VOLUME 61, NO. 10 THE SPEARMAN REPORTER, Hansford County, Texas 79081 THURSDAY, NOVEMBER 5, 1970

The Boys Ranch Roughriders will meet the Spearman Lynx, at Lynx stadium, this Friday night, at 7:30 p. m. This is an important District 1-AA game for both teams. A complete run-down on the Roughriders is as follows:

Boys Ranch, under the capable guidance of Ben L. Adams, will definitely be stronger in 1970. Coach Adams lists his major strengths as passing and depth, but lacks overall experience, speed and size. The Roughriders finished last season with a 2-6-2 record and a sixth place finish in district 1-AA, but with five offensive and three defensive regulars back, have a fine nucleus to build to. Don Inrecht (5-7, 150) senior started last season as a half-back on offense and a linebacker on defense. Brad Berg (5-6, 150) senior will return at the quarterback position. Eddie Hodges (5-11, 160) junior started last season as a guard on offense and can be expected back for another good season. Mike Rogers (5-10, 160) junior, will seek full-center starting role again for '70. Chuck Cogdell (6-1, 165) junior will return as a two-way starter at an end. Ray Henedia (5-6, 145) senior will be back to handle a defensive halfback position. Other boys who will be fighting for starting positions or playing time are Donnie Nash, sophomore guard and Don Huddy, senior guard. The tackles should be David Jackson (6-0, 165) senior and Arnold Parker (5-9, 200) sophomore. Both of these boys are toughies. Jobbin Grimm should handle an end position opposite Cogdell. Mike McHenry should give Rogers a good battle at center. Teddy Hodges (5-6, 150) junior should see plenty of action in the backfield as should Walter Reese (5-8, 150) sophomore. Hodges is rated an outstanding back prospect by Adams. John Bonds (5-10, 165) junior should see action at line-backer for the Blue and Gold clad Roughriders. Boys Ranch should see how their football fortunes are going to go in their non-conference schedule. The Ranchers open with Bovina at Bovina on September 11 then Vega, McLean, Haleshoe and Sanford-Fritch in that order before they meet Panhandle in the first district 1-AA game.

October Weather "Snowy"

October weather proved a bit unusual to say the least and many old timers predict October to be a forerunner of the type of winter we can expect in this area.

1.54 inches of moisture was recorded for the month and this was melted out from 14 inches of snow. A 12-inch snow fall was recorded October 7 and 8th, resulting in 1.18 inches of moisture. This much snow so early in October has not been measured here during the past 52 years. Olin Sheets recalls in 1918, about October 4 or 5, a similar snow storm occurred. In that year, October moisture totaled 2.54 according to the weather chart on file here at the newspaper office.

Snow has been recorded thus far this year on the following dates: October 7 and 8, October 15, October 16, October 27 and November 1st.

A high of 89 degrees was reached on October 6th. A low of 24 degrees, the coldest temperature for the past month, was on October 8.

If this area records the average yearly moisture, 6.10 inches must fall between now and the end of the year. Moisture, by the month, has been recorded on the official weather gauge as follows:

LADIES NIGHT IS TUESDAY

The Spearman Lions Club enjoyed color slides presented by Mrs. Helen Yearly at their regular Tuesday noon meeting. The slides were of

her recent trip to Puerto Rico where she visited her daughter and son-in-law, stationed with the armed forces there.

Boss Lion Alford reminded the Lions that the Ladies Night and new members banquet will be at 7 p. m. Tuesday night November 10 at the Methodist Church. There will not be a noon meeting on Nov. 10.

New members welcomed in the club included Lion Clemmons, Lion Sloan, Lion Mead, Lion King, Lion Hays, Lion Kemp, Lion Randall, Lion Pracher and Lion Jones.

The club expressed their appreciation of the fine singing by the "Roaring Lions Trio" but voted not to have the trio entertain at the Ladies Night. In fact, they agreed to pay the trio not to sing. The trio consists of Lion Oakes, Miller and English. They want to sing for the Rotarians in the near future.

A good crowd attended last Tuesday, but Lions Mickey Owens, James Cunningham and Charles Gilliam were missed, as they were out of town.

REMEMBER LADIES NIGHT NEXT TUESDAY, Nov. 10.

Football Contest Winners

This past week the Reporter's football guessing contest saw three people submit entries with perfect guesses on all games.

