

The Muleshoe Journal

VOL. I.

MULESHOE, BAILEY COUNTY, TEXAS, SATURDAY, MAY 17, 1924.

NUMBER 13.

ILL-FATED WORLD FLYER PLANE "SEATTLE"

This photo was taken at the time of the completion of the installation of the new engine in Major Martin's plane "Seattle" not many days prior to the ill-fated hop-off at Chignik, Alaska.

MINERAL WELLS WINS THE 1925 W. T. C. C. MEET

Mineral Wells won the 1925 West Texas Chamber of Commerce Convention after a spirited fight with Amarillo during the closing hours of the convention which has been in session in Brownwood for three days.

Resolutions adopted: Resolutions passed at the West Texas Chamber of Commerce convention approved the transportation act of 1920 with only modifications to permit the state railroad commission to have the power to grant permits for construction of short lines. The convention refused to endorse specifically the Texas, Panhandle and Gulf railway. Irland Hampton, secretary of the Fort Worth Chamber of Commerce, moved that a resolution be included to endorse this railroad, but it did not receive a second. O. P. Thrane, of Snyder, chairman of the committee, explained that there are many other railway projects under way and that it was deemed best not to commit the organization to any specific railway proposal.

The Ripley plan of grouping railroads in the southwest was also opposed. The resolutions included: Endorsement of permanent highways; endorsement of reclamation work and state survey; opposition to any higher taxes on oil; praise of the Texas Tech College; demanding of economy in all government; commendation of President A. B. Spencer's fight to retain common freight rates for West Texas; development of textile industry and opposition to any plan that would require more than a majority vote by supreme court at Washington to set aside decisions of lower courts.

MAYOR OF MULESHOE ARRIVES IN PERSON

BROWNWOOD, Texas, May 13.—The mayor of Muleshoe represents his town here. He's the original—not Tiny Goodbred, as Pop Boone would have it. R. L. Brown is the mayor, sheriff, ginman and everything else.—Fort Worth Record.

MISSIONARY SOCIETY MEETS.

The Methodist Missionary Society met with Mrs. Harding Wednesday and planned a basement for the church for a Sunday school room. Ways and means for financing same were discussed. Every member is asked to be present at Mrs. Connie Gupton's next Wednesday as there are important matters to arrange.

AUCTION SALE.

An Auction Sale will be held in front of R. L. Faulkner's office May 26. All parties having furniture, farm implements, stock, or anything for disposal bring it and let O. N. Robinson sell it for you. The Methodist Missionary Society will serve lunch.

SUNDAY SCHOOL PICNIC.

Mrs. White and her class enjoyed a real picnic, with lots of good "eats" over in the sand hills last Saturday. Everyone expressed themselves as having a jolly good time.

Mr. and Mrs. W. B. Durham, teachers of the Muleshoe school, have sold their home to Tax Assessor Billy Buey. Prof. and Mrs. Durham were both elected to teach next term at Muleshoe, but declined for the reason that they wanted to go to school next year. Their pupils and all their many good friends regret to see them go.

MADOO IS ENDORSED BY KENTUCKY DEMOCRATS

LEXINGTON, Ky., May 14.—Kentucky Democrats today gave their endorsement to the presidential candidacy of William G. McAdoo, sustained their state leaders and party chieftains and gave utterance to the battle cry of the November campaign. Formal withdrawal of the candidacy of Senator Oscar Underwood of Alabama from the Kentucky contest was a somewhat unexpected development of the day.

In the view of the McAdoo managers it considerably brightened the prospect of a solid McAdoo delegation to New York, perhaps under a unit rule.

SENATOR WHEELER EXONERATED

WASHINGTON, May 14.—Senator Burton K. Wheeler, Democrat, Montana, is "wholly" exonerated in a majority report filed today in the Senate by Senator Borah, Republican, Idaho, chairman of the special committee which investigated charges that Senator Wheeler accepted a fee from Gordon Campbell, a Montana oil operator to prosecute oil land claims before the Interior Department after his election to the Senate.

GOES TO SEE BROTHER.

Ray Griffiths, of the Bailey County Elevator Company, was called to Tucumcari, New Mexico, Tuesday to the bedside of his brother, Robert Griffiths, of San Jon, New Mexico, who was rushed to Tucumcari for a serious operation. Last reports were that he was better.

Mrs. J. E. Aldridge and children and Mrs. Levi Pressly and children left early Friday morning for a trip to Breckenridge, Fort Worth and other points. Mrs. Aldridge is going to Breckenridge to visit her sister and Mrs. Pressly to Fort Worth to visit her parents and other relatives. They expect to be gone about one month unless the husbands send for them before that time expires.

A homesick prodigal from Atchison County Missouri, who seems to be stranded in Los Angeles contributes a poem to the Atchison County Mail, which begins as follows:

I'm from old Missouri
And I'm not ashamed to tell,
If I were back within its fold
The West could go to hell.

