State Employees, Old Age Assistance, and Liquor Board.

The number of State employees during the year ending Aug 31, 1935, can be estimated, a approximately 21,500. The increased number of these employees during the last few years has been caused, in the main, by the creation of new boards and commissions. To illustrate how rapidly the increase has been we mention the Old Age Assistance Commission and the Liquor Board, both created since Aug. 31, 1935. (We are indebted to Hpn. Charley Lockhart, State Treasurer, for the following information relative to the Old Age Assistance Commission and the Liquor Board, except the number of employees, was furnished by the Comptroller's office.)

The number of employees according to the March, 1936 pay roll, of the Old Age Assistance Commission was 635. Amount of salaries paid to April 1, 1936, \$78,537, traveling expenses, \$937, rents, \$934, office furniture, supplies and postage, \$15,225, and the balance with which to pay Old Age Assistance that has been allocated to allocated to April 1, 1935, was \$142,080. The Old Age Assistance law became effective February 14, 1936 and its only source of income is from the Liquor Law that became effective November, 1935.

The number of employees, according to the March 1936 pay roll, of the Liquor Board, was 187. Salaries paid to April 1, 1936, \$68,597, traveling expense, telegraph, telephone, stamps and P. O. box rent, \$35,448, rents \$743, office furniture and supplies, \$5,850. Receipts up to April 1, 1935, \$1,273, 781, with an additional suspense account of \$574,314, making a total of \$1,848,095 collected. After deducting the amount set aside for expenses, (\$38,640) and allocating the liquor fund as provided by law there should be \$377,827 in the Old Age Fund when that fund as properly allocated by the Old Age Assistance Commission. The cost of both departments has exceeded 11 per cent of the liquor tax receipts and this cost will materially increase under the two pretentious setups as future receipts, will likely fall of considerably. The analysis are made from figures from the State Treasurer's office.

These two Boards were created during the present fiscal year and illustrates very forcibly the rapid increase of the cost of government. Such laws should be written so their enforcement could be by local people in the county and save hundreds of dollars that should

go to the old people. Because some person is sent from Austin to some other part of Texas is no evidence that he is more capable of enforcing this character of law than many local people. —Texas Tax Journal.

Bennett Asks for Second Term As Treasurer.

County Candidate

O. M. BENNETT

O. M. Bennett, now serving the second and concluding year of his first year as County Treasurer, has announced for re-election to that post with no opposition in the field so far. Mr. Bennett, who was born and educated in Johnson County, in the vicinity of Grandview, has been a San Angelo resident for 37 years. During the first 20 years here he was occupied in the grocery business and later he was engaged in real estate

business before being elected county treasurer over a field of seven candidates. The County Treasurer issued the following statement in regard to his candidacy for re-election to the post he now holds: "In announcing myself a candidate for re-election for a second term to the office of County Treasurer of Tom Green County, I want to thank the people as a whole for their most loyal support in my first election. From most every voting box in the county I received a most loyal support, and I fail to find words so express to you my appreciation.

"My work the past year as your County Treasurer has indeed been pleasant. I really enjoy the task and the associations with other county officials. The co-operation I have received from the county auditor and the assistants has been pleasant and helpful.

"It will be my aim to try to see as many voters personally as possible before the primaries, but duties of my office will hinder me some in that respect, so if I should fail to see you, I am asking for your continued support.

"During the last year I have stayed on the job and have tried to serve the people of Tom Green County with courtesy and efficiency, and if I am re-elected, I promise the same service. It is my hope and desire to have the privilege of serving the people of Tom Green County for a second term."

Preserving Canadian Fish

In compliance with the new Canadian regulations, American fishermen must now obtain licenses, and in so doing limiting the day's catch to eight black bass to a fisherman will be enforced. In the Bay of Quinte, Ontario, a small cruiser is doing duty in enforcing the laws. It said that some yachts in past seasons took from 60 to 100 bass in a day.

