OFFICIAL PAPER OF THE COUNTY OF HALE.

ESTABLISHED 1889.

TWICE-A-WEEK.

OFFICIAL PAPER FOR THE CITY OF PLAINVIEW

PLAINVIEW, TEXAS, TUESDAY, JANUARY 13, 1925.

NUMBER 4

VALUE OF PRODUCTS SHIPPED OUT COUNTY IN '24 SIX MILLIONS

Estimated Value of Shipments from Records of Shippers is in Excess of \$4,000,000, Which is Estimated at Two-Thirds of Shipments from Entire County.

Approximately four million dollars' worth of products were shipped out of Plainview last year, according to shippers' records. This is two thirds of the amount shipped out of the county, making a total of \$6,000,000 worth from the county. These figures of production show only the major items and the value of the various products is conservatively estimated at a glance at the figures and prices given below will show.

A great portion of the cotton crop has not yet moved and there are con-

siderable stores of grain sorghum and some wheat yet in the hands of the producers or stored in elevators.

The figures by no means represent the production of the Plainview county for the year, for there is a surplus of grain and livestock, cotton and other farm products, and all products consumed at home are not included.

During the year 1924 Plainview shipped various farm products as follows:

1,108,000 bushels of wheat at \$1.25	\$1,485,000
54,000 bushels oats at 50c	27,000
4,215 tons heads at \$22	92,000
210 head horses and mules at \$80	16,800
2,835 head cattle at \$40	113,400
6,400 head hogs at \$16	102,400
1,820 head sheep at \$8	14,560
1,893 tons alfalfa hay at \$20	37,860
4,500,000 pounds flour at \$3.50 cwt.	157,500
8,060 tons bran and other milled feeds at \$32	259,920
13,000 cases eggs at \$7.00	91,000
50 cars poultry at \$2,700	135,000
24,000 pounds dressed turkeys	5,200
10,000 bales cotton at \$125	1,250,000
Dairy products, cotton seed, miscellaneous grain, hides and other products on local shipments (estimated)	300,000
TOTAL	\$4,081,810

Rev. Matthews Is Honored by His Church Members

Thursday evening a banquet was held by the congregation of the First Baptist church of Mineral Wells for Rev. Harlan J. Matthews, new pastor of that church. Until recently he was pastor of the First Baptist church of Plainview.

In a letter to The Herald Mr. Matthews incidentally tells of the accident which occurred while he and his family were en route by car to Mineral Wells from Plainview.

"Our accident was at Roscoe," he says. "We were parked by the roadside putting on a casing when four young men, under the influence of liquor, racing in a Ford car, ran into the rear of my car and damaged the car considerably. I was thrown to the ground and sustained several surface bruises. I had to have them arrested and compel them to pay damages."

SELLS FLOYDADA SHOP

P. S. Wolfe of Plainview has sold the Wolfe's Specialty Shop in Floydada to Mesdames C. M. Wilson and A. J. Welch.

HUDSON IS FOREMAN OF THE GRAND JURY

Demurrer Granted in Suit of McClung Against Western Union for Damages.

The grand jury for the January term of district court has been impaneled by Judge R. C. Joiner. Only seven of the men summoned on the regular panel were selected, many being excused for illness. Of the regular panel W. Holbrook, J. H. Slaton, C. L. Ford, Grover Lemaster, J. A. Finney, M. S. Hudson and N. M. Akesson were selected. A. S. J. Martin, G. F. Pool, G. W. Lewellen, J. L. Dorsett and R. C. Betty, "picked up" by the sheriff's department, were selected. The court appointed M. S. Hudson of Hale Center foreman of the jury.

Balliffs are Will Poger, J. A. Meyers, E. W. Byars, D. M. Thomas, L. C. Hargrave, M. J. Holland (Abernathy), J. L. Day, (Petersburg), C. C. Lusby (Hale Center), J. Tom Williams is door-keeper.

Demurrer in McClung Case. Yesterday a demurrer was granted in the case of McClung vs. Western Union. This is a suit growing out of an alleged error in a telegram sent to relative of Mr. McClung, who died in the Olton community. The original message it is claimed stated that the funeral was to be held at Olton. It was sent to relatives in Oklahoma. They received a telegram, it is alleged, that stated that the funeral would be held at DeLeon. They went to DeLeon. They ask remuneration of railroad fare and damages for mental anguish of \$2,500.

It has been held by the Supreme Court of the United States that damages for mental anguish is not recoverable in cases where messages are inter-state.

A case of this nature was tried by Judge Joiner in Swisher county. Judgment against the telegraph company was rendered. It was affirmed by the Appellate Court at Amarillo, but the ruling of the Federal Court had been made in the meantime and the case was not approved by the State Supreme Court.

VAUGHN GIN AT TULLIA BURNS.

BOBBIE COLLIER HAS WRECK NEAR LUBBOCK.

Bobbie Collier, formerly a resident of Plainview and an employee of The Herald, is now editor of the Slaton Slatonite. In the latest issue of his paper Bobbie explains the details of turning a new Maxwell touring car over near Lubbock. Loose sand on the road was responsible for the accident in which Mr. and Mrs. Hall of Slaton were injured and Bobbie was slightly cut by flying glass. The car turned completely over and righted itself. The car was driven in on its own power.

