

OUR ATTENTION

has been called to the fact that certain battery repair shops are making a practice of replacing "Threaded Rubber" Insulation with ordinary wood insulation, telling the car owner that his "Threaded Rubber" Insulation is worthless.

We take this means of again informing every car owner who has a "Threaded Rubber" Willard battery, that, **"if ever, at any time during the life of a 'Threaded Rubber' Willard battery, it becomes necessary, for any cause, to replace the insulation, such replacement, and all repairs pertaining thereto, will be made by your Willard Service Station absolutely free of charge."**

We might add that our repair shop has never found it necessary to replace "Threaded Rubber" Insulation, and any battery repair man advising or soliciting from you such replacement does so through either fraudulent intent or gross ignorance of the proper repairs for storage batteries.

Still Snowing in Canada
William Ryan writes to the News from Claresholm, Alberta, Canada, under date of May 30, as follows: "Having stayed at Abernathy, Texas, last winter, but had to come back to Claresholm, Alberta, soon business, I became a subscriber of your valuable paper. I wish you would kindly mail it to my address here. I am boosting for Texas here and will have a bunch of farmers down there about November. Please send some literature with fruit trees and windmills on it, as one fruit tree looks better than a million dollar building to those farmers here. They are tired of being snow bound seven months of the year. We had snow this morning."

Get On Base Ball Game
The statutes of the state of Texas state plainly that it is a violation of the law to bet on the result of a base ball game or a foot ball game, yet in the game here yesterday, between Lubbock and Plainview, it is stated that thousands of dollars were put up on both sides. There is no use to have a law without it is enforced. There is evidently a rich field of labor for the next grand jury in Lubbock—Avalanche.

Congressman Marvin Jones has returned to his home in Amarillo to stay until congress meets in December.

36 Farmers wrote this Advertisement for PLYMOUTH TWINE

FOR over twenty years I have been a user of Plymouth Twine. When I ran out of Plymouth I used other twine. This gave more or less trouble, but I have always found Plymouth Twine of uniform thickness. In the thousands of pounds I have used I have never found a poor ball. It works equally well in a corn or wheat binder. Plymouth Twine is free from knots and starts. It stands up in the twice ball until all used up. It never gets tangled. It will bind more straw per pound than other twine. It is the best in the long run. The most economical twine the farmer can use. 36 TWINE USERS.

Every statement in this advertisement was taken from letters written by actual users of Plymouth Twine—by men who are up against the same difficulties that you meet. They find that Plymouth helps them. It will help you.

"THE BONNIE AYRSHIRE"

There is no more valuable addition to the live stock world than Scotland's contribution of the Ayrshire, of which the above reproduction from a photo of a prize-winner, gives a fair example of this wonder breed.

Ayrshire importations to the United States begun in 1837 and there is no state in the Union but what has a fair representation of these efficient producers. Their strong, hardy constitution makes them easily adaptable to any climate. Thus hot and cold climates or sudden changes of temperature do not effect this breed as other dairy breeds are affected.

Ayrshires are easily raised; the calves come strong and vigorous. Taken all in all, the Ayrshire is the one "Perfect Breed"—strong, steady, efficient, dependable.

What about Ayrshires on YOUR FARM: We shall be glad to help you get them.

Ten Farmers Buy Thresher
 Ten well known farmers of the Halfway community have joined forces and bought a thresher outfit. They have more than a thousand acres of wheat of their own to harvest, and will then handle the wheat of other farmers.

PROVIDENCE

June 13.—Jim Edelman returned Sunday from Rockdale. His mother died while he was there.

I. C. Nations and family went to Halfway Sunday to attend the dedication of the new Methodist church there.

Quite a number from here attended the dance near Aiken Saturday night.

A number of folk attended the party at Mr. Batey's Saturday night. Chas. Bodeker is entertaining company from East Texas this week.

Mrs. Wes Dameron's sister and husband arrived Saturday for a visit until after the harvest.

Mr. and Mrs. J. H. Real of Plainview are back again from a three month visit in Kansas and were visiting in this locality the past week.

Messrs. McLaughlin, Hartman and Jones returned Thursday morning from a week's trip out in New Mexico, sight seeing. They are well pleased with the land there.

Mrs. P. A. Hubbard arrived Thursday for a short visit with friends here. She visited at the Ooley, I. C. Nations and Bates homes and several others.

Mr. and Mrs. Swartz left last Sunday for their future home in Wisconsin. Mrs. Swartz was until recently Miss Ida Sammann.

Mr. and Mrs. Sam Newman of Liberty were visiting in this locality Sunday.

Another big rain fell here Sunday.

Panhandle Firemen's Convention

The Tenth Annual Convention of the Panhandle Firemen's Association will be held in Lubbock the 23rd, 24th and 25th of August. Lubbock will not celebrate July 4th, but will concentrate money and energy on the three days set aside for the firemen.

Floyd county has 2,689 scholastics, according to the recent census, an increase of 222 in the past year.

SHERIFF'S NOTICE OF ELECTION

THE STATE OF TEXAS,
 County of Hale.

