TELEPHONE RATES WILL AGAIN BE INCREASED

BUSINESS PHONES TO BE \$4 AND RESIDENCE PHONES \$2.50 A MONTH

The Southwestern Telephone Company announces that on May 1st it will again increase its phone rates in Plainview. This time the raise will be from \$3.50 to \$4 on business phones and \$2.25 to \$2.50 on residence phones.

The company raised from \$3 to \$3.50 on business phones and \$2 to \$2.25 on residence phones on August 1st, 1918, and there was a lively fight, many people taking out their phones. It may precipitate a fight again.

Mr. Geo. H. Hill, district manager is here from Amarillo, to see after putting on the increase. He says during the year 1919 the local exchange's income was \$19,510.48, and the expense was \$20,038.39, a net loss of \$527.91, not counting any interest on the investment. The proposed increase will bring a net additional income of \$2,154 a year if no phones are taken out. The exchange proposes to increase wages of operators beginning May 1st which will amount to \$1,407 a year. At present the exchange should have a force of ten operators, but at present it has only four and a new girl just employed. They hope by increased wages to secure a full force of operators.

Mr. Williams, the local manager, has a statement published on another page.

DEMOCRATIC PRECINCT MEETINGS NEXT SATURDAY

EVERY DEMOCRAT IN HALE COUNTY SHOULD ATTEND CONVENTION

Saturday will be democratic precinct convention day, and conventions will be held in every voting precinct in Hale county. Every democrat is urged to attend his or her respective precinct convention. Both men and women who have paid poll tax or secured exemptions are eligible to take part in these primaries.

The conventions will meet at 2 o'clock, and be presided over by the chairmen selected and published in last Friday's News.

These conventions will elect one delegate for each twenty-five votes cast in the general election of 1918, to the county convention, which will meet in Plainview next Tuesday at 2 o'clock.

AN APPEAL TO THE DEMOCRATS OF HALE COUNTY

Editor News:—We, as democrats, will be called upon on Saturday, May 1st, to vindicate, ratify or repudiate everything that Wilson and the democratic party has done in the last seven years. If it were the republicans calling upon us to do this it would not be surprising, or unexpected, but for a man claiming to be a democrat, a man who has been honored by the democrats far beyond his merits or deserts, and still nominally in the party, asking us to repudiate everything the party and administration has done for the last seven years, is an exhibition of treason, disloyalty and gall beyond comprehension.

Mr. Bailey has not seen one single thing in the mighty progressive and constructive achievements of the party that meets his divine approval. And yet he asks such a derelict, recalcitrant and socialistic party to elevate him to another of the highest offices within our gift.

The republican party could not ask more than Mr. Bailey has demanded. Now, what would be the result if we acceded to Mr. Bailey demand? Simply the democratic party would go out of business, disband and unconditionally surrender to the republicans. Has the party so signally failed as to justify an act of this kind?

No, a thousand times no!

Witness the many progressive, constructive and highly beneficial achievements to its credit.

The Federal reserve act, which stripped the financial power from the money sharks and nd skylocks of Wall Street and placed it at the doors of the people. The Farmers Loan bank, which has enabled multiplied thousands of farmers to own their homes. The extension and improvement of the free rural mail delivery and parcel post. The revision downward of the tariff. The creating and perfecting of one of the most powerful merchant marines that ever rode the billows of old ocean. When the democrats went into power 90 per cent of our ocean commerce was carried in foreign bottoms, and our own ships lay rotting in the docks. Now our ships laden with the commerce of the world penetrate the most distant seas and the silken fold of "Old Glory" flutters in the breezes of every capital in the civilized world, and today we practically control the commerce of the world, instead of paying tribute to Great Britain and other European countries.

But why enumerate—their name is legion. And yet Mr. Bailey sees no merit or virtue in these grand achievements and characterizes them as socialistic and asks patriotic democrats to repudiate them.

The administration's conduct of the war, the marshalling of over 4,000,000 of men; training, equipping, clothing and feeding them and inside of two years placing on foreign shores enough of these men to bring the autocratic Hun to his knees and win the greatest triumph for liberty and democracy the world has ever known, and surprised and astounded the civilized nations of the earth. And yet forsooth, it cost money such men as Joe Bailey not only refused to aid in the mighty achievement but now before a patriotic people and repudiate and denounce it. We are asked by this eminary, this man who has not resided in Texas for 20 years and who owns not a foot of taxable property in Texas and pays no taxes, to next Saturday turn our back upon the

CALLAWAY DENOUNCES WILSON AND ADMINISTRATION

WILSON CAUSED HIS DEFEAT FOR CONGRESS, HENCE HIS INTENSE OPPOSITION

Oscar Callaway of Comanche spoke at the court house tonight to an audience that about filled the county court room. He came in a car from Lubbock, where he spoke this afternoon.

