

Band Concert & Chili Supper Set

The Spearman High School Band is sponsoring a chili supper and band concert on Thursday, March 1. The Chili Supper is all you can eat of good chili, cheese, beans, crackers, tea and coffee and homemade pies and cakes. Time for the chili supper will be 5:00 till 7:30 p.m. in the high school Cafeteria. Tickets are on sale from any member of the band and at the door. Admission for the Chili Supper is \$1.50 for adults, \$1.00 for students, and 50¢ for children under 6 years of age.

Following the Chili Supper at 7:30 p.m. in the High School Auditorium will be the Annual All Bands Concert. All of the Spearman School Bands will be performing. Performing groups will include the 5th grade band, 6th grade band, Junior High School Band, and the Spearman High School Band. The Musical Program will be sure to please everyone in attendance. Admission for the concert is \$1.00 for adults, 50¢ for students, and children under 6 years of age are free.

Proceeds from the Chili Supper and Concert will be used to help pay expenses for the spring trip.

Direct Dialing Here In Sept.

General Telephone customers at Spearman may dial their own long distance calls on Monday, September 16, 1973 according to Paul Farrar, District Manager.

Technicians have begun installing equipment and will complete the installation in time to allow complete testing.

The new service is called "Plus Dialing" since it is only necessary to dial "1" plus the area code (if different from your own) and the seven digit number to speed the call through.

The timing and billing information will be automatically recorded.

With the advent of Direct Distance Dialing, operator assistance and special calls (such as person-to-person, credit call and collect calls) will be handled by Guymon operators.

Prior to the establishment of this new service, One Plus Direct Distance Dial instructions will be distributed to all customers giving complete information.

Mrs. Edna Lamb Services Today

Funeral services for Mrs. Edna M. Lamb, 77, Spearman resident since 1919, who died Tuesday in Newman Memorial Hospital in Shattuck, Okla., will be at 2:30 p.m. Thursday in First Christian Church.

The Rev. Don Wirsdorfer, pastor, will officiate. Burial will be in Holt Cemetery by Rowell Brothers Funeral Directors.

Mrs. Lamb was a member of First Christian Church. She was born near Amarillo.

Survivors include her husband, Mose; two daughters, Mrs. Joyce Jennings of Guymon, Okla., and Mrs. Laura Johnson of Plains; and one grandchild.

JOEL LACKEY ANNOUNCES

Joel Lackey has filed this week with the school business office, announcing his candidacy as a school board member for the coming election. Joel is presently serving on the board, and is the only candidate to file at this time.

CORRECTION

In Sunday's Hansford Plainsman in the New Families Here story, the wrong information was listed for the Donald Mullins family. Mr. and Mrs. Donald Mullins moved here from Elk City, Oklahoma and live at 413 W. 5th Ave. The couple has 3 children, are Baptists and he is employed by McClellan's.

The city council met Monday night, approved the minutes of the February 12 meeting, and first on the agenda, discussed the new swimming pool for Spearman. A letter from the swimming pool construction people, indicated that the cost of the complete swimming pool facility would be about \$135,000.00, and this was approximately the figure that everyone anticipated. No action was taken on a bond election for the proposed money, but it was discussed at the meeting.

The assignment of tasks for the Board of City Development, was also discussed. The projects, or tasks will be decided at a later date.

Glaucoma Test Set For March 15

A Glaucoma Screening Program (Free tests for Glaucoma) for residents of Spearman, Texas and surrounding areas, who are thirty-five years of age and over, will be held on Thursday night, March 15, 1973 from 7 to 9 p.m. at the Catholic Church Fellowship Hall, 10th and South Roland Streets, Spearman.

The free test for Glaucoma is being sponsored by the Panhandle Branch-Texas Society for the Prevention of Blindness and the Spearman Lions Club. The program has been approved by the Top O' Texas County Medical Society and the Spearman City Health Department and the Hansford County Health Department.

