HICO, TEXAS FRIDAY, JANUARY 12, 1968

NUMBER 38.

First National Assets 11-Time Record High

Assets of Hico First National hit an all-time high with the controller of Currency call as December 31, 1967.

Total assets of the institution reached a record \$2,908,360.67, according to Edgar Bulloch, cashier.

Figure reflects the continued growth of the institution back to 1957, or for the past 11 years when a gain was made with corresponding call except in 1966 when a slight decrease was noted from the previous year.

Records revealed the following financial condition of First National, 1957 through 1967:

1957	\$1,804,498.46
1958	\$1,865,533.19
1959	\$2,056,507.34
1960	\$2,066,992.18
1961	\$2,102,157.10
1962	\$2,168,402.20
1963	\$2,205,622.89
1964	\$2,313,270.22
1965	\$2,785,683.52
1966	\$2,664,630.17
1967	\$2,908,360.67

The growth is reflected by the fact that each of the 11 years, except 1966 showed an increase over the previous year.

Mrs. Odie Petsick is president of First National, Ellis Randals is vice-president, and Edgar Bulloch is cashier.

P-TA MEETING HERE THIS MONTH

A. Leaverton Seeking Full Term County Attorney

The Voters of Hamilton County, Texas, will acknowledge my gratitude for your kindness in electing me your County Attorney for the second term of Mr. John O'Neil. I have tried to show my appreciation by giving my best service to the office. I have been diligent in rendering service as legal advisor to our Commissioners' Court and the officers of the County, and I have strived to be successful in serving as an effective prosecutor in endeavor to assist other officers in giving protection to citizenship and their property in securing for our county a fair and law-abiding community. I am again announcing my candidacy for the office of County Attorney in Hamilton County subject to the action of the Democratic Party. I trust you will see fit to support me for a full term. I respectfully solicit your vote and support for that second term.

A. LEAVERTON (Paid Pol. Adv.)

Review Club Will Sponsor Art Show January 18 at Bank

The Review Club will meet in the Hospitality Room at First National Bank Thursday, January 18, when a creative art demonstration will be given by a guest artist.

On exhibit in the bank lobby will be creative art work of students of Hico Public Schools. Also art work will be done by students from Mrs. E. B. Fellers' art class.

Hostesses for the occasion will be Mrs. J. E. Lincoln, Mrs. Odie Petsick, Mrs. Edgar Bulloch, and Mrs. Ellis Randals.

FORMER RESIDENT DIES IN SPRINGFIELD, MISSOURI

Edgar V. Hawes of Springfield, Mo., former Hico resident, died December 28 in a Springfield hospital where he had been a patient for a month. Funeral services were held in Springfield January 2.

Mr. Hawes was a brother of Mrs. Lillie Stanford of Hico, and was the oldest son of the late Dr. V. Hawes, early-day dentist here.

Mr. and Mrs. Ed Pettitt of Stephenville visited last weekend with her parents, Mr. and Mrs. Hershall Sherrard.

Stephenville Couple Parents of First Baby Born in Hico in 1968

Charles Wayne Gilleland was the first arrival in Hico City Hospital in 1968. The young man, son of Mr. and Mrs. Bob Gilleland of Stephenville, arrived January 3 and tipped the scales at eight pounds.

Dr. B. C. Dayton was attending physician.

Mr. and Mrs. Don McGhee of Stephenville are parents of a four pound, five ounce son, Michael Dion, who made his arrival at Hico City Hospital January 5.

Cynthia Dianne Hash was the first little girl born in the local hospital in 1968. She made her arrival January 5 weighing six pounds and six ounces. Her parents are Mr. and Mrs. H. D. Hash Jr. of Stephenville.

Social Security Rep Re-Schedules Visit Here Next Tuesday, Jan. 16

Due to weather conditions and impassable highways, the representative from the Temple Social Security office was unable to be in Hico Tuesday of this week as was scheduled.

A representative from the office will be in Hico next Tuesday, Jan. 16, at Hico City Hall, from 9:30 until 12 noon for persons who wish to apply for Social Security benefits or wish to obtain information about the program.

HOME ON LEAVE

Specialist 4 Jimmy Luckie arrived in Hico January 5 for a two-week leave with his mother, Mrs. Essie Luckie, and other relatives. Specialist Luckie has been stationed at Fort Campbell, Ky. and will report back for duty January 17.

Tax Officer Will Make Last Visit

Mrs. Pearl Williams, County Tax Assessor-Collector, will make her annual January visit to Hico and Carlton next Wednesday and Thursday, January 17 and 18.

She will be in Carlton on Jan. 17 from 9 until 11 a.m., and in Hico the following day, January 18 from 8:30 a.m. to 1 p.m.

This will be the last visit of the tax officer before the January 31 deadline for paying taxes.

Mrs. Williams said she would also be taking voter registrations during her visits.

State-Wide Registration Campaign Underway

This week marked the opening of a statewide newspaper campaign organized by Secretary of State John L. Hill to promote voter registration in Texas.

One feature of the registration drive is the publication of an application form which voters may cut out and mail to the county tax assessor-collector, who acts as the registrar of voters. The form is printed on page one of this week's paper, and publication will be repeated each week during January. The deadline for registration is January 31.

