Falls, following a lengthy illness.

Georgia Lee Maize was born in Spearman, Texas, January 1, 1920 to parents Ben and Tressie Maize. She attended Spearman Public

Schools, graduating in 1938. In 1939 she was married to Charlie Cox and traveled with her husband, a member of the U. S. Air Force, until he retired in 1965 when they moved back to Spearman.

Survivors include the husband, sons, Mike of the family home; and Sonny of Dallas; and one grandchild; Brothers, Clyde Maize of San Diego, Calif., Don Maize of Spearman; one sister, Mrs. Idris Shields of Satanna, Kansas.

Mr. and Mrs. Don DeArmond and children made a trip to Six Flags near Dallas over the past weekend.

COUNTY COURT HEARS REPORT

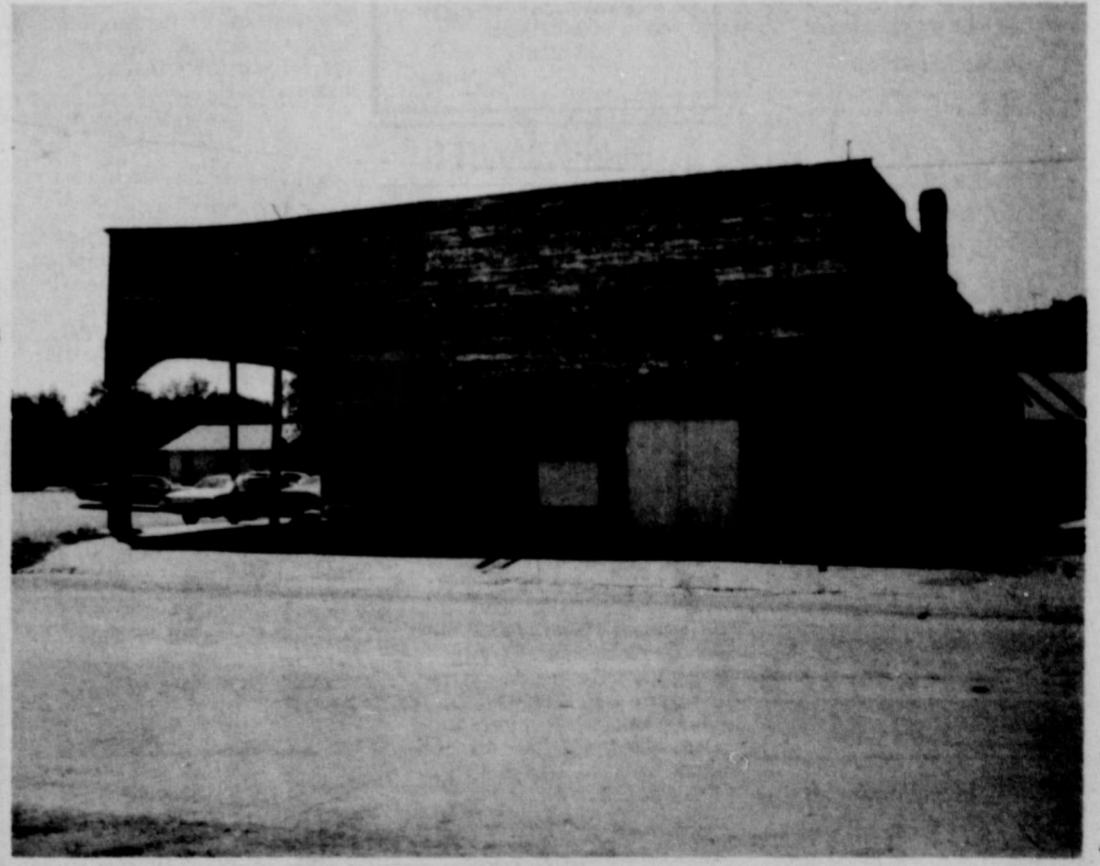

Hansford County Commissioners met in regular session Monday in the office of Judge Johnnie C. Lee.

