

# JUNIOR FAT STOCK SHOW SLATED TUESDAY!

## Record Number Hogs, Calves To Be Exhibited

The Terry County Junior Fat Stock Show here Tuesday holds much promise of being better and larger than any of the other 13 annual events preceding it.

Waiting for various winners in the cattle and swine divisions is a total of \$4,000, donated by Terry County merchants and individuals.

Judging of the swine will begin at 9 a. m., by the head of Texas Tech's Animal Husbandry Department, Stanley Anderson. He'll judge the calves at 10:30 a. m.

Site of the near-day-long session will be at the new cotton seed delinting plant currently under construction on Lamesa Highway.

The big stock show event for Terry County 4-H members and Future Farmers is the 14th sponsored by Brownfield Jaycees.

Weigh-in time for the livestock—100 hogs and 60 steers—is from 2 p. m., until 8 p. m., Monday, with swine entries at the show site and calves at South Gin, Inc.

A commercial sale will be held at the show ring, beginning at 2 p. m. All livestock, said Jaycee officials, will be divided into groups for sale unless an exhibitor does not wish

to sell his animal.

"If the exhibitor does not wish to sell his animal," said Jaycee President Jimmy Billings, "he must so inform his department superintendent before the sale.

Superintendent of the calf department will be Raymond Green, and of swine, James Willis.

H. L. (Hub) King, chairman of this year's show, explained Friday:

"The Terry show is unique in being a commercial event. All steers are placed according to government grades of prime, choice, good and standard.

"Prize money is awarded on the basis of what the FFA or 4-H member has accomplished with his animal. All livestock is sold at packer bid, and prize money is divided according to animal placing.

"Swine classes will have up to 15 placings, according to the number of entries, with most prize money going to the top five hogs."

Owners of the grand champion barrow and grand champion steer will receive special awards from Alvin Davis, agriculture advisor of Brownfield State Bank and former Jaycee president.

## J. M. Trussell Now In Race for Prec. 3 Commissioner

J. M. Trussell of Route 1, Meadow, has authorized the NEWS to announce his candidacy for commissioner of Precinct 3 in the up-coming elections, subject to the Democratic Primary in July.

Said Trussell: "I am now in the race for commissioner of Precinct 3, in which I have

J. M. TRUSSELL

lived and farmed since moving to Terry County in January 1935.

Trussell continued: "It is my firm belief that the duties of the commissioner extend far beyond the bounds of his precinct. There is the matter of strict economy in all government spending, whether it be on the precinct or state and national levels."

Mr. and Mrs. Trussell have two daughters living in Terry: Mrs. Jack E. Brown of Pool Community and Mrs. James Trim, owner of Crystal Cleaners on Lubbock Road.

Trussell, a member of the board of trustees when Meadow Independent School District was organized, concluded: "I

## Mrs. Cecil O'Neal Dies Here Friday; Rites Held Saturday

Funeral services for Mrs. Cecil L. O'Neal, 51, of 503 East Buckley, were held Saturday in First Methodist Church with the Rev. James Tidwell, pastor, officiating.

Mrs. O'Neal, a member of a prominent Terry farming family, died at 10:30 a. m. Friday in Treadaway-Daniell Hospital.

She was the former Laura Bettie Forbes. She was married to Cecil O'Neal at Meadow in 1925 and had resided in Terry since 1917.

Burial was in Terry County Memorial Park under direction of Brownfield Funeral Home.

Survivors include the husband; a son, Johnny, of the home; two daughters, Mrs. George Hudspeth of Route 1, and Mrs. Leo Wenzel of Route 1; her parents, Mr. and Mrs. W. P. Forbes Sr. of 320 West Buckley; three brothers, W. P. Jr., Harold and Carol, all of Route 1, and two sisters, Mrs. Joe Mentor of Miami, Fla., and Mrs. Lloyd Dawson of Lubbock.

DARWIN CARGILL

## Darwin Cargill Will Seek Post Of Prec. 3 Commissioner

Darwin Cargill of 515 North Fifth told the NEWS Thursday that he would be a candidate for commissioner of Precinct 3 in the up-coming elections, subject to the Democratic Primary in July.

Said Cargill: "After due consideration for the voters and myself, I have decided to seek the office of commissioner of Precinct 3.

"I was born near Gomez 27 years ago, and except for a short time, Terry County has been my home since birth. For seven years I lived in the west part of Brownfield. I now live at 515 North Fifth.

"Although I have had no experience in politics, I have dealt with the public on numerous occasions, and feel that I could serve justly the people if elected to the office."

Cargill continued: "I now am engaged in the farm machinery business. It is my wish to see everyone before election date if the people see fit to elect me. I will serve the office with diligence and will try always to act in the best interests of the people."

## SNOWED UNDER!

## Campaign's Blossoming

Tabulation of votes, as we enter the second week of the Brownfield NEWS Good Will subscription campaign, finds only a few separating many of the workers.

While circulation is going up, up and up — votes soon will go down, down, down.

The first period, in which the votes are highest, closes April 28. Help your candidate now! All indications point to a record number of votes pouring in at that time.

New subscriptions and renewals to the Brownfield NEWS have come in so fast since we started our big campaign April 10 that we literally are "snowed under" in trying to keep our mailing list up to date.

If your Brownfield NEWS is not marked up for the next few weeks, please do not worry. Every effort is being made to up-date the mailing lists. Your newspaper will be along to you quite soon.

## Barnes Is Elected President of Lions

Homer Barnes of 806 East Hester was elected president of Brownfield Lions at the organization's luncheon meeting Wednesday in The Party House.

Other officers elected were Paul Farrar, first vice president; Joe Collum, second vice president; L. J. Richardson Jr., third vice president; Tom Harris, Lion tamer; O. Dell Sears, tail twister; Dave Nicholson, secretary-treasurer; Kenneth Watkins, assistant secretary-treasurer, and Billy Moore and Doug Cox, directors.

The group will take office July 1. Installation ceremonies have not been set.

In other business, Sid Lowery, president, urged members to attend Lions District 2T-1 meeting at Dalhart, Final plans for the convention, which will be held April 24-26, will be made Wednesday, he said.

## Legion Post Will Host Convention

Members of Brownfield's Howard-Henson Post 269, The American Legion, are making ready to entertain visitors from 39 Texas cities here next Saturday and Sunday.

