BURK SENATOR AND THE BURK ALLIED ARE NAMED. Tom Testerman of Oklahoma is Principal Witness at Hearing.

GALVESTON IS CHOSEN FOR 1924 CONVENTION OF ADVERTISING CLUBS

CORPUS CHRISTI, Texas, Nov. 7.—Galveston was chosen for the 1924 convention of the 10th district of the Associated Advertising Clubs at the closing session of the convention here today.

SPORADIC PLUNDERING CONTINUED IN BERLIN

BERLIN, Nov. 7.—Sporadic plundering of food shops was again in progress in Berlin today. Early signs of "Christian shop" have been observed in many of the smaller streets of business in the city.

STORM WARNING ISSUED BY U. S. WEATHER BUREAU

WASHINGTON, Nov. 7.—The weather bureau today issued the following storm warning: "A severe storm is expected to strike the Gulf coast and between the Virginia coast and Boston District on Thursday, but because of the wide area of the storm, it is probable that it will be concentrated."

Adequate History of Texas Greatly Needed Says Theodore H. Price

"I hope some day somebody will write a history of Texas that will be really adequate," said Theodore H. Price, editor and publisher of the Dallas Morning News, at a luncheon given here today for a visit of a few hours with J. A. Kemp, Reese S. Allen and other friends.

WEATHER FORECAST
Louisiana: Fair to light rain; frost Tuesday night and Wednesday morning. Arkansas: Fair to light rain; frost Tuesday night and Wednesday morning. Oklahoma: Fair to light rain; frost Tuesday night and Wednesday morning. Texas: Fair to light rain; frost Tuesday night and Wednesday morning. New Mexico: Fair to light rain; frost Tuesday night and Wednesday morning.

STATE JUNK LAW UNCONSTITUTIONAL SAYS HIGH COURT

HELD TO VIOLATE BOTH THE FEDERAL AND STATE CONSTITUTIONS

CASE OF MOORE FROM WICHITA IS AFFIRMED

Higher Court Also Affirms Case of Doc Thomas Sims From Clay

AUSTIN, Nov. 7. (AP)—The state junk law providing that purchaser must demand an affidavit of ownership from the seller was declared unconstitutional by the court of criminal appeals here today.

The constitutionality of the act was attacked by A. S. Stroll of Falls county, a junk dealer, who was convicted and fined \$25 for purchasing 24 pounds of silver without requiring the affidavit.

The court held that the law violated both the federal and state constitutions in that it is a restraint on trade.

The definition of a "junk dealer" as contained in the law could be made to include a dealer in second-hand books, the court said, and in drawing a parallel the judge declared:

"Manifestly to require a seller of every second-hand book to make an affidavit at a cost of 50 cents as a condition precedent to sale would practically shut out of business all second-hand book dealers."

The law applied only to those dealing in second-hand goods in less than one-half bushels, excepting liquors, foodstuffs and certain other specified commodities. The case was reversed and dismissed.

Proceedings of Court.

The following were the proceedings of the court:

Affirmed: Robert King from Braxton, Jack Hester from Clay, G. F. Moore from Wichita, Ed Cliff from Jones, Ben Shaw from Falls, Doc Thomas Sims from Clay, Bud Stockton from Cherokee, D. E. Soderman from Dallas, Jim Williams from Houston, C. E. Ferguson from Falls, Wesley Campbell from Titus, Leary Bryson from Titus, John Dalley from Bains.

Reversed and remanded: Frank Anderson from Palo Pinto, Leon P. Wilson from Eastland, F. C. Combs from Lampasas, J. W. Tabb from Titus.

Reversed and dismissed: A. S. Stroll from Falls.

Appeal abated: Otis Ballard, from Titus.

Appellant's motion for rehearing overruled: Luke Bostick from Dallas, A. G. Houston from Titus, Leary W. Turner from Randall.

Appellant's motion for rehearing overruled without written opinion: H. Hays from Stephens, Henry Cooke from Williamson, J. D. Mayabbe, alias "Bud," from Dallas.

HOLD MUST BE SHOWN STICK IN DEADLY WEAPON

AUSTIN, Nov. 7. (AP)—A cedarstick about 18 inches long and an inch thick was declared by the court of criminal appeals today to be a "deadly weapon" upon this point the court reversed and remanded the case of Leon P. Wilson of Eastland county, fined \$100 and sentenced to nine months in jail on a charge of aggravated assault.

The state's appeal from the appeal court from the lower court for the chief bit of evidence for the defendant Wilson was charged with carrying a deadly weapon with the intent to injure.

Practically the only defense Wilson offered was the stick itself, which his counsel maintained was not a deadly weapon.

The case of Judge J. T. Tabb, former county judge of Titus county, convicted and fined by bailiff, was reversed and remanded because of an improper charge to the jury.

A sentence of 10 years for murder given P. C. Combs of Lampasas county, convicted of killing R. L. Somerville, was overturned by the court on the ground that improper evidence had gone to the jury.

Conviction of D. E. Soderman of Dallas on a charge of killing J. G. Powers April 19, 1922, was affirmed by the court. His sentence was five years.

DECISIONS ANNOUNCED BY SUPREME COURT OF STATE.

AUSTIN, Nov. 7. (AP)—The following cases were decided today by the supreme court on reports of the commission on appeals.

Judgments reversed and remanded: **St. Louis v. W. Railway Company of Texas et al vs State of Texas.** Travis, Mary Dowd vs United States Fidelity and Guaranty Company, Dallas.

Judgment of the court of civil appeals affirmed: **R. K. Pershing vs E. H. Henry.** Lubbock.

Judgments affirmed: **J. L. Lancaster et al vs H. H. Carter et al.** Gregg; **H. B. Caddell et al vs Luf-**

LOUISIANA MAN ATTRIBUTES HIS FORTUNATE ESCAPE FROM A SERIOUS EPIDEMIC OF THE USE OF BLACK-DRAUGHT.

Holiden, La.—When I was just a boy at home," says Mr. F. D. Robinson of this place, "my father and mother used Black-Draught, and I found then what a good medicine it was for the liver and for indigestion. I have used it on from then to now, finding it was good for headache, indigestion, bloating after meals and colds.

A couple of years ago, every one, almost, around me was having the flu. I took a cold and was feeling bad. I thought then I would take Black-Draught. I took a good big dose every night and today I begin to tell just how much good it did me. I was able to stay up and wait on others, and I believe, my good fortune was due to the use of Black-Draught. I wouldn't be without it in my home, for it is the best medicine I have ever used.

By keeping your liver and stomach in good order, you stand in little danger of catching the serious flu that occasionally become epidemics, spreading through town and country.

Black-Draught is composed of medicinal roots and herbs, finely powdered and carefully mixed in the right proportions to act naturally on the stomach and liver. It has been found to improve digestion, and to relieve constipation in a prompt, safe way.—Advt.

Theford's BLACK-DRAUGHT LIVER MEDICINE

Clarence Ousley Not Candidate For Presidency of Tech College Position Outlined In Statement

FORT WORTH, Nov. 7.—Clarence Ousley, former assistant secretary of agriculture and long a recognized agricultural expert and economist, is not a candidate for the presidency of the newly created Texas Technological College.

Colonel Ousley has been frequently mentioned as the likely choice of the board of directors for the presidency and in the balloting that has taken place in some of the board's meetings, has been understood to have been the leading candidate. However, in a letter to A. G. Carter, chairman of the board of directors of the college, he asks that his name be withdrawn from further consideration.

