

The Cisco Round-Up

VOL. 38

CISCO, EASTLAND COUNTY, TEXAS, FRIDAY, FEB. 14th, 1919

No. 41

NEW BUILDING ACTIVITIES CAUSED BY DISCOVERY OF OIL NEAR HERE

Hundreds of Vistors Here Daily; In- vestments Being Made in Both City Property and Oil Lands

The Barnsdall well on the Brown farm seven miles southwest of Cisco has been shut down for several days for reasons best known to the company. Various reports are in circulation as to the cause of the shut-down. One report is that the company has ordered storage tanks and will set back the boiler. When the drilling stopped the well had a production of about twenty-five barrels of oil with no gas but the drill was not through the sand. On account of the showing of oil leases and royalty prices jumped high and the buyers have been plentiful. Other reports have it that this well will be no better and the company will take a shot with nitro. This oil was reached at 2650 feet.

The Schoor well which is being drilled by the Humble people nine miles south of Cisco has been shut down for some few days on account of bad weather. The depth reached was something 2,400 feet.

The Ammerman well being drilled by the Prairie people five miles south of Cisco has a fishing job at a little less than 2,000 feet.

The Ray well being drilled by the Gulf people five miles northeast of Cisco is making slow progress on account of the bad weather. The depth is less than 1,500 feet.

The Fee well being drilled by the Sun Company is making slow progress, and has not reached 1,000 feet.

The Bransford well being drilled by Kemp and Kell seven miles southwest of Cisco has reached near 2,000 feet, with no showing.

The Cosden Oil Company of Tulsa, Oklahoma, has rented the entire second story of the Gray building, now under construction, and will make this their state headquarters.

A home company has been organized with a \$25,000.00 capital for the purpose of building 50 residences for the employees of the oil companies now making their headquarters in Cisco. Land will be purchased and a new addition will be added to Cisco which will be the settlement of the oil men. Negotiations are under headway with A. E. Freel and J. E. Luse for the lots on which to build. One of the sites will be selected.

The finding of oil in the Brown well has created a flurry among the oil men, as well as with the real estate investors, prices have gone higher with buyers plentiful. It has caused a renewed activity in building both business houses and residences. Hundreds of strangers visit this section every day and invest their money, some in city property and others in lease and royalty. Not only the visitors, but the people who already have holdings here are making heavier invest-

ments and are having erected new buildings. They not only have the making of money in mind but are co-operating in the building of a real city. Contracts are now being let for the erection of new residences at the rate of about twenty five a week, and this added to the new business houses that are under construction and under contract to begin at an early date gives employment to hundreds of men, and they are drawing good wages. The carpenters, the contractors, the bricklayers, the paper hangers, the painters, and in fact every class of working man may have a job here.

The Cisco Furniture Company has purchased the lot on Sixth Street and Avenue E, where the airdome is now located and will have constructed on this lot a two-story brick building to be occupied by this company. R. Q. Lee sold this lot for \$6,000.

The building committee is getting plans and specifications together for the purpose of having erected a new Methodist Church. The old building was sold at auction Thursday to the highest bidder. A \$50,000 building will take its place.

The Baptist Church, as well as the Presbyterian has under consideration the erection of new churches.

The Ranger-Cisco Oil Company has purchased a building site on West Broadway, adjoining the new Daniels' Hotel and will erect an office building.

The Skinner-Mayhew garage now under construction on Avenue D was sold this week to Oscar Norwood of Eastland for \$10,500, who will take charge as soon as the building has been completed.

J. J. Butts sold eleven lots to Mrs. Norwood of Eastland for \$11,000, and she will have erected on them at once two \$20,000 residences. Mrs. Norwood's holdings near Ranger has recently made her a millionaire.

A new bank has been organized with local capital. It will be named the American National Bank, and will be capitalized for \$50,000.00. The location of the new bank has not been determined, but it is contemplated to have a new building erected for it.

Owing to the crowded condition of the postoffice caused by the increase in business incident to the rapid growth of the town, and the local people have asked for relief, and the government proffered the use of a knocked down building until the appropriation for a Federal building can be gotten. This has been accepted and a Government official will be on the ground within the next few days to select a site for the building.

Work on the five story bank

building on Avaneue D and Sixth Street is progressing rapidly and the walls are now being constructed.

The workmen almost have the walls built for the new theatre building for Judia and Lauderdale. This will be a two-story building and one of the most modern theatre buildings in the west.

Sprang & Co. of Butler, Penn., have purchased a site near the Katy and T. & P. Railroad of W. E. Morris and will have erected at an early date an oil well material factory.

The Board of Trustees of the Public School have under consideration the erection of another Ward school building to be erected on the east side of the Katy railroad.

The building on Sixth Street by J. E. Chesley for an ice cream factory is being rushed to completion. The walls have almost been completed.

The large rooming house on Sixth Street being built for J. Alexander has been completed as to the walls and roof and will be ready for occupancy by the tenth of March. It has been leased to out of town people.

The members of the Twentieth Century Club, an organization of women, who have in charge of the public library, are getting ready to have erected on their lots on Sixth street a brick building for the public library.

Workmen are now busy erecting a new building for the Cisco Gas & Electric Co., and ice plant. This building will be fire proof, and the company will expend \$50,000. in this improvement.

Rockwell Bros. & Co. have men at work on a new office building for their lumber yard.

F. E. Harrell has put on a lot sale in the Harrell addition and numbers

of new residences will be built there soon. This is adjoining the city on the west.

The machinery and material arrived this week and the work of paving Avenue D, seven blocks, will begin next week. Also the City Council has appropriated in addition to this \$50,000 for street improvement.

Also the Council has appropriated \$500,000. for the improvement of the water system and the sewerage system.

The influx of people during the past few days has been enormous, and the heavy investments by men of means indicates that the construction of a real city has begun in earnest.

Arrangements are being made for the establishment of a daily paper. The Round-Up Printing Co. is arranging to have the Associated Press News, and to print six daily papers each week, also to continue to print a weekly. The present business of the city is asking for a daily and the Round-Up will answer the call.

HIGH CLASS ADVERTISING

Luther Lee of Denver, Colo., has been spending some few days visiting his brother, Rev. Umphrey Lee in this city, and while here he placed in the Savoy Cafe the very attractive menu cards and holders made by the Standard Menu Co. of Denver, Colo. There is quite a good deal of advertising that is not worthy of a place in a public place, but the Round-Up believes that this advertising is in a class to itself. Advertisements for the business concerns are carried on the backs of the menu containers while the insert contains the menu for the care. The Round-Up does not hesitate to encourage this class of advertising.

System and Accuracy

The scales used by Diamond dealers to weigh the stones are exceedingly delicate. It is necessary that they record accurately the weight of the stone.

Every man should be exact and systematic in his financial affairs. A check account will record accurately and with system your entire business.

IT IS SAFE, SIMPLE AND CONVENIENT TO PAY BY CHECK.

THE E. ROPER WELL COMES IN A GUSHER

The E. Roper well five miles east of Ranger, which has been shut down the past month on account of not having necessary machinery, has been drilled in and is producing at the present ten thousand barrels per day. Drilling was stopped at a depth of about thirty four hundred feet.

The Brown well seven miles south

west of Cisco, has a showing of oil reported at a depth of thirty one hundred feet. The Barnsdall Co., who are drilling this well have shut down for reasons best known to themselves.

The excitement over the bringing in of these two wells and especially the Brown well is causing a great increase in local oil activities. Royalties and leases have taken another jump in prices.

Choose Your Hudson Now

Normal Production of the Super-Six Can
Not Be Restored Before Next June

There are so few Hudsons of any model to be had just now and it will be so long before full factory production is attained that buyers will do well to select their car without delay.