The test for Glaucoma will be administered by Members of the Top O' Texas County Medical Society, serving as volunteers. Also participating in the program as a public service will be Members of the Lions Club and their wives, Members of the Texas Graduate Nurses Association, Members of the Spearman Rotary Club and Members of the Spearman Chamber of Commerce.

Glaucoma... strange sounding... could be the title of a song... the name of a race-horse. It is a leading cause of blindness in adults. One out of every eight blind persons you meet, is blind from Glaucoma.

Glaucoma... a treacherous eye disease which occurs most often in people thirty-five years of age and over... usually is a gradual, painless loss of side vision, of which you may be totally unaware.

Early detection of this disease, of which more than one-million persons are now suffering, unrecognized, is of vital importance. Once vision is lost from Glaucoma, it can never be restored. However, if detected and treated in time, medical science can check the progress of the disease with medication or in some cases surgery.

Symptoms which may suggest the presence of Glaucoma are: frequent changes of glasses, loss of side vision; blurred or foggy vision; rainbow-colored rings around lights; inability to adjust eyes to darkened rooms. Having these symptoms does not necessarily mean a person has Glaucoma... on the other hand, these symptoms might not even be present and a person could still have early Glaucoma.

Remember the date... Thursday night, March 15, 1973, from 7 to 9 p.m.

The screening is open to the public, thirty-five years of age and over. Make your plans now to attend and bring your neighbor.

Officials had feared, and that now the city can take proper steps to save this big gas loss. This will be most important especially with eminent gas shortage in the country.

Lee Phillips gave the specification for the new ambulance that the city and county has agreed to go together and buy. This newspaper wants to commend both the commissioners court and the city for their contributions to the ambulance and hospital services that we have in this county. And, also to Lee Phillips and all of the firemen who assist in our ambulance program.

The College Singers To Perform Here

The College Singers of the Apostolic Faith Bible College at Baxter Springs, Kansas will present a concert Monday evening, March 5 at 7 p.m. in the Apostolic Faith Church at 9th & Dressen, Spearman, Texas.

The College Singers who are currently on tour and include Rev. Glenn Barker, superintendent, Mr. Joe Randolph, Perryton, Texas; Miss Shari Cook, Granby, Mo.; Miss Janice Girouard, Joplin, Mo.; Miss Glowanda Quesenbury, and Miss Carolyn Quesenbury, both of Hardesty, Okla.

The Rev. Winston J. Barker of the local church invites all to attend.

Junior Bowling League To Be Organized

Plans are being made to start a Junior Bowling League. There will be an organizational meeting Tuesday March 6 at the Bowl Mor Lanes starting at 6 p.m. All interested youth ages eleven and up are urged to attend this meeting accompanied by his or her parent. For additional information please call 659-3606 or 659-3379.

Program On Water

Water was the program theme during the regular Monday noon meeting of the Spearman Rotary Club. Slides were shown of the California water project and the proposed project of bringing water from the lower Mississippi River basin to the Panhandle area of Texas.

It was noted that the California project was brought to completion mainly through the efforts of the fish and wildlife departments of the federal government.

Planning for this undertaking has been underway for some thirty years and it is generally conceded that time for a final decision is drawing near.

As usual, a fine luncheon was served by the ladies of the Assembly of God Church.

A board of directors meeting is to be held at 5:30 p.m. Thursday March 1 in the coffee room of the Countess & Blackburn law offices.

Mansel Bryan On TSC Honor Roll

STEPHENVILLE, Tex. --Hugh Mansel Bryan, a Tarleton State College student from Spearman, has been named to the Distinguished Student List and the 6 Honor Roll for the Fall Semester, 1972.

Hugh is a senior Agriculture Education major and the son of Mr. and Mrs. Joe Dan Bryan of Spearman.

"YOU NAME IT" by Billy Miller

Fresh back from Austin and everyone in our organization is about "knocked out." Eugene had to go to the dentist, 2 of my typesetters were sick, and another hand was out of pocket for some time; but, we are all doing fine and came back from Austin refreshed, and ready for action on the "home front."