Occasion will be the annual convention of District 18.

Top Legion officers scheduled for speaking roles are Warren G. Moore of Tyler, commander of the Texas Department; C. B. Cathey of Hamilton, commander of the 5th Division, and Raymond Andrews of Big Spring, commander of the district.

Lejeune Lincoln, commander of 269, strongly urged Friday that members of the Brownfield post make their plans now to attend and be a part of the two-day session.

## RE: FARM LABOR

## Muldrow, Gillham To U.S. Capital

Two Brownfield men will attend a meeting of the nation's agriculture leaders and U. S. Department of Labor officials in Washington, D.C., Wednesday through Friday to discuss recent reductions in bracero farm labor.

J. O. Gillham, president of Brownfield State Bank, and A. M. Muldrow of 321 South Club, member of Texas Bracero Committee, will attend the meeting in the nation's capital.

The meeting will be an attempt to iron out the present labor situation in the Southwest, and future needs of the area, said John J. Kendrick, executive vice president of First National Bank.

Kendrick said some 15 to 20 Terry farmers and farm officials attended a meeting in Big Spring Friday, bringing area agriculture leaders up to date on the bracero labor situation.

## TO EL PASO—

A record number of Masons left Brownfield early this morning for El Paso, where they will take part in the 105th reunion of El Paso Scottish Rite Bodies.

The group pictured right — and seven others not shown — will be engaged until late Thursday in work for their 32nd degrees. From left standing: John Cadenhead of Meadow, Kenneth Purcell of 1214 East Main, Gay Price of 402 East Felt, Crawford Taylor of 804 East Broadway, Jimmy Billings of 1008 East Lons, Tom Crudup of 502 East Lons, Byron Rucker of 1010 East Buckley, and Dean Murphy of 1008 East Lake.

Palladium; Burton G. Hackney, and C. K. Kendrick, 33rd, who will accompany the group and another group of 21 Brownfield Masons who will receive the 32nd degree after four days of strenuous work. The entire El Paso-bound party left early this morning. (NEWS-photo)

### Levelland Judge To Be Head Of Texas Highway 51 Group

SEAGRAVES, April 17 — Judge Paul Williams of Levelland today was elected president of Texas Division of International Parks Highway Association at a meeting attended by some 45 persons.

The group, which met at the Gaines County Party House 8 miles south of here, also elected Tom Yarbro of Marathon, first vice president and Joe Albright of Andrews, second vice president.

Williams appointed Bob Walker, Levelland Chamber of Commerce manager, secretary-treasurer of the organization for the coming year.

Attending from Brownfield were Judge Herb Chesshir and Joe Satterwhite, C-C manager and vice president of the international association.

Satterwhite, reporting on progress of the proposed highway extending from Regina, Canada, to the Mexican border, told members the six states involved rapidly are pushing construction along the route to meet federal approval.

"The only problem spot we have encountered is in a small strip of Oklahoma," he said. "We hope to get that ironed out at a meeting of state highway engineers in Denver slated in the near future."

Satterwhite urged members to attend the international meeting slated for June 13-15 at Hot Springs, S. D.

Introduced by Chesshir, featured speaker at the luncheon meeting, hosted by Gaines County commissioners, was Jack Fisk, field director of Texas Good Roads Assn. He was introduced by Judge Chesshir.

Fisk urged the group to tell residents of their counties about the situation faced by the Texas Highway Department.

"During the next session of the Legislature, our representatives will be casting about for funds without raising taxes," he said. "If the people allow legislators to take money from

### BY MAYOR Law Day Is Proclaimed

We are proud of the things we own that other people can see. But we sometimes forget to be proud and grateful for the invisible things we own that mean so much to us. Our freedom is the perfect example.

Individual freedom under law is the birthright of every American. It is the source of the conviction and courage with which we utter protest when our rights are violated. We know where we stand because we are united with all of our fellow citizens in support of the law of our land, in support of equal justice for all.

This liberty and equality we enjoy as individuals has allowed us to grow as a nation to a position of world power and

leadership. It is a testimony to the success of our system over those systems which enslave mind and property and threaten the safety of free men.

Without laws and courts, the freedoms we often take for granted would be meaningless. This important truth is to be recognized publicly in a nationwide observance of LAW DAY U.S.A., to be held on May 1, 1958. The citizens of Terry County have been invited to participate by reflecting on the gratitude we owe as individuals and as a nation to the law, and by joining in public activities sponsored by the Brownfield Bar Association, local schools and civic organizations of Brownfield.

LAW DAY U.S.A. is the first national celebration of its kind. It will focus attention on the important role of law in America's growth and achievement and demonstrate to the world the unity of American citizens in respect for the law and determination to maintain justice under it. Observance of

### Delphians To Offer Award

Mrs. J. W. Harrison of 1421 East Reppto was presented a new members corsage when Delphian Study Club met Wednesday afternoon in Seleta Jane Brownfield Clubhouse.

Mrs. John Raybon of 1008 Old Lamesa Road, Mrs. C. L. McLendon of 1407 East Reppto and Mrs. J. U. Borum of 604 East Reppto were voted mem-

bership in the club. Mrs. Paul Ward presided over the meeting and appointed the committee, Mmes: Nathan Chesshir, George Steele and W. T. Pickett, to select a senior student from Brownfield High School for the annual club scholarship of \$250.

Hostesses, Mmes. John Hansard, Claud Buchanan and K. B. Sadlier, stressed the spring theme in decorations with a centerpiece of yellow and purple iris, on a white linen cloth.

Those attending the meeting were Mmes. Wayne E. Brown, Buchanan, Hansard, Buck Howell, D. A. Lowe, W. P. Norris, E. C. Pool, E. E. Preston, K. B. Sadlier, Steele, Ward and the new member.

Now THEREFORE, I, Arlie Lowrimore, Mayor of Brownfield, do hereby proclaim Thursday, May 1, 1958, as LAW DAY U.S.A. in Terry County and call upon all citizen, organizations and schools to recognize this special day and to join in its observance.

