VOLUME 48

SPUR, DICKENS COUNTY, TEXAS

THURSDAY, FEBRUARY 7, 1957

NUMBER 16

Whoa, Now!

By Grady Lackey

Prayers of thanksgiving rise from the hearts of Dickens County folks this morning who believe in prayer, while others will complain about just 51 of an inch really not being enough to help and that we need a lot more before we can make a crop, etc.

As we consider the parable of the talents, we remember anew that as we are faithful with what the Lord sees fit to give us, will He increase our blessings.

We have prayed for rain—now let's recognize an answer to our prayers and thank God for it.

We still like to think about the prayer meeting some of the colored brethren had for rain. After they had all assembled and were ready to start praying, the minister sent them all home for their umbrellas and slickers before he would start the meeting.

Early Long very spryly completed his 82nd year this week and had a big triple-decker birthday cake with all the candles on it to make it an even happier birthday.

The beautiful big cake was made by Alice Hale who also had a birthday this week. —By the way, ye ol' editor did too. Early is now 82 and Alice and the editor are both about 28.

Pvt. Bobby Thomason is going to be very disappointed this week if we don't get his address corrected so that he will get this issue of The Texas Spur. Recently someone came in and had us change Bobby's address from Ft. Bliss to Ft. Eustis, Va. Last week the paper came back from Ft. Eustis unclaimed.

We'd sure like for someone to straighten us out on his address.

Some folks are already talking about who's going to run for what in the city council and school board elections coming up in April. Mentioned already for the different posts have been, on the city council, Bill Glenn, Lester Garner, J. Fike Godfrey, — and for the school board we've heard mentioned Buddy Francis, Cecil Godfrey, Eric Swenson, Red Hurst, and Everett Martin.

It's a little early yet for the active campaigning to get underway, but with talk already going around, it looks like we won't have to worry about a shortage of candidates.

Girard Ag Group To Hear Marion

The Girard adult agriculture class will meet Monday, Feb. 11 at 7:30 p. m. in the school cafeteria. Paul Marion of the Texas Agricultural Experiment Station at Spur will be the principal speaker.

He will discuss, cattle feeding, with the main feature to be a discussion of the possibilities of mesquite feeding based on the results of tests at the station.

Everyone in the Kent-Dickens county area is invited to attend this meeting and should find it both interesting and beneficial.

The meeting will be the regular monthly meeting of the adult agriculture class sponsored by the Girard High School Agriculture department and Joe Gray, teacher.

FORGIVENESS WEEK TO BE OBSERVED

The City Library Committee is offering a "Forgiveness Week" for all patrons who have library books in their homes that are overdue and are subject to fines. If overdue books are returned to the library within the next week or ten days all fines on them will be forgiven.

Many of our most popular books are pushed away in the homes of our patrons and some have even been forgotten about. It is hoped that this special offer will get them back to the library where they can again be used.

Area Children To Get Polio Shots

City and county health officers, with the sanction of all the doctors of the area will give free polio shots to any and all children in the area who desire them, announces Dr. J. F. Hughes. The vaccine being used is being furnished by the state, and other expenses are being defrayed with March of Dimes monies collected in this area.

Dr. Hughes and Dr. Pat Williams explained that if a child already has received his first or second shot, he may be given the second or third one as the case may be.

The shots will be given at the various schools of the area and it is hoped that every child in Dickens County will avail himself to this opportunity of becoming immunized against polio, adds Dr. Hughes, city health officer.

City Employs Tax Attorney Tues. Night

The City Board of Aldermen has signed a contract with attorney George S. Bond for collection of taxes delinquent to the City of Spur. "This action is necessary because of the large amount of taxes unpaid, delinquent on some properties 20 years or more," states Mayor J. R. McNeill.

Total taxes delinquent before Feb. 1 totaled \$22,782.33, and after Feb. 1 an additional \$5522.31 became delinquent.

The board has taken this action reluctantly, states the mayor, knowing that collection may impose hardship in some cases. The obligation is greater, however, to those who do pay taxes to meet the City's commitments. "It must be considered," adds Mayor McNeill, "that the rate increase of ten cents per \$100 valuation that went into effect last year would not have been necessary if collections had been complete."

Posse Tops Lubbock 18-1 In Sunday Tilt

The Palmetto Polo team of the Dickens County Sheriff's Posse soundly thumped the Lubbock riders here Sunday afternoon 18-1.

The local boys played for the first time under their new coaches, D. L. Knight and Bill Wyatt.

Every player saddled up got to play in the game.

Officials for the game were Glenn Webb of Roby and O. R. Clark of Rotan. Announcers were Larry Boothe and Roy Curtis.

Plans are shaping up for the big palmetto polo tournament to be held here March 14-17, states Everett McArthur, president. The tournament is open to all teams of the American Association. The entry deadline is Feb. 15.

To date Hereford and San Angelo have sent their entries in.

A. R. Howe returned to Spur yesterday via a Campbell's ambulance, following a stay in a Fort Worth hospital.

Interment was in the Spur cemetery under the direction of the Campbell's Funeral Home.

Active in Better Government Legislation

Two prominent Texas legislators are pictured here as they confer on plans for "Better Government" legislation. Sen. Crawford Martin of Hillboro (left) is discussing Texas Press Association bills with Rep. Virginia DeF. Ferris. They have introduced identical bills in the Senate and the House. Their bills require publication of financial reports by school districts and other districts now handling millions of dollars in public funds and not making a public accounting of same.

County Farmers Put 3,000 Acres In Soil Bank For \$92,000

Dickens County farmers started signing up for the 1957 cotton acreage reserve here Monday, and W. W. Gunn, ASC office manager, reports that by noon Tuesday over 3,000 acres had been signed up for over \$92,000.

Gunn explains that now farmers may sign up either 30 percent of their allotment or ten acres, whichever ever is larger. However, he adds, if after the Feb. 28 deadline, the county still has money to use in the program, there will be a second signing up for more acreage. Both the first and second sign-ups are on a first come first served basis.

The county has been allocated \$359,000.00 for this program.

County farmers have until the 15th of March to sign contracts on acreage to be placed in the conservation reserve, adds Gunn. The county office is still striving to get farmers to come in and sign the new MQ-31 forms. These forms will guarantee the farmer and the county a full acreage history on both cotton and wheat regardless of whether the land is placed in the soil bank, left unplanted because of drought or other reason, or planted. Gunn states that the importance of this little

Walker Among Skiing Aggies

Six students from Texas A&M, including Bobby Walker, son of Mr. and Mrs. Dick Walker of Spur, left College Station January 26 for Santa Fe, New Mexico, for a few days of skiing.

The students arrived in Spur at 9:30 Saturday, finding plenty of food and a place to sleep at the Walker home.

After accepting the Walker's hospitality, the boys visited in Spur until Sunday afternoon at 2:00, when they left for Santa Fe.

The Aggies were on the ski lift early Monday morning and, after many spills and chills, began having the time of their lives riding up the ski lift and then skiing haphazardly down the snow-covered mountain.

They reported that they had a very good time and were still surprised at the fact that they learned to ski well in such a short time—reducing their falls from 25 to 5 per mountain.

Bobby Walker ran into a tree and Sid Allen had to be dug out of a snow drift, but there were no serious accidents, and the boys came back to Spur in good condition, despite a few aches and pains, and left for College Station Wednesday afternoon.

The Aggies making the trip were Gary Haugland of Houston; Don Huffman of Ft. Worth; Sid Allen of Austin; Bill Lopland of Abilene; George McKnight from Louisiana, and Bob Walker of Spur.

Honorary pallbearers included George Gabriel, Melton Thacker, Walt Jimison, D. J. Hughes, Owen Williams, Lester English, Monk Rucker and Lawis Lee.

