REDECORATING JOB UNDERWAY---This is the way the Sanctuary of the First Baptist Church looked Tuesday morning. Workmen had completely gutted the building, beginning an extensive redecorating job which is supposed to be completed within the next 5 to 6 weeks. The sanctuary will be out of use only 4 Sundays.

ROMANESQUE STYLING is the design chosen for the interior of the First Baptist Church. Dr. B. T. Shoemaker, pastor, holds the architect's drawing showing how the sanctuary will look after the remodeling job is completed.

MIRACLE AT LUBBOCK

Several parents of students at Texas Tech in Lubbock stated that if school had not let out early this week and all of the students or most of them gone several thousand of them would have been killed. The University Arms, student living complex, located near the stadium, was completely demolished. Trees on the campus were blown down but the miracle is that many of the students had already gone home.

No Spearman or Gruver students have been reported injured or killed.

Four Seasons Stock Taken Off Market

Many persons in this area have speculated about the freeze on transactions in the stock of Four Seasons Nursing Centers of America, Inc., by the American Stock Exchange. A news story appeared Tuesday in the Amarillo Daily News which stated that the exchange's action is a matter involving the company's top management and will not disturb the activities of individual health centers bearing the Four Seasons name.

The release, written by Jerry Searcy, Business Editor of the Amarillo newspaper, said that the American exchange stopped trading in the company's stock on April 30 after the corporation disclosed that it would report a net loss for the three months ended March 31. Company officials also indicated that earnings for the year ending June 30 will be down substantially below earlier estimates.

Subsequently, the Securities and Exchange Commission and the American exchange announced that inquiries would be made into some of the Four Seasons' financial dealings.

Four Seasons also has Amarex, Inc. a diversified oil company which owns Four Seasons franchises in Washington, Oregon and California.

The consulting manager of Amarex, Joel Burns, said Monday that the halt in stock sales "will not adversely affect and subsidiaries develop, build and manage nursing homes, hospitals and child care centers in the Southwest and Midwest.

The officers of one Four Seasons subsidiary, according to the Amarillo newspaper release, are former members of a Spearman law firm, James P. "Jimmy" Linn is president of Four Seasons Franchising Corp. His former law partner J. D. Helms is vice president. It was erroneously reported in that newspaper that Mr. Richard Countiss, a practicing Spearman attorney, was also a vice president of Four Seasons. Mr. Countiss said Tuesday that he was not associated in any way with this company, nor had he ever been.

Mr. Countiss purchased

the Linn and Helms interest in the Spearman law practice when these men moved to Oklahoma City and his only partner is Mr. Chunky Blackburn. The Spearman law firm is owned by Countiss and Blackburn, practicing attorneys.

Linn and Helms joined Four Seasons and moved to Oklahoma City in June of 1969, but retained interests in oil and cattle businesses in the Spearman area.

It was reported that Mr. Helms stated Monday that the company would have an audited report on the January-March quarter ready in about two weeks and that they would probably make some statement about the figures at that time.

Four Seasons stock continues to be traded over-the-counter he said, and operations of individual centers should not be affected by the stock sale halt.

The story stated that SEC and American exchange officials indicated they were curious about a loan made to Four Seasons when the company was itself lending money.

Jack L. Clark, president of Four Seasons, described the transactions as being in the normal course of business operations and said the company is working with the American exchange to explain the dealings to company shareholders.

Deadline Looms For Farmers

According to Ellzey Vandenburg, ASCS manager, some 300 farmers in Hansford County must report wheat acreage if they want to comply with the farm program. This must be done by FRIDAY, MAY 15. This is the final date.

Early certification by Hansford County farmers in the voluntary farm programs will mean earlier program payments, according to John Trindle, chairman of the Hansford County Agricultural Stabilization and Conservation committee (ASC.)

Certification must be made by the disposition dates of Wheat, May 15 and Grain Sorghum August 15. When certification is made earlier, the certification date becomes the final farm disposition date.

Trindle cautioned farmers against guesswork. He advised that they must know their exact acreage of feed grain, wheat, and cotton. They must also know the acreage diverted from wheat and feed grains, and that they have met their farms' conserving base requirements.

When a farmer certifies his compliance with the farm program provisions, the Hansford County ASCS office begins processing the papers so that he will receive full payment as soon as possible after July 1. Target date for completion of 1970 farm program payments is July and August.

Trindle reminded farmers of the following major points involved in certifying they are in compliance with the farm programs:

Certification must be exact. Spot checks will be made at any time following certification. If an error is found, some or all of the program payments may be lost. After certification, adjustments cannot be made to bring acreage into compliance.

