## Baptist Church Sets Formal Opening Sunday

RENOVATING JOB COMPLETE--Formal opening services are scheduled at 11 a.m. Sunday in the newly designed sanctuary at the First Baptist Church. The public is invited.

SPACIOUS--this view of the downstairs fellowship hall at the First Baptist Church shows what a change has been made. The room was enlarged to seat some 270 at banquets. Gold carpet was laid, new ceilings installed and the walls painted a pale gold. This portion of the church building also houses Sunday school rooms, a bride's room for weddings, storage rooms and a new church parlor. A reception will be staged here Sunday afternoon from 2-4 p.m. for the general public.

An extensive remodeling job of the Spearman First Baptist Church was completed this week by L.L. Sams & Sons, church designers and architects of Waco, Texas.

The \$116,000.00 contract called for the sanctuary and basement fellowship quarters to be renovated and enlarged.

The sanctuary was re-designed into Romanesque styling with new walnut pews, panelling and pulpit furniture. Deep piled gold carpeting was laid over the entire sanctuary & balcony, down the stairs and over the fellowship hall and Sunday school rooms.

Sanctuary windows were replaced with stained glass windows, special molded from one-inch thick art glass in colors of blue, red and gold. The blue is picked up in the velvet pew cushions, choir seats and baptistry curtains.

The luxury of the beautiful new sanctuary is further enhanced by a special lighting system which is controlled with a dimmer. Several front row pews are furnished with ear phone which is an added service for those who are hard of hearing. All microphones are controlled from a single console with speakers placed throughout the auditorium, basement and educational building.

Predominating colors of gold and Irish linen were used in the auditorium. The fellowship hall was done in provincial gold.

The usefulness of the downstairs was increased greatly by the enlargement of the central room, addition of a church parlor and bride's room and enlargement of the kitchen. New equipment in the kitchen includes dishwashers, a central work island and more cabinet space.

The membership of the First Baptist Church is very proud of their new building and are planning special services Sunday to give the general public an opportunity to view the remodeled facilities.

The public is invited to the formal opening service at the 11 a.m. hour Sunday morning, and to a reception and open house Sunday afternoon from 2 to 4 p.m.

The extensive remodeling job, which began some 4 weeks ago, has resulted in one of the most beautiful places of worship in the entire Panhandle.

## Run-off

Max Sherman

Phil Cates

A total of 158 persons cast ballots in Saturday's primary run-off election to select Democratic nominees for the 79th Legislative District seat and the state senator for the 31st district. 106 of these votes were cast in Spearman.

Max Sherman won in Hansford County over Jack Hazelwood by a count of 108 to 52. Sherman also won over the entire district and will face State Rep. Malouf "Oofie" Abraham in the November 3 general election.

The democratic nominee for the 79th District seat will be Phillip R. Cates of Lefors. Cates lost Hansford County however, where Trospier carried by a vote of 90 to 66.

This particular race was close all over the district with Cates winning by a mere 47 votes.

Republican Malouf Abraham of Canadian vacated his 79th District seat this year to run for senator from the 31st district.

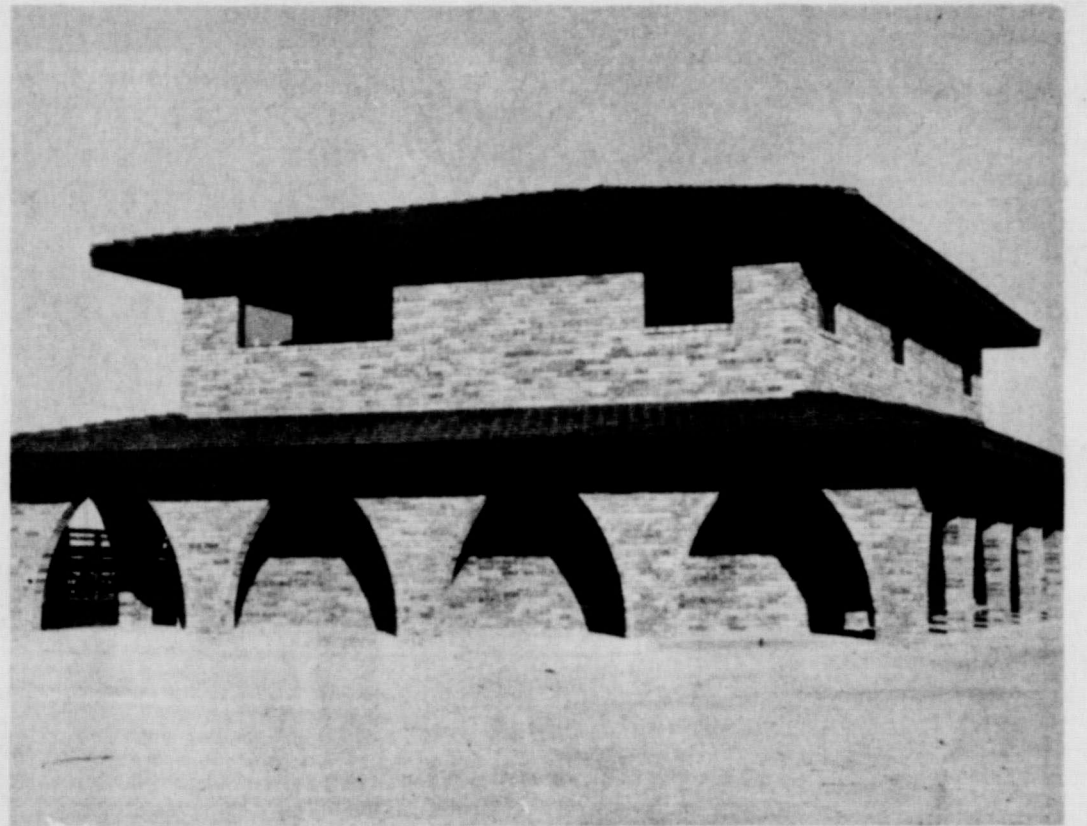

Cates, a 1969 graduate of West Texas State University, is now assistant dean of student life in charge of student affairs at the school.

Max Sherman, an Amarillo lawyer, grew up in Hutchinson County and attended Phillips High School.

During his campaign, Mr. Sherman visited the Spearman area several times and appeared here May 30 to speak at the special ceremony which dedicated the monument honoring Hansford County war dead.

Mr. and Mrs. Junior Taylor were in Amarillo Tuesday at the bedside of his mother who is in St. Anthony hospital undergoing tests.

## Feedlot Facility Nears Completion

Groundbreaking for Frontier Feeders took place Saturday, August 30, 1969.

On that date it was reported that the new facility would be built by former Oklahoma Governor Roy J. Turner, Richard L. Waldeen of Oklahoma City, Wayne Rowe and Wayne Rowe, Jr., a father-son ranching team from Lawton, Oklahoma. Turner also owns a 10,000 head lot near Spiro, Oklahoma.

Roe Martin, at that time, had been appointed manager. Roe was a native of Tulare, California.

Frontier is now in operation although some finishing touches still have to be added.

The 3,100 foot airstrip is now ready for hard surfacing. The computerized feed mill is now in operation and cattle are being scientifically fed. Nutritional experts are now serving the lot.

Junior Cobb of Hardesty is foreman for the thirty thousand head lot.

Tragedy struck at Frontier in the latter part of December, 1969 when feed mill structure was blown down during a severe high wind. One man from Lefors, Texas was killed in the disaster.

The feed mill was rebuilt and stands today like a sentinel overlooking the Big Frontier.

## Banquet

Spearman Lions club members have set the date for the annual ladies night banquet and installation of officers for June 23.

The banquet will be staged in the Cattleman's Cafe at 7:30 p.m.

Incoming officers include Allen Alford-President, James Cunningham-1st vice president, Bob English-2nd vice, Everett Tracy-3rd vice, Mark Nichols will be installed as secretary-treasurer, and Mickey Owens as Tail Twister.

Two new directors will also take office. They are David Seitz and Bob Hall.

## Parents Charged In Baby's Death

A Mexican National farm laborer and his wife were charged with murder with malice Monday in connection with the apparent beating death of their 13-month old son on June 2.

Felix Navarro, 33 and his wife, Rosa, 19, were arraigned Monday afternoon before Spearman County Judge W.B. Frizzell Jr. at Stratford.

An investigation into the incident began June 2 when the couple brought Felix Jr. to the Hansford Hospital in Spearman. The couple said he had been hurt. The child was pronounced dead at the hospital and Hansford County Justice of the Peace, F. Vernon ordered an autopsy.

The autopsy, conducted by pathologist at North Plains Hospital in Borger, revealed the child died of skull fractures and had sustained numerous lacerations and bruises. The initial investigation was conducted by Hansford

County Sheriff J.B. Cooke. Sherman County officials assumed the probe when it was determined the couple lived in Sherman County.

The Navarro family lives on a ranch 18 miles southwest of Gruver. He was arrested about 11:00 a.m. Monday at the ranch. His wife was taken into custody also. Judge Frizzell issued warrants for the arrest which was made by Sheriff Vaughn and a Border Patrol officer. Sheriff Vaughn said the couple, who speak limited english, were still being questioned in the incident.