Carlos Lopez, Rt. 1, Box 66, wins first place by virtue of his tie breaker guess-Spearman 8, Dalhart 20, a total of 14 points off.

Second place winner, Paul Lopez, (no relation), of Box 1012, Spearman, missed no games and guessed the tie breaker score would be Spearman 7, Dalhart 15, a total of 20 points off.

Ricky Butler, son of Mr. and Mrs. Butch Butler, submitted a perfect game entry, but was 25 points off on his tie breaker score.

The game between Spearman and Dalhart Friday night resulted in a win for Dalhart, 34 to 8.

The most missed games in the past weeks contest were Baylor vs TCU, Houston vs St. Louis and Phillips vs Panhandle.

From a total of 110 entries, 16 people guessed wrong on only one game; 19 missed 2 games; 27 missed three; 18 missed four; eight missed 5 games; 9 guessed wrong on six games; four missed seven games; two missed eight games; one missed a total of nine and three people failed to mark any of the games. Persons MUST guess the game winners or the entry is not graded.

Claude Owens and Mack Bingham both missed the tie breaker score guess by only one point with a guess of Spearman 7, Dalhart 34. Owens missed one game and Bingham missed two.

School Group Organized

About 50 members attended the final organizational meeting of the Panhandle Area Association of School Boards held here Monday night.

Bylaws were approved and officers were elected. J. E. Thompson of Pampa was named president. Jack Allen of Perryton was elected vice president and Frank Groce of Borger is the new secretary-treasurer.

Winford Walker of Sunray, Joel Lackey of Spearman, Willard McCloy of Morse, Hurlin Gaskill of Dalhart and Joe Dale Greer of Stinnett were elected directors for the new organization.

Membership in the organization is open to any school board in the 18th Congressional District.

Quarterly meetings will be held in order to have closer cooperation among boards of the Panhandle to improve schools through discussion of common problems, cooperation with other educational groups and communications with the State Legislature.

A report was heard from the newly appointed legislative committee on the recent meeting in Amarillo concerning the proposed mandatory three quarter semesters for public schools.

Refreshments were served to the group by Mrs. Jean Higgins and Mrs. Doris Wilder, Spearman school cafeteria supervisors.

