## Masonic Banquet

GIVEN BY THE MASONIC LODGE FRIDAY EVENING, DEC. 12.

One of the most interesting events of December was the banquet given by the members of Marfa Lodge No. 596 A. F. & A. M. Friday evening in the Masonic club rooms.

The occasion for this entertainment was the fortieth anniversary of the Lodge, the oldest organization in Presidio County.

The guests were the wives and lady friends of the members of Marfa Lodge, and all visiting Masons, their wives and lady friends. Covers were placed for one-hundred and sixty five. The members of the Eastern Star were in charge of the banquet. It was served by the daughters of the Masons.

The decorations were suggestive of the approaching Christmas holidays. Judge C. R. Sutton was toastmaster. The four courses were interspersed with instrumental musical numbers by the Marfa orchestra.

Deputy Grand Master of Midland, Mr. Ed R. Bryan, was the speaker of the evening. His capable address was entertaining and instructive.

Mr. P. H. Pruett (father of Ben and Chas. Pruett), assisted by twelve other men, met at 7:00 p. m., January 16th, 1884, in Fort Davis, Presidio County, and organized Fort Davis Lodge U. D. A. F. & A. M. under the authority of a letter of dispensation issued by the most Worshipful Grand Master of the Grand Lodge of the State of Texas, and bearing the date of December 15th, 1883.

El Paso Lodge No. 130 was the nearest Masonic Lodge, therefore their by-laws governed Fort Davis Lodge U. D. until they received their charter. Samuel Miller, one of the organizers of Fort Davis Lodge, rode horseback to El Paso to receive his instructions in order to teach the members at Fort Davis.

Presidio County in 1885 contained the counties of the present Presi-

dio, Brewster and Jeff Davis. There were twelve voting precincts. One in Fort Davis. No. 2 at Calors, in the house of Ruferto Hernandez. Precinct No. 3 at Marfa. Precinct No. 4 at Valentine. Precinct No. 5 at Murphysville. Precinct No. 6 at Pena Colorado. Precinct No. 7 at Haymond. Precinct No. 8 at Alamo. Precinct No. 9 at Polvo. No. 10 at Presidio. Precinct No. 11 at Ruidosa. Precinct No. 12 at Favor's ranch. Fort Davis Lodge held jurisdiction over this great scope of country and the members traveled to Lodge meetings through storm or blazing sunshine on horseback or in some horse-drawn vehicle.

The completion of the G. H. & S. A. railroad caused the little town of Marfa to prosper, and many of the citizen of Fort Davis moved to Marfa. May 20th, 1886 the first suggestion to move Fort Davis Lodge No. 596 to Marfa was made. January 1889 the dispensation to move was granted and Marfa Lodge No. 596 held its first regular meeting in due form Saturday January 9th, 1889 in Marfa.

Marfa Lodge No. 596 has grown from a babe in swaddling clothes, buffeting and conquering waves of depression, overcoming seemingly unsurmountable obstacles, until at present it is recognized as one of the thriest Lodges under the grand jurisdiction of Texas.

The membership of approximately 190 consists of the foremost citizens of our town and county, leaders in all things having for their object the upbuilding and moral advancement of the community.

The Lodge owns its ten thousand dollar home and sponsors the Masonic Club which occupies the spacious basement in which this celebration was held. One of Marfa's leading dry goods establishments occupies the ground floor, while the Lodge, together with the Royal Arch Chapter and Marfa Chapter order Eastern Star, occupies the second floor.

