### Fairy Community News

Easter has come and we had a very pretty day. A little cool Saturday and Sunday but that was at Easter. We had about an inch of rain late Saturday night. A total of .9 inch received here.

Learned early last week of the death of Mrs. Hyacinth Gings of Fort Worth. She was the daughter of the late Arnold Gaston. The Gastons lived in our place in 1912 and 1913. They had three daughters from their first marriage. She was past president of the North Texas Chapter of the American Legion and a member of the First Baptist Church. A native of Cranfills Gap, she had been in a nursing home. She is survived by her mother, Mrs. Jesson of Fort Worth, three sisters, Mrs. Barbara Engert and Mrs. Betty Flanagan of Fort Worth and Mrs. Nancy Sigafus of Flint, Michigan, and six grandchildren.

We received a letter from our niece, Mrs. Evelyn Smith of Brady Saturday informing us of the death of her sister-in-law, Mrs. Artie Enger, whose funeral was held at Brady April 7. Sorry we did not learn of her death in time to attend as all loved her for her many deeds of kindness.

Rev. Bob Ray filled his appointment at the Baptist Church Sunday and he and his family were luncheon guests of Mr. and Mrs. J. C. Braune.

Thanks to all who sent us birthday cards. We received 15 including those with gifts.

Relatives arranged for a birthday party for us Saturday night in the home of our granddaughter, Mr. and Mrs. Wayne Pittman, Karen and Kay of near Stephenville. At-

tending were Mr. and Mrs. D. E. Allison, Mr. and Mrs. Darrell Allison and two children of Dublin, Mr. and Mrs. Carl Ray Sellers of Fairy, Mr. and Mrs. Ray Turner, Keith and Kimberly and Mr. and Mrs. Jimmie Don Sellers, Jayson and Kristi of Arlington. Chips, dips, cheese squares, fresh strawberries, crackers and fruit punch were served along with the birthday cake, which was baked by Mrs. Pittman, being a large loaf type chocolate with chocolate icing with "Happy Birthday, Euna Ma" in yellow. Following refreshments and opening of many nice gifts, Mrs. Pittman entertained us with a return of pictures they made back as far as ten years ago, some of which brought hearty laughs. Only one relative shown in the films is now deceased, Lester Smith of Brady. All enjoyed the occasion very much. D. E. Allison was quite handy with his camera so no telling what we will see next time. Thanks to all for the lovely gifts and making the party possible.

Mr. and Mrs. W. E. Goyne had their two daughters, Mr. and Mrs. Gene Overton and Robby of Fort Worth and Mr. and Mrs. Benny Dowdy and family of Crowley, and their friends, Mr. and Mrs. John Bowman and son of San Antonio with them over the weekend.

Mrs. Ralph Spencer of Austin spent the weekend with her parents, Mr. and Mrs. E. M. Hoover. Mr. and Mrs. Lloyd Bolstad, Glenn and Deanne had lunch with them Sunday and all attended church at Hico.

Sorry to learn that Mrs. Ovie Brummett, who has been off duty from the Iredell school and in the hospital, returned to classes but became ill and had to take off again.

Sorry also to learn that Galen Christian, who was seriously in-

jured in an accident, had to be carried to a Fort Worth hospital after being at home for a few days. We tried to visit him at Hico Hospital but he wasn't having visitors.

Mr. and Mrs. E. M. Hoover and the writer were in Moody Wednesday where we met a cousin, Mrs. Hallie Robinett of Houston in the home of Mrs. C. H. May. Mrs. Robinett also visited her sister, Mrs. Ora Phillips at Temple, returning home Saturday.

Mr. and Mrs. Billy Turner and family and Mr. and Mrs. Ray Botkin and family of Killen visited during the weekend with Mr. and

Mrs. Willie Turner. Also Mr. and Mrs. Ray Turner and family of Arlington spent Saturday night with his parents.

Mr. and Mrs. Ray Turner and family and Mr. and Mrs. Jimmie Don Sellers and family of Arlington spent the holidays with their parents, Mr. and Mrs. Willie Turner and Mr. and Mrs. Carl Ray Sellers and Janice.

Waynand Allison of Baytown came by our home recently and found us gone. We were up at our sisters, Mrs. Hoover for a few minutes. Sorry we missed him. We hear he has gained a few pounds.

Better watch your weight Waynand. Mr. and Mrs. Ernest Seymour and family of Grand Prairie visited during the weekend with her parents, Mr. and Mrs. J. T. Jackson.

The Senior Citizens met last Friday at Hico with 30 present. We were unable to stay long as we had some hands at the cemetery. They were pulling and cutting all flowering weeds in preparation to mowing.