Survivors include his wife, Mrs. Maggie Hurst; four sons, Rev. Vance Hurst of Walters, Okla., Marion Hurst of Spur, L. J. Hurst of Loreno and Andy Hurst, Jr. of Friona; two brothers, Coyote Hurst of Muleshoe and William Hurst, a sister, Mrs. Blanche Budd of Vernon, and ten grandchildren.

McAdoo P.T.A. TO HAVE SPECIAL MEETING

The McAdoo P. T. A. will have a special meeting Monday, Feb. 11 at 2:00 at the school house. All members are urged to be present.

SPUR PTA WILL HEAR KARR ON CIVIL DEFENSE

Guy Karr will be the principal speaker Tuesday at the regular meeting of the East Ward PTA. Karr will speak on civil defense.

The meeting will be held at the East Ward auditorium, beginning at 2:30. Also to appear on the program will be Supt. Bob Nunley, district PTA civil defense chairman.

Local Funeral Homes Merged

Spencer Campbell announced this week that he and C. B. Chandler have consolidated Spur's two funeral homes. Campbell is owner and general manager of the new firm, known as Campbell's Funeral Home and located at the Chandler Funeral Home residence.

Campbell added that Mr. and Mrs. Chandler will continue to live in the residence and work with him, at least on a temporary basis.

He states that numerous inquiries have been made since the merger concerning the burial insurance policies sold by Chandler. It is explained that the policies are in no way effected by the merger.

Campbell has closed the former location of his chapel at 312 Burlington.

FHA Continues Area Roughage Program

John Quattlbaum, local county supervisor, today announced that the Farmers Home Administration is accepting applications under the Roughage Program.

Applications may be filed through Feb. 15, 1957 for a supply of roughage feed to carry basic livestock through March 15, 1957.

POLL TAXES LAG—EVEN FOR "OFF YEAR"

Sheriff Cleo Rogers' office reports that 1135 poll tax receipts have been issued for this year. (Actually the 1956 tax).

This number lags far behind last year's general election turnout of 1743, and even falls below last "off-year" total of 1161 out the last "off-year", 1955, when 1161 were paid. In 1954 1452 receipts were issued.

CAR TAGS NOW ON SALE

The pretty new shiny black on white car tags are now on sale at the sheriff's office in Dickens.

The tags for Dickens County this year carry "AR" as the prefix letters and are numbered from 3800 to 6099.

The tags went on sale Feb. 1 and must be bought on or before March 31.

AN EDITORIAL . . .

Who Killed Cock Robin?

Cock Robin may be dead—Now who killed Cock Robin? It is not our desire to decide on the issue of a Youth Center with or without dancing. We still have a free country and the individual can choose for himself the type of amusement and recreation he wants.

Every town in Texas has its pros and cons. But if we are to have a Youth Center in Spur both sides must be considered. We have seen the dancing issue block previous attempts for such projects. Those who oppose dancing will not support a Youth Center that has dancing. Those who want dancing are unwilling to support a Youth Center unless their children are allowed to dance—And Cock Robin is Dead!

Now, this question — "A whole pie, or no pie at all?" Personally if we can't have a whole pie, we will gladly settle for a half of a pie, or, for that matter, just a small slice beetle none at all.

Those who oppose dancing are firm in their convictions. No one should be asked to give of their time and funds to support an institution that carries on activities which they do not sanction. Most of our churches oppose dancing—our school board has ruled against it in our schools. So if we get 100 percent support for the Youth Center the opinion of this group must be honored.

And surely we can have a recreational program that will hold our Youth with this omission.

H. G. Lackey

Rains Hit Wide Area; .51 Measured Here

Forecast Calls For More Moisture

Thankful hearts and smiling faces turned skyward in the Spur area and over a wide section of the state this week with the coming of slow, soaking rains. By 8 a. m. this morning, 51 inches had fallen for the 24-hour period.

With the long-range forecast calling for "above normal" precipitation, the area watched clouds come and go for two days, and then rejoiced to the pitter-patter on the roof yesterday morning and last night.

Youth Center To Be Topic

Plans for a youth center for the teenagers of the Spur area are expected to take definite shape within the next two weeks as two meetings are at least tentatively set to discuss it.

Tonight the board of directors of the Spur chamber of commerce will meet, and Bill Glenn, president, states that the youth center will be one of the main topics of discussion. Glenn states that the board will discuss just how far the chamber can and will go in sponsoring and maintaining such a project.

In the meantime, Glenn states, tentative plans are being made for a town-wide meeting on the subject on Monday, Feb. 18. Prior to this meeting, the Spur schools will be asked to elect a committeeman from each high school class and from junior high school to work with interested adults on the project.

Definite plans about the Feb. 18 meeting will be announced by next week.

LATE NEWS BULLETIN . . .

THURSDAY MORNING, 9:00—

IT'S STILL RAINING!

Jr. High Teams Place In Tourney At Roaring Springs

The boys and girls basketball teams of Spur Junior High school entered the Roaring Springs tournament Jan. 31 and Feb. 1, 2. The Spur girls won second place and the boys won the consolation bracket.

Girls' Scores:
Spur 24, Matador 20
Spur 22, Fiomont 16
Spur 22, Roaring Springs 5
Spur 20, McAdoo 22
Becky Thatcher was high scorer for the Spur girls with 44. Janis Powell made 30, Nancy Latham 11, and Jane Fitzgerald 6.

Boys Scores:
Spur 28, Matador 36
Spur 43, Fiomont 18
Spur 35, Delwin 24
Don Morrison led the scoring for the Spur boys with 29 and David Albin hit 17.

Sandra Shearer and Albin were selected on the All-Tournament teams and received individual awards.

State Honors for 4-H Citizens

Linda Terry, 16, of Roby, and David Kuperman, 15, of Breckenridge, were named the 1956 Texas winners in the 4-H Citizenship program. Each was presented with a certificate of honor recognizing their good citizenship. The award is made in honor of Thos. E. Wilson, Chicago, veteran backer of 4-H youth.

Mrs. Willie Smith is at home in Spur now, after having received medical treatment at the Methodist hospital in Lubbock. She came home yesterday in a Campbell's ambulance.

DICKENS PTA TO MEET WITH CIVIC CLUB TONIGHT

The Dickens Parent-Teacher Association will meet with the Civic Club tonight, Thursday, Feb. 7, at 7:30 p. m. at the PTA's regular meeting.

Twelve members were present for the meeting Monday, along with two new members, Mrs. Tommy Conway and Mrs. Ira Westfall.

Plans were made for a music program in March. The next regular meeting will be March 4.

Since 1934-1939, the output per breeding unit of livestock has increased about one-third—40 percent more beef per cow, 20 percent more pork per sow, 45 percent more eggs per hen, and 30 percent more milk per dairy cow.

VETERANS ADMINISTRATION QUESTIONS AND ANSWERS

Q—I am a Korea veteran. Would I be permitted to study dressmaking in France under the Korean GI bill?

A—The law prohibits it. The only foreign training allowed is college-level work, approved by VA, offered by accredited institutions of higher learning.

Q—I was injured on the job, and doctors tell me I am totally disabled. I hold a World War II GI insurance policy. May I stop paying premiums and retain my coverage?

A—No. You should continue paying your premiums. After you have been totally disabled for six months, apply to VA for a waiver of premiums. Continue to pay until VA informs you your waiver has been granted. VA will refund all premiums paid during the period of your total disability, but for not more than one year prior to filing your claim.

Q—I am a disabled Korea veteran and I have received vocational rehabilitation training under Public Law 894. Would I now be eligible for further training under the Korean GI Bill?

A—You may subtract the amount of vocational rehabilitation training received from 48 months. If there is a balance left over, that is the amount of training to which you might be entitled under the Korean GI Bill.

