### Damage Suit of Sheriff Murphy Is Passed Over

The case of B. E. Johnson, brought by his father against W. W. Murphy, sheriff of Wichita county, for \$15,000, was postponed Friday afternoon until the second Monday in November. The plaintiff filed an amendment to his petition, in which he defendant's pleadings and asked for time to get in witnesses. A portion of the evidence in the case was submitted at the morning session of court after the jury was completed. B. E. Johnson, the plaintiff, took the stand as the first witness and testified that he was 18 years of age. He stated that he was thrown in jail, after being arrested in Ansonia, Okla., along with his father, Johnson, and was held in the jail for a period of 10 days.

### Bowie News

**Males and Matrons Club**  
The first meeting of the Males and Matrons Club for the year 1923-24 was held at the home of Mrs. Henry F. Ayres Wednesday afternoon, when Mrs. Ayres and Mrs. Joseph E. Latham as hosts. After roll call, to which the hosts requested each guest to respond with a "summer" reminiscence, a very enjoyable social program was given. During the social hour which followed several clever games and contests were held. The club colors, green and white, were carried out in the decorations. Refreshments consisted of green brick ice cream and cake were served and a white carnation, the club flower, given to the following club members and guests: Mrs. John Elliott, Will S. Young, Dana B. Benson, W. Ernest Benson, Francis Evans, Kenneth Archer, William Morgan, Sherman Young, R. G. Stephenson, W. E. Campers of Emma Emma Heard, David Warren, Chilton Ayres, Misses Saba Clingler, Glenna Jameson, Inez Rudy, Susette Meyer and Hope Ayres.

**Home-Made**  
Miss Bonnie Mae Hess and Mr. Oscar F. McCracken were married Sunday afternoon, October 7, at six o'clock at the home of Rev. C. L. Altfather, who officiated. The bride, who is the daughter of Mrs. H. O. Brown, was a member of the pastor's church and is quite popular among the younger set. The groom is the son of Mr. and Mrs. J. M. McCracken and is well known in Bowie, having been employed by the Jackson Transfer Co. for a number of years. Mr. and Mrs. McCracken are at home on Hills street.

**Survive Birthday Dinner**  
On reaching his home Wednesday at noon, B. E. Watson found a surprise awaiting him in the form of a sumptuous birthday dinner with a real birthday cake, boasting 70 lighted candles, in the center of the table. The dinner was beautifully decorated in ferns and cut flowers. A number of his children and grandchildren were present to enjoy the feast with him and to wish him many more birthdays yet to come. "Doc" Watson, as he is affectionately called by his friends, has lived 48 of his 70 years in Montague county, having at one time served as sheriff here, and both he and his wife have many warm friends in every part of the county. Mr. and Mrs. Watson are the parents of four children, all of whom live here except the eldest, whose home is in Fresno, Cal. If grandchildren living and two great-grandchildren. Those who attended the dinner were: Mr. and Mrs. B. F. Watson,

### EXTREMES WITH AL G. BARNES CIRCUS

The circus was beautifully decorated with cut flowers in blue, white, red and green. Seventy-five members of the circus were present to roll call with "summer playlets." Two visitors were present, Mrs. George Wilbert of Plaquemine, La., and Mrs. F. A. Chamberlain of Bowie. After the reading of the minutes a sketch of the year's work was given by Mrs. E. W. Heard, chairman of the year book committee. Then followed the president's address, "The Ideal Club Woman," which was given in almost glowing manner and applauded everyone present with the idea of service and mutual betterment.

**Males and Matrons**  
Mrs. Will E. Young was hostess to the Males and Matrons Club this week at her home on West Fifth. Fifteen members were present. Roll call was responded to by quotations from Scott. The study of "The Lady of the Lake" and "Marmion" was made very interesting by Miss Inez Rudy, a leader, who having visited Scott's home, Abbotsford and having pictures of his home and different scenes that were described in "The Lady of the Lake" which she passed around during the discussion. The program was topped with a humorous reading by Mrs. Edna Heard. Miss Susette Meyer was unanimously elected a member of the club.

**Thin Blood**  
Thousands of pale, thin-blooded persons have found renewed strength and health in FORCE Tonic. It increases the red corpuscles, those disease fighting atoms of the blood.

**FOOD INSTEAD OF FLANNELS**  
Are you ready for the chilly days? Bodily warmth comes from nourishing, easily digested foods. Piling on flannels will not supply warmth to a poorly nourished body. Shredded Wheat Biscuit served with hot milk and a little cream gives warmth and strength for any kind of weather - and it is just as satisfying for lunch and dinner as it is for breakfast. It is ready-cooked and ready-to-eat. Contains all the bran you need for stimulating bowel movement. Delicious for any meal.

son, William Francis, have returned from Durkheim. D. B. Burns, who has been in northern New Mexico for the past few months, holding down a claim is here for a visit with his mother, W. F. wick, Ohio, near here, yesterday. Five other Sulek children were rescued by neighbors. The mother and daughter were fatally burned when the kitchen stove exploded as Mrs. Sulek sought to start a fire. The father was probably fatally burned when he tried to extinguish the flames that enveloped his wife. Mrs. Sulek is believed to have used gasoline in starting the fire, mistaking it for kerosene.

CONDITIONS ARE NEARING NORMAL SAYS W. T. FARLEY

Conditions are nearer normal than at any time since the war, people have forgotten about the European situation, there is a gradual decrease in prices and an increase in output which is particularly noticeable in the textile industry.

As an indication that conditions were approaching normal he pointed out that in 1920 prices were inflated to 147 per cent and the buying power of the dollar was 66.5 as compared with pre-war prices, while at the present time the inflation was only 138 and the dollar was worth 44.3 cents based on pre-war conditions.

Mr. Farley, head of the corporation, with his son, Edward J. Farley, and J. E. King, sales manager, spent the day in the city Friday on their return from Fort Worth where they attended a convention of southwestern managers of the Farley stores.

ARRANGEMENTS BEING COMPLETED TO RAISE PRESBYTERIAN FUND

Final arrangements for the Presbyterian movement for Christian education, carrying with it a campaign for \$1,000,000, have been completed, according to W. T. Farley, who has been in the city in conference with Presbyterian leaders regarding the work in this community.