Railroad Service in Holland.

of the railroad in Holland E. V. Lucas writes: "The trains come in to the minute and go out to the minute. The officials are intelligent and polite. The carriages are good. Every station has its waiting room, where you may sit and read and drink a cup of coffee that is not only hot and fresh but is recognizably the product of the berry. It is impossible to travel in the wrong way."

On Texas Farms.

Soil erosion in Texas is serious, and soil conservation an urgent necessity. M. R. Bentley Extension agricultural engineer insists.

"Several thousands of acres of land were practically ruined for cropping purposes by erosion, and many thousands more seriously depleted before soil conservation work was really started in Texas", Bentley says.

Conservation work by means of terracing started in Texas on the eastern side, but in a very limited way, some 50 years ago. It was about 1914, before any considerable acreage was terraced. During 1916 about 55,000 acres were terraced. And during the last 10 years, from a half to three-fourths of a million acres have been protected with terraces each year.

From this it will be seen that there is a considerable momentum in Texas for soil conservation work to be undertaken under the new agricultural program.

As soil conservation work spread in West Texas it was found that the running of the lister furrows and the subsequent crop rows on the contour gave good results as a soil conservation measure, at least temporarily. Now, in Eastern Texas thousands of acres of row crops are planted on contour line in order to conserve the rainfall and soil.

Some terracing has been done in 220 of the 264 counties of the State, according to Bentley. The total for the last 20 years runs to about 9,000,000 acres. Checking out possible duplications due to the need of re-terracing considerable acreage, Bentley estimates conservatively that some 7,000,000 acres are either terraced or contoured or both at this time.

Mrs. Mack Van Court entertained her bridge club Wednesday at the home of her mother, Mrs. Pradie Hannum. The prize for high score for members went to Mrs. Lee Atkins and for guest to Ilaree Kennedy.

Refreshments were served to the following members: Mesdames Lee Atkins, Don McKenzie, Lee Crow, E. C. Wilson, Joe Kemp, Gene Jones, Bud Hall; Misses Ethel Williams, Sophia Petch; guests Misses Bill Harris, Ilaree Kennedy, and Mrs. Clifford Van Court of San Angelo.

An old lady approached a postmaster and said: "I've been expecting a package of medicine for a week and it hasn't come yet."

"For a week back?" asked the postmaster. "What do you take take for it?"

"I have a weak back myself," "I'm not interested in your back," replied the lady. "What want is my package of medicine."

"Very well," said the postmaster, "please fill out this form and state the nature of your complaint."

"Well," said the irate woman "if you really must know, it's gas on my stomach."

Travel Texas, Know Your State during

CENTENNIAL YEAR

Centennial year is travel year in Texas.

An opportunity for every Texan to know his own state; its scenic beauties, historical background and amazing resources!

The month of April is especially eventful. Houston, San Antonio, El Paso, Fort Worth, Victoria and other communities invite you to interesting historical celebrations; observances that will be cherished and long remembered by patriotic Texans.

Make your plans to attend these celebrations and other observances to be held throughout the year. Pack the family into the car, go by train or bus—really SEE Texas. You'll find Texas offers every vacation pleasure—and it's all right here in your own state.

See the calendar at the right. Write the Chamber of Commerce at the various cities for detailed information on events you are interested in.

A teacher with a record of long years of service in the grade schools was driving her car when a traffic cop raised his arms in vain to stop her progress. By means of repeated blasts on his whistle he finally halted her a half block from the scene of her misdemeanor.

Don't you know, he inquired politely but severely, what it means when I raise my hand? I ought to, she answered. I've taught school long enough.

Trust Institutions

A directory of trust institutions published by the Trust Division, American Bankers Association, lists 2,353 institutions having aggregate capital funds of \$4,416,000,000 and total resources of \$35,443,000,000. It shows a total of 6,949 men and women engaged in this phase of bank work. The trust institutions comprise 1,356 state-chartered trust companies and banks and 1,497 national banks with trust departments located in 1,684 cities and towns.