The court awarded the Plains Machinery Company of Amarillo a \$21,358 bid for a complete asphalt spreading unit with which to pave caliche roads in the county. The equipment includes a 7,000 gallon asphalt tank, heater and distributor to spread the asphalt.

In other business, the court set a meeting June 3 at 10

a.m. when the Board of Equalization will meet with Oil, Gas and Utility companies.

In giving the financial report to the court, Auditor Weldon Greene reported nearly a three-million dollar loss in tax value due to the depletion in gas production in the county. Greene said, however, that the county was financially stable enough to operate another year without raising taxes. Greene said production is expected to increase over the next two year period which will help to bring the tax value back up. He based this hope on some good gas wells being drilled over west of Gruver.

46-YEAR OLD BUILDING RAZED--An old time landmark is being torn down at the corner of Kenneth & Barkley Streets. Built in 1923, the 90 x 165 ft. building in years past was a gas station and garage owned and operated by a Walter Beck. Later, R. D. Chamberlain and brother owned the station and maintained the Alice Chalmers Implement Co. The present owner, Mildred Chamberlain, is having the building torn down to clear the lots.

LEGAL NOTICE

LEGAL NOTICE THE STATE OF TEXAS TO ALL PERSONS INTERESTED IN THE ESTATES OF SETH H. RALSTON AND LILLIAN SUE RALSTON, MINORS:

You are and each of you is hereby notified and will take notice that the estates of the above named minors are being administered in the court and proceeding before shown and that in such proceeding, on the 12th day of May, 1969, an application was filed by the undersigned, to lease for oil, gas and other mineral exploration and development certain property of such estates described therein, such application (all of which including such description is true and correct) reading as follows:

"That such property is, and is described as follows: Southeast Quarter (SE/4) of Section 10, and the Northwest Quarter (NW/4) of Section 147, Block 45, H&TC RR Co. Survey, Hansford County, Texas. Said property has an acreage of two hundred (200) acres.

That the interest in the oil, gas and other minerals in and under such property thought to be owned by the estates of said wards is an undivided three-fourths (3/4) interest. That the interest of said wards is subject to the home-stead rights of your Applicant, the mother of said wards. Authority is hereby asked to include all interest therein owned by the estates of said wards.

That the reasons why such particular property of the estates of said wards should be leased are as follows: The estates do not possess sufficient funds or assets to justify the exploration and development of said property for oil, gas and other minerals with its own funds and further the leasing of such property and the bonus money paid therefor, as well as the potential royalties and delay rentals under such lease, will be of substantial benefit to Applicant in the administration of the estates of said wards. The leasing of said property for oil, gas and other mineral purposes is in the best interest of the wards and their estates and will preserve, conserve and protect said estates.

That notice of the hearing on this application should be given pursuant to Section 367 of the Probate Code of Texas.

And further, that such Court and also the Judge of such Court have designated the time and place for the hearing of such application to be at 10 o'clock A.M. on Monday, the 26th day of May, 1969, in the County Court Room of the County Court House of this County of Hansford, Texas.

This notice is dated this, the 12th day of May, 1969, and is here signed by such Applicant in her representative capacity.

The program was the showing of a film "Time of Crisis-Time of Need". Mrs. R.L. Uptergrove was in charge of the lesson.

Eighteen members attended the meeting.

Let Me See ... by Sybil

I caught myself reving up the car motor for take-off Monday morning as I started for work. As stupid as this may sound, it really felt quite natural, for we did a lot of flying over the weekend and I just hadn't yet come back to earth.

We flew down to Rogers, Arkansas with Chalmers & Betty Porter and boys Friday, spent two glorious days tromping through the Ozarks and returned well-nearly returned home Sunday evening. The 2-hour trip down Friday was fine, coming home we ran into a few thunderstorms and JUST made it to Perryton. When we flew over Gage, Oklahoma's air strip and began to meet turbulent weather I started looking for possible landing strips. That is when I decided it would be a real good idea if EVERY town on the face of the map was FORCED to build an air strip. Boy was I thrilled to see old Perryton come into view. Several more planes were too, for they really dropped out of the sky onto that field just before the storm broke.