Living in the United States on a resident visa, the couple have two other children, Dora 4 and Felicia, 3. The children are staying with other relatives who live on the ranch.

Funeral services for the child were held Saturday in Hansford County cemetery by Boxwell Brothers funeral home of Spearman. The parents and a small number of relatives attended.

## Area Combines Ready To Roll

Combines are ready to roll into dryland wheat fields in this area if the weather holds for a few more days.

A Spearman elevator man said Tuesday he had received several samples of wheat already. Most of these tested moisture content at 17 percent but hot dry winds Monday and Tuesday will make the grain dry enough to harvest by the weekend.

Dryland wheat samples are testing poor and show definite signs of being drouth shriveled. All irrigated grain is much too green, but many farmers project harvest for this crop would begin somewhere around the 20-25 of this month. Irrigated wheat looks good and some very good yields are expected.

Combines rolled into barley and oat fields early this week and are expected to make quick work of the small acreages planted to these crops.

## Summer Program Begins Monday

Registration for the 1970 summer recreation program for children has been set for June 15 at 10 a.m. in the high school cafeteria.

Activities will begin Tuesday, June 16. Children unable to register Monday may register later.

All students who have completed grades 1-7 (will be in grades 2-8 next year) are eligible to participate.

There will be a charge of \$2.50 per student for the summer's recreation. The program begins June 15 and lasts through Friday 24.

From 10 a.m. to 12:00, Monday through Friday, students can participate in swimming, games and movies. All classes will be supervised by adults.

If any child is unable to pay the \$2.50 all at once, arrangements will be worked out. All children are urged to take part.

Already there are 171 students who have signed up for the program and it is hoped many more will be present to register at 10 a.m. June 15. Children are urged to bring the registration fee with them at this time.

## REV. VICTOR C. E. ANDERSON and FAMILY New Pastor at Faith Lutheran & Oslo Churches

Rev. Victor C. E. Anderson and family will be moving to the Oslo Community on June 18, 1970 where he will serve Oslo Lutheran Church and Faith Lutheran Church in Spearman.

Pastor Anderson was born in Benson, Minnesota, August 22, 1930 and attended Bird City High School, Bird City, Kansas; Bethany College, Lindsborg, Kansas 1949-1953 and Luther Theological Seminary, St. Paul, Minnesota 1953-1957. He has served Bethany Lutheran and Immanuel Lutheran at Plainview, Nebraska from 1957-1963 and Zion

Lutheran at Phillipsburg, Kansas until the present time.

His wife Helen was born and reared in South Dakota around Lake Andes. She attended Augustana Academy in Canton S.D. and Lutheran Bible Institute in Minneapolis.

The Andersons were married in April 1955 and celebrated their 15th anniversary this spring.

The children are as follows: Victor E., 9th grade, 14 years; David C., 7th Grade, 12 years; Douglas S., 3rd grade, 7 years; Cherie A., 4 years.

Installation services will be held on June 21 at Faith Lutheran at Phillipsburg, Kansas until the present time.

at Oslo Lutheran the same day at 8 p.m. Pastor Anderson will preach his first time at Spearman at 9 a.m. June 21 and at Oslo Lutheran at 11 a.m.

Pastor F.H. Schuster of Trinity Lutheran of Borger, Texas has served Faith Lutheran as a vacancy pastor for the past three months. On June 14, Pastor Schuster will preach his last sermon here. A reception is planned that evening honoring the Schuster family.

## COMMISSIONERS COURT MET MON.

Hansford County Commissioners court met in regular session Monday in the office of Judge Johnnie C. Lee.

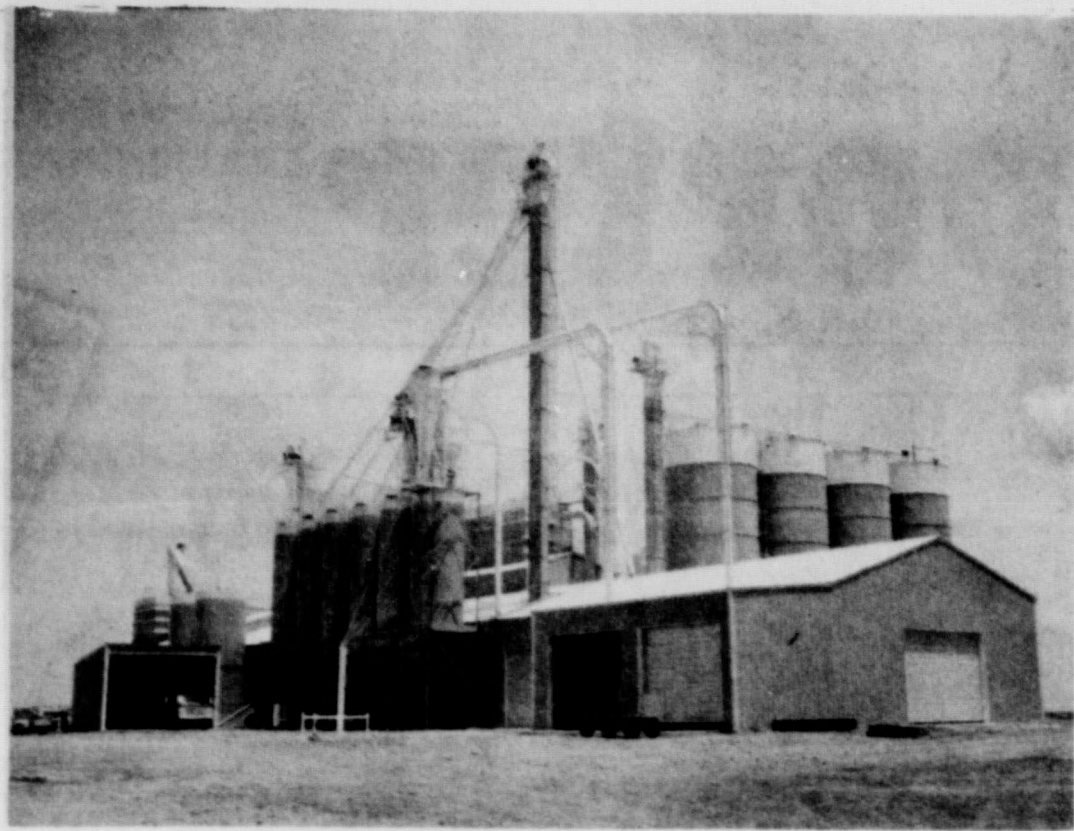

Routine business was dispensed with including accepting bids to insure the county courthouse for \$500,000.00 J.L. Brock Insurance Agency was low bidder.

Commissioner Ed Vernon was absent. He is in an Amarillo hospital recuperating from surgery.

**A PARTY THAT'S EASY ON MOM**

Lucky is the mother whose child has a birthday that falls in warm weather! Plan to take the party out-of-doors, and let the invitation tell everyone to wear old clothes. Make the main entertainment event an art "happening." Wind rolls of wide shelf paper around posts and give each child a section to paint according to his whim. Then award prizes to the prettiest, the funniest, etc.

**Birthday Party Punch**

1 envelope sugar-sweetened soft drink mix, any flavor  
1 cup unsweetened pineapple juice  
1 quart water with ice cubes

In a non-metal or stainless steel container, combine all ingredients, stirring until soft drink mix is dissolved. Makes about 5 cups or 10 servings.

**Apple Party Punch.** Prepare Punch as directed, substituting unsweetened apple juice for the pineapple juice.

**GOLDEN GRAHAMS**

If you're looking for an inexpensive, nutritious, flavorful cracker that can be used in many ways - select graham crackers. There are two types made from nutritious graham flour: NABISCO Graham Crackers sweetened with rich molasses and Sugar HONEY MAID Graham Crackers sweetened with pure honey. Both are packaged in 1 pound boxes with freshness-preserving inner wraps.

For a quick after-school or mid-evening snack, pipe graham crackers with SNACK MATE Pasteurized Process Cheese Spread Cheddar or spread with creamy peanut butter. Sprinkle with DROMEDARY Chopped Dates or nuts. These are delicious accompaniments for salads too!

Sweet dips make an unusual dessert or snack. Combine an 8 ounce package softened cream cheese, 1/4 cup frozen lemonade concentrate thawed, 1/2 cup flaked coconut, 1/2 cup chopped nuts, 1 well drained (8 3/4-ounce) can pineapple tidbits. Chill and serve with graham crackers or sugar honey graham cracker fingers. Makes about 2 1/4 cups dip.

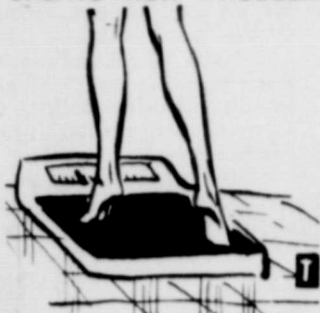

Kids of all ages go for ice cream sandwiches. Slice brick ice cream or sherbet and cut into squares to fit between graham crackers.

Layer sliced fresh fruit and whipped cream with graham crackers. Top with a dab of cream and a sprig of mint, if desired.