The West Camp school gave a program at the school house Thursday night, which was well attended and an enjoyable time was had by all present. They also had a picnic Friday at the vvn Ranch where the pupils enjoyed themselves at various games.

A. L. Davis was among those present and transacting business with the Commissioners Court this week. Mr. Davis is interested in the completion of the Highway from Muleshoe to Sudan.

C. H. Buzard was in town Wednesday purchasing planting seed for his cotton crop. Mr. Buzard reports that he is going to plant about 150 acres of cotton.

John J. Lacy and Hubert Gilbert accompanied a party of young folks to Clovis Wednesday night to a party given by Miss Cecelia Bowman. They all report an enjoyable time.

W. C. Buey, Kinyon Smith and D. O. Smith were Clovis visitors Thursday.

MULESHOE LOSES

The Muleshoe base ball club lost a hard fought game to Sudan one evening recently, the score standing 3 to 2 in favor of Sudan. This was one of the fastest games played this season. The local boys deserve a great deal of credit for their playing Sunday. They got off to a bad start in the beginning but by the time the season is over it will be different. Manager Daniel (In the Lions' Den) Winn is making fast progress with the boys and the team is behind him and the team. Dan reports three games at home before he goes on another road trip. Saturday and Sunday the fans will see the boys go up against Sudan and Baileyboro and Sunday week he has another game at home. The business men of the town have donated uniforms to the boys and they will be here some time next week. Let's get in the game, boys, and win these three games.

HIGH SCHOOL STUDENTS PLAY.

The Muleshoe High school students gave a play at the high school auditorium Thursday night, which was well attended and was a success in every respect. The school closed Friday, which was the close of the most successful school term in the history of Bailey county. Supt. S. R. Van Buskirk has been an untiring worker for the school and has at all times been wide awake and on the job working and taking advantage of every opportunity that presented itself for the betterment of the school. It is through his efforts that State aid was granted. He has been elected by the board for another term and it is his purpose to have even a better school next term. The Journal is standing behind him in building up a great school for Muleshoe and in doing so it only adheres to the policy it has had at all times—that is the advancement of all our educational institutions, which is the one great thing for which Bailey county is most grateful.

ORDERED TO WASHINGTON

Major Frederick L. Martin and Sergeant Harvey, found Sunday at Port Moller, Alaska, after they had been missing 11 days, have been ordered to immediately return to Washington where they will be stationed temporarily.

The plans of the air service will permit Major Martin to keep the designation of commanding officer of the flight. Lieutenant Smith's title being that of acting officer in charge. It is intended to send Major Martin and Sergeant Harvey across the Atlantic in time to greet the fliers and lead them on the way home from Europe, in that way giving the commander the post of honor which he lost by hard luck in Alaska.

W. M. U.

The Ladies Aid met with Mrs. D. O. Dodson Wednesday, May 14. Five members were present. We meet with Mrs. Byron Griffith May 21st; with Mrs. Barron as leader. Mrs. Williamson and Mrs. Ivy, of Plainview, will meet with us on that day. All members are urged to come.

We have our flour contest May 30th. Serve cake and ice cream all evening. Everybody come.

Girl Swimmer to Attempt Golden Gate Crossing.

Miss Edna L. Campbell, noted girl swimmer of Cristobal, Panama Canal Zone, who has just arrived in San Francisco. Known as the Panama Fish because of her expert aquatic ability, she is contemplating an attempt to swim across the Golden Gate, a hazardous feat for a girl swimmer.

MULESHOE TEXAS

Muleshoe, the county seat of Bailey County, Texas, has a population of about 250, is situated on the Panhandle and Santa Fe Railway about 25 miles from the New Mexico line and was laid out at about the time of the outbreak of the European war and while it has made a steady growth, its development has doubtless been retarded by the fact that the country has either been in war or passing through an enormous depression during practically the entire time of the town's existence. Muleshoe is a new town but owing to the excellent farming and ranch country in which it is situated, it bids fair to become a large one as well. It has at this time one elevator, a cotton gin, a first class lumber yard and supply house, two garages, several mercantile concerns, a bank with resources aggregating \$175,000.00, a practically new high school building and two churches.

The country tributary to Muleshoe borders on New Mexico and is just south of the Panhandle proper, about 200 miles west of the southern line of Oklahoma, fifty miles west of Plainview, Texas, about 90 miles southwest of Amarillo and about 35 miles east of Clovis. Owing to the fact that Bailey County in which Muleshoe is situated, joins New Mexico where land could be homesteaded until recently and did not have a railroad until about nine years ago and the further fact that the county was unorganized until about five years ago, the beautiful and fertile country has been overlooked and has never been advertised or boomed. The Muleshoe country now has good shipping facilities, schools, churches, roads, gardens and groves. As for shipping facilities as above mentioned, it is situated on the Panhandle and Santa Fe Railway, being the main line of the Santa Fe between Los Angeles, California and Galveston, Texas; as for schools, as mentioned above, Muleshoe has a beautiful high school building, modern in every respect, just completed, there are numerous grade schools, well equipped, throughout the territory, one of which cost over ten thousand dollars; as for roads, Muleshoe is a terminal for three of the most important highways in the South and Southwest, being the Robt. E. Lee Highway, the F. F. Highway and the Roger Q. Mills Highway.