RESIDENCE PARTIALLY DESTROYED BY FIRE Fire at 10 o'clock Thursday night in the home of Phil Crook, 7414 Sixteenth street, partially destroyed the residence and resulted in a loss of approximately \$2,000 before the flames were checked. The department from central station answered the call and confined the blaze to the property where it originated. The home was owned by C. S. Cato and was partially covered by insurance.

DEATH OF SAILORWOMAN FOUR CASUAL AND BOUND NEW YORK, Oct. 11.—The almost made body of Miss Estelle Phillips, department store saleswoman, was found bound and gagged today in her West 57th street furnished room.

MEAN AND WOMEN JEER 22 SIGHTS IN BERLIN BERLIN, Oct. 12.—Food riots occurred this morning in two of Berlin's densely populated sections where the population is without potatoes or meat. In both instances, according to the police, these riotous scenes were the work of unemployed men who were accompanied in their raids by many women. When they attempted to protest the food about the rioters, they were attacked by the police. Many arrests were made.

How To Keep A Child Healthy

A GENERATION ago parents thought that sickness was a part of a child's life, but we know better now. The secret is in the food the mother allows the child to eat, and in watching that situation occur regularly, two or three times a day. Mrs. J. H. Galt, of 1514 Huron Ave., Detroit, Mich., says her family of five young children in perfect health with Dr. Caldwell's Syrup Pepsin, and Mrs. R. E. Smith, of 115 Maple Ave., East Pittsburgh, Pa., says her family of three children have never been sick a day since giving them Syrup Pepsin.

The names and addresses of those who send these notes will not be published; only the requests and the offers. Only the woman's page editor will know the names, and they will not in any case be made known to any other person except those concerned.

"I have a cape and three little dresses for a girl thirteen if you can use them."—Mrs. H.

"Thank you very much; we certainly can use them."

"I need a coat so badly for my ten year old girl, and would appreciate a coat or sweater for her. And if you have any winter underwear or singletwa little boy's pants for a boy of seven, I would be so glad to have it. I would appreciate anything you can do for any of my children. They are in need."—Mrs. C.

"We have one or two things for the little girl that we will ask the mothers to bring, and if some mother can help with the coat and the underwear for a little boy we will appreciate it."

"Can you help me with clothing for my three girls, 14 and 15, who are in school? They all need a coat or winter covering, and have only one or two dresses apiece. I would appreciate help so much."—Mrs. T.

"I am sure some of the mothers can help. Please phone me."

"I would like to have the address of the woman who needs a dress for a 17 year old girl."—Mrs. L.

"We are sending it to you, and thank you very much."

## The Tangle

Letter from Lucile Peterson, Care of the Second Division.

"I hardly know how I got home, although I must have been conscious enough of mental things to drive my car, for I had no accident. I went upstairs and sat down in my own room, after carefully locking the door—just why I do not know, but the idea was so stupendous that I wanted no interruptions while thinking about it.

How did Alice come with such a magnificent and valuable string of pearls, and having them, why did she give them to me? Could it be possible that she did not know the pearls were pearls?

I went back to the time when she gave them to me. I wanted again to understand and remember just what she said. I remembered she had given them to me the day that she had asked me to wear "something old and something new, something borrowed and something blue."

When she handed me the pearls she said, after I had exclaimed with delight over them, that she had come across a man who had purchased them for someone that he had cared for very, very much, and then, as he had lost her, he did not want them any more. She said she had found out how to obtain them through Betty Stokley, and knowing that Betty Stokley was abroad, I jumped at the conclusion that she had gotten these beads, as I supposed they were, from some foreigner who had arrived in this country, and becoming hard pressed for money, had sold them to her.

Did Alice tell me the truth? Did she really find out who she was desperate because he had lost the woman for whom he bought the pearls and who was willing to sell them to her at an insatiable price? Or did she know that the pearls were real, and by driving a sharp bargain with the man, had secured for the purchase check which he would have to give for them at a bargain price?

One moment I was ready to believe her, and then I was afraid that someone else would get the pearls, or if she answered someone other than myself might get it. I wanted to ask my father if he knew anything about it, but again I was afraid. It didn't seem to me possible that dad would have kept it all to himself, that he was giving me, through Alice, a string of pearls worth a string worth over two hundred thousand dollars.

No, that wasn't like dad. He always wanted his girls appreciated at their proper value, notwithstanding he was always very generous. I felt I could never wear the pearls again. I would be afraid every minute that someone would take them from me. I knew now why it was that the man at the restaurant table had been looking at me so the time that I had wanted to talk to him. He probably was a pearl connoisseur.

I jumped at the conclusion that he had gotten these beads, as I supposed they were, from some foreigner who had arrived in this country, and becoming hard pressed for money, had sold them to her.

## BRIEFS AND NOTICES

Circle Five of the First Baptist church will hold a college prayer service at the home of Mrs. W. W. Brown, 1811 Twelfth street, Friday evening at 7:30. Everyone is invited.

The meeting of the Goodwin Bible Class, postponed from Tuesday evening on account of the absence of Mrs. Goodwin, will be held Friday evening at 7:30 at the First Presbyterian church.

**O. E. S. COMMITTEE ON DRAPERIES THURSDAY**  
Mrs. E. V. Friberg, chairman of the O. E. S. committee on draperies, entertained an all-day work meeting of the committee at her home Thursday, when they spent the day sewing on draperies for the Masonic Temple.

Lansdown was served to Messieurs I. W. Ehrenbrock, E. E. Bonnell, C. L. McCormick, H. A. Bradley, Simmons, Charles Milliken, and W. J. Webb, and Messrs. E. V. Friberg, Walter Friberg and O. L. McCormick, Jr., guests.

**WICHITA PARTY MOTORS TO CALIFORNIA IN SEVEN DAYS**  
Word was received by Mrs. M. M. Benson Friday from her son, Frank Benson, who, with Head Kinsar and Jack Walker, left a short time ago in an automobile for California, that the party arrived in Los Angeles Wednesday, after being on the road seven days. The trip was made in a Ford car.

A year ago Frank Benson and a friend, Frank Factor, also of this city, returned from Los Angeles in eight days. The young men will remain in California for several months, it is said.

**SECOND MEETING OF LAND-OWNERS TO BE CALLED**  
Judge A. H. Britton declared before the business council Friday that the board of directors of the landowners association in the jurisdiction district, which was organized at a meeting Tuesday at Iowa Park, would meet in Wichita "this evening" and make final plans for organization. When the plans are adopted by the board of directors and completed, a second meeting of the O. E. S. committee on draperies will be called in Wichita Falls and the plans submitted to those who attend.