Super-Six production was to have ceased January 1st.

In anticipation of the months that new cars would not be available, we took all we could secure. But the demand for the Super-Six made it impossible for us to accumulate stocks. Deliveries of Hudsons every month since the Super-Six was introduced have practically equalled the output. More than 100,000 Hudsons are already in service.

Thus is again shown the popularity of the Super-Six. It's white triangle has become the symbol of super-quality and super-performance throughout the world.

Hudson production will be resumed as rapidly as possible. But it will be months before the factory can meet the usual demand. An interruption of at least three months in the output of open models is inevitable.

Everyone knows the completeness of the Hudson Super-Six line. There were nine different types. Recently we added the Coupe, a beautiful four passenger model, and a new series of the Touring Limousine.

They Are Pattern Cars

Every Hudson model has been admired, envied and copied by other makers. But under the Hudson plan there is constant development and so any Super-Six you get today is months ahead of similar types of other makes.

In view of the situation don't you think it is best to see us about your Hudson? There is no certainty as to what you can get next spring.

Need you be reminded of Super-Six value? It is the recognized standard of motordom. For three years its leadership has been undisputed. Today it carries the added endorsement of thousands who have learned to know its absolute reliability through all the months when automobile service attention was so hard to obtain.

CONSERVATIVE

But

ACCOMMODATING

In every feature of its banking activity this institution is thoroughly conservative. The only limit we place on "our desire to serve" is that the transaction be safe.

With our many years of experience with made-to-measure clothes, we have never been able to offer a prettier or more complete line to men who love good clothes.

Buy your spring suit early while the stock is complete.

McCall's Fine Tailoring

The Pauls Valley Democrat of Feb. 6th chronicles a number of pretty farewell parties for Mrs. B. W. Patterson and daughter, Miss Norma. The Patterson family was popular and appreciated in church life as is evident from the following article:

Rev. and Mrs. Charles H. Bell were hosts to members of the Baptist church and friends on last Friday evening in a farewell reception to Mr. and Mrs. B. W. Patterson and daughter, Miss Norma.

A most profitable social evening was spent and a little tinge of sorrow mingled with the remarks of several in short talks giving their impressions of these estimable people and the regrets they had that they were about to move from our midst. Judge Patterson responded in a short talk that was full of regret that they were going and expressed their deep appreciation of the marks of attention they had received.

Mr. and Mrs. Patterson have been valuable members of this church for several years and their going will be keenly felt. They will be missed sadly from the Sunday school work and the entire organization of this church has sustained an imparable loss in their going.

The Pattersons this week shipped their household effects and law library and left on Wednesday for their future home at Cisco, Texas.

AN ALL-DAY PARTY

Mrs. G. J. Ward, a popular young matron, entertained Tuesday for the first time since occupying her new home, with an all-day party.

At noon a beautifully appointed luncheon was served in a red color scheme. Red cupids hung in festoons from the chandelier above, the table with ribbons extending to the place cards and novel valentine plate favors were also pretty features of the decorations.

In the afternoon progressive forty-two was played and selections on the Columbia gave added pleasure.

Those invited were Mesdames W. F. St. John, Alex Spears, B. S. Huey, R. W. Mancill, W. E. Spencer, G. C.

Lingle, C. G. Gray, Geo. P. Fee; Misses Ina Jones, Al Williams and Lula Aingell.

AFTERNOON RECEPTION

One of the enjoyable affairs of last week was the reception given on Thursday afternoon from 3 to 6 o'clock at the H. L. Winchell residence when Mrs. Winchell, Mrs. F. E. Harrell and Mrs. G. C. Lingle were hostesses.

Mesdames J. J. Butts, H. C. Poe and B. S. Huey received the arriving guests in the reception hall and in the spacious living room the hostesses received and gave cordial greetings. Here the guests lingered meeting new and old acquaintances before going to the dining room, where Mesdames J. B. Cate, J. T. McCarty, J. T. Berry welcomed each one. An ice course was served by Mrs. R. W. Mancill and Mrs. Geo. P. Fee. Attractive valentines were given for favors and the valentine idea was carried out in the refreshments.

A profusion of red hearts decorated the reception rooms, suggestive of the approaching valentine season.

A pleasing feature of the afternoon were the songs rendered by Mrs. H. H. Journeay, Miss Joyce Langston and Mrs. Burton Thompson with Mrs. F. D. Shepard and Mrs. W. F. Walker accompanists, also music furnished by the Brunswick phonograph which was in charge of Mrs. McFarland.

MISSION STUDY CLASS

The Mission Study Class of the Woman's Missionary Society of the Methodist church met at the City Hall in the rest room on Tuesday afternoon with a large attendance.

After the devotional, the hour was devoted to the study and in lieu of the regular program, a most interesting talk was given by the pastor, Rev. Unphrey Lee, on the "Religious Backgrounds", the topic of chapter three in "Sons of Italy". A brief review of the history of Italy, the process of winning Italy from foreign control and of the present unredeemed territories, Trieste and the Trentino, the power of the Roman church and the effect on the lives and character of the Italians, all told in such an interesting manner, gave the class a better understanding of the Italians, early environment and a deeper sympathy for them as American citizens.

A short business meeting was held when committees for the dinner to be given on Saturday, were announced by the general chairman, Mrs. W. E. Ricks and plans were discussed in detail.—Publicity Supt.

BIRTHDAY PARTY

Little Miss Pauline Tucker entertained with a birthday party, Monday afternoon at the home of her parents, Mr. and Mrs. G. A. Tucker. The little hostess was nine years old and received many lovely presents.

Recitations contributed by several of the small guests, games and Edison music gave pleasure. The birthday cake, hot chocolate and fruits were enjoyed by the twelve little girls present. Mrs. Tucker was assisted by her daughter, Miss Mabel Tucker in entertaining and caring for the children.

The Ladies Aid Society of the Baptist church met with Mrs. R. Q. Lee on Tuesday afternoon in a work and social meeting and several hours were pleasantly passed by those in attendance.

MRS. MANCILL HOSTESS

On Monday Mrs. R. W. Mancill was hostess to members of the Wednesday Bridge Club. Several games of bridge were enjoyed and refreshments were served at the close of a very pleasant afternoon. Mrs. John Abe March of San Angelo and Miss Al Williams of Philadelphia played substitutes hands.

MERRY WIVES CLUB

A most pleasant afternoon was afforded the members of the Merry Wives Club and additional guests on last Friday afternoon when Mrs. J. J. Winston was hostess.

Four tables were placed for the players and several interesting games of progressive forty-two ensued. At the conclusion of the game Mrs. Winston, assisted by Mrs. M. S. Stamps served dainty plates of fruit cake with cups of hot coffee.

During a short business session the club constitution was amended so as to permit a membership of thirteen members and Mrs. B. W. Patterson, who has recently returned to Cisco, her former home, was elected to membership, having been one of the charter members of this club. Those in attendance were Mesdames C. H. Fee, G. G. Lingle, F. E. Harrell, G. B. Kelly, S. A. Newcomb, G. J. Ward, H. L. Winchell, B. W. Patterson, J. J. Butts, Wm. Reagan, H. C. Poe, C. R. Lancaster, M. S. Stamps, Beckley and Miss Norma Patterson.

Why Swift & Company Handle Poultry, Eggs, Butter and Cheese

Swift & Company went into the produce business because they saw a crying need for the kind of service they were equipped to perform.

The produce business was in chaos. Collecting, transportation, preparation and distribution was hit or miss, with delay, deterioration and loss on every hand.