Finish planting before making certification, Trindle said. Be sure the allotment, base, or permitted acreage has not been exceeded on all farms which the farmer or his immediate family has an interest.

Remember, Friday May 15 (tomorrow) is the final date to report wheat acreage!

THIRD GRADE TO PRESENT OPERETTA

The third grade will present a two-act operetta "Carnival Capers" at the High School Auditorium Thursday evening, May 14 at 7:30 p. m. The story centers around the 100th birthday party given by Theophilus Turtle, who

is really Keith Adamson, Henny Penny, played by Debbie Green, accuses Willie, the Wolf (Clay Rubano) of having eaten up Little Red Riding Hood (Kelly Harper) and her grandmother (Jonelle Moran). A trial is held. The outcome must remain a surprise.

The operetta is directed by Mrs. Wilma Clark, assisted by Mr. Ed Howk and the third grade teachers, Mrs. Archer, Mrs. Nivens, Mrs. Orr and Mrs. West.

Rodeo Planned For Celebration Weekend

Eddie Stewart and Dale Hawkins, rodeo chairmen for the upcoming Memorial Day celebration, said this week some of the toughest and roughest stock in existence will be available for performers May 29 and 30. Rodeo stock is being furnished this year by Lloyd Barbey of Beaver, Okla.

Performances will begin at 8:30 o'clock nightly at the lighted Rodeo arena located in north Spearman. Belt buckles will be awarded winners in the following events, calf roping, steer roping, saddle bronc and bareback riding, barrel racing, bulldogging and bull riding.

A fifty-dollar Stetson hat will be given away to someone who guesses the closest to the weight of a Texas Longhorn steer. This big bruiser will be on display here during the celebration for everyone to "buy a ticket and make a guess."

The upcoming rodeo has the approval of the South-west Cowboy's Rodeo Association.

Entry forms are available at the Chamber of Commerce office on main street.

Let Me See ... by Sybil

I'm not smart enough to understand anything about the stock exchange, how it works, etc. But I've heard a lot about it lately and after reading a little something about stock exchange workers, it could be that prices go up-and-down not because of world crises, etc. but because many of the workers on Wall Street are criminals and may be dipping into the till! A new state law requiring all workers in stock exchanges to be fingerprinted has revealed 361 persons employed on Wall Street have arrest records! Because of continuing investigation of the American and New York Stock exchanges, 54 persons have resigned recently!

Writing in the Sunday Oklahoman, Ray Parr talked much about campus disorders and stated that he was glad they waited until the end of the spring football season before starting any rough stuff at OU. He told the militant students it was OK to trample down the rest of the campus but they had better stay off the new football grass or there would be a confrontation! He ended by saying "I can remember when the worst crisis faced

by a university president was a panty raid."

Campus disorders? Here's a 150 year old prescription for such ills as handed down from St. Benedict's monasteries:

If any pilgrim monk come from distant parts, and wish as a guest to dwell within the monastery, and will be content with the customs which he finds in the place, he shall be received for us long a time as he desires.

If, indeed, he finds fault with anything, or expose it, reasonably, and with the humility of charity, the abbot shall discuss it prudently lest perchance God has sent him for this very thing.

But, if he have found gossip and contumacious in the time of his sojourn as guest, not only he not be joined to the body of this monastery, but it also shall be said to him, honestly, that he must depart.

But, if he does not go, let two stout monks, in the name of God, explain the matter to him!

The doors to the sanctuary of the First Baptist Church will be closed for the next four Sundays. Just the sanctuary doors though. If you decide to attend church there one of those days, come to the north door of the educational building. That's where all

Sunday School and church services will be held until workers complete a very extensive redecorating job. The sanctuary will be completely re-done as will the basement fellowship hall and the kitchen. The congregation will be out of the sanctuary only 4 Sundays, and will reconvene there the 5th Sunday. This is very speedy work considering what all is to be done. When completed, it will be very beautiful and plush. Just like a new church in fact.

Everyone is getting their air conditioners tuned up after Sunday. Boats too. Fishermen are tuned up also. Bill Giles went to Lake Meredith and caught 61 crappie in about 2 hours. Rube Faus is not much of a fisherman, but he loves to cruise in his boat around Meredith. Rube says he closes up his boat shop Saturday and spends the entire weekend just motoring over the water. He thinks that lake is quite a place: "an ocean of water," is the way he puts it.

