## BRAZIL AND URUGUAY MAY QUIT LEAGUE IF ITALY BREAKS AWAY

ATHEENS, Sept. 6. (AP)—The Athenian chamber of commerce yesterday decided to break off commercial and industrial relations not only with Italy, but also with Italian firms in Greece.

LONDON, Sept. 6. (AP)—A Central News dispatch from Rome says that reports are current there that Italian forces have occupied the islands of Messara, Fano and Methrak, northwest of Corfu.

CORFU, Sept. 6. (AP)—The Italian occupation authorities have ordered the confiscation of the arms of all nationalities resident here, including members of the Italian colony.

PARIS, Sept. 6. (AP)—Brazil and Uruguay are said to have instructed their delegates at Geneva to make common cause with Italy and withdraw from the League of Nations.

MONTVIDEO, Sept. 6. (AP)—In connection with advice from Rome that Uruguay and Brazil have decided to instruct their representatives at Geneva to withdraw from the League of Nations.

BEAUMONT, Texas, Sept. 6. (AP)—Twenty-four hours after the discovery of the badly decomposed bodies of Miss Beattie Carl, 18, of Houston, and F. O. Kial, 21, shipping clerk of this city, local authorities have no clues which are believed of material value in running down the double murder case.

Without clue to Beaumont double murder mystery

Nevada Horseman Takes Fifth Lap Of Pony Express

WENDOVER, Utah, Sept. 6. (AP)—A Nevada horseman early today, riding a distance of 100 miles, was the first to take the pony express mail to the Nevada desert.

CONSUL FURNISHES LIST OF AMERICAN DEAD AND MISSING

WASHINGTON, Sept. 6. (AP)—Consul Dickover reported today to the state department the names of American dead, missing and probably dead in the Yokohama disaster.

## GENEROUS RESPONSE TO APPEAL FOR AID FOR STRICKEN JAPAN

WASHINGTON, Sept. 6. (AP)—After conference with President Coolidge and Secretary Weeks here today Henry Ford announced that he had "taken under advisement" a request of the war secretary concerning aid for the purchase and lease of the government's power and nitrate projects at Muscle Shoals, Ala.

WASHINGTON, Sept. 6. (AP)—Negotiations were resumed today between the government and Henry Ford on the latter's offer to acquire the Muscle Shoals, Alabama, power plants and nitrate projects.

WASHINGTON, Sept. 6. (AP)—While the American Red Cross pushed forward practical relief measures for the Japanese earthquake sufferers, indications today were that the appeal for \$100,000 relief fund to be administered by the organization was meeting generous and quick response throughout the nation.

WASHINGTON, Sept. 6. (AP)—The committee met at the office of J. F. Morgan & Co. to consider additional ways of expediting relief measures.

NAGASAKI, Sept. 6. (AP)—The Japanese finance minister probably will announce today that the rate of exchange of the yen against the dollar is to be raised to 140.

MARKED DIFFERENCE BETWEEN OPERATOR AND MINE WORKERS

TENTATIVE AGREEMENT BY EMPLOYERS TO DROP ARBITRATION. OPERATORS UNWILLING TO GRANT WAGE PROPOSAL

Mine operators and officials of the miners' union who today resumed conference with Governor Pinchot for discussion of possible terms of settlement of the differences which caused suspension of the operations in the hard coal field September 1, adjourned at 12:45 until 2:30 this afternoon. Leaders of both sides reported little change in the situation.

HARRISBURG, Pa., Sept. 6. (AP)—Anthracite mine operators and officials of the miners' union who today resumed conference with Governor Pinchot for discussion of possible terms of settlement of the differences which caused suspension of the operations in the hard coal field September 1, adjourned at 12:45 until 2:30 this afternoon. Leaders of both sides reported little change in the situation.

HARRISBURG, Pa., Sept. 6. (AP)—Leaders of the miners' union and anthracite operators whose differences have led to a general suspension of mining had some new ground to go over, but still exhibited marked difference in views when Governor Pinchot reasssembled them today in the course of his peace effort.

STRAND Wednesday Four Days

END BENNETT in "STRANGERS OF THE NIGHT"

stand for arbitration which has been upheld since the inception of negotiations were understood to be in the governor's hand as a result of the executive sessions. Mine officials, too, had in some degree moderated the original scope of their organization's demands by agreeing that a 10 per cent wage increase for contract miners might do. They continued, however, to ask more for the day workers who constitute the bulk of anthracite employees and this the operators were most unwilling to concede. The union likewise tentatively offered to put a limit to the amount of dues which would be assessed against its members, if the operators would agree to collect those dues by the "check off" method of holding the amounts involved out of each individual miner's pay check.

MINERS AND OPERATORS STUDYING NEW PROPOSAL

By Universal Service. HARRISBURG, Pa., Sept. 6.—New terms through which Governor Clifford Pinchot hopes to terminate the anthracite coal strike are being studied by representatives of the miners and operators.

Assuming the most confident attitude he has shown since beginning his efforts to bring the factions together, Gov. Pinchot following a three and a half hour session Wednesday afternoon indicated that he hoped some adjustment would be brought with the resumption of the meeting Thursday morning.

"Progress has been made," the governor declared and there was a ring of sincerity in his words. The operators and miners arrived at the state capital shortly after 3 o'clock and remained apart during the entire afternoon.

The miners were received in the governor's reception room and the operators in the private office. What the new terms are, or how they differ from his original proposal, the governor refused to state. He said he was not at liberty to discuss the terms submitted by either side and would not indicate whether they were prepared by him prior to the meeting or were the result of the discussions of the early afternoon.

"I am prepared to do whatever is necessary to settle the strike," the governor said. In answer to a direct question of whether he saw hope for an early agreement, he indicated that the time for something definite to take form was not far off.

Speculation as to the conditions covered in the new terms were many tonight. Both sides refuse to discuss the meeting, but it is indicated that a forward step has been made in reaching an agreement and the check-off subjects for further discussion.

There were rumors during the night that the negotiations had reached a point where both sides would agree to resuming their joint conference which were halted both

NEW HIGH SCHOOL STUDENTS WILL REGISTER FRIDAY

Registration for new students in the high school and junior high school will be held Friday afternoon at 3 o'clock. It was announced from the principal's office of the high school, Thursday. That all students who attended schools in other cities last year, and who have not yet registered or signed studies limited cards in "the hood" high school, will do so at the high school building at 3 o'clock Friday afternoon.

Gland Operations Shorten Life Says Noted Specialist

PARIS, Sept. 5.—Following the death of Arthur Evelyn Waugh, in London, two years after a monkey gland was grafted upon him by Dr. Alexis Carrel, a noted specialist, announced last night that experiments he has conducted have demonstrated that gland operations, instead of prolonging life, inevitably shorten it.

He admitted, however, that the gland transplantation might give a temporary renewal of youthful vitality. "Gland rejuvenation may be compared to the action of drugs or alcohol, which also temporarily renew vitality," said Professor Souday.

"In a minor, but nevertheless inevitable degree, gland transference speeds up the mental action but neglects to strengthen the heart and lungs with the result that rejuvenation spurs old men to undertake muscular and mental efforts which the weakened physical constitution is unable to withstand.

"Eventually the effect of the stimulating wears off, with the result that the whole system crashes. If the patient does not die then he is invariably weaker and more decrepit than before the operation.

"I have the highest admiration for the scientific prowess of Prof. Voronoff, but he should stop tinkering with nature by trying to take the place of Almighty."