In the letter, Colonel Ousley makes his position definite and clear. He never was a candidate for the position in any sense of the word, but did agree that if the position were unanimously tendered him he would accept because of the good he felt he could do in starting the new institution off as a result of his past experience in work of a similar nature.

The letter of Colonel Ousley follows:

Fort Worth, Texas, Nov. 5, 1923.

Hon. A. G. Carter, chairman of the board of directors, Texas Technological College, Fort Worth, Texas.

Dear Mr. Carter: On my return to the city, after an absence of three weeks, I learned through the Dallas newspapers of the action—rather the lack of action—by your board in respect to the election of a president. If I had been at home at the time, I would have asked that my name be not used. You will recall that I had been asked to accept the position of president of the board and I had declined it.

In respect to representations made to me by many good citizens, including several educators of high standing, I agreed for my name to be presented. I was so persuaded by the argument that on account of my former relation with the A. & M. College, the University and the

kin Land & Lumber Company et al, San Augustine.

Judgment of court of civil appeals reversed and that of district court affirmed: **W. E. Paschen vs T. M. Lovett.** Cameron.

The following proceedings were had in the supreme court today:

Motions for rehearing of causes overruled: **O. A. Carruthers vs M. B. Leonard.** Tom Green.

Motions for rehearing of applications overruled: **St. Louis v. W. Railway Company of Texas et al vs State of Texas.** Travis; **Mary Dowd vs United States Fidelity and Guaranty Company.** Dallas.

Motion for rehearing of application overruled: **R. K. Pershing vs E. H. Henry.** Lubbock.

Motion for rehearing of application overruled: **J. L. Lancaster et al vs H. H. Carter et al.** Gregg; **H. B. Caddell et al vs Luf-**

Col. Ousley vs. A. & M. College. The more I am impressed with the fact that their success is based upon the most definite kind of information. They do not guess; they know.

For example, in Spokane the advertising manager of one of the great electric appliance companies told me he had the definite statistics on the number of people in Spokane valley who had electrical connections in their homes and the number who had electrical household devices. In like manner the manufacturer of a gasoline lighting device in Missouri can tell you how many farmers there are in every county in the territory his company is selling who are using oil lamps.

These men are not guessing. They are typical of all successful men in the marketing business. Marketing is coming to be a science and science does not guess.

President Holland said if it is possible for a manufacturer to have such definite information from all over the country it ought to be possible for a local retailer to know the market in his own community and for a jobber to know his territory thoroughly.

The following club movement, he said, was going a long way toward enabling business men to base their selling efforts on definite facts.

MAY ELIMINATE WASTE AND GUESS IN ADVERTISING

PROBLEM IS DISCUSSED BEFORE ADVERTISING CLUBS OF WORLD

SUCCESS IS BASED ON DEFINITE INFORMATION

Says Advertising Clubs Have Greatly Aided This Movement

CORNSCAN, Texas, Nov. 7. (AP)—The waste and guess may be eliminated from advertising by the person using this means of selling by the use of definite information, Lou E. Holland, Kansas City, Mo., president of the Associated Advertising Clubs of the World, declared here today in an address before the 16th district convention advertising clubs.

"The more I see of successful advertising and sales managers of the country," Mr. Holland said, "the more I am impressed with the fact that their success is based upon the most definite kind of information. They do not guess; they know."

For example, in Spokane the advertising manager of one of the great electric appliance companies told me he had the definite statistics on the number of people in Spokane valley who had electrical connections in their homes and the number who had electrical household devices. In like manner the manufacturer of a gasoline lighting device in Missouri can tell you how many farmers there are in every county in the territory his company is selling who are using oil lamps.

These men are not guessing. They are typical of all successful men in the marketing business. Marketing is coming to be a science and science does not guess.

Official Washington Is Wondering How President Coolidge Will Meet Acid Test of Forthcoming Congress

By CHAS. S. HAYDEN, Washington Correspondent Wichita Daily Times.

WASHINGTON, Nov. 7.—Political friends and foes, both within and without the ranks of his own party, are wondering how President Coolidge will meet the acid test of congress, which convenes December 3.

It is conceded that the official honeymoon is over and upon the manner in which he grapples with the problems as they come to him from congress will determine, in a large measure, whether Calvin Coolidge is to be elected president in 1924 and, to a lesser extent, whether he is to win the presidential nomination at the hands of his own party.

If anyone doubts that the convening of congress will be the test of the president let him ask himself if he knows exactly how Coolidge stands on various important national questions. The country at large has not had an opportunity to judge the present occupants of the White House by the standards usually established in grading the official. From what has been revealed thus far the country probably would be justified in believing that President Coolidge recognizes the validity of the constitution, will be sufficient in thrift and is against bolshevism.

It would hardly be safe to go much beyond that, unless it were to include a ringing defense of the ten commandments, possibly with reservations, for President Coolidge has pursued a policy of silence. One of his few public utterances since he assumed the presidency was his conference with the governors which developed that he is for the enforcement of prohibition by the states. However much this may have chafed the politicians who are anxious to "stand with the president" on various issues it probably has not hurt him with the country for the public feel that the man who doesn't indulge in much talk may have something worth while to say when he does open his mouth.

For this reason it is probable that more will be heard upon President Coolidge's first message to congress than any other single step he will be called upon to take. If that message contains details and constructive suggestions, even though they may not be adopted by the congress, Washington believes it will insure President Coolidge the nomination. It will give his party leaders in the various states the required basis upon which to hang their hats. The stand which he decides to take upon the world court proposal, an inheritance of the Harding administration, will be sufficient, in the opinion of President Coolidge's friends to make or break him.

But President Coolidge is not the only person who will be put to the test by the approaching congress. Senator La Follette and the group of his followers will be strong enough to play a part. Although ostensibly Republicans they are so in name only, really constituting a third party and holding the balance of power. Friends of Senator La Follette expect him to return to Washington with a definite legislative program which, they fondly believe, will make him a dominant candidate for president. The question of his strength will depend, to a considerable extent, on whether he can hold the allegiance of his followers. This has been difficult in the past for there were too many of them who wanted to lead so that they were working more or less at cross purposes, sort of enjoining, one against the other.

However, if La Follette can hold them together on the essentials of

his program or under his leadership he will be a force to be reckoned with not only in this congress but in the next Republican national convention as well. The success which his doctrine have attained in some of the northwestern states has caused more uneasiness among the members of the old guard than they are willing to admit.

Crime, Ignorance and Disease Are Boon Companions, Dr. Buie Says to Texas Social Welfare Conference

"Crime, ignorance and disease go hand in hand; they are inseparable; never find one without the other," Dr. N. D. Buie of Marlin, Texas, said Tuesday night in speaking to the Texas Conference of Social Welfare on the common interest of the State Medical Association.

"Public health and good health is your heritage—years of study and sacrifice have given it to you and ask you to protect it," Dr. Buie said the conference when he mentioned some of the achievements of the medical profession.

"Diseases which were once a scourge and cause for public dread are now eliminated and may be avoided by vaccination," the speaker declared.

"The medical profession is not a trust, but we are going to demand that the men who practice on your family are qualified," he said.

"We are furthering health teaching in the school to teach the child to acquire the habit of proper living," Miss Margaret Carey of the American Child Health Association

Henrietta Items

HENRIETTA, Texas, Nov. 7.—The first of the season's bridge tournaments will be held Wednesday (tonight) at the country club; Mesdames Otto Gilliland and Carl Green, hostesses.

Quite a number of Henriettans are visiting during the week-end at the Wichita Falls Opera House Thursday night.