The farmer was at the mercy of an uncertain, localized market. He had no way of reaching through to the people who needed what he was raising for them. There was no premium upon improving his stocks, for grading was lax or lacking.

The consumer had to accept produce that, as a rule, had no known responsible name behind it. He had no way of knowing how long the eggs or the butter he was buying had been lying around in miscellaneous lots in the back room of a country store. Much of the poultry was not properly refrigerated before shipment or properly protected by refrigeration in transit.

Swift & Company's initiative brought system to this chaos. Their organization, equipment, and experience in handling perishable food products were already adjusted to the task. Their refrigerator cars, branch houses, central points, far-reaching connections, trained sales force, supplied just what was demanded.

Now the farmer has a daily cash market in touch with the nation's needs with better prices. Standardization makes better produce more profitable. More consumers are served with better, fresher, finer foodstuffs.

Nothing suffers from this save inefficiency, which has no claim upon public support.

Cisco Local Branch, 546 5th St.

FALSE REPORT

A rumor has reached the Treasury that a mistake has been made by the authorities, that from \$15,000,000,000 to \$17,000,000,000 has been returned to the Treasury as a result of the armistice and that therefore another Liberty Loan is unnecessary. The rumor is absolutely unfounded. I suppose it has its origin in a failure to understand the discussion of the proposed repeal by Congress of \$15,000,000,000 of appropriations and authorizations. This does not

mean a return of money to the Treasury but a cancellation of authority heretofore given by Congress to expend money in the future.

As a matter of fact, the whole proceeds of the fourth Liberty Loan and of all previous loans had, at the time the armistice was signed, been expended or anticipated by Treasury certificates of indebtedness issued during the summer and early fall to finance the current requirements of the Government and at that time outstanding and unpaid.—F. P. Clay

Letters From France.

Nantes, France, Jan. 19, 1919.
Dear Mother and All:

Sunday and one of the worst ones I have spent. I have been trying to read, mend my clothes, sleep or anything to take up time. I don't think I ever wanted to be home as I had in my life. I would like to be out of some of this rain. It rains three times a day, four at night and mists between times. That is sunny France. It has been that way four months, for we arrived at Brest four months ago tonight and it was raining.

In some respects it seems a very long time ago and in some it is not

so very short. Anyway it is old and I would like to be back to see another real spring. I would like to be in the real quietness of the country instead of the noise and rattle of the navy yard. It has been my home until I dream of it day and night in my sleeping and waking moments. I guess we will be leaving here again in a day or so. I hope we go to Ireland this trip. It seems more like the States than anywhere else we have found over here.

I am still well and feeling fine, I weigh 198 now. It is the heaviest I have ever been. I only hope you are all as well as I am.

Lovingly, SYLVESTER.

Wednesday evening, February 19, Umphrey Lee will give a short lecture at the prayer-meeting service on "Why we sing at Church Services".—Umphrey Lee, Pastor.

PIITY THE POOR FARMER

Europe is able to buy more cheaply than we can. We have it on the word of Mr. Hoover.

The announcement forms part of an appeal by Mr. Hoover on behalf of the American farmer, who will soon begin to feel the effect of falling prices. At all events Mr. Hoover says so, and if he doesn't know, who does?

By stupendous patriotic effort the American farmer has been making two ears of wheat grow where one grew before. He has inaugurated and prolonged a carnival of food production the like of which finds no parallel in agricultural history. And while the nations of the world let their plows stand idle to black each other's eyes the American farmer has fed them.

The European farmers are now finding time to hoe their own potatoes again, and as wages are lower in Europe than here they can quote lower prices than the farmers of America, who accordingly get it in the neck.

There is nothing unfair about this. The European farmer has the right to cut prices if he wants to, and his customers show ordinary horse sense in patronizing him. What is hard to explain is the presence of an American mission in Europe spending millions to feed the populations of that afflicted continent.

Mr. Hoover urges bankers and merchants to rally to the support of the American farmer during the hard years in store for him. He has produced a surplus which apparently he cannot sell against his European competitor.

Mr. Hoover is more likely to be right in his facts than any other expert, but it is hard to see why our merchants and bankers are to help our farmers carry a load which Europe has laid upon them and refuses to take off. If Europeans can buy food more cheaply than we can, there seems little logic in our feeding them at all. The conception that America must forever play fairy godmother to a world of Cindrellas seems in the instance to approach the realm of absurdity.

NEW STORE TO OPEN

The Winston building next door north of the Round-Up building is being remodeled and has been rented to M. Polsky of Wichita, Kans., who will open a stock of Clothing, Shoes and Men's Furnishings. With Mr. Polsky will be associated J. Kabinell. The stock of goods have been shipped and will be on display within a few days. These men are experienced merchants and stated to a Round-Up reporter that they will have a good stock, splendid fixtures and will make the prices right. The store will be called "The Model", and Mr. Polsky states that he will endeavor to make the store mean just what the name says. This will be an exclusive men's furnishing store.

On Tuesday, February the 24th Cisco is to have an election for the purpose of deciding if we shall have a new charter under which to work. There is no doubt but that we have outgrown the old charter. We have reached the city class, and need to get away from the old way. When Cisco was just a town we had to do the best we could, working under a charter which was granted to all towns under the population of 5,000, but now we have grown to be a city and we can now put on our long pants. In the election we are to decide if we shall continue to work under the old charter or shall we elect a commission composed of several men to frame a new charter. After we have chosen these men we can then decide as to the charter by a vote of the people. We see no objection to the proposition.

MILLION DOLLAR LOYALTY LOAN DRIVE TO BE LAUNCHED BY TEXAS BAPTISTS

Texas Baptists begin their Loyalty Loan Drive throughout the State for \$1,000,000.00 Sunday, February 9th. February is to be known as a "Million Dollar Month". They have in the State twelve large schools, including the Southwestern Baptist Theological Seminary at Fort Worth and Baylor Medical College, Dallas, with total assets of over \$4,000,000. There are 227 teachers, with 5,250 students enrolled this session, up to November 1st. There were 1,126 S. A. T. C. students in the various schools up to their demobilization.

These schools are Baylor University, at Waco; Baylor Medical College, at Dallas; Baylor Female College at Belton; Simmons College, at Abilene; Howard Payne College, at Brownwood; Marshall College, at Marshall; Wayland College at Plainview; Rusk Junior College, at Rusk; San Marcos Academy, at San Marcos; Southwestern Baptist Theological Seminary, Ft. Worth; Burleson College, Greenville; Decatur College, at Decatur, Texas.

The Baptist General Convention, at its last meeting in Dallas in December, authorized the issue of \$1,000,000 in bonds to be known as the "Loyalty Loan". The object of this Loan is to refund all debts now outstanding upon the various schools, at a uniform rate of 6 per cent interest, thereby saving over \$15,000 per year, or \$150,000 in ten years and retiring \$50,000.00 of the Bond annually.

This method of financing the Baptist School system has been under advisement for more than two years, being under consideration before the war. After careful investigation the Bond issue was authorized by the last Convention.

The General Campaign Committee appointed by the Baptist Executive Board met recently in Dallas, and organized by the election of Mr. M. H. Wolfe as General Campaign Chairman, Mr. R. E. Burt, Vice Chairman and Dr. F. S. Groner, as Executive Secretary.

It is up to us all to help the returning soldiers in the way of employment. Not only in the ditch digging line or something of that sort, but to some payable, permanent jobs that give evidence of the appreciation we have for his own big job that has been so goodly finished. In every small community or large town the energy should be the same toward the finding of positions for all these returned army and navy men. Some of them have families to support, some parents and some have themselves to look after which, by the way, is enough in these hard times. Look around in your section of the country and see if you can't suggest a soldier or sailor every time an employer in your neighborhood needs help. You will not only be doing a duty for himself and the employer but you will be doing a duty for your country as well.