SUGGESTS USE OF TWO PUZZLES IN THE HERALD.

"You'd better put two sheets with the cross word puzzles in our Herald, or stop the paper," said C. D. Merrick, Floyd County farmer, Saturday to a representative of The Herald. "My wife and I have a big fuss over who is going to get it, when it is on the first page. I want the first page to see the news and she wants the puzzle at the same time."

Mr. Merrick is an old time Plainview man and gets lots of sport out of good wolf and rabbit hounds. He has some of the best dogs in the country.

NAMES WOMEN JUSTICES TO AID "MA" FERGUSON.

Mrs. Hortense Ward. Nellie Robertson Mrs. Edith Williams.

To make "Ma" Ferguson feel at home as the first woman Governor of Texas, Governor Pat M. Neff, who retires this month after four years in office, has named three women as special justices of the State Supreme Court to try the case of Johnnie vs. Darr, an El Paso litigation involving the Woodmen of the World, disqualifying the three regular male justices from sitting in the case. The women he named are: Mrs. Hortense Ward, of Houston, one of "Ma" Ferguson's chief advisers; Miss Nellie Robertson, of Granbury, County Attorney of Hood County, and Mrs. Edith Williams, of Dallas, practicing attorney and the first and only woman member of the State House of Representatives. This is the first time in American history an American court has been made up of women.

Miss Robertson and Mrs. Williams failed to qualify for the appointment and Miss Ruth Brazill of Galveston and Miss Hattie Henenberg of Dallas were named.

Women lawyers raised to the highest court in the state respond to the same emotions as men raised to the same position, according to Special Chief Justice Mrs. Hortense Ward, who sat Thursday as a member of the first woman supreme court in the land. She returned Friday to her home in Houston.

This emotion is one of pride in being honored with what lawyers consider the highest place in their profession. The next feeling, and the most important, said Mrs. Ward, is that of responsibility for deciding correctly a case involving rights which are of the greatest importance to citizens.

"I believe this was the feeling of my associates, Miss Ruth Brazill of Galveston and Miss Hattie Henenberg of Dallas," she added.

WILHITE NEW HEAD DAIRY ASSOCIATION

New Officers and Directors Named at Meeting of Association Saturday at Hale Center.

The Hale County Dairy Association held a meeting at Hale Center Saturday and elected new directors and officers. R. S. Hudson, president of the association, resigned, being no longer in the dairy business, and C. C. Scroggins, a director, had also resigned. A. B. Tarwater of Runningwater and W. Wilhite of Hale Center were elected directors to succeed them. Directors for the two-year term elected Saturday are Pat Connelly, E. H. Curtis and J. L. Massie. W. Wilhite of Hale Center was elected president. A. B. Tarwater vice president and Pat Connelly secretary-manager.

Tag Sale Will Be Held to Pay for School Equipment

Playground equipment was needed at Central School. The Central Parent-Teachers' Association saw the need and supplied the equipment. They didn't have the money and they bought it on faith—faith in Plainview's responding to its call for assistance. Saturday the association will hold a tag day to raise the needed funds. The committee in charge of the tag day is Mesdames E. O. Nichols, Nine McComas, R. A. Underwood, L. C. Wayland and Miss Jones.

Implement Company and for the International Harvester Company. He represented the Harvester Company in Northern Europe—Scandinavia, Sweden, Germany and Russia—and in the United States.

A joint meeting of the Kiwanis and Rotary clubs will be held Friday at the Ware Hotel. The Rotary club did not hold its regular luncheon today in order that it might meet with Kiwanis Friday. Kiwanis extended an invitation to Rotary Friday.

T. C. Shepard, of the Kiwanis program committee, was big stick artist at the luncheon. He called on the heads of each committee of the club for reports on the plans for 1925 activity. Miss Blonda Weatherly of Wayland College, accompanied by Miss Seranton, sang and responded to a hearty encore.

It was announced by Secretary W. J. Klinger that Capt. Winfield Holbrook, past president of the club, has been named by the district governor of Kiwanis as head of the district committee on agriculture.

ON APPOINTMENTS OF PLAINVIEW CITIZENS.

Randall County News.

Mrs. Miriam A. Ferguson, Governor-elect of Texas, on Tuesday announced several appointees who will take office when she is inaugurated in two weeks.

Hon. A. B. Martin of Plainview was announced for a place on the Teachers' College Board of Regents. Mr. Martin was formerly a member of this board and was one of the most valued men who have ever served on the board. He is greatly interested in Teachers' Colleges, and particularly interested in the college located at Canyon, to which he has given much time and thought. A loan fund was established several years ago by Mr. Martin in the College in memory of his deceased son.

Mrs. S. W. Meharg of Plainview was appointed Secretary of State, thus giving two distinct honors to Plainview in particular, and the entire Plains country in general.

Childress Index.

Mrs. Ferguson has selected Mrs. S. W. Meharg of Plainview to be secretary of State during her administration, the appointment being announced Tuesday afternoon. This appointment is the only one coming to the Panhandle. Mrs. Meharg has been taking quite a lot of interest in politics during the past two or three years, and was a staunch supporter of Mrs. Ferguson in the recent campaign.