Mr. and Mrs. R. W. Ridinger of Patrolia visited during the week-end at the home of Mrs. Ridinger's mother, Mrs. Bradley.

Mr. and Mrs. L. S. Rush of Dyess spent the week-end here at the home of Mrs. R. H. McMurtry, mother of Mrs. Rush.

Mr. and Mrs. Jennie Edwards of San Antonio is the guest of her sister, Mrs. A. W. Raht.

Miss Marian Wade, who has been the guest of Miss Maude Edwards, returned Monday to her home in Whiteboro.

Miss Adelaide Smart of Trucott is visiting her aunt, Mrs. A. W. Raht, at her home in Whiteboro.

Miss Maud Edwards of opened her school at Kemper Monday.

Dr. and Mrs. T. K. Jones are leaving Saturday for a several weeks' trip to eastern points.

Mr. and Mrs. A. W. Raht are leaving soon for the ranch, where a comfortable and lovely home is being made ready for them.

Mr. and Mrs. W. S. J. Kurd, has returned from a week's visit in Dallas.

AMARILLO, Texas, Nov. 7.—The four stores of the United States and One Dollar Stores Company were Monday sold at auction by R. H. Scales, referee in bankruptcy.

Mr. Wallace McViney of Amarillo, who is visiting his parents, Mr. and Mrs. W. S. J. Kurd, has returned from a week's visit in Dallas.

Thanksgiving Day Proclamation Is Issued by President Coolidge; Two Tragic Experiences Recalled

WASHINGTON, Nov. 6. (AP)—President Coolidge's Thanksgiving Day proclamation issued today from the White House calls to mind that the year has brought to the American people two tragic experiences—the death of President Harding and the Japanese earthquake—but says that such experiences serve to test and refine men and nations.

During the year also, the proclamation says, the nation has been blessed with much of material prosperity. The president asked that the people gather in their homes and places of worship on Thursday, November 29, to give expression to their gratitude and seek the guidance of Almighty God that they may deserve a continuance of His favor.

The proclamation follows: By the President of the United States of America: A Proclamation: The American people, from their earliest days, have observed the wise custom of acknowledging each year the bounty with which divine providence has favored them.

In the beginning this acknowledgment was a voluntary return of thanks by the community for the fruitfulness of the harvest. Through our mode of life has greatly changed, this custom has always survived.

It has made Thanksgiving Day not only one of the oldest, but one of the most characteristic observances of our country. On that day, his home and church, in family and in public gatherings, the whole nation has for generations paid the tribute due from grateful hearts for blessings bestowed.

To center our thought in this way upon the favor which we have been given, is to do so in a most desirable. It has given opportunity justly to balance the good and the evil which we have experienced. In that we have never failed to find reasons for being grateful to God for a generous preponderance of the good. Even in the least propitious year, our position has never failed to disclose overwhelming reason for thankfulness. Thus, viewing our situation, we have found warrant for a more hopeful and confident attitude toward the future.

In this current year we now approach the time which has been accepted by custom as most fitting for the calm survey of our state and the return of thanks. We shall more keenly realize our good fortune if we will, in deep sincerity, give to it due thought and more especially if we will compare it with that of any other community in the world.

The year has brought to our people have deeply affected them. One have been deeply affected thus. One was the death of our beloved President Harding which has been mourned wherever there is a realization of the worth of high ideals, noble purpose and unselfish service carried even to the end of supreme sacrifice. His loss recalled the nation to a less capricious and more charitable attitude. It sobored the whole thought of the country. A little later came the unparalleled disaster to the friendly people of Japan. This called forth from the people of the United States a demonstration of deep and humane feeling. It was wrought into the substance of good works. It created new evidences of our international friendships which is a guarantee of world peace. It replenished the charitable impulses of the country.

In witness whereof, I have hereunto set my hand and caused to be affixed the great seal of the United States of America.

DONE at the city of Washington, this fifth day of November, in the year of our Lord one thousand nine hundred and twenty three, and of the independence of the United States, the one hundred and forty eighth.

MAN WHO CONFESSES MARRYING SEVEN TIMES BEGINS PRISON TERM

SPOKANE, Wash., Nov. 7. (AP)—Harry L. Doshon, who recently confessed to having married seven women in various cities, will go to the state penitentiary today to begin serving a three-year term. He was sentenced here on a charge of grand larceny, the complaining witness being one of his alleged wives who claimed that he had embezzled \$7,000 of her money.

Paul—I'd go through anything for you. Pauline—Let's start on your bank account—Belthourne PUNCH.

SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When Your Skin Breaks Out.

Any breaking out of the skin on face, neck, arms or body is overdone by applying Mentholatum Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist.

Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Mentholatum Sulphur and use it like cold cream—adv.

Check STUFFY COLDS with healing, antiseptic MENTHOLATUM Restores free breathing quickly

For Raw Sore Throat At the first sign of a raw, sore throat rub on a little Musterole with your finger. It goes right to the spot with a gentle tingle, loosens congestion, draws out soreness and pain. Musterole is a clean, white ointment made with oil of mustard. It has all the strength of the old-fashioned mustard plaster without the blister. Nothing like Musterole for croupy children. Keep it handy for instant use. To Mothers: Musterole is now made in milder form for babies and small children. Ask for Children's Musterole. 35 & 65c in jars & tubes; hospital size, \$3.

MUSTEROLE BETTER THAN A MUSTARD PLASTER

PEOPLE WHO WERE PIMPLY FACED

Are so happy about their experience with the wonderful Black and White Ointment which gets rid of all their skin worries, that they would like to tell those who are still troubled with such things as blotches, pimples, bumps, rash, eczema, "breaking out," etc., how foolish they are in not getting a bottle of Black and White Ointment around looking like they had lost all their interest in life.

It is simply a question of knowledge when it comes to skin troubles. Diseases of the skin, and the makers of Black and White Ointment seem to have just what the skin needs to get rid of them quickly. The fact that nearly two million packages of it are sold every year proves how successful it is.

Black and White Ointment is economically priced, in liberal packages. The 50c size contains three times as much as the liberal 15c size. All dealers have it—adv.

THREE DAYS' COUGHS YOUR DANGER SIGNAL

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified croscote, and is pleasant to take. Creomulsion is a new medical discovery with twofold action: it soothes and heals the inflamed membrane and kills the germ.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or the flu. Money refunded if the patient does not get better in a matter of long standing, is not relieved after taking according to directions. Ask your druggist, Creomulsion Co., Atlanta, Ga.—adv.

RED PEPPER HEAT BREAKS BAIT CHEST COLDS OVERNIGHT Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel the cold loosen up in just a short time. "Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you, and certainly seems to end the tightness and drive the congestion and soreness right out. Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestions, stiff necks and sore, stiff joints relief comes at once. The moment you apply Red Pepper Rub you feel the tingling heat in three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, headache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known. Always say "Rowles"—adv.

Lumber Dealer Is Benefactor to Vernon Church

VERNON, Nov. 7.—C. D. Shambarger, well known lumberman of Vernon, Texas, who operates yards throughout this section, is being one at Vernon, Tuesday proved a benefactor to a struggling congregation in the Pentecostal Assembly of God.

The little congregation had bought a lot and erected a small house of worship to be held here. Finances of the church got in a bad way and the payments on the property ceased. Mr. Shambarger happened to be at the court house, where the matter of a bid for the business. He heard the story of the struggles of the little congregation to redeem their house of worship, and he immediately made a bid for the property and then proceeded to bid in the property and make the congregation a present of it.