As food helped to win our war so will it help to crush the insurrectionists in Russia. Save all the food that is saveable and then save what is left of the unsavable.

METHODIST CHURCH SOLD

The old building of the Methodist church was sold Thursday of last week to the highest bidder. Dr. D. Roach bought it for \$1,025. Work has already begun on tearing it down and at an early date the construction of a new building will start.

Notices advertising entertainments, dinners, etc., where a charge is made, will be charged for at the regular advertising rate.

And a large class of citizens will stop being boozy and begin to be busy.

In a family the man who shirks generally necessitates the woman who works.

This was a high-toned war. It began with an Archduke and seems to be ending with an Archangel.

Building up a League of Nations evidently requires skilled workman ship and considerable time.

After the saloon bars are done away with on the first of next July fewer prison bars will be required.

A great soul is not necessarily enshrined in a large body, any more than a big man necessarily lives in a big house.

The president's fourteen points, after producing quite an impression here, are receiving much attention in Paris conference.

Shall we save daylight again in the summer of 1919, or shall we be as prodigal with it as we always were until 1918?

When President and Mrs. Wilson come home will he speak with a Paris accent and will she be dressed in Paris garments?

Since the old-fashioned Mormon elder was prohibited by law, no man has had so many wives to mourn his death as the late Nat Goodwin.

The Russian peasantry has the liberty it desired, but if it had the opportunity it would probably gladly exchange liberty for bread and meat.

As we are casting out hyphenation from America they seem to be adopting it in Europe. Witness the Czecho-Slovaks and the Jugo-Slavs.

The desired shipments of United States food and supplies to Russia might appropriately be termed, "Hope for the hopeless and soap for the soapless."

Through our enjoyment of the January mild weather fluttered at times as a dim apprehension the question, "what will be the cost of ice next summer?"

By the way, is not the step from being the All-Highest at Potesdam to sawing wood for supplying a castle in Holland a descent from the sublime to the ridiculous.

It has taken us some time to discover that a citizen of the United States is also a citizen of the world. But now that we have found it out, we shall never forget it.

Your sense of the beautiful varies with conditions. When you are ill an aluminum water-bottle in a pink flannelette overcoat seems to you the loveliest thing in existence.

Provisions are meeting with all sorts of disasters at present. Eggs are dropping, butter is falling and potatoes are slumping. Bread seems to be the only thing that is rising.

Everybody's conscience is clear now-a-days, except the conscience of the war profiteer and that of the American girl who has a lover with the army in France and a lover in this country.

We were told that food would win the war and ships would win the war and ammunition would win the war and thrift would win the war. Well, now that it is all over it is our opinion that the war was won by genuine American "pop".

We understand that instead of putting the house in order in the president's absence, Congress has spent much of its time at the front window watching with a spyglass, watching the proceedings of the peace conference over the way. This means that it will probably have to be kept at work later, and sacrifice some of its summer vacation.

A hen house should be painted every year just as your house is cleaned. Germs and harmful infections grow in the paint of a henery and the removal of these every year is a great help to the nesting birds who must live a great part of their lives betwix these four walls teeming with hurtful animals. The chicken yard should be cleaned once a week instead of once a month as most farmers deem enough for the operation.

NEW DRUG STORE

The Clark Drug Co. will occupy the corner room in the Daniel's Hotel with one of the most elaborate sets of fixtures in West Texas. The store will be composed of J. H. Clark of Burk Burnett and R. P. Edmoutson of Lubbock. The goods will be arriving soon and within about ten days the store will be ready to open.

THE AMERICAN WOMAN IN WAR

The war is over and we are all extolling the heroism of the soldiers, the judgment of the nation's financiers and the loyalty of the working classes. And among the rest we are paying tribute to the patriotic achievements to our women.

When war was declared the women of America immediately organized to carry out the wishes of the government. Each state formed its Woman's Council of Defense, which by means of local branches reached and helped to mold the public opinion of every community. Lectures and demonstrations were held under their auspices; the requests of the Food Administration were widely disseminated and fully explained; women were registered for war service, community and child welfare work was done. The work of women in the American Red Cross was wonderful. The women of the land gave up their time and skill to work for the army and navy, at home and abroad. They made surgical dressings, knitted and sewed for the comfort of "our boys". They organized hospitals, sent nurses, did all they could for the well-being of our forces. The many Women's clubs of our land showed their patriotism in war work of every kind and especially in work for the buying of Liberty Bonds and war saving certificates. And what of the individuals? One cannot say enough of their patience, hard work and heroism. Responses were made to every call of the government of necessity of the war. An army of nurses volunteered for work abroad or at the cantonments. Women drove ambulances and motor cars and motor trucks. They did canteen work, meeting incoming trains and speeding outgoing ones at any hour of day or night. Musicians and artists of all kinds gave up lucrative work in order to give their time to the entertainment of troops at camps and cantonments. As nurses and social workers went abroad the home women supplied their vacant places. Every housewife who conserved food and economized in coal and gas and wood did her part toward the work of the nation.

Let us give admiration and thanks to the American woman who "has done what she could."

The United States Department of Labor has announced that more than 500,000 new houses are required in the country at present. The restriction of building during the war has produced this condition. Labor conditions point to the desirability of accelerating this building as much as possible. The question is largely of financing it. Few of the people who desire small homes are able to pay cash for them in full. A national system of home loan banks has been suggested. These would be similar in plan to the federal reserve banks. One such bank would be situated in a district, and would reach the communities of that district through local building and loan associations. This plan is to be commended in its process of bringing capital in direct touch with the business and social needs of the nation.

MANDATORY POWER

Italy demands a protectorate over Albania, the larger part of the Dalmatian Islands, the Trentino as far as the Brenner pass, including the whole of the southern Tyrol. Italy also demands various other slices of the terrestrial crust. So does France. So does England. England, by the way, demands suzerainty over German Southwest Africa and over a few places one of which appears to be the Garden of Eden—at all events it is in Mesopotamia.

Yet we are persistently informed that the allies have all bowed to our President Wilson's stand against territorial aggrandizement.

We may speak of suzerainty, or dominion, or spheres of influence, or mandatory power. All, except the last, we are fairly familiar with, and they all mean pretty much the same thing.

The value of territory is determined by what it produces. As sponsors for captured territory the league of nations is bound to make the land as productive as possible—which will mean giving mandatory power to the nation best able to develop it. And this, in most cases, means the nation most contiguous—the nation most familiar with the peculiar conditions of soil, climate and so on. We may well prepare, therefore, to see control of German Southwest Africa pass to British South Africa of the Tyrol to Italy, and so throughout all disputed territory.

We may as well look facts in the face. The league of nations is a magnificent conception, and every right minded man will pray for magnificent results from it—without necessarily fooling himself with a dream of an impossible Utopia.

Harrell's West Side Addition to the City of Cisco

Is the best value for the money being offered today

This addition is conveniently accessible to the City and all its modern conveniences.

The streets will be nicely graded, the land is just rolling enough for drainage and the soil is fertile enough to produce magnificent trees and shrubbery, with a sufficient amount of sand and gravel not to get muddy during the rainy periods.

Of course you have been planning to have a home on the West side of the City. You have a chance now to secure a site at a very nominal cost and on terms if you prefer it.

We cannot accommodate much more than one hundred families as most people are purchasing two lots for a home. You cannot well afford to miss this opportunity.

If you are looking for investment, the best investment is where people like to live.