OF INTEREST TO THE HOUSEWIFE

Tomatoes will keep for three or four days in a mechanical refrigerator if placed stems down in a shallow pan.

If your floors are worn and will not hold wax, try touching up the worn places with white shellac and then wax. The floors will be much improved by this treatment.

If the pan in which chocolate is melted is lightly buttered, it will pour more easily.

House plants will have to be watered more often now than they were during early winter months. A warmer temperature and brighter sunshine will dry the pots out much more rapidly.

Grated orange rind and two teaspoonfuls of orange juice added to fudge while cooking gives it a delicious flavor.

String and butter beans will cook more quickly if salt is not added to the water in which they are boiled until a few minutes before removing from the fire.

CONSTIPATED 30 YEARS

"For thirty years I had chronic constipation. Sometimes I did not go for four or five days. I also had awful gas bloating, headaches and pain in the back. Adierka helped right away. Now I eat sausage, bananas, pie, anything I want and never feel better. I sleep soundly all night and enjoy life."—Mrs. Mabel Schott.

If you are suffering from constipation, sleeplessness, sour stomach, and gas bloating, there is quick relief for you in Adierka. Many report action in 30 minutes after taking just one dose. Adierka gives complete action, cleaning your bowel tract where ordinary laxatives do not even reach.

Dr. H. L. Shoub, New York, reports: "In addition to intestinal cleansing, Adierka checks the growth of intestinal bacteria and colon bacilli."

Give your stomach and bowels a real cleansing with Adierka and see how good you feel. Just one spoonful relieves GAS and chronic constipation. Sold by all druggists and drug departments.

No Need to Suffer "Morning Sickness"

"Morning sickness"—is caused by an acid condition. To avoid it, acid must be offset by alkalis—such as magnesia.

Why Physicians Recommend **Milnesia Wafers**

These mint-flavored, candy-like wafers are pure milk of magnesia in solid form—the most pleasant way to take it. Each wafer is approximately equal to a full adult dose of liquid milk of magnesia. Chewed thoroughly, then swallowed, they correct acidity in the mouth and throughout the digestive system and insure quick, complete elimination of the waste matters that cause gas, headaches, bloated feelings and a dozen other discomforts.

New Housing Program of the Administration

FEDERAL money totaling \$976,000,000 will be spent in the next four years on low-cost rent and slum clearance construction projects, provided the administration's housing bill, introduced by Senator Robert F. Wagner of New York, is passed by congress. Mr. Wagner hopes it will be put through during the present session.

Sen. Wagner

The measure is a compromise of the many proposals made by the various relief and housing agencies of the New Deal and was drafted after a series of conferences with President Roosevelt. It would create another bureau, with five directors, including the secretary of the Interior in his ex officio capacity, receiving \$10,000 salaries. The authority could employ officers, agents, counsel and other personnel without limitation as to number or compensation and without regard for the civil service laws. This authority would supplant the existing housing division of the Public Works administration.

Only \$51,000,000 would be appropriated for the present, of which \$1,000,000 would be used for the purchase of the authority's capital stock, but the bill authorizes appropriations of \$75,000,000 for the fiscal year 1938, \$100,000,000 for 1939, and \$100,000,000 for 1940. In addition to these authorizations, the authority could borrow \$100,000,000 from the Reconstruction Finance corporation, and sell notes or bonds, fully guaranteed by the government as to principal and interest, up to \$100,000,000 for the fiscal year 1937 and \$150,000,000 for each of the succeeding three years. This brings the grand total to \$976,000,000.

The authority would be empowered to make grants not to exceed 45 per cent of the total cost and loans for the remainder to any public housing agency for the acquisition of land and the construction of "low-rent" housing projects. The loans would be repayable over a period not to exceed 60 years, at such rates of interest as the authority decreed. In addition to the loans and grants, the authority could develop and administer so-called demonstration projects, which "as soon as practicable" would be sold to public housing agencies.