Mr. and Mrs. S. C. Auld and son Orin, have moved from Lamesa back to Plainview.

MANY HAVE RECEIVED BONUS CERTIFICATES

Amounts Vary From Hundred or So Dollars to Fourteen Hundred in Paid Up Insurance.

Many ex-service men have already received their insurance certificates for adjusted compensation. The amounts vary from a hundred or so dollars to fourteen hundred, the largest policy having been reported to The Herald being that of George Smith of Texas Utilities Company, whose policy is for \$1,367. He received the maximum for his age for service in the United States. He was in the army before war was declared.

The maximum amount that can be secured under this law is \$1,714.15. This is on a hypothetical case of a person having served five hundred days overseas and being twenty years of age at the time the certificate is issued.

The certificates are in the form of a twenty-year endowment policy and their face value is for the amount of paid up insurance of this kind which the bonus will buy in the old line companies, plus about twenty-five per cent, depending upon the age of the insured at the time the policy is issued. The rate of pay is \$1.00 per day for home and \$1.25 for overseas service, five hundred days being the maximum. The \$60.00 bonus paid upon discharge is subtracted from the amount.

BULLDOG SMITH TO MEET JACK GORMAN HERE FRIDAY.

THREE BUILDINGS WILL START SOON

NOBLES BROS. GREEN MACHINERY COMPANY AND STEPHENS & SHELTON OWNERS.

OTHERS ARE PLANNED

It Appears That Half Million Will Prove Low Estimate for Building in 1925.

Three new business buildings for Plainview were announced yesterday. Their combined cost will be approximately \$20,000. Nobles Bros. will increase their floor space by 2,400 square feet. Green Machinery and Development Company will erect a new building containing 5,000 square feet of floor space and Stephens & Shelton will erect a new modern filling station.

Nobles Bros. will start construction immediately on an extension to cost \$10,000. It will be 24x100 feet and will join their present building near the Santa Fe station on the east. Archways will be cut to join the new building with the old. The offices will be moved to the new part of the building and rearranged to make them modern in every respect, according to L. M. Frogge, manager.

Green Machinery Company will start construction in a few days. Their new building will be 50x100 feet, with brick front and brick and tile sidewalls. It will be located on the corner lot north of the Missouri Hotel on Ash street. They will occupy it. C. C. Green will have charge of construction.

Stephens & Shelton have signed a contract to purchase the lot across the street from the Wayland Hotel on Broadway. They are buying this lot from A. M. Lycan for a consideration of \$5,000. As soon as title has been passed on they will start the erection of a modern filling station, 25x65 feet, with a double driveway. Henry DeJarnett will have charge of the erection. The building will cost approximately \$5,000. Stephens & Shelton will operate this station themselves.

With a number of buildings being considered by various property owners and contracts let for buildings aggregating almost a half million dollars it now appears that a half million is a low estimate for buildings in Plainview during 1925.

COUNTY ORDERS AN AUDIT OF ACCOUNTS

Franchise Granted for Phone Line for Halfway Telephone Company on Olton Road.

A franchise was granted by the Commissioners' Court yesterday to the Halfway Telephone Company for a phone line along the south side of the Plainview-Olton road. This company has previously used the poles of the Olton Telephone Company. Construction of a line will start soon.

A jury of view on the C. B. Thomas road was appointed. This road extends from the Tullia road two miles east.

Salaries of the officials of the county were set the same as for the past term of office.

Contract for an audit of the county's books for 1925 and 1924 was entered into with the Rankin Audit Company of Houston, at a price of \$600.

Amarillo News. R. T. Emmett, manager of the Dempster Company of Texas, returned Friday from a three-day trip with salesmen over the territory in and about Plainview.

He reports that there is a good wheat acreage in that vicinity and that the crop is coming up well. Conditions on the whole, he says, are excellent.

The Dempster windmill sales in that territory have been especially large, he says.

WORRY.

"Do not worry. Eat three square meals a day—say your prayers—be courteous to your creditors—keep your digestion good—exercise—go slow—and go easy. Maybe there are other things that your special case requires to make you happy, but my friend, these I reckon will give you a good lift."—Abraham Lincoln.

DODGE BROTHERS TYPE-B SEDAN

Unquestionably, the most compelling tribute to the car's stamina is its widespread use by farmers, ranchmen, surveyors, salesmen and others who travel isolated roads in all sorts of weather.

These men will tell you that a good polishing restores the durable finish to its original brightness after the car has been caked with mud for weeks.

To them it is a matter of vital importance, too, that Dodge Brothers powerful starter functions promptly after prolonged exposure to the cold.