There is no oil lease on this property. When you buy it, it is yours, and you control it, absolutely.

Special Announcement

For your convenience we have employed
"Ye Planry"

The World's Master Architects to equip our office and furnish home builders with latest modern ideas on home building. This complete service consists of actual photographs with attached floor plans. The assortment is so complete we are sure you will have no trouble in making a selection that will meet with your every requirement. This service also includes complete working plans, details, specifications and itemized lists of material. Under our modern method you are advised in advance just what your new home will look and be like and just what it will cost before starting construction work. It's the only practical way to build for it eliminates guess work, misunderstandings and disappointments.

Please be advised that this building service has been procured for your convenience. We want you to apply it to your new home, and feel in coming to our office to inspect this wonderful assortment of beautiful home ideas that you are in no way obligating yourself. If we may be permitted to co-operate with you, be instrumental in satisfying your requirements, we will be happy in the thought that we have accomplished a great good, and your new homes will reflect our reward.

Let's Make Cisco a City of Beautiful Homes

Rockwell Brothers & Co.

NOTICE

We have the actual photographs together with complete detailed information covering every home being featured in the Sunday issues of the Fort Worth Star-Telegram.

FANCY STATIONERY

Boxes that sold for \$1.00 now... 70c
 Boxes that sold for \$1.50 now... 95c
 Other priced accordingly.
 We want to close out this stock within the next ten days. This stock is offered cheaper than we can buy it at wholesale now.—The Round-Up Printing Co.

MRS. CLARA MAY DOWE

Died at her home in Houston Wednesday, February 12th at six forty p. m.

Mrs. Dowe is the daughter of Mr. and Mrs. Charlie Rheinhart, who are well known in Cisco and Eastland County, having lived in this city for many years. Mrs. Dowe was raised in this city and is a graduate of the Cisco High school. Her many friends are grieved to learn of her death.

Mrs. Rheinhart has been with her daughter through her short illness, and a telegram from her to Mr. Rheinhart yesterday morning, stating that Mrs. Dowe was very ill, was the first news of her serious illness. Mr. Rheinhart left Wednesday morning on the Sunshine Special.

Relative and friends here have not yet learned of the funeral arrangements. The Round-Up joins with their many friends in extending sympathy.

Bilious? Take NR Tonight

Nature's Remedy is Better and Safer Than Calomel. Cleans Out System Without Gripping. Stops Sick Headache. Guaranteed.

Bilious attacks, constipation, sick headaches, etc., are in the great majority of cases due to digestive trouble and no reasonable person can expect to obtain real or lasting benefit until the cause is corrected.

Nature's Remedy (NR Tablets) is a vegetable compound that acts on the stomach, liver, bowels and kidneys, the purpose being to bring about healthy and harmonious action of all the organs of digestion and elimination. It acts promptly and thoroughly, yet so mildly and gently that there is never the slightest gripping or discomfort.

But that is not all. Nature's Remedy (NR Tablets) have a beneficial effect upon the entire body. By improving the process of digestion and assimilation, the nourishment is derived from food, the blood quality is enriched, vitality is increased and the whole system strengthened. Once you get your body in this splendid condition, you need not take medicine every day—just take an NR Tablet occasionally when indigestion, biliousness and constipation threaten, and you can always feel your best. Remember keeping well is easier and cheaper than getting well. Get a box of Nature's Remedy (NR Tablets) and try it. It is sold, guaranteed and recommended by your druggist.

Consultation
 Phone No. 449

We wish to advise the Beaver Valley Oil & Refining Company stockholders that our Barber No 1 is nearing completion--now cleaning out the hole. Just as soon as this is effected we expect a 300 to 600 barrel producer.

Our Melvin No.1 is now drilling at 1680 feet--we should complete this well in 40 days.

We are drilling night and day on our Hodges No.1 in Montague County--formations showing up good--indications are that we will strike something good within a short time.

We are now rigging up for our Barber No. 2 and expect to have everything in readiness to spud in within the next three weeks.

Plans are now being drawn for our refinery, which will be two thousand barrel capacity instead of one thousand as originally planned.

Beaver Valley Oil & Refining Company

The public will please take notice that we will only show four nights a week, on account of other engagements for the use of the hall. We will show Wednesday, Thursday, Friday and Saturday nights.

City Hall Theatre

FROM A WOUNDED SOLDIER SOMEWHERE IN FRANCE

Has time effaced the wonder of those years
We lived? Those few short years
that were our own,
Have changing scenes or earth's un-
veiled tears
Made you forget those days of bliss
we've known?

Your eyes and cheeks were damp
with sorrows rain,
That last sad night you leaned above
me there,
and kissed my lips and kissed them
once again,
While only choking sobs spoke loves
despair,

Old thrones quaked and seas ran red
with blood,
Faith in God e'en paled while sad
hearts stood still,
Dry-eyed we watched the crimes
'gainst womanhood,
As ruthless beasts their ma intent
fulfilled.

Through changes wrought by Time
and Fortunes tide,
Our barks afar are driven on the
wave;
Yet no love than yours shall I want
beside,
Nor yield up hope of you this side
the grave.

O'er torn fields the deep hush of
death now hangs,
A blood red mist floats on the battle
line,
Still thru these months of sufferings
and pangs
Of heart, I've seen thy fac my Val-
entine.—B. T.

FALSE REPORT

A rumor has reached the Treasury that a mistake has been made by the authorities, that from \$15,000,000,000 to \$17,000,000,000 has been returned to the Treasury as a result of the armistice and that therefore another Liberty Loan is unnecessary. The rumor is absolutely unfounded. It suppose it has its origin in a failure to understand the discussion of the proposed repeal by Congress of \$15,000,000,000 of appropriations and authorizations. This does not mean a return of money to the Treasury but a cancellation of authority heretofore given by Congress to

The Voices of Music

THE voice of music sometimes is like an organ, full and deep, swelling and falling, now crashing out its mighty harmonies, now sobbing away into silence.

Sometimes the voice of music is like an old violin played in tears, sad and sweet as children's eyes, quivering with the mystic fantasy of children's thoughts, and those vague secrets that only childhood knows.

And then sometimes the voice of music is like a soft flute, trembling with sweetness, filled now with the joy of the lark and again with the gentle sadness of the whip-poor-will.

All the wonderful voices of music will be your constant companions when you own

The NEW EDISON

"The Phonograph with a Soul!"

The gay, happy voices will cheer you when you are sad; the wise ones will offer you their counsel in time of need; the little wistful, sad ones will strike their harmonies upon your very heart-strings. They are all in the soul of The New Edison, waiting to be RECREATED for you.

Red Front Drug Store, Dealer.

As a matter of fact, the whole proceeds of the fourth Liberty Loan and of all previous loans had, at the time the armistice was signed, been expended or anticipated by Treasury certificates of indebtedness issued during the summer and early fall to finance the current requirements of the Government and at the standing and unpaid.—Finance Department. The Government will not expend money in the future.

L. A. Bedford of Eastland was in Cisco Tuesday on business.

A large stock of the famous "Jumbo" collars on hand.

Prices \$5.50 to \$10.00

Collins Saddlery Co.

C. T. McMurray of Georgetown has been spending this week in Cisco. He has some acreage near Cisco which is very valuable. While here he purchased six lots in the southwestern part of the city where he contemplates building and at some time in the near future will make Cisco his home. Chas. is an old Cisco boy and while serving as county clerk in Williamson county, he saved some money and is investing some of it in Cisco.