Q—Am I supposed to notify my GI insurance beneficiaries if I want to make a change in my beneficiary list?

A—No. You need merely notify the beneficiaries themselves.

HOW DOES YOUR SOIL RATE?

A farmer has to "know his soil" as well as a politician "knows his voters" if he expects profitable response from management principles. No one can hope to stay in business very long if he mistreats or neglects the basis for his existence, whether it's votes or soil. As the farm's most basic commodity, soil will "support" its tillers only when proper improvement, conditioning, and conservation measures are practiced. But, mere recognition of a soil's limitations as well as its potential is an often-overlooked yet essential factor in securing a farm's maximum production.

"How Does Your Soil Rate?", a bulletin written by Extension Soil and Water Conservation Specialist Jack H. Barton, and Assistant Agronomy Professor J. F. Mills is intended to give a better

1957 EGG PRODUCTION LIKELY TO EXCEED 1956 RECORD

National egg production in 1957 is likely to exceed the 1956 record output of 169 million cases by 2 percent, according to Texas A&M Extension Economists and Poultry Marketing Specialists. Lower egg prices observed in late 1956 are expected to continue through the first quarter of the new year.

In the first half of 1957, output will come from about the same number of layers as a year earlier, but with a higher per-bird rate of lay. Present outlook indicates 1957 summer and fall prices will likely be near 1956 levels, since production after late summer probably won't be up much from 1956 figures.

If enough producers reduce purchases for pullet replacements, the outlook for reasonable profits during the last quarter of 1957 will be much brighter. Prices received by producers in the first quarter of 1957, however, will probably govern the number of pullet replacements. Effects of a drop in pullet replacements could possibly be offset by higher rates of lay per bird.

With a reduction in early spring pullet replacements egg production could drop, especially since hens now on farms lay less in second year production than pullets in their first year of lay.

Risk-sharing plans are not considered a major influence on 1957 egg production.

It's necessary to cultivate good habits—bad ones grow wild.

understanding of soil to the average reader. Written in clear, concise, non-technical language, this bulletin offers an excellent description of the major soil characteristics and limitations.

Photographs aid in the bulletin's treatment and explanation of soil texture, permeability, condition, and slope. The effects and characteristics of depth, wetness, erosion and other production-influencing factors are also adequately covered.

A description of land capability classes and a detailed section on recommended land treatments make this bulletin an extremely practical guide for teaching land evaluation principles. Barton expresses hope that it will result in a more uniform method of evaluation throughout the state.

Copies are available from the office of your local county agent.

HOW TO SAVE YOUR LIFE

You could be one of fire's victims. But in knowing what to do may save your life.

First: Get everybody out of the house. Second: Call the fire department.

If you live in a community where fire apparatus can quickly reach your home, don't attempt to put the fire out.

If you live in a community where you and your neighbors have to fight your own fires—at least during the first few minutes while waiting for the firemen to arrive—have the following on hand:

1. Fire extinguishers. Keep them handy. Inspect them at least once a year. Follow manufacturers' instructions for refilling. Be sure they are tested. Know how to use them.
2. Water supply. If you don't have a public water supply, a deep well or a pond is essential and should be accessible by road. Without water, you and your neighbors cannot successfully fight fire.
3. Ladders. For making hasty escapes from upstairs rooms when stairways are cut off by flames.
4. Garden hose.
5. Buckets.
6. Hand-operated pump tank. These tanks are easily operated and are extremely useful.

Death Toll of Children

About 6,000 children of elementary school age (5-14) die every year as a result of accidents—a toll far outranking that for any other single cause of death. Of these 6,000 deaths, 600 are the result of fire in the home. And these are children aged 5-14. In addition, over 1,000 younger children also die as a result of fire.

A Plant Disease Diagnostic Laboratory is now in operation at College Station. Dr. Harlan E. Smith, extension plant pathologist, is in charge and details on the lab and its services may be obtained from local county agents.

NOTHING MEASURES UP TO Electric COOKING

Electric COOKING is Clean Fast and Fully Automatic

"WRITTEN ON THE WIND"
GREAT DRAMA WITH FOUR
STAR CAST AT PALACE

Magnificent drama comes to the screen of the Palace Theatre Sun with the opening of "Written on the Wind", Universal-International production in Technicolor, boasting a star-studded cast headed by Rock Hudson, Lauren Bacall, Robert Stack and Dorothy Malone.

The story is a dynamic study of a man who becomes incapable of living happily with his young wife. His conflict with his best friend, who loves his wife without admitting it, makes this one of the most compelling emotional stories to hit the screen this year.

As the silent admirer of Lauren Bacall, his friend's bride, Rock Hudson turns in another telling performance in a growing list of hit dramatic roles which keep him at the pinnacle of Hollywood stardom. Hudson's compelling dramatic ability, combined with the quiet charm which first made him

a bobby-sox idol, makes his romantic scenes with Miss Bacall among the most poignant of the season.

Miss Bacall is at her best in the part of a sophisticated woman who attracts all types of men and her svelte beauty enhances the hard-hitting emotional sequences.

Stack makes the most out of the best acting opportunities of his career. His portrayal of the profligate heir to a vast oil empire is definitely of Academy Award stature. As an intelligent young man of weak character, Stack brings a psychotic of the most futile kind to the screen.

There probably has never been a more abandoned creature portrayed on the screen than that played by Dorothy Malone as Stack's sister whose mind is on one thing only, men, and on one man in particular, Rock Hudson. Her characterization of the wanton daughter of wealth and leisure makes her another likely candidate for Academy Award consideration.

IT'S THE LAW
in Texas

Just The Relevant Facts, Ma'am

The tests of truth and relevancy which courts apply are stricter than those which we use in daily life. As a rule we don't put a man under oath. We don't cross-examine him if his story fails to hang together. We don't jail or fine him if he lies to us. But we do these things in court.

Why is that? Because we think everything that takes place in a courtroom is important. Your property, your personal or civil rights—even your family's welfare or your life or liberty—may rest upon the truth of testimony in court.

Eager as courts are for facts, their tests fall short of those of science. When a scientist doubts the outcome of an experiment, he need not rely upon somebody else's word. He just repeats the experiment in question.

But not so in court. The acts told of in courts cannot be lived over again, for the court to see first hand. For example, you cannot bring back and ask a dead man whether he signed a will or whether the accused killed a man. We cannot re-do a murder; we can only get the witnesses to tell what they know first hand.

To protect each party, there are a number of safeguards. One of these is that we put the witness under oath on pain of penalties for lying. Another is that we cross-examine the witness.

The relevancy test is still another example. Evidence which does not meet the test may be excluded from consideration in determining the facts of the particular case, upon objection by the opposing attorney.

Evidence is "relevant" only when it tends to answer some question of fact involved in the controversy or case at hand.

Lawyers may seem always to be objecting to testimony. They have a duty to their clients and the court, to see that the judge and jury hear only what is true and relevant under the law.

If a lawyer protests, the judge may rule out some kinds of facts an d tell the jury to ignore them. Sometimes too, some facts seriously break the rules of evidence. Then the judge declares a "mistrial" and orders a new trial.

He does this when the testimony is so unfair as to put the rights of the accused in danger. He does this also to protect the public.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Aspiration plus perspiration enables a man to reach his goal.

Mr. and Mrs. Jim Wyatt and family of Girard were dinner guests of her parents, Mr. and Mrs. Forrest Martin, Sunday.

Mr. and Mrs. Cecil Estep and family of Dry Lake, and Leslie Estep and daughter, Karen and Marilyn of McDonald, New Mexico spent the day with Mr. and Mrs. Ray George Sunday.

Mr. and Mrs. Donnie Pace drove to Hobbs, New Mexico Saturday and visited a few days with their daughter, Mrs. Loyd Rhinehart and family.