The Senior Citizens will meet again Friday, April 19 at 1:00. All are invited to attend.

Mr. and Mrs. Truett Turner of Fort Worth and Mr. and Mrs. Wel-

don Parks and Becky of Grand Prairie visited during the weekend with their father, T. R. Parks. The Weldon Parks also visited her parents, Mr. and Mrs. Robert Streater.

Mrs. Fay McKandless of Fort Worth visited during the weekend with her mother, Mrs. Olga Duncan.

## Rev. & Mrs. Malphrus Present Easter Program For Review Club

Members of Hico Review Club met Thursday afternoon at the lovely ranch home of Mrs. B. F. Thomas. Mrs. Thomas followed the Easter theme in decorations, refreshments, and the tiny basket favors that each lady took home following the meeting.

After a brief business meeting at which Mrs. Bryan Angell presided, Mrs. Wayne Rutledge introduced Rev. and Mrs. Eddie Malphrus, who brought the Easter program.

Bro. Malphrus prefaced his program by stating that there are two major observances of the Christian faith, those being Christmas or the birth of Christ and Easter, or the death and resurrection of Christ. He reminded those present that Easter is the heart of the Christian faith; that there is no possibility of salvation without the resurrection.

A very impressive slide program showing different places and scenes in Jerusalem with narration describing the events of the trial, crucifixion, death and resurrection of Christ gave glimpses of what Easter was and is all about.

At the close of the slide program Mrs. Thomas accompanied Mrs. Malphrus as she sang the very appropriate "I Walked Today Where Jesus Walked."

Club members were pleased to have Mrs. Floyd Clifton as a guest for the afternoon.

Next regular meeting will be in the home of Mrs. J. E. Lincoln on April 25.

Mr. and Mrs. Scott Patterson and Jody of Springtown spent the weekend with his parents, Mr. and Mrs. Leslie Patterson. Other visitors in the home Sunday were Mr. and Mrs. Harlon Koonsman and family and Mr. and Mrs. George Cozby.

Mr. and Mrs. Fred Rector of Lubbock spent last Thursday night in the home of Dr. and Mrs. B. C. Dayton and family.

Mr. and Mrs. W. E. East and Mr. and Mrs. Alton Rainwater were business visitors in Waco last Saturday.

Mr. and Mrs. Dennis Stipe, Cinda Charlotte and Cheryl of Crowley, La. and Mr. and Mrs. Charles Stipe, Charles Jr. and Becky of Bryan were Easter holiday visitors with Mr. and Mrs. Ray Stipe. Other visitors Sunday were Mr. and Mrs. Royce Lee Mackey and Roger of Everman, Mr. and Mrs. Frank Stipe, Mrs. Quata Roberson, Mrs. Willie Baldwin and Mrs. Evie Mackey of Hico.

Pat and Paul of Fort Worth, Mr. and Mrs. Donald Lewis, Tambara, and Teresa of Keller, Mr. and Mrs. Steve Mosser, Lewis Brant and Janis of Irving, Mr. and Mrs. Robert Lewis of Brownwood and Mrs. Zuella Strother and Syble Jernigan of Hico. ## PROGRAM ON LITTER CONTROL, AND INDOOR PLANTS GIVEN AT GARDEN CLUB

The Garden Club met Tuesday, April 9 in the Community Center, with Mrs. John Golightly presiding.

Mrs. W. F. O'Reilly gave the club prayer and roll call was given by each member showing an unusual flower container.

Mrs. C. J. Farrar introduced Mrs. Joyce Anderson, teacher in Hico High School, whose English Class III had developed a project entitled "Project Awareness," dealing with various types of pollution around Hico. The four students with her, Melanie Bonner, Teri Caraway, Nellie Faubion and Barbara Howard presented an enlightening program on the subject showing slides they had made in and around Hico of litter.

Every individual in a community should become aware and do much to help remedy litter problems for a cleaner air, purer water, and more beautiful surroundings.

Mrs. Anderson and her class is to be commended on a project well done.

Mrs. Golightly gave an interesting program on "Indoor Landscaping." There is technically no such thing as a house plant. The plants that have come to be known as house plants come from tropical areas and have become more or less adapted to the environment of the home. If there is a plant that pleases anyone, try growing it indoors.

A suitable container is important. Its size, shape, texture and color should compliment the plant. It's important to have a clean pot or container with a drainage hole.

Growth requirements of house plants vary as to needs of temperature, amount of light, humidity, food and water. Probably more failure in growing house plants result from incorrect watering (too much) than from any other factor. Never use water on plants that goes through a water softener. Be certain that potting soil drains well and never allow plants to sit in a saucer of water.