His benefaction will enable the people of this faith to worship in house free of expense.

Plans for Poultry Show. Plans are being made by the Willbarger County Poultry Association for the annual show to be held here in December. The catalogue is in preparation and will be issued soon, announcing the dates and an unusually attractive premium list. The local show has been built up until it is recognized as one of the best poultry shows in west Texas. Entries of 1,000 or more birds is expected this year.

SWEET POTATO CURING PLANT AT McLEAN IS RAPIDLY BEING FILLED

McLEAN, Texas, Nov. 7.—The McLean sweet potato curing plant which will hold approximately 20,000 bushels, is being rapidly filled and it is expected that the building will be filled to capacity long before the season is over.

Last year, through the influence of the county agent, R. O. Dunkle, the farmers of this community for the first time planted sweet potatoes as a commercial crop. The experiment paid so well that this year the acreage was greatly increased and all indications are that from now on sweet potato production will continue and will increase as a commercial product.

This year the potatoes are producing between one hundred and one hundred fifty bushels to the acre. One of the largest fields is owned by T. J. Coffey. It contains fifty acres and will produce one hundred bushels per acre.

R. O. Dunkle planted one acre and produced two hundred bushels. The plants that are found best adapted to this section are the Nancy Hall and the Porto Rico.

ARCHER COUNTY MAY CONTEST NEW PROPOSED ROUTE

VOICE OBJECTION TO ALTERING COURSE OF ROAD TO DIVERSION DAM

ADJOINING COUNTY IS PLANNING BOND ISSUE

Believe \$300,000 Bond Issue Would Be Added by State With \$600,000

A contest, waged by Archer county against the proposed new routing of the Seymour road to the diversion dam, looms in sight following a conference held late Tuesday afternoon between County Judges B. D. Martin of Wichita and E. M. Hooper of Archer.

Archer county is objecting to the fact that the proposed road has been diverted from its old route and placed entirely in Wichita county. By changing the route of the road the oil fields of Archer county will be removed quite a distance from an improved road.

Wichita county asked the state highway department to recommend and approve the change in order that an improved highway could be had all the way to the diversion dam. At that time it was not known that Archer county proposed to vote bonds for road improvement work.

Judge Hooper advised Judge Martin Tuesday afternoon that preparations were being made to vote \$200,000 worth of road bonds, which he believed would be supplemented by twice that amount by the state highway department.

In all probability a petition asking that a special bond election be called will be presented to the county commissioners of Archer county within the next few weeks.

Judge Hooper stated that in his opinion these would be very little opposition to the bond issue. The county anticipates putting down gravel roads, which would give Archer a total of 30 miles of improved highway, provided the state would appropriate double the amount of bond issue.

It is planned to connect Archer City with the concrete pavement past Lake Wichita to the county line and then running one road out of Archer City to Mineral Wells and the other towards Baylor county.

GIRL IN HOSPITAL IS LONGING FOR MOTHER SHE HAS NEVER SEEN

CHICAGO, Nov. 7. (AP)—A 13-year-old girl, pretty and cultured, is a patient in the psychopathic ward of the county hospital today, obsessed with a desire to see her mother who left her in an orphanage when she was eight months old.

Until recently the girl believed the foster parents who took her from the orphanage and educated her were her own. A chance remark by a visitor shattered her belief and it is feared her reason is gone. Since then she has longed continually for the mother she has never seen. Her foster parents are endeavoring to locate the mother.

Five Years Old Boy Picks 107 Pounds Cotton

PADUCAH, Texas, Nov. 7.—Walter Uzell, son of Mr. and Mrs. E. K. Uzell, who was five years of age on August 12, picked 107 pounds of cotton in one day during last week. Cotton was picked on J. Heall Sneed's ranch 10 miles south of Paducah, and is believed to be a record for a child of this age.

FIRST NEW MEXICO OIL REFINERY TO BE LOCATED AT ARTESIA

ARTESIA, New Mexico, Nov. 7.—What is said to be the first refinery to be located in New Mexico to refine New Mexico crude is preparing to locate in the Artesia shallow oil producing district.

Through a deal recently closed between Eureka Oil Company of Artesia, who developed the first well, and J. C. Quinn and associates of Wichita Falls, the O'Guinn interests will develop a large block of proven oil land at Dayton, eight miles south of Artesia.

Four wells in the vicinity of Dayton are now producing 25 barrels of 26 gravity oil with a gasoline content of 20 per cent, and output of 1,000,000 gallons of gas each daily, with a gasoline content of five gallons per thousand feet of gas, from a true 12-foot oil cap at 975 feet.

With the announcement of the construction of the refinery, dozens of rigs are being moved into the field to start drilling at once. Two strings of pipe are required in drilling wells to production in the Artesian basin, the first being set at 250 feet to shut off a light flow of water, and the second string at 525 feet on a thick lime to case off a strong flow of artesian water.

Expense of drilling wells, complete, is around \$4,000 each and require three weeks drilling to complete.

Twenty-five rigs, including standard, rotaries and machines are resuming operations in the Pecos Valley between Roswell and Carlsbad, due to a revival of interest in the Artesian basin, and announcement of the location of the refinery.

Crude from the producing wells is being sold in the valley towns for fuel at \$2 per barrel without being refined or as it comes from the wells.

TWO ARRESTED TUESDAY BY FEDERAL OFFICERS

Two men were arrested Tuesday evening by federal prohibition enforcement officers on the paved road leading towards Henrietta. Charges of possession of whiskey were filed against the two, "Chick" Eaton and C. M. Nixon, in the United States district court Wednesday morning. Officers who made the arrest state that a pint of whiskey was found in the possession of the two men.

Here Is a Good One. Nice well ventilated and comfortable steam heated rooms with bath at the Egan Hotel for one or two people at \$45, \$45 and \$50 per month. Come and let us show them to you. Everybody is looking for a long, hard, disagreeable winter and you can be comfortable with us at the Egan Hotel today.—Adv.

WELL NEAR DUNCAN AROUSES RIPPLE OF NEW ENTHUSIASM

TEST SHOWS 44.5 WHICH IS HIGHEST GRADE IN THE DISTRICT

WELL STARTS FLOWING WHILE BEING BAILED

Drilled By Safety First Company on the W. L. Brittain Farm

DUNCAN, Okla., Nov. 7.—A ripple of enthusiasm such as has been missing from the entire Duncan district, was caused when the Safety First Company, drilling on the W. L. Brittain farm, in the northeast of the southwest quarter of section 20-18-8, brought in a well from the sand at 244 feet that is flowing an estimated production of 100 barrels.

A test of the oil made Monday morning showed it to be the highest in gasoline content in the county.

The well was being bailed Monday morning and about noon it started flowing forcing the crew to send to town for tankage and equipment to care for the production.

The oil production came as a surprise to all concerned, as it was the intention of the operators and driller to bring in a gas producer. There are several wells in this immediate field and the nearest hole to the new oil well is a gas well which came in some time ago for around 11,000-100 feet of gas. The gas from this well is rich in casinghead gasoline and at a small bend in the flow pipe gasoline seeped through. This well is flowing from practically the same sand as is the new oil producer.

This location is approximately six miles south and about a half mile east of the latest sensation, the Funk-Masey farms in the northwest Duncan fields.

The northwest surprise was opened several weeks ago when the Magnolia, drilling on the Funk farm in the northeast of the northwest quarter of section 20-18-8, picked up a sand at 2,300 feet for a flow of 100 barrels. The Magnolia is now deepening its fourth well on the Funk farm.