Berry Cleaners Moved

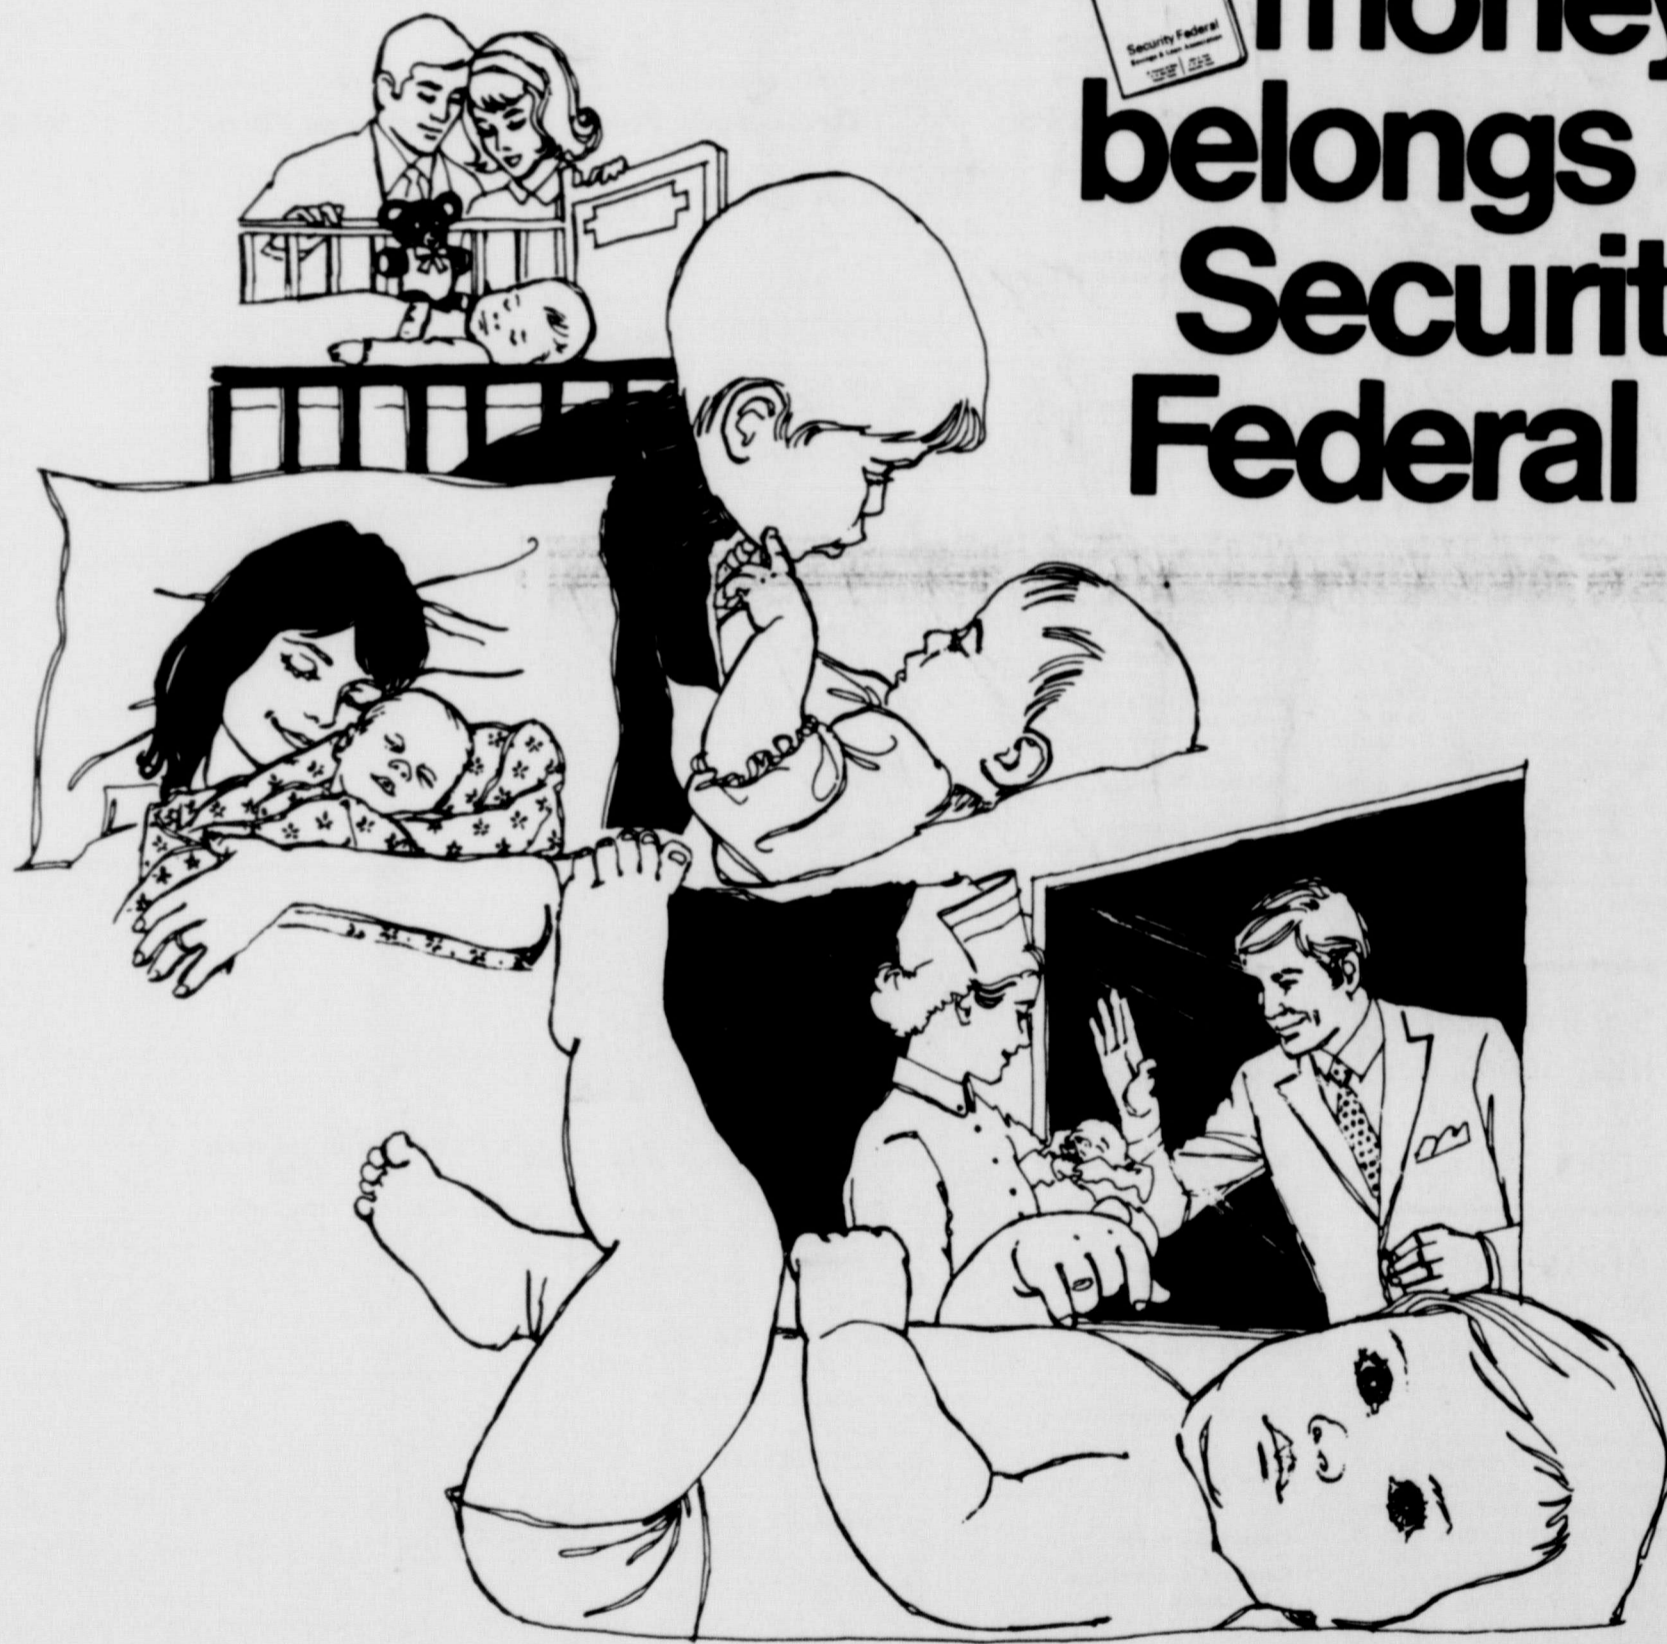

Dan Desimone, who has been operating the Berry Cleaners here since 1965, has purchased Thomas Cleaners and is now doing business at 207 Main Street.

Mr. and Mrs. Desimone and family moved to Spearman from Massachusetts in 1965 and purchased the dry cleaning shop formerly owned by the late John Berry. Desimone has been in the dry cleaning profession for some 15 years.

Mr. Desimone's operating space has been greatly enlarged by the location move and the larger building will allow him to increase his customer service. He is in the process of hiring additional personnel to assist him in his operation.

In the advertising pages of this newspaper, Mr. Desimone publicly announces his recent business change, and invites all his former customers as well as new clientele to call on him at his new address.

Rebels Without A Cause?

By DAVE LLEWELLYN

"Rebels looking for rebellious causes" — an appropriate description of my generation? Rebels we are in heart, it seems, and causes seem only the byproduct of rebellion.

So it may seem, but it is not so. Rebels raise rebellion, but they cannot raise causes. Causes have purposes to be achieved and goals to be reached; and rebels reject order and achievement.

"Self-determination" is the rebel demand, but the achievement of causes demands submission.

"Without a cause" is the only way rebels come.

Submission Required
From irresponsibility to responsibility, from independence to submission — that is how far the cause-worker is from the rebel.

If there is a cause in operation, whether a long-standing one like the Red Cross or a new creation like the Black Student Union, supporting it is a force of yielded people. They have yielded their personal wills to a higher principle.

Rebellious causes, of course, do exist, but they are not operated by rebels. In relation to the opinions of the world, these people may be rebellious, yet in relation to the purposes of their cause they must be submissive.

To accomplish anything through acting together, they must submit to discipline and be willing to subordinate their

own personal plans and desires to the plans and programs of the leader of the cause to which they are committed.

Now that this is clear, I must admit that it is nevertheless true that the majority of my generation are rebels looking for causes. The point is that when they identify with the causes they cease to be rebels. They become, instead, reconstructionists. This remains true even though the cause may be rebellion itself.