Senate Begins Impeachment Trial of Judge Ritter

RESOLVING itself into a court, the senate began the impeachment trial of Federal Judge Halsted L. Ritter of Florida—the twelfth such case in 137 years. It was believed the trial would last at least one week. The defendant was represented by Carl T. Hoffman of Miami and Frank R. Walsh of Washington and New York. The prosecution was in charge of Representatives Summers of Texas, Hobbs of Alabama and Perkins of New Jersey.

Originally approximately 60 witnesses were summoned for the trial, but 29 were excused because of withdrawal by the prosecution of two specifications in article seven charging Judge Ritter acted improperly in electric rate and banking proceedings. Judge Ritter is charged in seven impeachment articles voted by the house with allowing A. L. Rankin, a former law partner, exorbitant receivership fees, with "corruptly" receiving \$4,500 from Rankin, with violating the judicial code in practicing law while on the bench, and with evasion of taxes on part of his 1929 and 1930 incomes.

Wallace Reports Some Big AAA Payments

DUE to the insistence of Senator Vandenberg for publicity on large AAA benefit payments, Secretary Wallace has begun telling about them. He made a partial report, withholding the names of recipients with three exceptions. This revealed that the largest cotton rental benefit payment, \$123,747 for 1934, went to a Mississippi company headed by Oscar Johnston, an AAA official. Among the largest cotton payment recipients in 1933 were the Mississippi state penitentiary, which received \$43,200 for controlling production on its cotton acreage, and \$25,500 to the Arkansas state prison.

Among other large payments reported under various crop control programs were: Sugar—\$961,064 to a Puerto Rican corporation; \$800,000 to a Hawaiian

producer; \$92,237 to a California beet sugar producer; \$65,505 to a Colorado beet sugar grower.

Corn-hogs—\$150,000 to the "largest hog farm in the world," located in California; \$49,194 to a farming company in New Jersey; \$19,098 to a Massachusetts producer.

Wheat—\$29,368 to a California farming concern for the second 1934 and first 1935 periods; \$26,022 to the "operator of a number of farms" in Washington state; \$23,845 to a California bank, owner of a large wheat acreage; \$22,325 to a "large Montana farmer."

Cotton—\$115,700 in 1934 to an Arkansas concern; \$80,000 the same year to another Arkansas company.

Tobacco—\$41,454 to a Florida concern; \$20,430 to a Connecticut producer; \$16,843 to a South Carolina grower; \$15,450 to a Kentucky grower.

Supreme Court Hits at Arbitrary Power

IN A decision concerning a specific action of the Securities Exchange commission the United States Supreme court ruled against the SEC, and in its pronouncement it uttered a significant warning against the exercise of arbitrary power by governmental agencies. Especially censured were the "fishing excursions," often undertaken by commissions and congressional committees. Said the court:

"The philosophy that constitutional limitations and legal restraints upon official action may be brushed aside upon the plea that good, perchance, may follow, finds no countenance in the American system of government. An investigation not based upon specified grounds is quite as objectionable as a search warrant not based upon specific statements of fact.

"Such an investigation, or such a search, is unlawful in its inception and cannot be made lawful by what it may bring, or by what it actually succeeds in bringing to light."

The decision was concurred in by six justices; a dissenting opinion handed down by Justices Cardozo, Brandeis and Stone, agreed with the warning of the abuse of power, but contended that the act of the SEC, held unlawful by the majority, was a legal and just means of stamping out frauds in security sales.

Tornadoes in the South Kill Scores of Persons

TORNADOES tore across Mississippi, Alabama, Georgia, Arkansas, and Tennessee, leaving death and destruction in their wake. About 400 persons were killed and hundreds of others injured, and the property losses ran up into the millions. The little city of Tupelo, Miss., suffered the most, with nearly 200 on the death list and more than a hundred homes smashed into kindling wood.