Graham crackers may be purchased in crumbs or prepare your own by placing the crackers in a sturdy plastic bag and rolling with a rolling pin. Combine 1 cup NABISCO Graham Cracker Crumbs, 1/4 cup flaked coconut, 1/4 cup coarsely chopped walnuts or pecans, 1 1/2 tablespoons granulated sugar and 1/4 teaspoon each ground cinnamon and ground mace. Add 1/4 cup melted butter or margarine. Toss with cut up fruit; sprinkle in a layer over baked custards or puddings; layer with ice cream to make parfaits.

**REVEALING FASHIONS CREATE NEW PROBLEM**

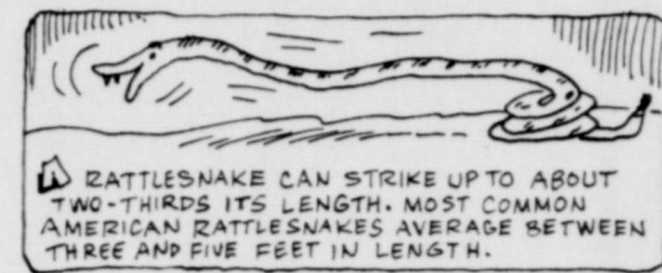

Fashions may be going to new lengths to hide the knee, but they're going into new fabrics that reveal the figure. According to the latest designer forecasts, ladies will have to get rid of every extra pound to wear the clothes that are coming in such clinging, slinky materials as silk jersey, satin, knits and crepes. But that creates another dilemma: clothes that fit while shedding those extra pounds.

Women who have lost weight report that the number one problem is finding legwear that doesn't sag or wrinkle with each loss of a few ounces.

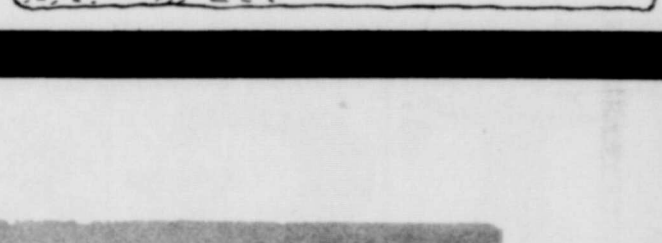

The solution, reported by the Fruit of the Loom hosiery experts, is the new one-size-fits-all pantyhose. They say that the stretch fibers used in this kind of hosiery called "Great Shape" insures a continuous fit whether those extra pounds are coming off the legs or the hips. As the inches melt away, the "Great Shape" fibers are designed to simply contract and cling like a second skin.

And hosiery manufacturers, who continually strive for low-cost breakthroughs like the "Great Shape" budget fashions, point out that this automatically creates the ideal pantyhose for mothers-to-be!

pleasure with an opportunity to work in this area of agricultural research. "I have always been around farming and it has always been my interest," Schrib said.

"My particular specialty is herbicides and weed control. It is a relatively new field with a lot of problems to be solved. I am sure there are better and cheaper ways of utilizing herbicides and I hope the research conducted here will help me find some of the answers," he said.

**To Aft The Beam Is Boat Danger Zone**

AUSTIN--Keep an eye on the weather, be shipshape and stay afloat to sail again is good advice to boat owners and pilots from the Texas Safety Association, which adds that knowing water rules will help sportsmen run a trim ship and perhaps save a boatwreck.

TSA suggests these boating rules to help Texans stay out of troubled waters:

A. The danger zone for all craft is from dead ahead to two points abaft, or aft of, the starboard (right side when facing forward) beam. All pilots must yield to vessels heading toward them in this 112 degree danger zone.

B. Unpowered boats and sailboats have the right of way.

C. Boats being overtaken have the right of way.

D. Each pilot is responsible for any damage caused by his boat's wake.

E. Keep to the starboard when meeting another boat head on, or when sailing along a narrow channel or canal.

Strong winds and high waves have sunk many seamen, which prompts TSA to say that preparations should always include checking forecasts for wind velocities, swelling tides, possible storms and sudden changes.

A good portable radio will take most of the guesswork out of weather forecasting when on the water, and it is well to listen frequently.

Wind warning flags are another weather aid to boaters. One red triangular pennant is enough to signify that winds may gust up to 40 mph. Two pennants signal a gale.

If a boater does get into trouble, daytime distress signals include waving outstretched arms up and down, smoke devices, and waving an article of clothing on an oar or fishing pole. At night, a red flare or waving light should attract help.

**PHILLIPS BUYS BEAVER SYSTEM**

Mr. and Mrs. Dayton Phillips and family will be moving to Beaver, Oklahoma soon where he has purchased the Beaver TV Cable system from Sebert Worley.

Phillips moved to Spearman some 10 years ago when the cable system was installed here.

He will be replaced in Spearman by Earl Goodhart who took over this week as the new service agent.

Glen Archer, son of Mr. and Mrs. Earl Archer of Spearman and a graduate of Spearman High School, received his degree from West Texas State University this spring. Glen and his wife and 2 children are residents of Dumas. They will move to Lubbock this fall where he will be a student in Texas Tech Law School.

Mrs. E. R. Hester and daughters Mrs. Lloyd Buzzard and Mrs. Woody Beck spent Sunday through Tuesday in Oklahoma City where Mrs. Hester went through the clinic. They returned home Tuesday.

Mr. and Mrs. Eddie Gates and family visited last weekend in Cordell, Okla. with Eddie's parents, Mickey Gates stayed for a month's vacation with his grandparents.

Mrs. W. E. Hacker has returned home following a weeks visit with her daughter and family in Waco. She was there for the high school graduation exercises of her granddaughter Elizabeth Chisum who was among the top ten of the class of 132.

Mrs. Bart Clifford of Woodstock Ontario, Canada is visiting her parents, Mr. and Mrs. John Pipkin. The Pipkins met here place in Amarillo Sunday and they all visited in the home of another daughter, Mr. and Mrs. Larry Stokes. She will be here about 2 weeks.

Mr. and Mrs. Ed Haner and family visited Sunday in Pampa with her father Mr. Dallas Bowsher and the family of her sister Mr. and Mrs. J. E. Hall.

**Give Father, Dad, Pop, or Pa an Electric Gift on his day**

Fathers are called by many different names but they all have one thing in common . . . they enjoy convenient electric gifts that can save time and work or provide entertainment. If your father keeps the yard, give him electric lawn care equipment. If he's a home workshop enthusiast, surprise him with an electric power tool. Or make your gift something for his personal use, such as an electric shaver, clock-radio or electric tooth brush. See these and other practical and useful electric gifts at your appliance dealer's.

**Spring Weather Brings Snakes From Lairs**

AUSTIN--Spring's balmy weather brings forth a myriad of natural life from Texas' rocks and hills--but some of the emerging creatures aren't such a welcome sight.

Snakes both poisonous and harmless greet the warming rays of the sun and rekindle thousands of years' misconceptions and fables when they crawl out of their dank winter resting places.

But Texas Parks and Wildlife Department officials remind that most snakes--although not protected by State law--are nevertheless beneficial and should not be harmed.

And so far, it appears most species of snakes native to the State have maintained their population levels in recent years despite highly-publicized "rattlesnake roundups" and other efforts to exterminate the reptiles, according to Howard Lee, director of programs for the Department and a recognized authority on reptiles.

If these roundups were effective in controlling snake populations, there probably would be no recurrence of the species in those areas after the first two or three events," said Lee.

Lee feels that indiscriminate killing of snakes tends to upset the balance of nature--and gives the snakes' natural foods such as mice and rats an opportunity to overpopulate.

Spring is the time to begin to take precautions against poisonous snake bites, Lee said. Care should be taken in moving objects which might harbor snakes. High boots should be worn whenever possible in walking through weedy or wooded areas.

But precaution doesn't include killing all snakes, said Lee.

"Many people refuse to allow a snake a part of the geography with them," he said, "then pretty soon they have to call an exterminator to get rid of the rodents the snake would have eaten."

Texas has only four species of poisonous snakes, although there are various varieties within the species. They are the rattlesnake, copperhead, water moccasin and coral snake.

Most of these snakes--with the exception of some in the northwest section of the State--are out of hibernation by early March.

**HIGH PLAINS NAMES NEW AGRONOMIST**

Jimmy Schrib, a native of Happy, has been named Assistant Agronomist at the High Plains Research Foundation.

Schrib, a mid-term of Texas Tech University graduate, fills a vacancy on the research staff left by Loyd Langford who has taken a position with Coker Seed Co.

Jimmy is the son of Mr. and Mrs. Ira Schrib, Wayside, and a 1962 graduate of Happy High School. He was graduated from Texas Tech with a degree in agronomy. Schrib is 25 years old and was on the Dean of Agriculture Honor Roll for three semesters.

In accepting the position at the High Plains Research Foundation, Schrib stated

The Superior Cadet Awards were won by these cadets at the Panhandle State College ROTC Awards Day. Standing (L-R) Dallen Scroggs, Spearman, Texas; Kennon Cooksey, Goodwell; Mike Cornell, Balko; and Keith Flanagan, Texhama. Scroggs is the son of Mr. and Mrs. Oakes Scroggs of Spearman.