Among those present were: Mr. and Mrs. W. H. Colquitt, H. A. Coffield, Judge and Mrs. C. R. Sutton,

## THE DOCTOR STAYED WITH HIM

Bill Bishop, the famous deer-slayer, whose annual number number is only limited by the law, took out last Saturday on a deer hunt, several prominent citizens of El Paso, among them being Dr. Hugh Crouse, Dr. Pickett and L. A. Rosenfield. Dr. Darracott went along to act as surgeon in the event of an accident, and Bill went along to point out the game. The party succeeded in getting one very large buck. Bill says it was so old and fat that Dr. Crouse, after firing a number of shots, succeeded finally in running it down and capturing (the old fellow by his (the Doctor's) superior staying power. Bill says that he never saw nor showed before, a party of hunters as many deer as on this occasion. It was just impossible to dodge them, but that if it had not been for the Marathon activities of Dr. Crouse the party would have returned to the Pass City empty handed. Dr. Darracott rendered first aid to Dr. Crouse after the race.

## PRECIOUS AND SEMI-PRECIOUS

Through the kindness of Mr. J. H. Ritchie, who has spent his life in the study of Geology, and is one of the most prominent geologists in this section of the country, the Alpine Chamber of Commerce of Commerce is privileged for a short time, to display the Ritchie collection of semi-precious stones.

All of the stones displayed are native Brewster County stones, and it has taken a number of years to collect the large and valuable collection. In this collection are found the Carnelian, Moss Agate, Opal, Mexican Diamond, Amethyst, Ruby, near Diamond, Agate, and many other valuable stones—all in their rough state. Many of these stones have been sent to Tiffany, New York, and other jewelers, for analysis, and several have been cut and mounted and are said to be very high grade.—Alpine Avalanche.

## "LETTERS OF GOLD"

"The local home paper is the  
small town's greatest asset. No  
town should fail to appreciate  
its local paper to the extent of  
a liberal patronage."—Henry  
Ford.

During the mesozoic age there lived  
and ruled a horrible race of mon-  
sters, and later, there roamed over  
the wilderness the fierce sabre tooth

tiger and other ruthless destroyers.  
All these monsters of the primeval  
world hunted and fought alone. Fi-  
nally the gregarious animals came.  
True at times they fought among  
themselves, but they learned that in  
union there is strength.

Man does not, nor should he, live  
for himself alone. He is a part of  
the community and as the whole  
prosper, each will do well in his  
turn. The interests, therefore, are  
reciprocal.

There lived once upon a time in  
the neighborhood of our little city,  
a man of parts, who to a great ex-  
tent, patronized a certain mail or-  
der house in Chicago—there were  
then no branch houses in Texas.  
After awhile he became a merchant,  
and then he did not like the idea  
of those in the community, because  
a pair of pants or a cake of soap  
was cheaper in Chicago, Dallas or  
New Orleans, to send off after  
things.

Later, there lived in the city, a  
merchant who made from 25% to  
100% on his goods, who did not be-  
lieve in supporting other enterpris-  
es—enterprises that ever work to  
the interest of the city—that is, if  
he could, by sending off, save a few  
cents. Live and let live was not  
his way of doing business. Suppose  
every citizen, actuated with a de-  
sire to purchase in the cheapest  
market should combine and every  
time anything was wanted, send off  
to a foreign market. What would  
happen if the stores of our mer-  
chant should be closed? Sometimes  
one is not entirely selfish, but sim-  
ply fail to THINK!

of Jordan Hotel lobby. We are

## A WEEKLY PANORAMA OF EVENTS IN THE NATION- AL CAPITAL.

(By Peter Keegan.)

Not even the election caused as  
much stir in Washington as Presi-  
dent Coolidge's trip to Chicago as  
an ordinary passenger in an ordi-  
nary Pullman car on a train follow-  
ing the regular schedule. There are  
many who agree with the President  
in feeling that his was a wise econ-  
omy and a valuable lesson to the  
whole country, while others main-  
tain that it was undignified for the  
President to travel except in a pri-  
vate car, and that the country ex-  
pects its Chief Executive to do  
things a little more elaborately than  
the ordinary citizen. The President  
is well pleased, however, with his  
experiments in reducing the expen-  
se of his office and there are in-  
dications that part of the \$25,000 al-  
located to him for traveling expen-  
ses will be turned back to the treas-  
ury. Mr. Coolidge is just as ready  
to practice economy as he is to  
preach it.