Hill has organized the registration drive in his capacity as chief election officer of the state, a title which the Texas Legislature conferred on the Secretary of State last year, along with placing upon him important new responsibilities in the administration of the state's election laws. In commenting on the drive, Hill said that one of his purposes is to publicize new laws affecting voting rights, which otherwise might go unnoticed by the average citizen.

One of the new laws enacted in 1967 makes registration necessary, for the first time in Texas history, for persons over 60 years old who live in rural communities and towns under 10,000 population. Heretofore, persons over 60 were required to register only if they lived in a city having more than 10,000 inhabitants. Many tax assessor-collectors have expressed a fear that lack of information concerning this new requirement will bring out disfranchisement of many elderly voters through their failure to register.

In order to vote in statewide elections, a person must meet the following qualifications on the day of the election: he must be over 21 years old and must be a citizen of the United States; he must have resided in Texas for one year immediately preceding the election; and he must have registered for the voting year in which the election is held. In order to vote in local elections (county, school, city etc.) he must also have resided in the county for six months immediately preceding the election. Residence in the city for six months is required for voting in a city election.

Texas voters must register annually. The 1968 voting year will begin on March 1, and will end on February 28, 1969. The registration period for the 1968 voting year began last October and will end on January 31. Any citizen of Texas who now possesses the necessary qualifications for voting or who will attain them by February 28, 1969, may register during the current registration period.

Except for three limited classes of voters, all persons wishing to vote at any time during the 1968 voting year must register by the January 31 deadline, even though they may not yet possess full qualifications for voting. The only registration permitted after Jan. 31 is (1) by persons who move into Texas after Oct. 1, 1967, (2) by persons who become 21 years old after Jan. 31, 1968, and (3) by former aliens who are naturalized

after Jan. 31, 1968. The first and second classes may also register during the regular period. Registration certificates issued to persons not yet qualified to vote are marked to show the date on which they will become qualified.

Any person eligible to register may apply for registration by mailing an application form to the county tax assessor of the county of his residence. Registration certificates will be mailed before the beginning of the voting year on March 1 to persons who apply by mail.

Voters may also register by applying in person at the county tax office, or at a registration sub-station.

The husband, wife, father, mother, son, or daughter of a voter may act as the voter's agent in applying for registration if the relative is a qualified voter in the same county. Except for these listed relatives, which do not include those related by marriage, no one may act as agent for another in applying for registration.

Voters who have not already applied for registration are urged to cut out the application form which appears on this page, fill in all blanks, and mail it to the County Tax Assessor-Collector, Mrs. Pearl B. Williams.

Subscription Renewal Notices Will No Longer Be Sent

With increasing costs in all phases of publishing your home newspaper, the management regrets that effective this date, subscription renewal notices will no longer be sent out.

This move is being made in an effort to maintain the present subscription rates—for how long, we don't know.

For the past ten years, subscribers received a "Friendly Reminder" card approximately one week before expiration of the subscription, and when post cards were one cent each, the cards were relatively small. But with the gradual increase to the present five cents, the cost has cut all profit out of an otherwise close margin to start with.

Not only the cost of post card stock, but postage to mail your paper each week also advanced—by a 24 percent margin.

In the future, all subscribers are asked to look at their address label which carries the expiration date. Papers will be mailed to each for one week after expiration, and then will be discontinued if remittance is not received. Postal regulations will not permit any publication to carry delinquent subscribers for any length of time over that period.

The figures at the end of your name is your expiration date. For example:

"John Doe 1-12-68."

The above shows that John Doe's subscription will expire the 12th day of January, 1968. The date means that the subscription would be continued only one week after expiration date.

Understanding and cooperation of everyone concerned will be greatly appreciated.

TRAFFIC SLOWED, SCHOOLS CLOSED

City Slips and Slides as Area Hit By Year's Worst Weather

Hico area residents shivered and shook, along with most other areas of the state this past weekend, when the first real blast of winter weather hit the state.

W. R. Hampton, local weather observer for the U.S. Climatological Service, recorded a low temperature of 11 degrees during the six-day period beginning January 4 through January 9. The low readings came Sunday, January 7. Other low readings during the period were recorded as follows: Jan. 4, 30 de-

grees; Jan. 5, 34; Jan. 6, 27; Jan. 8, 19; and Jan. 9, 28 degrees.

Sleet and freezing rain began coating the area before dawn Monday as temperatures dropped.

The hazardous weather created burst water pipes, forced schools to close Monday, Tuesday and Wednesday, and slowed traffic practically to a standstill Monday, but when the thaw set in Tuesday, residents began to stir.

Driving conditions were still extremely hazardous Tuesday and

Wednesday, especially on less-traveled rural roads.

Supt. O. C. Cook ordered the local schools to close due to the dangerous driving conditions, with many country roads impassable Monday, and isolated areas were still in hazardous condition Tuesday and Wednesday morning.

Hampton, who is also City Water and Street Superintendent, said no breaks were noted in city water mains, as were reported in many towns in this area.

Flu Bug Will Get You If You Don't Watch Out

The flu bug will get you if you don't watch out," and he did get local people the past week in Hico Hospital was filled to capacity, and has been for several days.

The sniffle and the croak of a throat was part of the drawl as well as in other parts of the state, but State Health officials predicted the bug had just about its peak and should start on the decline.

Many cities were in epidemic proportions with the flu and virus infections, and schools over Texas were forced to dismiss classes due to high absenteeisms. But local schools fared better than most with absenteeism being low.