It's not that I don't trust Chalmers as a pilot, I do. I'm just not what you would call comfortable anytime I'm off land, period! Boating included. I talk to myself all the way. ... there's Billy & Chalmers laughing and visiting. ... Betty is talking my leg off. ... the three boys are reading or sleeping. ... everyone is calm & relaxed. Not me. I'm staring out my window waiting for that wing to start coming apart, or one of the motors to burst into flames, or something even worse to happen. I believe this is what tranquilizers were made for. ... and I didn't have any. I simply believe the good Lord made flying for the birds. ... and built all this Terra-firma for man to WALK around on.

If you've never taken a trip

through the Ozark mountains in Arkansas you are missing some of the most beautiful country in the world. Everything of beauty is there: trees, streams, lakes, rivers. Like every place else in the world it has a few discomforts: ticks, heat, poison ivy, ticks, heat...

Visiting with the Douglas family is always a joy. We never ate so much fried chicken and strawberries and cream in our life. They set a banquet table three times a day and what time you're not eating, you can spend fishing. They live in spitting distance, any direction, from huge lakes and rivers and those Arkansas people really know how to take advantage of good things. We didn't bring any berries home this time, but we did bring chunks of good old yellow cow's butter. Remember what that tastes like?

I refused to weigh when I got home and for the next few weeks I intend to solidly plant my feet on mother earth and walk, and walk, and walk. Virginia Cates has picked us out a walking route. It goes out by Pioneer Manor Rest Home. If we make it past there, we head on down toward the hospital, and next door to this facility is the funeral home. Wonder if the figures we might wind up in one of these places?

THE HANSFORD LIBRARY is open now and if you haven't been there since all that new carpet has been installed you have a surprise in store for you. It really looks like a snazzy place. But you'll miss Mrs. Gladys Richardson. She resigned her post as head librarian recently and the place is just not the same without her. I didn't ask her what her plans were, but she is one of those "ageless" persons who has looked and acted the same for the past 20 years and I just sorta suspect she decided to retire and take life easy for a while. She has been associated with Hansford Library for some 12 years I think, and her daughter Helen Etter has been "Hansford Library" in person... ever since its beginning. There are "jewels" like this tucked away in every civic organization. They give of their time, moral support and money, and sometimes you never know who they are. I join with other interested citizens in giving a vote of THANKS to Mrs. Richardson and to her daughter Helen for the endless hours of time they have given to Hansford Library. I wish people like this "grew on trees."

Mr. and Mrs. Elvin Martin visited over the weekend in Las Animas, Colorado with relatives.

Miss Bollinger Recipient Of Digest Award

Linnie Bollinger, valedictorian of the graduating class at Spearman High School, has been given the Annual Award of the Reader's Digest Association for students who by their successful school work give promise of attaining leadership in the community. It was announced today by Kenneth L. McKay, principal.

Linnie will receive an honorary one-year subscription to The Reader's Digest in any one of its 13 language-editions which she chooses, and a personal certificate from the Editors "in recognition of past accomplishments and in anticipation of unusual achievement to come."

The Reader's Digest Association is presenting these awards in senior high schools throughout the United States to the highest honor student of the graduating class.

The award to Linnie, who is the daughter of Rev. and Mrs. George Bollinger of Spearman, was made possible through the cooperation of Mr. McKay and his teaching staff. They selected Miss Bollinger to receive the award, designed to stimulate scholarship, citizenship and continued contact with good reading after graduation.

YOU NAME IT

by Billy Miller

You will probably read my column this week, and I enjoyed a Mothers' weekend in Arkansas the Porters. It was one of the few times that Sybil ever been in an airplane of course, I am an old hand at this flying, having performed with Porter for years and years ago. Please to say, we enjoyed trip to Rogers, Eureka and Springdale. However, a trip like this, makes you appreciate man more and more. If want to play golf in Texas, you call the golf and they will call you when there is an open for you to play! And, Texas has the strangest weather. I literally froze to death all last weekend and last time I was in Arkansas was 117 in the shade!