This Monday I attended the Commissioners Court meeting and it was a dandy. Craig Davidson was on hand, and the entire meeting was taken up, almost, discussing the new Palo Duro dam. Of course we are anxious to keep the public informed on the dam project, and will as things happen, it takes so long to create a water authority, and then so long to get permission to even dam up the water. We have almost waited too late! And, the Commissioners Court is having to carry the ball almost without any help, it seems. However, I do want to thank the Commissioners for all they have done and are doing. A new commissioner was appointed to the Court this Monday. Ed Vernon resigned, and Judge Lee appointed Johnny Veneman to fill his term. Ed Vernon has been a commissioner for 27 years, and was sworn in February 27th, 1946, almost 27 years to the day when Johnny Veneman was appointed. This is for Commissioner of precinct 2.

I did learn some interesting facts at the meeting Monday. Craig Davidson stated that this new Palo Duro dam will create some 3500 (three thousand five hundred) new jobs for the cities of Spearman, Gruver and Perryton, after the dam is completed! So, if you are in business, or own any land in the 3-city area, be sure and let the Commissioners know that you are backing them. While we are discussing the court, I would like to remind my readers just how much the court contributes to our two towns, as well as our rural area. They contribute to the Little League programs, take care of the hospital, handle 900 miles of road

I must mention that Spearman almost won this ball game at Austin, by 1 point, as our best shooter had the ball, and was wide open for a shot; just missed winning the game by less than one second! It was another fantastic game by the Lynettes. I am just as proud of them and their coaching staff, as if they had won first place. Nine times to Austin is an all-time record you know, and it took nine great teams to accomplish this. I suspect that Coach Weese will be back for the next several years also. I have my room reserved in Austin already.

I sure hope everyone gets behind this dam project on the Palo Duro. Let your commissioners, Mayor, and everyone know that you are backing them. It wouldn't hurt to encourage Craig Davidson, too, he is doing a great job and under some-time difficult circumstances. That is, no one ever shows up to the meetings, and it does kinda get discouraging to these men who are trying so hard to get this lake near Spearman, Gruver and Perryton. Let them know that we are behind them 100%.

in the county, all charity cases, contribute to all county libraries, have half interest in three ambulances and three fire trucks; take care of cemetery, all public roads and jail facilities in the county. And, we sure do want to thank Ed Vernon for his 27 years fine service. We hope that Johnny Veneman can stay with his job for 27 years too.

I want to thank commissioner L.F. Hand for telling me about his trip to Austin recently. He told me to go down to Fredricksburg, and eat some of that good German food. We did, and we found a quaint, German town, with lots of antique stores and the Admiral Nimitz museum. We spent the night and half a day in Fredricksburg, and I am ready to go back and stay a week there. It is about 80 miles or less from Austin, and if you ever served in the Navy or Marine Corps, like antiques, and German food, spend the weekend in Fredricksburg. It is quite a town.

ly important if crop rotation is not practiced and if the fields are still relatively free of weedy sorghums.

By far the best method for controlling volunteer plants, is rotating grain sorghum with wheat or broadleaf row crops such as soybeans or cotton. Rotation with wheat is desirable since it allows the fields to be clean-tilled during the spring and summer months. Rotation with summer broadleaf crops are especially good since herbicides recommended for controlling grasses can be used with these crops.

The Lubbock-based agronomist says that West Texas farmers can help alleviate their problems with volunteer sorghums by buying seed from reputable seed companies which have a reputation for selling clean seed, by continuous roguing and by adapting good rotation practices in conjunction with effective herbicides.

FB To Oppose Controls

WACO--The president of the Texas Farm Bureau said farmers are afraid that "misguided public concern" over food prices will lead to a price freeze on raw agricultural products. J. T. (Red) Woodson made the comment in reference to a news report that retail food prices have made the greatest one-month increase in 20 to 25 years.

He warned that price controls would result in scarcities instead of benefiting the consumer.