Advocating rebellion is not my purpose. Advocating submission is. The activists of my generation have often been shown examples of rebellion, but I see them only as such in their remarkable sense of obligated submission.

Self-Dedication

My cause is Jesus Christ. My organization is the church. My success of His cause requires submission.

The cause of Jesus Christ must not be controlled by rebellious ones. A rebel is one who refuses to submit to the higher will of Jesus Christ. Again, I am not speaking of submitting to the cause itself, but to Jesus Himself.

Spiritually rebellious leaders are making the church a cause. We need new submissions to Jesus. We need personal declarations to God, like Isaiah: "Here am I; send me."

Our Heritage of Faith... Food for thought... SOMETIMES OUR VERY BEST FRIEND CAN BE SATAN Read Matthew 16:2-23

"But he turned and said to Peter. Get behind me, Satan!..." What a surprise it is that Jesus should turn to His best friend, Peter, and call him Satan. After all, back in verses 13-20, when the other disciples weren't catching on at all to what Jesus was saying, Peter made the exciting confession that Jesus was the Christ, the actual Son of the living God. Jesus blessed Peter for that and said Peter had received a heavenly vision. But now, a short time later, Peter becomes Satan in Jesus' eyes.

Whenever anyone tries to turn us away from doing Christ's will, that person becomes Satan for us. It might be the non-Christian loved one who begs to marry a Christian. It might be the friend who offers to help us cheat a little in school, on a date, or with your income tax. It might be the shop picnic that would keep us from observing the Lord's Day properly. It might be a member of our own family, father or mother, child, husband or wife, brother or sister, grandparent, who with tears in his eyes and love in his voice, tries to persuade us not to do something we know Christ wants us to do.

Three Whoopers Were Sighted Three adult whoopers-one pair, and one single-were sighted this week at the Aransas National Wildlife Refuge, it was announced today by Acting Regional Director W. O. Nelson, Jr., of the Bureau of Sport Fisheries and Wildlife. The whooping crane migration, slightly ahead of schedule this year, is followed with great interest because of this rare bird's uphill battle for survival.

Birdlovers were overjoyed with last year's record number of 56 whoopers which had reached their winter home on the Texas Gulf Coast, Refuge Mar., or Gordon Hansen, who supervises the Department of the Interior's wildlife refuge confirmed the sighting of the three early arrivals.

From a low of 15 birds in 1941, the flock has shown a slow but steady increase ever since the Aransas Refuge was set aside as their winter sanctuary. Last year 48 adults and 8 young made the perilous 2,000 mile trip to Texas from their nesting grounds in northern Canada. In addition to the wild birds, there are now 23 whooping cranes in captivity, most of them at the Patuxent Research Center, operated by the Bureau of Sport Fisheries and Wildlife in Maryland.

Our Father, who art in heaven, hallowed be Thy name. Thy kingdom come: Thy will be done on earth, as it is in heaven. Help me to understand Thy holy will for my life, dear Father, and then to do it. And keep me from being a hindrance to someone else who is trying to serve Thee. In Jesus' name, Amen. Prayer

Let Me See by Sybil...

I am looking forward to the art and handcraft sale being staged November 15 by the Library Board. They are hoping that all artists will offer their paintings, needlepoint pictures, pillows, handpainted china, decoupage, and what-have-you for sale that day.

This has always irritated me. These painters turn out canvases by the dozens, and stake them behind the door or under the bed until they pile up in heaps. And you couldn't talk them out of one to save your neck. I'd give anything if I could paint, and since the Good Lord endowed me with absolutely no artistic talent, I would be interested in purchasing a picture. But you can't get them to sell one!

Another reason you will want to attend the Library art sale Sunday, November 15, is that at 2:30 a most important ceremony will take place. This is the time the Library board will gleefully light a match and burn the mortgage note on the building. Can you imagine that in 3 years this \$31,000 note has been paid in full? I remember hearing some very loud rumblings of doubt at the time the building was purchased. This goes to show what can be done when people stop thinking negative thoughts and put both mind---and back---to work.

Lots of hard work has gone into paying off this debt. Mostly on the part of the Twentieth Century Club. These women, encouraged by a great leader Mrs. Frank Davis, put in thousands of hours of hard labor to help raise money for their pet project... Hansford Library. Their labor was not in vain, and now that the end results can be seen, it has all been worth it.