As we expected here at the Reporter and Plainsman, our school won the sweepstakes over-all award for the 1-AA District. Despite what Harold Hudson said in his fine Perryton paper, we do apparently have the best balanced school in the AA District. By the way Harold, how did your school come out in the AAA sweepstakes standing? Harold recently ran in the Ochiltree paper that the Perryton School had an evenly balanced program and didn't specialize in any particular field. And, went on to say that Spearman was noted only for its girls basketball team. . . didn't even mention the fact that we were the boys District Basketball Champions, Debate Champions, Tennis Champions, and note this Harold, our freshman and sophomore golf team won the district also! Please name your district, regional, and state champions, and we double you in every category. Incidentally, be sure and read the page advertisement congratulating the school for winning the Spring Meet Contests!

This is cattle shipping

time in Spearman and Hansford County. A little note on meat IMPORTS might be some real food for thought about this time of the year. It is difficult to evaluate the cost of the recent dock strike but some specific information has been released. A report from Australia indicates that there were 165 ships waiting 56 days to be unloaded by the longshoremen in the New York port alone.

A report from Australia reveals that some U. S. Cattle-men are considering the possibility of supersonic flying warehouses to deliver hundreds of tons of beef in a one-day hop from Western United States cattle areas to the Middle East and other markets. Australian sources reported that the price of Australian cow beef delivered in the United States averaged 43¢ per lb., compared to American beef of comparable quality at 57¢ per lb. near the end of 1968. Current markets in the U. S. have narrowed to approximately 54¢ for the Australian beef compared to 59¢ for the American beef! Cow-men will be interested in knowing that in Australia, the investment in land, improvements per cow

are \$91.27 - in the United States it is \$903.00! The yearly operating cost per cow in Australia is \$19.47 - in the United States it is \$118.33!

Now, before you housewives have a boycott and march on the grocery stores and the cattlemen, remember the punchline to this little old story. . . In order to bring meat prices down to this (which is 10 times cheaper than in the U. S.) be prepared for hubby to bring home 10 times less than he is bringing home now! It has been said, that the best buy in America today is a good steak!

Back to Spearman. . . you guys who are working on the golf course project, keep up the good work. The rumors are already out that airplanes may be chartered to bring in visitors to play out on the golf course, because of the fine facilities at the airstrip to land, and the fact that the golf course is not too crowded. In fact, if you are on the Chamber of Commerce board and can help get any type of recreational facilities in this area, proceed with full speed. And, the Jaycees are especially to be commended for their lights at the new rodeo

grounds. I am still a rodeo fan, and sure want to thank the Community Public Service and Charles Gilliam for his work donated to the rodeo grounds.

Bob Crawford Garden Club Guest Speaker

The Jonquil Flower Club met Friday, May 9 in the home of Mrs. Bob Crawford. Mrs. Bill Massie, president, presided.

Members planned a float for the coming Spearman Celebration parade.

Mrs. M. D. McLaughlin's red peony won the specimen award in the display of several flowers.

Bob Crawford, head of the local Soil Conservation Office, presented the program, showing slides and narrating "Soil and Water Conservation."

LITTLE CLIFF CAMPBELL who is editor of the Gruber Newspaper, is pictured above while celebrating his 2nd birthday. Cliff is the son of Dotty and Buck Campbell, who edit and publish the fine Gruber newspaper, however, Cliff is the real power behind the throne, and we think he is about the cutest editor in the state.

Summer Recreation Program Is Planned

The supervised Summer Recreation Program for youth in the Spearman area will be held this year from June 16 through July 25.

The six-weeks summer program is open to all youths who have completed the first grade through the 7th grade in school.

Registration Fee will be \$2 per child, but any child unable to pay this fee is urged to participate because the City is giving financial assistance to the program this year.

Sessions will begin each morning Monday through Friday at 10 a. m. and will include swimming, movies, softball, volleyball and all types of out-door games.

All Spearman boys and girls in this age group are invited to be a part of this recreation program.

More information pertaining to registration dates, directors, etc., will be forthcoming.

Youth - Parent Program Given At Luther League

Faith Luther League met Sunday at 5:00 p. m.