The country has an average rainfall of about 24 inches which falls mostly during the growing season. It is the best watered country anywhere, barring none; it being underlaid with pure sheet water or a strata of water bearing sand, which is known to be approximately 300 feet thick and which lies only from ten to eighty feet below the surface of the land. A great portion of the Muleshoe territory is underlaid by an enormous strata of water only from twenty to thirty feet beneath the surface. This body of land is being rapidly developed into fine irrigated farms, by pumping with crude oil engines and centrifugal pumps. Many of the pumps draw the water but about 35 feet and have a capacity of 1,500 gallons per minute, with no apparent effect on the supply and a plant this size is operated with only a 25-horsepower engine burning the cheapest of fuel oil, will irrigate successfully about a quarter section of land and will insure a bumper crop of anything grown in a temperate climate, and at a very low cost.

Owing to the fine uniform soil throughout the Muleshoe territory, which soil varies from a clay loam to a silty or sandy loam, from two to six feet deep and the shallow water for irrigation, almost any crop can be grown. Crops grown more successfully in this territory consist of kafirs and sorghums, alfalfa, sudan, millet, beans, cantaloupes and all kinds of vegetables. Fruits of all kinds that flourish in a temperate climate can be raised in abundance and some fine orchards are just coming into their prime bearing age throughout the territory. Beautiful shade trees of all kinds, such as grace the streets in the residential section of Clovis and Amarillo, make a rapid growth in this territory owing to the abundance of water.

The Muleshoe territory has an altitude of 3,800 feet above sea level which gives it a most delightful climate and considering its excellent location and many natural advantages its development into a beautiful, thriving and prosperous valley, populated with happy and contented people of the nations' best stock, is assured.

For Further Information Address MULESHOE CHAMBER COMMERCE.

CROPS UP AND LOOKING WELL IN BAILEY COUNTY.

The farmers are busy planting their crops. Some have reported crops up to a good stand. The weather has been too cool for the crops to advance much, but with a good rain and some warm weather we will soon see quite a change in the color of the fields. The prospects are good for a bumper crop this year and we are expecting it.

PARTY LEADERS IN CONFERENCE

COOLIDGE VETOED BONUS BILL

The soldier bonus bill was vetoed Thursday by President Coolidge.

On the heels of his disapproval of the Bursum pension bill because he felt it would be an undue strain on the treasury, the president sent back to the capitol for the same reason the compensation measure which would give free life insurance to World War veterans. Advocates of the bill immediately announced that an attempt would be made to pass it over the veto. On its original passage it received more than the necessary two-thirds vote in both Senate and House.

FAIRVIEW NEWS.

Miss Vivian Hewatt, teacher of the Fairview school, gave the children a picnic Friday at the close of the school, which was enjoyed very much. They all reported a big time.

Mr. and Mrs. W. A. Long made a business trip to Littlefield Wednesday.

Miss Lula May Campbell had as her guests Sunday, Miss Ethel Dammron, Miss Mattie Walker, and Misses Essie and Linda Campbell.

Mr. Marion Walker and George Garner were guests of Jack Campbell and James Courtney Sunday.

Miss Vivian Hewatt was visiting Mrs. R. E. Luttrell Friday afternoon.

Mr. James Courtney made a business trip to Sudan Monday.

Mrs. Tom Mason and children have returned from Vernon, Texas, where they have been visiting. They report a nice time.

Miss Vivian Hewatt left for her home in Fort Worth, Texas Saturday morning.

Mr. and Mrs. Stone spent the day Sunday with Mr. and Mrs. R. E. Luttrell.

Mr. Gordon Sharman and Mr. Ely Campbell made a business trip to Sudan Saturday afternoon.

Mrs. James Wood's sister, from Baileyboro, spent the week end with her last week.

GOES TO BROWNWOOD.

R. L. Brown is representing the Muleshoe Chamber of Commerce at the West Texas Chamber of Commerce meeting at Brownwood this week. Mr. Brown is one of our best boosters for Bailey County and we are sure he will advertise Bailey County to all West Texas while on this trip. The last news the editor had from him was from Lubbock. He stated in this message that he was having a great time and that he would get out of Lubbock at 9 p. m. Monday, and they would be joined with 5 cars from Amarillo.

POLITICS IN BAILEY COUNTY.

The political pot is beginning to boil and will continue to get warmer as the time grows nearer to election date. Bailey county is a new county and politics so far as the county is concerned is in its infancy, but from the maneuvers of some of the amateurs it will have some full grown politicians in a very few years. Most of the offices are being contested this year, the interest is greater in some than in others. We like to see the voters get interested in their choice and work for their candidate.

BOND ELECTION CARRIES.