Most Hico flu patients were being treated at home because the hospital was unable to handle all of the cases and local physicians were kept busy around the clock attending stricken residents.

City Health Officer Dr. B. C. Dayton said the Hico area was not hard hit by flu as many surrounding towns, and he credited this part to so many local residents being vaccinated. He stated that the local clinic had not been seen as many flu patients the past few days, but said that this could be due to the bad weather and

hazardous driving and walking conditions, and residents are calling in rather than venturing out in the cold.

are having real winter weather this writing, the first real weather we've had this year. The Hamilton radio station reported nine degrees Sunday and our thermometer showed about 7:30 a.m. Others here had 10 degrees.

Ruth Cunningham's water was frozen, the first time it had been since she has lived at her present home, since 1964. But we learned Sunday that some of the packing at the back of the pump house had got out of place and let cold air in on pressure tank and it was frozen. We used hot water to try to thaw out the lead line to the house but failed, and got H. O. Richardson, who used more hot water which got it going.

It's really a problem to be without water.

Mrs. Charles Price had their booster pump freeze and burst some housing. E. M. Hoover and Mr. Richardson went over and got numbers of broken parts and called Mr. Price at Austin, who will bring them up as soon as weather will permit. In the meantime the wind was blowing enough to run the windmill and the men folks helped carry a supply of water.

We were sorry to learn of the frightful experience of the Herman Dardens of Cleburne about midnight last Friday. The account of their frightful experience, as given in the Fort Worth Star-Telegram, read:

Calvin H. Scott, 24, negro of Itasca, was charged in Cleburne Saturday in the kidnapping and robbery of a Kimbell Milling Co. truck driver. He was being held in lieu of \$20,000 bond.

The driver, Herman M. Derden, 52, and his wife, were held hostage about two hours before six law enforcement agencies came to their rescue early Saturday morning. Neither were injured. Derden, former Cleburne policeman, said he was abducted at gun point about midnight last Friday when he stopped in Alvarado to help what he thought to be a distressed motorist. The negro man jumped into Derden's truck and pointed a 32 caliber revolver at him and said "I'll run the show from here." Derden said he was forced at gun point to call his wife in Cleburne and have her meet them at a remote area near Joshua with \$200 and his 22 caliber rifle. When they met, Mrs. Derden had the rifle, but said she had no money, but knew where she could get some. Derden was

then forced into the trunk of a car, and Mrs. Derden was told to return to Cleburne and get the money. When she got home she called the Cleburne police, who notified sheriff's departments in Tarrant and Johnson counties, and Burleson and Fort Worth police and the highway patrol.

Mrs. Derden is the former Miss Dorothy Duncan of Fairy, daughter of Mrs. Olga Duncan and the late Mr. Duncan of Fairy, and a niece of Atwell Duncan of Hamilton. Friends and acquaintances here of the Dardens were sorry to learn of their frightful experience, but so glad to learn they were not harmed.

Regular church services were held Sunday at the Church of Christ and Baptist Church. So many of the Methodist members were ill they did not try to meet.

Members of the Walter Abel family, Ovie Clarks, Carl Kings, and others have been ill of colds and flu. Hope all are much improved by now.

Mr. and Mrs. C. A. Bullard went to Arlington to spend the weekend with their son, Mr. and Mrs. Don Bullard, Mark and Donna. The norther blew in and the news cast reported the low degree temperatures for the night and they decided they had better come home to take care of their water system, and did find the line leading from the pressure tank frozen, but thawed it up with hot water and were really glad they came on in.

Our school kiddos are enjoying another short vacation due to the severe weather.

It will be remembered by some that we had a 6 to 8 inch snow the week of Jan. 15-18, 1964, and what transportation was done in

these parts for a few days was by tractor. Our late husband, Cabert Daniel, was buried on the 15th, and Mrs. Hanes of Jonesboro, mother of Frank Hanes of Pottsville, was buried on Friday or Saturday of that week, and the ground was covered with snow.

Mr. and Mrs. Carl Ray Sellers and Janice spent Saturday in Grand Prairie visiting their son, Mr. and Mrs. Jimmy Don Sellers.

Mr. and Mrs. Marvin Porterfield and Billy had as New Year's Eve dinner guests, Minister and Mrs. Herman Beauchamp and Mr. and Mrs. Syl Dyer and Sylvia of Hamilton.

Mrs. Mignon Anderson had her two daughters and families home the New Year weekend. Present were Mr. and Mrs. Harlon Guinn and family of Bastrop and Mr. and Mrs. Sammy Cresteno of Dallas. All enjoyed a turkey dinner. They also visited Mr. and Mrs. Edward Guinn and family.

The cemetery annual report given in the paper last week was that of the Fairy Cemetery. Since our news was somewhat scattered by the bowling and game warden news being put in the middle we hope the readers recognized it and got it placed together.

We received a card from Mrs. Rilla Thompson of Odessa last week informing us that her brother, Rufe Burnett of Hico, who was recently transferred from Hico Hospital to Freer Hospital, room 111 at Freer, Texas 78357, has had pneumonia since his arrival there but was better at that writing.

Mrs. Doty of Cleburne is visiting in the home of her daughter, Mr. and Mrs. Lee Prater. She has been very poorly since receiving a broken arm some time back.