It was reported that the well they are drilling on the Donnie Pace farm is showing favorable signs of oil.

Mrs. Ray George went to Lubbock Monday on business.

Forrest Martin helped Bob Greer with a sick cow last week.

Mr. and Mrs. Darrell Thomason and children of Hereford drove down Friday and spent the week end visiting her parents, Mr. and Mrs. Keley Putman, and his parents, Mr. and Mrs. Earl Thomason.

Earl Thomason, J. E. Hemphill, and Ray George went to Hereford Saturday after a load of bundle feed.

Mrs. Gladys Smith of Lubbock, Mrs. May Smith of Spur, and Mrs. Edna Hemphill visited recently in Monahan with Mr. and Mrs. Jack Smith and other relatives.

Mrs. David Clay and Patsy, and Mrs. Dick Stubblefield and baby of Dickens visited Mrs. Edna Hemphill, Thursday.

Douglas McArthur preached Sunday on "Rules for Studying the Bible." Slim Metteer of Spur taught the adult class at Bible study Sunday morning. Mrs. Geraldine Daughtry and baby of Aspermont and Mrs. Darrell Thomason and children of Hereford were out of town visitors at church services.

Sunday afternoon, Mrs. Keley Putman and Mrs. Darrell Thomason and children visited with Mrs. Clarke Morgan in Spur, while their husbands played dominos with Jerry Thomason and James Daughtry at Jerry's house.

Mr. and Mrs. James Daughtry of Aspermont spent the day with Mr. and Mrs. Jerry Thomason Sunday. The Jerry Thomason's have just returned from a three week visit with her parents, Mr. and Mrs. A. B. Smith in Calif.

Mr. and Mrs. Earl Fry of Lubbock came down Sunday to visit Mr. and Mrs. Jimmie Hahn and Mr. and Mrs. M. E. Tree.

Mr. and Mrs. Forrest Martin and Mr. and Mrs. Donnie Pace

NEW EARLY-MATURING GRAIN SORGHUM VARIETY RELEASED FOR PLANTING

Redbine 58, a new early maturing grain sorghum variety, has been developed by the Texas Agricultural Experiment Station in cooperation with the Midwest Research Institute and Corn Products Refining Company.

Redbine 58 is earlier in maturity than most presently grown combine varieties of grain sorghum. It blooms in 58 days at Lubbock and is 3 to 4 days earlier than Martin and about 2 weeks earlier than Redbine 66. It usually performs better and is a surer crop under dryland planting in areas of low rainfall or in dry years. It is also adapted to

higher altitudes and latitudes where early maturity is important.

The bright reddish-yellow grain of the new variety is hard like Martin, germinates well, does not weather badly in the field and thrashes well. It is highly superior to Combine 7078 in these respects and is a more attractive grain than its Martin parent. Head bearing stems of the variety are long and the heads dry early as the grain matures.

In tests, Redbine 58 has produced as much or more grain per acre as other early maturing varieties and coupled with its good combining characteristics, makes it a desirable variety.

Adequate supplies of planting seed for farm use should be available for 1957 planting since seed were released last spring to certified seed growers.

Editorial

PIONEERS

We are proud of our pioneer fathers. We are proud that they had the courage to give up the safety and comforts of established homes and push into new country where danger lurked, where hardships pressed their daily lives and safety lay in being able to fight off their adversaries. They explored the possibilities of a new country. Sometimes they tried new ventures and failed but more often they tried and succeeded. They were never content to let well enough alone but ever pushed forward to things that challenged their ingenuity.

We have pioneers with us today - men who are pushing forward with new ideas for the betterment of our community, for the upbuilding of our local economy and

for the security of their own families.

Are you a pioneer at heart? Do you have an idea as to how a new business can and should be started? Can a new crop be grown that will add to the prosperity of the community? Have you day-dreamed of starting a new project that would bring prosperity to yourself and others who might follow your lead?

Pioneers were men and women who trusted in a Divine Providence and worked to make their dreams come true. Dickens County is far from being exhausted of new opportunities. Let's all be pioneers and push forward into discovering where opportunities are and develop them for the benefit of our entire community.

We have all had our dreams - let's dare to work to make our dreams come true.

"TUNING" MAY BE GOOD FOR YOU

It was rather an interesting letter that a radio broadcaster received some time ago. It was from a sheep-herder—or should we call him a shepherd?—on a lonely ranch in the far west. The letter ran, in part:

"Will you please strike 'A' on your broadcast? I'm far away from a piano and the only comfort I have is my old fiddle. It's all out of tune. Will you strike 'A' so that I can get it in tune again?"

The radio man granted the simple but

unusual request, and some days later received a letter of appreciation from the man, saying, "Now I'm in tune again."

And we are reminded that there may be some lives that need tuning, that need to hear the clear pitch of "A." One does not have to be on a lonely ranch in an isolated place in order to be out of tune. And to be in a position to sound the chord for those who have lost it and are groping for it, is a grand privilege. It is a blessed service in a discordant world. It may be that multitudes are out of tune, and don't know it.—Religious Telescope.

HIGH SCHOOL AND EAST WARD MENU

February 11-15
Baked pork meat, potato salad, sliced lettuce, cherry cobbler, butter, milk, bread.
TUESDAY
Salmon croquettes with catsup, lima beans, sour pickles, rice pudding, purple plums, milk, bread.
WEDNESDAY
Meat loaf, candied yams, green

salad, banana pudding, milk, bread.
THURSDAY
Pinto beans with ham, buttered hominy, seasoned spinach, sliced onions, corn bread, peanut butter cookies, milk.
FRIDAY
Hamburgers with cheese, potato chips, green beans, fruit jello, milk.

When working with sheep, do not use the wool for handles. Nicarbazine can be safely used as a coccidiostat for young chickens at recommended dosages, but should be discontinued at least one week before egg production is to begin.

How To Take A Soil Test

If your yields weren't as high as expected at harvest, or your hay crop has been below par then soils samples taken and tested can help you find the reason.

Poor yields often result from lack of nutrients in the soil. But even if your yields were high, the crops have drained off big amounts of plant food, and replenishments may be necessary. A soil test can help you decide what kinds and how much fertilizer to add for planting this year. Agronomists point out, however, that soil tests are only as good as the samples a farmer takes from his field. R. D. Bronson, Purdue University, soils specialist, says that inaccurate samples cause the greatest errors in way to take soil samples: 1. Pick an area on your farm that is uniform in color and soil texture—one which has had similar cropping and fertilizer treatment.

2. Avoid mixing soils that are light and dark colored, or those with a different crop history or past fertilizer treatment.
 3. Use a sampling tube, auger or shovel to remove a small sample from surface to plow depth.
 4. Stay away from fertilizer bands in row crops, farm lands, field borders, feeding areas, and ridges and areas within 100 feet of gravel roads.
 5. Mix the samples representing one area thoroughly in a clean pail. Spread out the final mixture to dry. Use enough of this mixture to fill one soil carton. Soil sampling instructions, forms to fill out and shipping containers, can be obtained from local county agents or fertilizer dealers.
- "Good soil tests can provide one of the best guides available for determining the plant food reserves of the soil. They can help a farmer provide his crops with the balanced fertility needed to get profitable returns from his investment in fertilizer," says the Agricultural Service Division of the Union Bag-Camp Paper Corporation, makers of multiwall bags for fertilizer.

CIGARETTES SEEN AS CAUSE OF MANY FIRES

Why do cigarettes cause so many fires? What fabrics and other materials will a cigarette ignite most easily?