We regret very much that we were unable to hear him, as we like Mr. Callaway and knew him well in Comanche county.

He denounced in most severe terms President Wilson and his administration. Callaway has a right to denounce Mr. Wilson, in fact if he did not do so we would be surprised and disappointed, for Wilson caused his defeat for re-election to congress in 1916, after six years service in that body, and used the most disreputable and autocratic political buccaneering methods in doing so. We denounced Mr. Wilson at that time for his action and we have not as yet changed our opinion on the subject. Just because Callaway and others were not "rubber stamps" of the administration, they were slaughtered in a most ruthless manner.

Mr. Callaway has become a political grouch since then, so our mutual friends inform us, and has let his defeat warp and in a manner ruin his life. Wilson is a wormwood in his soul. He should brace up, and forget about it, for he is quite an able man. He should shake off his grouch, and should face the sun. Grouching does nobody any harm except the one who is grouching.

Mr. Callaway did not say many good things about Joe Bailey. In fact if he were to see the circulars which were distributed announcing his speaking that he would speak "in behalf of the Hon. Joseph W. Bailey," he would get mad. Back in the Bailey campaigns in Comanche county Callaway was one of the most intense anti-Bailey men in the county. He fought him with his full strength. We have heard him time and again declare that Bailey is a thief, a liar, a shoundrel and everything else bad—and we are sure he has not changed his opinion on the subject. Doubtless, he now carries a clothes pin handy to put on his nose every time he thinks of Bailey. Doubtless Bailey still makes him sick at the stomach, and that he feels like vomiting whenever he speaks his name.

Mr. Callaway will leave tonight for Post, where he will speak Wednesday afternoon.

Vaughn Withdraws from Race

John Vaughn has withdrawn from the race for sheriff. He informs us that he will enter the oil and real estate agency business, which promises to be much more lucrative than the sheriff's office, especially if the office is separated from the tax collector.

He wishes to thank those who have boosted for his candidacy and shown him favors.

Let every patriotic man and woman in Hale county in whose bosom burn the fires of lofty patriotism, through whose veins course the blood of our fathers, go to the precinct conventions and there remain until the convention is held, and see that none but red-blooded Americans are sent as delegates to the county conventions, and administer such a rebuke to this egotist and defender of booze—this slacker and man who pleases proggers, as will send him back to his distant home in Washington, rebuked and distrusted and given to understand that Texas is still democratic and will stand by the administration and its achievements. T. J. TILSON.

W. H. Snell left Sunday for Dallas to attend the State Photographers Association. Mr. Snell organized the association 21 years ago, and served as 1st president, also two other terms as president of the association.

Miss Walker of Wayland college faculty, attended the Panhandle Press association convention in Amarillo Friday and Saturday, and was with her father and mother. Mr. Walker is publisher of the Dalhart Texan.

SPILLER UPHOLDS RECORD DEMOCRATIC ADMINISTRATION

DECLARES TEXAS CANNOT AFFORD TO REPUDIATE THE DEMOCRATIC PARTY

Hon. James L. Spiller of Sweetwater delivered a speech at the Mae I. theatre Saturday afternoon to a good-sized crowd, in behalf of the democratic administration.

His speech was a good one, so we are informed, and was a masterful defense of the democratic administration and its many good acts, and was unanswerable.

He did not call Bailey by name, but denounced the effort certain interests are making to have Texas repudiate the party. He said it was unthinkable that the great democratic state of the union should send a delegation to San Francisco that would repudiate the administration, and thus surrender to the republicans.

IN CASE OF FIRE

To the People of Plainview:

1. You are to remember the Telephone Company will not do your talking. They make the connection only.
2. First learn the name of your street and the number of your house.
3. Report fire to operator; she will give you Fire Station; stay on line and talk to us, don't leave phone and expect the operator to do the rest, because she is not allowed to do so, as it is against rules of the telephone company. Hold to the phone; you will save time and money.
4. When you have a fire, close all doors and windows allow on one to enter because by so doing you are fanning the fire, which is all it takes to burn you up in a hurry. Call us the first thing, as we can use chemicals and avoid damage to your furniture and household goods with water.
5. Do not try to combat fire yourself; that is what we are paid for and the first five or ten minutes is the time to avoid a grave disaster. Our Number is 24 or Fire Station.
6. This is to impress on you the sooner you get connection with us the sooner we can come to your rescue.