Minister Marvin Porterfield filled an appointment at the Bangs Church of Christ Sunday.

Mr. and Mrs. Tommie Pitts of Hamilton and Mrs. Ruth Cunningham were luncheon guests Sunday in the home of her brother, Mr. and Mrs. Raymond Cunningham.

We learned today that George Duncan of Long Island, N.Y. visited here a short while last week with the H. O. Richardsons. Sorry most of us missed seeing him.

Several from here attended funeral services for Mrs. Frank Allen at Hico last Friday.

Funeral services for Mr. Royce Hall were held at Fairy Baptist Church Wednesday afternoon of last week. A very good crowd attended despite so many in the community being ill of the flu and colds.

We were sorry to learn of the death of Miss Mary Frances Cantrell of Hamilton, Miss Cantrell, 99, had received the prize in the parades the past few years as being the oldest participant. She was an aunt of Mrs. A. D. Bollier and Sam Hubbard of Hamilton. We extend sympathy to her and other relatives.

Also very sorry to learn of the untimely death of Mr. Jim Meeks of Hico, who passed away suddenly at his home. Deepest sympathy is extended to his wife and other relatives.

Weather permitting, the regular second Sunday singing will be held at Lund Valley Baptist Church Sunday from 2 until 4 p.m.

The regular Saturday night singing at Duffau, which was postponed during the holidays is scheduled to be held this Saturday night. All have a special invitation to attend

these singings. Monday night, Jan. 15, is the regular monthly singing to be held at the Bethel Methodist Church, located between Aleman and Ireland.

Our weather is still pretty rough Tuesday. We remember quite well, it is just about the same as 19 years ago, Jan. 9, 1949.

Most everyone is having to stay at home this bad weather. We hope to have some sunshine soon.

Fractured 'Philosophy...

By J. Rayford Wooton

"Nobody Told Me"

So I'm accused. I plead innocent by reason of stupidity. An ice truck hauls ice, and an oil truck hauls oil, so now was I supposed to know that dump trucks don't haul dump, or that a parakeet (pair-a-keet) was not two somethings called keet. How was I to know, nobody ever told me? Now that there are 200,000,000 of us, I've got lots of company, 'cause I'll bet there is something that you don't know either. You may be smarter than me, but I ain't never met nobody who knows everything. My old high school professor always said, "Remember everyone is your superior in something." I have tried hard to not forget this, so I give you credit for being smarter, and better at some things than I am, but turn the situation around, or wear the shoe on the other foot.

What are some of the things you think may stump, or baffle the great intellectuals, not only the 200,000,000 of us in the U.S.A., but throughout the world? Why is it that no one has yet solved the evil, and hate of man toward his fellowman? Why can't man, with all his acquired knowledge, learn to live with his neighbor peacefully? Why do we have to establish boundaries and decree that our neighbor cannot cross over this imaginary line, without trespassing on our rights?

Suppose the wind, the rain, or the flight of a bird or butterfly were destrained to imaginary lines set by the selfishness and greed of man. God did not so ordain in His Creation, then why do we, the creature made in the likeness of our Creator, behave in any such manner? Don't misunderstand my statement. I do not advocate that all men should share all things in common. This would completely destroy the initiative of some to do for themselves, but I do believe God intended that if I were privileged to be the caretaker of a rose garden, my neighbor should be privileged to share the beauty of the roses. Man does not want to own the world; he just wants what joins him. His greed is never satisfied. We strive to get the material possessions, and in our struggle, we get ulcers, calloused conscience, and a maladjusted personality. Whatever we have gained in the way of this world's wealth, whom do you suppose will claim title to what we call ours one hundred years from now? You can't take it with you, so why deny your neighbor's privilege?

Some other things man has not learned yet, regardless of how smart he may think he is are simple but beautiful expressions of response when we are in harmony with nature. We keep forgetting we are a part of the balance of "Things." In our forgetfulness we have destroyed more of the balance as it was planned than all other destructive forces that have ever been known. Instead of our allotted time on this earth being devoted to the betterment of our natural resources, we are guilty of depleting all we can for a moment's gain. The Bible asks the direct question, "Will a man rob God?" We not only rob God of the continued beauty of fulfillment on this earth, but we

Funeral Services Held Friday, January 5 For Virgel F. Martin, 55

Virgel Floyd Martin of Iredell passed away at 12:10 a.m. Thursday, January 4 in Hico City Hospital. He was 55.

Funeral services were held at 2 p.m. Friday in Barrow-Rutledge Funeral Chapel, with Minister T. R. Beck officiating. Burial was in Duffau Cemetery.

Mr. Martin was born in Erath County and had lived in Iredell since 1933. He was in the ranching and cattle business. He was a member of the Church of Christ.

Surviving are his wife, Mrs. Dell Martin of Iredell; four sisters, Mrs. Jewel Hatler and Mrs. Josephine Spears of Stephenville, Mrs. Ruby Kesse of Abilene and Mrs. Maurine Lepage of Stockton, Calif.; and one brother, William C. Martin of Stephenville.

are robbing future generations of their rightful heiritage.