More testimony was being taken Friday in the case of the Stillman Oil Company against the McMan Oil and Gas Company before Special Master C. G. Whitten of Adams, who was appointed by Judge James C. Whitten of the United States district court. Hearings in the case have been in progress throughout the summer and over 1,000 pages of testimony have already been submitted.

## BUSINESS COUNCIL VOTES FOR TRAIN SHEDS AT STATION

Jack Barnard's motion to have train sheds constructed at the Union passenger station, has been unanimously adopted by members of the business council as their regular weekly meeting at the Hotel Holiday noon. E. P. Dundas, chairman of the business council, who presided at the meeting, appointed a committee of three to work on the proposition. The committee was composed of O. H. Macy, chairman, Charles Barnard and T. A. Rogers.

E. P. Dundas, chairman of the committee to investigate the coming of the division headquarters of the Santa Fe railway, reported that an application for warehouse space in one of the houses-Okla. Fair Association. As yet no space has been located. The highway office, Judge R. D. Smith, is gathering information in regard to the opening of the office here.

C. W. Risher, chairman of a special committee to investigate the home system of taxation, which is being considered in regard to its installation in Wichita Falls, told of the workings of the system. He declared that a map of the city would be taken and valuations would be based on all property, according to the front foot. This would be done by a committee of property owners and the property would be appraised. A table of equalization used in the region would be used in appraising improvements on the property. He explained that the system would cost the city of Wichita Falls \$15,000 and would require the work of many employees in the tax assessor's office.

Through investigation, Risher stated that it was the desire of the mayor, city council and the committee to urge a more thorough and further investigation of the system and its workings in other cities and not to get with hands in regard to the installation here.

John A. H. Britton made a report before the council on the recent, landowner's meeting at Iowa Park and told of the plans and purposes of the organization.

A report of the convention of county judges and commissioners of Texas, which met here last week, was made before the council by Judge Smith.

"The Texas-Oklahoma Fair this year was a success financially, and although all of the permanent improvements on the fair will not be paid for until next year, E. H. Shepherd declared when asked for a report on the success of the fair.

**PARADE CITY BEING IN CONSTRUCTION**

Construction of the proposed city hall and other public buildings, which were ordered by the T. J. Kneass Construction Company was called for trial in the 7th district court Friday afternoon at 10 o'clock being adjourned at a late hour. The plaintiff seeks judgment of \$7,000 as damages for injuries alleged to have been suffered because of negligence and carelessness on the part of the defendant. It is charged that the defendant left an excavation open in the construction of a road near Iowa Park and that the

and bright greens from her wardrobe. Proper dressmaking. And even more important than color is line, Miss Fickens insists. "Witches are of the greatest importance and should be governed by the general figure," she says. "If one has a round, full face, a round neckline would emphasize this, but a V-neck would counteract the

and give an effect of length. The woman with long and pointed features will be best in a round or U-shaped neck. However, if the features are decidedly long and pointed, it is best not to use the very round neckline as the contrast will be too marked. One must be feminine. "Waistlines should not be conspicuous and should be arranged so

not to divide the figure definitely. Skirt lengths should be considered from the standpoint of attractiveness. The draperies help the large figure to have a modest skirt length without awkwardness. "The woman who is tall and thin should be generous in her yardage and let dress in line enhance her

slimness. The short, round miss should stick to simple tailored things as much as possible and self-trimmed lace or fabric dress in preference to ruffled or elaborately decorated ones. "If a woman has more time to spare put her type, it would take her less time to do her shopping, and she would have fewer failures to her credit each season, Miss Fickens concludes. Health authorities say all guests must leave Pittsburgh. It will cut the population in half. Philadelphia elections went against General Wood. Certainly are knocking on Wood there.

## SECOND CROP OF PINE FRUIT BEING RAISED NEAR

Several very large, fine stringless peaches raised by Dr. R. C. Smith, 1419 South street, were on display Friday at the Times office. The tree is four years old and is bearing its second crop this season. According to Dr. Smith, 25 bushels of peaches were gathered recently from this tree.

## "The First Year" Riot of Laughs From Curtain to Close of Play; Is Thoroughly Natural and Human

John Golden, whose prominence as a producing manager has been made through the overwhelming success of "Lightnin'" which ran two years in New York and two years in Chicago, and whose other works are "Three Wise Fools," "Dear "Thank-U" and "Turn to the Right" added abundantly to his reputation as a purveyor of good American plays by an American play-offers an initial presentation here of "The First Year," a so-called comic-tragedy of married life, written by Frank Craven and staged by the personal direction of Michael Smith.

"The First Year" will doubtless meet with a cordial reception at the local theater Monday and Tuesday, before it is closed. It is the desire of the author to have the play, built mainly for laughing purposes, to get the commendation of the very exceptional assessments rendered in New York City, where for two years, in the words of Irvin Cobb, the humorist, it had to inherit tickets, so impossible was it to secure them otherwise.

"The First Year" is simply indelible. It is said to be a riot of laughs and is thoroughly natural and human. Its principal charm is in its naturalness. No theatrical effects, rather the raising of the curtain on an actual American home. It appeals to married and unmarried, to all who love to laugh, and its appeal is not of the ordinary kind.

In the splendid company presenting "The First Year" are such special favorites as Scott Welsh, Patricia O'Hara, Ray La Roche, Ellen Beth Dunne, Jane Ellison, Alan Davis, Joseph H. Gary and Pauline Moran, whose interpretation of Mr. Craven's interpretation of life in so small a measure to afford a

## Two Meetings In Rural Districts With Mrs. Barnes

Miss Georgia Lanford, home demonstration agent, has arranged for two meetings to be held in the rural districts next week, at which time Mrs. Dora E. Barnes, clothing specialist of A. & H. clothing, will give demonstrations and instructions in sewing.

The first gathering will be held Thursday afternoon, October 12, at the home of Mrs. Blumens near South Park. The purpose of this meeting is to give demonstrations in making and rettriming hats. Special invitations have been sent to club members but the public in general is cordially invited.

Every woman is asked to bring needles, thimble, thread, scissors, tape measure and plenty of pins. The women are asked to bring either old hats to clean and rettrim with new trimmings or to bring a new hat frame of buckram or wire with material for trimming.