The Collins Oil Company brought in the latest producer in this field from the new sand in its No. 3 on the Masey farm, northwest of the northeast quarter of section 20-18-8, for an initial production of 20 barrels at 15 feet in the sand topped at 2,100 feet. It is understood that this will go deeper in the sand after larger production.

Five hundred feet south of the Collins-Masey well the Grypp company which came in two months ago for 250 barrels from the 2,300-66 sand, is holding up to a settled production of around 150 barrels.

Indications, as viewed by well informed representatives of the oil fraternity, are that while the developments of the past six weeks are not likely to cause any appreciable stir throughout the west side fields during the winter months, with the coming of spring and warm weather, the two areas mentioned will get the largest play given to any part of the district within the last two years. It all depends, they will tell you, upon the oil market at that time.

Home made Chili. Igloo, 704 Tenth street.—Adv.

Elrod Returned From Raton With Sheriff Tuesday

G. M. Elrod, wanted here on a charge of forgery, was returned to this county Tuesday night by the sheriff. Elrod had been apprehended in Raton, N. M., and was being held awaiting the arrival of officers from Wichita Falls.

Elrod demanded extradition papers and accordingly the sheriff was provided with the proper instruments when he called for the prisoner at Raton.

The wife of the man enters a plea of guilty to a forgery charge three weeks ago and has already begun her two-year sentence in the penitentiary.

Members of the county and district attorney's departments stated Wednesday morning that Elrod had made a complete statement regarding the transaction in which he has been indicted for forgery.

BEAUTIFUL WEATHER IS STILL BEING ENJOYED

Beautiful invigorating weather is being experienced in Wichita Falls and vicinity and prospects are for more fair weather. George Simmons, local weather observer, declared Wednesday that the mercury had taken another drop Tuesday night. At 9 p. m. Tuesday it had climbed to 71 degrees, but at 4 a. m. Wednesday, it had fallen back to register 57 degrees.

Highways in this section are again passable but as yet not in good condition.

Railroads report good weather all through southern Oklahoma and northwestern Texas.

Home made Chili. Igloo, 704 Tenth street.—Adv.

OFFICERS DEVELOP PROMISING CLUE IN BIRMINGHAM CASE

BIRMINGHAM, Ala., Nov. 7. (AP)—Officials working on the mystery in connection with the finding of the charred body of a woman in a negro church building which burned near Tuscaloosa last week have another possible clue on which to work today with the arrest here last night of Jack Johnson.

According to the police, when he was arrested in a local rooming house, Johnson had newspaper clippings giving accounts of the case and on the back of a business card was written the name of a young woman who had been reported missing since the night the church burned.

Although Tuscaloosa officials say identity of the victim has not been established, Chief Deputy Sheriff Henry Hill of Jefferson county, who returned from Tuscaloosa yesterday, still insists that the name of the woman is known, although there are other points to be investigated before he can make known his findings.

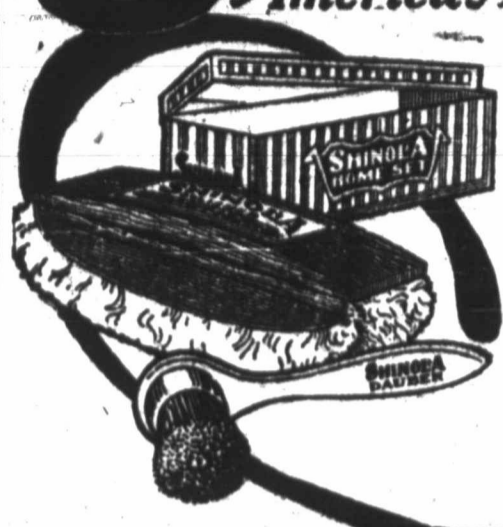

Alf Winchester, who was arrested in connection with the case Sunday, maintains his innocence. His preliminary trial is being arranged by his attorney. He is now in the Tuscaloosa county jail.

The body of the woman in the church showed that the skull had been fractured and ribs broken. Officials are confident that the fire was for the purpose of hiding the murder.

Johnson, a young man of good address, denied knowledge of the Tuscaloosa case except what he had read in newspapers.

Jackie Coogan As Prince Otto In "Long Live the King" Is Big Feature Now Showing at Strand

The long heralded Metro production, "Long Live the King," starring Jackie Coogan, is the attraction at the Strand for the remainder of the week. Particular interest is attached to this latest film of the young star as it is his first production under the \$1,000,000 contract which was given him recently in addition to a half million dollar bonus by Metro Pictures Corporation.

"Long Live the King" was only recently completed at Hollywood and its engagement at the Strand Theatre is among the early dates allotted to a few houses throughout the country. From various sources the information was current that a huge sum of money was being spent in the making of this film and recent reports definitely fix the sum at \$1,000,000. Of this huge amount, nearly two-thirds was spent on the construction of the magnificent sets which furnish the atmosphere of "Long Live the King," and which surround Jackie with real splendor. As is known to millions of read-

GHOST OF PACHO VILLA CONTINUES TO RIDE OVER AMERICAN BORDER

At right, one of the few photographs of Pancho Villa, taken from the Museum at Mexico City. At left, Holbrook Blinn, who plays the character in the First National picture, "The Bad Man."

Pancho Villa is dead; ambushed and slain by assassins. But his ghost still rides over the border to set aflame the spirit of adventure and romance among the American people.

Time was, not so long ago, when the news of Villa and his bandit band, harrying the border line, unleashed the wrath of the war department and set the United States army in pursuit, to get him dead or alive. Now he rides unmolested throughout the countryside. No khaki-clad warriors pursue, but an army of interested American people.

For Pancho Villa is the moving spirit of "The Bad Man," a First National picture produced by Edwin Carewe and taken from the stage success of the same name at the Olympic Wednesday to Saturday.

A New Light on Villa. And it is a far different Villa depicted on the silver sheet to the popular conception of this famous outlawed Mexican general, which has started the query as to whether he really was as bad as painted.

Villa was the most picturesque and notorious "bad man" of modern history, but those who have made a study of Mexican conditions and the life of Villa, as did Porter Em-

erson Brown, who drew the character for his play, and Holbrook Blinn, who plays the leading role, declare he was anything but the cold-blooded cut-throat of popular conception. Rather, they say, he was a brave soldier and patriot, a man of kindly traits, who loved his family and friends, who ever was at the service of the poor.

Blood-curdling tales of his ruthless slaughter drifted up over the border to the fame of popular belief that he was a merciless villain and an inordinate butcher. He is credited with the wholesale murder of prisoners and the wanton killing of both men and women. The usual conception paints him an ignorant and uncouth, swash-buckling bandit who robbed rich and poor alike and doomed to death at a drunken nod.

Loved His Family. "Evidence of Villa's good qualities is had in excerpts from letters which were taken from the body of his secretary, slain in 1917. There is little that savors of a 'bad man' as he may be known popularly, in such quotations as one in a letter addressed to his friend, Matias C. Garcia. He wrote:

"Trusting your kindness I hope you are able to put yourself at the head of my family together with yours, dedicating all possible time to the education of the family. I will put at the disposition of my wife, and you, \$5,000 Mexican gold each for making to cover emergencies for the support and education of our families."

"This Villa, the 'bad man' to be a family man with great concern over the welfare of his relatives.

Found Ghostly Continues. Villa had a trusted lieutenant whose name was Jesus Gutierrez. Senior Gutierrez was reported killed almost as many times as the famous leader. In Edwin Carewe's production of "The Bad Man" for First National, Holbrook Blinn, in the title role, has a trusted lieutenant, "Pedro," which is played by Peter Vennella, a Mexican who is familiar with the history of his country.