Do certain conditions make a cigarette especially dangerous? To find the answers to these questions, the Office of the California State Fire Marshal conducted a series of tests. Lighted cigarettes were dropped into wastebaskets and boxes filled with various types of rubbish and dried vegetation, and fanned to make conditions most favorable for burning. They were puffed near flammable liquids and gases, and pinched so their glowing coals fell through flammable vapors. They were laid on samples of natural and plastic materials commonly and up-holdstery, an don samples of bedding and cushioning and left to burn until they went out. The results of the tests were

valuable in giving further data on this common cause of fire. One of the observations, certain to be of importance in finding the answer to the question "Why are cigarettes one of the top causes of fires?" is sheer numbers!

In 1955, more than 400 billion cigarettes were smoked — about 800,000 a minute. At that rate, it would take only one cigarette in 2,000,000 to cause 200,000 fires a year!

If you are a cigarette smoker, the best course to follow is to regard every cigarette you light as that one in two million that may cause a fire—and take the precautions recommended by the National Board of Fire Underwriters:

1. Keep plenty of ashtrays handy — large, noncombustible ones that won't tip over — and use them!
2. Never toss a lighted match or butt carelessly away. If you are at home or out in a car, use an ashtray. If you are in the woods, make sure your smoking materials are cool to the touch before you dispose of them. Do the same when emptying an ashtray into a trash can.
3. Before you go out or go to bed — especially after entertaining — make a brief inspection to be sure no cigarette has dropped into a chair, or behind a sofa cushion, or onto a carpet, or anywhere else where it could start a fire.
4. Never smoke in bed!

TAX-MAN SAM SEZ:

Most of us are not surprised when the tax folks tell one of the most common errors that we make in our tax returns is failing to add and subtract right. They say that most of us add in favor of ourselves instead of in favor of Uncle Sam. Most of us would save ourselves time and trouble by checking our tax returns before we mail them. The Government has lots of adding machines and they check the tax returns carefully and usually send a bill for the mistake.

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION.

Sealed proposals for constructing 15.247 miles of Gr., Strs., Flex. Base & Two-Crs. Surf. Treat. from Dickens to Motley C. L. on Highway No. SH 70, covered by S 446 (1), in Dickens County, will be received at the Highway Department, Austin, until 9:00 A. M., Feb. 13, 1957, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of Algie Groves, Resident Engineer Matador, Texas, and Texas Highway Department, Austin. Usual rights reserved.

Cotton Still King

Cotton income multiplies itself more than 7½ times as it moves through the channel of trade and processing. Just suppose we suddenly wiped out cotton. What would happen to the farmer, to business, to industry and all others who depend on the new wealth it produces annually?

Let's see. In 1956 the aggregate value of principal crops grown in Texas is placed at 1.1 billion dollars by the USDA Crop Reporting Board. The Board said: "Cotton was by far the most important crop and contributed more cash value than all other crops combined."

Do our Texas farmers have the know-how to produce cotton efficiently? A recent issue of "Economic Facts and Opinions" issued by Texas A&M College points out: "In 1955 acre yields of cotton were 52.9 percent above 1951 in the U. S. and 69.9 percent in Texas." Nor is that all. This publication effectively refutes those who would have us believe cotton growing is a disease when it says: "Production has continued to increase because, in the Cotton Belt, there is no better income-producing enterprise than cotton. It is also a very dependable crop and is responsive to improved cultural practices."

The outlook for cotton is bright. World cotton consumption is at an all-time high. During the crop year August 1, 1955—July 31, 1956 world mill consumption has been estimated at 36,700,000 bales of

commercial cotton of all growths. That is not much under world production in 1956 of 38,903,000 bales. The world demand for textiles is steadily growing. But, the increased demand is being met mainly by foreign cotton and by man-made fibers—rather than by United States cotton. A relatively high price for United States cotton has tended to encourage the increase in the acreage of foreign cotton and the expansion of man-made fiber consumption at home and abroad.

His Golden Anniversary at the Wheel!

In Texas, there is a gentleman who is currently driving out his fiftieth year at the wheel of a Cadillac car.

In New Jersey, there is another gentleman who has purchased every yearly model that Cadillac has produced over the past fifty-three years.

These are simply dramatic examples of one of the most remarkable truisms in all motordom: that once a man takes the wheel of a Cadillac, he usually remains at the wheel of a Cadillac!

To be sure, a motor car would have to offer many unique virtues in order to win so generous a place for itself in the affections of so many.

And, in the case of Cadillac, we think these virtues are self-evident.

There is, first of all, quality. No effort of styling or design or craftsmanship is ever spared

to make Cadillac the finest possible motor car.

There is beauty and luxury and performance. The car's magnificent styling and interior coachwork have, over the years, brought Cadillac an inbred majesty and elegance that are entirely its own . . . and Cadillac engineering has been the industry's constant inspiration.

Finally, there is reputation. Never in automotive history has another motor car sustained such an abiding public conviction in its own goodness.

And, certainly, these basic Cadillac ingredients have this year reaped their richest harvest.

So whether you've been at the wheel of a Cadillac for half a century . . . or have yet to spend your first hour in the "car of cars" . . . you should see and drive this newest of Cadillacs.

Need we say more?

JOHN CALLIHANS OBSERVE GOLDEN ANNIVERSARY AT McADOO SUNDAY

In celebration of their Golden Wedding Anniversary, Mr. and Mrs. John S. Callihan were honored with a tea at their home, northwest of McAdoo, Sunday, February 3. Calling hours were from 2 to 5 o'clock. Hosts for the occasion were the Callihan children.

Guests were received by the hosts, the honored couple and his brothers, Suggs Callihan of Clyde and Mr. and Mrs. Sam Callihan of Big Springs. Also in the house party was his sister, Mrs. Jess Muncy of Amarillo, and her brother, Mrs. Lizzie Crausback and L. C. Hickman of McAdoo.

Miss Kay Burrow and Miss Zevonda Callihan of Springdale, Ark., granddaughters, presided at the registry table which was centered with a lovely dried floral arrangement in tones of amber and gold, a gift from a former pastor, Bro. and Mrs. R. G. McLeod of Hull. Approximately 120 guests called.

Covered with a lace cloth over gold, the serving table was centered with yellow roses among hues of variegated gold ribbon arrangement. The cake, in a pale yellow was designed as an open book, with the words, "Our Memory Book 1907-1957" and scatterings of sweetheart roses in gold. Coffee and lime sherbert punch were served with crystal and silver appointments.

Assisting with hospitalities were: Mr. and Mrs. M. A. Callihan, Mr. and Mrs. Orvin Roy Callihan, Mr. and Mrs. John Burrow, Mr. and Mrs. Darwin Callihan, Mr. and Mrs. Lawrence Pipkin and Mrs. Elsie Mae Payne.

Mr. and Mrs. Callihan are early day settlers. They were married at the "Old Hickman Homestead" 4 miles south of where they now reside; February 3, 1907.

Mrs. Callihan, the former Ethel Hickman, who was born in Jack County, Texas, came to Crosby County with her family, the late Mr. and Mrs. S. C. Hickman when she was only 13 years of age.

Federation Hears Cancer Unit Report

The City Federation met in a called meeting on Tues. Feb. 5 in the home of Mrs. C. H. McCully with the president, Mrs. Adrain Karr presiding.

During the business meeting the minutes were brought up to date. The treasurer, Mrs. Fred Hale, reported that the books had been balanced for the past two years and showed a balance of \$265.45 in the library fund. At this time Mrs. J. R. Laine tendered her resignation. The club accepted her resignation with deepest regrets and gave Mrs. Laine a rising vote of thanks for her more than 13 years of service.

Mrs. Earl Murchison, a visitor who is Crusade Chairman of the Dickens County Cancer unit gave a very interesting report on the District 2 meeting of the American Cancer Society which she attended recently in Sweetwater.