God gave us Eden, but man made it a bramble patch. God gave us beauty, but man destroyed this for his immediate gain, without regard to the inevitable results. God gave us love, but man replaced this with hate and greed. God gave us equality, but man has used every persuasive method he could devise to trample his weaker fellow under foot. God gave us redemption, but such a relative few have accepted His gift. How long will a devine and benevolent Creator permit selfish man to trample and rend that which He gave for all mankind? Why doesn't man in all his reasoning understand the simplicity of his life and purpose on this earth? I don't know, I'm stupid—nobody has ever told me! How about you? Nobody told you either!

Friday Rites Conducted For Mrs. Frank Allen, Longtime Resident

Funeral services were held at 10:30 a.m. last Friday in First Baptist Church for Mrs. Lydia Ann Allen, 75, who passed away at 2 a.m. Thursday, Jan. 4 in Hico Nursing Home. Rev. R. E. Tatum officiated, with burial in Hico Cemetery.

Mrs. Allen was born in Rising Star, and was a long-time resident of the Hico area. She was married to the late Frank Allen, who died last August. She was a member of Hico First Baptist Church.

Survivors are one daughter, Mrs. Margaret Chaney of Clifton; two sons, Frank C. Allen of Fort Worth, and James O. Allen of Roscoe; two sisters, Mrs. Jud Masengale and Mrs. Hobart Proffitt of Hico; five brothers, Tom Parkler of Dallas, John Parker of Waco, Jess Parker of Odessa, and Will Parker and Hardy Parker, both of Hico; four grandchildren, and one great-grandchild.

James H. (Jim) Meeks Dies Monday; Funeral Services Held Tuesday

James Harrison (Jim) Meeks passed away at his home here Monday morning. He was 77.

Funeral services were held at 2 o'clock Tuesday afternoon in the Barrow-Rutledge Funeral Chapel, conducted by Rev. Hubert Taylor.

Burial was in Hico Cemetery. Mr. Meeks was a retired farmer. He was born in Bell County and was a longtime resident of the Hico area. He had lived in Hico the past two years. He was a member of the First Methodist Church.

Survivors include his wife, Mrs.

Carlton Community News

by MRS. FRED GEYE

Mr. and Mrs. Lynn Harbour visited during the holidays with relatives, her parents, Mr. and Mrs. R. A. Broadway in Nixon, and with her sisters and husbands, Mr. and Mrs. James West, Shirley and Jane in Corpus Christi, and Rev. and Mrs. Leon D. Brown in LaFeria.

Mr. and Mrs. Jess Reeves visited Christmas Day in Pampa with his seriously ill brother, Graham Reeves and family, and in Amarillo with his sister and husband, Mr. and Mrs. Charles Cousins, and his brother and wife, Mr. and Mrs. Jack Reeves.

In my news last week, I omitted as Christmas Day visitors in my home, a grandson and wife, Mr. and Mrs. Freddie Self and Misti of Carlton.

There was no school in Carlton last week due to so much illness.

Visitors during the holidays with their parents, Mr. and Mrs. Lynn Harbour, were their son and daughter, Mr. and Mrs. Wayne Harbour, Denn's and Melinda of Garland, and Mr. and Mrs. Frank Prindle, Bruce

and Renee of Frost, also Mr. and Mrs. Oscar Buffe of Indian Gap and Mr. and Mrs. Al Brooks of Austin.

Mr. and Mrs. Edwin Ellison of Mission visited Tuesday with Mrs. Fred Geye. He is the son of Mr. and Mrs. Mack Ellison of Crosbyton, formerly of Carlton.

Mrs. Joe Austin and two daughters of San Antonio are visiting her mother, Mrs. Dock Kerley and other relatives.

Paul Warren and daughter, Carrie Susan of Dublin visited Saturday with her grandmother, Mrs. Fred Geye.

SON FOR ROSS

Mr. and Mrs. Robert E. Ross have announced the arrival of a son, Robert Earl Ross Jr., who made his arrival December 27 in a Harley, New Mexico hospital. The young man and his parents will be in Hico next week visiting his grandparents, Mr. and Mrs. Watt Ross.

Buy Bonds where you work.

He does.

Do our servicemen buy U.S. Savings Bonds? Their reason is the same as yours: an intelligent saving for the future, supporting freedom. And because they're fighting for freedom, too, many servicemen use the bond more clearly than many of us. Buy Bonds. In more than one way, it makes you feel good.

New Freedom Shares
Now, when you join the Payroll Savings Plan or the Bond-a-Month Plan, you are eligible to purchase the new type U. S.

Star-Spangled nest egg

If you're like most Americans, you probably intend to use your Savings Bonds as a down payment on a house, to help send a child to college or otherwise upgrade your standard of living.

You don't need to feel one whit less patriotic because of this.

The fact that you and tens of millions of other Americans buy and hold U.S. Savings Bonds helps Uncle Sam manage his financial affairs better and puts him in a position to be a stronger voice and a stronger power in the free world.

And the fact that you and these other millions of Americans have accumulated the savings you have—47 billions in E and H Savings Bonds alone—is one of the reasons why Americans are financially strong and reliant. And their individual strength is the strength of the nation.

When the communists make one of their favorite statements—that they're going to "bury us" economically—your savings and your support of your country are mighty powerful answers. Keep building both with U.S. Savings Bonds.