A similar meeting will be held Friday at the home of Mrs. H. H. Rayne, north of Elsie. This will be an all-day meeting and in addition to the articles enumerated above, the women are asked to bring their lunches.

## Examinations for Enlisted Men to Be Held Dec. 1-15

Annual examination for admission of enlisted men of the regular army to the United States Military Academy at West Point will be held between December 1 and 15, according to a letter sent out by the Adjutant General and received by Sergeant S. H. Burke, in charge of the local recruiting office at the court house Friday.

Each corps area and department commander is allotted a certain number of enlisted men who are recommended to take this examination.

September was a good month for the recruiting department, but indications are that the total for October will surpass the number of enlistments in the preceding month.

### ACTING DISTRICT ATTORNEY DENIES NEGRO'S CHARGES

#### WILL TAKE STAND TO REFUTE TESTIMONY IN THE STOKES TRIAL.

### CHARGE ATTEMPT MADE TO INFLUENCE TESTIMONY

Witnessed By Son-in-Law of Chief Counsel For Mrs. Stokes.

NEW YORK, Oct. 12.—Acting district attorney Ferdinand Pecora will appear Monday to deny charges brought at his office by Joseph A. Horton, a negro, who during yesterday's session of the retrial of the Stokes case of W. E. D. Stokes, "salting" hotel owner, asserted that an attempt had been made to influence his testimony. The assertion of Horton, former janitor of an apartment house at 15th street, who lives at 128th street, indirectly led to a flare up between opposing counsel.

Thornton said that during the previous trial of the case at which he identified Mrs. Stokes as a woman he had seen several times at the 15th street address where Mr. Wallace lived, he received a subpoena to appear before the district attorney and subsequently was questioned by Stanley L. Richies, son of an assistant district attorney, who is a son-in-law of Samuel Untermyer, chief counsel for Mrs.

### BELIEVED CREW OF EVERETT IN OPEN BOATS ON SEA

#### MESSAGE TOLD OF SINKING CONDITION AND OF LOW-ERING OF BOATS.

### VESSELS SEARCHING OFF FLORIDA COAST

#### Thirty Men in Crew of Tanker Lost Heard From Early Thursday.

KEY WEST, Fla., Oct. 12.—Thirty men, members of the crew of the City of Everett, a tanker which sank stern first early yesterday off the Florida coast and who are believed to be fighting for their lives in open boats in a stormy sea today were being searched for by vessels which answered the Everett's distress call.

The tanker, owned by E. O. Kaplan of New York, foundered in a heavy sea off Tortugas.

"An lowering the boats; still sink soon; latitude 24:30 north; longitude 82 west," was a message received from the ill-fated vessel by the radio station at the navy yard here.

Twenty-five minutes later, what is believed to be the final chapter of the Everett was received: "Going down stern first."

The Comal of the Military line, 12 miles away, buffeting the high running sea, shifted its course and headed for the Everett, while the Banker, a revenue cutter, steamed out of this harbor for the position of the tanker, located on charts as being 120 miles west of Tortugas.

When the Comal and Banker arrived at the position given by the Everett only a small amount of debris covered the running sea. The rescuers reported to the navy yard that not a life boat was in sight. Throughout the night the search continued and at daybreak this morning the navy yard reported it had heard nothing further from the Comal and Banker.

Marines said there is a possibility that the men who took to the life boats might have been carried so far from the place where the tanker sank that they could not be sighted by the rescue ships. Other ships were reported enroute to the scene to aid in the search.

### Light Rains Are Reported In All Parts Territory

Light rains were reported Friday morning by all railroads leading into Wichita Falls and the Missouri, Kansas and Texas railway reported heavy rains early Friday along its line in Oklahoma.

The Wichita Valley railroad reported rains from Wichita Falls to Anson on the main line and from Spearman to Swanson on the Stamford branch. Officials of the Denver reported only light rains and fairly heavy rains in the Parkhandle near Thompson.

Light rains were reported Friday morning along the Wichita Falls & Southern.

A light rain fell in Wichita Falls Friday morning about 10:15 o'clock, but only a small fraction of an inch was reported.

### JURY UNABLE TO AGREE

IN CIVIL CASE BY STEIN. A jury in the case of F. P. Gormley and others against W. C. Dunlap and others was unable to arrive at a verdict and accordingly was discharged Friday morning by Judge P. A. Martin of the 29th district court. The case was for an accounting for the funds in a cooperative store movement in Barkburnett.

### FOREST FIRE SMOKE RESULTS IN SINKING OF SHIP ON LAKE

#### ST. PAUL, Minn., Oct. 12.—A ship sunk, lake traffic practically at a standstill and two dead, increased last night the toll of the forest fires which have raged over the northern parts of these states for several days.

Rains and fog reported generally over the fire zone late last night and early today, however, checked the hundreds of blazes and enabled fire fighters to gain control of many fires.

Messages received here from several great lakes ports told of ships tied up at the docks because owners feared to permit their vessels to navigate in the extremely heavy smoke that hung over the water.

Due to the fog the steamer Brantford of the Matthews Steamship Company of Toronto, so bound, sank in White Fish Bay following a collision with the steamer Cetus of the Inter-lake Steamship Company. The Cetus rescued the Brantford's crew.

Blinded by smoke from forest fires, William Mann, 30, was killed when his motorcar collided with an automobile at Oconto, Wis.

John Frank of Dauby, Wis., 17 years old, son of a crew of fire fighters, was killed when the gun he had taken with him accidentally discharged.

### ASK OBSERVANCE OF WORLD COURT WEEK

WASHINGTON, Oct. 12.—The commission on international justice and good will of the Federal Council of Churches has issued a call to the churches of the country for the observance of the week from November 2 to Armistice Day as world court week in the interest of United States participation in the permanent court of international justice.

The plan for a national campaign of education and discussion on the question, the federal council said in its announcement today, has been endorsed by religious, social and educational institutions throughout the country.

### RHEUMATIG NEURITIS LEAVES YOU FOREVER

Every druggist in this county is authorized to say to every rheumatic sufferer that if a full bottle of Allenbur's, the sure conqueror of rheumatism, does not show the way to stop the agony, return your money without comment.

Allenbur's has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitious and where the patient was helpless.

Mr. James H. Allen, the discoverer of Allenbur's, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenbur's decisively conquers this worst of all diseases, and he has instructed druggists to guarantee it as above in every instance. Follow these steps and General Drug Store will supply you. Mail orders accepted.—adv.