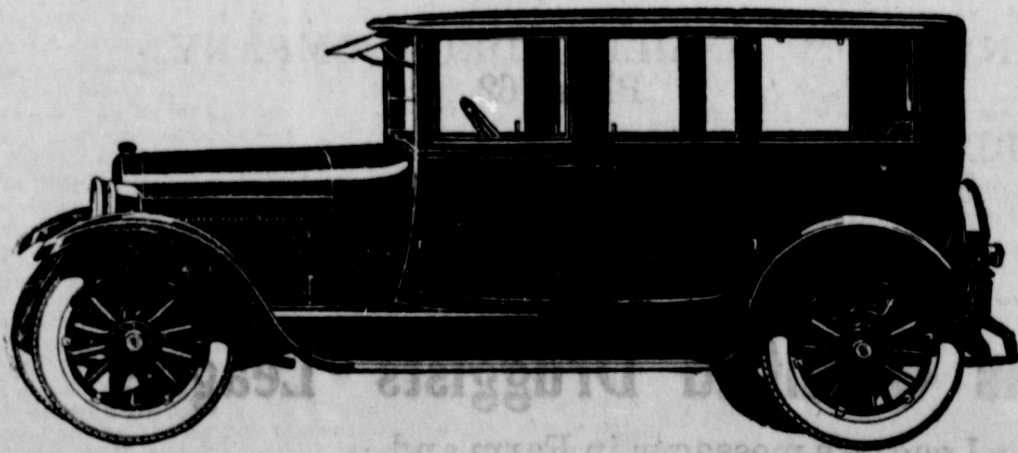

Nor is any group of owners more constantly impressed by those elements of excess value which characterize not only the Type-B Sedan itself, but every car that Dodge Brothers build.

The price is \$1095 f. o. b. Detroit—\$1275.00 delivered.

At Dallas, Texas, the Southern Methodist Church is building a great university. Frequent announcements of endowments for the university are made. These generous gifts are unparalleled in any university in the South. Money is not all to the building of a great school, but good plants, good equipment and available funds for assisting worthy students are conducive to their growth and expansion. It is gratifying to the entire Southwest to see S. M. U. growing and expanding.

ONE-HOUR PARKING LAW.

There is a generally mistaken idea about the reason behind the one-hour parking law in Plainview. Several farmers have expressed the thought that it is a discrimination against them and an inconvenience in shopping on busy days. The intention of the law and its practical effect is the contrary. It is fair to say that one of the main abuses of unlimited parking periods in the busy district is that clerks and store people drive their cars down early in the morning and leave them parked all day long. Others whose business is confined to the offices leave their cars throughout the day.

The one-hour parking law is designed to give all an opportunity to park while transacting business. It is fair to all and if the law is obeyed it will greatly relieve the congestion in the business district during the busiest periods.

RURAL MAIL DELIVERY EXTENSIONS.

The Herald is indebted to its Valley View correspondent for a suggestion of rural route service. We believe that the matter of mail service extension is of enough importance to warrant the Plainview Chamber of Commerce and other organizations to wade into it with determination.

At some time in the past Plainview has slept on the job and some mail is being delivered out of other towns which ought to be delivered from Plainview. Most of these patrons had rather be served out of Plainview, because they can get better service. They want more things brought out from Plainview by parcel post than from other towns, too.

A rural route is a feeder to any town. The people in the Valley View community, northwest of Plainview, want rural mail service. It is an insistent demand. Are we going to help work up the route or allow another route to be extended into that territory from another town?

It will not be very long, if we all work for it before the postoffice in Plainview can be raised to another class which will enable better service through more employees and which will make substantial increases in the salary of the postmaster and assistant postmaster.

Let's build up our fences in 1925. This is a good place to start. Established in 1925 rural routes will be feeders through the years to come.

Community Correspondence

The Herald wants to make this page representative of every community in this section and wants live correspondents. If you are interested write for particulars. Our proposition will enable our correspondents to make some nice "pin money" and you will be doing your community a service at the same time. THE EDITOR.

Increase in the exemption for married persons, a 25 per cent reduction on "earned income," and other changes in revenue legislation are of immediate interest to every taxpayer.

The revenue act of 1924 requires that returns be filed by every single person whose net income for 1924 was \$1,000 or more, or whose gross income was \$5,000 or more, and by every married couple whose aggregate net income was \$2,500 or more, or whose aggregate gross income was \$5,000 or more. Last year returns were required of married couples whose aggregate net income was \$2,000 or more. Husband and wife, living together, may include the income of each in a single joint return, or each may file a separate return showing the income of each. Net income is gross income less certain specified reductions for business expenses, losses, bad debts, contributions, etc.

The period for filing returns is from January 1 to March 15, 1925. The return, accompanied by at least one-fourth of the amount of tax due, must be filed with the collector of internal revenue for the district in which the taxpayer has his legal residence or has his principal place of business.

We thought that we had pretty good service before but we just keep striving to make it better.

Service means to us best possible prices, quickest possible delivery, least possible mistakes, most complete possible stock, courtesy and close attention to the wants of individual customers—and every other thing that you consider service whether we think it necessary or not.

Auxiliary Honors Departing President

The regular mission-study meeting of the Presbyterian Woman's Auxiliary on Monday afternoon had an additional attractive feature in paying an affectionate tribute to its president, Mrs. S. W. Meharg, recent appointee to the office of Secretary of State. The meeting was held at the home of Mrs. E. L. Kerr.