Quick facts about U.S. Savings Bonds

- You get \$4 for every \$3 at maturity
- You can get your money when you need it
- Your Bonds are replaced free if lost, destroyed, or stolen
- You can buy Bonds where you work or bank

Hico Club Participating in TFWC Project, Friendship Garden

Hico Review Club is participating in the promotion of International Friendship Garden, sponsored by Texas Federation of Women's

in 1965 at the State Convention TFWC, members voted to sponsor an International Friendship Garden, similar to the only known Friendship Garden in the world, located on the U.S.-Canada border and supported by the U.S. Congress and the Canadian Parliament and civic organizations including the General Federation of Women's Clubs. The proposed garden is to be located on the Rio Grande Valley of Texas bordering with Mexico.

A survey was made of possible sites. Brownsville, Texas was selected and contributed land valued at more than \$200,000.

The State Legislature appropriated \$125,000 for the project, on a matching fund basis of TFWC. The organization has a large number of projects in trying to do their part. It is hoped that funds will be available and the project will be completed during the 6 months of Hemisfair in San Antonio.

The Pavilion will be a 28,000 square foot circular type building with flags from the countries of the Western Hemisphere will fly from its top. It will house permanent exhibits from the countries of the Western Hemisphere; will have an auditorium that will seat 1,000 people; have meeting rooms; catering kitchen; office space and rest rooms. It will be available for all types of international meetings and will be of tremendous importance in retaining and enhancing mutual understanding, cooperation and friendship among the people of the Western Hemisphere.

The Hico organization is participating in the project with contributions of Green Stamp books and cash given by each member. Actual work on the project will begin when TFWC match the \$125,000 appropriation by the State Legislature. The deadline is August 31.

Mrs. Barr is Hostess At First 1968 Meeting Of Clairette HD Club

Mrs. C. E. Barr was hostess to the Clairette Home Demonstration Club members in the first meeting of 1968, at the Recreation Building January 5. Prayer was offered by Mrs. George Loden, and the group sang "Help Somebody Today." For recreation the hostess gave a jumbled word contest. Mrs. Johnson gave the most correct answers, and Mrs. Edwards was lucky lady. Roll call was answered with waist measurements.

Mrs. Loden gave the Council report. Mrs. Barr was the club's nominee for the district meeting in March.

New club officers for this year are: President, Mrs. C. E. Barr; vice-president, Mrs. George Loden; secretary-treasurer, Mrs. Frank Johnson; Council Delegate, Mrs. R. B. McClure; reporter, Mrs. John Willis; parliamentarian, Mrs. Hub Alexander.

Mrs. Barr appointed committees for this year, and plans were made for helping serve food at the Hereford sale at Stephenville.

Mrs. Johnson gave a very interesting program on food and your weight, giving a bulletin on foods and calories. Mrs. Barr served refreshments to those present.

Mr. and Mrs. R. T. Simpson visited Monday and Tuesday in Fort Worth with their son and family, Mr. and Mrs. Earl Simpson and children. Gary, Randy, Kathryn and Paul Simpson returned to their home after a week's visit here with their grandparents.

On the Home Range

Cheese has been a popular food for thousands of years. European colonists brought to our country their wonderful methods of making cheese.

Most of the popular varieties that originated in Europe are produced in the United States and are available in many retail food stores. Many cheeses still bear the name of their place of origin. For example, Parmesan cheese originated in Parma, Italy. Cheddar in Cheddar, England, etc.

All cheese starts with the basic ingredient—milk. It takes about 10 pounds of milk to make one pound of cheese, so cheese is a concentrated source of most of the nutrients found in milk.

The distinctive flavor, body and texture of cheeses are due to the kind of milk used, the method used for curdling the milk and for cut-

ting, cooking, and forming the curd, the type of bacteria or molds used in ripening, the amount of salt or other seasoning added and the conditions of ripening such as temperature, humidity and length of time.

Although American cheddar is the most popular cheese in the United States, there are many other cheeses from which to choose. Choice of cheese usually is a matter of individual or family preference and intended use.

If cheese is wrapped well to exclude air, it can be kept in the refrigerator for several weeks. If mold should develop it is easily removed and does not affect the taste of the cheese.

For best flavor you should remove cheese from the refrigerator about a half hour before serving. Cut off only what you will use; wrap and return the remainder to the refrigerator. Cheese that has been kept too long and becomes dry can be grated and used for flavoring.

GUESTS FROM ARIZONA

Mr. and Mrs. Earl Thomason of Casa Grande, Arizona were after-Christmas holiday visitors here with Mr. and Mrs. Cecil Segrest, Misses Loraine and Lucille Segrest, and Kal Segrest. They also visited friends at Bluff Dale and Morgan Mill where they resided several years ago.

Jimmie Cheek spent last Tuesday and Wednesday here visiting in the home of Mr. and Mrs. Jim D. Wright, Mrs. S. J. Cheek, and Mr. and Mrs. Tyrus King. He was enroute to Texas A&M University to resume his studies after a holiday visit in Virginia Beach, Va. with his parents, Mr. and Mrs. Geary Cheek and Janice.

Miss Cheryl Baley of Fort Worth spent last weekend here with her family, Mr. and Mrs. Charles Baley, Jeannie and Chuck.

CARD OF THANKS

I should like to use this card of thanks as my expression of sincere appreciation to Doctors Dayton and Ray for their splendid care, and genuine concern in my emergency surgery. To the nurses, and others who were so kind, may I say thanks for the patient, tender care given me while I was in the hospital. May the Grace of God abide with you all, and may your lives be richly rewarded for the beautiful expression of dedicated service to suffering humanity.