**THE COOKS**—A total of nine quarters of beef was barbecued for the 1,500 who took part Thursday night in the annual membership meeting of Farmers Cooperative Society No. 1 Gin and Farmers Cooperative Fuel Station. Men performing the admir-

able task were, from left: Glen Reid, Lence Price, Buck Albert, Bill Blackstock, Ed Whitaker, Jim Martin and Adrian Hinson. Attendance at the event was a record, cooperative officials believe. The crowd saw more than \$35,500 in dividend and stock

payments made. New directors elected during the meeting were James Martin and Grady Dixon (reelected) and T. G. Sexton. A veteran director, Jess Smith, retired, but retains the honorary title. Present from Lubbock were Tom Brown, representing the

press and oil mills, and J. R. Thompson of Plains Co-Op Assn. Dividend payments of one-half cent a gallon on butane and 10 per cent on some old stock (1937-1949) also were made. (NEWS-photo)

Panie! What can you do without a telephone? This silence is boring.

Only one more six week period. It doesn't seem possible that in five more weeks this school year is finished.

Wednesday night, the high school cafeteria was decorated in the Hawaiian motif by DE students for their annual Distributive Education Banquet. The Invocation was given by Mr. Rucker, Don Green served as master of ceremonies, and Mr. Satterwhite gave the benediction. For mid-evening entertainment, Gene Mason introduced Hawaiian celebrities in their native costumes, Doris Ratliff, Sue Shewmake, Bettie Ann Davis, Mary Jane Brownfield, Linda Bost, Leenell Cheshir and Mary Joe Christian, who presented the hula. Another number for the evening was a vocal duet by Carol Ann Mayfield and Pat Vinyard.

The prophecy of the senior class is being formulated. Their first meeting was at Doris Ratliff's home on Thursday afternoon. Those composing the committee are: Chairman Gene Mason, Eugene Hughlett, Preston Glenn, Eldon Johnson, Mary Ruth Venable, LeNora Turner, and Patti Wilder.

**VFW Post Is Cited For Activity Record**

Brownfield VFW Post received special recognition as a "Honor Roll Post" Sunday, at a four-district meeting held in Lubbock.

The honor is received on their work in youth, community and rehabilitation projects and for attaining their membership quota. The Brownfield post rated 100 per cent in all categories.

Attending the meeting from Brownfield were Bill Rice of 401 West Powell, commander-elect; Charles D. Brown of 505 East Reppito, quartermaster-elect, and Jack Aldrup of 120 West Broadway, commander.

**WGA Slates Play At BCC on Wednesday; Golf Being Taught**

The Women's Golf Association of Brownfield Country Club will open Wednesday's play with a breakfast at 8:30 a.m. in the club.

Hostesses will be Jane Shirley, Wanda Knox, Evelyn Cruce and Helen Walker. Low net and low gross winners in golf for the day will be awarded golf balls.

When the WGA held their weekly Play Day last Wednesday, each member brought a bundle of old clothes, that were drawn at random to be worn at play. Players turned out in ruffled formals, floppy knickers, night gowns and "Gay Nineties" bathing suits.

Peggy Elliott and Lynn Hoey won blind bogey in the 18 hole flight and Docky Germany in the 9 hole flight.

Evelyn Cruce, golf chairman, urges all women of Brownfield Country Club to join the WGA. At the present time, it has a membership of 40.

C. G. Griffin, club pro, has a beginners class in progress. No charges are made for the instructions.

With her, from left, are Bobbie Nell Richardson, daughter of Mr. and Mrs. A. E. Richardson of 1007 East Cardwell; Mrs. Jenkins; Mrs. Virgil Crawford of 1216 East Repto, president, and Mary Jane Brownfield, daughter of Mr. and Mrs. Lee Brownfield of 508 South C. They are admiring a doll-replica of a graduating senior girl. In speaking, Mrs. Jenkins stressed the need of an education, though the student plans to marry, by pointing out the modern trend of women going back to their jobs after their families are reared. The speaker was introduced by Mrs. Crawford. Centerpiece for the table was a red styrofoam cub-dressed as a senior. Red and white BHS pennants and white cookies topped by red roses added to the school theme.

**General Telephone, CWA Continues To Negotiate Dispute**

(Special To The NEWS)  
SAN ANGELO—Negotiations between General Telephone Company of the Southwest and Communications Workers of America-CIO continued this week in a meeting with Walter C. White, commissioner of the Federal Mediator and Conciliation Service.

White, who will meet with the company and union again Tuesday, was called into negotiations after the two groups reached a stalemate over union vacation demands. Negotiations began March 17.

The company has offered a wage increase "taking into consideration all economic factors," said Mark F. Cooper director.

Cooper said the major point of difference concern the union's demands for a three-week paid vacation for employees after 10 years' service, and a four-week paid vacation for employees with 15 year's service.

General's present vacation program provides paid vacations of one week after one Year's service, two weeks after two year's service and three weeks after 15 year's service.

**Last Rites Held For Mrs. Sam B. Sexton**

Funeral rites for Mrs. Sam B. Sexton, 40, of Route 1, were held Saturday in Assembly of God Church with the Rev. J. R. Brasher, pastor, officiating.

Mrs. Sexton, who lived 7 1/2 miles north of here on Lubbock Highway, died at 8:15 a.m. Friday in Treadaway-Daniell Hospital after a short illness.

She had resided in Terry about 16 months. Sexton is a farmer.

Surviving are the husband; a daughter, Mrs. Marjorie Floyd of Brownfield; three sisters, Mrs. Hazel Pollock of Farmington, N.M., Mrs. Ruby McDonald of Seminole, Okla., and Mrs. Eva Jeffers of Dallas; four brothers, S. B. Abbott of Farmington, Ross of Dallas, Delbert and Earl, both of Kermit, and one grandchild.

Burial was in Terry County Memorial Park under direction of Brownfield Funeral Home.

**Services For Mrs. McCullough Today**

Mrs. Clyde McCullough of Brownfield, 28, died Friday noon in a Levelland hospital after a short illness.

Final services were to be held this afternoon in Northside Baptist Church, will burial in Terry County Memorial Cemetery by Brownfield Funeral Home.

She is survived by her husband; one son, Jimmy Wayne; mother, Mrs. Chuck Wilson; one sister, Mrs. Amy Raider of Fort Worth, and three brothers, Jimmie Campbell, Bobby Rosson and Billy Rosson, all of Brownfield.

**Druggists Stress Consistency of Ads**

By WELDON CALLAWAY  
NEWS Advertising Manager

The super-drug store of today, selling a great variety of goods, depends heavily on advertising.