### Charles Brillhart Has One Of Best Farm Windbreaks

Charles Brillhart, Chairman of the Hansford Soil & Water Conservation District, has one of the most effective farmstead windbreaks in the District. The prevailing southwest wind is greatly reduced and this makes for more comfortable living. The windbreak is multiple row and staggered so that the maximum benefit can be obtained no matter what the wind direction. The trees shown here are Red Cedar. This type windbreak can also be used to encourage wildlife as they provide excellent cover. Also, trees such as Russian Olive can be added to supply food as well.

### STUBBLE FIELD IS IDEAL HOME FOR PHEASANTS

Grain sorghum stubble field furnishes an ideal home for pheasants. Pheasant have been increasing rapidly in the District during the past five years, due to the large increase in irrigated grain sorghum. Some things that you can do to encourage the pheasant population are to leave your grain sorghum stubble standing as long as possible after combining. This gives the birds a shelter and food supply during the winter. If you must plow early, leave a strip along one side of the field or the lower end unplowed until spring. Never burn the stubble as this destroys the shelter, food and sometimes the birds, themselves. Leave weed growth or plant a row of trees along other edge of the field or fence off a small area for tree planting. Remember, tree plantings and livestock do not mix. Red Cedar, Oriental Arbor Vitae & Russian Olive are very good adopted trees for this District.

**PRODUCTS AND SERVICES**  
Farmers received an average of 40 cents of each dollar consumers spent at retail for U.S. farm produced food in Jan. - March 1969, nearly the same as 1957-59, but 10 cents less than in 1947-49. The farmer's share depends both on the prices he receives for his products and the costs of marketing them.

# Why pay up to \$259\* more for a compact when Maverick gives you all this?

**Why pay more when Maverick saves you money right from the start? And however you figure it . . . size, power, economy . . . Maverick gives you more in the bargain!**

**Maverick is no lightweight.** Its wide tread and stability makes for a sure grip on the road. Yet there's no excess weight to cause acceleration lag or reduce fuel economy.

**Maverick is perky.** Some competitive makes have four cylinders. Maverick's got a 170 CID six-cylinder that delivers 105 hp. It gets you up to expressway speeds in less than 15 seconds . . . without getting you in hock at the gas pumps.

**Maverick is economical to drive.** Test drivers averaged 22.5 mpg in simulated actual driving conditions. This means you could go up to 350 miles or more between gas stops.

**Maverick is simple to park.** It's less than 15 feet long and has a turning diameter of only 35.6 feet. So you can nip in and out of tight parking spots and tough traffic, easier than the big guys.

**Maverick is simple to maintain.** You can do it yourself. The Maverick Owner's Manual is packed with simple diagrams and instructions.

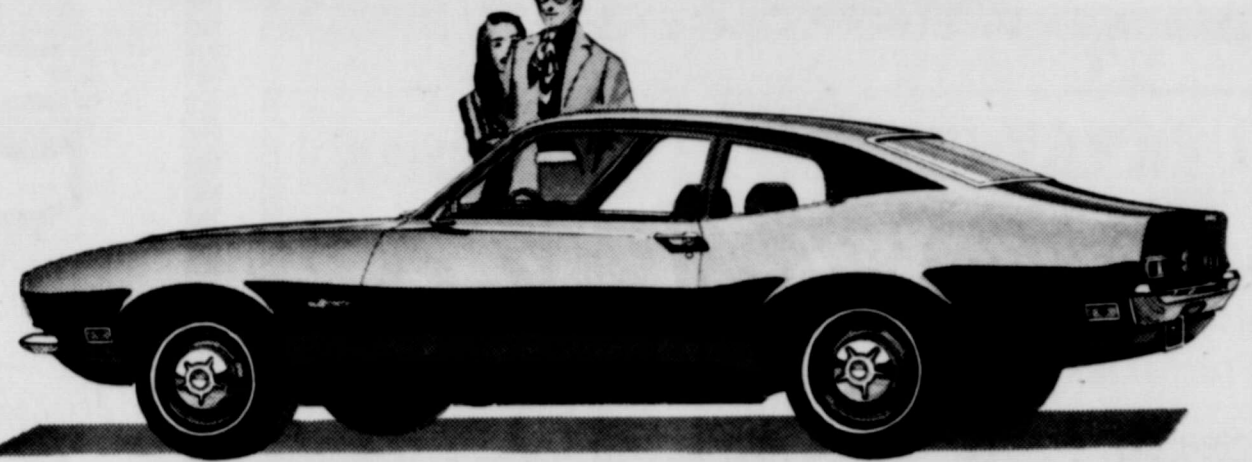

**Maverick is easy to own.** So easy, in fact, with its low, low price, that you can even move up to a jazzy Maverick Grabber and still beat that compact price.

**Maverick is America's biggest selling small car.** And that means you can expect top dollar resale value when it comes time to trade. Maverick just doesn't know how to stop saving for you.

\*Based on a comparison of manufacturers' suggested retail prices including Chevrolet factory price reduction of \$160 for a six-cylinder Nova 2-door sedan.

## MAVERICK STILL \$1995†

†Ford's suggested retail price for the base Maverick model. White sidewall tires are not included, they are \$30 extra. Since dealer preparation charges (if any), transportation charges and state and local taxes vary, they are not included, nor is extra equipment that is specially required by state laws.

# holt news

Mr. and Mrs. Phil Jenkins left last week with an uncle Bert Gray of Alhison, Kansas.

Kevin Kirk of Del City, Okla. visited a week with his grandparents, Mr. and Mrs. Robert Kirk.

James, Mildred Chamberlain of Spearman and Maude soon attended Saturday 8th Fish Fry in the Dome Stadium in Borger, sponsored by the Chamber of Commerce

Serving hours were from 11 a.m. to 2 p.m. and 4 p.m. to 7 p.m. Besides fish the menu included French fries, Cole slaw, tartar sauce, pickles, onions, bread, lemonade or coffee. The fish served were Alaskan Cod.

Mr. and Mrs. Bertha Jenkins was week-end guest of her daughter, Mr. and Mrs. Bob Tevebaugh of Claude.

Mr. and Mrs. C. W. Kirk visited Sunday a friend, Mrs. Ethel Jones, in Abrahams Rest Home in Canadian.

Mr. and Mrs. Tom Waugh of Perryton, and Mr. and Mrs. W. E. Bratton of Spearman were Saturday night guests of Mildred Chamberlain of Spearman, Mrs.

Chamberlain, Messrs. Waugh and Bratton are retirees of the Community Public Service.

Vernie Rosson of Spearman and Maude Rosson attended Sunday afternoon June 7 the 50th Golden Wedding Anniversary reception of Mr. and Mrs. LeRoy Rosson in the Church of Christ in Erick, Okla. A large crowd of relatives and friends were present for the reception.

Mrs. Travis Reger was hosts to a Saturday afternoon Birthday Party honoring her son Dale on his eleventh birthday. Gifts were given and refreshments were served to Mrs. Tommie Scott and children, Debra Reger, Mrs. C. W. Kirk and Maude Ros-

son.

Mr. and Mrs. Bill Sloan and family of Cortez, Colo., recently visited her parents, Mr. and Mrs. Ira Harbour, other relatives and friends.

Eddie Campbell and a friend of Levelland, Texas were Sunday night guests of his grandparents Mr. and Mrs. John Campbell.

Freddie Calvin Mayfield of Perryton was week-end guest of his grandparents Mr. and Mrs. Richard Gaines and Peggy.

## B&PW STATE CONVENTION THIS WEEKEND

The Spearman Business and Professional Womens Club met Monday evening June 8 in the Hospitality Room.

Hostess for the meeting was Hazel Jackson.

Current president, Rose Cummings, presided over the business. The State Convention of B&PW Clubs will be held this weekend in Amarillo.

The Spearman Club is in charge of the Saturday morning leadership breakfast to be held at the Villa Inn. The leadership breakfast is for club presidents and district directors. During the Monday meeting, members made final preparations for the breakfast and table decorations. The Spearman official delegate to the meeting is Miss Dorothy Roden, the incoming president Mrs. Faye Palmer. They will both attend various meetings of the convention.

Attending the Monday evening meeting were Faye Palmer, Dorothy Roden, Rose Cummings, Evelyn Kingsley, Hazel Jackson, Nell Cummings and Rhoda Overton.

Mr. and Mrs. Roger Helker of Perryton visited Monday evening in the home of Mr. and Mrs. Daniel Hall of Spearman.

County Commissioner Ed Vernon underwent major surgery in St. Anthony Hospital, Amarillo last week. He is recuperating very well and will be home soon.

Mr. and Mrs. Edwin Phelps and Deanna of Lubbock visited Saturday in the home of Mr. and Mrs. Max Baggerly and family.

The Toye Renfrows, former Spearman residents now of Olathe, Kansas, visited this week with friends in Spearman and Borger.

Karen Gibson, a student at Texas Tech in Lubbock, visited with her parents, Mr. and Mrs. Raye Gibson last weekend. Accompanying her home was a friend Karen Frazeil of Brady, Texas.

# Flying Queens Good Students

PLAINVIEW--The Hutcherson Flying Queens, reigning National AAU and National Collegiate champions, have set many records for other teams to shoot for, not only in basketball but also in the classroom. Records in basketball are set every year but how many teams on the college level can boast an overall average of a solid "B"?