"We cannot produce food unless we make a profit which will permit us to stay in business," the head of the 137,000 member general farm organization said. "Consumers must realize that prices farmers received over the past 20 years have gone up only about 32 percent while farm production costs have soared to ten times that."

The farm leader said that, despite publicity over food price increases, food is still a bargain.

"I know it's hard to believe, but right now food takes a smaller share of the family's take-home dollar than ever before in history--only about 16 percent, as compared to 24 percent some 25 years ago."

Woodson said this bargain in food is a result of both rising consumer incomes and increased efficiency on the farm.

"We are geared to full production in agriculture," he said. "We hope that the public won't permit a price freeze to destroy the most efficient agriculture in the world."

He said that the Farm Bureau, which has more than two million members nationally, would oppose any effort to place price controls on raw farm products.

Mr. and Mrs. Sammy Don Jones, Billy and Wanda went to Pampa Friday to visit with Mrs. Jones' mother, Mrs. W. R. Morrison and son Bill. Mr. Jones returned Friday evening after taking care of some business in Pampa and returned to Spearman for a further visit with the families on Saturday before the Spearman group returned home Sunday.

Weekly Market Report

COLLEGE STATION--"Beef prices have increased considerably during the past year due mainly to higher prices to beef producers and increased costs in marketing," Mrs. Gwendolyn Clyatt said this week.

The consumer marketing specialist with the Texas Agricultural Extension Service, Texas A&M University, also cited beef values for the next week or two.

"Look for best beef values on chuck roasts and steaks, ground beef, beef and calf liver, and round steaks and roasts."

"Pork values appear in hams, picnics, shoulder roasts and steaks, end-cut loin roasts and chops and pork liver."

Turning to poultry counters, Mrs. Clyatt maintained that chickens remain a bargain in most meat departments even at higher price levels, as do grade A large-sized eggs.

Fresh fruit and vegetable items in best supply at the most economical prices include apples, oranges, grapefruit, avocados and bananas.

Also potatoes, sweet potatoes, turnips, hard shell squash, broccoli, cabbage, carrots and dry yellow onions.

some attention to controlling the problem.

There are two primary sources of the off-type and weedy sorghums. One is the planting seed; few, if any, hybrid grain sorghum seed are completely free of the undesirable types.

"Another important source are volunteer plants that grow from seed remaining in the soil from previous years. These can come from off-type plants that went to seed in a grain sorghum field or from sudan grass and forage sorghum hybrids which were used for temporary summer pastures and for standing hay in the fall and winter. If these crops were allowed to head out, a large number of the seed produced will be present in the soil and volunteer plants may be even a greater problem in following years."

The length of time it will take to control the volunteer problem will depend on the severity of infestation, the types of sorghums which make up the volunteer crop, weather conditions and the cultural practices used.

Relatively light infestations of the tall, coarse-stemmed off-type sorghums may be virtually eliminated in one or two years. These type plants produce soft seed which are more apt to decompose or germinate during the off season, thus permitting volunteer plants to be eliminated by freezing weather or by fall and spring tillage operations.

To encourage decomposition and volunteer growth in the fall or early spring, it is a good practice to shred and disc immediately after harvest.

In contrast, several years may be required to eliminate the tall, fine-stemmed, open-headed weedy sorghums which resemble the sudangrasses. These types tend to produce hard seed which frequently shatter before harvest, remaining dormant in the soil for several years.

Both the weedy and off-type sorghums are virtually impossible to control by any method other than roguing once they have emerged and are growing in a grain sorghum field. Although it is a fairly expensive operation, roguing is extreme-

FARM & RANCH NEWS

By Joe Van Zandt

County Agricultural Agent

Talks dealing with estate tax reduction and tax avoidance considerations for farm and ranch operations will be discussed at 7:30 p.m. Thursday, March 8 during a meeting in the Home Demonstration club room in Spearman.

Everything from wills to estate management will be reviewed during the session hosted by the Texas State Agricultural Extension Service. The program will be two hours in length.