A few hours later another tornado struck Gainesville, Ga., and in three minutes had nearly ruined the business section of the town and killed more than 150 persons. In fires that followed the storm the bodies of many victims were burned beyond recognition.

The mining communities near Columbia, Tenn., to the north and east of Tupelo, counted seven dead. Red Bay, eastward in Alabama, lost five lives to the merciless wind. Near-by Booneville, Miss., had four killed and Batesville, Ark., suffered one death.

The tornadoes struck while the southeast was reaching a final total on storms which smashed through that region a few days before, causing 43 deaths in Georgia, the Carolinas, Alabama and Florida.

Lowden May Be Keynote for the Republicans

LEADERS of both major parties are perfecting the arrangements for the national conventions and picking out the chief orators for those occasions. The Republicans have tentatively selected Frank O. Lowden, former governor of Illinois, as temporary chairman and keynote of the gathering in Cleveland. If this choice stands it is presumed the permanent chairman will be an Easterner, possibly Walter Edge of New Jersey, former ambassador and senator.

Some Western governor is wanted by the Democrats as their keynote and the honor may be given to Paul V. McNutt of Indiana, C. Ben Ross of Idaho or Clyde C. Herring of Iowa. For permanent chairman at Philadelphia Senator Robinson of Arkansas is likely to be picked. The speech putting President Roosevelt in nomination for a second term may be delivered by Senator Wagner of New York.

New York Republicans of the Old Guard persuasion scored a decisive victory over Senator Borah in the primaries, and the Empire state delegation to Cleveland will be unpledged to any candidate. The triumph of the conservatives was complete.

HOW CARDUI HELPS MONTH AFTER MONTH

Where there have been severe pains every month from functional disturbances resulting from poor nourishment, Cardui has helped thousands of women to obtain relief. "I suffered a great deal with pain in my side and a weakness in my back," writes Mrs. Walter Page, of Evansville, Ind.

"Each month I would suffer all over and would have to go to bed. One of my neighbors told me how Cardui helped her, so I took it and it helped me. After taking eight bottles, I was better. I surely can recommend Cardui for weakness and pain."

Of course, if Cardui does not benefit YOU, consult a physician.

Tobacco Chewing Is Listed Among Ways to Start a Fire

Everybody knows that smokers often contribute to fire hazards, but now, under certain circumstances, tobacco chewers are in the same category. At a recent safety conference it was shown how the bleaching room of a textile factory is no place to chew in.

The insurance engineers sprinkled sawdust on a table on which was spilled a small quantity of bleach containing sodium peroxide. Tobacco juice on this combination caused a burst of flame.

A GREAT CONTRIBUTION TO EASIER, FASTER, MORE ECONOMICAL FARMING

Guarantee—This heavy, Super-Traction tread is guaranteed not to loosen from the tire body under any conditions, and all other parts of the tire are fully guaranteed to give satisfaction.

THREE years ago Harvey S. Firestone conceived the idea that farm work would be easier, faster, and more economical if it were done on rubber.

It was on the Old Homestead farm in Columbiana County, Ohio, which Mr. Firestone still operates, that he directed engineers and developed a practical pneumatic tire for tractors and every other wheeled implement on the farm. The result was a super-traction tire so unusual in design and so amazing in performance that a patent was issued on the tire by the United States Patent Office at Washington.

On tractors, Firestone Ground Grip Tires will do the work 25 per cent faster with a saving of 25 per cent in fuel cost. On sprayers, combines, binders and other farm implements they reduce draft 40 to 50 per cent; do not pack the soil, sink into soft ground or make ruts; protect equipment; do not damage crops and vines; speed up every farm operation.

One set of tires will fit several implements. Tires can be changed quickly from one implement to another. Two or three sets are all you need to take care of practically all your farm implements.