The Supreme Court will be pre-  
sented with a real tangle when it  
comes to rule in the cases involv-  
ing the publication of income tax re-  
turns. The Government has ob-  
tained indictments in New York,  
Baltimore and Kansas City against  
newspapers which published the re-  
turns, alleging that they have vio-  
lated the law, while, at the same  
time, the Treasury is maintaining in  
the District of Columbia courts,  
that it has the right to make re-  
turns public and that the Constitu-  
tion is not thereby violated. It is  
obvious that the Government cannot  
be right in both cases, but it's up  
to the Supreme Court to determine  
which position is tenable. In the  
meantime, Congress has under con-  
sideration a recommendation from  
the President to repeal the public-  
ity provision of the 1924 revenue  
law.

All the talk during the presiden-  
tial campaign of a possible dead-  
lock in the electoral college has re-  
sulted in a proposed legislation pro-  
viding for presidential succession in  
the event that an inaugural day  
should come around without a duly  
qualified occupant of the White  
House. The present law only pro-  
vides for succession in the event of  
the death or removal of the Presi-  
dent or Vice-President, the mem-  
bers of the Cabinet being designat-  
ed, in order of rank, to fill the Presi-  
dency.

Mrs. Mary T. Norton, who will  
represent New Jersey in the House  
Representatives in the next Con-  
gress will be asked to leave her hat  
in her office when she formally oc-  
cupies her seat. One of the Houses  
standing rules was shattered when  
Mrs. Norton paid her future col-  
leagues a visit the other day. She  
wore her hat on the floor of the  
House, something that has always  
been prohibited in the American  
Congress. Mrs. Norton will be the  
only woman in the 69th Congress.

## BE SURE IT IS SANITARY.

Many diseases afflicting humanity  
are caused by drinking impure milk.  
Therefore, beware of dangerous  
germs ever found in the same when  
proper sanitary precautions are not  
taken. It is most essential that all  
vessels be properly steamed before  
using, and especially the milk should  
be cooled below 60 degrees imme-  
diately after each animal is milked.  
Harmful bacteria increases 100 per  
cent every 17 minutes if not prop-  
erly handled.

## NOTICE

I have been entirely too busy to  
get everything ready to hold my  
exhibit as I wished to do, but how-  
ever, as late as it is, I am going to  
do my best to open by the 15th of  
December.

While I will have a great many  
pictures of my own, I will also have  
the Prize Winning Photos of the  
Photographers Association of Amer-  
ica.

I will also have the exhibit of the  
National Commercial Association  
here and am only waiting for this  
exhibit to reach here from San  
Francisco, Calif., where it is now  
being exhibited.

While the expense is considerable  
to get these pictures here, they will  
not cost you one penny. Everyone  
is invited to see them, and the edu-  
cational feature alone is worth a  
whole lot to anyone.

There will be a great many of my  
photos for sale, and as the dealers  
in this section have been reluctant  
to stock my pictures for sale to the  
public, I am going to give the pub-  
lic the benefit of the discount while  
the exhibit lasts.

Photos of all sizes from eight by  
ten inches to mammoth ones six  
feet long will all go at a discount,  
and remember what better gifts  
could you send your relatives and  
friends than some of these beautiful  
photos.

Thanking you for the wonderful  
patronage you have bestowed upon  
me this year, I wish you one and  
all a Merry Christmas and a happy  
New Year.

Having to make over one hundred enlargements in the last week for out-of-town trade, besides trying to make up work for the exhibit, has about worked me down. However, I am going to be able to show you a variety of work different from last year. I have the two big exhibits of the combined National Association to show you. And each day of the Exhibit will have something new in my exhibit. Come and bring your friends. Make any criticism you wish; it is welcome. I learn thereby. You can come, look and learn too. It is Photo Chautauqua and will not cost you one cent to see. If you don't come, then next year I will know enough to sell tickets for \$3 admission. But I am willing to wait and learn.