Final grades for the year reveal that the Queens had a collective total of 49 "A's", 44 "B's", 20 "C's" and only three "D's" and no failures. That averages out to a 3.15 grade point on Wayland's 4.0 scale. WBC is noted for its high academic standards.

During the Fall semester, the Flying Queens took 184 hours and averaged 3.22 with 26 "A's", 25 "B's", only 9 "C's" and no grades below "C". The 11 players and their manager combined for a 3.08 average for the Spring semester, the drop off attributed to the pressures of a heavier basketball schedule. For 179 hours of classroom work, the team posted 23 "A's", 19 "B's", 11 "C's" and three "D's".

Half of the Queens were freshmen who concentrated on required courses while the other six, three sophomores and three juniors, generally took advanced hours.

Sophomore All-American Cheri Rapp led the team academically as well as in scoring. She carried 16 hours each semester, posting a 3.81 norm both times. Her load included three advanced math courses and two advanced chemistry courses. Junior Carolyn Dornak, who had the best first semester average with a 3.83, concentrated on her double major in art and physical education.

Other averages were: sophomore Susan Britton, 3.69; freshman Anne Rapp, 3.65; junior Wanda Roe, 3.33; freshman Sherry Stark, 3.23; freshman Susan Baldwin, 3.12; sophomore Debra Martin, 3.00; junior manager Judy Cover, 3.00; freshman Marcia Shieldknight, 2.49; freshman Mayme Patterson, 2.19; and freshman Mary Williams 2.18.

## Attends Funeral For Relative

Mrs. Jesse Womble received a call Sunday informing her of death of her brother-in-law Mr. S. P. Beasley of Shamrock. Mrs. Womble spent several days in Shamrock and attended funeral services of Mr. Beasley, 80, which were held in the Church of Christ, Tuesday June 2. Mr. Beasley is survived by his wife Mabel, 2 sons Edwin J. of Amarillo, Billy of Austin, a daughter Mrs. Joyce Johnston of Houston, 8 grandchildren and one sister, Mrs. Beasley is the sister of Mrs. Womble.

## Guard On Duty

Members of the National Guard, 2nd battalion, 142nd infantry, Co. B., left June 6 for Ft. Hood for their annual 2-weeks summer training camp.

National guard members from Spearman include Harry Stumpf, Phillip Stumpf, Fred Croves, Larry Williams, David Collins, William Wilkerson, Frank Shields, Jimmy McLeod, James Martin, Joe Hendricks and Ronnie Beck.

## DAHLIA CLUB MEET CHANGED

Members of the Dahlia Flower club are hereby notified that the club will not meet June 15 due to illness in the family of the scheduled hostess.

The club will convene again on the next regular meeting date.

Opal Compton of Odem, Texas is visiting in the home of Mrs. Edd Wilbanks, Friday Mrs. Wilbanks, her guest Opal Compton, Mr. and Mrs. Jeff Hawkins, and Vickie and Mr. and Mrs. Don Shockley of Perryton went to Moreland, Okla. to stay the weekend with Mrs. Wilbanks son Carl Edd.

## McClellans' Had 55th Anniversary

The children of Mr. and Mrs. Lee McClellan were in Amarillo Saturday to help them celebrate their 55th wedding anniversary. Present for the event were Mr. and Mrs. Lee McClellan, Mr. and Mrs. Roy Lee McClellan, Becky, Jeanie and Bill, Mr. and Mrs. Wilson McClellan, Ken and Chris and Mrs. Jimmy Hicks.

## BIBLE SCHOOL BEGINS MON. AT FIRST BAPTIST

Mr. Robert Clements, Educational Director at the First Baptist Church, announces this week that vacation Bible School classes will begin June 15, running through June 19. Children ages 3 through 12 years are invited to enroll Monday, June 15 at 8:30 p.m. Classes will dismiss daily at 11:30 a.m.

A special commencement program has been planned for Friday night beginning at 7:30. City bus service will be provided for children needing a ride to and from Bible School. To secure this service, call the First Baptist Church office, giving your name and address.

Mr. Clements is principal for the Bible School and superintendents working under him include: Mrs. R. L. Uptergrove, nursery; Mrs. Glen Hiller, Beginner I; Mrs. Robert Clements, Beginner II; Mrs. James Lindsey, Primary I; Mrs. Wesley Garnett Jr., Primary II; Mrs. Sharon Wood, Primary III; Mrs. R. E. Bradford, Junior I and Mrs. Jim Davis Junior II.

Morning classes will feature Bible study, learning activities and hand work. Refreshments will be served.

All children are invited.

# Golf Tourney Sunday

The Hansford Golf Club will play host on June 14 to the annual Tri-State Panhandle Golf Association tournament.

Tournament chairman, Bus Sims, said if 80 or less players enter, there will be 4 flights. If there are more players than this, 5 flights will be organized.

Golfers must declare championship flight. All others, 18 holes, will coin flip to determine which 9 flights them.

Tee off time will be any time between 7 a.m. and 2 p.m.

A \$6.00 entry fee will be charged. Merchandise prizes will be awarded the top 3 winners in each flight.

Prizes will be given for the longest drive, and for the "closest to the pin on all par 3 holes."

The local course is in excellent shape and a good turnout is expected. Everyone is invited to participate.

## SALE PROCEEDS WILL GO TO HEART PATIENT

Dr. D. E. Hackley is in charge of ticket sales for a set of golf woods which will be given away Sunday at the annual Tri-State golf tournament.

Money derived from tickets sold will go to the James Salinas heart fund. James is the 13-year old son of Mr. and Mrs. Servando Salinas, greens keeper at the Hansford Golf Club. James underwent open heart surgery last week at St. Anthony hospital in Amarillo.

Anyone wishing to contribute to the fund to help the Salinas family take care of this tremendous hospital bill, may send their money to the First State Bank in Spearman or contact Dr. D. E. Hackley.

## POST OFFICE MAY CLOSE SATURDAYS

The local postmaster advised that Saturday window service may be discontinued due to service changes, a critical budget and the small amount of Saturday morning business. It is expected that Saturday, June 13, will be the last Saturday for window service. Changes in city, rural or post office box delivery are not indicated at this time. He further noted that the decline in Saturday business was, in all probability, due to the fact that many local businesses as well as the county and other Federal offices are closed.

## FAMILY GATHERS FOR REUNION

A family reunion was enjoyed Sunday May 24 in the Home Demonstration building. Those attending were Mr. and Mrs. R. L. Wyatt, Mr. and Mrs. Glen Hiller, Lonnie and Harley, Spearman, Mr. and Mrs. Loy Hiller and Barbara, Stinnett, Mr. and Mrs. Howard Bragg, Torrance, Calif.; Mr. and Mrs. Curtis Wyatt, Kerry and Bobby, Texline; Mr. and Mrs. Ken Wyatt, Steve, Mitzie and Michael, Pampa; Mr. and Mrs. Robert Robinson, Altha and Anita, Dumas; Mr. and Mrs. Thomas Hiller, Erick, Okla.; Mr. John Vermillion and Johnny, Shamrock.

Phyllis Davis, daughter of Mr. and Mrs. Irvin Davis and a student at Texas Tech in Lubbock, visited with her parents last weekend.

Recent visitors in the home of Mr. and Mrs. Carroll Harper were Mr. and Mrs. Blane Brock and baby Susan of Cassville, Missouri, cousins of Mr. Harper.

## Early Church Had "Love Feast"

By DAVE LLEWELLYN

There used to be a widely practiced ceremonial meal in which groups of people expressed their love. Today it is little known, but the custom was valuable, and should not be totally forgotten.

This custom was the most important expression of worship and unity in the early Christian church. It was based on the example of the last supper of Jesus and His disciples.

This is one way in which the meal may have been conducted: The leader of the assembly began the meal by taking loaves of bread, in front of the others, and giving public thanks for them.

In Corinth — from which we have the best record, in I Corinthians 11 and 14 — naturally the word for giving thanks was a Greek word. The word is "eucharisteo," from which we have received our word "eucharist," by which the ceremony is known among certain Christians. Others call it the communion service.

Reverent, but Less Solemn  
Communion then was just as reverent as it is today, but apparently less solemn and more spontaneous in its thankfulness.

After the opening prayer of thanksgiving, the leader broke the bread and repeated Jesus' words, "This is My body, which is broken for you. Do this in remembrance of Me."

How much this ceremony meant to the participants, no doubt, varied according to their understanding of Jesus. All certainly thought of the Lord's last supper and of the remarkable life He lived. Beyond that, they must have meditated on His redeeming death, symbolized in the broken bread.

Paul summarizes the intention of the ceremony as a proclamation of "the Lord's death until He come."  
Jesus' death initiated the new covenant, under which we receive salvation and the Holy Spirit — by faith alone. The drinking of the cup symbolizing that, at any moment, He could come again and complete our salvation by receiving us into heaven, for Jesus said at the last supper, "I will not drink of this fruit of the vine from now on until that day when I drink it new with you in My Father's kingdom."  
Copyright Dave Llewellyn 1970

Sunday School Lesson for June 14, 1970

## Legion Team Ready For Action

The American Legion Baseball season will begin June 10 in the Panhandle. The District Tournament to decide the champions will be held July 22-25 at a site to be determined later. There are 13 teams in the district and they are divided into an East and West division.