See the Firestone Tire Dealer, implement dealer or Firestone Auto Supply and Service Store today—and in placing your order for new equipment, be sure to specify Firestone Ground Grip Tires on your new tractor or farm implement.

Remedy for Acid Condition Is Matter of Careful Dieting

Foods Which Spur the Gastric Flow Should Be Avoided.

"As I am suffering with hyperacidity of the stomach, I would appreciate a list of foods which are antacid. Also what fruits and vegetables contain vitamin C, as I cannot drink orange juice, nor eat raw fruits or vegetables," so writes a reader. A well-known food expert has the answers.

Hyperacidity is often caused, not by an oversecretion of hydrochloric acid in the stomach, but by slow passage of food through the stomach. In this case the natural acid becomes concentrated and the result is irritation in the lining of the stomach. Acid foods and foods which stimulate the flow of the gastric juice must be avoided. For this reason the diet must be low in meat and condiments. Sweets are irritating and alcohol must be avoided. Foods with a large amount of fiber such as whole cereals and raw vegetables cannot be well taken.

Vitamin C Important.

It is possible, however, to get plenty of vitamin C in the diet through the use of cooked apples, very ripe or cooked bananas or pears, sweet cherries, grapes and vegetables of mild flavor such as potatoes, peas, squash and carrots. Some persons can take a puree of spinach, but others find it irritating because of the oxalic acid which it contains. Some people are able to take the juice of very sweet oranges.

Because digestion is slow and because roughage cannot be taken in the form of raw fruits and vegetables, mineral oil or agar is usually recommended in order to hasten the passage of food through the stomach. Water, which stimulates the flow of acid, should be used in moderation at meal time and taken frequently in small amounts between meals. Mild cheese, eggs, fish and chicken in small servings, and milk, cooked, refined cereals, besides the foods already mentioned, may be used. In very severe cases a milk and cream diet is sometimes given for a short time. Cream as well as other fats inhibits the flow of acid. Cream soups of mild flavor are usually used often because of their fat and milk content as well as for the sake of variation in a diet which must be limited.

Cream Soups.

General recipe for cream soups: 1/2 cup thin white sauce 1/4 to 2 cups vegetable pulp Reasoning to taste

Cook the vegetables until they are tender. Rub through a sieve and add the pulp to the white sauce.

STAR DUST

ARMIDA, the fascinating little Mexican girl who has made a name for herself on the screen, the stage and the air (at present she's heard from coast to coast on the "Paris Night Life" program), recently returned from Hollywood to New York with a lot of information about the radio programs which screen stars like best. She'd been making shorts in the movie center, but she checked up on the broadcasts between times.

She found that Charlie Chaplin doesn't listen to the radio comedians; he likes the broadcasts of symphony concerts, and the songs of Lawrence Tibbett, John Charles Thomas and Nino Martini. Bing Crosby likes to hear Dick Powell sing; he and Jessica Dragonette, Joan Crawford will take dance music every time. And Claudette Colbert, Ginger Rogers and Fred Astaire rarely fail to listen to Major Bowes' amature hour.

STAR DUST

Movie • Radio

By VIRGINIA VALE

She found that Charlie Chaplin doesn't listen to the radio comedians; he likes the broadcasts of symphony concerts, and the songs of Lawrence Tibbett, John Charles Thomas and Nino Martini. Bing Crosby likes to hear Dick Powell sing; he and Jessica Dragonette, Joan Crawford will take dance music every time. And Claudette Colbert, Ginger Rogers and Fred Astaire rarely fail to listen to Major Bowes' amature hour.

Marlene Dietrich got what she wanted again. After fussing with Paramount over "I Loved a Soldier," and announcing that she'd go to Europe as fast as she could get there, to make a picture, she stayed in Hollywood, did some effective talking, and landed the role of leading lady in "The Garden of Allah," which Merle Oberon was supposed to make. Which means that now there's even less love lost between the two. Miss Oberon probably will do "Dark Victory" now.