The program for the afternoon was conducted by Mrs. L. P. Barker, who gave the first number on "What is Stewardship?" This was followed by an inspirational talk by Mrs. E. Thatcher on "Prayer, Service, and Tithing." Mrs. W. M. Jeffus was very pleasing in her reading, "The Joy of the Giver." The concluding number on the program was an excellent talk by Mrs. Robinson on "Our Stewardship of Personality," followed by a prayer.

The special feature of the afternoon came at the conclusion of the study program in honoring the departing president, Mrs. Meharg. A handkerchief shower, the dainty packages arranged to represent the ship of state, was presented to Mrs. Meharg by Mrs. John W. White, in a pleasing little rhyme. Accompanying the shower was a small broom, with which the new State Secretary was admonished to do her part in "sweeping clean." The honoree opened the packages and read aloud the clever and loving messages enclosed in them, and gave in a few well chosen words her farewell to the Auxiliary. A corsage of rosebuds and fern was presented to her, also.

Brightening an occasion which might otherwise have had sadness in it in the saying of good-byes to the beloved president was a humorous round-table discussion by all the guests on "What I Would do if I Were State Secretary," which caused much merriment.

Dainty refreshments in color scheme of pink and white were served to over thirty guests.

The regular business meeting of the Auxiliary will be held next Monday at the home of Mrs. A. R. Nisbet, 1101 Austin street.

Barker Steals March On Friends; Married

A marriage of more than ordinary interest, which occurred several weeks ago but was only learned of by friends in Floydada last week, was that of B. K. Barker of this city, and Miss Walter Ross Long, of Lockney.

The couple were married in Tulsa on November 9th, the groom obtaining license to marry at Matador on November 8th.

There honeymoon will be spent in Honolulu, for which place they will sail from San Francisco on January 20, expecting to be home about the closing days of February, when they will take up residence in a new home now under construction in Barker addition.

Mr. and Mrs. Barker are widely known in this county, the groom having been in business here for a number of years as manager for Barker Bros., Ford and Fordson dealers. Mrs. Barker is a daughter of Mrs. W. D. Long of Lockney. She was reared in this county and received her education in the schools of this county and at Kidd-Key College.—Floydada Hesperian.

VALLEY VIEW NEWS.

VALLEY VIEW, Jan. 6.—Valley View is thawing out gradually from the recent cold snap. For nearly three weeks the ice on the earth tanks has been strong enough to skate on—at least we suppose it would hold skates, having seen, a cow walking on the ice without breaking through after several days of pleasant weather. It was the longest and coldest spell for several years, but fortunately it was dry cold and the livestock did not suffer much. If you haven't a "busted" radiator or engine head, you are out of style, hopelessly so.

Archie and Howard Hall of Memphis spent the holidays with relatives and friends here.

Claude Fargason, who attends the Plainview high school, spent the holidays with his parents.

Miss Odessa Howell, who teaches in the Olton high school, and her brothers and sisters who attend school there visited with their parents, Mr. and Mrs. Wm. Howell, during vacation.

Mr. and Mrs. Wm. Wood visited with friends and relatives at Lockney and Prairie Chapel during Christmas.

Wm. Hall is improving his quarter section in this community. A two-room house has just been completed. Mr. and Mrs. Ira Hall will live there this year.

Valley View had a Christmas tree as usual and Santa Claus was there, and had so many presents to distribute that Mrs. Santa Claus had to help him.

Ellis Jones had a three-tube generative radio receiving set installed last week. P. S.—Now he cannot sleep, either.

Mr. and Mrs. D. C. Kimball are now "sitting up" late with a new radio set, too.

We understand that Mr. Hancock has purchased a small dairy farm and will soon move his family. We regret losing this good family from our community life.

Wm. Wood has been confined to his bed for more than a week with a se-

vere attack of tonsillitis, but at this writing is improving.

Wayland, five-months-old son of Mr. and Mrs. John Dillard, passed peacefully on "to the land where there is no pain" last Wednesday. After weeks of suffering his wee body is at rest. He had been suffering with a rising in his head, but indigestion was the cause of his death. Kindly neighbors did all within their power to lighten the sorrow of his mother and father. The little one was laid to rest New Year's Day in the Olton cemetery. Besides father and mother, Wayland is survived by two sisters and six brothers. The family moved here in November and formerly lived at Cross Plains.

Mrs. J. A. Speck and sons, Elton and J. D., spent Sunday evening with Mr. and Mrs. D. C. Kimball.

Mr. and Mrs. Wm. Hall and daughters, Ruth and Ruby, Joe Moore and Mr. and Mrs. John Dillard and family spent Saturday evening at the Wood home.

J. A. Speck left Christmas Eve to visit with his son at Slaton.

Mr. Rodgers has returned from a trip to Tennessee.

Valley View is gradually getting warmed up to the subject of a rural route. Having heard numerous rumors that amounted to nothing but air, this reporter interviewed the postmaster at Plainview more than a month ago. This is what we were told: "The route cannot be more than sixty miles long; should have an average of two and one-half boxes per mile, but can be established on less, and if people get busy, map out the route and get the necessary signatures the route could be in operation in about ninety days." Is not that worth working for? This route can not run on a road used by another route, but can cross it. We have also been told that the Kress-Hart route could be extended to include the northern part of this community, but cannot vouch for the absolute truth of this statement. However, we think that quite possible. Which do you want, and are you willing to do your part? Our slogan is, "A Route in 1925."