Professor Voronoff was absent from Paris and could not be located but Souday's statement came as a bombshell to more than 100 of young old men who have submitted to the monkey gland operations here within the last two years.

IMPERIAL HOTEL AT NARRAGANSETT PIER DESTROYED BY FIRE

NARRAGANSETT PIER, R. I., Sept. 6. (AP)—The Imperial hotel here was destroyed by fire early today. 46 guests escaping scantly clad. The loss was \$250,000. The hotel mascot also caught fire.

The fire in the mascot was confined to the roof. The fire started in the attic of the five-story wooden Imperial hotel.

Narragansett Pier is an exclusive resort rivaling Newport as a New England summer place for the wealthy.

BALTIC AMERICAN WILL PAY IMMIGRATION FINE AND APPEAL TO COURTS

NEW YORK, Sept. 6. (AP)—Max Straus, president of the Baltic American Line, Inc., one of the steamship companies fined \$200 per passenger for bringing immigrants in quarantine a few minutes before the September quota was open, today announced that his company would pay the fine under protest and then appeal to the courts in an effort to have it refunded.

The Ethnics of the Baltic-American line was one of four vessels charged by Immigration Commissioner Curran with having entered quarantine from one to five minutes before midnight August 31, thereby bringing immigrants in before the September quota opened on September 1.

Mr. Straus declared that the company would not enter quarantine until after midnight and that not only the captain but the pilot will swear to this. He said against the chronometers the Immigration inspectors had only stop watches and that they could not distinguish the various ships in the night and had to depend on the word of other persons as to their identity.

The other lines fined by the government were the Ward, Fara and Greek. It was understood they expect to take action similar to that announced by the Baltic-American.

FORMER COMBATANTS ASK DISARMAMENT CONFERENCE

BRUSSELS, Sept. 6. (AP)—Allied Federation of Former Combatants at the final session of its congress here passed a resolution inviting all citizens of the world "desirous of establishing a permanent and just peace to recommend to their respective governments the calling at the earliest possible moment of a conference in succession to the Hague peace conference to carry on the work of disarmament in naval and air forces as expeditiously as practicable at Washington."

Divorce Court At Los Angeles Continues Grind

LOS ANGELES, Sept. 6. (AP)—Helen Chadwick, motion picture actress, yesterday in the superior court, was granted a divorce from William Welman, film director, whom she charged with non-support.

LOS ANGELES, Sept. 6. (AP)—E. Richard Schayer, scenario editor for a motion picture company, was granted a divorce in the superior court here yesterday, from Ethel Schayer, daughter of Robert M. Catts, wealthy New York realty operator. He charged desertion.

NEW HIGH SCHOOL STUDENTS WILL REGISTER FRIDAY

Registration for new students in the high school and junior high school will be held Friday afternoon at 3 o'clock. It was announced from the principal's office of the high school, Thursday. That all students who attended schools in other cities last year, and who have not yet registered or signed studies limited cards in "the hood" high school, will do so at the high school building at 3 o'clock Friday afternoon.

It was further announced that former high school and junior high school students would register and receive lesson assignments at 3 o'clock Monday. That all prospective college students would come to the high school building after 3 o'clock Monday, since the teachers would not be able to care for them before that time.

According to the state law concerning public school text books, every student is required to bring either a book card showing that the account for the previous year has been settled or bring the last year's books. Under the law no student without book card or books will be issued state books this term.

### DRY COMMISSIONER WANTS TEN MILLION ENFORCEMENT FUND

WASHINGTON, Sept. 6. (AP)—An appropriation of \$10,000,000 for federal work in enforcing prohibition next year, an increase of \$1,000,000 over last year, has been requested of the budget bureau by Prohibition Commissioner Hayden. An increase of \$500,000 additional for enforcing the narcotic drug laws also has been asked by Commissioner Hayden, both requests now being before the budget officer.

### NAME OF HARDING IS SUGGESTED FOR PRIZE

COPENHAGEN, Sept. 6. (AP)—The name of President Harding is included in a list of about 30 persons who are being proposed as recipients of the Nobel peace prize, says the Christiania Aftenposten.

### CALL STRIKE AS RESULT GOVERNMENT DETENTION OF POLITICAL PRISONERS

PORTLAND, Oregon, Sept. 6. (AP)—A strike in the lumber district of Columbia river has been called by the Industrial Workers of the World, according to a local branch. Healy said the strike had been called against "government detention of political prisoners."

### Henrietta Items

Miss May Sutton, Clay county's new demonstration agent, arrived Saturday to take Miss Ethel Broad's place. Miss Sutton is a graduate of A. & M. college and C. I. A. at Denton and has had experience in the work.

### Greatest Flotilla Ever Sailing On Errand of Mercy Will Begin Voyage From San Francisco Bay

By Universal Service. SAN FRANCISCO, Sept. 6.—The fleet of relief ships that will pour through the Golden Gate toward Japan, starting this noon today, will undoubtedly be the greatest flotilla that ever sailed on an errand of mercy.

### Effort is Being Made to Restore Harem in Turkey

ANGORA, Sept. 6. (AP)—Persistent efforts are being made in Turkey to restore the harem as a national institution. Polygamy was abolished more than a year ago by a resolution passed by the national assembly, but since then several unsuccessful efforts have been made to restore it to a legal status.

### Says Rheumatism Leaves You Forever

James H. Allen, once a rheumatic cripple, who discovered Allenshu and with it banished every trace of rheumatism from his body, says that every druggist guarantees a full pint bottle of Allenshu to show the way to complete recovery or money back.

### URGES AMERICAN INTERVENTION TO MAKE FRANCE ACT

CHICAGO, Sept. 6. (AP)—American intervention with a firm hand to break the deadlock between France and Germany on the question of reparations was advocated by Fred W. Upham, treasurer of the Republican national committee, who said he will recommend to President Coolidge that he ask congress to give him authority to name a commission of American business men to determine as soon as possible what reparations Germany is able to pay.

### PREDICTS WHEAT PRICES ABOVE \$1 NOT FAR DISTANT

SPokane, Wash., Sept. 6. (AP)—Advising farmers not to hold for another season, Frank W. Mondell, director of the war finance corporation, at a conference here predicted wheat prices above \$1 a bushel in the not far distant future.

### Says Bolshevism Has Saved Russia From Utter Chaos

COLORADO SPRINGS, Colo., Sept. 6. (AP)—The iron hand of bolshevism saved Russia from utter chaos, in the opinion of the Rev. Karl Bordewick, a missionary among the Russians in Chicago who was one of the speakers yesterday before the international convention of the Disciples of Christ.

### Says Bolshevism Has Saved Russia From Utter Chaos

COLORADO SPRINGS, Colo., Sept. 6. (AP)—The iron hand of bolshevism saved Russia from utter chaos, in the opinion of the Rev. Karl Bordewick, a missionary among the Russians in Chicago who was one of the speakers yesterday before the international convention of the Disciples of Christ.

### WEAK, RUN DOWN AND AILING

Lydia E. Finkham's Vegetable Compound Brought Relief When Other Medicines Failed

Winston-Salem, N. C.—"I was weak and run-down and had trouble with my side. I had been taking medicine for a long time and nothing seemed to do me any good. My husband went to the drug store and he said to the clerk, 'I want the best medicine you have for women's troubles. He gave him a bottle of Lydia E. Finkham's Vegetable Compound and it has helped me. In a short time I was able to do my housework, and now I am not only able to do every bit of that and washing and ironing, but I help my husband at the store.'—Mrs. L. K. MYERS, 1409 E. 14th St., Winston-Salem, N. C.