### SAYS DANGEROUS VARICOSE VEINS CAN BE REDUCED AT HOME

Hub Gentry and Edward Toward the Heart as Blood in Veins Flow. These War.

If you or any relative or friend is worried because of varicose veins, or bunions, the best advice that any one in this world can give is to get a prescription that many physicians are now prescribing.

Ask your druggist for an original two-ounce bottle of Moon's Emerald Oil (full strength) and apply night and morning to the swollen, enlarged veins. Soon you will notice that they are growing smaller and the treatment should be continued until the veins are of normal size. So penetrating and powerful is Emerald Oil that it dissolves grease and wax and causes them to disappear. It can be secured at any pharmacy.—adv.

YOUNG MAN DEAD, GIRL HELD RESULT LOVER'S QUARREL

PHILADELPHIA, Oct. 11.—Harry Kobernagel, student of a local chiropractic school, was shot and killed by a young woman on the street in West Philadelphia last night. Catherine Miller, whose home was said to be in Wilkes-Barre, Pa., was arrested after a chase of two blocks and charged with the shooting, which the police said was the result of a lover's quarrel.

WAS PAYING HIS WAY IN CHICAGO SCHOOL. WILHELM BARKER, Pa., Oct. 11.—Catherine Miller was a resident of this city. Mrs. Anna Cardale, a sister, said the girl had been paying Kobernagel's way through a chiropractic school. Recently she and Mrs. Miller learned that Kobernagel intended to marry another girl.

MRS. HEATH SAYS SHE FEELS FINE

San Antonio Woman Is Relieved of Dizziness by Taking Stella Vitae. "I was miserable before taking Stella Vitae, but now I can do anything," said Mrs. A. W. Heath, 1805 Oulebra Ave., San Antonio, Texas, recently. "I was troubled with irregular periods and terrible dizzy spells. I almost fell to the floor at times, and my nerves were in a wretched condition and kept me on pins and needles all the time. My stomach would grip me something awful and my legs ached so I could hardly stand on my feet at times. Although I have taken but one bottle of Stella Vitae I already feel a world of difference. Indeed, it helped me so wonderfully that I have told a friend of mine about it and advised her to try a bottle. Stella Vitae may be obtained from any druggist and the purchase price will be refunded if it fails to bring relief.—Adv.

TELEGRAPH BRIEFS

GENEVA, Oct. 11.—The wearing of black shirts either over or under other apparel is prohibited in Switzerland by a law just promulgated by the federal authorities in view of the recent sanguinary fighting at Lugano between Swiss and Italian, the latter members of the fascists.

LONDON.—A rumor that Earl Beatty, first sea lord of the admiralty, is to be offered the British ambassadorship at Washington in succession to Sir Auckland Geddes is current in naval circles. The Daily Mirror says the authorities want the earl out of the way because of his strong opposition to the proposal for a reduction in the pay of the navy in 1924.

DETROIT.—Henry Ford's offer for Massey-Rhoads still stands, but the automobile manufacturer sees no reason why another offer should be made since the sale of the Gorgas power plant to the Alabama Power Company recently. This was made plain a statement issued by Ford last night, his first public statement on the subject since the sale of the Gorgas plant.

NEWARK, N. J., Oct. 11.—Convicted of having murdered Millard Trouton, his son-in-law, and sentenced to be hanged today, was in the county jail awaiting a hearing October 20 of an appeal notice of which has been filed by his attorneys, and which automatically stays execution of the sentence.

MUNICH.—The price of beer was increased today. Dr. Von Kahr, the military dictator in Bavaria, who when he first came into power, started to hold down prices, has been compelled to permit an advance. The price now is 10 million to 110 million marks per liter stein. The advance is due to the depreciation of the mark.

WASHINGTON.—Burdane placed upon the president in considering a plan for pardons was shown in an annual report of James A. Finch, pardons attorney, made public today by the department of justice. During the past fiscal year the report said the chief executive acted upon 683 pardon cases, an increase of more than 29 per cent over the previous year.

SAN FRANCISCO.—Fire destroyed the Presbyterian orphanage, a two-story frame structure at San Antonio, near here, last night. Fire Chief Daniel Schneider of San Francisco said evidence of incendiarism was found. Forty children housed in the building were taken out in safety.

ST. JOSEPH, Mo.—The two year old mystery of how Henry Gerding, 24 year old recluse, came to his death in his cabin at Watervliet, near here, has been solved by the alleged confession of four youths, who, according to Sheriff George C. Briggsman, say they killed Gerding March 21, 1921. Robbery is given as the motive of the crime, but the boys are said to have admitted they were unable to discover Gerding's money.

STATE FAIR OPENS AT DALLAS SATURDAY

DALLAS, Texas, Oct. 11.—The blaze of a band in the downtown district at 5 o'clock this morning started activities in connection with the 57th annual state fair of Texas which will open here tomorrow for the usual 16-day apportionment. The band came from Beaumont and will be quartered at the fair grounds throughout the apportionment which closes October 26.

CONVICTED MAN ENDS LIFE IN PRISON CELL. WACO, Texas, Oct. 11.—E. B. Surrall, convicted in the district court here on October 5 and given the maximum penalty of 15 years on a charge of larceny, cut his throat with a safety razor blade in his cell early this morning.

BROOKLINE, Mass., Oct. 11.—Edward Stanwood, 52, historian and former newspaper and magazine editor and correspondent, is dead at his home here.

SAN ANTONIO, Texas, Oct. 11.—Gasoline sold for 1 cent a gallon at one local supply house, while the price at filling stations ranged from 11 cents today. The manager of the supply house said the price would be maintained until the market stabilized.

CHICAGO.—Ten cents for a cup of coffee is too much, according to Joseph Hushkewicz, secretary of the city council's high cost committee. Investigation he said, showed the actual cost per cup to be less than 12 cents.

SKIN MALADY ON DECLINE

Ever since the perfection and introduction in this country of the wonderful Black and White Ointment, skin specialists say that such troubles as pimples, blotches, bumps, rash, tetter, eczema, "breaking out," etc., are becoming fewer every year. Wide distribution of Black and White Ointment has made it possible for millions of people to get the benefit of its wonderfully quick effect in clearing disfigured skin, and making it smooth and good to look at. Dealers say it is selling faster than anything of a similar nature they have ever handled, and they attribute this popularity to the low prices at which it is sold, as well as its dependability. The ointment contains three times as much as the 25c size.—adv.