Federation Tea Will Honor Mrs. Laine

Mrs. O. R. Cloude was hostess to the 1933 Study Club, Tues. Feb. 5. During the business meeting Mrs. C. H. McCully announced a City Federation Tea honoring Mrs. J. K. Lane, Sunday, Feb. 10 at Mrs. McCully's home. Members of all the Spur Study Clubs and the Harmony Club are invited to attend.

"The Last Stitch" by Dr. William L. Croswait was reviewed by Mrs. Horace Wood for the delightful entertainment of all present, including Mrs. Horace Wood, C. H. McCully, Everett McArthur, O. R. Cloude, George Gabriel, Cal Wright, Elmer Hagins, H. G. Lackey, and the following visitors: Mrs. M. B. Nunley, H. G. Lackey, Jr., Mrs. Myrtle Whitwell and Miss Willie Hampton.

Kitchen Shower Fetes Dean Reagan

A kitchen shower was given as a courtesy to Miss Dean Reagan on Friday evening, Feb. 1, at the home of Mrs. Alfred Walker Co-horesses for the occasion were Mrs. Bill Glenn, Mrs. Fike Godfrey and Mrs. Grady Lackey, Jr.

An arrangement of artificial fruit was used as a focal point. A planter of ivy, in the shape of a rolling pin with a tiny red devil perched on the handle, added to the decor. The honoree was presented with a corsage made of miniature kitchen utensils, and the planter.

Games were played with the gifts for the kitchen presented to the honoree as the winner of a taste contest. An automatic coffee maker was the hostess gift.

Refreshments of sandwiches, olives, nuts, cookies and spiced tea were served. Plate favors were tiny red-handled kitchen tools tied with white satin ribbon.

Attending were Misses Merla Bea Foreman, Katie Rector, Ann Reagan and Sue Bigham, Mrs. Marlane Neely, Virginia Lindsey, Dalton Lelew, Bob Nunley, Charles Sonnemaker, Jesse Morrison, Ollie Lisenby, J. B. Morrison, Jr., C. F. Watters, and Jimmy Brooks, the honoree, Miss Reagan, and the hostesses.

1931 Club Discusses Spur Youth Center

The 1931 Study Club met in the home of Mrs. Pat Williams, Tuesday, February 5 with Mrs. Alfred Walker in charge of the program.

Mr. Bill Glenn and Mr. C. L. Berry made talks concerning a Youth Center for Spur and the following high school students were called on for their views on the project: David Morgan, Lois Ann Callen, Katy Rector and Deany Mobley.

The following members were present: Mrs. Bill Glenn, Alfred Walker, Fike Godfrey, Earl Burnett, Everett Martin, W. E. Francis, Bill Gregory, Harold Karr, Ben Abercrombie, Dalton Lelew, W. D. Blair, Jr., Bill Henry, Louis Arnold, Douglas McArthur, Judon Rickels, Mac Allison and Mrs. Pat Williams, hostess.

Mrs. Haralson Is Honored At Coffee

Mrs. J. B. Haralson was feted at a farewell coffee given in her honor at the home of Mrs. Dalton Lelew on Tuesday morning.

A toy moving van with miniature furniture and tiny dolls representing the Haralson family formed the centerpiece on the coffee table.

Coffee and "moving van" cookies were served to guests. Gifts were presented to the honoree. Present for the occasion were Mrs. W. E. Francis, Jr., Albert Spraberry, Jr., Bill Glenn, Grady Lackey, Jr., Mac Steele, Bob Nunley, Clyde Bearden, Mac Allison, Fike Godfrey, the honoree, Mrs. Haralson, and the hostess, Mrs. Lelew.

HOSPITAL NOTES . . .

ADMITTED 1-29, Mrs. T. C. Sandlin, Girard; 2-1, Rosa Overton, Girard; 2-2, Mrs. Earnest Thomas, Girard; 2-4, Mrs. Leon Vozquez, Spur.

DISMISSED 1-30, Linnie Pearl Hahn, Spur; 1-31, Mrs. S. C. Thomas, Spur; 1-31, Don Condron, Spur; 2-2, Mrs. John Boland, Girard; 2-2, Mrs. W. G. Hinson, Spur.

A son, Roger Dal, was born to Mr. and Mrs. D. D. Tullis, February 3 at 4:49 p. m., weighing 7 lb.

The governor emphasized that the ailments—hardening of the arteries, high blood pressure andumatic fever—are responsible for 90 percent of all heart disease, and pointed that "a mass effort against these diseases requires increased medical research, professional education programs, inform about the latest knowledge in the heart field, lay education to dispel misconception among the general public and encourage early diagnosis, and community services which include rehabilitation of cardiac patients, rheumatic fever prevention and other programs.

The Texas Heart Association and its affiliated community chapters are associated in the fight against heart diseases with the American Heart Association, was pointed out by Dr. Jones and Dr. D. D. Warren of Waco, president of the state organization.

SPUR HIGH SCHOOL SCHEDULE OF EVENTS— Feb. 11—Jr. Hi basketball at Waco; Feb. 12—Hi School basketball, Waco; Feb. 13—Hi School basketball, Waco; Feb. 14—Jr. Hi basketball, Postville; Feb. 15—Hi School basketball, Waco; Feb. 16—Hi School basketball, Waco; Feb. 17—Hi School basketball, Waco; Feb. 18—Hi School basketball, Waco; Feb. 19—Hi School basketball, Waco; Feb. 20—Hi School basketball, Waco; Feb. 21—Hi School basketball, Waco; Feb. 22—Hi School basketball, Waco; Feb. 23—Hi School basketball, Waco; Feb. 24—Hi School basketball, Waco; Feb. 25—Hi School basketball, Waco; Feb. 26—Hi School basketball, Waco; Feb. 27—Hi School basketball, Waco; Feb. 28—Hi School basketball, Waco; Feb. 29—Hi School basketball, Waco; Feb. 30—Hi School basketball, Waco.

"NEVER REST 'TILL SPUR SCHOOLS ARE BEST"

The PTA program for next Tuesday, February 12, at 2:30 p. m. at the Primary Auditorium will be under the direction of Mr. Guy Karr, Civil Defense Chairman for the local PTA unit.

Mr. Carr, in cooperation with Mr. Bob Nunley for 8 district has worked up a most informative program. The question of Civil Defense, even in a remote section of the country is of vital importance to every American citizen.

Would you know what to do should you come in contact with radio-active conditions? Come to PTA Tuesday, February 12, at 2:30 and find out!

Notice: All parents interested in cub scouting, boy scouting, girl scouting, Indian nation, boy's club, camp fire girls—come to PTA Tuesday at 2:30. If you can't come send someone to express your views or call so that we will know what you can do.

Social Security Now i Gets Nearly Everyone

Virtually all self-employed people are now covered by social security except doctors of medicine, according to John G. Hutton, Manager of the Lubbock social security office. With the passage of the 1956 Amendments to the Social Security Act, the Nation's social security system will now protect practically every family. About 200,000 professional self-employed are affected by this change.

Self employed lawyers, dentists, osteopaths, chiropractors, veterinarians, naturopaths, and optometrists are now building old age and survivors insurance protection for themselves and their families. Net earnings for 1956, if they are as much as \$400, will count toward social security insurance. The law requires self-employed persons in these groups to report their earnings up to a total of \$4200 a year for taxable years ending after 1955. In most cases, first reports will be filed with 1956 income tax returns early in 1957. This applies whether the work is in individual practice or in a partnership.

Mr. Hutton said that lawyers make up the largest number of newly-covered self-employed professionals. He pointed out that social security is not new to lawyers. Many are already familiar with the insurance provisions of social security, and have had occasion to observe and study it in connection with the affairs of clients. Also, some lawyers and other professional people already have social security credits earned in military service in

World War II, or while working for wages.

The 1956 Amendments also cover additional farm operators. Landlords who substantially assist in or manage production of a crop or livestock on land farmed by renters or sharecroppers must report their farm income for social security if they had a net profit of \$400 or more in 1956.