OMAR BURLESON—

Hippie Rebellion Not True Picture of American Youth

Washington, D. C. — A June 6, 1963 column was used last week as a prelude to this one. The subject of more than 4 years ago was about "Squares."

The young folk singer Bobby Dylan sings a song, "Something is Happening in the Land, and You Don't Know What It Is, Do You Mr. Jones?"

The song, of course, is to youthful audiences and the appeal lies in the sarcastic tone needling older people.

Mr. Jones represents the country's "squares," defined as people who have lost an understanding of youth. Anyone past 30 who believes in traditional values is a "Mr. Jones."

What is happening in the land, according to the lyrics, is absolutely without precedent. It portrays the youthful revolt against standards of organized society. It represents the wide range of publicized activity from student sit-ins to draft card burning, from drugs and promiscuousness to anti-Vietnam war demonstrations.

Mr. Jones, it is suggested, can not understand all this because the claimed underlying cause is so alien to his world. What is supposed to be happening springs from new youthful commitment to "love"

as the only thing worthwhile—any kind of love. Nothing else matters. Nothing else is worth living for. Like, man, walking up to a stranger and handing him a flower. It is the greatest.

This seems to be what this and other hippie songs are all about. They are supposed to express the attitude of youth.

Music along Haight Street in the Haight-Ashbury area of San Francisco supposedly assumes that today's youthful rebellion is new. It is not new at all. As every "Mr. Jones" knows from personal experience to some degree or other, youth has been in rebellion since Adam and Eve got kicked out of

the Garden of Eden. The only thing without precedent is the use of hallucinatory drugs—especially LSD and "grass." This, of course, is of alarming and sad concern.

Most of us, if we admit it, had some degree of revolt in our own generation. Maybe booze was the forbidden fruit, carried in hip flasks. Whether used or not, it was a challenge of a sort and outgrown without permanent harm. The concern now is what will happen to kids who repeatedly "blow" their minds with LSD and other drugs.

If the few who so indulge are not permanently harmed, likely they will eventually grow up and be absorbed a constructive members of the society they now scorn. Already there are signs in New York's East Village and in San Francisco's "Hashbury" that the hippie movement may be falling apart as the result of disillusionment, crime, and a weariness of the "fling." Also, it is likely some new kind

of youthful anti-adult movement will, in time, replace it.

The most foolish assumption of the Bobby Dylan song is that it speaks for the whole generation of American youth. From publicity one might think the song is correct, but we do not hear of the tremendous majority of the Nation's youth who get no featured attention as they go about good, normal lives. They are not kicking hard at the traces, but are pulling their weight.

There are more of our dedicated young men fighting for their country in Vietnam than all the hip-

pies, peaceniks and campus troublemakers put together.

The vast majority of kids are conscientious and reasonably adjusted. Because they may "dig" Bob Dylan, the Beatles, the who's off-beat psychedelic scene, they have the sense to avoid being drowned in it. The vast majority look at it for what it is. They know, because they must experience some of the inward feelings but are intelligent enough to control it.

Mr. Jones knows too. He covers quite a bit of that territory himself, and he can remember.

Clairette Community News

By MRS. LUCILE MAYFIELD

Clairette area had ten degree weather early Sunday, followed by rain and sleet, making roads dangerous to travel.

Fieldon Haley underwent surgery at Hico Hospital last week.

We are sorry to report Mrs. J. R. Wolfe ill with the flu.

Mrs. Lucile Mayfield, Herman Roberson, Mrs. Dorothy Reed and Mrs. Cleone Salmon and Mrs. Bobbie Blankenship of Stephenville went to Fort Worth early last week to see their sister and aunt, Mrs. Ora White, who has been seriously

ill in All-Saints Hospital for several days. Mrs. Salmon and Mrs. Mayfield remained in Fort Worth, returning home Friday night.

Due to illness of my sister, and being away for several days, we don't have much news to report.

Rev. Jack Vereen and son of Fort Worth were Sunday dinner guests in the home of Mr. and Mrs. Hub Alexander. Rev. Vereen is new pastor of Clairette Methodist Church, and preached his first sermon here Sunday. Next services at the church will be at 9:30 a.m. Sunday, January 21.

Organization of the Livestock Association resulted from concern over the lack of interest and participation in the local show. The Hamilton Chamber of Commerce, who for years sponsored the show, is giving full support to the Association. The fact that livestock is by far our largest industry, and youth perhaps our greatest resource has prompted the Livestock Association to try to improve the County Show. These efforts will not result in a large increase in numbers this year, but it is felt that the show will be substantially increased in the future.

Primary changes this year will be an increase in premium money. There will also be some changes in classes and other awards. Show catalogues will be available soon.

I would again like to express my appreciation to the Hamilton County Livestock Association members and directors, and to the people of the county who through their generosity are helping to make this year's show a success. Officers are Frank Courtney, president; Elmer Geeslin, vice president; Don Haile, secretary-treasurer. Directors are James Ivey, Pottsville, B. J. Marwitz, Indian Gap, Ed Perkins, Evant, Winford Stregler, Aleman, Willie Perry, Blue Ridge, Ed Black and Edgar Bulloch, Hico.

COW POKES

By Ace Reid

"You said, 'Let's go steal the sheriff's cornfed steer and have a barbecue.' . . . we did and now we ain't gonna git to the barbecue."