When he was cast for the part, Mr. Carewe instructed him as to his costume. He went to a Los Angeles costume firm and picked a suit of leather, prettily trimmed and show-

ing traces of much wear. He examined it and found written in the tunic "Jesus Gutierrez."

Vennella knew the name. He investigated. He found that one of the buyers had purchased the suit from an itinerant Mexican. Vennella believes that it is a suit that once belonged to the bandit lieutenant.

As far as his death is concerned, there are several holes in the costume that could have been made by bullets. They go through the left breast and pass out the back.

Water Show One of Big Features Local Legion Armistice Jubilee

MYRTLE GREY

The attendance at the Armistice Jubilee doubled Tuesday night owing largely to the warmer weather and the assurance of those who were out the night before that the grounds were in good condition. The gross amount of business doubled as well in the different shows and rides which is a good omen for the success of the legion from a financial standpoint and that the attractions please as well.

The Water Show presented a full program Tuesday night. On Monday night it was not possible to present all the acts on account of the water in the high tank being at almost zero temperature which made it difficult for the workers to remain under water any considerable length of time. Myrtle Grey, the principal under-water worker of the show, is also the most noted of all women who undertake this kind of work performs some out of the ordinary feats. In addition to being very attractive in face and figure she combines unusual grace and her endurance test of remaining under water for a period of four minutes with eleven seconds remains the record.

The school children's coupon today calls for the show in which "Luther the Marvel" is the feature. "Luther" is a living example of what perseverance can do in overcoming a handicap of nature. An Australian firm of booking agents recently made a flattering offer to tour the far east but he declined, preferring to remain with the Lachman Exposition Shows where he had been for the past five years.

Commander Beattie of Fort Carrigan Post is in communication with the posts in the county, arranging for a general rally of all the posts in December the latter part of the week.

My Secrets

Of beauty are yours now, if you wish
By Edna Wallace Hopper

I made myself a famous beauty, and that beauty brought me glory. I have kept that beauty to a grand old age. After 40 years in the limelight, I still look a girl of 19.

These facts are due to helps I found through years of world-wide searching. They are, I believe, the best beauty helps in existence. No one I know has, in other ways, attained any like results.

So I have had these helps prepared and placed where all may get them. And I hope to see them bring to millions the benefits I got.

Just Four Will Do

These beauty helps comprise 32 different factors. But great experts have combined them in four preparations. And all are sold at moderate prices which every girl and woman can afford.

One is my White Youth Clay. A clean, refined clay, vastly more efficient than soap. It cleanses the skin perfectly by French scientific methods of 29 years of scientific study.

My White Youth Clay brings a new complexion, rosy, clear and clean. It combats all lines and wrinkles. No woman who once tries it will ever go without it. It costs 10 cents and 25.

My Youth Cream is a cold cream like nothing else you know. It contains both lemon and strawberry. French experts have embedded in it the best skin helps they know. Apply it after the clay. Also use

it as a night cream, also daytime as a powder base. Keep it over on the skin to feed and whiten, firm, old age, and protect. The price is 60 cents.

My Facial Youth is a liquid cleanser, now used by leading beauty experts the world over. It contains no animal or vegetable fat. The skin cannot absorb it. So it cleans in the depths, then deposits. And the dirt and refuse, nothing else can reach comes with it. Great beauty experts charge \$2 for 21. Mine sells for 75 cents.

The Hair-Ton Envy

My glorious hair is due to my Hair-Ton. It is heavy, silky, lustrous and grows faster every year. Falling hair, dandruff, and gray hairs are unknown to me.

My Hair-Ton is applied with an eye dropper directly to the scalp. It does not muss the hair. It keeps the scalp live in a well-kept garden. "Downy" hair grows can flourish. It costs 50 cents and 75 with eye dropper.

All druggists and toilet counters supply them. As I use them, My Beauty book comes with each. They will bring you rich rewards. If you want more beauty, longer youth, these are the best ways science knows to get them. Edna Wallace Hopper, Business Address, Waukesha, Wis.

NOTE—Miss Hopper is now playing the Pantages Vaudeville circuit of the western states. Adv.

WICHITA FALLS AND VERNON PREPARE FOR GAME FRIDAY

Red and Black Warriors to Be Accompanied By Hundreds When They Invade Vernon Pirates Camp

BURK ALL STARS PLAY 6 TO 6 TIE AT BRECKENRIDGE

Wichita Falls is preparing for Vernon. Not only Coach "Bud" McCallum's gallant charges who are working out daily at the Junior High School campus, but the entire populace is getting ready for the invasion Friday.

The day for the big game was changed from Saturday to Friday owing to certain conditions in Vernon that would give a better attendance for the contest on that day. The roads beyond Electra that have not been paved are being dragged now so the Coyote supporters who attend the game will have little trouble going and coming in automobiles.

According to word received from school officials, the high school will hold its morning session only Friday, dismissing at 11:30 o'clock for the day. This would give the student body of the high school an opportunity to go to the game without missing classes for that day.

As for the warriors, they have been working hard to make the trip to Vernon Friday was started at the University Club luncheon Tuesday afternoon, and a committee composed of Edgar Haase, Greer Moore and L. E. Whitman were appointed. The committee was instructed to make arrangements for the transportation of everyone in the city who wanted to attend the game.

As a result the committee went to work and, in addition, not only secured the auto, but decided to take R. E. Shepherd along as cheer leader for the Coyote rooting staff. "Shep" has that gift of being able to direct anything, and promises to show these high schoolers some big time stuff when it comes to leading a "pop" squad.

BRIDGES FIELD, Breckenridge, Texas, Nov. 7.—In a game marked by clean, hard playing the Breckenridge American Legion and the Burk All Stars played a 6-6 tie game here Tuesday. The game was witnessed by more than 1,200 people, who saw one of the best football games played here for some time.

The Burk eleven, with four of its regulars out of the line-up, played a brilliant defensive game through-out, McKeniste, with his wonderful punting time after time kicked the ball out of danger. The Breckenridge eleven presented a strong line, and most of their ground gaining was through the line, with respect Fullback Marra, former Georgia Tack player, and Taber showed up to good advantage, making several good gains. The best play of the game came near the end of the last quarter, with less than a minute to play and the ball in Breckenridge possession, the Burk's 30-yard line, a fumble resulted on a play through tackle. Burgess, the scrappy quarterback of the Burk eleven, picked up the rolling ball and with several of his own men for interference, he started down the field. Tackler after tackler was dumped by the Burk men until only one man remained between Burgess and a touchdown. This last man was disposed of by McKeniste and Burgess went over for the tying touchdown.

Next Monday the Burk eleven will meet a strong team from Fort Hill, the game will be a part of the American Legion program for that day.

The line-up for Breckenridge was as follows:

BURK	Position	BRECK
Carnes-Copeland	Position	Shuman
Left End		
Coyle	Position	Gill
Center		
Delburn	Position	Brown
Right Guard		
Crother	Position	Gross
Right Guard		
Johnson	Position	Kelly
Right End		
Hayes	Position	Shuman
Right End		
Moore-Burgess	Position	McKinnon
Quarterback		
Johnson	Position	Taber
Right End		
McKeniste	Position	Marrs
Full Back		
Pence	Position	Roba
Left Half Back		
Touchdowns	Burgess and Taber	
Referee	Lyman (Virginia)	

Meyers Retains Championship In Go With Turner

CHICAGO, Nov. 7.—Johnny Meyers, of Chicago, world's middleweight champion, retained his title here last night, winning from Joe Turner of Washington, holder of the American 154-pound title, in two falls out of three.