Following the business session, the group heard Cheryl Montgomery give a program, "They Won't Believe I'm Me." The program concerned why parents expect too much of their children and Cheryl brought out ways to better parent-youth relationships.

A dialogue between parent and child was presented by Jene and Bud Welch. A general discussion then took place to close the meeting.

Refreshments of cookies and cookies were served by Jene Welch and Linda Reneau to Judy Knudson, Jene Welch, Alan Pool, Cheryl Montgomery and Mr. and Mrs. Russell Welch, sponsors.

\$44,000 Social Security Benefits Paid Monthly To County Residents

\$44,000 in monthly social security benefits was being paid to residents of Hansford County at the end of December, 1968, Howard L. Weatherly, Officer-in-charge of the Pampa social security

office, said today.

"Throughout the country, monthly benefits payable at the end of 1968 amounted to nearly \$2.1 billion. Approximately three-quarters of the increased monthly amount resulted from higher benefit rates authorized by the 1967 amendments to the Social Security Act. The remainder of the increase was due to the greater number of beneficiaries."

Although retired workers comprise the largest group of beneficiaries, almost one-fourth of all people receiving benefits are under age 60. Almost four million children and a half million young widowed mothers receive monthly benefits.

In Hansford County, 130 people under age 60 are receiving benefits, 409, 60 or over receive monthly social security payments.

Many students are continuing their education with help

provided for in the 1965 amendments to the law, which extended survivors and dependents benefits to students until their 22nd birthdays. In 1968, 470,000 students received benefits under this provision.

Monthly payments to the family of a worker who dies leaving a widow and two or three children range from \$82.50 to \$434.40 a month depending on the worker's earnings under social security. Payments to the young family of a worker who dies at an early age could total as much as \$85,000 to \$100,000.

Weatherly also pointed out that at the end of 1968, approximately 90 percent of Americans 65 or older were either receiving cash benefits or would have been eligible for benefits if they or their spouse had not been working with high enough earnings to cause suspension of payments for all or part of the year.

A man could retire very nicely if he could sell his life experience for what it cost him.

Fuqua Child Is Injured

Eighteen stitches were required to close cuts along the arm of Neil Fuqua, 9-year-old son of Mr. and Mrs. Fuqua, Friday. The child was accidentally injured when he ran into a plate glass window in the Mall at the Plains Shopping Center. He and several other boys were running and playing and he fell into the window at the Cinderella Beauty Shop.

Iris Pictured At Club Meet

The Delphinium Flower Club met Monday May 12 in the home of Mrs. Medlin Patterson.

Club president, Mrs. Patterson called the meeting to order. Following the business session, roll call was answered with flower culture tips.

Two floral specimens and one arrangement were on display for members criticism. Mrs. Raymond Kirk and Mrs. Medlin Patterson were in charge of the program, showing slides of iris from various shows they had attended. They reviewed each iris separately, giving the names of each one.

Present were guests, Mrs. Bob Urban, Perryton, Mrs. T. D. Sansing from Spearman and Mrs. O. C. Holt and Mrs. Bertha Jenkins from the Holt Community. Members present were Mmes. P. A. Lyon, John Bishop, Raymond Kirk, Eleanor Reed and the hostess. Delicious refreshments were served by Mrs. Patterson.

Salvation Army Drive Drawing To A Close

The 1968 fund appeal of the Salvation Army in Hansford County is proving to be among the most successful. Contributions have come by mail, through school students and through many volunteer workers soliciting funds.

Campaign Chairman in Spearman is Mrs. Elsie Mathews who has been appointed a member of the Hansford County Service Unit Committee which administers the charitable work of the Salvation Army locally.

Mrs. Dotty Campbell is serving as campaign chairman in Graver and Judge Johnny C. Lee, Chairman of the Hansford County Salvation Army Service Unit Committee announced the appointment of Mrs. Campbell to serve on that committee.

The annual fund appeal supports the charitable work of the Salvation Army Committee as well as statewide services of the Salvation Army.