### THREE-FOURTHS OF TOKIO IS BURNED

(Continued from Page One.)  
 the American consul; Chief Pharmacist La Zembach of the United States naval hospital and his wife, and two enlisted men. The hospital buildings were wrecked.  
 Other Americans reported killed are Lieut. Colonel Charles Burnett, military attaché at the American embassy in Tokio; Bess and Richard Mendell of Cleveland; Elizabeth Dodson of Kingston, N. C., and W. T. Blume, of the General Electric Company, who was stationed in Tokio.

A dispatch from the Tokio correspondent of the Central News received in London says that 200,000 are dead in that city, but the correspondent of the Associated Press in a dispatch filed on Tuesday puts the number at 50,000. Not less than 200 foreigners, he estimated, perished in Yokohama.  
 Throughout the stricken area the authorities are trying to meet the two immediate needs of the situation: Care for the wounded and food for the hungry. Supplies of rice are being requisitioned throughout the empire while engineers working with make shift forces repair the railways to rush the food to the starving.

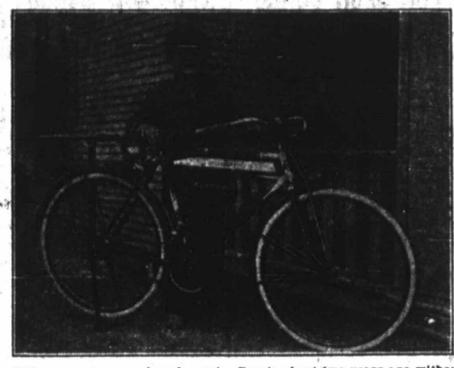

**No Reports of Disorders.**  
 Meanwhile there are no reports of disorder, although there is some plundering and looting. General Uda is determined to quiet the situation of the capital as quickly as possible in order that martial law may be revoked.

The organization of relief work throughout the rest of the world proceeds rapidly and already the United States has been of material assistance. The American destroyer No. 211 arrived in Kobe yesterday with supplies followed soon after by the shipping board steamer City of Spokane, which leaves for Yokohama today with 4,000 tons of flour.

Many other vessels are either taking on cargoes of relief supplies at Pacific coast ports or are on their way to Japan. In San Francisco alone five shipping board steamers are being fitted out as relief ships.  
 America's response to the call for assistance has been immediate and from all parts of the country come announcements of gifts in money and kind. A group of lumber exporters here on the Pacific coast are to donate 45 million feet of

### FIRST WICHITA BOY TO WIN A BICYCLE IN TIMES' CONTEST

Did you ever see a broader grin than the one adorning the face of the happy youngster in this picture?  
 Max Sepkowitz of 511 Scott, was the first Wichita Falls boy to win a Ranger Motorbike, completing the required 35 new subscriptions and receiving his bicycle August 23. Max is 12 years old and is one of the most popular boys on the Times newsboy force. He came here from

under to the Japanese government. The British-Japanese squadron has been ordered to purchase supplies and food and process to Japanese waters to render whatever assistance is needed.  
**MONEY IN THE VAULT OF BANK OF JAPAN SAVED**  
 OSAKA, Sept. 6. (AP)—All money in the Bank of Japan vaults was saved from destruction in the fire which followed the earthquake and tidal wave. It is estimated that about a recapitulation of the earthquake and fire area today showed Yokohama as its center, extending north and south about 100 miles and 140 miles east and west from that city.  
 The area included 22 counties, five large cities inhabited by 7,000,000 people who were caught in the disaster. It is estimated that about 70 per cent of the cities and towns within the stricken area were destroyed.  
 Yokohama, according to reports received here, was totally destroyed and only about one-fourth of Tokio remains.  
 The fire at Yokohama brought freedom to felons confined in prison there, as they were released when it became apparent the prison was in the path of the flames.  
 Additional divisions of troops have been ordered from Osaka to Tokio equipped with provisions and machine guns.

**REPORT THREE RESIDENTS OF SAN FRANCISCO KILLED**  
 SAN FRANCISCO, Sept. 6. (AP)—Three residents of San Francisco were killed in the earthquake in Japan, according to messages received here last night. They were: Miss Evelyn Mantell, 23, school teacher, daughter of Mr. and Mrs. Emil Mantell of Palo Alto, Cal.; Mrs. H. E. Root, whose husband is Japanese representative of several American steel companies, was another victim of the earthquake and fire, and E. G. Babbitt, for eight years chief of the bureau of domestic and foreign commerce of the department of commerce in San Francisco, was killed, as were his wife and two daughters, Jocelyn and Dorris. The Babbitt family formerly lived in Boston.

**FATHER OF TENNIS STAR KILLED IN EARTHQUAKE**  
 MELBOURNE, Australia, Sept. 6. (AP)—The father of J. B. Hawkes, the Australian Davis cup tennis star, who is now in the United States, was killed in the Japanese earthquake. A telegram from his wife in Tokio received today said: "Dad killed. Lost everything. Am stranded."  
 Russell Keayes, a prominent Australian tennis player, is also reported to have lost his life in the disaster.

**FOREIGNERS ARE KILLED IN WRECK OF HOTEL**  
 PEKING, Sept. 6. (AP)—About 40 foreigners were killed when the earthquake in Japan destroyed the famous Fujia hotel and wiped out the adjacent village of Miyanoshta, in the mountainous district of Honshu, according to a Reuters dispatch from Osaka. There was a volcanic explosion at Kowakidani, the police of Chiba, at the north-

east corner of Tokio bay, report a new island off the Izu peninsula, while they say the island of Oshima, which contained an active volcano, is invisible and is feared to have gone down with its 15,000 or more inhabitants.  
 There is still no news from the Bonin Islands and catastrophic changes there are feared.

**REQUIEM HIGH MASS FOR PRINCESS ANASTASIA**  
 LONDON, Sept. 6. (AP)—A requiem high mass for Princess Anastasia was said today at the Russian church of St. Phillip. Members of the family, representatives of the many royal courts of Europe and a large gathering of friends attended.  
 After the service the body was taken to Spencer House, the princess' London home, to remain until September 22 when it will be conveyed to the United States.

**HAS ACCEPTED VOLUNTARY COMMITTEE OF MEMBERS**  
 ST. LOUIS, Sept. 6. (AP)—The Rev. Charles D. McElhose of the Southern Methodist Church, who charges that Bishop W. F. McMurray struck him and handled him roughly during an argument over the Ku Klux Klan last week, today said he has accepted a voluntary committee of elders which has begun investigation of the charges.

MAD DOG BITES SEVERAL PEOPLE AT SOUTH BEND

SOUTH BEND, Texas, Sept. 6.—South Bend is in the throes of a mad dog scare as the result of several persons having been bitten by canines with rabies several days ago. A four-month-old puppy belonging to A. E. Reid bit him on the thumb and hand and bit his wife slightly on the finger. The animal afterward bit another person and Mr. Reid decided to kill him and sent the head to the pastor in Austin. This was done Wednesday. Mr. Reid received a telegram from Dr. Whitely of the institute informing him there was positive evidence of rabies in the dog's brain.

The news spread over town like wild fire and it developed that several persons had been bitten within the past week by other dogs. Four of the victims left for Austin, including the Reids and C. G. Gaither.