### DEPRECIATION OF PROPERTY UNDER BAN BY BRALLEY

Depreciation of people's property, such as rose bushes, flowers and trees and looting in the various parks by school children on their way to and from school, is under ban by Juvenile Officer W. G. Bralley.

Reports have been received by a number of school principals that children are destroying property and are spending considerable time in the parks without observing the rules of proper conduct. The principals have reported the matter to the juvenile officer, who asserts that this practice must stop.

A strict watch is to be kept by the officer, who is also welcoming reports of this nature in order that he may exercise his authority and take such action as may be necessary to put a stop to it. Mr. Bralley stated Friday morning that in all probability in the majority of cases where property is being destroyed it is being done carelessly by the children, but said that there were some few who were doing these things wilfully and in full knowledge of the fact that it was wrong. He will take the steps necessary to deal with these youthful offenders.

### WOMAN ADJUDGED INSANE FRIDAY

A jury in the county court Friday morning found that a woman on trial was of unsound mind and recommended that she be placed under restraint and given proper treatment. The woman's two children were taken from her by court order several weeks ago and after she had threatened the lives of a number of people in the city, she was placed in jail. During her stay in confinement, according to the testimony of officials, she has been the source of much trouble. The county health officer testified that in his opinion the woman was suffering with paranoia.

### LOCAL ATTORNEYS ATTEND MEET OF CLUBS AT ELECTRA

Judge John G. Kay and Judge Guy Rogers, both of this city, Thursday evening attended a joint meeting of the Lions and Rotary Clubs at Electra. A very interesting program was rendered, which was enjoyed by nearly 125 men in attendance.

Judge Kay was the principal speaker of the evening and his choice as his subject, "Citizenship." "Animals," the speaker said, "are gregarious, but man, instinctively is not, but by virtue of relationship must organize and associate. The strength of the wolf is not in the individual but in the pack. The strength of society lies not in the individual but in the organization as a whole."

His remarks were addressed to the individual part which everyone plays in citizenship, bringing out as his point that the strength of citizenship lies in the organized effort of citizens.

### SCHEDULE OF WICHITA VALLEY CHANGES MONDAY

Changes in the time schedule of the Wichita Valley railroad, which will become effective Monday morning at 12:01 o'clock, have been announced by railroad officials.

The following changes are announced in the passenger schedule: Train No. 1, leaving Wichita Falls at 2:45 p. m., will leave here at 1:15 p. m., Train No. 2, arriving here at 12:30 p. m., will arrive at 1:45 p. m. On the Spur and Stamford branch, train No. 3 will leave Stamford at 9 a. m. instead of 8:10 a. m., and No. 4 will arrive at Stamford at 6:10 p. m. instead of 5:16 p. m.

The changes were made in order that the Wichita Valley trains could make better connections with the Fort Worth and Denver trains, and the changes are in accordance with the new proposed Denver schedule which will become effective when a decision is reached by the State Railroad Commission.

### State Railroad Commission to Hold Hearing On Municipal Gas Company Case In Wichita Falls November 1

Claude E. Gilmore, chairman of the state railroad commission, has informed City Attorney W. E. George that the commission would hold a hearing in this city on November 1 to decide on the question of a 20 per cent per month readiness-to-serve charge on each month, requested in a petition by the Municipal Gas Company and refused by the city council and later, carried by the railroad commission for decision.

The petition for the extra charge was filed with the council early in August and was to have become effective on September 1. The city council formally rejected the petition and allied themselves with 20 other north Texas cities in instituting legal proceedings to restrain the company from assessing the proposed charge. A part of the legal program planned by the municipalities is an effort to repeal the Cox bill, which makes the decision of the railroad commission final.

At the present time a decision by the railroad commission granting the request of the gas company would be final and without opportunity for appeal. If the cities are successful in their attempt to repeal the Cox bill the final verdict in cases of public utilities will be taken from the hands of the commission.

Under the present ruling the gas company is entitled to an annual profit of ten per cent on its investment. It is contended that the company operated at a loss during the past year and that an extra charge is necessary to carry on. The

hearing, it is believed, will revolve around the one question of the value of the company's holdings and its earnings for the year.

Both parties in the controversy will be ready with their testimony by that date. The gas company filed with its petition a financial statement and the report of an engineering firm on its holdings and valuation of its property.

At a special session of the council last week, the Elfred Engineering Company of Dallas was awarded a contract by the city council to furnish a complete report on the valuation of the company's property in this city. The contract provides that the report must be filed with the council by November 1. J. D. Shaw, consulting engineer for the Elfred company, is in the city and is handling the compiling of the report. C. C. McDonald, local attorney, will assist City Attorney W. E. George in handling the legal side of the case.

### DRIVING OVER FIRE HOSE IS NOW SERIOUS OFFENSE

Driving over a fire hose is no longer one of the minor offenses. The defendant in a case charged with driving a vehicle over a fire hose pled guilty and paid a fine of \$25 in the city court Friday morning.

Defendants in the last three of this kind paid fines of the same amount and the practice will be continued in city court Friday. Officers and firemen make every effort to protect the hose from the crowd of automobiles who flock to the fire and persons who disregard their instructions and maliciously drive over the hose will pay the penalty, according to the announcement made Thursday morning.

Black and gray, with brilliant em-

brodery and heading in the trimmings, are used most successfully this season.

Do you know how much better cooking fat is when it's fresh?

SNOWDRIFT is sweet and fresh—Sweet as you use the word to describe sweet cream—Fresh as you use the word to describe a new laid egg.

Many and many a good cook tells us that she has used shortening of one kind or another all her life and never realized, until she tried Snowdrift, how sweet and fresh and good a cooking fat could be.

Snowdrift is pure and rich and creamy and white and fresh when we make it, because we make it that way. It is pure and rich and creamy and white and fresh when you open it in your kitchen, because it has been packed in an airtight tin.

Only a truly airtight tin will keep a cooking fat as fresh as the day it was made. All shortening is fat. If it is pure fat, like Snowdrift, it will grow old and stale, even if not actually rancid, in the course of time if it is packed in an open tub or ordinary tin. A cover, even if it is on pretty tight, can't keep fat really fresh.

If you have ever put up fruits or vegetables yourself, you know that only a truly airtight jar will keep things from spoiling.

So Snowdrift is put up in truly airtight tins.