Meyers won the first fall in 17:15 with a stopper hold, while Turner took the second fall in 13:19 with a teaklock. Meyers conceding the fall to prevent an injury to his leg.

Meyers took the third fall in 10:24. Turner, conceding the fall and the match after being completely knocked out when Meyers picked him up and threw him heavily to the floor.

Jack Reynolds, world's welterweight wrestling champion and wrestling instructor at the University of Indiana, retained his title by defeating Ollie Olsen, of New Orleans, two falls out of three. Olsen took the first fall in 11:25 with a head lock. Reynolds won the second fall in 11:22, with a leg split and the third with a headlock in 4:43.

Great Kaufman of Cedar Rapids, Iowa, and August Zapp of Grand Junction, Colorado, light-heavyweights, wrestled 30 minutes to a draw. Gus Hanson of Milwaukee, after losing the first fall to Joe Parrelly of Boston, in 20 minutes, 10 seconds, with a flying mare hold, conceded the match to Parrelly, claiming his neck had been injured and he was unable to proceed.

Football Facts BY BILLY EVANS

QUESTION—A claims that in a big eastern college game some years ago in which a goal from field was attempted, the ball carried a long distance, then struck in front of the goal posts, about five yards short of carrying over the crossbar. The moment the ball struck the ground it seemed the kick had failed of its purpose. On the first bound it carried over the goal post and the goal from field was allowed. It claims that such a thing never happened and that it should not have been allowed if it did. Is A or B correct? If A is played should attempt a draw from the field, and it is apparent the kick was falling short only to have it strike an opponent and pass over the crossbar, is it legal?

ANSWER—A is correct in his claim as to a kick striking the ground and bounding over the goal post in a big eastern game. It seems to me that Princeton figured on the contest. As I recall it the rule relative to a goal from the field was not very definite at that time and simply read that the ball must pass over the crossbar of the opponent's goal. Unless I am mistaken this play caused a change in the wording of the rule. It is now very explicit and reads "the ball shall pass over the goal post, after leaving the kicker's foot, touches the ground before passing over the crossbar or goal post."

On the other play the rule is very definite, saying that if the ball strikes an opponent and then passes over the crossbar, it shall count as a goal.

GEORGE SISLER BELIEVES PRUETT WILL COME BACK

ST. LOUIS, Nov. 7.—George Sisler, new manager of the St. Louis American League team, Tuesday expressed the belief that Hubert Pruet, faded away sensation of 1922, whose arm failed him last season, will come back next year and do remarkable work for the Browns. Pruet is resting in California.

"When a pitcher loses his arm it usually means an injury to the shoulder," Sisler said. "Pruett's shoulder is as sound as ever. I believe the rest he is taking will fix him up."

GERTRUDE EDERLE IS TO SWIMMING WHAT RUTH IS TO BASEBALL AND ZEV TO TURF

Miss Ederle in action.

Competing against Marichen Wenzelau and Lille Bowmer, noted water queens of the Outrigger Canoe Club, the American maid shattered the best previous marks for the 100, 200 and 400-meter events, setting new open water standards of 1:12 1/2, 2:45 3/4 and 5:54 3/4, respectively. The former records were 1:12 4/5, 2:49 1/2 and 6:09 1/2.

The races were conducted under the same conditions that will prevail at the Olympic games next summer. Miss Ederle will be America's chief reliance in the 1924 free style events. It is confidently expected that she will establish herself as the world's undisputed all-around swimming champion at the great international games. Here in her native land she is already accepted as such.

30 FRANC PARLEY WOULD HAVE WON 42 BILLION

PARIS, Nov. 7.—A two dollar bet—roughly 28 francs—made on the six winners at the Marlene LaFitte race track Tuesday would have won 42,425,000,000 francs. The entire bank note circulation of France is below forty billion.

The six winners averaged \$6 to \$10. The odds on the horse that won the first race were 15 to 1, on the second 15 to 1, the third 20 to 1, and the fourth, fifth and sixth races 30 to 1. Dave Englander was the only American jockey to pilot home a winner Tuesday.

VERNON TEAM DECLINES OFFER FROM PINE BLUFF

VERNON, Nov. 7.—Vernon's high school football team has received an offer of \$1,000 to go to Pine Bluff, Ark., to play the high school team there on November 24. Pine Bluff is the high school championship of Arkansas in 1922. If Vernon is eliminated from the Texas interscholastic championship race here Friday by Wichita Falls, the challenge will be accepted. If the locals win Friday they will go into the state finale and it will be impossible for them to make the trip to Pine Bluff.

HAIR STAYS COMBED, GLOSSY Millions Use It - Few Cents Buys Jar at Drugstore

Even obstinate, unruly or shampooed hair stays combed all day in any style you like. "Hair-Groom" is a dignified combing cream which gives that natural "oils and well-groomed" effect to your hair—and final touch to good dress both in business and on social occasions. "Hair-Groom" is greasiest; also helps grow thick, heavy, lustrous hair. Beware of cheap, harmful imitations.

The Nut Cracker by Joe William

Business foul U. S. fishing boat. Probably used the kidney punch.

My Dear Comes From Behind And Wins Race

BALTIMORE, Nov. 7.—Fred Mautner's "My Dear," accounted for the Bowie \$10,000 handicap for three-year olds and up, at Pimlico Tuesday afternoon, winning by three lengths, going away. Exodus was second, Hephalotes third and Maximac fourth. The time for the one and a half miles was 2:34 1/2.

When the start was made Exodus rushed to the front and set the pace, passing the stand Exodus led, with Daulton second and Maximac third. At the mile Exodus was still in front. At this point My Dear began to move up and at the stretch turn she colored the leader and came on to a handy victory. Exodus held on and got the place. Maximac quit in the run through the stretch and Hephalotes beat him out for the show money. Chacole did not like the going, the track being a veritable sea of mud.

Wife-How many fish was it caught on Saturday, George?

George—Six, darling—all beauties. Wife—I thought so. That fish market has made a mistake again. They've charged us for eight.

No towing and wrecking job too large, new auto crane. Phone 3102.—Adv.

Vernon Ready for Championship Gridiron Classic of North Half Of District 4, Friday Afternoon

Special to The Times.—The Pirates, Vernon High School's entry in the interscholastic football series, will meet the Coyotes of Wichita Falls here Friday afternoon for the championship of the north half of district four. Both teams have splendid records for the season. Only nine points have been scored by Vernon's opponents, which include Chillicothe, Seymour, Paducah, Burkburnett and Quannah. The Quannah Indians proved the hardest nut to crack on the entire schedule. The first clash was a scoreless tie at Quannah which was played off here last Friday when the locals defeated the Hardeman county lads 15 to 0.

Wichita Falls has very much the same record as Vernon, having defeated Nocona, Electra, Henrietta and Bowie. Henrietta scored one touchdown and kicked against Wichita Falls. Otherwise the Coyote club has been untouched. Paducah scored a touchdown and Burkburnett a field goal on placement on the locals for the nine points for Vernon's opponents.

The winner of Friday's game will meet the winner of the final tilt for the championship of the south end of the district between Cleburne and Strawn.

Play Notre Dame.