A delegation from South Bend went to Graham Wednesday to ask permission of the county officials to kill all the stray dogs in town. A few minutes after their departure Sheriff Cameron and Deputy Grafton Reid reached here to look into the matter. They were informed that a little girl had just been bitten by another dog and they lost no time in dispatching the crazed animal. Other dogs will be shot to night by citizens and it is safe to say that dogs will be a scarce sight in South Bend in the future.

J. A. Gardner, of the headquarters office of the Gulf Production Company in Fort Worth, is in the city for several days.

Man of 74 Is Made "Young" in 3 Weeks

THOMAS J. GLASCOCK Kansas, Contractor Falls of Amazing Renewal of Vigor by New Scientific Discovery Used at Home

Thomas J. Glascock, 75 years of age, a Kansas contractor, reports that he was made "young" in three weeks by the recent scientific discovery known as "Uncle Tom's".

"Uncle Tom's" is a scientific discovery known to thousands, obtained a supply of the korex in tablet form and took twenty-one grains daily for exactly twenty days. At the end of that time, he declares, his former almost helpless senility had been replaced by a vigor and suppleness of the prime of life.

"I was actually a physical and mental wreck from the time I had been prepared to die when a newspaper article about the discovery of korex came to the attention of my family. I was unable to work and could hardly walk. My memory was virtually gone, my hearing was impaired and I was nearly blind. I could read nothing but the largest headlines in the newspapers. Medicines and treatments of all kinds had failed, so it was almost without hope that I began the test of the korex compound, but I will tell you each that three weeks after I had cleared my mind, restored my memory, sharp of my vision so I could read the Times and gave me the physical power I had at 30 years of age.

The effect was not a mere stimulation, either. Months have passed, and I seem to be getting stronger every day. If the korex tablets had been 100 each, and I had known they would do even a part of what they did for me, I would gladly have paid that price. Words fail me when I try to express the happiness this great discovery has brought me. It has made me "young" again."

Thousands have read similar reports. Both young and old testify that the compound has achieved astonishing results in restoring or increasing youthful vigor, virility, animation and ambition. Many users say they receive surprising benefits in 14 to 21 hours, because of korex compound's peculiar faculty of acting directly on the nerves, glands and entire vital force.

Tablets of the compound, for use at home are now available to every one suffering from lost or depleted vigor, lack of vitality and vim, deficient glandular functioning or the nerve weakness that makes existence a burden. If you wish to try the compound, write in confidence to the Malton Laboratories, 4215 Golden Building, Kansas City, Mo., for a double-strength treatment, sent by mail in a plain, sealed wrapper. You may enclose two dollars or pay two dollars and postage on delivery, as you prefer, but if you report within ten days that you are not satisfied, your money will be refunded on request. These laboratories are nationally known and throughout the world you need not hesitate to accept their guaranteed offer—adv.

Physicians Great Discovery Is Guaranteed by Druggists to End Piles Forever

Ask Any Good Druggist for a Package of MOAYA SUPPOSITORIES. They Must End Your Trouble or Money Back

Years of patient painstaking effort on the part of well known scientific physicians has resulted in a suppository that will actually heal piles and absorb them never to return.

Sympathetic World Joins Hands In Rushing Food and Supplies to Relieve People in Stricken Japan

By LOYD LEMBERG, Universal Service Staff Correspondent

SHANGHAI, China, Sept. 6.—The Japanese catastrophe is slowly subsiding. Estimated millions today were gradually freeing themselves of the horror that overwhelmed them as the result of the greatest earthquake, fire, typhoon and tidal wave disaster recorded in the annals of man.

The gaunt spectre of pestilence and starvation, after hovering over stricken Japan for more than five days, is being steadily diminished as sympathetic world joins hands in rushing food and supplies to the suffering people of the far eastern empire.

Consequences of the calamity are taking on world wide proportions as thousands of foreigners are reported to have either perished or been maimed in the catastrophe that engulfed Japan last Saturday night.

Yokohama reports indicate that more than 24 foreigners are included among the appalling total of 130,000 dead in that city.

Many Foreign Dead. Refugees reaching Shanghai tonight estimated the foreign dead in Tokyo and Yokohama will exceed 500.

Forty foreigners are dead at Hakone, famous summer resort at the base of Mount Fujiyama, the sacred volcano of Japan.

Among the more notable of the foreigners who perished are included the Italian ambassador at Tokyo, who was crushed to death by the falling walls of his embassy building, according to a dispatch from Nagasaki.

The American consul at Yokohama, Mr. Max Kirjasoff, and his wife, are officially known to be dead. Other American consuls and E. G. Habbit, commercial attache of the Yokohama American consulate, are also dead, as are other members of the same staff.

French consul general Dr. Jardin perished in the Yokohama sorrow. One American military attache, name as yet unknown, is reported dead at Tokyo.

Over 200,000. The extent of the terrible catastrophe in Tokyo, Yokohama and in thousands of other Japanese cities, villages and hamlets apparently has not been overdrawn. Conditions horrible beyond imagination prevail throughout the devastated area. Laid waste by the fearful earthquake and storm.

Thousands of Tokyo and Yokohama are blackened ruins. Not a single structure in either city remains unscathed by the disaster. The casualties in Tokyo alone continue to be estimated at 500,000. This figure includes dead and injured. The Eastern News Agency confirms the dead toll in Tokyo at 150,000. This would indicate that 350,000 were injured and maimed by the earthquake and terrific storm which struck the Japanese capital Saturday.

Private dispatches from Tokyo reaching here during the day estimate the number of buildings destroyed in that city at over 150,000. This figure has been officially confirmed by Premier Yamamoto.

Confirmation also arrived Monday that two structures are left standing in Yokohama.

Ten thousand people were killed at Atami while 65,000 were killed or injured at Yokohama. At Oshima, 50,000 perished when that island sank into the sea.

RED CROSS CHAPTER HERE WILL ACCEPT JAPS RELIEF FUNDS

The Wichita County Chapter of the Red Cross has been asked to receive and forward contributions for relief of those stricken in the Japanese earthquake disaster. T. E. Smock, chairman, has announced that the chapter will receive and forward such contributions.

Mr. Smock has received the following telegrams from the South St. Louis.

T. E. Smock, Chairman, "Wichita County, Ar. R. C. "Wichita Falls, Texas. "According to president's proclamation Red Cross is designated as agency to receive contributions restricted for use Japanese disaster. You are hereby instructed to publish notice that your chapter will receive such contributions which should be transmitted promptly to division office, National Red Cross, 1100 Broadway, New York, N. Y. Additional ten thousand dollars for relief of Japanese territory affected by the disaster. "Wm. H. Baxter, Jr."

A second telegram says: "Supplementing day letter President Coolidge has today charged Red Cross with responsibility of raising five million dollars Japanese relief fund. Your chapter's quota is three thousand dollars. Chapter executive committee should meet immediately to organize campaign for raising quota. Draft all members of war time staff who can help. Disaster is of such magnitude and suffering is so intense that no time can be lost. The American people will answer humanity's call."

OKLAHOMA MINISTER DAVIS AS FERRI, THEN PAYS \$1000. Motorcycle Officer E. B. Kinsler gave chase to a speeding automobile Thursday morning on the Burkburnett highway and just before he caught up with it his speedometer showed nearly 100 miles an hour. The man driving the car said he was a minister from Oklahoma and that his position would not permit him to be arrested. However, he paid Justice of the Peace O. L. Gibbs \$10.00.

SAWDY HOUSE CASE ON TRIAL LATE THURSDAY. Trial of a bawdy house case was in progress in the county court at law late Thursday afternoon. The case was against Bev. Sands and his wife. A large number of witnesses were on hand. A large number of the witnesses were neighbors of the woman on trial.