Bill Stearman, Fairy, Alton Gromatzky and Pete Jordan, Hamilton.

The show is just over a week away, and a lot of work has gone into preparations. The only thing that is standing in the way of a fine show is "Old Man Weather." Maybe he will get the worst out of the way and give us a nice show day January 19th.

If for some reason we can't have the show on the 19th, it will be re-scheduled, so don't talk about sending in your entries. Stanley Westbrook from Tarleton State College will again judge the County Show.

The new Farmers Tax Guides are available from the County Agent's office.

Tests over a seven year period indicate that gypsum can be used the same as salt to limit feed intake.

In recent tests, one group of cows and calves was given a mixture of one-third salt and two-thirds cottonseed meal. An identical group of animals was put on a mixture of 14 percent gypsum and 86 percent cottonseed meal.

Both groups of cattle ate about the same amount of feed per day and there was no noticeable difference in performance. It took less gypsum than salt, since only half as much was required to control feed intake.

Most cattlemen want their cattle to eat about 2.5 pounds of supple-

ment a day. A mixture of 6 parts supplement to one part of gypsum will limit consumption to about 2.5 pounds a day.

I have received several calls on what the cold weather we have been having will do to the greenbug population. The cold weather has somewhat reduced the activity of this small grain pest and may

have reduced the population slightly. A further reduction in population levels will be possible only if the daily temperatures remain below freezing for several days, with nighttime temperatures ranging in the neighborhood of 10 degrees.

In other words, it is not expected that the cold spells we have been having will cure the greenbug problem.

BERMUDA'S YULETIDE SEASON — The quaint traditions of Old England predominate at this time of year in Bermuda more than any other — but with a delightful difference — the English winter is absent. Brilliant, scarlet poinsettias, which grow throughout the island, contrast with the rugged gothic churches which are themselves a bit of England, but built of Bermuda coral rock rather than British granite. 'Acre-Eater' Gully Can Be Cured of Bad Habits

BY BOMER HARRIS
Hamilton-Coryell SCD

Do you have a hungry gully eating its way across your field or pasture?

The Acre-Eater has a feast every time it rains. The more it rains, the hungrier he is and the more he eats. Brush and trash may give him a little trouble but he always gets them digested.

There's an Acre-Eater south of town that a farmer tried to stop. There was an old house sitting on the bank of this gully, so he took a dozer and pushed it into the acre-eater. Well, that acre-eater enjoyed being hand-fed. Next time it rained he woke up hungry as a bear. He took a big bite, belched a couple of times and that was all of the house. Down the Leon and Bosque rivers it went.

The acre-eater has far reaching effects beyond the soil loss to the Hamilton-Coryell Soil and Water Conservation District. It changes the course of the river, silts up

lakes, and clogs harbors and ports on the Gulf.

The cure for this glutton is a big brute called a bulldozer that loves hard work. The dozer slops the banks and dresses the gully so it can be crossed with a farm tractor. It can help put this monster to sleep forever—just cut off the outside water that comes down the acre-eater, sprig with bermuda grass, and apply fertilizer liberally. Then fence the rascal and you've got him. The reason for fencing is to keep the cow from walking up and down the gully. You know how the old cow likes to take the easiest route. If she does that too much, she'll wake the acre-eater.

Remember, too, that our most productive soils in the Hamilton-Coryell District can't stand water concentrating and running over them. The soil gets itchy feet and down the Leon or Bosque it goes.

Some conservation district cooperators who have cured acre-eaters are Dr. Melvin Johnson, farm lo-

BOWLING ALONG . . .

By RUTH SALMON
League Secretary

The first half of the bowling season ended last week with four teams scrambling for first and second places. The Rebels were the only team that won four points, that being from the Operators, with Buddy Randal's laying aside a 207-570.

Glenn Ross grabbed high series of the night with a 211-585, and Monette Dove rolled a 201 game as their team ended with a 2-2 split with the Shoppers. Ruth Salmon turned in a 222-543, and Morse Ross a 202 game.

The Drifters took three points from the Four K's, with Hubert Taylor pounding out 175-180 games.

The Chokers, using a very good substitute for Jim Bullard, came through for three points over the Drop Outs, with Jack Goodman rolling a 537 series.

F-W Ranch took three points from the Alley Gators, with Derel Fillingim turning a 534 and June Roberson a 519 series.

The Shoppers team, composed of Morse and Shirley Ross and Conda and Ruth Salmon, came through and won first place. The Chokers, composed of Jack and Mary Goodman and Jim and Pauline Bullard, won second place for the first half.

Special trophy awards will be presented for high average to Morse Ross with a 179, and Pat Ross with a 168 average.

High series awards go to Conda Salmon with a 622, and Monette Dove with a 557.

High game trophies go to Paul

cated near Hico; S. I. Pearson, located near Ireland; Lemon Wagner, located near Pottsville; Bill Chumney, farm near West Point, and Felix Broyles, near Evans. Some of these were over 10 feet deep.

Look at the Leon and Bosque Rivers the next time it rains and notice that red muddy color. Is that some of your soil on its way to the Gulf to be lost forever?

If you want to cure the acre-eater contact the Soil Conservation Service. There is also cost-share assistance available through the ASCS office.

Hamilton with a 236, and Ruth Salmon with a 222.