The rapid buildup of volunteer sorghum plants in West Texas grain fields has caused much concern among farmers,

seed producers and weed scientists, says Dr. James Supak, area agronomist of the Texas Agricultural Extension Service at Lubbock.

These pests, he explains, compete with grain sorghum for nutrients, water and sunlight. In addition, many of the off-type or weedy sorghums, because they are prolific seed producers, contribute to new infestations in succeeding years.

"Now that farmers are planning their cropping programs for the coming season," Supak says, "this is the time to give

news from your HOME DEMONSTRATION AGENT

by Nelle Evans

We are proud of the 53 Hansford County 4-H'ers who entered the foods contests Saturday. Since we all like quick, delicious, nutritious recipes we'll share with you some recipes prepared by the girls.

Diane VanZandt, the 13 year old daughter of Mr. and Mrs. Joe VanZandt, baked her way to winner with a Plum Cake.

Mix together slightly 2 c. sugar, 3/4 c. salad oil, 3 eggs, 2 small jars baby food plums, 1 t. red food coloring and 2 t. vanilla.

In another bowl mix together 2 c. flour, 1/2 t. soda, 1/2 t. salt, 1 t. cinnamon, 1 t. cloves and 1 c. chopped nuts. Add to first mixture, pour in greased Bundt pan. Bake 1 hour in preheated 350 F. oven.

Glaze hot cake with 1 c powdered sugar mixed with enough lemon juice to be of

proper consistency to pour. Sally Brainard, 13 year old daughter of Mr. and Mrs. E.H. Brainard, II, cooked her way to fame with Super Barbecue Beef.

Mix 4 c leftover cold roast, cut into small bite size pieces, with barbecue sauce and bake in casserole at 325 F. for 1 hour.

Make sauce by combining in saucepan 1 c ketchup, 1 c water, 1 small chopped onion, 1 T. worcestershire sauce, 1/4 c. vinegar, 1/2 t. paprika, 1 t chill powder, 1/2 t. salt, 1/4 c. brown sugar, 2 t. mustard, and (optional) 1 garlic clove, finely chopped. Simmer slowly for 30 minutes in covered pan. May refrigerate until ready for use.

In the next few weeks we'll be sharing more recipes with you. We still have a few copies of the complete recipe booklet if you would like one.

ATTENTION ALL CATTLEMEN

FRIDAY, FEBRUARY 23, we sold 2287 cattle and calves thru the arena. The selling began at 11 a.m. and was completed at 5:15 p.m. A good active market prevailed throughout.

FRIDAYS, MARCH 2, MARCH 9, MARCH 16, MARCH 23, MARCH 30 will all be arranged as CONSIGNMENT SALES. We plan to sell jackpot and mixed groups until 2 p.m., then start on CONSIGNMENTS--selling them in the order consigned--as near as possible.

We are anticipating large numbers through March (of cattle coming off wheat pasture). It is almost impossible to handle all of these cattle on Friday, that we will have in the large expected sales. Send in your cattle, if possible, on a Tuesday afternoon, Wednesday, or Thursday forenoon, so that we can get them sorted, filled, ready to show and sell in good order on Friday.

It is our aim to do the best job possible marketing the cattle shipped to us by our consignors. Advise us in advance, if possible, of your plans.