STATE OFFICIAL, BOY SCOUTS OF AMERICA, IS ASSISTING LOCAL TROOPS. Robroy Price of Dallas, field man in Texas for the Boy Scouts of America, is in the city conferring with scout officials and looking over the work locally. Mr. Price is assisting scout masters and members of troops in reorganizing some of the less active troops and stimulating the general interest in the movement. It is probable that he will be in the city for two weeks.

KLAN LECTURE BILLED TO SPEAK IN WACO. WACO, Texas, Sept. 6. (AP)—That Rev. J. T. Renfro, missing pastor of the Winston Baptist Church, has accepted an invitation to speak in Waco about the time he disappeared was learned here late Wednesday night.

D. B. Allen of Waco, chairman of the Peoples Anti-People League, said Rev. Renfro had been called from San Antonio purporting to come from Rev. Renfro said the latter would not be able to fill his Waco engagement.

FEDERAL EMPLOYMENT OFFICE MANAGER LEAVES FOR CORPUS CHRISTI. Richard A. Hudson, who has had charge of the local office of the federal employment bureau, will leave Friday morning for Corpus Christi, Texas. The supply of pickers here has been exhausted, Mr. Hudson said. It is estimated that approximately 1,000 pickers have been sent from here to pick cotton in other sections of the state.

General Pershing called attention to the resistance of the Virginia and New Jersey had been weakened by the removal of water light doors and piping in the project of dismantling before the project of turning over these vessels to the war department for tests was breached.

PREPARATIONS FOR PAVING PEARL BETWEEN BROOK AND GRACE BEGUN. Work was started by the water department Thursday on lowering the water-table on Pearl street preparatory to paving the five blocks between Brook and Grace. The contract for the paving was let to E. W. Whitman several weeks ago and as soon as the water and gas lines are lowered and grading finished, it is expected that actual work on the paving will begin.

FOUR DIVORCE CASES ARE TRIED BY JUDGE NAPIER. Judge E. W. Napier of the 15th district court tried four divorce cases Thursday afternoon. One of the decrees was granted to a woman. In addition to the divorce abandonment, stated that her husband formerly made whiskey.

Beated bids will be received by the board of trustees of the Waco Falls independent school district of Wichita county, Texas, for the period of one year beginning September 1, 1923, to August 31, 1924. Said bids shall set forth the amount of interest to be paid on daily advances in each fund.

The district will be handled in these several amounts: viz: local maintenance fund, state and county fund, bond and sinking fund, state school fund, state school fund, state school fund.

Depository will be required to keep all accounts, render to the secretary of the board of education of the district of Wichita county, Texas, an annual report on August 31, 1924. Said report shall show the amount of possible revenues that may come into the depository's hands for the next year.

FUNERAL SERVICES FOR JACK JONES TO BE HELD FRIDAY

Funeral services for J. G. Jones, a pioneer resident of this city, who died in New York City last Saturday, will be held at the Church of the Good Shepherd, Friday afternoon at 4:30 o'clock. The Rev. P. E. Dutton, rector of the church, will officiate.

Mr. Jones had lived in this city for over 40 years and had been prominently identified with every phase of civic progress and development. He was taken ill and died in a hospital there. The body was shipped from New York and is expected to arrive here Thursday night.

Full bears will be active, Fred Gates, W. L. Robertson, Pat Henderson, Earl Beach, O. E. Mearns, and Fly Taylor, honorary, W. E. Kaufman, J. A. Kemp, Frank Kelly, Sam Bellah of Decatur, E. T. Ferguson, James P. Lafford, Judge Edgar Henry, W. O. Anderson of Vernon, J. C. Hunt, W. M. McGregor and Judge A. H. Carrigan.

LOCAL NEWS BRIVITING. E. B. Gorline Jr. who for the past few months has been connected with the Oklahoma City office of the Burroughs Adding Machine Company, has been transferred to the local Burroughs office and will remain here permanently.

Mayor Frank Collier left Wednesday night for Dallas, where he will attend the hearing of a suit of the Lone Star Gas Company against the North Texas Gas Company, which opened in that city Thursday. While the city is not involved in the suit, it is directly interested in the outcome. Mayor Collier said before leaving.

Judge Napier of the 12th district court Wednesday appointed W. F. Jourdan receiver for the Lone Star Syndicate (Mark Kleeden, trustee), to succeed L. L. Donnell.

A most pathetic scene was enacted in the lobby of the court house Thursday noon when a woman, arrested by the sheriff's department, was taken to jail and her little baby boy was taken from her. The child was placed in care of a child's welfare organization and the woman was left behind the bars.

BUSINESS GOOD IN EAST AND CANADA, SAYS FRANK KEIM

Frank Keim, who has recently returned with his family from an extended trip through eastern United States and points in Canada, states that business conditions in these sections are better if possible than in this part of the country.

"In Pittsburgh, a city which is always affected by a slump in any line of business, conditions are splendid and improving all of the time, with almost no unemployment, according to statements made by bankers and other business men of that city," Mr. Keim declared.

"During his absence Mr. Keim attended the supreme convention of the Knights of Columbus in Montreal and is enthusiastic in his praise of the city as a city of interest and wonderful hospitality.

"This city of about 550,000 is a commercial, railroad, educational, and religious center, built as a result to a great extent of the friendly rivalry existing between the cities of Montreal and St. Louis. The churches are a special pride of the city, the cathedral of Notre Dame, which was built on the site of the first church in Montreal, 250 years ago, being one of the most beautiful. It has a seating capacity of 10,000 and the large number of bells in its towers include the largest bell in the world, which weighs 15 tons.

"I was interested to note the manner in which the beverage situation was handled," Mr. Keim declared. "There are no bars, and only beer and ale are served in the taverns, where tables and chairs are used. Wine is served in all eating places, but it is always compulsory that something to eat be ordered with it. This is true even in ordering wine to be sent up to a hotel room. "Whiskey is obtained only one bottle at a time from government agents.

Mr. Keim stated that 35,000 Knights registered at the convention and 5,000 owned American automobiles. Mr. Keim had the pleasure of dining with the mayor of Montreal and his family during the convention and also enjoyed luncheon with the Canadian premier. The pleasure of his stay in the city was greatly augmented by courtesies extended by the speaker of the house of commons, a friend of many years.

Card of Thanks. We wish to thank our friends and neighbors for their kindness rendered during the death of our son and brother. Also for the beautiful floral offering. Mrs. S. O. McVail, R. L. McVail, Mr. and Mrs. J. V. Cox—adv.

RAILROAD EARNINGS IN JULY TOTAL \$84,481,000

WASHINGTON, Sept. 6. (AP)—Railroad earnings during July amounted to \$84,481,000, according to an estimate today by the American Railway Association, which was at the tentative valuation as fixed by the interstate commerce commission. The earnings were given as the total for 153 roads operating 235,070 miles of the 368,000 total of the country.

The net income for the month compares with \$83,221,000 or 4.13 per cent for the same month last year, but is a decrease from the estimated rate of 5.47 per cent in June of this year.

The railway association cites the earnings in July as being on a comparable basis with those of last year for the first time since the 10 per cent freight reduction went into effect July 1 of last year. The strike of railway shippers which began on that date, however, should be taken into account, in considering the July earnings.

LANE AND ASSOCIATES STARTING DEEP TEST. Lane and associates have built a derrick for a deep test in the north-east corner of lot 22, Geraldine townsite, American Tribune Colony lands, and will start drilling in the next few days.