In case you have not been contacted and wish to contribute to the Salvation Army please mail your contribution to J. W. Gibner, Treasurer, The Salvation Army, Spearman, Texas.

Mr. and Mrs. Sammy Don Jones and children spent Mother's Day in Pampa with their parents, Mr. and Mrs. W. R. Morrison and Mr. and Mrs. C. A. Jones. They also visited with Mrs. Jones' uncle, Mr. R. Q. Harvey of Oklahoma City.

Mr. and Mrs. Willoughby Sparks of Amarillo visited Sunday in Spearman with his sisters, Mrs. Kiff White, Mary Sparks and Mrs. Willet Burges.

Tired of the tame and the ordinary? Slip into a swinging Cutlass S. This one's got excitement, even standing still. Makes you glad it's also got an anti-theft steering column lock, too—to discourage the envious. Turn on the key and you turn on a Rocket 350 V-8 to instant escape—with an action, a ride, and a certain class ordinary cars can't duplicate. It's all part of the Olds extra value that goes far beyond its price. About that price: It's lower than many "low-price" models on the road today.

Here's how you slip into something exciting, without tripping on the price tag.

President's Report to the Membership . . .

In our membership meeting of a year ago, the members voted to expand the Board of Directors from seven to twenty. This was in line with the Board of Directors' recommendation. Your board made this recommendation endeavoring to see that all areas might be given an equal representation as possible and in making this decision, they thoroughly studied the volume of business done at various stations and it was noted that due primarily to irrigation, that the dollar volume of business done with the members had changed considerably arewise.

At one time, when basically all we handled was dry land wheat, the dollar volume was larger in some areas than it is today where they have considerable irrigation. Of course, we considered the elevator that had been added at Pringle. This elevator was added to serve present members as well as new members that were having to haul a considerable distance. Also, the McKibben elevator had been modified and was handling a greater volume.

It is really interesting to study the growth of this organization and we think that in this report that we are now presenting you, we cover the more important phases of the "off the farm" part of your farming operation. At the time that I was elected on the board and for a number of years afterwards, our principal income was an storage that we collected from Commodity Credit Corporation or the government. Today, when you study our operating statement in detail, and your Board of Directors does this monthly, we find just the opposite. The volume of our income is derived from the merchandising, not only of grain products but of supplies that are necessary to the farmer's operation.

When our Board of Directors makes a decision pertaining to a needed facility or an additional service, we are careful to weigh the advantages and disadvantages to the farmer. We are constantly concerned regardless of what the proposition is — whether or not it will be beneficial to the farmer. We try to consider the large farmer and the small farmer along with the average size farmer. We are also really concerned if it will meet with the approval of the membership in general.

When we are studying a new proposal and possibly have had numerous meetings and page after page of detailed report and a decision is reached, it is often remarked by some director, "how do we explain all of this to our members?" Of course you and I know that it is virtually impossible to give you this much detail on every policy or proposal that might be considered. I personally feel that even though we have been unable to give all of the members all of the details that we might desire, basically they have approved of the board's actions over a period of years or we could not have enjoyed the growth and success that we have sustained all this time.

This report basically tells us what the farmers have done in the last fifty years by working together.
MARVIN GROVES, President, Board of Directors

History of Equity

An idea was born in the late teens here on the Plains. A few far thinking men in Ochiltree County, Texas, and Beaver County, Oklahoma, realized the need to market their wheat and other grain crops and purchase their supplies cooperatively. They felt that marketing of grain could be done for less than the approximately 25¢ per bushel which the grain trade was then making. To many, this seemed an impossible task. Capital was scarce. Farmers and ranchers were skeptical of an endeavor of this proportion. People were unaware of the advantages of cooperating to market their grain and buy their supplies. For every farmer and rancher in favor of organizing a cooperative, ten were against it. In spite of these difficulties, an organization was formed and in December, 1918, business operations actually began. The first charter of the "Equity" was a corporation charter issued March 26, 1921. When the Marketing Act was passed by the State Legislature in 1924, the Equity was granted a cooperative charter. The principles of cooperation have been the basis for operation of the Perryton Equity since its beginning. Each member receives dividends in proportion to the amount of business he does with the Equity and each member has only one vote.