The bond election in Liberty Common School District No. 3 (Y. L.) carried by a majority of two to one. This assures the patrons of this district of one of the best school buildings in the County. The work is progressing very nicely on the new building.

NEW YORK.—Cordell Hull, (right) Chairman of the Democratic National Committee, with his assistant George F. Mara, who is also in charge of the Committee of Arrangements for the Democratic Convention to be held in June, were in conference on matters pertaining to the coming convention.

BAILEY COUNTY NEEDS STOCK LAW

A petition signed by more than 50 voters of the south part of the County was presented to the Commissioners Court Monday, asking for an election to determine whether cattle and horses and other stock shall be permitted to run at large in that part of the County. The petitioners were disappointed in their efforts as they were informed that Bailey County was exempt from this law and it will be necessary to get a bill through the State Legislature removing this exemption before they will get any relief. Bailey County needs such a law in order that the people might express themselves at the polls and if a majority favor such law, then have it enforced. The town of Muleshoe has recently had some experience along this line with a few goats that are permitted to run at large and eat the small shade trees that are put out around town. The town needs all the shade trees that will grow here and it is not much encouragement for the folks to put them out just to find a pesky old goat standing on his "hine" feet eating the top out of them. The Civic Club has gone to a lot of trouble and expense to beautiful the Court House yard and they should not be hindered or discouraged in this work by having it pastured by a bunch of goats.

BACCALAUREATE SERMON BY REV. E. J. BARB

The baccalaureate exercises for the Muleshoe high school were given Sunday night at the high school auditorium. Miss Reita Lee Dodson played the processional while the class marched in. The class is composed of two boys and two girls, Bradley Bickel, Eugene Kistler, Dovie Morris and Carletta Gupton. The invocation was given by Rev. G. R. Fort, pastor of the Muleshoe Methodist church, after which a choir made up of all the churches in town rendered a selection. Several musical selections were rendered by the choir and Taylor White and Mrs. Byron Griffiths.

The beautiful and impressive sermon was preached by Rev. E. J. Barb, pastor of the Muleshoe Baptist church. The scripture was taken from the Book of Proverbs. In his sermon Rev. Barb congratulated the boys and girls in the honor they had already gained and gave them advice and suggestions for their future. The entire program was very interesting and impressive and enjoyed by all present.

COMMISSIONERS' COURT MEETS.

The Commissioners Court met in regular session Monday for a three days session, adjourning Wednesday until Saturday, the 31st. Practically all of Monday and Tuesday was spent as an equalization board on taxes. They are to meet the 31st to wind up this part of their duties for this year. Wednesday, bids were received for the completion of the highway across the sand hills. The bids were all rejected and will be advertised for the meeting in June. We are anxious to see the road completed and are sure it will be only a matter of a few weeks now until it is completed. Mr. C. L. Hassie engineer for the project, tendered his resignation to the court and it was accepted.

LEVI PRESSLY, EDITOR.

THE AMERICAN'S CREED.

"I believe in the United States of America and the principles of freedom, justice, equality and humanity upon which it was founded and for which American patriots have given their lives and fortunes."
"I believe it is my duty towards my country to love it; to support its constitution; to obey its laws, and to defend it against all enemies."

RADIO TALKS TO FARMERS.

RADIO broadcasting stations in some states are sending out on Tuesday and Wednesday evenings of each week tabloid talks on agriculture, the last word of the scientist and the scientific farmer expressed in crisp and interesting form.

When it is considered that with the proper methods of agriculture and proper preparation of the soil, the revenue from farms might be doubled the value of the movement is apparent. Agents of experiment stations preaching this doctrine of scientific agriculture are making much headway, but the dissemination of such knowledge requires ceaseless effort and constant pounding. The tabloid talks by radio thus come to the assistance of the county agents and the farmer.

The radio station will present these facts not only to the farmer but to the boys and girls on the farm. It will aim to make the farmer appreciate to the fullest extent his investment in his acres.

OCCASIONALLY A FRIEND.

NEVER the Washington evening closes that the widow of Woodrow Wilson has not climbed the hill to the silent crypt in St. Albans where repose in peace the ashes of her dead. Sadly alone is the widow on this silent pilgrimage of love, but occasionally Admiral Grayson accompanies her as she approaches the place of silence and there strews the memorial stone with flower blossoms. "Occasionally a friend accompanies her," is the language of the reporter who tells the story of her fidelity and faith.

Occasionally a friend, indeed. Never the hour passes that a mighty concourse of unseen spirit does not make that journey to the resting place of the dead. They come bearing the gifts of love and grateful veneration for one who dreamed of peace and sought with passion to cure the hurt of a world. They come from the quiet fire-sides of America where souls have learned to quicken with the holy impulses of world brotherhood. They come from the wastes of ocean where men have died to redeem the honor of their flag. They come from the fire-scarred areas of battle where the white crosses tell so pitifully of a world's redemption from fear. Unseen, unheard, unknown, they honor with their tears the bravest spirit that ever taught earth's erring children that the peace-maker is the child of God.—Daily Oklahoman.