The Eastern Star Study Club will meet with Mrs. E. R. Branson at her home, 2327 Grant Street, Friday night at 7:30 o'clock. All members who wish to join are asked to be present.

The Night Dish Exploded Wheat—Airy, flavory puffs

Quaker Puffed Wheat in milk forms the greatest night dish people ever eat. The grains are steam exploded—puffed to 3 times normal size. Each is a flaky, flavory globe, a real food confection. And the food cells are broken for easy digestion. Whole wheat supplies 12 minerals which growing children must have. Also their need of bran. Milk is rich in all three vitamins. Make these essentials so enticing that your family will eat them daily and in plenty.

Quaker Puffed Rice is rice grains puffed in like way—by Professor Anderson's great process. Fragile in texture, nut-like in their taste. No breakfast dairy was ever so delightful. Let Puffed Grains bring your folks more joys and better food.

HERE IS A MOST COMPREHENSIVE ASSEMBLAGE OF LADIES' NEW

## FALL SUITS

Included in Our Stock Adjustment Sale at a Reduction of 25 Per Cent

The fabrics embrace all the popular twills, suedine, lustrosa and other pile cloths. Many new whims in the way of side draped coats and tiered skirts are shown, together with the severely tailored models. Of course, there are heavily embroidered suits and a number of them have fur collars and cuffs. The furs favored are dyed squirrel, mole, beaver and kit fox.

It will profit you greatly to make your selection early while stocks are quite complete.

TODAY'S TALK

By GEORGE MATTHEW ADAMS

THE STONE WALL.

It's the way we build quite as much as the thing we build that marks and gives us the character we own.

The skies of June give us roses. The blasts of winter's wind and snow give us only their memories.

Yet each of these seasons are a part of the life of the rose. June is the fulfillment of the promise of December.

What we are like that. Today comes the blasting wind and storm. We feel alone and deserted.

But what we bear with courage and heart, buds and blooms in the happiness of creative work which has lived through.

I stood and watched a group of workmen the other day as they were making a road into a beautiful spot. I noticed that it was necessary, in order to make the even grade, to go right through a huge ledge of rock. And so they went right through! Days and days I watched them work, drilling, drilling and drilling, and each day I noticed that these workmen were nearer through. Some day I will see a smooth road where the great rock once stood.

Things go smoothly with us—and then, suddenly, we are up against a stone wall. We think, we plan—but the only thing we can decide is that the stone wall must be removed, or else we must drill right through it.

And this is the real test of all that we are. It isn't the easy way. It's the most difficult way.

The stone wall is God's way of finding out just what He has made of us. And it's our way of finding out how big we are able to be.

Many a man has literally dug himself out of darkness into the light.

And when you have drilled yourself through a stone wall or so, you will have a clearer knowledge than ever before of exactly what you can do.

(Copyright, 1923, George Matthew Adams.)

JUST FOLKS

By EDGAR A. GUEST

THE BROTHERHOOD OF CARE.

I saw a troubled man today, A stranger's face which plainly told Some anxious care had come his way, It looked so drawn and old.

He smiled not when the jest went round And shared not in the cheer, But kept his eyes upon the ground Like one who does not hear.

A wild canary's silver throat Poured music from a tree— The bird which owned so sweet a note He never turned to see.

Oh, I myself have sat that way, Held fast by grief and care; I, too, have lived my troubled day In darkness and despair.

I have been blinded to delight And deafened to the jest, And stayed awake to nurse at night The sorrow in my breast.

And though he would not know my name, Or guess that I was there, I brooded with him just the same And made for him a prayer.

God help him to be strong, said I, God help him to be true; In this, his hour of doubt, be nigh And bring him safely through.

VOICE OF THE PEOPLE

J. C. A. MARSHALL REPLIES TO CUMBERLAND COMMUNICATION

Editor Times: I want to call attention to an article appearing in The Times on the date of September 5, which I consider misleading and casting reflection on the city of Wichita Falls and its good citizens.

Said article signed by one J. T. Cumley. Now I do not know that writer, neither am I rushing in to make his acquaintance. In writing for publication the writer should first confine his statements to facts and should not deal in misrepresentations, neither in open statements nor by innuendo.

Especially should this rule be closely followed where such publication has a wide circulation, as in such case so many are liable to be misled by the whitewash. I would like to take notice of every statement made by that writer but as time and space will not permit will only notice a few. He says if some fellow offend you or worship a different God from you but probably doesn't know that fellow. I would like to see your little gang together and take him out and whip him and it won't cost you one hundred dollars as in some other places.

YOUR HEALTH

By Dr. Clifford C. Robinson

# Soap and Water-No More Clown Faces!

"Back to the simple make-up of our grandmothers" is the dictum of prominent women all over the country, according to a symposium recently conducted by a New York medical authority. Instead of pink enameled cheeks, the smug glow of the open air, the old oaken bucket and the healthy application of the washrag—that's the way the tide is swinging

## Nation-Wide Symposium Among Leaders of Fair Sex Reveals Mounting Sentiment in Favor of the Abolition of Lipstick and Rouge Box and Return to Old-Fashioned Washrag

**COMPLEXIONS**—artificial or natural, which?

The latter, apparently, for a campaign for bettering the feminine complexion is being received enthusiastically by prominent women throughout the country.

The banner is the washrag. The slogan is: "Clean up—with soap and warm water."

Although sales records show that the demand for toilet preparations as aids to beauty is greater than before the war, a recent symposium on the subject of achieving—and keeping—a fair, natural complexion indicates a decided swing of the pendulum toward the simple beauty secret of our grandmothers' time—washing the face!

If the sentiment evinced by hundreds of club women and social workers throughout the country continues to spread in favor, it looks as though the "clown face" were soon to be relegated to antiquity along with the tightly laced corset, "stayed" brassieres and other requisites of "beauty" in the past. Perhaps the rouge pot will become an unknown; the slender lipstick a thing that our children's children will gaze at speculatively and the vanity case taboo.

AS FOR the symposium, Dr. Victor Robinson, editor of Medical Life, New York City, started it. This eminent medic, author of "Pathfinders in Medicine," "An Essay on Hasheesh," and other equally celebrated volumes, a learned gentleman of an inquiring and scientific turn of mind, felt the need of educating the present and future generations of women to the knowledge that the unfeignedly and totally artificial facial make-up, so much in vogue just now, is not only hygienically but esthetically undesirable.

It isn't so much the hygienic aspect of

the question that the worthy doctor wishes to emphasize as the matter of "looks." He is quite frank about it.

"I happened to conduct the symposium in this wise: when I was on the street, I was often astonished by the number of rouged, powdered, enameled faces," Dr. Robinson says. "Some of them were exceedingly offensive looking. I wondered if this was the outcome of a consensus of opinion.

"Doesn't some one object? I wondered. 'Doesn't any one want clean, natural faces any more?'"

"As to the occasional use of cosmetics,

### No Cosmetics for Her

**GIRLS**, if you want to know how to be beautiful, take your cue from the new mistress of the White House.

Mrs. Calvin Coolidge uses neither face clay, powder nor cosmetics. Just a country school teacher who grew up in the storms and sunshine of rugged New England into one of the charming personalities of her day.

No permanent waves either—just a plain old-fashioned shampoo. Nor bobbed hair. And without these artificial adornments she is just about the most attractive woman you ever met.