Borger, Dumas, Groom, Pampa, Perryton and Spearman make up the East division. Amarillo, Canyon, Caprock, Dimmitt, Hereford, Palo Duro and Tascosa make up the West division.

Each division will play a double round robin (each other twice). The top two teams in each division will meet in the District tournament, a double elimination affair.

Allen Simpson coaches the Spearman team. The manager is Johnnie C. Lee.

Mr. and Mrs. James Lair their son Phillip and Chris Murphy were in Amarillo and Canyon Saturday and Sunday. James attended the District meeting of the Babe Ruth league in Canyon Sunday.

Team members include: Frank Lemons, catcher; Matt Lair, starting pitcher; Scott Beedy, 1st base; Randy Schell, 2nd base; Ricky Driscoll, 3rd base; George Rex, short stop; Scott Latham, left field; Mike Floyd, center field; Rodney Sims, right field; Kirby McAdams is relief catcher and Marvin Wikleron relief pitcher. Two other players, Rondal Schell and Don Lane Whitefield, will see action if they recuperate from injuries.

Spearman meets Perryton, at Perryton, June 10 at 8 p.m. The next game will be June 17 with Borger, here.

June 20, Spearman at Dumas, June 21, Pampa at Spearman, June 21, Perryton at Groom, July 1, Perryton at Spearman, July 4, Spearman at Borger, July 5, Dumas at Spearman, July 8, Spearman at Pampa, July 11, Groom at Spearman.

Mr. and Mrs. L. D. Mead returned home Sunday following a 2 week vacation. They attended a family reunion in DeWitt, Nebraska and visited in Omaha for a few days. They returned by way of Tulsa and visited with their son who resides there.

**Let Me See**  
.. by Sybil

We've been spending quite a bit of time lately traipsing over the country side and so far haven't run into a rattlesnake--YET. I keep my fingers crossed though. We have seen snakes, but none with a bushy tail. I hope to never meet one so close as Madalyn Fuqua did one day recently. They live out in the breaks where there are snakes a plenty this time of year. Madalyn was talking with her husband over the 2-way radio when she spied a rattlesnake all stretched out... right there in the room with her. She quietly spoke into the radio to her husband that there was a snake in the house. When she told him where the snake was, he told her to sit still and not

move and he'd be right there! Madalyn talked with him via radio all the time he was coming home, probably at break-neck speed. I bet that was the longest 15 minutes she ever spent in her life.

I understand Kathleen Burleson has killed several of these critters already this year, right in her yard. She lives in the breaks too. I just bet this will be a bad year for rattlers.

So, I am in the market for some hip boots. They must be snake proof. Do they make these out of iron you think? I certainly hope so for I don't intend to give up my prowls for bottles.

Speaking of bottles, James Sparks would very much like to get his hands on one of those old milk or cream bottles his father used to deliver on the door steps to Spearman customers. The milk bottles were inscribed with "Litch's Dairy". Look through your old junk on the shelf and if you run across one, give him a call. His father was in the dairy business here probably more than 50 years ago and he would like one for sentimental reasons.

We made a quick trip Saturday up into Colorado via Boise City, Okla., and if you think its dry and desolate looking around here you ought to see that place. Travel from here up through Springfield and you'll come back home more able to appreciate our part of the world. How the people exist up in that part of the country is more than I

know. A note to the Spearman Jaycees: for next year's celebration, don't forget to invite Quinton Jenkins to exhibit his team or horses in the parade. Quinton, an auctioneer who is up this way quite a lot, was real disappointed that no one asked him to bring his four big dapple grey horses and wagon to Spearman for the parade. I'm sure no one knew about the team, but he is real proud of it and likes to show them off.

Have you noticed the many swallow type birds we have around this year? Billy and I have been watching them through our binoculars and wondered if they could be the purple martins. We have been running across their nests lately in barns and empty houses. They make a nest of mud, Beth Phelps called me this week and said she was sweeping off her front porch and knocked down what she thought was a big mud wasp nest. Later she and Ray noticed these pretty little birds busily rebuilding their mud nest. She thinks they are rafter swallows. Maybe they've been around for a long time but they are new to me... and to the Phelps' too. Perhaps our irrigation has enticed them to this area. At least they can find plenty of home building material and being one of the swallow family they are known to eat mosquitos by the millions. They seem to be friendly little creatures. too. I stood right under a nest the other day which was built about eye level and the little blackbird just stretched her neck and

stared. But never moved. For those of you who like to enter contests, here is a great one. You must send your entry in by the 26th of this month.

It seems the officials of the Texas Memorial Museum feel more information is needed on those hairy creatures called tarantula, so they are staging a Tarantula Tournament.

They suggest that dusk is the best time for capture, and you should place an open paper bag on the ground and gently urge the creepy big spider into it with your foot-- if you think too much of your foot, a stick will do.

Once you have made the catch, place it in a plastic bag with a piece of cotton soaked in rubbing alcohol and secure the top. Put in a second plastic bag, enclose it in a coffee can or jar and mail it to the Museum at 24th and Trinity, Austin, Texas.

Prizes will be given for the biggest, smallest, hairiest, and most Happy hunting.

Bethany Hagg was in Spearman a few days this week visiting her parents the Oscar Donnels. She returned to Lawton, Okla. Wednesday where her husband, Mike, is in Officers Candidate School at Ft. Sill.

Kathy Bell of Hereford is visiting in the home of Mr. and Mrs. James Lair with her friend Nancy Lair.

**Rosemary Burkhart Wins First Division Rating At Austin**

Miss Rosemary Burkhart, who will be a senior student in Spearman High School next term, won a "first" division rating at the State University Interscholastic Contests held last week in Austin. She entered the solo and ensemble vocal contests.

Her high school choral director, Mr. and Mrs. Ed Howk, accompanied her to Austin.

Miss Burkhart's contest solo was "Nocturne" by Curran. She was accompanied at the piano by Mrs. Howk.

This was Rosemary's third trip to the State solo contests, but her first time to win a 1st division. Mr. Howk said that

this honor does not come easy at these state contests. Rosemary is the daughter of Mr. and Mrs. O.L. Burkhart of Spearman.

**KNIT FABRIC SEWING COURSE BEING OFFERED**

Home Economics instructors Mrs. Joy Barkowsky and Mrs. Frances Hudson have scheduled a series of lessons on sewing with knit and stretch fabrics. The class is open to women in the community and is being conducted by Fabulous Fabrics, Lubbock.

If at least 30 persons enroll for the course, classes will be held June 24-26 from 10 to 12 a.m. and from 1 to 3 p.m. in the homemaking department at the high school. A charge of \$17.50 will be made for the classes.

The instruction will include sewing ladies knit shirts and slacks; sewing men, women and children knit shirts and shells; cardigan sweaters and swimsuits for the family.

Persons may go by the homemaking department and see samples.

Interested individuals need to call 3178, or 2135 or the high school number 2585 as soon as possible so the course can be planned.

Mrs. Max Baggerly and daughter Karen attended a forum in Amarillo Sunday preparing Karen to enter Texas Tech College soon.

**Swim Classes**

Juniors, ages 11 to 14 and seniors, aged 15 and up are invited to register for a Junior and Senior Lifesaving swimming course Monday, June 15 at 5 p.m. Come prepared to swim.

All must be able to pass an intermediate swimming test. The course will consist of a minimum of fifteen hours, and will cost each student \$10.00.

Instructors for the course are Patty Sheppard, Allen Simpson, Janie Beck, Marsha Schumann and Catherine Lyon.

Another course which will be of interest to many is a class of synchronized swimming and water ballet which is being offered to girls 11 years and older.

Registration for this course will be Tuesday, June 16 at 5 p.m. at the pool.

The cost will be \$5.00 each. Instructors will be Patty Sheppard, Janie Beck and Catherine Lyon.

Mrs. Raymond Kirk, Mrs. W. A. Ellsworth and Mrs. T. D. Sansing have returned home from a two weeks trip to New York City. They attended the 4 day American Iris Convention there and spent 2 days in Washington D.C. touring the sights there.

**HOSPITAL NEWS**

Patients in Hansford Hospital are: Jeanette Allen, Thelma Jackson, Alice Brazell, Larry Fryer, Betty Kiser, Gid Nobles, Earlene Chambers, David West, Irene Snider, Nettie Phelps, Verna Finley, Wayne Bryan, Sue Roberts and son, Elvira Diaz and son, Robert Brooks, Virgil Wilbanks, and Frank Porter. Dismissals were: Vicenta Rios, Suzanne McCrary, and Weaver Burke.

Visitors in the home of Mr. and Mrs. Verlin Hagerman the evening of the eighth grade graduation exercises were Mr. Aubrey Caudell of Briscoe, Texas, Mr. and Mrs. L. L. Hagerman of Pampa, Rebekah and Patty Fourier of Elk City, Okla., Mr. and Mrs. Glen Hagerman of Amarillo, Mr. and Mrs. Dale Hagerman of Stinnett. They were all here to attend the exercises in which Paula Hagerman, daughter of Mr. and Mrs. Verlin Hagerman received her elementary school diploma.