In case you are wanting something to celebrate, the week of May 10-16 is: Law Enforcement Week, Home Demonstration Club Week, Veterinary Medicine Week, National Hospital Week, and I don't know what else.

Want to know the definition of a modern American? He is a person who drives a bank-financed car over a bond-financed highway on credit card gas to open a charge account at a department store so he can fill his savings-and-loan-financed home with installment-purchased furniture.

Spearman Girls To International Science Fair

Final plans are being made by Dr. Lynn Gardner, professor and head of the chemistry department at Panhandle State College, to attend the International Science Fair, May 10-15 in Baltimore, Maryland.

The trip to the fair was made possible by donations from Dr. W. F. Dunaway, Oxley Clinic, Doctors from the Medical Arts Clinic and

the Guymon Veterinary Clinic. The donations will make up half of the cost to the fair that includes transportation of the projects to the fair, transportation, room and board, and registration.

The two high school students that won the trip to the fair and exhibit their projects were Vicki Rosenbaum and Devorah Jackson both from Spearman. Miss Rosenbaum's exhibit was titled "Atropine and PAM Andidotes" and Miss Jackson's exhibit was titled "Digitoxin."

Both entries were in the division of biological science. Dr. Rosenberg, Miss Jackson and Miss Rosenbaum will fly from Amarillo to Baltimore.

Middle School Bands Score Sweepstakes

Both the Grade 6 and Junior High Bands won sweepstakes awards last weekend in the Area Junior High Band contests held at Phillips, Texas. A sweepstakes award is made when a band scores a Superior (Division I) rating in both concert playing and sight-reading contests. Both bands are directed by Frank Porter. The critic judge for the contests was Charles Traylor, popular Abilene Christian College Band Director.

In the Solo and Ensemble contests, nine events were entered. Six events won superior ratings and three won excellent ratings. There were no events that scored lower than excellent, a highly unusual occurrence. Winning Superior ratings were: Beth Sheets, Clarinet Solo; Roy Avila, Snare Drum Solo; Jayne Godfrey, Trombone Solo; Mark Fox, Saxophone Solo; Galen Thompson, Saxophone Solo; and Jayne Massie, Debbie Sheppard, Dixie Sheppard, and Rhonda Jones, Saxophone Quartet; Debbie Gress, Sheryl Gibson and Dee Ann Reed, Clarinet Quartet; Debbie Cage, Kathi Garner, Kathi Brown, and Debra Davis, Clarinet Quartet.

HD Club Week

Home Demonstration week is being observed in Hansford County this week by all HD clubs in Spearman, Morse and Gruver. Club women have window displays in various store windows in these towns and elsewhere in this newspaper a history of each club and its accomplishments has been submitted for reader interest.

The history of the Hansford County Extension Program dates from July 1938 when a group of women got together and petitioned the Commissioners court to start HD work in the county.

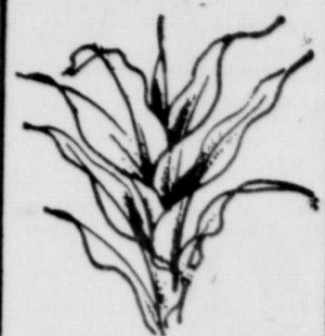

From 1938 the organization has weathered the depression, droughts, prosperity, two wars and many other county elements.

Miss Pearl Lock was the first Agent.

Success Is Home-Grown

Most successful farmers and feeders find their opportunities in the same place they were born and raised - or perhaps a mile or two down the road. Success is a crop we like to cultivate at the Land Bank Association - and it's best if it's home-grown.

Members also made their clothes, drapes and upholstered furniture and planted flowers and shrubs in their yards.

Mrs. Mack Dortch, currently serving as the EEE chairman of the Morse HD Club, said, "Later we got the deep-freeze and didn't have to can so much. We all enjoyed learning how to freeze our meat and vegetables."

The Morse Club has been very active. It now has 12 members. The club has helped with 4-H work, the stock show, dress revue and achievement banquet.

MRS. CHARLES SHIELDKNIGHT
nee Hazel Lesly

The First United Methodist Church in Spearman was the scene for a wedding ceremony Saturday, May 9 which united in marriage Miss Hazel Lesly and Charles Shieldknight.

Bill Osborne, Church of Christ minister, read the five o'clock vows for the daughter of Mr. and Mrs. T.O. Lesly, and the son of Mr. and Mrs. Jimmy Shieldknight of Spearman.