Popular? Ask the diplomats, foreign envoys, army and navy generals and captains who have danced attendance upon her ever since she went to Washington as the wife of the then Vice President!

I haven't any hard-and-fast ideas. Categorically, I'd say no lipstick, no powder; no, none at all! No rouge or eyebrow dyes. If a girl is naturally pretty, use of these artificial embellishments merely detracts from her comeliness. If she is homely, it accentuates that very quality. It's a pleasure, I declare—a relief, to meet a girl whose face is natural!

"Sometimes I see a girl who has spoiled her appearance by loading her cheeks with whitewash—if she'd only go and get a good scrubbing! Cleanliness is more esthetic than cosmetics. Their artificiality is repellent."

"Then," ventured the writer, "I may take it for granted, Dr. Robinson, that your—or—sances or wife does not use vile cosmetics in any form or guise?"

Having dodged the danger-fraught question artfully, Dr. Robinson continued: "Skin that's beautiful is bronzed by the sun and wind, and has a natural, healthy glow. Pink cheeks from good circulation of the blood are infinitely

superior to those that come from a rouge box."

The hundreds of prominent women throughout the United States whose statements are included in the symposium are inclined to agree with Dr. Robinson.

"The washrag and plain white soap must return to a prominent place in the toilet if American women are to have the clean-faced beauty that is their heritage."

THIS is the opinion of Miss Ada May Cromwell, an officer of the Kentucky League of Women Voters.

"With all my heart I am with you in your proposed campaign for clean-faced American women," Miss Cromwell continues. "I sincerely believe that the present vogue for painted faces and the use of high-colored and perfumed soap is responsible for the low morals of some women."

Winifred Sackville Stoner, director of the International Natural Education Institute and well-known lecturer, says: "When soaps are unadulterated, I believe they are better for cleaning the face than various kinds of creams. There is much truth in the saying that beauty is only skin deep."

Good health shows in faces first, says Mrs. Ella B. Kahrer, who is active in

tuberculosis preventive work in Indiana.

"The disgrace of 'good women' making themselves look like clowns with all kinds of cosmetics is a mystery to me."

Pure soap, warm water and vigorous use of the wash cloth is a good recipe for first aid beauty, according to Miss Anna M. Hirsch, Orlando, Fla., librarian of the National Federation of Music Clubs, who says: "I consider it necessary to use a pure soap and wash cloth at least once a day. If more soap and water and less paint and powder were used, it would be a great thing for the morale of the present generation. A little powder is always permissible, but whitewash and paint are disgraceful."

"I am entirely in sympathy with a plan for a campaign of education for women along the line of pure soap," says Mrs. J. H. Huddleston, president of the Maine Federation of Women's Clubs.

"As president of the Providence, R. I., Housewives' League, I would indorse any movement that stands for health and sanitation," declares Mrs. Frank Gibson, another firm advocate of the washrag doctrine.

THAT the old-fashioned beauty secrets of our grandmothers' day, soap and water, are best, is the opinion of Mrs. Cora L. Abbot, president of the California Federation of Women's Clubs, who resides at Turlock, Calif.

"If we could only return to some of the good, old-fashioned ways of our mothers and grandmothers," she says, "we could find many improvements (old, yet ever new). There is but one way to cleanse the face. That is to wash it at least once a day."

Mrs. D. P. Council, State chairman of public welfare of the Florida Federation of Women's Clubs, Lake Worth, Fla., says: "I heartily indorse this movement in the interest of women, pointing the safe and sane way to cleansing and preserving the natural beauty of the skin and discouraging the use of so-called skin beautifiers."

Mrs. Thomas B. Hutton, president of the Women's Club, Sioux City, Ia., writes: "I have long felt that the face is no exception to other parts of the body unless it is exposed to more common dirt. Imagine our hands and feet kept clean by the use of lotions and creams!"

Lack of knowledge of the proper care of the skin is a condition that should be remedied, according to Miss Margaret A. Wade, of the Carnegie Public Library, Anderson, Ind., who says: "One cannot be among any number of women, even a few, without feeling that good soap and water, with perhaps a stiff brush, might improve the appearance of their

skins. . . . Women, without question, are too apt to omit soap when washing the face, depending too much upon creams and toilet waters for cleansing, while many are inclined to use heavily perfumed soaps. I have known several women who told me that they never use any soap or water on the face."

Mrs. Grace H. Thompson, of Bangor, home demonstration chairman for Maine, says that the simplest method of gaining a good complexion is the best, adding: "I am heartily in favor of an educational campaign which shall teach girls and women to discard artificial and injurious methods in an attempt to improve the complexion and to use soap and water as a means of preserving the natural beauty of the skin."

Abigail E. Leonard, chairman of the applied educational department of the Long Island Council of Women's Clubs, of Farmingdale, L. I., says: "I have never used medicated soaps and I should not dare to. I was taught when a school girl to avoid them, and have been true to my teaching."

"I am always suspicious of a person with a perfumed breath," Mrs. Irene B. Taylor, president of the Women's Club, Schenectady, N. Y., writes, "and for the same reason I have my doubts about the good qualities of excessively perfumed soaps."

"Powdered noses!" Miss Dorothy Humbert, successful on the London concert stage, says: "When I see a perfectly good nose reeking with a too liberal application of scented white powder, I invariably think of what a London critic used to say about any too-much-powdered nose that chanced within his range of vision, 'Tombstone.' I believe in adhering closely to natural beauty. Artificial beauty is as great a mistake as insincere, unnatural manners. Attempts to improve upon it are mostly 'amateurish,' and are a case of 'gilding the lily.'"

Mrs. C. M. Lillie, Denver, Col., says: "Personally I believe in soap and water, both as nearly pure as it is possible to get. Some soaps are so disgusting and impossible looking that I've never given them a thought except to wonder how any one could bear to use them."

"Use soap, clean water and a wash cloth used at least once a day are necessary to cleanse the skin," writes Mrs. W. A. Cook, prominent Washington, Ia., clubwoman.

FROM the representative data on file, it seems that soap, water and the washrag are supplanting paint and powder in women leaders' favor.

So one may conclude, after all, that the washrag, humble though it be, like home, sweet home, never goes quite out of style.

### ROTARY CLUB HAS MANY GUESTS AT WEEKLY LUNCHEON

Leaders in local Boy Scout work and an unusual number of visitors, attracted to Wichita Falls by the District Teachers' Institute and other events of the week, were the honor guests of the Rotary Club Thursday noon at its weekly luncheon at the Kemp.

J. H. Roberts, president of the Wichita Falls Scout council, was introduced by Morris Marcus, the president of the club. Mr. Roberts introduced Robby Price, of Dallas, field man for the State Boy Scout organization; Wade Bartlett, acting scout executive here; Ben Hamilton and J. T. Hamilton, who are prominently identified with the work in this city.

The chairman named a committee to attend a luncheon meeting in Bowie at noon Friday, to assist in the formation of a Rotary Club there.

John W. Baker, of Austin, former state treasurer, and now connected with the above insurance department, paid a tribute to the Rotary clubs of the nation and to the great progress made by Wichita Falls since his last stop here about ten years ago.

New Members Introduced. Two new Rotarians, Wiley Robertson, vice-president of the City National bank, and J. H. Allison, of the Wichita Daily Times, were introduced by Vice-President Marcus.

Hubert M. Harrison told of his recent trip to Greenville, his former home, and other Texas cities, paying an eloquent tribute to the small or average sized town of the United States.