George Day has been parking his car at the Phoenix home pretty regular for more than a year and we just thought he was bent on decreasing Valley View's population, and sure enough there was a wedding Christmas Happy Day! Miss Opal Phoenix had a winning smile that that won many friends for her in the few years that Valley View has been her home. She was ever a faithful pupil at Sunday School, and we hope will not forget the road to Valley View now that he has won the prize. We wish for these young people much happiness as they journey over the rocky roads of life together.

R. A. Greene has been slyly whispering to his younger brothers that his Christmas present was a lovely bride, and that he intends surprising Mother Green with his gift, "which he left at Olton, but will bring home to—and when we discover the identity of "Mrs. Rag" will give more of the details of the wedding. "Rag" being sweet sixteen may be "kidding" us, but we are not "kidding," not at all. Come on, young folks, get your tin cans wash tubs and all other sweet toned musical instruments and serenade the newly-weds.

Miss Velma Snyder spent the Xmas vacation with her parents at Plainview.

Miss Bessie Mae Newman and her grandmother, Mrs. Bostic, are spending the winter at Del Rio, Texas.

Elton Speck and Willie Craver went to Runningwater New Year's day. The round trip is twenty miles, and as the boys walked they got plenty of healthful exercise, and now they are claiming they toured the state.

Mr. and Mrs. Johnnie Baugh, who live on the Smith alfalfa farm, intend to move to New Mexico. It is thought that the change will improve Mrs. Baugh's health.

Thousands of Christmas parcels were ruined in the mails through carelessness in wrapping during the recent holiday season.

Funston to Try Cleanup In Schenectady

CAPT. W. H. FUNSTON

Captain William H. Funston, of the New York Police Department, admittedly one of the cleverest sleuths in the country, has been granted a three days' leave-of-absence to reorganize the Police Department of Schenectady, N. Y., where vice has been rampant, according to Mayor W. W. Campbell. The murder of Captain Albert L. Youmans after he had been threatened by an alleged vice ring proved a climax and started city officials on a hunt for a man who might prove Schenectady's General Butler.

No age is great in history, that was not marked by some accomplishment in behalf of woman.

Consider the huge factories keeping many a man busy and happy, in the making of Kitchen Cabinets. Not because they are pieces of furniture, but because they are burden bearers for women. Or the Davenport Bed. Does away with a spare room, and that means it does away with cost and work without depriving you of the pleasure of having house guests occasionally. A useful service, indeed.

There are many such things in a store like ours; women often come in and browse to find them. A good plan. It is time well spent because it means time saved and labor lightened.

FOURTH TEACHER ADDED TO LIBERTY FACULTY.

LIBERTY, Jan. 12.—Liberty is a growing and very prosperous community. As the old year leaves and the new year rushes in it finds Liberty with a new teacher. We now have four teachers in all, Mr. G. A. Lowery, Miss Jeanette Steen, Miss Ruby Kink and Mrs. E. E. Rundle. There is at present an enrollment of one hundred and three pupils and several more will probably start soon. New stoves and desks have been added to the school in the past few weeks. Large school maps have been added and the library has been enlarged with several volumes of books. Our school has also started a small laboratory.

On Tuesday, January 6th, school turned out and picked cotton. There were twenty pupils besides the teachers picked in Mr. H. K. Hartley's field. They made \$47.25. The remainder of the pupils picked at home and brought their money that they made at home. The proceeds of this cotton picking goes to the school for play ground equipment.

Some time in the fall a new stage scenery was placed in the school. There were three drops besides the front curtain. We now have the most beautiful stage of any rural school in Hale county and better than most of the high schools.

We have a good boys basketball team this year. In December they played Plainview High School boys' second team and then their first team, winning every game.

The Liberty Commercial class which was started this year consists of seven members. Some of them can write as high as thirty perfect words a minute after taking typewriter only three months. Courses are given in typewriting, commercial geography and commercial arithmetic. A new Royal typewriter was purchased by the school in the fall.

TEN BALES ON 12 ACRES MADE BY JACK MCCLAIN.

SUNSHINE, Jan. 5.—Cotton was all very good in this community, but a few crops have been much better than anyone expected. Jack McClain made ten bales on twelve acres of land, Jim and Henry Cunningham 29 bales on 36 acres, George Struve and Henry Von Struve 34 bales on 50 acres. Cotton on the Boyd farm is also very good, but not yet all picked. These fields were all planted early with Acala native seed and suffered none from hail or drouth, and was well cultivated. Getting cotton in early and cultivating well is better than planting to much and neglecting it.

Mrs. McClain and son, Elmer, were callers at the Boyd home Saturday evening.

Many people of this community attended the auction sale of mules at Hale Center Saturday.

Mr. and Mrs. W. B. Jones of Center Plains spent Sunday with Mrs. C. W. Boyd.

Mr. and Mrs. Joe Waide of Center Plains spent Sunday at the Cunningham home.