Kindly remember these remarks as they are useful in time of need.

Alfalfa Tea From Plainview
J. M. Adams of the Plainview News made good on a promise given at a previous convention to furnish a delectable brew known as alfalfa tea. The new beverage was originated at Plainview, and although made from alfalfa, Mr. Adams predicted that it will supplant in popularity soft beverages now on the market as well as provide a splendid substitute for the less soft ones which have been prohibited. At the conclusion of the meeting Mr. Adams served two cases to the visitors. The supply was a little short, but those who were fortunate enough to secure a bottle pronounced the drink first class and predicted that it will become a national drink. The beverage is prepared by

a formula originated at Plainview and makes a delicious soft drink.—Amarillo Tribune.

Oil Makes Judge Hall Rich

The many friends of Hon. Walker Hall, one of the judges of the Court of Civil Appeals at Amarillo, will be pleased to learn that he has gotten rich out of the boom at Vernon, Texas. Judge Hall had about 320 acres of land near the well that recently came in, and he has disposed of part of the land for a small fortune. He still has the remainder, unencumbered by lease or otherwise.—Tulia Herald.

One of the bunch on the corner says he sure does not want to live in Russia. He has read where the government is conscripting men and forcing them to work.

Ten Bryan men and six Hitchcock men were elected delegates to the democratic national convention from Nebraska. William Jennings always, like the cat, lands on all four feet.

Doubtless Jim Ferguson thinks he is good enough to be president if Joe Bailey is good enough to be governor. Now, aren't they a beautiful pair of political birds, of plumage rare and ill-smelling?

President Wilson insists that the League of Nations shall be the paramount issue in this year's campaign. Our laws should be so that people could vote for or against the proposition, and if this could be done we believe the proposition would carry by a substantial majority.

On account of the laundries putting up their prices, the cellulose collar business is increasing very rapidly—and the prices are advancing. Up North clubs are being organized to wear overalls, hickory shirts, celluloid collars and harvester straw hats to combat the H. C. of L. When will this high price blow-up come?

Tom Watson received the popular plurality for president in the Georgia democratic primaries. While Watson is erratic and the stormy petrel of politics, he has more gray matter under his hat than most any other candidate for the presidency. He is one of the small number real brainy men in this land of the free and the home of the brave. We'd like to see Watson nominated for president. If he were in the White House he would give the people an able administration, and would insist on every person, high and low, rich and poor, powerful and weak, getting a fair deal. He is a man of red blood. He is a real democrat in every sense of the word.

We take pride in the record made by the farmers of this community and look for still greater achievements for the coming season.

To the farmer, as well as to the man in town, the bank is the financial center of the community, an institution for advice in working out of many of his problems. However, capable and competent a farmer may be in the management of his affairs, he is glad to avail himself of the service a bank offers.

We back up our faith in the farm by offering our farmer clients—and those we hope to make our clients—the full facilities of this institution, and every assistance possible, consistent with sound banking.

Extension of Spur Road

A letter was received a few days ago by J. G. Fort, one of our representative business men, from a representative of Howard Bros., who are the largest holders of (Briscoe county lands, stating that one of the Howards would be here some time next month, and wanted a committee appointed at Silverton to confer with him regarding the extension of the railroad from Spur to Silverton. This should be taken up at once and a committee appointed as suggested. The Howards need this road and are able to put it through. Silverton should do her part.—Silverton Star.

Circle No. 4 met in regular session with Mrs. J. H. Leach, April 23. A number of the members were kept away by sickness. "Mother" Mayhugh conducted the Bible lesson and a business session followed. Mrs. J. H. Leach resigned as chairman, and Mrs. A. G. Hinn was elected to fill the vacancy. Various items concerning the finances of the circle were discussed. A review of the Easter bazaar held earlier this month was made and various parties commended on their unselfish efforts that helped to make it a success. Famous among these was Mr. Pace, of Pace's bakery, a returned soldier, who generously donated a large box of his choicest pastries, beautifully decorated. All bespeak for him a liberal patronage. The committee for the collection and sale of old papers and magazines made a favorable showing. Homer Minor made a liberal contribution to the success of this enterprise and in return the ladies of this circle intend to help him in securing new subscriptions. All are urged to think of Mr. Minor when subscribing for reading matter.