JUDGE BUCK IN RACE FOR CHIEF JUSTICESHIP

The editor received the announcement of Judge R. H. Buck, Associate Justice of the Court of Civil Appeals, of Fort Worth, for Chief Justice of the Supreme Court of Texas, this week. The Judge asks us to use our efforts in his behalf in Bailey County and we are going to do so. As one of his law class in 1915-16, and as a member of the Fort Worth Bar while he was District Judge and Associate Justice of the Court of Civil Appeals, we believe we are in a position to know something of Judge Buck's qualifications as a lawyer and jurist. He has at all times been a friend to the young lawyer, always ready to lend a helping hand when we were trying to work out some of the legal questions that confront all young lawyers. The writer well remembers of the advice given him by Judge Buck when he entered the practice of law.

Judge Buck has practiced law at Fort Worth for a number of years and has gradually climbed to his present position. His first political office was that of assistant county attorney of Tarrant county, where he made a splendid record in the prosecution of criminal cases. He was elected District Judge of the 48th District Court in one of the hottest campaigns in the history of Tarrant county—he was opposed by the saloon element at that time by reason of his active prosecution of them while in the county attorney's office. We are glad of the opportunity of working for a man like Judge Buck for this the highest and most important office within the gift of the people of Texas.

Politics may be all right as long as it confines itself to political matters, but it is a curse to a nation when it dips into business. The tax question is a problem of business pure and simple and should not be a vote getting vehicle for politicians.

"FREE TRADE" GREAT BRITAIN

AFTER Congress gets through with oil, the bonus and the tax question it will in all likelihood turn its attention to the tariff to drum up a further campaign issue.

It is a regrettable fact that for years the American tariff question has been considered more from a political angle than for the purpose of protecting American workers and industries. The average "man on the street," and public official for that matter, believes that England is a free trade country and that America is a hideous example of a tariff burdened people. Resting upon this belief the people vote in accordance with their understanding and not in accordance with the facts.

Without arguing for or against a tariff, it is essential that everybody know that as a matter of fact, the per capita customs collected in England have never in recent history been less than the customs duties collected in America.

When somebody talks about tariff in this country and its burden to working men compared to "free trade" Great Britain, the following figures taken from records should be borne in mind:

In the United States, the customs per capita average for 1920-21 and 22 were \$2.85. In "free trade" Great Britain and Ireland the customs per capita for the same period averaged \$13.87. These are facts, not political hot air.

A reasonable tariff which will in any degree protect the factory worker from competition with foreign cheap labor, of course, gives the worker a certain number of days or weeks employment which he would not otherwise have and at a higher wage. Consideration of such protection is a business proposition and not a political issue.

THE CAUSE OF CRIME.

(AARON STUART WHITTEN)
Psychologists and Psycho-analysts claim to be able to tell us the reason for almost every human action. As the great oak is but the unfolding of the tiny acorn, so the character of the adult is the natural development of an emotion aroused away back in the early years of childhood.

The inferiority complex is the cause of much failure in life. Sometime in childhood the little boy comes to the conclusion that he is too weak-minded to win against his playmates if he confines his actions to the rules of the game. So he cheats at school, and "fudges" in his play, then when grown, he still thinks he is too much of a weakling to play square, so he gets what he wants, regardless of the method used, and is surprised at finding himself confined in a penal institution, and blames everything else in the world for his plight except his own delusion and continued ignorance of the fact that there is a place for every man in the game of life, who will play the game fairly.

The Midas-complex is the cause of the "malefactor of great wealth," as Roosevelt used to call them. This is the type who think money the only aim in life—the only reason for living. Oh, yes, after they get all the money they want, they intend to get religion—that is, if it does not conflict with their worship of the golden calf—and perhaps patronize the arts and sciences, provided, of course, the artists and scientists show the proper degree of appreciation of the bounty of the patron. In the meantime, this is the type that corrupts senators, cabinet officers, or even a president, if it is possible. Yes, yes, they are great men, if you doubt it ask them and they will cheerfully admit it.

All the time, every day, in every way, all of us can develop character instead of coin, can give service to humanity instead of charity, and never fear the judgment day or any other period of book-balancing.

HAS A BAD MEMORY.

Wearily the editor of the "As We Set at Our Line-o-type" column in the King County Tri-County News says this:

If anyone has a worse memory than the papa of this colyum, trot him out. We can't remember when the war started or ended, although we are reasonably sure it's over. We can't remember what our last ton of paper cost, nor the current price of beans. We have forgotten what our last ton of coal cost and how much we have left in the bin. We have lied so often about our age that we do not pretend to know how old we are at this writing, except that we were born about corn plowing time. We have forgotten about the date of our marriage, and can remember the age or birthdays of our two youngsters. We try to forget that Saturday is pay day, but our help always manages to refresh our memory. Some times our banker beats our help to it.

Human nature would be about the same in a third or a seventy-third party.—Boston Shoe and Leather Reporter.

