

## SUCCESSFUL WEST TEXAS POULTRY SHOW CLOSURES

CLASS OF BIRDS WAS HIGHEST EVER SHOWN IN SOUTH-WEST

The third annual West Texas Poultry show closed at noon today, after an exhibition of five days. ## MELIUS GETS NINETY-NINE YEARS IN PEN FOR INCEST

SWISHER COUNTY JURY ASSES HIGHEST SENTENCE ON PLAINS

Yesterday a jury in the Swisher county district court in Tulia returned a verdict of guilty and sentenced Wm. H. Melius of Plainview to the penitentiary for ninety-nine years for incest upon the person of his twelve year old daughter. This is the heaviest sentence ever passed upon a man on the Plains, so lawyers say. The jury was out three hours, and it is said several contended for the death penalty.

Melius was arrested week before last, and put in jail. The case was taken to Tulia, where court is in session. Last week the grand jury there indicted Melius, and Judge Joiner set the case for Monday and ordered a special venire. The case was disposed of in one day.

Melius was deliveryman for a local hardware store. He and his family came here from New Mexico a year ago, and have been living in one of the small houses just this side of the railroad in the northeastern part of town.

Coblentz, Dec. 19.—As matters stand now, the United States does not intend to withdraw the army of occupation from Germany, General Allen, commander of the expedition, said to American correspondents.

"I do not know whether the army will be withdrawn later," he added, "but I am confident that when Senator Harding becomes president he will solve the matter for the best general interests. Whatever happens, the unity of France and the United States is indissoluble. I am confident that Germany will not attack France again."

Mrs. S. S. Stoneker, principal of the school, is striving to make it a community center in every sense of the word and to this end plans many entertainments in which both the school and students and the people served by the school may take part.

## PLAINVIEW BAPTISTS PLAN TO BUILD NEW CHURCH

EXPECT TO ERECT ONE OF THE FINEST CHURCH BUILDINGS IN WEST TEXAS

A magnificent new church building will be erected soon by the local Baptists, according to the statement of Rev. Harlan J. Matthews, pastor of the First Baptist church. He states that the building will be one of the finest church buildings in the Panhandle if not in West Texas.

The rapid growth of the Baptist congregation has made it need for the new church keenly felt and as Wayland Baptist College has been placed in a splendid financial condition, the financial energies of the church will be directed to the new building.

The new building will probably be built on the site of the present building on the corner of Eighth and Austin streets. Although complete plans for the new building have not been drawn up, Rev. Matthews states that it will not only contain everything for religious and educational work, but that ample facilities for the social life of the church will be provided.

The present home of the Baptist church is a real "House of Seven Gables" due to the many additions made to the old wooden building in an effort to make the place a congregation and at the same time save as much money as possible for the college.

FARMERS RELIEF BILL VIRTUALLY AGREED UPON

Washington, Dec. 17.—Senate and house leaders practically agreed at a conference today on a program for the enactment of an emergency tariff measure to serve as an embargo on the importation of wheat, cotton, wool, beans, potatoes, and live stock and meats.

The conference, which was between members of the Senate Finance and House Ways and Means committees, agreed that some such legislation should be pushed through to aid the farmers and the consensus of opinion was that it should be effective for one year.

Senate leaders stood out for a flat embargo, while the House members advocated a high tariff measure which they said would serve the same purpose. Senators declared the House members were going ahead with a tariff bill, but that it might be changed to a flat embargo later on.

### Shower for Miss Sloneker

Miss Ardelia Sloneker was given a surprise shower at the home of Mrs. W. P. Lash, one mile south of town, Saturday afternoon, between the hours of 2 and 4, by Mrs. Lash and her daughter, Mrs. Sloneker.

The house was decorated in Christmas colors. Promptly at the appointed hour, the friends of the hostess and the bride-to-be began to arrive and by the hour of three all the guests were present, a guessing contest giving each one present three guesses, offering a prize to the one having guessed the article hidden and as no one was lucky enough to guess it correctly, the prize was given to the bride-to-be. The bride-to-be was then seated in the center of the reception room and Master Wilbur Sloneker a cousin of the bride-to-be, came in with his express wagon loaded with beautiful presents, after opening and thanking each guest individually for their splendid gifts.

The guests were served to delicious chocolate and cake, after which Miss Ardelia was called upon to give a reading, she responded giving the piece entitled "The Run A Way Boy."

The club members and families will participate in a banquet in the basement of the Presbyterian church on Thursday night.

A million men are idle in Great Britain. Upon a majority of these there are dependants, and the total number of persons suffering from the present condition is placed at 4,000,000—"a large proportion being former soldiers." Now the government is asked to pay each man 40 shillings a week, and each woman 25 shillings, with an additional allowance for dependants. This, it is asserted, could be done for ten weeks for the modest sum of \$25,000,000.

The farmers of the nation are protesting against the appointment of Robert Hoover to membership in Harding's cabinet, because he is in favor of grain speculation and is of the opinion that wheat can be grown profitably at a low price, even lower than the present price.