L. V. Sharp of Tullia was a visitor here for the Week-end.

It's getting baby chick time now—and the early ones are the ones worth while—and they will do best if fed properly. That means you should be using Wes-Tex Feeds to start them in and keep them coming. We have the full assortment of what's needed.

Keeping Ahead Of The Times.

You hear progressive businesses use that phrase. We not only use it we practice it. Here you will find the new things first and here you will find everything that's wanted whether it's been on the market fifty years or only a few weeks.

Fruits and Fresh Vegetables are a constant topic of interesting conversation this season of the year. Folks just can't eat too much of either to keep in the best of health in the winter time, especially.

Well, we're going to have some real building program for Plainview. That's good. We've always had faith in our future, that's why we have tried to make this the best place to buy good things to eat in the city. Lots of our friends say we've succeeded in doing so, but we don't expect to quit trying to always do better.

School opened Wednesday after a week's vacation. Several new students are in attendance.

Miss Frances (Dot) Cunningham of Sunshine and Henry Von Struve were married at Plainview December 28th by Rev. Johnson of the Christian church. This came as a great surprise to the neighborhood, as only a few intimate friends knew of it. They were accompanied to Plainview by Miss Pauline Cunningham, sister of the bride, and Randall McClain. The bride is the daughter of Mrs. W. F. Cunningham of this place and has lived here all her life. The groom is a son of United States Consul H. C. Von Struve, and has farmed here the past year with his uncle, George Struve. The young people left New Year's day for a visit to his father and mother at Calexico, Calif. The bride was the primary teacher in Sunshine school.

Miss Margaret Natfzar of Olton was employed to finish the primary term of school in place of Miss Cunningham, resigned.

Ross Bush returned Wednesday from a Christmas visit to Wise county. He was accompanied home by Jack Allcorn, who will visit his grandmother, Mrs. I. A. McClain.

Mr. and Mrs. Jack McClain, Mrs. Charlie Redinger and Elmer McClain attended the Christmas Follies show at Plainview Tuesday night.

A very large crowd attended the Hansen sale here Wednesday in spite of a very disagreeable day. Mr. and Mrs. Hansen sold out everything, and

having rented their place, will spend the winter at Glenrose for the benefit of Mr. Hansen's health.

Mr. Ellington of Center Plains, who has rented the Hansen farm, moved in Saturday. We are very sorry to lose our old neighbors, but we are glad to welcome the new, and hope they will like to live here. Mrs. Ellington will board the teachers, Misses Cropper and Natfzar.

Mrs. Knoobuizen, Mrs. Barney Rushing, Mrs. Ed Boyd and Mrs. J. P. Flake of Plainview spent Wednesday with Mrs. C. W. Boyd at her home here.

A large party of friends chivariated Mr. and Mrs. Henry Von Struve and Mr. and Mrs. Jack McClain at the home of Mr. and Mrs. Arthur Redinger Wednesday night. From all accounts everybody had a lot of fun, including the brides and grooms.

HALE CENTER CHAMBER OF COMMERCE ORGANIZED.

CATTLE AND HOGS LOWER; SHEEP HIGHER IN KANSAS CITY.

STOCK YARDS, K.C., Jan. 9.—Prices for most classes of fat cattle declined moderately this week. Choice to prime yearlings and medium weights were steady. Choice heavy weights though not higher, sold readily, but no higher. However, the bulk of the short fed steers were 25 to 40 cents lower. Most classes of butcher cattle were down 25 cents. Another heavy run of hogs in Chicago and more Eastern markets caused a general decline in prices. Here receipts were light and the market remained relatively high. After reaching a new high position for the season on Wednesday the sheep market eased off some but remained higher than last week.

This Week's Receipts.
Receipts this week were 44,300 cattle, 7,750 calves, 63,675 hogs and 23,925 sheep compared with 37,050 cattle, 4,900 calves, 52,825 hogs and 25,550 sheep last week.

Beef Cattle.
Though trade in fat cattle developed considerable unevenness, the general tendency was downward. Here receipts were moderate but the heavy runs to more Northern and Eastern points continued and had a depressing influence. Tuesday and Wednesday there was a showing of strength, but this disappeared later, and the close on most classes of short fed steers was 25 cents under last week. However, some prime yearlings at \$11.00 to \$12.25 on Thursday were strong, and in the course of the week some heavy steers at \$9.75 to \$10.15 were fully steady. The bulk of the short fed steers sold at \$7.50 to \$8.50 and were fully 25 cents lower. Cows and heifers were quoted 25 cents lower, except the choice classes and they were scarce at steady prices. Veal calves were steady to 50 cents lower, top \$10.00.

Stockers and Feeders.
Light receipts continued to limit the trade in stockers and feeders. Prices ruled stronger. There was a material increase in the demand for fleshy feeders. More than 1,000 stock calves from Marfa, Tex., sold at \$6.10 to \$8.70 at special auction. The average was \$7.70.