We have one of the most beautiful Library buildings in the area---probably the State. Everyone is proud of it. Now that the note has been paid off, the Library funds are depleted and this gigantic art sale is being planned to help replenish the kitty. Keep this date in mind, Christmas is just around the corner, so do some shopping November 15. What friend or relative wouldn't love a handpainted picture, or a piece of handpainted china or toile ware.

THIS WEEK I burned up \$100.00. In tickets. One was the hundred dollar dinner ticket for an evening with Spiro Agnew, which Billy didn't get to attend. Imagine eating a hundred dollar dinner. I got indigestion just thinking about it and if he had paid that much for it I'll guarantee he would have gone for I would have dragged him every step of the way. But it was complimentary, and something else came up at the last minute and he didn't get to use. So we ate egg sandwiches instead.

The other \$30.00 I destroyed was winning tickets on a horse race. There is nothing more dead than winning tickets on a horse race once you discover they have expired!

This was sorta "blood" money I think. Billy dressed for church early and stopped by the coffee shop for his usual Sunday morning visit with the boys. Wound up going with the boys to Raton. They had to leave before the last race was over and the next day he discovered his horse won. Oh well, serves him right. I would have used that money. I might have purchased a painting at the art sale. After

I burned them, I was sorry for I could have had Ruth Lackey decoupage them and offered them for sale at the art show. Good thing I didn't though for Billy would have bought them back and I don't have room on my walls for decoupage expired horse race winnings.

A weekly public service feature from the Texas State Department of Health

Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

A major effort toward drug abuse education and prevention has been launched by the Texas State Department of Health.

The Department's Division of Food and Drugs and Public Health Education Division are cooperating in the development of new programs and services for the citizens of Texas.

The State Health Department is planning a series of 10 regional seminars on drug abuse and its community health implications. The first one is scheduled November 17 in State Health Department Region 7, headquartered in Tyler. Health professionals and community officials from the 36-county East Texas region will be eligible to attend the one-day seminar in the auditorium of the East Texas TB Hospital Annex.

The seminar will focus on the health aspects of drug abuse, detail current programs underway, and examine possible future directions a local and state campaign against drug abuse may take. The course content will include a history of drug traffic, the problem today, current state attack, and how communities can be organized, State Health Commissioner Dr. James E. Peavy will keynote the program.

The faculty will include a nationally-known drug abuse expert, Dr. Joe Schooler of the Texas Research Institute, a unit of the Texas Department of Mental Health and Mental Retardation. The health aspects of drug use and abuse, and current research, will be emphasized.

Also on the program will be Curtis Dickson, health information specialist with the State Health Department. He was a recent participant in the Western Institute of Drug Problems held in Portland, Oregon.

Allan Schurr, assistant director of the Food and Drug Division of the State Health Department, and Hunter Brush, the Tyler district attorney, also will participate. The State Health Department also is deeply involved

in other drug abuse programs. Department personnel, working in the Governor's Task Force on Drug Abuse, are involved in the planning and development of a coordinated statewide, inter-agency attack on drug problems. They will be participants on Inter-agency Community Assistance Teams.

With the assistance of KUHT and the University of Houston, the State Health Department has produced a one-hour film that will be released to statewide television this fall. The film vividly portrays the scope of the problem in Texas and the reaction of parents and students to the use, misuse and abuse of legal and illegal drugs.

Purpose of the film is to stimulate communities and organizations to action. For years the State Health Department has conducted statewide drug abuse education programs, mostly to school audiences. Emphasis now is informing the adult community.

FAIR CREDIT ACT TO BE EFFECTIVE NEXT APRIL

The Fair Credit Reporting Act, which has just been signed into law by President Nixon, satisfies the concerns of consumers without placing undue restrictions upon the credit reporting industry, said Mrs. Susie J. Hand, Manager of the Credit Bureau of Hansford County, Inc.

"Consumer protections provided in the Fair Credit Reporting Act have been standard operating procedures at the Credit Bureau of Hansford County, Inc. for many years," Mrs. Hand said. "For example, the Act requires credit bureaus to disclose credit records to consumers which is our regular practice."

Associated Credit Bureaus, Inc., the international trade association with which the Credit Bureau of Hansford County, Inc. is affiliated, supported passage of the law.