Notice is hereby given that an election will be held on the 10th day of July, 1920, at Jack Alley's home in Common school district No. 33 of this county as established by order of the County Board of Trustees of date the 2th day of December, 1919, which is of record in book designated record of school districts, on pages 17, to determine whether a majority of the legally qualified property tax-paying voters of said district desire the issuance of bonds on the faith and credit of said common school district in the amount of \$1500.00, the bonds to be of the denomination of \$500.00 each, numbered consecutively from 1 to 3, both inclusive, payable 20 years from their date, and bearing five per cent interest per annum, payable annually on the 10th day of April, of each year, to provide funds to be expended in payment of accounts legally contracted in constructing and equipping a free school building of wood material, within said district, and to determine whether the commissioners court of this county shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and to provide a fund sufficient to pay the principal at maturity.

All persons who are legally qualified voters of this state and county and who are resident property taxpayers in said district shall be entitled to vote at said election, and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballots the words "For the Bonds".....

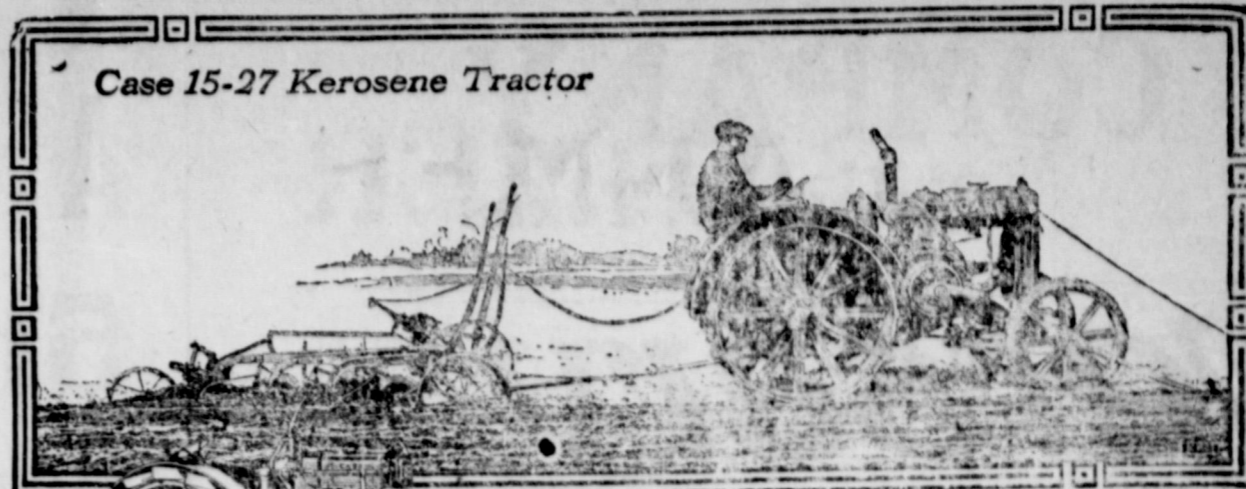

And those opposed shall have written or printed on their ballots the words "Against the Bonds"

Jack Alley has been appointed as presiding officer of said election and he shall select two clerks to assist him in holding the same and he shall within five days after said election has been held make due returns thereof to the commissioners court of this county as it required by law for holding general elections.

Said election was ordered by the county judge of this county by order made on the 17th day of June, 1920, and this notice is given in pursuance of said order.

Dated this the 17th day of June 1920.

J. C. TERRY,
 Sheriff of Hale county, Texas.

Case 15-27 Kerosene Tractor

Pulls 3 or 4 Plows

In fields where plowing is difficult—tough or baked soil, stiff grades, etc.—this Case 15-27 Kerosene Tractor will pull 3 plows easily. Where conditions are favorable, this tractor can pull 4 plows.

So it is a favorite on the average farm. It is neither too large nor too small.

In addition to its field work, it is designed for belt work, having the pulley properly placed. It will drive a Case 26x46 Thresher equipped with feeder and wind stacker or other machines requiring similar power.

The Case 15-27 has abundant reserve power. While rated at 15 horsepower on the drawbar, it can deliver more than 16

horsepower. While rated at 27 on the belt, it can deliver 33 horsepower. It is ever ready for the hardest jobs. It never tires.

All gears are cut steel, enclosed and run in oil. It has a four-cylinder valve-in-head motor, mounted kerosene on a one-piece main frame. This affords the use of all spur gears.

A Case Sulphur Thermostat controls the cooling system and insures complete combustion of kerosene. A Case air washer delivers clean air to the carburetor.

There are dozens of betterments found only in this tractor. You should be familiar with them, so that you may make a careful comparison.

May we have the opportunity soon to point out Case superiorities?

GRANARIES---GRANARIES

There will be such a CAR SHORTAGE that you will be forced to hold your wheat, Mr. Farmer, and it is to your advantage to build "GRANARIES" to care for it.

ACT now and be in position to save your WHEAT and get from FIFTEEN CENTS to FIFTY CENTS per bushel more than you would in case you had a chance to sell as you thresh, so beware

And,

Too, the cost is not so great, for we will furnish you a bill of material for a cost of about fifteen cents per bushel on a small GRANARY and on larger ones, the cost will be a little less.