Only through good advertising can the druggist build the large volume of sales which enables him to keep his margin of profit high. The successful drug store operator, then, should be able to speak with authority on the uses of advertising.

Last month Printer's Ink, a magazine of marketing, conducted a survey in ten major cities to study the attitudes of druggists toward advertising.

The magazine reported that two of the nation's major drug chains, Walgreen and Liggett-Rexall, invest 95 per cent of their advertising funds in newspaper space and find it "a highly effective medium."

The druggists stressed the importance of frequency and sustained effort in advertising. Lack of consistency in advertising was reported as a frequent cause of failure in a sales promotion.

The druggists stated that the heaviest advertised items sell best. "All of the druggists agreed that the majority of their customers were pre-sold through advertising," the magazine reported.

The results of the survey will not be surprising to any retailer

**Safety Meet Slated In City Hall For All Interested Persons**

Terry mayors, law enforcement officials and interested citizens have been invited to attend a traffic safety program at 9:20 a.m. Wednesday in City Hall, according to Judge Herb Chesher.

The meeting, called at the request of Governor Price Daniel, will discuss methods of reducing traffic deaths in the county. The meeting will be opened with a 15-minute radio broadcast by the governor

who is a careful observer of the shopping habits of the public. All the old principles were restated—frequency, consistency, and the newspaper as the basic retail medium. These principles still hold for the most modern of retail operations.

*pretty good mileage*

This little lady has put a lot of mileage on those soles, and they've served her well as a foundation. She also needs another kind of foundation which is a great deal more important and much harder to build properly; that is her spiritual foundation. It doesn't take much guidance to toddle about, but when one begins to run and leap through life, she needs secure inner direction. There is only one unshakably safe basis for life and that is the right relationship to God. Be sure your children, even as toddlers, learn to start right and stay right with God.

Is something wrong with your life — an inner restless dissatisfaction? The answer to every human problem comes only from God our Maker. He alone can forgive and reassure. Through the church God has committed the provision and proclamation of His forgiveness and redeeming love. Without a church relation no one is securely related to God. *Everyone should be in the Church and the Church should be in everyone!*

"ESCAPADE IN JAPAN" — Jon Provost entertains a bevy of Japan's loveliest Geisha girls in RKO's "Escapade in Japan" which opens today at the Regal. He co-stars with Teresa Wright, Cameron Mitchell and movie newcomer, Roger Nakagawa.

**Japanese, American Actors Create Unusual Movie, 'Escapade in Japan'**

A new and enchanting vision of the Orient comes to life on the screen in RKO's "Escapade in Japan" which opens today at the Regal Theatre.

Blue-eyed, tow-headed Master Provost portrays the youngster. But the lad's plane is lost in the Pacific and Jon, the lone survivor, is saved by a Japanese fisherman.

The Nakagawa boy, who speaks enough English to act as interpreter, plays the fisherman's son. Propelled by a childish fear of police, the two kids head for distant Tokyo, alone.

While Jon's parents despair, and an official boy-hunt spreads out across the land, the runaways disappear among the villages, teeming cities and rural labyrinths of the real Japan.

excitement begins they await the arrival by plane of their little boy.

**TO THE CITIZENS OF TERRY COUNTY . . .**

Each year the boys and girls all over Terry County go to a lot of trouble and expense to show their animals in this show. You may not know it, but it means a lot to these kids to have you visit on this day to view their animals which represent many hours of labor.

**TO THE PARENTS . . .**

If you ever doubt the value of having your boys and girls participate in 4-H and FFA Club work, we invite you to talk with adults now who were once in these organizations. **WE SALUTE YOU . . .** for your part in making this show successful.

**TO THE JAYCEES . . .**

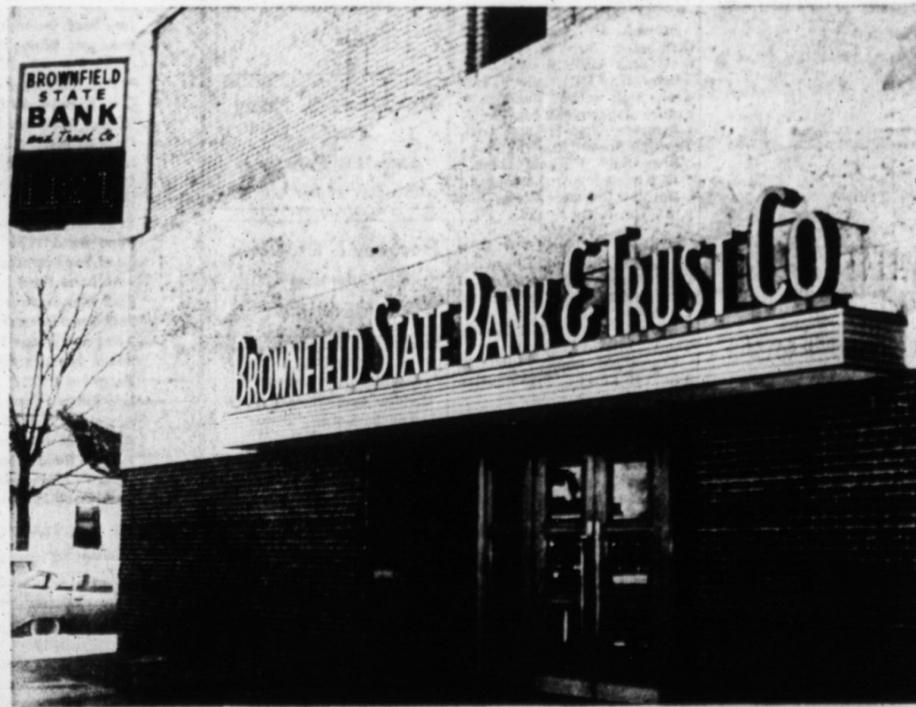

We want to give credit to a fine organization of young men who have successfully sponsored this show for a number of years.

**TO THE 4-H GIRLS AND BOYS AND FFA BOYS . . .**

We believe in giving credit where the credit is most due and that is to you boys and girls who have successfully completed your animal feeding projects. **CONGRATULATIONS FOR A JOB WELL DONE AND GOOD LUCK TO YOU IN THE YEARS TO COME.**

**Maids and Matrons Hear Program on Teen Safety**

A group of high school students under the direction of Coach Charles M. Keese gave a program on "Safety" for Maids and Matrons, when they met Tuesday afternoon in Seta Jane Brownfield Clubhouse.