Hogs.
Hog prices eased off this week and closed about 35 to 40 cents under last week's high point. The top price today was \$10.35 and bulk of sales \$10.00 to \$10.30. Packing sows sold at \$9.50 to \$9.75, and pigs and stock hogs at \$7.00 to \$7.75. This week brought another heavy movement of hogs from the Northern and Central sections of the corn belt, and Omaha, St. Paul and Chicago runs were near records for early January. Here receipts were moderate and the market remained relatively higher.

Sheep and Lambs.
There was a sharp advance in sheep and lambs early in the week, and the

market reached a new high position for the season on Wednesday, with best lambs bringing \$18.35. Since then there was an easier tone to the trade. On the close lambs were quoted at \$17.50 to \$18.00, ewes \$9.50 to \$10.00, wethers \$10.00 to \$11.00, and yearlings \$14.00 to 15.00.

Horses and Mules.
Mules were quoted up \$10.00 a head, and horses were steady this week. Demand has broadened considerably.

THINK RIGHT.

Think smiles, and smiles shall be;
Think doubt, and hope will flee.
Think love, and love will grow;
Think hate, and hate you'll know.
Think good, and good is here;
Think vice—its jaws appear!
Think joy, and joy ne'er ends;
Think gloom, and dusk descends.
Think faith, and faith's at hand;
Think ill—it stalks the land.
Think peace, sublime and sweet,
And you that peace will meet;
Think fear, with brooding mind,
And failure's close behind.
Think this: "I'm going to win!"
Think not on what has been.
Think Victory; think "I can!"
Then you're a "winning man!"

SOLUTION OF LAST ISSUE.

GORMAN WINS FROM ROSCOE IN BOUT STAGED BY FIREMEN.

Good patronage was accorded the wrestling exhibition at the City Auditorium Friday evening, when Jack Gorman came out winner over Bobby Roscoe. Roscoe took the first fall in 51 minutes with a headlock and arm strangle. The second fall went to Gorman in 41 minutes. He used a wrist lock. In the second round Roscoe sustained injuries which will probably put him out of the game for several weeks. He forfeited the bout to Gorman by failure to appear for the third round.

The preliminaries were good. A real stunt was provided in a two-round bout between the small Gober twins. They mixed in it real brotherly style, much to the delight of the big bunch of fans.

Nance and Matlock, two youthful grapplers produced an interesting two rounds. They wrestled hard and showed good form for youngsters. Lester Nance and Rippey, two youngsters, boxed two one-minute rounds.

Much interest was shown in a ten-

minute wrestling bout between Langston of Plainview and Koch of Matador. Koch is a young wrestler who shows good form and has a wonderful physique. Plainview fans are hopeful that he will be matched with someone in his class here in connection with another good match.

Chief Reynolds of the Plainview Fire Department, which has sponsored several recent bouts, states that the Department will continue to put on exhibitions as long as first-class wrestlers can be booked.

STOCKHOLDERS OF B. & L. ASS'N MEET

Plainview Company is Assisting Many to Build Homes on Money Furnished by Local Capital.

The annual meeting of the stockholders of the Plainview Building and Loan Association was held Monday evening, January 12th, in the basement of the Presbyterian church.

A light lunch of sandwiches, coffee, and old time pumpkin pie was served which was prepared by Mrs. W. E. Risser and Mrs. E. H. Perry.

There were fifty-six present at the meeting and 805 shares of stock represented.

The meeting was called to order by President C. D. Russell. Rev. J. W. White responded to the invocation. Mrs. Harold Hamilton entertained the company with several piano selections.

After lunch, President Russell made a short talk upon the subjects of general interest to the members, after which R. A. Underwood gave a short discourse upon the subject of "A Systematic Savings," treating the subject in a broad, practical way and bringing out the fact that one who saves systematically always has an advantage over others in the matter of credit, and is far more sure of having a comfortable competency in the years

to come than the one who has no system in his savings.

A. E. Boyd was called upon and made a most interesting talk, explaining how much more there is to this organization than he had supposed possible when he first became a member. He endorsed the work that has been done very strongly, and felt that it was worthy of enthusiastic support by our citizens, and especially so when it has proved such a fine dividend producer. G. W. McDonald, president of Wayland College, also gave his endorsement to the organization and recommended it to all as a safe and sound association offering the greatest possible opportunity for systematic savings.

Dr. C. C. Gidney, told of the wonderful work the building and loan association has done for his old town, and stated that the bankers there were enthusiastic in their endorsement of the work of these organizations, pronouncing them as great town builders and institutions producing large profits, coupled with perfect safety.

The meeting then proceeded with the regular business and after reading of minutes by Secretary E. H. Perry, of the last annual meeting and his general report of the work done during the year, the election of Board of Directors for the ensuing year was taken up, and on motion by G. W. McDonald, seconded by W. J. Mitchell, the old board was unanimously elected to succeed itself.

Meeting then adjourned and the board of directors met and perfected organization by electing the old officers

for the new year, after which adjournment was taken to next regular meeting, which is the second Monday in February.

The secretary submitted a printed card showing the final balances for the years 1923 and 1924, so arranged that the growth was readily seen.

As there are no salaries paid, the expenses of the association are held down to the minimum. The secretary is allowed the remnants of the memberships after office expenses, advertising, offices supplies, etc., are first paid from this fund.