Tribute to Small Towns. "Perhaps American civilization reached its highest development in the small town," said Mr. Harrison, "where everyone knows everyone else and all about him."

Robbey Price appealed for the continued support of the Boy Scout movement by the business men of the nation, stating that 26,000 Scouts were added to the rolls during the past year, making a total of more than 400,000 boys and men now engaged in Scout work, which means the building of the right kind of men from the boys of the country.

### DELIGHTFUL DAYS ARE BEING ENJOYED IN WICHITA FALLS

The weather man seems to have been making things light on this part of Texas for the past few days. With the recent rains and the absence of a blazing sun, the temperature has been dropping steadily and the days now take on the aspect of that proverbial "day in June."

At 1 o'clock Thursday the thermometer at the home of George Simmons, 1406 Broad street, registered 83 degrees, with a slight rise of the mercury as the afternoon wore on. As a minimum for the day the temperature was 68 early Thursday morning.

A few clouds, at times hiding the sun, but with this condition general over the entire territory surrounding the city, marks the only unusual performance of the weather at other points Thursday. South of the city rains were threatening, but there were no reports of rainfall at an early hour Thursday afternoon.

CONVENTION OF NEGRO BAPTISTS AT FORT WORTH. FOR WORTH, Sept. 6. (AP)—Hundreds of negro delegates have arrived here to attend the third annual National Baptist (negro) convention now in session at St. James Baptist church.

The convention has brought together here many of the leading ministers and business men and women of the race. Reverend E. F. Jones of Illinois is president of the national organization.

Mr. Shelby congratulated this district upon its favorable educational outlook and particularly stressed the fact that this city was well equipped for educational advancement, praising the new Junior College as the finest plant of its kind in the United States.

WASHINGTON, Sept. 6. (AP)—The bid of the city of Cleveland for next year's Republican national convention was laid before President Coolidge today by Carl A. Thompson, an Ohio political leader. The president is understood to have said he had no preference and desired that the convention city be selected in the regular manner by the national committee.

PROPOSED INCREASE IN COAL RATES SUSPENDED. WASHINGTON, Sept. 6. (AP)—Proposed increases in coal rates filed by the Cincinnati, New Orleans & Texas Pacific Railway Company on shipments to contiguous territory were suspended by the interstate commerce commission today, until January 24, 1924.

### Fort Worth May Drop Name Of Vernon Castle

CHICAGO, Sept. 6. (AP)—General chairman of the switchmen's union of North America and the Brotherhood of Locomotive Firemen and Engineers went into session here today in separate meetings in the same building to consider proposals for wage increases which it has been rumored might approximate 25 per cent of approximately \$75,000,000 a year in the aggregate.

At the firemen's meeting D. C. Laughlin, of Jackson, Mich., was elected president of the association of general chairmen; C. M. Rodgers, Cleburne, Texas, vice chairman; J. H. Marshall, Chicago, secretary, and W. O. Lalsure, Parsons, Kan., treasurer.

Roberts and Hill completed No. 3 on the J. E. Parrish lease in the Sunshine pool in the sand at 1523 to 1525 feet with an initial production of 150 barrels. The well is located in section 2, abstract 921.

### GENERAL CHAIRMEN OF SWITCHMEN AND FIREMEN CONVENT

At 1 o'clock Thursday the thermometer at the home of George Simmons, 1406 Broad street, registered 83 degrees, with a slight rise of the mercury as the afternoon wore on. As a minimum for the day the temperature was 68 early Thursday morning.

A few clouds, at times hiding the sun, but with this condition general over the entire territory surrounding the city, marks the only unusual performance of the weather at other points Thursday. South of the city rains were threatening, but there were no reports of rainfall at an early hour Thursday afternoon.

### Texhoma Well Extend 1600-Foot Pay Quarter-Mile

Extending the 1600-foot pay over one-quarter of a mile to the south, the Texhoma Refining Company Tuesday completed and placed on the pump its No. 2 well on the Burnett et al. tract in section 5, E. A. M. G. survey, south of Fowikes station, with an estimated production of between 80 and 90 barrels daily.

Roberts and Hill completed No. 3 on the J. E. Parrish lease in the Sunshine pool in the sand at 1523 to 1525 feet with an initial production of 150 barrels. The well is located in section 2, abstract 921.

WASHINGTON, Sept. 6. (AP)—The bid of the city of Cleveland for next year's Republican national convention was laid before President Coolidge today by Carl A. Thompson, an Ohio political leader. ### GREENVILLE MAN DIES RESULT OF ACCIDENT

FORT WORTH, Sept. 6. (AP)—J. R. Smith, 71, of Greenville, died suddenly at the home of his daughter, Mrs. Frankie Kilman, shortly after he reached the house on a visit last night.

Testimony at the inquest was that Smith injured his head in a fall while alighting from a train at the Texas & Pacific depot. He then went to his daughter's home, ate supper and was asleep, dying within 15 minutes after leaving the table. It was said.

CHICAGO, Sept. 6. (AP)—Motion picture films of the Dempsey-Gilbons fight at Shelby, Mont., which were seized by federal authorities last night were taken before the federal grand jury today by Assistant District Attorney Weist, who indicated that the jurors would be asked to indict James J. McGrath, promoter, charged with bringing the films here from Butte, Mont., in violation of the federal law, prohibiting interstate shipment of fight pictures.

The pictures were exhibited all day yesterday at a downtown theater. McGrath previously had obtained an injunction to prevent any interference, by city authorities.

WHEELER PITCHES THREE-HIT GAME TO WALLOP PANTHERS

Cats Get But Three Singles Off Ripper, While Bergerones Clout Ross Hard Enough to Win 3 to 1

It remained for Ripper the Wheeler to stop the Panthers. And that went, whose sale to the Chicago Cubs is expected to be announced upon Friday...

For four straight innings Wheeler cut the opposition down in order. In the fifth a muffed fly ball put a runner on second and Moore scored the first hit for the Cats in this round...

Both teams went away in order in the first, Ross fanning Becher and Coombs. Tanager robbed Edington of a hit by a nice catch of his line drive...

Coombs' miff of Kraft's high one started the Cats off to a run in the first. The rest was the other pitcher's to reach first and he went as far as second...

The Cats were out in order in the sixth and seventh, but Wheeler in the eighth when Hoffman opened with a solid smash, but there was as far as an advance...

The Bergerones lost chances to increase their lead in the fifth and sixth. Wheeler's double was a double in succession with one gone, but Ross was out of the hole when Becher lined into a double play...

Wheeler's double in the sixth and seventh with one out in the sixth and seventh. Wheeler doubled in the seventh with one out in the sixth and seventh...

Indictment of Giants' Owner In Bucketshop Crusade Part of Plot To Oust Stoneham From the League

NEW YORK, Sept. 6.—A move is under way by the National League club owners to drive Charles A. Stoneham out of baseball.

Fine Home For Sale at Sacrifice Price

We are moving to California and offer our home at 1817 Huff Avenue for sale at a price much below replacement value.

This property was built and improved for a home, and no reasonable expense was spared in construction. The place has 4 bedrooms with large closets and two large sleeping porches also tiled bath. 32 foot living room, large dining and breakfast rooms. Hardwood throughout down stairs, also lavatory on first floor. Large butlers' pantry.

Absolutely dry basement containing complete heating system. The lot is 100x170 feet, and has servant's quarters and garage.

A splendid opportunity is offered someone who wants a fine home, with every modern convenience and located in the choicest neighborhood, at a bargain price.

Will sell either furnished or unfurnished.

Price and terms on application.