A representative from the Lubbock Social Security Office will be in Spur on Feb. 14 at the Post Office at 9:00 a. m. to 2:30 p. m.

Is Club Topic Here

The 20th Century Study Club met Tuesday with Mrs. E. S. Lee as hostess. Footsteps of Progress in Music and Youth Conservation was the subject for the afternoon program.

Mrs. Cliff Bird was director of the program and introduced the girls who rendered a most enjoyable musical program. Evidence that music is making progress in the lives of many of our young people.

Piano and vocal solos, duets and a very pleasing sextet were given by the following: Dale Bush, Ann Austin, Cookie Gregory, Sue Bigham, Donna Lou Scudder, Ann Godfrey, Katy Rector, Lois Ann Callan and La Nell Marcy.

Mrs. Ratliff presided during the business session. Officers for next year were elected as follows: President, Miss Margaret Elliot; 1st V-President, Mrs. Geo. Stanford; 2nd V-President, Mrs. Bob Blackhear; Treasurer, Mrs. Eris Foster; Corresponding Secretary, Mrs. J. A. Koon; Recording Secretary, Mrs. Basil Cairnes; Delegate to City Federation, Mrs. Dick Sampson; Reporter, Mrs. Geo. Link.

This big high-stepping Chieftain started a revolution with a carload of "firsts" and an eye-popping price tag!

The low-price field never looked like this before! The handsome husky you see right here has the boat still rocking . . . with more power, more wheelbase, more room—and more sheer pride of ownership—than ever before possible on a well-trained budget! Just look at what they're making room for now in the low-price lineup: a strapping 347 cu. in., 10 to 1 compression ratio Strato-Streak V-8 . . . a whopping, road-hugging 122 inches of wheelbase and an all-new suspension system for a Level-Line Ride that's next best thing to a magic carpet! And this streamlined beauty takes on the field with more than six dozen "firsts", all proved by 100,000 of the roughest, toughest test miles a group of facts-minded engineers could devise! If this sounds like a wonderful buy—it certainly is! Our advice is to stop dreaming and price it! At a cost less than a lot of the low-price jobs, this newcomer is making big-time buyers out of former "all-three" owners!

Lowest-Priced Series of America's Number 1 Road Car!

TAX-MAN SEZ.
A lot of farmers have found out that it pays to pay self-employment tax, especially if they are 65 years old or nearly 65. The "1956 Farmer's Tax Guide" explains the self-employment tax to farmers. You can get a copy of this free booklet from your County Agent, your local Internal Revenue Service office, or by writing the District Director of Internal Revenue, 2101 Pacific Avenue, Dallas, Texas.

Feed and water and their containers, contaminated by the pus are considered by veterinarians to be the means of spreading jewel abscesses in a herd of swine. Swine whipworm eggs are now known to survive at least six years in soil.

Dry Lake Community News

Last Saturday Muri Foreman was hauling feed from Idaleto to home and lost his billfold containing his driver's license and other papers and about \$14.00 in money. If anyone should find the billfold, Muri would appreciate you getting in touch with him by mail, (Rt. 1), or telephone 2158 Dry Lake.

Mr. and Mrs. Hade Condon had their children home Sunday for dinner. They were Mr. and Mrs. Tom Condon and children of Crosbyton, and Mr. and Mrs. Don

Condon of Spur, Jack Condon, and Mr. and Mrs. Buck Ballard and children.

Mrs. A. M. Wright and her grandsons, Mr. and Mrs. Dan Wright, Mr. and Mrs. R. D. Wright and daughter, Mary, visited her son and the boys parents, Mr. and Mrs. Dick Wright over the week end. Mrs. A. M. Wright's son, D. C. Wright of Abernathy, met her here and she went home with him for a visit.

Visiting their mother, Mrs. Luther Karr Sunday were his child-

ren, Mr. and Mrs. Harold Karr and daughter Sandra, and Mr. and Mrs. Hubert Karr.

Mr. and Mrs. John Montgomery of Jayton, Mr. and Mrs. Toby Collett and children met to watch wide world on TV. Miss Paulita Karr, daughter of Mr. and Mrs. Hubert Karr, was in the parade at Austin. Paulita is attending college in Abilene and the group drove to Austin for the occasion.

Ineta Kidd had Sunday dinner with her aunt, Mr. and Mrs. Oia Miller Sunday.

Mr. and Mrs. W. W. Pickets were supper guests Sunday night of his brother, Mr. and Mrs. Bob Pickets.

John Coursey visited his uncle Monday night.

Mr. and Mrs. Stanley Whitefield of Stinnett drove down to her parents, Mr. and Mrs. John Coursey Friday night. Saturday Mrs. Coursey drove with them to Lovington, New Mexico, to attend the wedding of her son, Glen Martin, to Miss Esther McLeroy of that city. They had a church wedding and Glen has bought them a nice trailer house and are ready to live at home in Lovington.

Mrs. Coy Dopson visited Mrs. Velma Rogers in Spur Wednesday afternoon.

Miss Wanda Wright had as her guests Saturday night for supper Miss Jean Feaster, Miss Nedra Hagar and Miss Maxine Feaster. After supper Wanda drove home with the girls to watch television until bed time.

Mr. and Mrs. Ivy McMahan had Saturday night supper with their daughter, Mr. and Mrs. Archer Powell.

Mr. and Mrs. Loyd Ball and children of Lamesa had dinner with his parents, Mr. and Mrs. W. E. Ball Wednesday.

Hollis Wayne Ballard spent Sunday with Alan Ray Bingham.

E. J. Lassetter was taken to the hospital for treatment Sunday afternoon, he was suffering from cold and Asthma. He is some better at this writing.

Rev. Tommy Strother will fill his regular appointment Sunday at Foreman Chapel Church. Sunday school will meet at 10 o'clock.

Mr. Coy Dopson and brother John Johnson drove to Clairemont Monday afternoon on a visit and business trip to her brother, Mr. and Mrs. Dewey Johnson. John will stay for a few days to help his brother do some painting.

Little Jane Powell was sick Monday, her mother thought she might be taking the mumps.

Mrs. Russell Williams is still at the bedside of her father Mr. A. R. Howe who is in the hospital in Ft. Worth.

Mrs. Dock Hickman and daughter Dorothy and Virginia Ball visited her aunt Mr. and Mrs. W. E. Ball Saturday night.

Miss Nancy Powell was sick Friday.

Rev. Tommy Strother and the young folks of Spur Circuit churches attended a Sub-district MYF meeting in Ralls Sunday afternoon at the Methodist church.

Congratulations Mr. and Mrs. Bob Pickets on having a new Ford car.

While working with the Garner boys well drilling rig, Don Condon got his left thumb mashed so badly it had to be amputated, he is doing fine at this writing.

Rev. and Mrs. Tommy Strother are entertaining the Spur Circuit MYF Friday night at 7 o'clock with a party in the paragon home. Refreshments will be served.

Mr. and Mrs. Kenneth Coursey and children visited his brother, Mr. and Mrs. John Coursey Sunday afternoon.

Ted Hindman and Jack Condon attended the wedding of Glen Martin and Miss Esther McLeroy in Lovington, N. M. Saturday night. Jack was best man at the wedding.

Mr. and Mrs. Seymond Reynolds visited Mr. and Mrs. John Coursey Sunday afternoon.

Mr. and Mrs. Muri Foreman had as their guest over the week end, Mrs. Foreman's sister Dr. and Mrs. Robert Henry of Los Vegas, New Mexico. Dr. Henry had attended a dental convention in Dallas and they stopped by for a week end to visit her sister, Mrs. Muri Foreman.

