VOLUME 48

SPUR, DICKENS COUNTY, TEXAS

THURSDAY, SEPTEMBER 19, 1957

NUMBER 48

THE Editor's Corner...

By Joe Harrison

We are in receipt of the following letter from Dr. J. F. Hughes. "To the Citizens of the Community: The polio serum has been received and the third dose will be given Tuesday, October 1, beginning at 9 a. m. in the High School Gym."

"So far this year there has not been a case of polio in Dickens County. This fact displays the effectiveness of the serum. We urge you to have your children take the serum."

Readers will find another story concerning the polio vaccine elsewhere on this page, but we felt that this was important enough to repeat.

We have hopes of extending the sports coverage of the Texas Spur to include all football teams in the county. We had contacted county school officials and thought we had agreed on a program. However, news from Patton Springs High School and Girard have not been received.

We want these two schools represented by write-ups in this paper, but a correspondent is needed.

Here is our plea; if you live in one of these two communities and know of any boy or girl who could give an accurate account of games played by these two schools, have them turn in the story to the Texas Spur no later than Tuesday noon.

Heard comment around town recently concerning people who tend to "climb on the fence." Did you ever stop to think that the person who is perched on the fence can see both sides of the pasture?

The Booster Club has elected officers and will carry on an ambitious program, according to Rex Holder, new president of the organization.

One purpose of the club is to get townspeople to turn out at the high school pep rallies. Only a handful have attended the rallies so far this year, Holder says. A special invitation has been extended to mothers to attend the rallies. The players and students need to know the town is behind them 100%.

Farmers and ranchers are reminded that September 30 is the deadline for submitting applications for a refund of the Federal tax on gasoline used for farming purposes since July 1, 1956.

Farm operators who have not filed a claim may obtain Form 2240—the reporting form—from local county agricultural agents or Internal Revenue Service offices.

SPUR MAN PLEADS GUILTY
Burt Hamilton pled guilty in County Court to the illegal possession of intoxicating beverages for the purpose of sale and was fined \$100 and costs this week.

NEW ARRIVALS
Mr. and Mrs. Jimmie Arnold of Babbitt, Nevada, are the parents of a 6 lb. 10 oz. baby girl, La Fonda Elizabeth, born September 16.

The paternal grandparents are Mr. and Mrs. Jessie Arnold, Spur; and the maternal grandparents are Mr. and Mrs. L. E. Turbeville, also of Spur.

Mr. and Mrs. Ray Gentry, Jayton, are the parents of a boy, David Loyd, born Friday, September 13. He weighed 8 pounds and 3 ounces.

Pvt. Dement Returns To Duty After 30 Day Leave At Home

Pvt. Dewey Dement, who is now stationed at Augusta, Georgia, has just spent two weeks with his parents, Mr. and Mrs. Bill Dement after completing his basic training at Camp Polk, Louisiana. He is in the signal corps and is studying cable communication. Dewey is a 1955 graduate of Spur High School.

Final Rites Held For T. L. Rape

Tommy Lewis Rape, born in Erath County, Texas, June 1, 1893, died September 17, 1957. He was married to Vella Kimmel December 4, 1921 at Spur, Texas. They made their first home near Spur and later moved to Afton.

He became a member of the Baptist Church in 1931. Services were held in the First Baptist church of Spur, September 18, at 2 p. m. with Rev. O. L. Dewees officiating, assisted by Rev. Wayne Grizzle of Crosbyton and Rev. Riley Fugitt, pastor of the First Baptist Church of Spur.

Survivors include his wife Vella; two daughters, Mrs. Leonard Baker of Plainview and Mrs. Henry Earl Harris of Lubbock; two sons, Melvin of Earth, Tex., Melvin of Glenn, Tex.; two brothers, Howard of Linwood, Calif., Bascom of Roaring Springs; two sisters, Mrs. Ed Bailey and Miss Lillian Rape of Spur and nine grandchildren.

Interment was in Spur Cemetery with Campbell's Funeral Home in charge.

SPUR FFA CHAPTER TO HAVE EXHIBIT AT FAIR
The Spur Chapter of the Future Farmers of America will have an educational exhibit at the South Plains Fair in Lubbock, September 22 through 29, according to Tommy Kissing, vocational agriculture teacher.

This year Godfrey Motor Company is furnishing a pickup for the chapter to use.

'Good' Cotton Crop Depends On Late Frost

Beef Research Planned By Spur Sub-Station

Several agricultural dignitaries have visited the Spur Experiment Station recently according to Paul Marion, Station Supervisor. They include: Dr. R. E. Patterson, vice director of the Animal and Poultry Husbandry Branch of ARS, Beltsville, Md.; Dr. O. D. Butler; Dr. Carl Lyman, head of biochemistry department of College Station Experiment Station; Dr. N. R. Ellis, assistant chief of Animal and Poultry Husbandry branch ARS; Dr. E. J. Warwick, regional director; Dr. Earl Burnett, superintendent of the Big Spring Experiment Station and C. E. Fisher, superintendent of the Lubbock Experiment Station.