Keese directed the discussion as Mont Muldrow, Gary White, Donna Sue Nelson and Patsy Hulse explained rules to be observed by "Safe Teen Drivers." They told of ways the student council had assisted in developing a safety program for the school. They explained the use and need of a so called "Drag Strip" in Brownfield.

Mrs. J. M. Teague Jr., program chairman and acting in behalf of the club, presented a gift of appreciation to Mary Jane Brownfield, daughter of Mr. and Mrs. Lee Brownfield of 608 South C, for being named

outstanding senior in Seventh District of Texas Federation of Women's Club. Mrs. Brownfield, was introduced.

Refreshments were served from a table carrying out the spring theme with a yellow cloth and a centerpiece of yellow daisies. Hostesses were Mmes. Terrill Isbell and J. L. Crow.

Members attending the meeting were Mmes. W. A. Bell, Teague, John Cadenhead, Paul Blackstock, W. R. Tilton, John Clark, O. B. Larner, John B. King, J. A. Jackson, John Portwood, A. W. Butler, W. B. Monday night, April 5, in Munday. Mr. Hughes' mother, Mrs. J. I. Hughes, and his brother, Elza, had been visiting in Brownfield and Lubbock.

Mrs. Sue Bennett of 907 B East Reppto, traffic instructor, spent the weekend of April 5 in the home of her aunt, Mrs. J. G. Nisbett of Dumas.

Mrs. Maxine Wotipka of 907 B East Reppto, commercial instructor, spent the weekend in Lubbock.

Mrs. Betty Lou Smith of 309 South Second, local operator, spent Eastern Sunday visiting with her parents, Mr. and Mrs. D. T. Cox of Denver City.

Mrs. Alta Swafford, local operator, is back to work after a six-month leave of absence.

Curtiss Mull, 8-year-old son of Mrs. Jean Mull of 420 South Third, has returned to his home from Treadaway-Daniell Hospital after an appendectomy.

Mr. Curtis Scott of 1415 East Reppto has returned to his home after having major surgery in Methodist Hospital in Lubbock. Scott is the Western Division plant superintendent.

Visitors in the local office Monday, April 14, were Mrs. James Murdough and Mrs. Josie Sterling with 15 Brownie girls. We enjoyed very much having them.

**ACS DESERVES ALL POSSIBLE PUBLIC SUPPORT**

**April, Being Cancer Control Month, Offers Chance To Fight The Killer**

This is Cancer Control Month, the annual occasion for the American Cancer Society's Cancer Crusade.

That great public service organization is the only national voluntary health agency fighting cancer on three fronts — through research designed to find new methods of cure for this disease and eventually to conquer it, professional and public education, and service to cancer patients.

Momentous strides are being made in the attack on man's cruellest enemy. In the last 20 years more progress has been made in understanding cancer than in all the previous history of mankind.

This is largely due to the fine assistance volunteers in the April Crusade, both men and women, have given to the ACS.

More people die of cancer each year, but more are being saved from it. Until the spring of 1956, statisticians estimated that one in four Americans who had cancer was being cured.

At the Third National Cancer Conference in Detroit in June 1956, it was disclosed that one

in three was being saved. From one-in-four to one-in-three means that some 38,000 lives are being saved annually which would have been lost to cancer a decade ago.

In all, about 150,000 are saved in this country each year. That is heartening, but physicians agree that one in two—half of those who develop cancer, or 225,000 — could be saved today by earlier diagnosis and prompt treatment.

The society has led the way in the greatest research attack ever launched against a single disease, and has devoted nearly \$60,000,000 to research since World War II. Its spokesmen have been leaders in persuading Congress to appropriate large sums for this work.

The American Cancer Society is not a permanent organization. It is working hard to put itself out of business. It will last only until cancer is conquered.

Public contributions to enable the society to carry on its attack have mounted from less than a million dollars in 1944 to more than \$29,000,000 in 1957.

**ABOUT EXPERIMENTAL JET PLANES**

**Powerful Drama Slated When Rialto Screens Thriller, 'Destination 60,000'**

Pitting man against the elements, with jet plane test pilots running out of sky at speeds faster than lightning, "Destination 60,000," as power-packed a motion picture thriller as has ever been filmed, opens Wednesday on the screen of the Rialto Theatre. Starring Preston Foster, Coleen Gray, Pat Conway and Jeff Donnell, the Allied Artists release is the dramatic bombshell story that pictures the super-sonic, super-space dream of tomorrow. In an unusual technique of story-telling, "Destination 60,000" unfolds an unexplored avenue of excitement as a man-

driven bullet of the skies screams 20 miles above the earth. A good portion of the motion picture was filmed at the huge Douglas Aircraft plant at Santa Monica, California, and at the Edwards Air Force Base, thus giving added authenticity to the thrilling aerial scenes that play such an important part in the telling of the story. Former supersecret information was made available to Producers Jack J. Gross and Philip N. Krasne, and Director George Waggner, in order to give "Destination 60,000" a never-before-seen timeliness.

**DESTINATION 60,000** — From left are Coleen Gray, Pat Conway and Jeff Donnell as they watch the skies for an experimental jet plane long overdue from a supersonic flight in the air-speed drama, "Destination 60,000" slated to start Wednesday at the Rialto.

Foster heads the cast of performers with his usual capable acting performance, as the owner of an aircraft manufacturing company, and former flying ace. Conway shows up brilliantly in the role of a brash young test pilot. Miss Gray supplies the romantic interest in "Destination 60,000," as Foster's office secretary who has a more than business interest in young Conway. Miss Donnell gives a delightful and tender performance as the wife of Foster and the mother of little Bobby Clark, 11-year-old who shows surprising talent. Denver Pyle, a polished performer, as usual, is excellent in the role of a fearless jet test pilot. Remarkable photography by ace cameraman Hal McAlpin is definitely one of the highlights of "Destination 60,000." Director George Waggner, who also wrote the screenplay, has done an intriguing job of cleverly dramatizing this story of the designing of a new jet, with a revolutionary-type fuel.

**'Bonjour Triestesse' To Be Screened Here Today; Has Star-Studded Cast**

Francoise Sagan's celebrated romantic best-seller has been brought to the screen in Otto Preminger's "Bonjour Triestesse," a Columbia release starring Deborah Kerr, David Niven, Jean Seberg, Mylene Demongeot and Geoffrey Horne.