When it became evident that our soils must have supplemental nutrients, the Equity began supplying ANHYDROUS AMMONIA to its customers. The Equity was instrumental in lowering the price of anhydrous ammonia and has been responsible for maintaining an equitable price to its members. The Perryton Equity has anhydrous ammonia plants at 10 of its 14 locations.

In 1968, a plant was opened in Perryton to handle dry fertilizer materials in bulk. Analysis to today's costs will bear out what we have mentioned about price control: Items supplied to members by the Equity have increased in price almost none in relation to other costs of operation. (Equipment, labor, taxes, etc.)

Business operations were begun in December, 1919, in the small frame elevator (pictured here)*moved from old Ochiltree by a Mr. Hutchenson. In addition to the grain business, items such as coal, sugar, flour, apples and twine were handled in those early years. The first charter of the Equity authorized a capital of \$50,000. Presently the authorized capital is \$5,000,000. The total volume of business transacted for member-patrons has been \$268,385,795.18. Of this total business a net gain of \$8,273,012.98 has been made for the members.

E. N. Puckett

The first manager hired by the Equity was E. N. Puckett. Mr. Puckett served as manager of the Equity from 1920 to 1926, when he left to assume the position of manager of the Union Equity Exchange. Mr. Puckett, together with some of these other organizers, both directors and members, was responsible for establishing the Perryton Equity Exchange and the Union Equity Co-operative Exchange on the sound cooperative principles on which they have since been operated.

On Board of Directors Since 1921

County Agent, will conduct a training program June 2, 3 and 4 in Spearman. If you plan on driving a tractor this summer and need this program, please contact Mr. Adamson. This is a project of the Hansford Co. TAP (Technical Action Panel). This training mainly involves the safe operation of tractors and farm machinery. Identification cards are issued after successful completion of the training program, and employers should make sure that youngsters have these cards before hiring them, emphasizes Garnett. An employer can be fined up to \$10,000 for willful violation of the Labor Act.

LIONS ENJOY PROGRAM---Thel Daniel, State FHA President brought the program at the regular Tuesday luncheon meeting for Spearman Lions. Pictured above, left to right: James Cunningham, Thel Daniel and her father Rev. Wesley Daniel, Allen Alford.

Lions Hear FHA State President

Lions James Cunningham and Allen Alford, in charge of the program for the regular Tuesday noon luncheon, presented Miss Thel Daniel. Miss Daniel addressed Spearman Lions on her activities as State President of the Future Homemakers of America organization. Thel, daughter of Rev. and Mrs. Wesley Daniel, said the highlight of her FHA career occurred just recently when she presided over the State FHA Convention before 5,000 delegates.

New Lions Club officers for 1969-70 were named Tuesday as follows: President-Dan Desimone, 1st Vice President-Allen Alford, 2nd Vice President-James Cunningham, 3rd Vice President-Bob English, Tail Twister-Billy Miller, Lion Tamer-Roy Jones, Sec. & Treasurer-Bill Turner.

Directors include Clay Gibner, Wesley Daniel, Jack Oakes, Doug Connelly, Ab Abston, Darce Foshee and Dick Boxwell.

ROY JONES, manager of Texhoma Livestock Auction, is using this opportunity to invite cattlemen and farmers to attend the big stocker-feeder sale at Texhoma Livestock Auction, Texhoma, Okla. this Friday. Elmo is pictured here, on a recent visit to the Spearman Reporter. Anyone interested in consigning cattle for this big Friday sale is asked to contact Elmo or Wayne Ross at Texhoma Livestock Auction, Texhoma, Okla.

TRACTOR TRAINING PROGRAM SCHEDULED FOR LOCAL YOUTH

Summer is almost here and farmers and ranchers are hiring boys and girls for the critical months during the summer. But before hiring such youth, certain requirements must be met under the Fair Labor Act as amended in 1966.