Our insignificant opinion is that the third party won't get any scandalous contributions from big business.—Boston Post.

If everybody plants the same kind of cotton, the seed won't git mixed at the gin.

He who can devise a way to prevent a fool and his money from parting will make a fortune.

POLITICAL ANNOUNCEMENTS

FOR REPRESENTATIVE.

I hereby announce my candidacy for re-election to the office of representative in the Texas Legislature from the 120th Legislative District.
BURKE W. MATHES.

FOR REPRESENTATIVE.

I hereby announce my candidacy for representative 120th District in the Texas legislature, subject to the Primary election, July 26th.

A. B. TARWATER.

REX STEGALL.

ROAD NOTICE TO NON-RESIDENT LAND OWNERS.

STATE OF TEXAS
Bailey County, ss.

We, the undersigned Jury of Freeholders, citizens of said Bailey County, Texas, duly appointed by the Commissioners' Court of Bailey County, Texas, at its April 14th Term, 1924, to view and establish a First class Road from the end of the Circle Back and Baileyboro road at the S. E. Cor. of Labor No. 17 in League 177 Motley County School land running west to the State Line, and having been duly sworn as the law directs, hereby give notice that we will, on the 31st day of May, 1924, assemble at Baileyboro, Texas, and thence proceed to survey, locate, view, mark out and establish said road, beginning at: Field Notes.

Commencing at the end of the Circle-Back and Baileyboro road, at the South East corner of Labor No. 17 and the North East corner of Labor No. 24 in League No. 177 Motley County School land; thence West along the South line of Labors 17 and 16 and on the North line of Labors 24 and 25 in said Motley County School land to the East line of League No. 169 Hale County School land; thence South one half mile along the East line of Hale County School land to the South East corner of League 169 Hale County School land; thence West along the South line of League 169 and the North line of League 168 Hale County school land to the East line of Section 5 Block F Leon Blum Survey; thence North one quarter of a mile along said East line of Section 5, Block F, Leon Blum Survey; thence West across Section 5, Block F, Leon Blum Survey to the South East corner of Section 146 Block A Blum & Blum Survey and the North East corner of Section 13, Blum & Blum survey; thence West along the South lines of Sections 146, 145, 144, 143, 142, 141, 140, 139, 138, in Block A, Blum & Blum Survey, and along the north lines of Sections 13, 12, 11, 10, 9, 8, 7, 6 and 5 of Block B of Blum & Blum Survey to the State line.

And we hereby notify W. H. Fuqua, Amos Huxley, H. E. Blackledge, Lumpkin, Harrison & Ohler, Trustees, Jno. Vanderwal, A. X. Erickson, J. D. and A. T. Koen, O. N. Williams, J. B. Watson, and any and all persons owning lands through which said road may run, that we will at the same time proceed to assess the damages incidental to the opening and establishment of said road, when they may either in person or by agent or attorney, present to us a written statement of the amount of damages, if any, claimed by them.

Witness our hands, this 30th day of April, A. D. 1924.

ROAD NOTICE TO NON-RESIDENT LAND OWNERS.

STATE OF TEXAS
Bailey County, ss.

We, the undersigned Jury of Freeholders, citizens of said Bailey County, Texas, duly appointed by the Commissioners' Court of Bailey County, Texas, at its April 14th Term, 1924, to view and establish a first class road fifty

feet in width in Precincts No. 2 and 3, Bailey County, Texas, and having been duly sworn as the law directs, hereby give notice that we will, on the 31st day of May, 1924, assemble at the beginning point of said road and thence proceed to survey, locate, view, mark out and establish said road, beginning at the North boundary line of Bailey County, at a point where it intersects the Block line between Block X and Block Z, said Block line being also the Section line between Section No. 2 in Block X and Section No. 2 in Block Y; thence South with the Section line between Section No. 2 in Block X and Section No. 2 in Block Z to the public road on the North side of the Railroad; thence South crossing said public road or highway to the right-of-way of the Panhandle and Santa Fe Railway; thence South crossing said Railway right-of-way to the S. E. Corner of Section No. 2, Block Z, being also the S. W. corner of Section No. 2, Block X; thence South with the section line between Sections Nos. 3, 4, 5, 6 and 7, in Block Z and Sections Nos. 3, 4, 5, 6, and 7 in Block X, to the common corner of Sections 7 and 8 in Block X and 7 and 8 in Block Z, the place of ending. The whole distance being about 6 and 3-4 miles.

And we do hereby notify the Panhandle and Santa Fe Railway Company, Cnas. K. Warren, W. H. Henson, Fairview Land and Cattle Company, Florence Hibbard, Stephen A. Canada, S. H. Withers, A. T. Anderson, J. C. Tays, Bettie Burns Estate and E. V. Blackwell, and any and all persons owning lands through which said road may run, that we will at the same time proceed to assess the damages incidental to the opening and establishment of said road, when they may, either in person or by agent or attorney, present to us a written state-

ment of the amount of damages, if any, claimed by them.