The Army and Princeton are sluttions for punishment. Notre Dame is again on the schedule of both schools—or 1924. The game with Princeton will probably be played a week later. This will give the Tigers a better chance to get in shape. The winner of Friday's game will meet the winner of the final tilt for the championship of the south end of the district between Cleburne and Strawn.

W. B. HAMILTON IS NEW PRESIDENT OF TECHNICAL CLUB

W. B. Hamilton was elected president of the Technical Club at the regular meeting at the Wichita Club Tuesday night. Other officers elected for the coming year were R. A. Thompson, first vice-president; J. M. Lebell, second vice-president; A. M. McPherson, secretary-treasurer. The following were elected to act with the above officers as the board of directors for the club: Julian Montgomery, Dr. A. H. Douglas, H. McLaughlin, L. E. Whitham, Harry Bray and J. E. Lochridge.

The new officers will serve for one year beginning Wednesday. Less technical clannishness and more civic usefulness were urged by the retiring president, Julian Montgomery, in his address. The need of more water for Wichita Falls instead of lower charges, which is now being felt, was an example of services to be rendered by the club, according to the speaker. Water mains in certain sections of the city are inadequate and can not carry enough water to supply the ever increasing demand. He suggested that a committee be appointed at once to investigate conditions and report to the club for action. In his report, the speaker commended the club for its success and for its closer friendship and cooperation on civic matters by the members. Dr. A. H. Douglas, retiring secretary of the club, read a humorous report.

Musical by a five-piece orchestra and dancing furnished the entertainment following the dinner. It was suggested that another Christmas program be given and that more meetings for diversion be scheduled, but no action was taken. At present the club has 33 active and four honorary members.

Towing and Wrecking Service; no auto crane. Automatic Service. Phone 2122.—Adv.

Valley Landowners' Association Adopts Constitution and Raises Number of Directors to Fifteen

By an unanimous vote, the proposed constitution and by-laws adopted by the members of the Wichita Valley Landowners' Association at the special meeting of the organization at the Park Inn in Iowa Park Tuesday afternoon. Approximately 50 landowners were present at the called meeting which was presided over by J. M. McFall, president of the association which was organized at a meeting of landowners in Iowa Park, October 8.

The number of directors in the association was increased from eleven to fifteen upon the suggestion of Mr. McFall. The newly elected directors are C. H. Clark of Wichita Falls, J. E. Whitham of Park, D. Whitney of Wichita Falls, and Heese S. Allen of Wichita Falls.

The meeting of the board of directors of the association at the Park Inn Tuesday morning several changes were made in the suggested constitution and by-laws by the directors before the documents were submitted to the members of the association at the called meeting.

Three forty-acre demonstration tracts will be established by the association for experimental purposes and a committee composed of directors was named to select the three tracts of land. The committee named were S. R. Ludolphus of Allendale, W. L. Hodges of Iowa Park, T. J. Face of Iowa Park, Herbert Griffin of Wichita Falls, and Heese Allen. The tracts must be located on the south side of the river, due to the fact that the north side irrigation canal will be completed in time for the planting of crops next spring.

The meeting Tuesday afternoon opened at 2:30 and W. R. Arnold, secretary of the Iowa Park Chamber of Commerce, explained the purpose of the organization to those attending. President McFall then explained that fifteen directors would be needed and pointed out his reasons. The constitution calls for fifteen directors, five of which will be elected each year. It was voted to increase the number of directors and a nominating committee composed of L. N. Lochridge, W. L. Hodges, T. J. Face and J. E. Bridwell was named. These men also acted as election judges. Eight names were submitted by the committee upon instructions from the president, which were made in the form of a motion by W. H. Chilson of Henrietta, and seconded by John Hirsch.

The names of Clark, Boyd, Whitney, Allen, Clarence Burke of Iowa Park, M. L. Rowe of Wichita Falls, George Hund of Allendale, and M. D. Rowe of Wichita Falls were suggested by the nominating committee.

According to President McFall, there are more than 49,000 acres in the Wichita irrigation district and more than 100 individuals own this land.

The proposal of some Wichita Falls business men to form a \$25,000 corporation and raise cotton in the irrigated district to derive funds to promote the land was discussed, but President McFall declared that he did not think it wise for the Wichita Valley Landowners' Association to be connected with the movement at this time. However, he did not advise individuals against cooperating. He declared that the board of directors would always consider the problems of the members of the association in all business transactions.

He emphasized the fact that there is no time to lose. Lands must be surveyed, graded and prepared for irrigation immediately, he said.

The constitution and by-laws were read by Mr. McFall and upon the motion of Mr. Chilson they were adopted as read.

Director's Meeting.
All present at the meeting were asked to sign the membership list. Tuesday morning the following directors met: Mr. McFall, president; Herbert Griffin, vice-president; W. H. Chilson, secretary; W. L. Hodges, treasurer; T. J. Face, secretary; S. R. Ludolphus, L. N. Lochridge and John Hirsch.

At the meeting the directors changed the location of the office from Wichita Falls to offices in Iowa Park and Iowa Park. It was pointed out that it would be necessary to maintain offices at both places. Annual dues were set at \$2.00 for each acre per year, not to exceed \$4.00 per acre per year. After the changes were made, the constitution and by-laws were placed in form to be submitted to the landowners at the open meeting. Following the proposal to locate three demonstration farms of 40 acres each, Mr. Chilson, who owns about 1,000 acres on the Seymour road about seven miles from Wichita Falls, stated that he would provide 40 acres anywhere on his property, fence the land, and pay all taxes, state, school, water, and everything else. The crops raised on the land for a period of five years. His offer was not accepted, as a committee was later named to make investigations and choose the sites for the demonstration tracts.

At the meeting of the directors following the open meeting Tuesday afternoon, a membership drive was started. Each director was provided with his share of the names of landowners in the district and the directors will endeavor to sign up every landowner in the Wichita Valley irrigation district.

Union Thanksgiving services will be held in this city Thursday morning, November 22, at ten o'clock, at the First Baptist Church, according to a decision reached by the pastor's association at their regular monthly meeting Tuesday.

The Rev. A. J. Holt, pastor of the Lamar Avenue Baptist Church, will deliver the sermon and the musical program, which will be given by the various church choirs of the city, will be under the direction of Vaughn Ray.

The Rev. C. M. Simpson of the First Methodist Church, was elected president of the association for the coming year, and the Rev. J. W. Loving of the Floral Heights Baptist Church was elected secretary.

Union Thanksgiving services will be held in this city Thursday morning, November 22, at ten o'clock, at the First Baptist Church, according to a decision reached by the pastor's association at their regular monthly meeting Tuesday.

The Rev. A. J. Holt, pastor of the Lamar Avenue Baptist Church, will deliver the sermon and the musical program, which will be given by the various church choirs of the city, will be under the direction of Vaughn Ray.

The Rev. C. M. Simpson of the First Methodist Church, was elected president of the association for the coming year, and the Rev. J. W. Loving of the Floral Heights Baptist Church was elected secretary.

Missing Girls Inquired About Here By Parents

Letters are received almost daily from parents anxious about their children by Police Chief George Hodgins.

Two letters were received Wednesday morning, one from a mother in Rhomb, Texas, asking police to locate her 22-year old daughter,

who left home several weeks ago for Denver, but according to information, did not arrive in that city. Police were asked to locate the girl if she could be found in Wichita Falls.

Another mother in Altus, Okla., requested the chief to locate her young daughter, who had obtained some money and run away from home several days ago. The girl is believed to be staying with a friend, who is a stenographer in this city. The police were requested to send her home.

Both letters were turned over to detectives by the chief, who instructed them to try and locate the girls.