Doris Dudley, whom you'll see before long in an R K O picture, believes that you've got to be goofy if you're going to get along either on the stage or on the screen. As she's a remarkably clever actress, (though she has had very little experience) she is likely to become one of our most important movie stars—so don't miss her first appearance on the screen if you like to be in on film history.

Ann Southern had a grand time in New York, where she once appeared in musical comedy as Harriet Lake. Like all new arrivals from Hollywood, the one play she wanted to see was "Queen Victoria," Helen Hayes' current success. And like all the others, she left cheering.

She is so pretty that people turn on the street to stare at her; they don't recognize her, as a rule, but she has no illusions about her own greatness so that doesn't bother her—and unlike some of her co-workers, she doesn't go in for dark glasses and other similar invitations to be recognized as a celebrity.

Fred MacMurray seems to be the fair haired boy on the Paramount lot these days—perhaps because Gary Cooper seems inclined to sign with Samuel Goldwyn when his present contract expires. Fred has a new seven-year contract, and is slated to make three pictures that were originally intended for the iconic Mr. Cooper.

Jean Parker's marriage startled a lot of people; she was honeymooning with her bridegroom, a young newspaper man, before most people realized that she knew him. If you want to congratulate her, address her as Mrs. George E. MacDonald.

They have four pictures lined up for Eleanor Powell when she feels well enough to begin work again, and how she dreads them! She feels that she gave everything she had in her first one, and doesn't see what she can do now that will interest those of us who sit out front.

Frank Parker, whom you've heard on the air in any number of programs, is said to receive more proposals than any other radio star. He claims that they're attracted to him by his romantic tenor voice, or by his personality, but by his salary; it runs into four figures each week.

ODDS AND ENDS . . . Dolores Del Rio is on her way to England to make a picture for Douglas Fairbanks, Jr. . . . Grace Moore also sailed, still talking about having to work with a cone in her latest picture . . . Walt Disney is still searching for amateur artists whom he can train to work for him . . . Stoopnagle and Budd will take Fred Allen's place on the air this summer . . . If you like "The Ghost Goes West" you're in good company; Ex-King Alfonso of Spain saw it in Paris, and liked it, too . . . Harold Lloyd is a bowling enthusiast . . . And his "The Milky Way" is one of the funniest pictures he ever made.

Monkey Is Able to Reason, Says New York Scientist

Can monkeys reason? Without taking sides in the man-monkey hypothesis, Dr. Raymond L. Dittmars, curator of reptiles and mammals at the New York Zoological park, offers this story in "Strange Animals I Have Known" about a small ring-tailed monkey from South America who shared a cage with a young Brazilian wild dog and a coat, which is a cousin of the raccoon:

An old lady visitor to the Bronx zoo used to feed the trio lumps of sugar daily. The wild dog and the coat, with their strong teeth, could eat a lump three times as fast as the monkey. In this way they got by far the largest share of the sugar.

The monkey got mad. But before long and by his own quick wits, he solved the problem. He dipped his sugar lump in the water trough, then swallowed it with a few sharp smacks of his tongue, and was back at the wire asking for more long before his two rivals had been able to do their dry morsels!

Married Women Know Constipation Danger

After childbirth, women often suffer with constipation. That is why Feet-a-mint, the delightful chewing gum laxative, is so ideal. As soon as you start chewing it, the stomach-settling mint brings a clean, fresh taste to the mouth. As you chew out the laxative ingredient, which is absolutely tasteless, the flow of digestive juices is increased. The laxative is mixed with them and carried into the system evenly and gently. Without causing upset, it passes through the stomach and into the bowels so scientifically that your action is wonderfully easy and thorough. Doctors prescribe Feet-a-mint's laxative ingredient for both children and adults. It is non-habit-forming. Sold on money-back guarantee. Generous family size package 15c and 25c.