The CinemaScope-Technicolor drama was filmed on location in Paris and on the French Riviera. "Bonjour Triestesse" is the dramatic, sensitive and searching story of a fabulous summer on the Riviera. Producer-director Preminger assembled a truly international cast for the filming of Miss Sagan's international best-seller, teaming Miss Kerr, three-time Academy Award nominee, and Niven, who is more popular than ever as the result of his role in "Around the World in 80 Days." For the key role of the teenager, Preminger cast young American actress Jean Seberg who was Preminger's choice over thousands of competitors for the title role of "Saint Joan." Mylene Demongeot, young

**'High Hell' Displays Human Emotions Of A Marooned Group**

"High Hell," Alps-filmed story of gold hunting atop a treacherous mountain peak and of a provocative blonde trapped there with five men, will arrive Tuesday at the Regal Theatre. Action star John Derek and glamor queen Elaine Stewart star in the Paramount release, which was filmed on the 12,000-foot-high peak of the rugged Jungfrau in the Swiss Alps. In support are an international cast of noted stage, screen and TV performers. Based on a novel by top action writer Steve Frazee and written for the screen by Irve Tunick, "High Hell" is the tale of five desperate, gold-hungry men, led by Derek, who risk their lives and the destruction of a town to work a mine high above the clouds. They are joined by an enticing beauty, portrayed by the lovely Elaine Stewart, but are marooned for the winter before she can be sent away. Lust and greed turn the expedition into a sky-high hell of elemental emotions. A Princess Production, "High Hell" was produced by Burt Balaban and Arthur Mayer and directed by Balaban.

**HIGH HELL** — John Derek and Elaine Stewart play lead roles in "High Hell" which starts Tuesday at the Regal Theatre.

**ADJUDICATORS** — Adjudication of 140 piano students in the immediate area will begin Wednesday with Lewis Lane (left) of New York City and Thurman Morrison of Abilene presiding. The hearings are sponsored by the National Guild of Piano Teachers, whose chairman in the Brownfield area is Jerry Gannaway. Teachers whose students are to be heard in the Brownfield tournament are Mrs. D. W. Massengale of Lamesa, Mrs. Marvin Post and Mrs. G. D. Tate of Denver City, and Mrs. Shirley Reed, C. Springer and Gannaway, all of Brownfield. Each student plays from 2 to 20 selections, all from memory. Those students above elementary stage are required to pass a test on scales and cadences. The auditions are conducted privately—in First Baptist Church—to put the student at ease. Lane has an impressive background, including work with some of the most famous names in the musical world. Besides studying piano under Edwin Hughes and Ignaz Friedman, he has had musical theory and composition at New York College of Music and

with Rubin Goldmark. Lane has been on the staff of the National Broadcasting Company, Radio City, New York, for 20 years. He is founder of the Music Research Section of NBC, of which he served as director for 15 years. He is archivist for the American Leschitzky Association. Well-experienced in serving as adjudicator for the guild, Lane is in his 13th year as such, traveling all sections of the United States and taking some of the longest tours, both in distance and duration. Morrison, senior professor of piano at Har-

**TSA Head Advises Motorists To Heed State Traffic Law**

"Traffic laws are on your

side — you should know and obey them!" J. O. Musick, general manager of Texas Safety Association, made this statement as he urged the public to support the traffic laws program currently being conducted by TSA and the National Safety Council as a part of the nationwide Back the Attack on Traffic Accidents campaign.

"You can't afford to be careless or thoughtless in traffic," said Musick. "Your life depends on your behind-the-wheel behavior."

The safety expert urged the citizens of Texas to obey traffic laws to the letter. He said that some drivers knowingly play dangerous angles and short cuts — they jump red lights at intersections, never really stop at stop signs and overdrive the speed limit. He said that these drivers too often end up paying a high price for their lawlessness — a serious injury and sometimes death. "If every driver would realize that the traffic laws are

on his side, he wouldn't think of disregarding them," said Musick. "When you drive faster than the speed limit, make wrong turns, go through red lights or stop signs or pass improperly, you run these risks — traffic fines, costly car repairs, towing costs, medical bills, lost wages, damage suits, lawyer's fees and loss of your driver's license."

**PLAT DU JOUR**

When they get around to publishing a report of the hearings, it'll probably be the Book of the Mundt. — The Chicago Daily Tribune.

"There is a need to promote thrift to avoid runaway inflation."

# Down Wellman Way...

Hello there!  
"April showers bring May flowers," says WHS. Now that the showers have stopped, we are ready for clear skies and warm weather.

FFA boys participated in a stock show at Wellman stock pens last Friday. In spite of the sandy weather there was a large turnout for the show. Homer Jones, sponsor, acted as official. The boys put in a lot of hard work on their projects and all animals seemed in top shape.

FHA girls have elected officers for the coming year. They

are Barbara Bishop, president; Tootsie Hawkins, vice president; Sammie Adair, secretary; Karen Hamm, treasurer; Betty Hulse, sargent-at-arms; Bette Brubaker, historian; Mary Adair, parliamentarian; Pat Bottoms, reporter, and Peggy Burnett, song leader.

reporting a grand time. Shots, to prevent typhoid, were given the 21 students of WHS Wednesday. Second and third shots will be given April 23 and May 2.

Everyone is looking forward to seeing the senior's class play, "This Ghost Business," when it is presented April 24 in the auditorium. Admission price for the play has not been set.

Miss Hines, Mrs. Sam Adair, Sammie Adair and Barbara Bishop left Wednesday afternoon to attend the annual district meeting of FHA chapters in San Antonio.

The boys received their athletic jackets last week. They are black with gold trim. And the boys are really proud of them!

We want to wish Beth O'Connell a speedy recovery. She had her tonsils removed Friday afternoon at Brownfield Clinic. Hope to see you back in school soon, Beth!

Sue Harlan and Martha Goza placed second in interscholastic league contest spelling at Smyer last week. Bill Adams placed second and Rals Loe third in the number sense contest. Nice work, Kids!

Sophomores have started work on their second class play of the year. They plan to present it sometime in May. It is a one act comedy entitled, "The Uninvited Ghost."