The report of the treasury showed the circle to have gone "over the top" with the present year's quota. The hostess assisted by her daughter Mrs. Harry Phelps served a delicious lunch, and the members departed to meet with Mrs. J. L. Mayhugh May 27.

SOUTHWESTERN WILL INCREASE LOCAL TELEPHONE RATES ON MAY 1st

When asked regarding the increase in Telephone rates in Plainview Manager Williams, of the local exchange of the Southwestern Bell Telephone Company, said:

"We shall increase the telephone rate in Plainview on May 1st. On and after that date the business rate will be increased from \$3.50 to \$4.00 per month, and the residence rate from \$2.25 to \$2.50 per month. This is made imperative because of the rising costs with which we have been constantly confronted for the past few years. This has made it necessary that we obtain additional revenue.

"Public utilities are the only class of industry in the United States today that have to sell their products, which in our case is service, at a price lower than other lines of business, proportionately. And this notwithstanding the fact that we are being eaten alive by the unprecedented and extraordinary increases in the cost of materials and labor. These have been costing us from 40 to 200 per cent more and we have had to pay more for the money used in the extensions.

These extensions, by the way, are not made out of our revenue. If we add poles or a switchboard, we get the money to pay for it in the form of new capital. We have to bid for that money and we are only able to get it in so far as we are able to show that the money already invested in our exchange is yielding a fair return. With the fixed rates, our revenue has remained stationary, while the expenses have been mounting higher and higher each month.

"However, there has been a nation-wide recognition of the necessity of protecting the credit of the public utilities and throughout the United States local and state officials have recently granted relief to them in the form of increased rates. About 87 per cent of more than 500 requests for increases have been granted.

"Nothing like an adequate return can be expected in the new rates in Plainview, because there will be further and permanent increases in the cost of furnishing service. The new rate will, however, lessen the burden and give us a better chance to continue to fulfill our obligations. We consider it to be our duty to furnish the best service to the greatest number at the lowest fair rate. But it

also is our duty to fix the rate so as to pay adequate wages to our employees and earn a return on the investment sufficient to attract new money. The gravest danger to this community is that capital should lose confidence in our industry, making it impossible for us to obtain additional capita for extensions to plant."

Mrs. E. P. Crow Dies

Death visited our town last Wednesday, the 21st, and claimed at its victim Mrs. E. P. Crow, one of our most estimable women. After a long and continued suffering she passed quietly away at her home in the south part of town. She was one of our best citizens and had lived here seven years. During this time she had endeared herself to all who knew her.

She was a member of the Baptist church and had been for 40 years. She was a good Christian woman, and loved by all who knew her. No one was more loyal to her church than she. As a friend kind, as a wife true, as a mother affectionate.

Funeral services were held in the Baptist church Thursday afternoon, conducted by the Pastor, J. W. Hembree, and assisted by Rev. G. I. Brittain of Plainview, also Rev. S. J. Upton, pastor of the Methodist church. There was the largest congregation of people that has ever assembled at a funeral service in our city. After an impressive service she was laid to rest in the city cemetery. She leaves a husband and eight children to mourn her going, also 24 grandchildren and a large number of relatives and friends to miss her.

There is no one who will be missed more than "Mother" Crow, she was always present to assist where there was suffering or one in need of comfort.

We will hear her kind voice no more nor will we be permitted to see her as she quietly went about administering to those in need. We would say to the husband and children, weep not for her she is at rest and anxiously awaits your coming to her.

Our town has been made better by her passing this way. Our entire citizenship joins in extending sympathy to Brother Crow and children and all the relatives and we would say to her. "Sleep on "Mother" Crow, you have wrought well and after awhile, we will meet again never to be separated more." May the memory of "Mother" Crow and the comforting spirit of God, comfort all your hearts.
A FRIEND.

The Farmers Co-Operative Association placed a contract the latter part of last week with a Fort Worth firm for the erection of their grain elevator. The elevator is to be a large one, and possibly the largest elevator on the Plains. The elevator proper will have a grain storage capacity of 50,000 bushels, and ware house storage capacity of 30,000 additional. The elevator will be modern in building, and equipment.

The protracted meeting of the Church of Christ worshiping at the college will begin their protracted meeting Sunday at the college. Elder Foy E. Wallace, an able evangelist will do the preaching.