Employers must abide by Agriculture and Child Labor Laws when youth under 16 years of age work on their own children, or Ed Garnett, Extension farm management specialist, Amarillo. Now, according to the states briefly that youth under 16 cannot operate or ride tractors over 20 horsepower) or self-unloading wagons or hoist wagons; operate or unclog combines, field balers, hay conditioners, forage harvesters, corn pickers, roughage blowers or crop dryers; operate post-hole diggers or power driven saws; or work inside a gas-tight forage or grain enclosure or in a yard, pen or stall occupied by a dairy bull, boar or stud horse.

These standards do not apply when a youngster under 16 is employed by his parent on a farm operated or owned by such parent, explains Garnett. Also, those youth under 16 who have completed a bona fide cooperative vocational training program are exempt from the provisions of the act.

If there was a man's job---with no place to send a boy---grain harvesting is that job. The combine you send to the field had better be good if you expect a successful season with full profit. That's where quality built into John Deere Combines pays off.

ADD BONUS BUSHELS AND ACRES OF GOOD WORK EACH DAY.

High Speed unloading augers empty extra-large grain tanks on John Deere Self Propelled Combines in a minute or two...and they're only one of the many time saving features which add up to extra acres of weather-beating good work every day.

181st GENERAL ASSEMBLY OF UNITED PRESBYTERIAN CHURCH

Two persons from the Presbytery of Dallas will be among the approximately 1840 commissioners to the 181st General Assembly of the United Presbyterian Church, U. S. A., which meets in San Antonio, Texas May 20-22.

Announcement of the commissioners' election was made today by the Reverend Lewis L. Goodrich, Sr., stated clerk of the presbytery. The commissioners include: The Reverend Murray W. Travis, Pastor of the First United

Presbyterian Church of Dallas, Texas and Mrs. A. D. Parker, a ruling Elder in that Church.

The Presbyter will also send as observers to the General Assembly the Reverend Clem C. Satterly, Pastor of the First United Presbyterian Church of Littlefield, Texas and Mrs. Florence Wilson, a Ruling Elder in the First Presbyterian Church of Amarillo.

As voting delegates to the highest legislative body of the 3.1 million member church, the commissioners will vote on a broad range of issues involving worship and work by the denomination. Among the matters due to be considered are the tax exempt status of churches, non-scientific objection to war, world hunger, the "brown power" movement of Spanish

speaking Americans, the denomination's ecumenical involvement, ghetto investment policies, and church reorganization. One of the first actions will be the election of a moderator presiding officer of the assembly and titular head of the denomination to succeed the Rev. John Cowdry Smith of Larchmont, N. Y. There are four announced candidates

to the office: The Rev. George H. Dockerty of the Presbytery of Washington City (District of Columbia); John Park Lee, a layman, of the Presbytery of the Palisades (New Jersey); the Rev. David A. MacLennan of the Presbytery of South Florida; and the Rev. George W. Sweeney of the Presbytery of St. Louis.

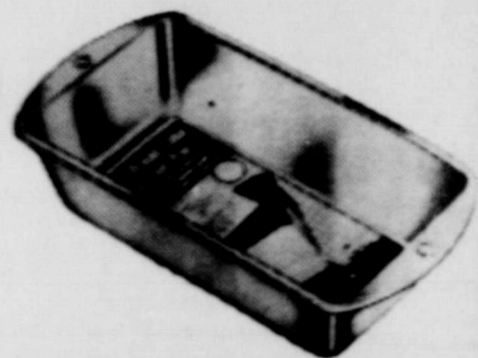

Sunday visitors in the home of Mrs. Ed Wilbanks were Mrs. James Boyd and son of Wichita Falls, Mr. and Mrs. Carl Lucas of Amarillo, Jim David Crawford, Carl Edd Wilbanks of Moorland, Okla., Mr. and Mrs. Jeff Hawkins, Vickie and Joe Edd of Spearman and Mr. and Mrs. Jerry Reed and Stephanie of Spearman.

Sharon Lambert and Mrs. J. C. Jackson visited over the weekend in Lubbock with Mrs. Jackson's daughter, Mrs. W. E. Parker, Teresa and Eddie. They attended a dance recital that Teresa was in while there.