At first the only airtight tin we could find was the sanitary tin can that is used for vegetables, soups, milk, and such things. This tin can had to be opened with a knife or can-opener, as usual. It was a bother, of course, but the freshness of Snowdrift made it worth the trifling extra trouble.

Now a bucket has been invented—we had a share in the inventing—that is still truly airtight but opens easily.

Now we can offer you Snowdrift—pure, rich, creamy, white and as fresh as the day it was made—in such a convenient bucket that there is no need for anyone to ever use an old or stale fat again.

fresh Snowdrift in a new blue bucket

A handy handle no rough edges. A cover that goes back on still absolutely airtight but now as easy to open as winding the clock!

### Sure! Texas took the tip!

When I began to talk to Texas folks about Kellogg's Corn Flakes I knew they would respond!

Well—folks took me at my word, ordered "Kellogg's Corn Flakes" clearly and distinctly and got what they went after. The way sales are increasing proves they found Kellogg's Corn Flakes are extra-delicious, extra-crisp and extra-substantial—especially these hot summery days!

The RED and GREEN package is your unfailing guide. Grocers refund money if you do not say Kellogg's are the best ever.

### SIX RULES for making BETTER COFFEE

- Keep your Coffee fresh**  
It loses strength and aroma when exposed to the air. Keep it in a tight container.
- Measure carefully**  
Measure the water, as well as the Coffee. Use plenty of Coffee—at least a tablespoonful to the cup. Guessing usually means a poor cup of Coffee.
- Use grounds only once**  
Don't waste fresh Coffee by adding it to old grounds. Used Coffee grounds are of no more value in making Coffee than ashes in building a fire.
- Boil the water**  
Be sure it is boiling. Then pour over the Coffee. This makes the kind of Coffee which scientists have found to be the best.
- Serve at once**  
Many a pot of perfect Coffee has been ruined by letting it cool. If you must delay serving, keep the Coffee piping hot, but never let finished Coffee boil. Re-cooking injures the flavor.
- Scour the Coffee-pot**  
It is not enough to give the pot a hurried rinse and set it away to dry. Scour it carefully every time it is used.

JUST FOLKS

By EDGAR A. GUEST

LAW AND LEADERSHIP.

He who is wise is the strength of the fool, the strong is the guide to the weak; As a man and his wife are bound in our race, and the law is our tie, and who laughs at the bond or strinks from the duty it asks.

LAW AND LEADERSHIP.

High the example the great man must set, who deeds must come from the wise, Much must be done by the man who has much of all his glories are his.

LAW AND LEADERSHIP.

You who are leaders must lead to what's best of our nation goes down in despair; If you shall venture to scorn of the law, your people will follow you there.

LAW AND LEADERSHIP.

Without all these forewarners, the Chicago building couldn't have been moved an inch. Economists have an expression, "the dead hand"—the process of men continuing their work in this life long after their death, by their discoveries and accomplishments which they bequeath to generations that follow them.

LAW AND LEADERSHIP.

The principles of the "dead hand" operate all through our daily lives. We puff with vanity as we observe our accomplishments and modestly admit that we're the mightiest generation ever. But we're really the harvesters of the effort of the many generations of the past. They sowed the seed for us, as we are sowing for the future.

LAW AND LEADERSHIP.

A GOOD EXAMPLE FOR AUTO DRIVERS. Eddie Richbacher, famous as an aviator and automobile racer and now as automobile manufacturer, makes it a practice when driving an automobile to bring his car to a stop before attempting to cross a railroad track, starting up again, of course, in low gear.

LAW AND LEADERSHIP.

There may be one person out of a hundred thousand who is as good a driver as Richbacher. Nobody can say that he is lacking in courage or resourcefulness. His car is always maintained in fine condition. Yet Richbacher does not take the risk of attempting to beat a train across a crossing or across a railroad track, starting up again, of course, in low gear.

LAW AND LEADERSHIP.

BUT LOOK AT THE PRICE OF CORN. The government estimates this year's corn yield at more than 3,000,000,000 bushels. Corn sold the other day in Chicago for more than a dollar a bushel. This year's crop will bring three quarters of a billion dollars more than the 1922 crop. The increase is more than the entire value of the wheat crop. It is well enough to think about this when we begin to think too much about the great loss to the farmers in the low price for wheat. Corn and cotton which are the two major agricultural products are bringing comparatively high prices.

LAW AND LEADERSHIP.

Count to a hundred before fighting or you are liable to count to a hundred stars after fighting.

# WORLD'S DAILY RECORD OF EVENTS IN THE WORLD OF SPORTS

## Great Fielding Starts Feature Second Game for World Honors At Polo Grounds Writes Evers

By JOHN J. EVERS  
National Service Correspondent  
Copyright, 1932.

NEW YORK, Oct. 12.—While not so spectacular as Wednesday's game, still there was plenty to excite over the most exciting in the series, the game which was won by the Yankees from the Giants, 4 to 1, through the hitting of Babe Ruth, who came into his own with two homers after two years of exile.

It is indeed typical of this great game that Ruth, his outstanding pitcher, should have done so much better than in the previous classic, despite the fact he was at all times trying hard. It was well known that he had been hit by the Giants and Yankees fans alike.

Aside from Ruth's hitting, some stellar fielding was shown by the Yankees again, as Wednesday, drew the plaudits of almost every fan in the huge amphitheater. To use a baseball phrase, they were "rocking." Dugan's fielding on two slow runs, one in the third, on McQuillan, and another in the ninth on Kelly, were classic.

Plays by Ward and Frisch were perfection themselves, and were not far from being perfect. Quite a little discussion was occasioned by Young going into second in the ninth inning, and spotting Ward. My personal opinion of the play is that it was a very smart play, preventing as it did the completion of a double play.

Friday we switch back to the Yankees and the Giants. It looks like a long series with the winner coming in not less than six and possibly seven weeks.

## Runyon Says—

Babe Ruth Not And Overcome Handicap in Grand Style

By DAMON RUNYON  
Universal Service Correspondent  
Copyright, 1932, By Universal Service.

POLO GROUNDS, New York, Oct. 12.—It has been written that the world's series of 1932 is a struggle between Babe Ruth and himself. The first represented by Babe Ruth, the second by John J. McGraw, pugny, gray and crafty.

That being true, it must be set down that the score of the second game at the Polo Grounds was: Giants 4 to 1.