## The Farmer's Wife

By ROSE JEAN HENSON

We have become tornado-conscious. Uncertain weather conditions the past few years have been the cause of many tornado disasters throughout the nation.

It is early in the year and already here in our own county tornadoes have been skipping around. Disaster is something we read about but never seriously consider happening to us. But it can and does.

If you were to see the destructive, black funnel of a torn-

ado rushing directly toward your home, where would you go for protection and safety?

This question is not far-fetched. In fact, many Texans have experienced this and other similar disasters from time to time. Many of them never realize the value of a safe place, just as we never miss the water until the well goes dry.

"A stitch in time saves nine" and surely it would be the wise thing to consider, constructing a storm cellar, if you do not have one. We do, but have never used it and hope it will never be necessary. However, I read some information, which I am passing along to you, and according to what it says, our cellar is in the wrong spot.

Since tornadoes generally move from southwest to northeast, the storm cellar should be located southwest of the house. Its entrance should face northeast. It should be located far enough from the house that a falling wall, large trees or other debris will not block the entrance.

Select a well-drained sight which can be landscaped to harmonize with the home surroundings. Storm cellars should be constructed strong enough to withstand the impact of falling debris. It should be watertight, economical and easy to keep.

The size of a cellar depends on the expected use. Allow about 10 square feet or floor

area per person. Short occupancy requires only two square feet a person. Adequate ventilation should be provided.

Our own cellar is stuffed full of junk which makes it dangerous for one to seek shelter in it. Really, it's not that bad and I suspect that a good many other cellars are in the same condition — filled with discarded things that should be burned or given away.

If the weather suggests seeking cellar protection, would it not be more pleasant to have the cellar fixed comfortably? When I was a child, my grandpa had a huge cellar. They had a bed, stove, chairs trunks and other "fascinating" things in it, and when we went to visit on Sunday, we had a glorious time playing all day in the cellar. The older kids would build a fire in the pot-bellied stove and we would roast peanuts and pop-corn. Grandma allowed us to do things which I would skin my kids alive (or probably threaten to) if they suggested doing. In the summer the cellar was nice and cool.

I never recall hearing that they had to use the cellar for protection. Maybe it didn't rain and storm then. It was in the early thirties and about all I remember about what happened then was the depression I was too young to know what it really was. But somehow I retained the impression that it was "awful."

Anyway, it is a sign of something when young folks stay at home on Sunday afternoons and entertain, the little folks and that's what they did.

Don't know how I got off on what happened in yesteryears. But there is a world of mellow thoughts in most folks minds where the old-time storm cellars are concerned. Don't you think?

What I meant to tell you was that a leaflet is available (or should be, as it is offered) at the Texas Agriculture Extension Office, which gives instructions on constructing a storm cellar, plus other information such as other uses for the cellar, food storage, etc.

If you already have one as we do, maybe you would like to set it in order for the unpredictable weather which is likely to come in May, June and July.

If you are planning to con-

### ATTENDED WELLMAN SCHOOLS

## Goza Injured In Track Meet; Is HSU Sprinter

Coach Vernon Hilliard's Hardin-Simmons University track team, riddled by injuries which reduced the squad early in the season, lost an important member of its relay units this week.

Sprinter Charles Goza, sophomore from Wellman, was injured in an H-SU triangular meet last week and probably will not compete on the mile and sprint medley relay teams Saturday in Lawrence.

Goza, the high point scorer of the meet with the Air Force Academy and Eastern New Mexico here Saturday with 14½ points, later learned that he had chipped a bone in his ankle.

Hilliard, who has developed his mile relay unit into one of the finest in the college division, plans to substitute Melvin Cunningham for the injured Goza. Cunningham, a sophomore from Canyon, has not participated in the sprints and relays this spring, but instead has concentrated on the field events.

The Cowboy track coach will go with Max and Richard Irwin, Dee Moore and Cunningham in both the mile and sprint medley relays. Hilliard also plans to do some shifting among these four in the sprint medley, letting Max Irwin lead off the race with the 440 in place of brother Richard who will run the 220. Moore will

run the 880, an event in which he has won wide acclaim this year.

The Cowboy mile relay unit ran a good 3:17.4 to place second to Pittsburg State of Kansas in the recent Texas Relays. Hilliard had hoped to bring their time down to 3:15 by Saturday's race. The spring medley unit ran a 3:26 in the Texas Relays. The same four boys comprise both relay foursomes.

## Experiment Results Are Announced

In Texas Tech's 31st cattle feeding experiments, steers receiving pelleted cottonseed hulls outgained steers receiving loose hulls by an average of 23 pounds per steer.

Graduate student Tom Neff of Colorado City reported results of the 140 days of tests to more than 20 participants in Tech's annual Cattle Feeders Day.

Eight lots of 10 steers each were used in the experiments. Neff said the steers on pellets made slightly cheaper gains when only \$3 per ton was the charge for pelleting.

Whether stillbesterol hormones were implanted or fed did not seem to affect gains markedly, Neff said. Implanted steers gained an average of 341 pounds and those receiving stillbesterol orally gained 345 per animal.

In a talk on "New Horizons in Beef Cattle Feeding," Dr. Wise Burroughs of Iowa State College told how tapazole, a new animal tranquilizer, is calming livestock and causing more rapid gains as a conse-

quence. He also reported on how increased gains are being obtained through using stillbesterol and through feeding rations of high calories in relation to proteins.

Dr. R. D. Lewis reviewed current cattle research studies in the state. He directs the Texas Agricultural Experiment Station at College Station.

Progress in ranch research for cow-calf operations on rolling plains was described by William J. Waldrip, range specialist with the Texas Agricultural Experiment Station at Spur.

### Petunias To 'Bust Out' On Texas Tech Campus

Come summer, petunias will be "busting out" all over on the Texas Tech campus. The Tech horticulture department hopes to have 70 strains and varieties growing in the campus greenhouses this year.

The Sioux variety is best performing in this area and Red Satin does well, reports Edward Zukauckas, Tech horticulturist.

## Brownfield Businessmen Renewing The Memberships in Hwy. 51 Organization

Morley B. Drake, field manager for International Parks Highway Association, was in Brownfield most of this week to renew memberships in the organization.

Drake said that many Brownfield businessmen did renew for 1958-59, and that numerous residents went into the organization for the first time.