W. B. Holland of Ballinger, surprised us Saturday with a call, and as we had not seen him in 24 years, we recognized him on sight. Mr. Holland is the originator and manufacturer of "Gets 'Em," a screw worm killer, smear repeller and powder repeller that is becoming very popular with West Texas ranchmen. He has a number of testimonials from users of it.

Mr. Holland in 1911-1912, was pastor of the Baptist church here, and at one of his revivals here about 35 people were converted—more than double that of any revival held here since. We are glad to know that our old friend is improved in health and that he expects to attend the reunion of the Tom Green County Old Settlers' Association which meets here the last Friday in July.

Jack Frost in Christoval.

Jack Frost, the 240-poin representative of Waples Platter Co. of Texas, and who has seen 33 years service with the firm, was here last Saturday and made the Observer his annual social call. He says his factory packs 35 staple groceries in 50 packages and the capacity of the canning plant on Birch Style Bears alone is 63,000 cans daily.

This is Centennial year—and Texas is 100 years old—Waples Platter has been serving the people of Texas 64 years of that 100 years. "What Texas Makes Texas," is a good slogan for all Texans have on their mind this year.

JUNIOR PLAY.

Mr. Nail was in charge of the program Tuesday April 14, in assembly. The Juniors presented a play entitled "Chiselers Three." The characters were the Chiselers—Flora, Clarice Atkins; Jane, Jayne Axtell; and Sue—Geneva Scarborough; the Victorian Mrs. Frances Lehmann; the Negro Maid, Beatrice Crawford; Prince Wasko, Scott Shirley; and his valet, Hollis Deats.

SENIOR PLAY

The Seniors have started to work on the play "Truth Takes a Holiday." They are hoping to finish it in about four weeks. Those appearing in the play are Aierne Wallace, Victor Parlarick, Ollie Dell Epps, Louis Deats, Johnnie V. Murray, Harry Cagle and Dorothy Barbarick.

DISTRICT MEET

The District Meet was held Friday and Saturday, April 10 and 11. Christoval was represented by Johnnie V. Murray, Clarice Atkins, and Calvin Quain. Johnnie V. played tennis Friday at the San Angelo High School. (She won from the Barnhart girl, but lost to London.

Clarice declaimed, but did not place. Calvin won first place.

NEW STAGE SCENERY

The Brown Scenic Studio of Dallas has been putting in some new scenery for the school the past week. The school wishes to thank the P.T.A. and the School Board for it.

WINS IN DISTRICT MEET

Calvin Quain, our Junior declaimer, from Grammar School, won first place at the District Meet in San Angelo Saturday, April 11. We all rejoice with you, Calvin, in being able to represent the Christoval school and Tom Green county so well in competition with our neighboring city schools and counties. We are proud of our medal and a

that it stands for and with a victory there we are backing you against the whole State of Texas at the State capital May 1. Good luck!

PICNICS

As the school did not get a holiday April 1, picnics were given Friday the 10th. The 1st, 2nd 3rd and 4th grades with Mrs. Crow's smaller Expression pupils, had theirs at the County Park. After the picnic lunch, punch was served. This was followed by an Easter egg hunt. Misses Harree Kennedy and Minnie Harris assisted Mesdames Fisk, Chappie, and Mrs. Crow. Guests present were: Mesdames Gene Jones, Turnbow, McCartney, Crosswhite, Weddell and Headrick.

The 5th and 6th grades went to Mineral Wells. Their visitors were Mesdames Brooks, J. M. DeLong, Fullerton, Swart, Gholston, White and Brown.

The 7th grade, who went to Mrs. Calhoun's, had only one visitor, Mrs. McKenzie. Their diversion after lunch was baseball.

The high school went to the El Monte Park to have lunch. Their main diversion was eating, but baseball, swinging and water fights had their moments too. Herman had his picture taken.

Everyone had a very enjoyable time and plenty to eat.