Mesrames. Roy Griffith, Bob Ramsey, Sellers, Dodson, Hatcher and Morris entertained the Mother-Teacher club Friday afternoon at the home of Mrs. Griffith.

The Lockney school board has voted a salary increase for teachers for the term of 1920-21 of 25 per cent. This increase is to take care of the increase cost of living, and will enable us to secure a full and capable corps of teachers. No election of teachers has yet taken place.

Miss Earl Blanton returned Thursday from Plainview sanitarium where she underwent an operation last week for appendicitis and is reported to be recovering nicely.

Daff Griffith returned last Friday from Plainview where he has been for treatment for the past several weeks, we are sorry to report Mr. Griffith's condition not improved, and he is now confined to his home the greater part of his time.

Mr. Wells Henry and Miss Alene Hopkins, two prominent young people of Floydada, were united in marriage at Lockney on last Sunday morning, April 18th, at 10 o'clock. The happy event occurred at the home of S. A. Henry, a brother to the groom.—Beacon.

Store News

If you like these talks and feel that you are gaining anything from them we will appreciate it if you will tell us so—If you don't like them please tell us why and make any suggestions.

we are always open to thoughtful, helpful criticism in any feature of our business and our friends will bestow a favor by helping us in this way as we in turn are trying to be helpful to you.

Don't forget those three big days of the trade excursion, May 18, 19 and 20. If you live in Plainview arrange to go and get better acquainted with

the good folks of this trade territory, if you live in one of the good towns that we are going to visit we want to meet you and try to show you that we appreciate your patronage and your good will toward Plainview.

And speaking of such things—we don't get together often enough or in a big enough way. The merchants of this or any other town don't know

each other well enough, they don't know their out of town trade well enough, they forget to show their appreciation and there isn't the complete co-operation all the way round that there should be. Let's make this trades excursion a starter for a closer understanding and appreciation.

Course we don't expect to pick up any cream on this trade trip but we do hope to make the good folks of the whole territory know that we want it, and you don't live too far away for us to take it either. When the cream comes in the check goes out. A quick test as we give it means a quick payment, and that at the highest market price.

Then there's another good thing in the air. That district fair talk sounds mighty good to us. We should all boost it and make it a grand reality. Fine hogs, good grain, better vegetables, chickens that are pure bred and lay more eggs, cows that give more milk, sheep that clean out the weeds and produce high priced wool, the ladies arts of better and more economical sewing and baking, preserving, etc.—all are worth while and all come as a result of a good fair. Let's have one.

And if that fair comes, and the Poultry show that we know is coming later, you will want your chickens to be winners. To win they must be raised right as well as bred right. A scrawny thoroughbred is not worth as much as a thoroughly developed scrub but when fed right the thoroughbred steps out far ahead. If you will practice feeding the chickens Purina feed from the shell to the show room you will understand just what we mean and what careful correct feeding will mean to you.

A fair means that you will also want to raise larger and better vegetables than your neighbor. We have the sort of garden seeds that will give you just such vegetables. They now repose in our stock achting to "to get up and grow" for you. A hint to the wise.

Fresh vegetables and delectable fruits keep coming—if you want to have something just a bit different better phone us each morning, as we have suggested, and find out what has come in for the day.

The Plainview Chautauqua begins May 26th and closes May 31st—a week of wholesome instruction and fun. It's a time that you will want to see the whole show and of course you will buy a season ticket for your own good and help of the committees that makes possible this high class entertainment. Many of you will bring the family and eat your lunch on the grounds or in your car. Don't bother about getting your lunch ready at home and lug it along. We can fit you up after you get here with the daintiest possible lunch goods in wide assortment—the kind that will make the pleasure of your pleasure trip complete.

Most too windy yet for the fish to bite but the picnics are starting and between winds supper parties on the prairie are becoming popular. We want you to feel that your problems of lunches will be solved if you will tell us what you like best and the number in your party.

May and June Weddings, theatre parties with a cup of tea after the

show, dinner parties on the porch or lawn or in the home, banquets, afternoon club lunches, game refreshments—all of them offer us and you an opportunity to get better acquainted. You to be better acquainted with the fact that we can furnish your every need in good things to eat—us to make the effort to give service, closer prices, the very latest innovations in food.

Cliff is still after our scalps over at Plainview Produce Co's piece. He says he can give the best service and we say that we can. We invite you to try both and see who's right.