Witness our hands, this 26th day of April, A. D. 1924.

GIRL BANDIT WARNS MOTHERS.

Keep Daughters Out of Dance Halls, Celia Cooney's Advice.

SYRACUSE, N. Y.—Sunday is Mother's Day and Celia Cooney, New York's bobbed-haired bandit gives a message to mothers as her last bit of advice before entering Auburn prison, to begin a sentence of from ten to twenty years.

As the train taking her to Auburn halted in Syracuse for a few minutes she was asked whether she had anything to say that might help other girls keep from going wrong.

"What I have to say is to mothers," she replied. "That is more important. All I have to say to girls is that it doesn't pay. To mothers I would say take care of your daughters. If mothers watched their daughters as they should, there wouldn't many of them go wrong. Let them keep their daughters out of dance halls, and know where they are nights. That is all there is to keeping a girl straight."

R. L. Faulkner and A. P. Stone made a trip to various points in Hale County Wednesday. They report good rains all over that section of the country.

THE FORMER KAISER WILHELM AT HIS EXILE RETREAT.

Above is an exclusive photo of William Hohenzollern, former kaiser of Germany, with his wife, the former Princess Hermine, strolling through the village of Doorn on Good Friday, the anniversary of the funeral of the late former Kaiserin. The bodyguard, while usually alert, gave scant attention to the lone individual in peasant attire who carried camera hidden in a workman's bag. This photo is by far the best yet taken, it shows very clearly the great changes that have taken place in the Kaiser's appearance.

DUN'S WEEKLY REVIEW

For The Journal.

THE course of prices and records of production confirm the reports of reduced business activity in most quarters. A net decline of only 3 per cent in wholesale prices this year marks a moderate readjustment, but it reflects a curtailment of demand

that has resulted chiefly from political conditions and weather handicaps. The retarded retail distribution of seasonable goods, due to the backward Spring, has already forced special sales in certain instances, and the probable effect on consumption of the increasing unemployment of workers at different manufacturing centers is entering more largely into calculations. A recent rapid fall of pig iron and steel output has shown that new orders have decreased sharply, textile mill operations continue

M. P. SMITH

much below capacity for the same reason, and the percentage of idle machinery has risen in various other industries. The adjustment of production may later bring about a reversal of the downward trend of markets, but purchasing has been so conservative that the average of prices has reached the lowest level in a year and a half, with declines predominating in Dun's list during each of the last ten weeks. Despite this fact, however, bank clearings hold up remarkably well and railroad freight traffic, if below the record movement of a year ago, excels that of any other year. Hence, the conclusion is plain that, notwithstanding the extreme caution of buyers and their continued disinclination to make forward commitments, there is still a big business in the aggregate. The volume would be larger but for the influence of political uncertainties, which cause hesitation and check new enterprises.

Some men who marry for good or worse think they are getting nothing but the worse.

ROAD NOTICE TO NON-RESIDENT LAND OWNERS.

STATE OF TEXAS
 Bailey County, ss.

We, the undersigned Jury of Freeholders, citizens of said Bailey County, Texas, duly appointed by the Commissioners' Court of Bailey County, Texas, at its April 14th Term, 1924, to view and establish a First class Road from the N. E. corner of Labor No. 15 in No. 6 in League 209 Deaf Smith County School lands running West to the S. E. Corner of Labor No. 18 in League 177 Motley County School land, and having been duly sworn as the law directs, hereby give notice that we will on the 31st day of May, 1924, assemble at the beginning point of said road and thence proceed to survey, locate, view, mark out and establish said road, beginning at the N. W. corner of Labor No. 15, the same being the S. W. corner of Labor No. 6 in League No. 209 Deaf Smith County School lands; thence West on the same labor line across Leagues Nos. 201 Roberts County School Land; thence West on the same labor line across League No. 193 Foard County School land; thence West on the same labor line across League No. 186 Swisher County School land to the S. E. corner of Labor No. 10, and the N. E. corner of Labor No. 11 in League No. 177, Motley County School land; thence West with the labor line between Labors 10 and 11, 9 and 12 to the N. W. corner of Labor No. 12 in said Motley County School League No. 177; thence south with the labor line between Labors Nos. 12 and 13 and 18

and 18 and 19 in League No. 177 Motley County School land to the S. E. corner of Labor 18 in said League 177 Motley County School land.

It being understood that E. W. Miller has reserved the land for road purposes along practically the entire route of this road and the intent and purport of this petition being to have the Commissioners' Court legalize it by declaring said road fully established as a public road.

And we do hereby notify W. R. Young, J. L. Dow, Jim Patterson, J. R. Odom, C. M. Elder, Dave and C. S. Graves, O. C. Essary, E. E. Lee, E. B. Spalce, H. E. Spelce, M. E. Luttrell, F. W. Walker, L. D. Walker, J. O. Finley, F. J. McKinzie, W. E. Hughes, M. J. Bashara, M. J. Thresher, G. W. Wallace, I. G. Berry, C. L. Gilreath and Zeb Payne and any and all persons owning lands through which said road may run, that we will at the same time proceed to assess the damages incidental to the opening and establishment of said road, when they may, either in person or by agent or attorney, present to us a written statement of the amount of damages, if any, claimed by them.