For best potting soil use about one-third peat moss, one third perlite and one third soil. The soil should be sterilized by placing in oven and heat at 250 degrees for 2½ hours.

## Connie Lawson Seeks 11th Congressional District Seat

Connie Lawson, candidate for the office of representative from the 11th Congressional District of Texas, in a press release today, made the following statement: "I was born and reared in the San Gabriel community of Milam County, in the heart of Central Texas. I have been in business or agriculture in this area all of my life. I have been in business in the city of Taylor for the past twenty eight years. My reputation for honesty and integrity is well known in this area and I welcome any inquiry into my past record.

CONNIE LAWSON

"I have no experience in the legislative process, and I have no magic formula for instant relief from our present state of government bondage. We were many years in the process of evolving into our present status, and there is no instant solution. All I have to offer you, is honesty, integrity, common sense and the ability to fight for what I know is right.

"Even in our present dilemma, while we are neck deep in congressional bungling and political corruption, while we have scandal on top of scandal, let me be the first to say, we still have the greatest bastion of freedom and individual dignity this world has ever known. And I for one, don't like the prospect of losing it.

"With all our wealth and all our abundance, Congressional bungling and influence peddling has brought us to the edge of disaster.

"Today we have a national debt of more than \$400,000,000,000.00. That is \$400,000,000,000 more than the debts of all the other nations of the world combined, and it continues to grow by a few billion dollars per year, even in peace time. This is a debt that our children and our children's children will have to pay.

"Even while many thousands of our own infant, indigent and elderly Americans are struggling against starvation by inflation and death without medication, The Congress of the United States has paid more than \$74,000,000,000.00 in interest on money that they borrowed to give away to foreign nations. Many of them communist satellites who hate our capitalistic heart.

"In peace time, in this, the most bountiful land the world has ever known, we have meat shortages while our feed lots are loaded, and among others, a fuel shortage while our storage tanks are running over. We have the worst scourge of runaway inflation and unbearable taxation in our history.

"Like it or not, there is no place to put the blame for this condition except on the 'bungling' and misplaced priorities of our 'influence peddling' congressmen.

"Bob Poage is 74 years old, he has been in congress for thirty eight years, he is very wealthy and can retire on a pension of \$32,000.00 per year, for life. If he makes it another two years, his pension will cost you closer to \$50,000.00 per year.

"I think thirty eight years is enough for a fair trial for any man. If he was ever to start doing something for the benefit of this country, surely he should have done it in less than forty years.

"So far, the only visible accomplishment was bankrupting this nation and still running us further in the red by a few billion dollars each year, while making himself filthy rich. Let's retire him to his 1900 acre 'special interest farm' with his \$32,000 pension. And try Connie Lawson for a couple of years.

"I know that in the United States Congress, where 'fast buck' is the name of the game, honesty, integrity and common sense is a very strange commodity. But, lets try it for only two years. You have a tremendous lot to gain and absolutely nothing to lose. If I don't give you more honest representation in two years than Bob Poage did in thirty eight years, you can kick me right out again in 1976 and surely you should.

"Vote for Connie Lawson for Congress one time, you'll be glad you did."

CONNIE LAWSON,  
Congress, 11th District.

Instead of staking and pruning tomatoes this year, use wire cages to support the plants. Caging rather than staking and pruning offers the home vegetable gardener several advantages, including less sunburn of the fruit, fewer disease problems and higher yields, all with much less work.

The cages can be constructed from concrete reinforcing wire, hog wire or any other sturdy wire mesh that has openings of at least four to six inches and is three and a half to five feet wide. Cut and bend the mesh material into cylinders 16 to 20 inches in diameter, fasten the ends together and snip off the bottom ring so the cages can be pushed into the ground about six inches deep for support.

When using wire cages for growing tomatoes, space the plants about two and a half feet apart in the row and allow four to five feet between rows.

For home gardens, plant a vining or semi-vining type tomato variety such as Homestead, Rutgers, Walter, Porter or the small fruited Red Cherry.

After tomato plants have been set out in the garden place a wire cage over each plant and make sure it is well anchored into the ground. The plant will grow up through the cage and the wire mesh will support it. No suckering, pruning or training will be necessary. Ripe fruit can be picked through the cage openings.

Ground rot and fruit cracking are often reduced with cage grown tomatoes.

Cost of the cages will vary from 30-50 cents each, but they can be stored and used year after year. Certain other crops such as cucumbers and pole beans can also be grown using the wire cage method.