START FOUR PREPARATION NOW FOR A BETTER PLACE IN LIFE

Continue what you are and where you are and you are what and where you will always be. If you are satisfied don't read further. The world of wage-earners is a world of hopes, wishes, and hesitations held down by foolish doubts and empty fears. Endless thousands of bright, fine fellows whose wish bone is where their back bone ought to be, are excusably afraid, halting, timid, clinging with the drowning man, grasp to their slender salaries, because they think business is a mystery and they can never learn to succeed in it.

You must be more, have more and do more in this life or you will always be seeing the other men that are getting more out of life, more of this world's enjoyment and comforts than you. We can point you to hundreds of young men and women no smarter than you that are now successfully and happily engaged in a business of their own, because they attended our institution and secured a business training and prepared themselves to go into the business office and work along with

trained men and become masters of the art of doing business.

Business is not a happy-go-lucky, haphazard sort of a thing. If you understand it thoroughly, you are sure to succeed. If you have never been trained for it, it is all left to luck and guess work.

Write for our catalogue today and read the unsolicited testimonials from many of our former students, who were at one time working at low salaries and are today demonstrating their success and the value of our training. Opportunity never comes to him who waits. It comes to him who goes after it with all there is in him, with a deep, burning, intense iron resolve of his inmost being. Read our catalogue carefully. Why not you be one of the 3999 that will go out of our institution this year into a good business office. Procrastination is a thief of time. Fill in the following blank and send in by return mail. It may be the turning point in your life. You cannot afford to be satisfied with your present position in life. You can do much better.

Name _____ Address _____ Tyler Commercial College, Tyler, Tex.

TALKS WITH THE SECRETARY

Its a mistaken idea that it is too late to plant trees. Precedent by multiplied thousands has demonstrated they may be planted successfully during the month of February. Any daily paper during the past fifteen days has carried news of tree planting all over the state. They are being planted as a

BAR ASSOCIATION HONORS PATTERSON

On last Thursday evening the Garvin County Bar Association gave a banquet in honor of Judge B. W. Patterson who is leaving Oklahoma for his former home in Cisco, Texas.

Mr. Patterson has resided in Pauls Valley for a number of years and by his ability as a lawyer and integrity as a citizen he has not only won the respect and esteem of his fellow members of the bar but enjoys the friendship and admiration of all who know him, and the good citizenship of Pauls Valley and Garvin County no doubt join with the bar in expressing keen regret at his departure.

Judge L. C. Andrews was appointed to deliver on behalf of the bar the farewell address which was responded to by Mr. Patterson in his characteristic manner in which signs of deep emotion were clearly visible on his part, following which the Bar Association unanimously adopted the following resolutions:

Pauls Valley, Okla., Jan 29, 1915. Whereas, the Honorable B. W. Patterson, a member of this Bar is preparing to remove from this place to his former home in Texas, and

Whereas, the said B. W. Patterson has for several years been a worthy and highly respected member of the Bar in this County whose leaving is a matter of serious regret to us, and

Whereas, we advise to set forth in some measure a testimonial of our high regard for our worthy fellow member of the Bar, Now,

Therefore, be it resolved by the Garvin County Bar Association that in the removal of the said brother from this place the Garvin County Bar sustains a serious loss; that coming from Texas to this place where the local laws and practice are so entirely different Mr. Patterson by his active efforts and capable and logical mind from the very first took rank as one of the strongest and safest lawyers and counsellors. His department has always been highly ethical and his life and work worthy of the best traditions of the Bar.

We do hereby bespeak for Mr. Patterson the active and loyal support of those in his new home and are glad to say that his years of experience and active practice both before coming here and while here assure every one engaging his service of honest service of the highest efficiency.

Be it further resolved that this resolution be spread upon the records of this association and a copy duly signed by the proper officers furnished Mr. Patterson as a testimonial of our high regard and esteem.

J. T. BLANTON, President. C. H. THOMPSON, Secretary.

Hon. Marion Henderson acted as toastmaster and humorous after-dinner speeches on subjects which were extemporaneously assigned to them were made as follows:

Y. E. Taylor, "Marks and Brands." H. G. Butts, "Trials of a young lawyer."

O. W. Patchell, "Main Street Farming."

J. W. Field, "Silence is Golden." Monroe Osborn, "How I get Convictions."

S. D. Williams, "Chattel Mortgages."

A. C. Barrett, "The Golden Rule." H. L. Farmer, "Municipal Affairs."

J. M. Stanley, "The Criminal Lawyer."

J. T. Blanton, "Medical Jurisprudence."

N. M. Carr, "Withdrawal of Executions."

O. W. Jones, "Law of Real Property."

F. B. Swank, "New Trials."—Pauls Valley Democrat, Feb. 6, 1915.

DOCTORS SAY CALOTABS ARE BEST FOR FLU

Influenza and Grippe, Like Ordinary Colds, Require Calotabs, The Perfected Calomel That Is Free From Nausea and Danger of Salivation.

Physicians and druggists claim that the great epidemic of influenza has conclusively demonstrated that the quickest cure for a cold and the best preventive of influenza and pneumonia is to keep the liver active so that the digestive organs may be in perfect condition. For this purpose Calotabs, the new nauseaseless calomel that is freed from the sickening and salivating effects is the most thorough and dependable, as well as the most agreeable laxative.

Calotabs have the special advantage of not making the patient sick or weak, as they are free from the nauseating and griping qualities and do not upset the digestion and appetite. One Calotab at bed time with a swal low of water—that's all. No salts, no nausea, nor the slightest interference with your eating, pleasure, or work. Next morning your cold has vanished, your liver is active, and you are feeling fine with a hearty appetite for breakfast.

For your protection, Calotabs are sold only in original sealed packages price thirty-five cents. Sold by all druggists and your money back if you are not glad you got them.—(adv.)

UGLY FACTS

Facts talk and facts hurt as well as save and serve. There are many kinds and uses of these hard-headed things that go largely to make-up of every day life. Just now we are facing some mighty ugly facts and unless the source of these trouble-brooders is wiped out there's going to be such a reaping of the whirlwind as to make the best of us gasp! The piratical demon of profiteering has invaded many a home in this city of late. Citizens who pride themselves on a church-membership and not a few of them are women, are pulling off a HUNNISH stunt by sky-high rental for beds, rooms and houses. It is needless here to cite facts—they are too sordid and we don't desire to soil press or paper to quote them, but we must say this: one of the hard facts of life that your Materialistic Socialist, your Anarchist, and your Bolshevik is against from ground up with a red-handed hatred is the ugly fact of HIGH RENT! You can do a no more UN-American act than by getting all you can in rentals thus playing into the hands of the above mentioned red-flagged gentry. Not all the profiteers are in the packing industry by a long shot! The oil-game and the stock game has not all the Pirates of Promotion by a jug full! Two of the outstanding sins mentioned in the Bible that Almighty God condemns in no uncertain terms are: extortion and usury. With these sins in any persons life prayers and professions avail just about as much as snow in July. Maybe you think these are hard words? Well, we are talking about HARD facts and words have not been made yet as hard and ugly as some of these facts.—Wichita Falls News.

SOLICITOR AND REPORTER.

Mr. Roy C. Griffin of Coleman, Texas, has been employed as advertising manager and solicitor for the Round-Up and is now on the job. Mr. Griffin is experienced in this line of work, is a young man, has just returned from the service of Uncle Sam. Any favors shown him will be appreciated by the publisher.

J. M. Allen of Tulsa Oklahoma was a business visitor in the Cisco oil fields first part of the week.

CITY OF CISCO WILL SPEND \$125,000 IMPROVING STREETS AND WATER SYSTEM

Residents Are Signing Up For Civic Improvements.