ANCHOR

June 15.—This community was visited by another nice rain, or several good showers, Saturday and Sunday which was very much appreciated. It will help our wheat, which is just in heavy dough.

The farmeretts are getting numerous in these parts as farm hands are scarce or have to have such enormous wages that it would take a rich man to reach them.

Mrs. S. E. Leckliter is listing and planting her own crops, while Mrs. W. R. Fesal is making a first-class hand with the knife sled and go-devil.

Mrs. Nana King is guiding the tractor while her husband guides the two-row lister rushing the planting. Some are through with their planting.

Health is good in these parts and everybody is busy with their spring work.

There was quite a number of our people in Hale Center Saturday in spite of the rain.

Mrs. S. E. Leckliter and daughter, Vesta were in Hale Center Monday on business.

The singers did not meet Sunday night on account of the rainy weather. Roy Swanson of Plainview was among the young people in our corner Sunday.

Revs. Longan and Hooker came out to preach for us Sunday but the crowd was so divided between showers they did not hold services.

Marcus and David Barrington have a good sized field of spring wheat that is waist high to a man and as fine a head as you ever saw, and there has been but few heads of smart found in it which they are taking care to gather out before matured.

Chautauqua Association Elects officers
A few days ago the chautauqua association met and finished up the year's business. The recent chautauqua was profitable. The association donated some of the funds to the Boy Scouts to buy some equipment for their home, paid each stockholder a dividend of \$10, and kept some money in the treasury to pay any claims that may arise.

The officers were re-elected as follows for another year: E. B. Miller, president; J. M. Waller, vice president; Will Stockton, secretary and treasurer.

PETERSBURG

June 15.—We have had fine rains and the row crops are looking promising.

Mrs. G. C. Phillips left Monday for Plainview where she will visit a few days before going to Houston, her future home.

Mrs. Marcus Gregory entertained a few girl friends for the week-end with a house party, and such a jolly good time as they had in her lovely home.

The baseball game between Lockney and Petersburg was much enjoyed by the spectators. Lockney carried off the victory.

Dennis White is now assisting in the hardware store here.

Mrs. A. V. McCarty is visiting her parents in Aspermont.

Miss Jessie Mae Goodner is in the Summer normal now at Canyon.

Mrs. True Rosser and children are with Mr. Rosser now in their country home near here.

R. Q. Davis is at home since the big rain has stopped work on the roads.

C. D. Hughes and family who moved from here last January, have returned to make their home here once more. We welcome them back. They will occupy the Bangle house for the present.

Mrs. H. M. Panley of Lockney and Miss Adrianna Carnes of McCoy were guests in the home of Mrs. L. S. Claiborn last week.

Dr. Hannah is in Fort Worth this week visiting his son, Bruce, and attending to some business.

Marcus J. Gregory is in Fort Worth with several car loads of hogs.

Chas. Schuler shipped cattle to Kansas City, Sunday. He went with them also.

Little Randa Gregory has been sick for several days. We hope she will soon recover.

LOCKNEY

June 11.—John Peters and family of Plainview and Joe Ramsey and family of Abernathy were visiting Charles Ramsey and family last Sunday.

Messrs. C. R. Hatcher and John M. Livesay have secured the agencies for the Buick and Overland cars. They have Floyd and Briscoe counties in their territory.

Commissioners' Precincts 2 and 3 will have an election on Saturday, June 26th, on the matters of authorizing the commissioners' court to levy and collect a special road tax not to exceed 15 cents on the \$100 valuation for road building and maintenance purposes.

Rev. Walter Griffith of DeLeon, who has been here the past ten days teaching a school of Masonry and visiting relatives, left for his home yesterday.—Beacon.

Carl Marvin Stockton Dies

Carl Marvin, infant son of Mr. and Mrs. H. L. Stockton, living a mile and a half east of town, died Saturday morning. The funeral services were held at the home Sunday morning at 10 o'clock, and interment followed in the I. O. O. F. cemetery under the direction of Undertaker Hatchell.

for Kansas City to spend a month or two visiting relatives. Mr. and Mrs. Mayhugh will spend a few days in Wellington, Kans., on the route up.

The Amarillo News contained a story of a rattlesnake that was captured and placed in a store show window. The snake deliberately plunged its fangs into its own body and committed suicide by poisoning itself. The snake had learned that snakes and cork screws are on a par since prohibition has come, and the only thing left for it was to drink Jess Adams' alfalfa tea or commit suicide. It committed suicide.—Canadian Record.

When Noah Advertised the Flood

Most folk said, "It couldn't happen." When we heard about coming high prices, back in 1915 folk said, "They're kidding us." Right now the world is full of skeptics—and some of them live in our town.

They Are the Only Ones Who Are Not Going to Benefit Through Our July Three Piece Suit Sale

Everybody else is glad we're holding this Big Suit Sale, in spite of circumstances. We're glad to do without profits, to hold it. We want to help "force the market down" if we can. Frankly, tho, we know that prices for fall will be quite high, and we sincerely advise saving a bit while you can.