"Brownfield is enthusiastic over the program of the association which promises greatly to increase travel over the route from its northern terminus at Regina, Saskatchewan, Canada, to the Big Bend National Park," said Drake.

Thousands of brochures are being printed for early distribution throughout the area served by the highway, No. 51.

Road signs directing travel over the entire route will be erected in the not-distant future, said Drake.

In Texas, the route of the international highway is State Hwy 51.

The plan is to make Hwy. 51 and connecting routes to the northern terminus in the United States a U.S. highway. The proposed number is U.S. 851, which is an adaptation of "51" through Texas and Hwy. 85 which serves some of the northern section of the thoroughfare.

Joe Satterwhite, manager of Brownfield Chamber of Commerce, is vice president of IPHA, and he, with numerous of other residents, is working in an effort to have Brownfield and area served by a great central, US highway, which is without peer in any area of the country.

"The association is made up of men who give their services without thought of remuneration. They know that the federal highway up and down the length of the land will carry an immense volume of traffic and will have an important, beneficial effect on the economy of the area served," said Drake.

AUSTIN—It's a comparatively dull season at the State Capitol now. About the only noticeable "sound and fury" is generated by the workmen putting air conditioning in the legislative chambers and building new state structures nearby.

Last year at this time the Capitol was a turbulent arena. Lawmakers' pounding debates, electric disclosures and close votes kept galleries filled, committee rooms jam-packed.

Now the lawmakers are scattered. But state issues are

being decided — elsewhere. Next year's legislators are out "talking with the people to see how they feel."

They're at the church suppers, PTA carnivals, civic club luncheons, lodge nights and cemetery "workings." They're feeling out support, asking questions, making commitments — in your town.

Answers they get and commitments they make now will, in large measure, determine how the close votes go this time next year.

**SMALL TURNOVER POSSIBLE** — Prospect now is mostly for familiar faces at the legislative desks next January.

Barring a sudden rash of announcements, at least two-thirds of house members and nearly 90 per cent of senators will be old hands.

Latest statewide survey by the Texas Legislative Service shows only three senators — Otis Lock, Searcy Bracewell and Carlos Ashley — bowing out of politics. There'll be a scramble by House members for those seats.

Of the other 12 senators up for re-election only one, at last count, had an opponent. Remaining 16 in the upper house are having a "breather," since only half of the senate runs each two years.

House of Representatives generally has a large-scale assault on incumbents every election, and about a 30 per cent turnover.

Less upheaval seems likely this year. Only about 20 representatives are not seeking re-election, including those running for the senate. Of those still undecided, only about 30 have announced opponents.

A question mark enters into race decisions this year. Whether or not legislators will have annual sessions and annual salaries will not be decided until the constitutional amendment is voted on next November — after the primaries. For some the prospect of \$7,500 yearly is a lure. Others don't like the idea of having to be away from homes and businesses a good part of every year.

**AT LAST**—Spring has finally sprung in Texas employment, bringing the long-awaited seasonal pick-up in jobs.

Texas Employment Commission's latest report, for the first time since Dec. 20, showed a significant decline in the number of unemployment compensation claims. Drop was from 92,435 to 89,326.

TEC said some 14,974 claimants had exhausted their benefits during January and February. Maximum allowed is \$28 a week for 26 weeks.

**GROW WITH US** — Some 3,000 major new factories will locate somewhere in the South within the next 10 years.

In reporting this prediction, Gov. Price Daniel urged the state's new Industrial Commission to get in and pitch for a Texas-sized share of the incoming wealth and job-making industries.

Chairman E. B. Germany of Dallas said the commission would accept the challenge. He said the commission would study industry-attracting techniques of other states and prepare a brochure on Texas' advantages.

Chief among these, said Germany, head of Lone Star Steel, is a "healthy attitude" among Texans toward industry.

Commission members serve without salary and without state funds to pay for projects. Several hundred dollars in donations have been received.

If voters next November approve an amendment removing the ban on state-financed advertising, the legislature can appropriate money for this purpose.

**"MAKE IT PAINLESS"** — Tax talk towers over other topics in the build-up for the 1959 legislative session.

West Texas Chamber of Commerce has added a new idea to the stacks of proposals and counter-proposals being presented to the State Tax Study Commission. It suggests making available for general use some of the unused balances tied up in the state's more than 100 special funds.

AFL-CIO says stricter application of present property tax laws might solve the problems without enacting new levies. "Proper enforcement," said a labor spokesman, would tax not only real estate, but bank

**CHANGES HANDS** — New president of Gonzales Warm Springs Rehabilitation Foundation R. I. Payne, of Dallas, left, receives the congratulations of retiring president Ross Boothe, Gonzales businessman who headed the center since it founding in 1937. Long known for its rehabilitation of polio victims, the Foundation also cares for many automobile, industrial and home accident victims and those who suffer from handicapping diseases. Built by and for Texans, the Warm Springs Rehabilitation Foundation is non-profit and non-secretarian.

deposits, boats, bank shares, stocks, etc. AFL-CIO had previously suggested a corporation income tax to meet the state treasury's expected need for more than \$100,000,000 in additional revenue.

Business groups, generally, have opposed the corporation tax, saying it will hamper Texas' industrial development. Some have proposed a general sales tax.

Tax Study Commission already has issued two of a series of 8 to 10 research reports to lawmakers for tax decisions. A third report, on how tax money is used and what future needs will likely be, is due later this month.

Though taxes are a prime campaign issue, legislative candidates are treading deli-

he opposed a general sales tax and a state income tax and that "if additional taxes have to be levied, let's make it as painless as possible."

**GOOD ROADS AHEAD** — State Highway Commission has given approval to final phase of a 1959-60 state highway building program to cost \$319,000,000.

It calls for immediate spending of \$9,200,000 for right-of-way buying under the new 50-50 cost-sharing plan between state and local governments.

First phase of the advanced planning program was approved in February. Second phase covers 1,630 miles of roadway in 13 districts at a cost of \$140,000,000. This does not include future work on farm to market roads and interstate highways.

**SHORT SNORTS**—State Selective Headquarters has asked local draft boards to send up

4,247 men for pre-induction physical exams during May. It will be second successive month of high quotas — highest since Korean War — to replenish pool of potential military manpower.

Price index of Texas farm products rose 2 per cent from February to March, reports U.S. Dept. of Agriculture. Crops rose 3 per cent, livestock 1 per cent.