McGraw, sitting back in the shadow of the Giants bench, thinking, thinking, thinking, could not produce a single thought to offset the fierce lunge of the big fellow in the fourth and fifth innings.

McGraw was a game of home runs. Aaren Ward, the Arkansas man who plays second for the Yankees, made another homer.

Herbert Pennock has the distinction of having pitched before the king of England, of having shook the kingship hands of the king of the world when he pitched for a team of American soldiers in London.

## Pitchers Relatively Unimportant In Present World Series Between New York Giants and the Yankees

NEW YORK, Oct. 12.—Pitchers, always looked upon as the prime factors in contests between leading baseball teams, have been relatively unimportant in the present world's series between the New York Giants and the New York Yankees.

The series now stands all even, the Giants and Yankees each having won a game. In the first hit Casey Stengel's pitcher, Eppa Rixey, pitched a perfect game for the Yankees.

Herbert Pennock has the distinction of having pitched before the king of England, of having shook the kingship hands of the king of the world when he pitched for a team of American soldiers in London.

Many football teams, especially high school teams, have too large a repertoire of plays. The inevitable result is that they are not sufficiently drilled in any of them.

## SATURDAY AGAIN CHOSEN AS DATE FOR COYOTE GAME

Henrietta will be the scene of the third intercollegiate grid battle for the Coyotes Saturday. After some discussion as to the time set for the game, Saturday afternoon at 3:30 o'clock was finally decided upon.

Both managers so far have announced their pitchers at the last minute. Both have been trying to surprise each other.

## Hoyt Expects Pitcher's Battle With Sam Jones and Jack Scott In the Leading Role On Friday

By WAITE HOYT  
Written Especially for Universal Service  
Copyright, 1932.

NEW YORK, Oct. 12.—The Yankees are still getting the worst of it in the "break" but in spite of it all the team rose up like one man Thursday and smacked the Giants.

As expected, Pennock, the pitcher who will pitch the Giants next, has made a good start. He is without a peer in baseball and stands alone in his position.

Young pulled a play at first that was entirely uncalculated for. He hit a ball to Scott who relayed it to Ward.

# This Little World

By GEORGE BRITT  
MBA Service Writer

CHICAGO, Oct. 15.—The award of an Oscar to the appreciation of an audience, as they say, in that connection listen to the story told by George G. Whithead of Chicago, O., an executive in a large Chicagoan organization, who has been busy at the convention of the International League and Chautauque Association.

One of the platform managers in a certain town notified a tall, broad-shouldered old man who was conspicuously faithful in his attendance at every session of the chautauque, narrated by Whithead.

"Meeting this citizen on the street," the manager expressed

"I sure did," he replied. "I rode the thing nine times."

One doesn't have to go to the tall-grass country, however, for marks of rusticity. The "Old Home Town" movie picture, with its stage fronts having green hedges and of merchandise, has a metropolitan counterpart on the West Side of Chicago, where a business man over his entrance offers "Stocks, Bonds and Ice Cream."

When trying to recall the name of a person whose face looks familiar, don't overlook the movies. A Chicagoan just returned from a summer in Europe with a story of meeting a familiar looking American on a hillside. They talked a while and the former asked:

"Aren't you from Chicago? I know 'I've met you somewhere."

"I was introduced to a few fellows at the Press Club there one evening," said the stranger. "But I don't think you were there. May be you've met me on the screen. I'm Bert Lytell."

NEW DENVER SCHEDULES AWAITING COMMISSION'S RULING

New schedules of the Fort Worth & Denver railway are being held up, pending the decision of the state railroad commission in regard to the discontinuing of train No.

CHAUTAUQUE PEOPLE insist that there is not a State Street idea. About 800 of their tents were pitched during the season in cities of 25,000 population or more.

The play "The Citizen" with Chautauque audiences. Demos and light operas lead in popularity. Musical groups, even as small as quartets, come next, with lecturing celebrities leading the ladder of stars.

Chautauque lecturers rate William Jennings Bryan as the only big gun lecturer able to draw a crowd outside the season "right holders" audience. He gets one hundred salary.

These players and readers, no matter how good, are the step-children of the business. Unless such an entertainer also can take a pass-phrase or do straight-of-hand stunts in his act, he will be left with a supply excess demand.

Thirteen years ago when Chautauque were just beginning to spread, incidents sometimes occurred like this one told by Ralph Bradham.

When a Chautauque was advertised for a certain town, all the main traveled roads, the owner of a berry-ground decided to profit by that attraction. He set up his machine nearby.

A kid from the back country, visited to the advertised attraction, caught a chance to climb, took in what might be called see and returned to the farm.

"Did you see the Chautauque?" asked the relations.

The surprise picture of the season.

## Diogenes' Search Finished By City Tax Collector

WORKMEN ARE REPAIRING DENVER CANADIAN BRIDGE

Workers began driving piling in the bridge across the Canadian River on the Fort Worth & Denver railroad Friday morning and the new bridge near Duncan will probably be completed Saturday afternoon about 5:00 o'clock. Thirteen bents were washed out of a bridge completed Tuesday afternoon by flood waters Wednesday morning. Twenty-three bents were washed out of the old bridge last week. Trains are being deflected over the Santa Fe via Vaughn, N. M.

Diogenes' search for a honest man all for naught. I found him Thursday. W. R. Ryer, city tax collector and assessor, said in telling of an unusual occurrence in the city tax office. Mr. Ryer is claiming the honor of being the discoverer of the most honest man in town.

Several days ago the manager of an oil company now in the hands of a receiver came to the city tax office for a statement of his city and school taxes. The records showed no condition of any money in the bank for the years of 1922 and 1923. The receiver insisted that the com-

Editorial in Fort Worth Record, Sept. 12:

The married will forget their troubles and the single will avoid some of them by attending a performance of "The First Year" now playing at a local theatre. For story, clean, unadorned fun, shot through and through with philosophy that the married will recognize and the single will enjoy, the play has few rivals.

Laughing, the doctors tell us, is good for men and women too from the standpoint of health. The folks who see "The First Year" ought to come away cured of all their ills. And when common sense can be driven home with the laughter you have an ideal dramatic combination.

Finally, Fort Worth will not become the amusement center of the state, will not attract to it people desiring clean entertainment, unless it can have along with its excellent motion picture attractions, and vaudeville, "road shows" of the best sort. Fort Worth is getting them right now and it wants to keep them, and benefit from them, it must patronize them well, and now.