Mr. and Mrs. Bob Pickets had as their guest Sunday for dinner their children, Mr. and Mrs. Ernest Caplinger and boys, Don and Garry, Mr. and Mrs. Lewis Hickman, Bobby Joe and Lela Beth, Mr. and Mrs. Levis Pullen, they are all of Lubbock.

Mr. and Mrs. Darwin Callihan of Odessa spent Saturday night with her parents Mr. and Mrs. W. E. Ball.

Miss Dorothy Powell was home from Lubbock over the week end. A friend R. B. Covington a student at Texas Tech visited with her.

The Spur Circuit MYF met in regular meeting Sunday night at the Duck Creek Church.

Foreman Chapel Sunday School were so glad to have Ann Kissinger and sister Karen of Lubbock to visit Sunday School Sunday.

Mr. and Mrs. Willie Ball and son Danny Ray visited his brother Mr. and Mrs. W. E. Ball Tuesday.

Mr. and Mrs. Buck Ballard attended the funeral of Mr. A. J. Hurst Monday afternoon in Spur.

Rev. Tommy Strother visited Mr. and Mrs. E. J. Lassetter Monday afternoon.

Mrs. Dan Pritchett visited Mrs. Willie Allen and Miss Bettie Cartwright Monday afternoon.

Mr. and Mrs. Dick Wright and daughter Barbara, and Mr. and Mrs. John Aston and Mrs. Hade Condon attended the family night at Duck Creek Church Monday night. The next meeting will be at Foreman Chapel Church first Monday night in March at 7:30.

Mr. and Mrs. John Aston had as their guest Sunday afternoon her brother Mr. and Mrs. Gerald Crump and sister Miss Frankie Crump, a niece Mr. and Mrs. Jack Davis and baby Nancy all of Crosbyton.

Mrs. Willie Smith who has been in a Lubbock hospital will come home today (Monday) she is slowly improving.

Best of Texas 4-H'ers Win Honors, Awards

Four Lone Star State 4-H Club members have completed a very satisfactory year in their major project work by winning state honor and valuable awards. Their 4-H records were judged by the Extension Service of the Texas A. & M. College which directs the 4-H programs in cooperation with the U. S. Dept. of Agriculture.

James Covington Ray Schneider Marilyn Wood Leland Gill

The national 4-H Forestry program is particularly important to James Covington, 16, of Nacogdoches. In addition to receiving state honors, he acquired valuable information and know-how about conserving, building and marketing forest resources. This marks his sixth year in 4-H Club work. His reward was an attractive fountain pen and pencil set presented by the American Forest Products Industries.

Jim now has 4 1/2 acres of trees grown from seedlings. His father set them out, and when Jim became a 4-H member he took over the management of the tree crop. The oldest trees are now 14 years, and cover three acres. The younger trees range from one to three years. Jim won a county award for his three year old trees in 1954.

Top performance in carrying out the objectives of the 4-H Meat Animal program won state honors for Ray Schneider, 16, of Nacogdoches. He received a handsome watch appropriately inscribed from Thomas E. Wilson, who has supported 4-H work for 27 years.

Ray owns three registered Herefords, five Jerseys, four dairy cattle and 16 steers. With this livestock he has won 136 ribbons and five trophies. He won ribbons at the major stock shows in Houston, San Antonio, Dallas and the county stock shows and fairs. At the county fair he won

seven medals, including the gold star, and the county meat animal award.

Ray completed eight 4-H projects, made 324 exhibits, and gave 26 demonstrations. He also made 23 talks to 4-H Clubs and other groups, and 33 radio appearances. He is now in his ninth year of 4-H work.

Outstanding performance in the 4-H Public Speaking program brought top state honors to Marilyn Wood, 15, of Donna, and Leland Gill, 17, of Bellevue. The Pure Oil Co. has supported the program and provided awards for the past five years.

Marilyn's speech entitled, "How the 4-H Club Contributes to Good Citizenship," was given seven times. Past president and junior leader of her Club, she was mistress of ceremonies at district and state 4-H meetings. Her award was a set of silverware in a handsome gift box.

Leland served as president of his local Club for two years, vice president and chairman of the county 4-H council, and as a delegate to the district. He was chosen as one of 14 Texas boys to go to Korea to deliver a ship of supplies. He made the presentation. The title of his winning speech naturally was, "The Texas Friendship for Korea Program."

As state winner Leland was presented with an attractive 15-jewel wrist watch.

Introduce Better Government Bills
Sen. Doyle Willis and Rep. Howard Green, both of Ft. Worth, have joined with other legislative leaders in sponsoring the Texas Press Association's "Better Government" bills. Willis (left) and Green (right) have introduced legislation in their respective houses calling for removal from office of any elected public official who hides behind the fifth amendment and refuses to testify concerning the conduct of his official duties. Willis and Green are pictured as they discuss TPA's Better Government bills in Sen. Willis' office in the State Capitol building in Austin.

NOTICE TO BIDDERS FOR COUNTY DEPOSITORY THE STATE OF DICKENS COUNTY OF DICKENS

Notice is hereby given that Dickens County will enter into contract with any banking institution qualified by law to act as a depository for the public funds of said Dickens County for a period of two years, at the February term of the Dickens County Commissioners Court to be held at the courthouse at Dickens, Texas, on the 11th day of February, 1957. Applications by such banking institutions to be designated as such depository shall be submitted in the manner and form required by Article 2546 of the Revised Civil Statutes of Texas.

In witness whereof, I have signed this notice to be published on this the 5th day of January, 1957.
W. H. Hindman
COUNTY JUDGE,
DICKENS COUNTY,
TEXAS

CARD OF THANKS

We wish to take this means of thanking our many friends for the flowers, food and money sent and the many kind acts rendered at the time of the accident.
Mr. and Mrs. Jimmy Rainbolt

NOTICE TO BIDDERS OF DICKENS COUNTY'S INTENTION TO LET CONTRACTS OR CONTRACTS FOR CONSTRUCTION OF IMPROVEMENTS TO THE DICKENS COUNTY COURT HOUSE.

SEAL PROPOSALS addressed to The Commissioners Court of Dickens County, Texas, will be received at the office of the County Judge of Dickens County, Texas, Courthouse, Dickens, Texas, until 10 o'clock A. M., on the 15th day of February, 1957, for constructing improvements to the Dickens County, Texas Courthouse, located in Dickens, Texas, in accordance with plans and specifications approved by the Commissioners Court of said County on file in the office of the County Judge of said County; and at such time and place all such proposals will be publicly opened and read.

THE SUCCESSFUL bidder or bidders will be required to enter into a contract with the County of Dickens on the forms provided. THE SUCCESSFUL BIDDER or bidders will be required to furnish performance bond for 100% of his total bid, written by a responsible Surety Company authorized to do business in the State of Texas, and satisfactory to the Commissioners Court. BIDDERS are expected to inspect the site of the work and to inform themselves of all local conditions and to contact the County Judge of Dickens County, Texas for any desired explanation of said plans and specifications; and said plans and specifications covering the work to be done may be examined at the office of the County Judge of Dickens County, Texas.

ATTENTION OF BIDDERS is directed to the provisions of House Bill No. 54, passed by the 42nd Legislature at its regular session, and Article 1580 of the Penal Code of the State of Texas and Article 5159a of the Revised Civil Statutes of Texas, requiring that no less than the general prevailing rates per diem wages for work of a similar character in the locality where the work is performed, shall be paid all laborers, workmen and mechanics employed in the construction of public works.

THE COUNTY, acting by and through said court, reserves the right to reject any or all bids and to award the contract or contracts to that bidder or bidders, who, in the opinion of the said Commissioners Court, offer the proposal to the best interest of the County.

(Signed)
W. H. HINDMAN,
COUNTY JUDGE,
DICKENS COUNTY,
TEXAS.