"Even though most credit bureaus are already in compliance with the provisions of the Act, we plan to work closely with consumer groups and credit grantors so that everyone has a complete understanding of the law and how it will affect them," Mrs. Hand said.

The law becomes effective next April.

"Consumers and the credit reporting industry are indebted to Congress for its vigorous regard for the rights of consumers and tolerant understanding of the needs of the credit reporting industry," Mrs. Hand said.

National Safe Driving Award Goes To CPS

Community Public Service Company has been awarded third place in the nation for outstanding safe driver performance in the public utility division of the 99th National Fleet Safety Contest, sponsored annually by the National Safety Council.

The award is based on the company's safety performance from July 1969 through June 1970. During this period, Community's fleet, which consists of 317 vehicles and 320 drivers, operated for 4,950,147 miles and had only 3.63 accidents per 1,000,000 miles of operation.

All accidents were counted in the contest except those occurring when a company vehicle was properly parked. Winners were determined after inspection of their records by an auditor appointed by the National Fleet Safety Contest Committee.

Awards were presented October 29 at a luncheon sponsored by General Motors Corporation in the Grand Ballroom of the LaSalle Hotel in Chicago and attended by more than 700 safety experts from the nation's motor transportation industry.

More than 2,700 fleets, consisting of more than 335,045 vehicles, travelled seven billion miles during the contest year. The fleets had a combined average frequency rate of 13.13 accidents per 1,000,000 miles of operation, which represents a slight decrease over the previous contest period.

Oral Roberts and Jerry Lewis

ORAL ROBERTS BRIDGES RELIGION GAP ON THANKSGIVING TV SHOW

The Messiah...the Great Spirit...God...to various religious doctrines each of these has a different meaning but on the Oral Roberts' Thanksgiving Special they provide a common ground for a Jew, a Christian, and an Indian to discuss their reliance on the Supreme Being.

The average non-church-going viewer can identify with what Oral Roberts is trying to do on this particular television special. Most of those who will be tuning in will recognize Oral Roberts as a religious leader but they will be mildly surprised to see famous Comedian Jerry Lewis in a different light. Lewis's time on the show is spent discussing with Oral Roberts the need of people to develop a real faith in God.

For the second time in the "Contact" series Oral Roberts has a guest star who represents a different religious faith. Venetian Shari Lewis, also Jewish, was a hit with the children and adults on the Easter Special. This approach stems from a willingness on the part of Oral Roberts to

develop viable answers to today's problems.

According to Roberts, you can't do this effectively in prime time unless you have representatives from both sides. Jay Silverheels, famous for his role as Tonto on the Lone Ranger western series, will serve as representative for all the Indian people at the traditional Thanksgiving dinner. Just prior to sitting down at the table, Silverheels is scheduled for a brief discussion with Oral Roberts to reinforce, from his own point of view, the comments made by Lewis.

The Thanksgiving season is a perfect time for Oral Roberts to develop this idea of unity concerning people and doctrines. It's the first time something like this has ever been attempted before an audience of millions of people. It remains to be seen if Oral Roberts can, in fact, produce a healing of differences in the sacred as well as the secular. He has often declared this is the objective of the "CONTACT" series.

Also scheduled for appear-

ance are Singer Kay Starr and Robert I. Clarke. Clarke will portray Lincoln describing the events leading to the Thanksgiving Proclamation. "CONTACT" regulars Richard and Patti Roberts, the World Action Singers, and the Ralph Carmichael Orchestra will provide musical entertainment. The syndicated show is scheduled to be aired nationally November 22-29 on more than 250 stations.

MILLY KAY GRAHAM, MONTE LESLY ARE MARRIED IN CHURCH CEREMONY

The sanctuary of the First Christian Church of Perryton was the setting for the marriage of Miss Milly Kay Graham and Monte Lee Lesly on Saturday, October 17, at 4:30 o'clock.

The double ring wedding ceremony was performed by the pastor, Rev. Bob Daniels, before a background of baskets of pink and white gladioli and carnations and two candelabra, each holding eight lighted tapers.

Candles were lighted by Craig Schumann and H. D. Hoover, both of Spearman, who served as ushers. Suzanne Edwards registered guests.

Traditional wedding marches for processional and recessional and other wedding music were played by Mrs. Clinton Unruh, organist.