Your Baker-Taylor Employee of the Week

MR. AND MRS. J. C. (JACK) JACKSON

Your Baker and Taylor employee of the week this week is MR. AND MRS. JACK (J. C.) JACKSON. Jack is Drilling Superintendent for Baker and Taylor. He has been with the organization longer than any employee in the organization. Jack began work with Baker and Taylor at Robert Lee, Texas, in the Silver Field. The Jacksons are members of the First Baptist Church, in Spearman. They have 2 children and 3 grand-children. Their daughter, Mrs. W. E. Parker, lives in Lubbock. Their son, Tommy Jackson is a coach at Big Springs. He was an all-state football player at Andrews, and played his college football at Oklahoma State. Jack has one hobby, and it is fishing. Mrs. Jackson likes to knit and cook. Their pride and joy is their 3 grandchildren - Teresa Parker 17, Eddie Parker 14, and Rarce Jackson 5. Of course the Jacksons can say that Spearman is their home, although their children have attended 27 different schools, while the Jacksons have been in the oil business. Both Mr. and Mrs. Jackson came from Carter, Oklahoma, near Elk City. Jack is a Mason, and a member of the Carter, Oklahoma Lodge. Both of these fine people have contributed a great deal to every community they have lived in. Spearman is truly proud of these fine people.

Hansford Co. Vets To Get \$9,400

World War veterans in Hansford County who have maintained their GI insurance in force will be on the receiving end of some extra cash this year.

Some 125 of them will receive approximately \$9,400 as their share of a record payout of dividends totaling \$297 million.

The bulk of the money, \$270 million of it, will go to 3,800,000 World War II veterans who hold National Service Life Insurance policies, reports the Veterans Administration. The remainder will go to 147,000 veterans of the first World War, who have United States Government Life Insurance.

The \$297 million payment is the largest regular dividend ever declared by the VA. It is \$1 million above the previous high. It has become available because the interest earned by the trust funds governing the insurance policies

has been unusually large. Of the 460 veterans of the two World Wars who reside in Hansford County, according to the latest count, only about 28 percent will be getting checks, the figures show. They are the ones who held on to their policies.

The payments to them will average \$143 if they are World War I veterans and \$73 if they were in the second World War. The actual amounts, in individual instances, may run several times as large as this and, in other cases, much smaller. It all depends upon the size of the policy held and on its duration.

Some ex-servicemen, it is noted, will be using their dividends to purchase additional insurance, rather than taking the cash.

As for those in the local area who were involved in other wars, no distribution will be made to them because they were not covered by policies

of this type. Throughout the State of Texas, a total of nearly \$14,827,000 will be paid to some 190,822 veterans, according to the VA.

The \$9,400 earmarked for Hansford County vets will be payable on the anniversary dates of their policies and will be sent to them automatically, without application.

Most of the money, it is expected, will find its way without much delay into the cash registers of local retail stores.

The Borger Branch of the American Association of University Women will meet Monday, March 5, 1973 at 7:30 p.m. in the Hutchinson County Library Auditorium, Borger for a business and study session.

Presiding officer will be Mrs. Ralph Townsend, Borger Branch President, of Borger. Hostesses will be Mmes. G.E. Newell and Larry Nash and Miss Hazel Howard, all of Borger.

The program will be "Education Beyond High School--How Much and for What Purpose?" Leaders will be Mrs. Randell Skinner of Phillips, and Mrs. Larry Locke and Mrs. C.O. Walling of Borger.

AAUW members receive award-winning Publications from National Headquarters, Washington, D.C. and from Texas Headquarters, Austin, Texas. Members are eligible to enroll in the AAUW Group Hospital Income Plan, to purchase books at savings through the AAUW Bookstall, and to take AAUW Travel Tours.

Membership is open to women who hold baccalaureate or higher degrees. Membership may be obtained at any time. For information contact Mrs. Emmett R. Sanders, Spearman, Texas.

Mrs. Kirkland Is Shower Honoree

Mrs. Malcolm Kirkland was honored with a baby shower on Friday, Feb. 23 from 7 to 9 at the home of Mrs. Elsie Mathews. Hostesses were Mmes. C.A. Gibner, Verna Lee Schnell and Mathews.

One serving table was used for the coffee service, the other table held a hand painted punch bowl, which had been painted by Mary Ellen's mother, the late Mrs. Ruby Barkley. Centerpiece was of pink roses and baby breath atop a pair of baby scales. Little white individual cakes, decorated with pink and blue booties were served. The shower was catered by Blackburns Flowers.

Thirty eight guests called during the receiving hours.