Held in the south part of Murphy-Walker building, same as last year. Open from 1 p. m. until 6 p. m. each day.

FRANK DUNCAN.

### MARFA III COMMEMDED

Austin, Texas, November 21, 1924.

Supt. J. E. Gregg:—  
The work of classifying and accrediting the public schools of Texas is under the direction of the State Committee composed of six members chosen by the public schools and six by the colleges. This committee determines the conditions upon which the high schools are classified and accredited for the purpose of establishing educational standards, encouraging schools to attain these standards, and certifying those that have attained them so as to facilitate the transfer of students to any other school or college.

The regulations as prescribed by this committee are administered by the State Department of Education through high school supervisors. In the visits of the supervisors and in their reports to school authorities, recommendations are offered in the spirit of co-operation and helpful suggestions, with the earnest desire that all school authorities will join with the State Department of Education in their efforts to maintain the necessary standards of education in Texas.

In order that the schools may be properly certified it is essential that the minimum requirements as outlined in Bulletin 182 be met. To that end, the supervisor who recently visited your school makes the following recommendations:

1. That the bonds be issued and work be started on a new building as speedily as possible.  
The lives of the Marfa school children are endangered by the present building with no fire escapes. Some sort of compromise should be effected so as to provide for their safety.
2. That commendation be given the policy of the board in providing a regular allowance for library expansion. The library here is unusually good.
3. That the school be commended for its excellent order and high standards of work.  
State Department of Education.  
High School Division.

We all know that we rely entirely on the Government fire department for our protection, so I respectfully call on every citizen to join in this move for the protection of our lives and property.

Respectfully submitted,  
A. M. Avant, City Marshal.

### DIRECT DESCENDENTS OF JOHN ALDEN PICTURED AT EL PASO VALLEY HOME

Four generations of the same family name, in the male line of the descent are pictured above. The photograph was taken a few days ago at Ysleta, Texas.

In the order of their ages they are, the great-grandfather, T. A. Hutchins, of Ysleta, retired; the grandfather, Chas. A. Hutchins, of Ysleta, chief clerk of the reclamation service; the father, Chas. K. Hutchins, of Wyoming, engineer of the reclamation service and his infant son, Chas. M. Hutchins.

These represent the 8th, 9th, 10th and 11th generations in direct descent from John Alden of Pilgrimage fame, made memorable in Longfellow's celebrated poem, "The Courtship of Miles Standish."

The eldest of this group, T. A. Hutchins, was born, as were all his ancestors, in the town of Duxbury, Mass., across the bay from Plymouth, which was organized by and the charter given to Standish, Alden, Elder Brewster and other prominent members of the first Mayflower colonists: the town was named after the ancestral estate of Miles Standish in England.

Chas. A. Hutchins was born in Boston, Chas. K. Hutchins in Fort Davis, Texas, and the son in Wyoming.

While this picture represents four generations now living, but seven generations separate the eldest from the Pilgrim Fathers.—El Paso Herald.

### HODGES—QUICK

Mr. L. R. Hodges and Miss Love Quick were quietly married in San Antonio on Thanksgiving evening and arrived in Junction last Friday.

Miss Quick was a member of the school faculty here some three years ago, and the marriage is a culmination of a romance that began while she was teaching here. She is the daughter of Mrs. E. B. Quick, formerly of Marfa, but now living in San Antonio and is a very talented young woman.

Fayett is a son of Mr. and Mrs. P. T. Hodges of the Gentry community and is well and favorably known throughout this section of the country, having been elected County Clerk at the last primary.

They are at home to their friends in a nice little residence in the southwest part of town, which was recently purchased and furnished.

The Eagle extends congratulations.—Junction Eagle.  
Miss Love Quick is another Marfa High school girl who has made good. The New Era joins with the Junction Eagle in extending congratulations to the young couple.