Spiral and cathedral candelabra bearing peach tapers formed a background for the exchange of vows. Arrangements of spring flower bouquets, white isle carpet and swagged satin rapping around the altar area completed the church decorations.

Traditional wedding music was played by Mrs. Max Baggerly, Spearman. Linda Hoover, sister of the bride, was Matron of Honor. Bridesmaids included Karen Baggerly, Johanna Eichholzer, Le Ann Shieldknight, Marcia Shieldknight, all of Spearman. Ringbearers were Angela Lesly and Richard Lesly of Spearman. Cindy Lesly of Spearman served as flower girl.

Ushers were Stan Guzik of Dallas, Monte Lesly of Perryton, and Hal Hoover of Spearman. Bill Gohison of Quanah, Roy Scribner of Spearman, Jimmy Brown of Irving and David Lesly of Perryton served as groomsmen.

Fred Shieldknight served his brother as Best Man. All attendants of the groom were attired in black tuxedos.

Miss Lynn Hohertz registered guests at the church.

Bride's attendants were dressed alike in peach polyanzo gowns designed similar to the bridal gown and were enhanced by Venice lace encircling the waistline and sleeves. Each one carried clusters of apricot chrysanthemums with velvized stems.

The bride, entering on the arm of her father, was attired in a formal gown of polyanzo and Venice lace overlay. Her full sheer sleeves were caught at the wrists by deep lace cuffs. The bouffant skirt of sheer polyanzo over taffeta swept to the back fullness and cascaded into a chapel train falling from beneath a soft bow. A matching Venice lace camelot veil held her tiered veil of bridal illusion. She carried a cascade bouquet of miniature carnations and cymbidium orchids with stephanotis.

Reception guests were received immediately following the ceremony in the fellowship

hall at the church. The bride's table was draped in white satin and centered with the tiered wedding cake. The wedding confection was flanked by tall silver candelabras holding white tapers. Misses Patsy Bower and Lynna Mackie presided at the serving table. When the couple left for a wedding trip to Dallas, the bride was wearing a blue silk blend coat dress ensemble with white accessories. Following the honeymoon trip the couple will be at home on a farm near Spearman. Next year they will both be students at Texas Tech.

The bride is a 1970 graduate of Spearman High School. Mr. Shieldknight is a 1968 graduate of Spearman High School and for the past two terms has attended Southern Methodist University at Dallas.

Out-of-town guests present at the wedding included Mr. and Mrs. Durwood Marshall and Vicki of Whiteface; Virginia Scott of Quanah; Mr. and Mrs. Pat Holt, Cruver; Mrs. Una Lesly, Ralls; Mr. and Mrs. Ferrer Lesly, Canyon; Mrs. Oughtney Dick, Perryton; Mr. and Mrs. Ellis Pittman, Morse; Mr. and Mrs. Harvey Thomas, Perryton; Mamie Patterson, Burns Flat, Okla.

In September the following children were enrolled: Kerry Adamson, Tony Anthony, Denise Blackburn, Roger Buchanan, Tuwana Byrd, Wayne Cook, Kara Carthel, Tamera Donahue, Donna Douglas, Ben Dunaway, Damon Gregg, Mylinda Groves, Jeff Lackey, Mike Lovett, Mary Ann Martin, Tonja McBride, Tara McLain, Melanie Partridge, Curt Reddick, Kevin Rook, Roena Rosser, Rory Shepard, Lance Simpson, Sherryl Stafford, Tracy Vernon, Todd Weese, Ed Whitefield, Steve Widener.

Mrs. Womble said, "We have had good times working and playing together. We have learned to do many things, including hand work such as printing, coloring, paper folding and cutting, free hand drawing. We have done some painting, counting, writing and recognizing numbers to twenty. Many nursery rhymes, action songs and games were learned by all."

"Children always love the story hour. We dramatized some of the more familiar ones. Halloween was a fun time for all. In December we had a program for our parents, and a tree and gift exchange. Easter is never complete for children without the traditional egg hunt. We colored eggs in class rooms with a dash and a splash, a fixing and mixing

of colors--we came up with colors we hardly knew existed.

"Every child has observed his or her birthday--ruling regally for a day as King or Queen, complete with crown and other royalties.

"In January Kara Carthel left us, as did Tonja McBride and Wayne Cook. Jimmy Durham joined us for a time, then moved to Pampa. We were later joined by Carlton Collier.

"I would like to express my sincere thanks to the parents for their help, their splendid cooperation and for the lovely plant. You have done so many nice things for the class and me, and have helped make our year very enjoyable."