Mrs. Wesley (Cheri) Jarvis was honored with a baby shower February 26th in the Fellowship Hall of the First Baptist Church. Guests called between the hours of 2 and 3:30 p.m.

The serving table was laid with a white net cloth over a solid white cloth, accented with baby rattlers. The center arrangement was a yellow teddy bear holding an umbrella. Cake squares decorated with pink and blue baby booties, mints, nuts and banana punch was served by the hostesses: Mmes. Don Cates, Wilton Youngblood, Marcus Connelly, Eugene Yarbrough, Randy Moore, Curtis Harbour, Preston Graham and Boyd Dean, to the thirty five calling during the afternoon.

The honoree wore a white baby sock corsage and was as-

Mrs. Gibner Is Guild Hostess

The Arts and Craft Guild met with Mrs. Clay Gibner Feb. 23rd for their weekly meeting. The group enjoyed painting and visiting during the afternoon. The hostess served chocolate cake and coffee to Mmes. Guy Fuller, Fred Hoskins, P.A. Lyon Sr., Bruce Sheets, Ned Turner and Bill Gandy.

The next meeting will be March 2nd with Mrs. Nolan Holt as hostess.

HOW WERE DAYS OF THE WEEK NAMED?

Sunday and Monday were named by the Romans after the Sun and Moon. The Anglo-Saxons used names of their own gods that corresponded to Roman gods Mars, Mercury, Jupiter, Venus and Saturn for the rest of the week.

The Automatic Nite-Liter ... conserves electricity in daytime ... provides convenience at night.

The Nite-Liter automatically turns itself on at dusk and off at dawn ... so it can save money and energy. Then at night the mercury vapor Nite-Liter spreads light over an area up to 100 yards in diameter to help prevent personal injuries around your home, business or farm while it provides extra light for outdoor nighttime activity. The Nite-Liter discourages prowlers too. The unit will be placed on a tall wooden pole wherever you wish, completely maintained and the electricity furnished all for only \$4 per month. No investment required. Have a dependable, economical Nite-Liter installed on your property soon.

Average Tax Deduction \$2,880

Bread cast upon the waters during the past year by Hansford County residents in the form of charitable donations are now returning as blessings. So are various other expenditures made by them, such as for local and state taxes, for doctors' bills and the like. To people who are going over their financial figures, preliminary to working up their income tax returns, the outlays of yesterday are the tax deductions and are in similar income brackets being listed for charities, medical expenses and such? Answers to these questions, based upon information provided by the Internal Revenue Service, have been prepared by the Commerce Clearing House, specialist in tax law.

They show that most families in the United States that have earnings of the size reported by the average family living in Hansford County list deductions of \$2,880, equal to 17% of their income.

In general, it is found, it ranges from 16 to 25% of adjusted gross income. The percentage is higher among

those in the lower brackets and lower for those in the large incomes.

Local families with an income of \$7,000 to \$8,000, for example, would have a deduction of 23% if they conformed to the average, whereas those at the \$15,000 to \$20,000 level would be taking 17%.

Nationally, for those with earnings equal to the average prevailing in Hansford County, the amount normally listed for charitable deductions is \$415, for interest paid on loans and installment debt, \$966, for local and state taxes, \$1,174, and for medical and dental costs, \$325.

If a family's deductions run higher than those taken by most others, it does not mean that they will be disallowed. Nor does conforming mean that they will be automatically approved, it is pointed out.

The IRS requires that all items listed as deductions be properly documented and that records be available to back up the claims.

Championship Pull Planned For Farm Show

The Southwest Farm Show, which will be held in Fort Worth March 9-10-11, 1973, will again host the Southwest Championship Tractor Pull.

Three big nights of tractor pulls have been planned in the Arena of the Tarrant County Convention Center in downtown Fort Worth. Entries are expected from all over the nation during this National Tractor Pullers Association sanctioned pull.

A special feature will be a class for novice pullers each evening. Every one of the nine classes to be held will pay cash awards as well as trophies for the top three in each class.