Ben Upchurch and son Keith were in Waco and Dallas last weekend.

This beautiful new office building, houses Hansford County's newest feedlot... FRONTIER, the Northern-Most Feedlot in TEXAS. This is one of the most modern office buildings in the state, and is located 19 miles North of Spearman.

**HELPFUL HINTS FROM ME, TO THEE**

By Vivian Warminski  
Hansford Co. Home Demonstration Agent

"I don't feel any differently than I did when I was 18". Says an 83-year-old grandparent. "But, I know I'm different when I look in the mirror." The aging process constantly makes changes in us.

Do you like what you see in the mirror? Are you happy with the way you are now, or do you want to change? Most of us would like to improve! Looking well is a combination of many things: attitude, cleanliness, appearance, health, and happiness.

**WHAT'S YOUR ATTITUDE?**  
Your attitude really tells how old you are. It takes a positive attitude to see yourself as you are and then want to improve. You can test your attitude with a few simple questions: Do I like myself? Am I happy with the way I look? How do I react to new ideas? Am I flexible so I can adjust to change? Do I approve of my attitude?

**CLEANLINESS WEARS WELL**  
Cleanliness at any age is an admirable trait. As we grow older, we must not become neglectful of it. A bath every day keeps you clean and makes you feel good. It gives you a lift and helps chase the blues away. A former editor of the JOURNAL OF THE AMERICAN MEDICAL ASSOCIATION once said that "No other single article can compare with soap in regard to the amount of sickness and death prevented by its use."  
-A good, soapy bath is healthy.

Hair tends to become oily with age, especially if you lie down often. Weekly shampooing of hair is desirable. Instant, dry shampoos when washing is not possible. Hair that is cut in a basic style requires little effort. Brushing hair conditions it and massages the scalp. Naturally gray or white hair can have added sparkle with a color rinse. If hair is becoming brittle or thin, a hair piece or wig may be your answer.

What about your face? Ladies first! Cleaning is a necessary first step. "How" will be your answer. Some cosmetologists say soap and water is the best. The time to wash your face is when it is dirty, but always in the morning and at night. Take a tip

from teenagers, -don't over-do makeup. Sometimes older women tend to wear too much. Facials are refreshing and can be given at home. Men, that scrubbed look applies to your face, too. Whether you shave or wear a beard and partially shave is your decision. But cleanliness and neatness must reign. Beards should be trimmed properly. And everybody should have clean teeth or dentures.

Hands are noticed as much as the face. Rough, badly-kept hands make you look older than you are. Clean, well-scrubbed hands and nails are signs of careful grooming. Well-kept, short nails are more attractive than long ones. Get the lotion habit after washing hands. Cold creams, vaseline and olive oil also soften skin and improve its condition, too. Exercise keeps hands relaxed and more graceful. (Try this: Hold arms straight out and shake hands vigorously.)

Remember the famous country comedian who always said, "I'm goin' to the wagon, these shoes are killing me!" Most likely it was his feet. Too often as we add years to our lives, foot problems occur. The foot is hard-working. Its health influences our entire being. Scrubbing feet with hot, soapy water at least once a day is a good rule. A pedicure every 2 weeks is a must. Corns, callouses, bunions, flat feet and athletes foot are common problems that need attention. Cleanliness and walking are two good rules for foot care. And, don't forget to keep shoes clean and polished.

A SCENT can add charm if it is fragrant and smells sweet. A good compliment to receive is "how nice and clean you smell!" A clean body, clean clothes and a deodorant or anti-perspirant are aids that can produce kind remarks. Underarm shaving helps.

"Store-bought" scents are pleasing too. Cologne is the lightest and perfume is the strongest. Most all cosmetics have scents. A mixture of too many may not give the desired effect.

**IT'S YOUR HEALTH**  
It's nice to reach retirement with good health. Physical and mental fitness make leisure years happier. Many of the so-called "old age ills" can be prevented, treated and sometimes cured.

Doctors recommend a medical checkup at least once a year. As you get closer to and into the retirement years, a checkup every 6 months is better. A physical examination when you feel well likely is one of the best buys for your money.

Good nutrition is important from infancy through adulthood. Many factors help determine good health but eating nutritious foods is one of the most important. Except for special diets, the Basic Four Food Guide is recommended.

You may want to strive for more "bounce to the ounce." Medical authorities say that exercise helps a person to look, feel and work better. Walking, jogging and body exercises are popular today. Swimming, bicycling or jump rope can be just as good. A note of caution: ask your doctor before you begin, build up gradually if you do, and don't overdo it.

Don't forget that sanitation, safety, getting plenty of rest, regular habits, being useful and happy contribute to good mental and physical health. Many other factors such as security, satisfactory housing, family, friends and religion affect general well being. The goal of older people in health, as well as all other major concerns, is independence.

**HAPPINESS IS--**  
Happiness is always in demand. To be more pleasant, try not to talk about your ills and troubles all the time. Being a good listener nearly always makes a hit. Develop a good sense of humor. Pass out compliments. Making others feel good will place you high on the "happy list." Learning to forget yourself and to make others happy would be a good hobby to develop.

**LOCAL PILOTS INVITED TO SPECIAL SEMINAR**

A general aviation refresher seminar for all local pilots will be sponsored by the Airport Commission and Mr. M. E. Griffin of Griffin Aviation, Borger, Texas, at 7:00 p. m. to 10:00 p. m. on the 16th, 17th and 18th of June at the Borger Airport Terminal located in Borger,

er, Texas. The program will cover safety aspects of flying and the flight environment, according to Otis W. Smith, Accident Prevention Specialist of the Federal Aviation Administration Office in Lubbock, Texas, who is coordinating the activities associated with the seminar. Other FAA personnel assisting includes Mr. Philip R. Cramer, Supervising Inspector of the General Aviation District Office of the FAA, designed to give local pilots the latest information on the safe operation of aircraft, the seminar topics will include vertigo, directional control, in-flight visibility, weather, safety tips to pilots and accident cause factors.

The seminar will also provide the opportunity for some participants to receive a courtesy standardization flight. A designated flight instructor or an FAA flight inspector will ride with the pilot to counsel him on ways to improve his flying. Specialist Smith said, "We believe that a reduction in general aviation accidents can be achieved by improving individual attitudes toward safety. The program is designed to increase the pilot's knowledge and proficiency as an aviator."

There will be no charge for the seminar. Pilots and other persons interested in learning more about this program should contact Mr. M. E. Griffin in Borger, Texas, at 806-273-2845 or Otis W. Smith, Accident Prevention Specialist, Lubbock, Texas at 806-762-0335.

**GUAR COULD BE IDEAL CROP FOR PANHANDLE AREA**

AUSTIN--For Texas Farmers wanting another cash crop, Texas Agriculture Commissioner John C. White has the suggestion they investigate the possibilities of growing guar.

And now is the time to investigate, for the two processing plants in Texas, at Vernon and Kenedy, are now contracting guar crops, and word from them is that they need about 250,000 more Texas acres planted to guar, White said.

He also points out the fact that about 40 million pounds of guar gum were used in the U. S. last year, but only about 10 million pounds were produced in this country. Guar is that stalky plant

introduced to this country from India and Pakistan which rotates well with cotton, sorghum, corn and vegetables. "It has been described," Commissioner White said, "as being without peer as a soil-improving summer legume and its influence on succeeding crops as truly amazing."

Crowing guar does not require buying new types of machinery, the agricultural commissioner explains, because it can be planted and cultivated about like cotton, and the guar beans can be harvested with an ordinary grain combine with little adjustment.

And it can be planted on diverted acres (except cotton acres), another factor that makes it more desirable as a Texas money crop, White said. Guar makes a good cattle feed (contains about 35 percent protein, only slightly less than cottonseed meal), and guar gum usages are legion, including use in explosives, adhesives, paper products, batteries, bakery products, cosmetic lotions, to name a few.

For further information, Commissioner White suggests farmers contact Harold Coombs at Kenedy or Norman Brints at Vernon.

**SOCIAL SECURITY NEWS**

Persons wishing to apply for social security or Medicare benefits may now do so by telephone, according to Howard L. Weatherly, manager of the Pampa Social Security office.

Weatherly said this service is being provided as a convenience to those who have difficulty in getting off work or in finding transportation to the social security office. He emphasized that the same courteous service will be furnished whether you telephone or visit the office in person. Claims received by telephone will also be processed with the same speed as those filed in person.

The representative taking the call will complete the necessary forms and mail them for signature and return. He will also tell you what evidence is needed to complete your claim and request that you return it with the signed claims form. You will also be told what events may result in

suspension or termination of your benefits and be provided forms to be used in reporting such events.

Weatherly said with the inclusion of claims taking nearly all types of social security business can now be completed by telephone. Such things as annual reports of earnings, changes of address, reports of lost or stolen checks, and notification of death, are but a few examples of social security business which can now be conducted by telephone.

Persons in the Spearman area who wish to file a social security claim or conduct other social security business by telephone should call 806-669-3381.