Sisters of the bride, Mrs. Edward Born of Perryton and Mrs. Bob Wilson of Amarillo, were her attendants, Mitzi Born, niece of the bride, was

flower girl. Niece and nephew of the bride who carried the rings on white satin pillows were Beth Wilson of Amarillo and Steven Born of Perryton.

Attendants of the bride-groom were his brothers, Harvey Lesly was best man, Bobby Lesly was groomsman.

The bride is a daughter of Mrs. Ben Graham, 2018 Jackson Drive, Perryton and the late Mr. Graham. The groom's parents are Mr. and Mrs. Glen Lesly of Spearman.

The bride's brother, Ben Graham, Jr., gave her in marriage for her mother. The bride wore a formal bridal gown designed with satin waistline with large bow in the front. The bodice was finished with high round neckline and long bell-shaped set-in sleeves of lace.

Her fingertip scalloped mantilla veil of bridal lace illusion was attached to a head-

piece ornamented with stephanotis.

She carried a bridal bouquet of orchids and stephanotis with satin streamers with loveknots. The bride observed the traditional "something old, something new, something borrowed and something blue."

The bride's attendants wore matching floor-length hot pink satin A-line dresses with empire waistlines. They wore matching veils of tulle secured by roses on their hair and carried two long stemmed white carnations with pink satin streamers.

Mitzi Born and Beth Wilson were dressed in identical hot pink floor-length dresses designed similarly to the dresses of their mothers who were the honor attendants. Mitzi carried a white basket of rose petals and Beth wore a corsage of miniature baby roses.

The bride's mother wore a green suit with beige accessories and the groom's mother wore a blue wool dress with black patent accessories. Their corsages were of pink cushion mums with white carnations.

Sisters-in-law of the couple, Mrs. Ben Graham, Jr., and Mrs. Bobby Lesly, presided at the bridal table for the reception in Fellowship Hall of the church. The table was laid with a white lace cloth over pink and ornamented with a centerpiece of pink blossoms, flanked by lighted tapers.

Mrs. Graham served the tiered wedding cake, which was ornamented in pink. Mrs. Lesly poured punch from the crystal punch bowl.

For traveling the bride wore a wool dress of black, white and red with a red wet leather vest and red wet leather shoes and bag. An orchid from her bridal bouquet formed her corsage.

The couple went to Dallas and attended the State Fair of Texas while on their honeymoon trip. They will live at 410 Southwest 8th Avenue.

The bride is a graduate of Perryton High School, attended Frank Phillips College at Borger and graduated from the International School of Hairdressing in Amarillo, before her marriage she was employed by General Telephone Co. The groom, who is engaged in farming southeast of Perryton, is a graduate of Farwell High School.

CAR LOAD SALE

1. All Maytags have Permanent Press cycles. Dirt doesn't penetrate Permanent Press. Its finish doesn't need long washing. Its special process can't take it. Over-wash means over-wear. After-wash, automatic cool-down helps prevent wrinkles.

2. Yesterday deluxe, today standard equipment. Some Maytags have cold or warm rinse water temperature controls. Heat is what makes the press permanent in Permanent Press, but water too hot will add wrinkles. Cold rinse keeps colors true, stable. Essential for new washable wools, vinyls, miracle fabrics. Model A806 illustrated.

3. All Maytags can be set for water-level to match size of load. Saves water, detergent. (Remember: Too little water with too large a load, wears and lints clothes.) Metered fill means no water-pressure problems. Photo: Models A806, A606, A406.

The happy medium. All the dependability. Most of the features. Lower cost. Model A606. This is the great A606. All the speeds. All the rinse temps. All the water levels. Just lower cost. Soak cycle means no return visits. Not shown: Lower-priced, one-speed version, Model A406.

The Maytag "Porta-Pair"

Whispers while it works. Because you'll use it where you live, it's built to be quiet. You'll hardly know it's there.

Stores in a closet. Or under a counter. Or in a corner of the kitchen or bathroom. Wherever you have an extra two square feet of floor space.

The Maytag Dishwasher

No more hand washing before you machine wash. Dried on foods, egg yolks, oatmeal, sauces, are brushed away.

Read how Maytag does it:

- Only Maytag dishwashers have a full-size spray arm on top, as well as on the bottom, plus a center spray nozzle. This means more cleaning power with water moving faster from more sides.
- Dishes come cleaner without pre-rinsing.
- Smaller water holes—scientifically placed on spray arms to create greater water pressure, more teeming, active dishcleaning currents of water.