A purse of \$15,525 is being offered for the '73 pull.

Ten places in each class will pay cash awards with the first place in the experienced puller's classes paying \$500 each. First

place in each of the three novice classes will pay \$200.

During the 1972 Pull, more than 65 entries were received from many Midwestern states. Jerry Willis, Grandview, Texas, dairy operator, was the leading entry in the novice class. Mr. Willis has pulled just this past summer in Stuttgart, Arkansas and in Union City, Tennessee.

Mr. Willis plans on entering his Ford 6000 again in several classes.

Special contingency cash prizes of \$25 in each class will be awarded by a National Oil Company Rules for competing for this cash prize will be announced later.

The Southwest Farm Show last year drew over 22,000 spectators who came to view the latest in farm and ranch equipment and supplies.

More than 250 manufacturers were represented in the Farm Show with more than \$5 million in equipment.

Social Security

People who don't have the medical insurance part of Medicare because they didn't enroll during the first 3 years they were eligible now have a new chance to enroll, according to Howard L. Weatherly, social security branch manager in Pampa.

"Previously," Weatherly said, "you had to sign up in an enrollment period that began within 3 years after you became eligible for the medical insurance--or within 3 years after your protection stopped because you cancelled. The 3-year deadline is eliminated by the new law."

These people, he said, now can sign up for medical insurance in any general enrollment period--January, February, and March of every year.

The basic premium is now \$5.80 a month. "But," Weatherly said, "the monthly premium increases by 10 percent every 12-month period could have been cancelled weren't it."

Under the new law, people newly eligible for care benefits and also one who reaches age 65 in June 1973 will automatically be enrolled for the medical insurance part of Medicare unless they say they don't want it.

"If they do decline the election," Weatherly said, "later decide they want to can enroll at any social security office during the first months of any year."

The medical insurance of Medicare helps pay for doctor bills and other services. It is funded by individual premiums and general revenues of the Federal Government. Medicare is administered by the Social Security Administration of the U.S. Department of Health, Education and Welfare.

INFORMATION FOR VETERANS

Free G.I. Bill entitlement for high school dropouts and marginal graduates is bringing more "educationally disadvantaged" back to classrooms, a Veterans Administration report reveals.

Jack Coker, VA Regional Office Director, disclosed today that more than 20,000 veterans were drawing "extra bonus" G.I. educational benefits by attending high school and college preparatory courses.

Veterans who have completed a tour of military service normally earn enough G.I. Bill entitlement to complete four years of college, Coker explained. Those who need extra work to qualify for college can receive extra months of G.I. Bill allowances while taking the preparatory work and still have four years of educational benefits remaining for college, he said.

Enrollment in such courses in November--normally the peak month--was up 36 percent over the 1971 mark to a total of 21,300. A total of 125,000 have used the program since it was authorized in 1967.

The 125,000 figure includes 70,000 veterans and servicemen who completed up to 11 years of schooling, and 57,000 high school graduates who lacked prerequisites for higher education.

While 125,000 educationally disadvantaged persons trained under free entitlement, another 282,000 trainees who failed to complete high school used VA education benefits to attend vocational and trade schools, or take correspondence courses and on-job training.

Veterans and servicemen are considered educationally disadvantaged, it was explained, if they were high school dropouts, or have not earned a general development equivalent certificate. High school graduates who need remedial or refresher courses to qualify for higher education also are eligible for free entitlement.

G.I. Bill allowances for educationally disadvantaged trainees and college students are the same. The rate is \$220 per month for single full-time trainees, with proportionately higher rates for trainees with dependents. However, free entitlement training is not charged against education benefits earned in military service.

Veterans and servicemen earn education benefits after at least 181 days on active duty, any part of it after January 31, 1955. Veterans discharged because of service-connected injuries are eligible, regardless of length of service.

Veterans should contact the nearest VA office, veterans county service officer, or representatives of local veterans service organizations, Coker said. Servicemen interested in education benefits including the high school entitlement should contact base education officers.