In talking with Mayor Williamson Wednesday afternoon a reporter of the Round-Up learned that we have city executives who are alert to the times and on the job. Avenue D will be paved with brick from 3rd street to 9th street, dirt was broken Wednesday and the work will go forward as rapidly as possible, the pavement is expected to be completed in ninety days. The pavement will have a four inch concrete base thus making it a lasting and permanent pavement.

All streets leading into the city from public roads will be macadamized and the programme is to overhaul the present macadamized streets in the residential section of the city.

\$50,000 will be spent extending the water and sewerage systems. A six inch main will lead from Ave. D to 19th street and from 19th, west to avenue J, hence north along Ave. J, to 4th st., where it will join the main line, another 6 inch pipe will be put down on 14th st. and Ave. J for the purpose of re-inforcing the pressure. A new standpipe will be placed on Ave. M and alleys from 6th to 10th streets will have a four inch main connected to the main 6 inch line which will give service to the residential section. The sewer line will be lengthened three miles. This will lower Cisco's key rate twelve or fourteen cents, thus putting Cisco in the preferred class.

Beginning the first of March, Rosenquest and Caldwell will erect ten bungalows on the Rosewell addition, for the accommodation of the many people who are coming here to live. Messrs. Rosenquest and Caldwell plan to build one hundred houses on this addition.

Mayor Williamson stated that all the residents on South side of Ave. D to Ave. M Northwest 7th St. have signed up for side walks and curbs. Who will be the next?

SCHOOL ITEMS

The increased enrollment has caused the necessity of placing a new teacher in the fifth and sixth grades. Mrs. R. E. Doty, an experienced teacher has taken up that work and has already shown her fitness for the position.

The New High school schedule is making provision for the teaching of writing and spelling as well as Commercial and Business Arithmetic. After all efficiency in Reading, Writing, Spelling and Arithmetic are the man essentials in the business world.

Preparation is being made in all lines for the Interscholastic contests to be held at Eastland the first week in April. Last year Cisco won more points than all the other schools of the county put together. Can we duplicate our last year's record? Yes, but it means much harder work and more support since the contests are to be held away from home this year.

Under the Swiss system of military education the public schools spend about one fifth of the day in Athletic sports which are developed in all the public schools as a prelude to military drill in later life. The U. S. may adopt the Swiss system for our American schools. The Cisco High School has adopted a schedule devoting about one-ninth of the school day to physical education, consisting of games, walking clubs, and military drill and its attendant instructions.

The school board has ordered a new flag pole for the High School grounds. The details for an appropriate flag raising will be printed in the near future.

Cisco High School basket ball teams go to Ranger Saturday, and here's hoping they will bring back greasy shirts and the scalps of the Ranger teams.

The various grades of the Public school will give a Washington Birthday entertainment at the City Hall Friday night Feb. 21, 1919. Quite a large number of children will appear in this general school entertainment. The program is an old-style program, patriotic in nature and democratic in selection of participants. Come out and see the boys and girls in their Colonial costumes and modern boy scout and camp fire uniforms. Admission FREE. You are invited.

ICE CREAM FACTORY

J. R. Butler of Deming, N. M., is in the city and will open an ice cream factory in the new building which is being constructed on Sixth street by J. E. Chesley. The company will be known as the Sanitary Ice Cream Co., and will be ready for business about the middle of next month. Mr. Butler is an experienced man and is putting in splendid machinery.

WOMAN SHOTS HUSBAND FATALLY AT CISCO

J. W. Allen, brakeman on T. & P. Passenger train was fatally wounded Wednesday noon when his wife met him in the waiting room of the T. & P. passenger station of this city, firing two shots both taking effect in the lungs.

Mrs. Allen called for an officer immediately after the shooting and while waiting for the officer she asked her husband if he had anything to say to her, he replied that he did not understand her action. She was carried to the county jail by auto.

Medical attention was given the wounded man, but the wound proved to be a very serious one, so he was placed on the same train he had a few minutes prior to the shooting been discharging his duties, to be taken to Fort Worth for medical attention. Mr. Allen died before reaching Ft. Worth.

Both Mr. and Mrs. Allen refused to make any statement as to the cause of the shooting, family troubles is the alleged cause.

NEWS FROM EASTLAND

The bringing in yesterday of the Roper well, about five miles a little north of east of here has livened up things considerably and there are many real estate transfers being made. The Roper well is estimated to be making between six and eight thousand barrels of oil per day.

At a mass meeting held here last night for the purpose of discussing the proposition to build six and six tenths miles of railroad between Eastland and Mangum for the purpose of connecting Eastland with the M. K. & T. railroad at Mangum, enough of the stock was subscribed to make it certain that the road will be built. The purpose is to build soon in order to relieve the congested freight condition that now exists. This would give Eastland, in effect, two railroads. After being built this short line is to become apart of the Eastland, Wichita Falls & Gulf railroad that is now being promoted from May in Brown County to Newcastle in Young County.

The voters of the Jewell precinct in this county have a petition before the Commissioners court, which is in session this week, asking that the voting box be discontinued and that they be permitted to vote at Gorman. This is only a small box and the petition doubtless will be granted.

Suits Filed In District Court.

The following suits have been filed in the District court of Eastland county since the last issue of the Round-Up:

Fannie Royton vs Tom Royton, divorce.

R. L. Rust vs Jessie O. Miller, to cancel lease.

Max Kahan and U. M. Simon vs T. C. Lockhart and wife, C. T. Lockhart, specific performance.

Mrs. B. M. Pearce vs James Pearce divorce.

Bank of Ranger vs O. C. Stuard, suit for debt.

C. H. R. Ray vs J. H. Hankinson, specific performance.

Married License Issue

Ersel Ray Hansley and Rosalee Hay, Moran.

William Washington and Noama Gollehon.

Paul S. Edmonds and Nannie Meemer, Ranger.

J. C. Penney and Alda Collins, Ranger.

Deal Pending for Sale of Road Bond

A deal is now pending whereby the county is selling \$180,000 in good road bonds for par and accrued interest. These bonds were voted in the special road district, Nos. 1 and 2 in Eastland county. No. 1 is approximately 20 miles in length and crosses the county from east to the west, passing through the towns of Ranger, Eastland, Cisco and Dothan. No. 2 is approximately 25 miles in length and crosses the county from north to south, passing through the towns of Eastland, Carbon and Gorman. The total amount to be expended on these two roads is \$256,000.00. Work is to begin as soon as the deal is closed and the money received on the bonds.

PLAY AT SCRANTON

A letter from Prof. J. H. Shrader, principal of the Scranton school states that they are to have a home talent play on the night of the 21st. We print them some dodgers, some tickets and programs.

S. G. Underwood of De Leon was a business visitor in Cisco Thursday. Mr. Underwood who owns the old Compress site of this city is having the site surveyed into lots for building purposes, W. G. Davis is doing the surveying this week.

The policy of the Ford Motor Company to sell its cars for the lowest possible price, consistent with dependable quality, is too well known to require comment. Therefore, because of present conditions, there can be no change in the prices on Ford cars:

Runabout.....	\$557.08
Touring Car.....	582.69
Coupe.....	710.79
Sedan.....	838.88
Truck Chassis.....	608.31

These prices f. o. b. CISCO

VALENTINE

All of the virgin dews of Heaven take first,
Add slowly all the honey in the land;
Snatch perfumes from the Od'rous buds that burst;
Mix them slowly and let the potion stand,
Now touch to ardent lips this drink divine;
Worlds tremble and Heaven fades before such bliss,
Because I taste thy love, my Valentine,
The very nectar of thy precious kiss.—Contributed.

Notice to Owners and Drivers of Automobiles.