Witness our hands, this 30th day of April, A. D. 1924.

A CURE FOR THE EPIZOOTIC!

Satisfactory Results From Vaccine Discovered in Germany.

BERLIN.—The German government, through Dr. Wiemann, counselor of the department of agriculture, announces a vaccine that has given satisfactory results in the treatment of the hoof and mouth disease affecting cattle.

At the same time, Prof. Paul Frosch of the Berlin veterinary college, gave details regarding the discovery and isolation of the hoof and mouth disease germ, through which he is working now to breed germs and make another vaccine better than the present one.

The present vaccine is manufactured by the government on an island in the Baltic Sea, because the virulence of the disease requires precautions.

Dr. Wiemann declares the vaccine has been very successful in Germany, less than 1 per cent of affected animals given the serum dying. However, Dr. Wiemann emphasizes the fact the hoof and mouth disease has been prevalent in Germany for two hundred years and has about worn out. For this reason, Dr. Wiemann does not know whether the German vaccine would work as successfully in England and America, where the disease frequently is most virulent.

W. G. Kennedy, of Hurley, candidate for County Judge, was in town Wednesday.

Novel Knitted Suits

Make Their Entry

Along with other suits, the newest aspirant for favor presents itself in the season's distinctive styles. It is the knitted suit and is shown herewith in a dark color, with a decoration in a light color, knitted in on the coat and bottom of the skirt. Stylists predict the success of these pretty suits.

CITATION BY PUBLICATION.

THE STATE OF TEXAS.
To the Sheriff or Any Constable of Bailey County, GREETING:

You are hereby commanded to summon J. D. Berry, W. L. Thayer, G. W. McMillion, Mrs. G. W. McMillion, L. B. Minor, and the unknown heirs and legal representatives of each of such named persons, by making publication of this citation once in each week for four consecutive weeks, previous to the return day hereof, in some newspaper, published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Bailey County, Texas, to be holden at the Court House thereof, in the town of Muleshoe, on the Second Monday in June, A. D. 1924, the same being the 9th day of June, A. D. 1924, then and there to answer a petition filed in said court on the 19th day of April, A. D. 1924, in a suit numbered on the docket of said Court Number 73, wherein M. E. Thrasher is plaintiff and J. D. Berry, W. L. Thayer, G. W. McMillion, Mrs. G. W. McMillion, L. B. Minor and the unknown heirs and legal representatives of each of such named persons are defendants; said petition alleging that on April 1, 1924, plaintiff was lawfully seized and possessed of the following described lot, tract and parcel of land, situated in Bailey County, Texas, and particularly described as Sub-divisions 14 and 15 of League No. 193 of the Foard County School Lands, located in said county, according to the sub-division made by said County and recorded in Vol. 5 at page 191, of the Deed Records of Bailey County, Texas. That on said date defendants and each of them entered upon the said lands and ejected plaintiff therefrom and now withhold the possession thereof. Plaintiff further alleges a chain of title from the State of Texas to himself, through various deeds and that he is the owner and entitled to the possession of said land. Plaintiff further pleads specifically, that he has had and held possession of said tract of land, under color of title from the State of Texas, with peaceable, continuous and adverse possession for a period of more than three years, and that he has likewise held such possession for a period of more than five years, paying taxes thereon and that he has likewise had such peaceable, and adverse possession for more than ten years, enjoying and using the same so as to mature title under the three, five and ten years statutes of limitations. Plaintiff prays for title and possession of said lands, that his title be quieted and that any and all claims, interest or estate in said lands had or claimed by defendant be divested.

New Foundland Government Again to Change.

St. Johns, N. F.—The Hon. William Warren, Premier of New Foundland, whose government has been defeated by a vote in the legislature. This action followed the recent indictment of former Premier Richard Squires and others of his government on the charge of alleged larceny of government funds. Members of the legislature supporting Sir Richard succeeded in bringing about the defeat of the Warren government.

"BRING 'EM ON" SAYS HANGMAN.

AMITE, La.—A little old man, gray and bowed, pulled the trigger that shot six men into eternity. His victims were six Italians doomed to be hanged by the State of Louisiana for murdering Dallas Calmes at Independence, La.

Prior to the executions he sat beneath the gallows and with legs crossed, talked of his work to the few who were allowed to be around him. His face was partly hidden by a black mask in order to conceal his identity.

"Ten men have I handled," he said, "and people do not know me yet. They must not know for my family would not like it."

"These overalls are my working clothes. You should see me all dressed up and ready for church on Sunday. You would not know me."

The death march was about to begin. The little old man spat into the sawdust and began working his death lever.

"All right, let's go," he announced, "bring 'em on."