**Baylor University Sets Orientation For New Students**

WACO, TEX.--Baylor University has invited all students who will be freshmen during the 1970 fall semester to attend one of its three annual summer orientation programs June 26, July 24 and Aug. 7.

The programs are intended to give the new college students and their parents a firsthand look at Baylor--to get acquainted with the campus, university officials and general procedures of college life.

James Berryhill, director of undergraduate admissions,

said about one-third of the 1,500 freshmen expected to enroll next fall will probably attend the summer orientation programs.

Although freshmen are not required to attend a program, Berryhill said they are encouraged to attend because "we feel like it helps them a whole lot. It gives them a little chance to get familiar with the campus and college procedures and to get to know other freshmen."

The programs are only one day each, but students and their families may come early and stay either in campus dormitories or provide their own accommodations. The charge for campus housing will be \$3 per person.

Berryhill said parents also are encouraged to attend the orientation programs, and a parent orientation program will be conducted in conjunction with the student program.

The first session will begin at 9 a. m. June 26 with registration and a coffee in the Student Union Building, where university officials will be available at tables to give information about dormitory assignments, business office policies, advanced placement, testing, the Honors Program and the Air Force ROTC program at Baylor.

Dr. and Mrs. Damon Gregg spent last week in Dallas.

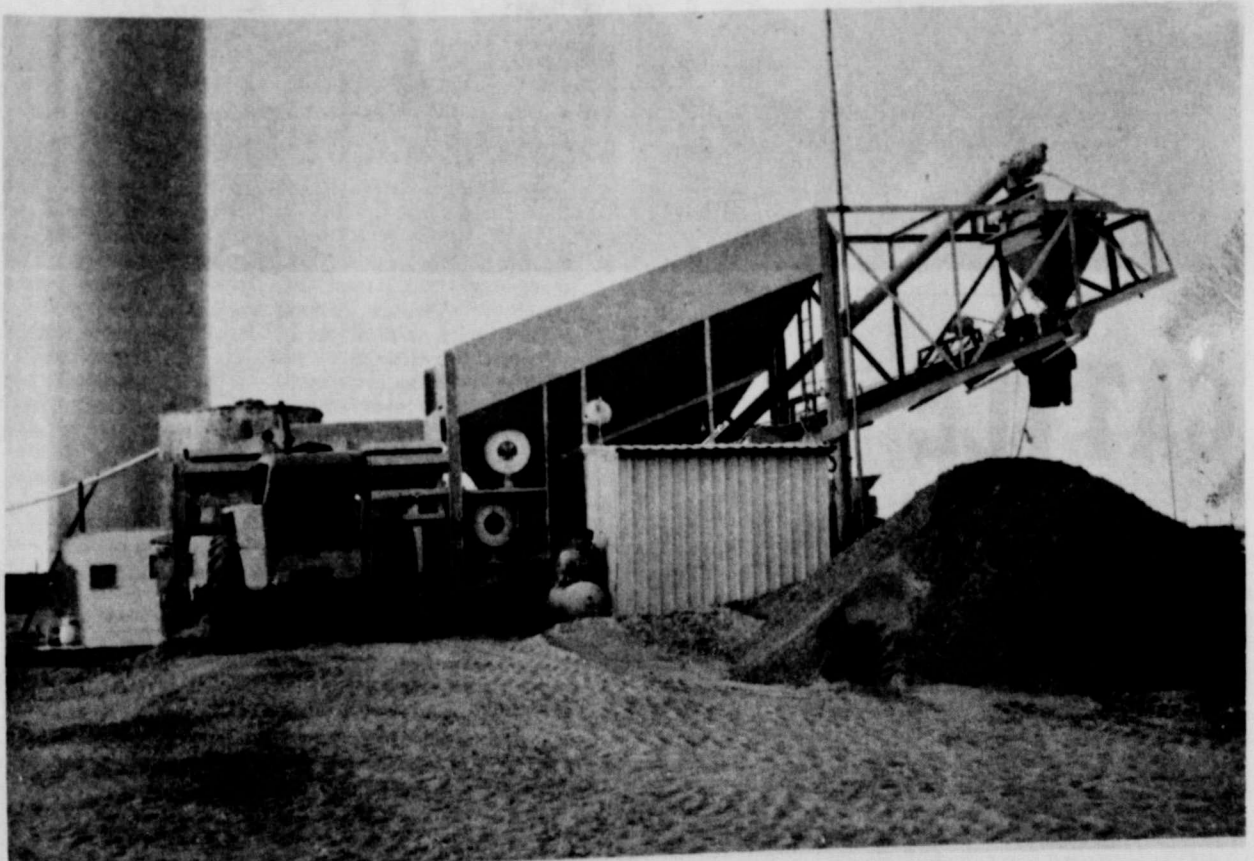

**Part Time Workers Exempted From Tax Withholding**

The Tax Reform Act of 1969 is helping thousands of Texas students save time and trouble on filing an income tax return this year. This summer students who will not owe any income tax for the year can fill out the new Withholding Exemption Certificate, Form W-4E. This authorizes their employer to stop withholding tax and they won't have to file an income tax return next January 1 to get their money back. The same rule applies to some retired persons and part-time workers.

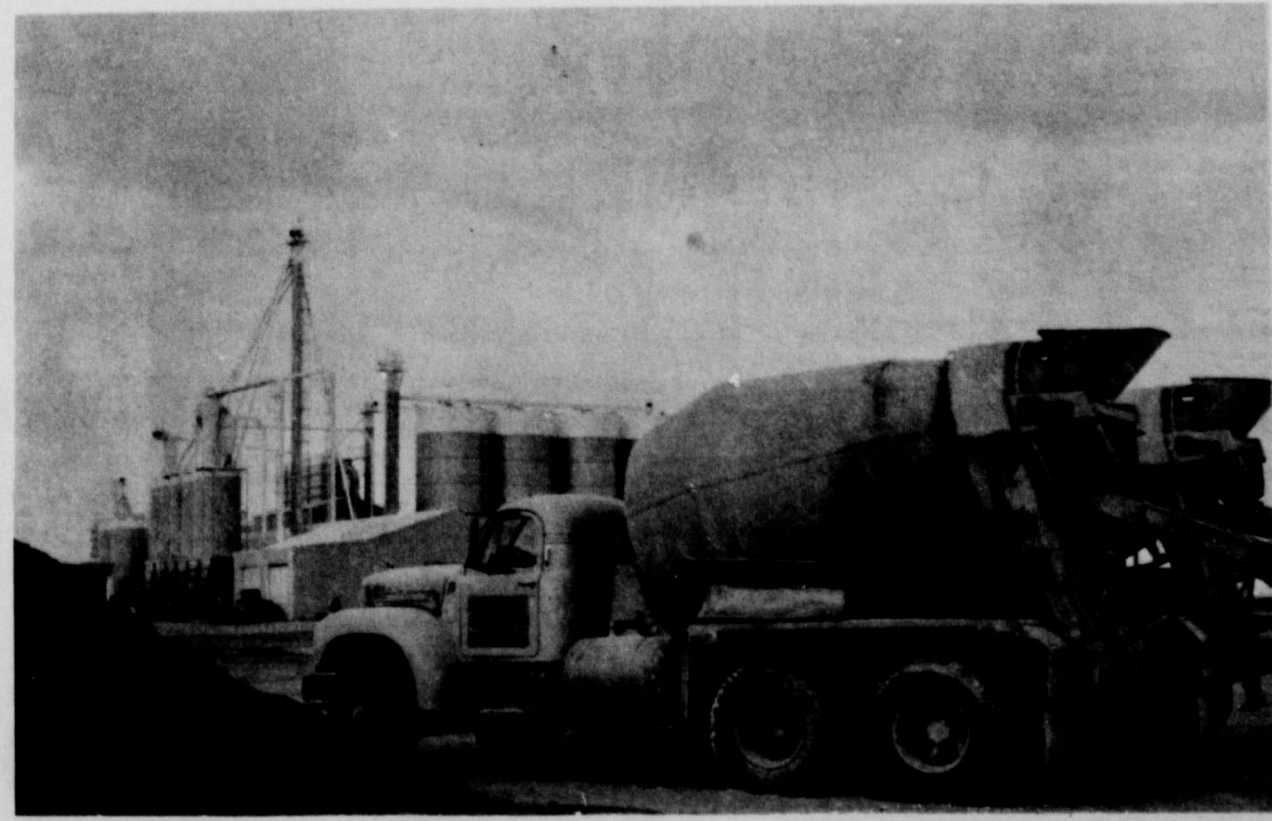

For 1970, a single person who makes less than \$1,725 owes no tax. This is based on the \$1,100 low income allowance and a personal exemption of \$625. A taxpayer over 65 can earn wages up to \$2,350 without incurring a tax liability. If you qualify, talk to your payroll office, but you will not ordinarily qualify if you are married, due to the community property law in Texas.

Mrs. Woody Beck and Mrs. Lloyd Buzzard took their mother Mrs. Ervin Hester to Oklahoma City Sunday for a medical check up.

*We were happy to supply the underground pipe for the splended operation at Frontier Seed yards. Our Congratulations to the staff of Frontier Seeders. Ulysses Irrigation Pipe Ulysses, Kansas*