You are hereby respectfully reminded that the State Highway Law requires that by the first day of Feb. you have attached to the radiator of your car the registration seal for 1919.

We must hereby warn you that neglect to have this seal for 1919 henceforth constantly in evidence on your car will insure prosecution for the negligent ones. When such negligence comes within the knowledge of those whose duty it is to enforce the law.—G. G. Hazel, County Attorney, Eastland County, H. E. Lawrence, Sheriff.

NIMROD NEWS

We are having spring weather. People are busy buying garden seed to plant soon.

Mr. and Mrs. Jim Merket from Hermleigh, Texas, motored down last week to visit their parents and while here sold their automobile to C. W. Hock, and returned home on Monday on the train.

Mr. and Mrs. Ross Marchman from Cisco spent Saturday night and Sunday at Mrs. Marchman's parents, S. G. Baird.

Mr. and Mrs. Ed Townsend and Mr. and Mrs. Jim Burk made a business trip to Cisco Tuesday.

Mrs. Williams the intermediate teacher in the Nimrod School, has been ill, and Lola Stanford is teaching in her place.

Mr. and Mrs. Henry Wright are the proud parents of a fine baby girl.

Spud Westerman who has been in army service 13 months, returned home from France Saturday, he has several very interesting things to tell of his trip "over there".

Fred and Artie O'Brien and families visited Henry Wrights Sunday. Bill Walsey from Taylor County, is visiting his uncle, Lem Ingron.

Bill Hall and wife of Carbon visited his parents, Mr. and Mrs. A. B. Hall last week.

Mrs. Welch of Ballard after having suffered for 8 months was laid to rest in the Nimrod cemetery Monday evening. The bereaved ones have our sympathy.

Dr. Payne and H. S. Killinger from Cisco called at L. D. Stanaford Tuesday night on business.

Mrs. Love Dunning from Ardmore Oklahoma has been at the bed side of her sick mother and brother, Mrs. G. Carmichael and Bud.

Mrs. Sidney Baird spent Sunday night and Monday with her daughter, Mrs. Ross Marchman of Cisco.—Cor.

REICH READINGS

Our farmers are all taking advantage of this pretty weather and are sowing oats.

Mrs. S. E. Garvin and son, Cleveland after visiting at the home of J. B. Dillon returned to their home in Rockwell Texas.

Mr. Rubin Iye of Strawn spent

the latter part of last week at the Frye home.

Hady Mosley of Cook was in our community Sunday.

Mrs. M. H. McCannies and little Joe are visiting her daughter, Mrs. Lee Lamb at Gusline.

Mr. and Mrs. R. B. Abbott and little daughter, Vera Loise spent Sunday with her father and mother and attended church while here from Dan Horn.

Mr. and Mrs. L. E. Clark and children attended church here Sunday from Pisgah.

Mr. and Mrs. McConnell and little Lawrence are sporting in a new Ford car.

Willie Livingston and Mr. Lester Horn attended church here Sunday afternoon from Dan Horn, we would be glad to have them come again.

Mr. G. H. Kinsey has his new bungalow completed he says he is not ready to move out by himself.

Mr. and Mrs. Bill Jones were shopping in Cisco Monday.

Miss Eunice Horn of Cisco visited home folks here Saturday and Sunday and attended church while here.—Red Bird.

PLEASANT HILL PARAGRAPHS

These bright sunny days remind us that spring time is approaching, hence we are all pretty busy getting things in shape for a bumper crop, for surely with the fine season for plowing, planting, etc., we feel that we will be blessed with good crops this year.

J. H. Martin is very sick with pneumonia.

Mr. and Mrs. E. J. Poe of Cisco spent Sunday at the M. C. Tucker home.

Mr. and Mrs. J. W. Reeves visited at the J. E. Ramsey home near Flat Wood Sunday.

C. F. and A. A. Coates and families spent Saturday night and Sunday with relatives in this community.

Mrs. B. F. Trott, who has been ill for several weeks is no better.

Mr. and Mrs. R. L. Poe of Cisco spent Saturday at the L. W. Tucker home in this community.

Mr. and Mrs. Sam Carman were shopping in Cisco Monday.

Mr. and Mrs. E. L. Sims are the proud parents of a fine baby girl, that arrived a few days ago. Mother

and babe are getting along nicely.

Mr. and Mrs. T. L. Lasater went to Carbon Monday.

H. V. O'Brien has improved the appearance of his home very much by weather-boarding and a new roof.

The boys basket ball team went to Griggs last Friday afternoon and played a matched game with the schools boys there. The fur flew thick and fast from the first, and was a very interesting game, Griggs winning by a score of 28 to 23. We are expecting a return game in the near future.

Miss Bessie Green returned home Sunday from Strawn where she was visiting relatives.

Sunday school at 10 a. m. every Sunday. Preaching first and third Sundays in each month by Rev. P. D. O'Brien.

We have tried to tell it all in time, and believe "we've did it."—Rev.

New Manager For Lumber Company

J. E. McCord has moved to Cisco from Stanton and has assumed the management of the new lumber yard recently put in by Higginbotham Lumber Co. Mr. McCord has been with these people for twelve years and is experienced in this line of business. He is having a new residence constructed on West Broadway and his family will join him here when this building has been completed.

On the Wrong Track

Sometimes you hear a man say "Oh, you can't hurt the battery."

He forgets to add distilled water.

He steps too long on his starter instead of cleaning his spark plugs.

He puts in acid instead of having his battery charged.

He never has a Hydrometer test made.

And when his battery suddenly quits he can't realize that it has been gradually dying from neglect and abuse.

It's a fallacy to believe that you can neglect any battery without suffering the consequences.

The Bone-Dry Willard Battery with Threaded Rubber Insulation is made to give unusual service and long life, but it must be kept charged, and has to be supplied with pure water.

RECEIVE GERMAN HELMETS

Mrs. M. D. Paschall received with a number of other curiosities last week a German helmet sent by her son Crigler who is now with the A. E. F. in Germany. This is quite a treasure and no doubt Mrs. Paschall will make it a keepsake.

Mrs. H. C. Poe also received a German helmet this week from her brother, J. W. Wilson who is also in Germany.

Well "Armed"!

When company comes there is no time to waste—no chances to be taken—so mother sees that there is always a can of

CALUMET BAKING POWDER

on hand. Cakes, pies, doughnuts, muffins and all good things to eat must be dressed up in their best taste and looks.

Then, too, her reputation as a cook must be upheld—and she "stakes" it on Calumet every time. She knows it will not disappoint her.

Order a can and have the "company" kind of bakings every day.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

You save when you buy it. You save when you use it.

SEE THAT RIP?

Don't throw a tire away with a little hole in it like that. We can make it as good as new.

Have it vulcanized.

When You Can't Sleep

and you get up as tired as when you went to bed, it is a sure sign that your nerves are out of tune. If this continues long, a nervous breakdown and a train of ills are bound to follow.

The experience of Mrs. H. L. Redman, of New Haven, Conn., will interest you. She says:

"For several months I suffered from extreme nervousness and sleeplessness. My nerves were completely unstrung. After doing light housework I was completely fatigued, and loss of sleep made the nights long and tiresome. I began taking DR. MILES' NERVINE and the first night I slept soundly all night. I can truthfully say DR. MILES' NERVINE completely cured me."

DR. MILES' NERVINE is a safe, reliable medicine for all nervous disorders, such as sleeplessness, nervousness, hysteria, headaches, neuralgia, etc. It is non-alcoholic and contains no harmful drugs. It has been helping nervous, distracted, discouraged sufferers back to health for 30 years. Ask your druggist about it.

DR. MILES' NERVINE