These men met with Marion in order to plan new research work on beef cattle to stock the rolling plains. The work will center around cow and calf research rather than feed lot work. Marion has just returned from Hugo, Okla., where he purchased 34 SMS steers to be used for feed lot studies this winter. The steers averaged 659 pounds and cost \$24 per hundred weight.

Plans are now in progress regarding Experiment Station Field Day, scheduled for October 4. District Extension agent Jim Simmons and Cecil Parks, management specialist from College Station were here to discuss this year's field day with Marion, and Experiment Station personnel. V. T. Gantz, editor of Farm and Ranch magazine, Dallas, plans to do an article on the new research program on beef cattle.

SCHOOL NOTES

Third Polio Shot Scheduled For Dickens County

The third Polio shot will be given to all Dickens County students Tuesday, Oct. 1, 1957, in the Spur High School Gymnasium. All students who received their first two shots in the spring will be given the shot. This program is being sponsored by the local chapter of the March of Dimes and by the local physicians.

Pep rallies are held each Friday during football season at 2:30 in the gymnasium. All parents and friends are cordially invited and urged to attend these pep rallies. The school wants you to feel that you have a great part in the child's education, and that your presence at school is always welcome.

Bulldogs Open Home Season Tomorrow Night With Anson

The Spur Bulldogs will return to the friendly confines of Jones Stadium tomorrow night when they will go after their first win of the season against the Anson Tigers. The Bulldogs have yet to post their first win as they have turned in a 13-7 loss to Matador and a 7-7 tie with Hamlin. "We'll be facing the roughest game we've played so far Friday night with Anson," according to head coach Bill Henry. "The Tigers aren't an extra large ball club, but they held the highly touted Coleman Bluecats to a 20-12 score in their opening game and dumped the Winters Blizzards 19-0 last week," Henry says. "There were a few bruises in the Hamlin game, but none are considered serious," Henry said. The Spur B-team and the Junior High team will journey to Crosbyton tonight to meet the

PASS THE BISCUITS PAPPY — Over two hundred persons attended Spur's first annual broiler festival staged by Clary Poultry and Egg Feed Store. Pictured here in the chow line are Bill Snell and John Shaw, serving, and Mrs. Margaret Smith, local broiler grower.

Broiler Festival Held Saturday

More than 200 people were on hand Saturday afternoon at Swenson Park for the first annual Broiler Barbecue and Customer Appreciation Party sponsored by Clary Poultry & Egg Feed Store. According to Eldon Reynolds, manager of the Purina store in Spur, over 200 halves of golden brown, barbecued chicken were prepared and served to the 250 present.

Appearing on the brief program following the serving of the chicken were: Eldon Reynolds, manager of Clary Poultry & Egg, Spur; John Shaw, territory salesman, Ralston Purina Co.; Arthur Clary, Clary Poultry & Egg, Lubbock; Winfred Riley, manager of West-end Hatchery, Lubbock; and Ken Looper, district sales manager, Ralston Purina Co.

Reynolds welcomed the crowd to Spur's first annual broiler festival and pointed out that there would be one held each year. Shaw pointed to the growth of the broiler industry in Dickens County and paid tribute to Clary Poultry and Egg for the part it has played in the past year in helping to raise the standard of living on many farms with broiler operations. Shaw reviewed the growth of the broiler industry bringing out the fact that one year ago there was one broiler house in the county and that today there are thirteen with five more houses being processed.

He also stressed the opportunity and need for many more houses in this area. Figures were presented revealing the average profit of \$1987.70 per house per year by the present growers in Dickens county. Teamwork was stressed and pointed out as being essential in the broiler business and

Rex Holder Heads Booster Club

Rex Holder was elected president of the Bulldog Boosters club in a meeting held in the East Ward school Tuesday night. Other officers included Dick Walker, vice president; John Albin, secretary-treasurer and directors Earnest Kearney, Horace Wood, R. L. Benson, Fred Arrington and Jerry Ensey, outgoing president.

Following the showing of the films of the Hamlin game, a short business meeting was held. Coach Henry expressed his appreciation to the club for making it possible for the games to be filmed for his use.

"They are extremely helpful in training the boys," Henry said. He also urged that businessmen and interested persons attend the pep rallies on Friday afternoon. "A good pep rally is the best way I know to get the boys mentally ready for a game," Henry said.

A list of 50 names was read of men in Spur who are not currently a member of the quarterback club. The club has 85 members at present.

Non-members should contact Bob Nunley, Jerry Ensey or Betty Kearney.

The purpose of the Booster Club is to arouse support for the team and raise funds to have each game filmed.

Spur High School Slated To Attend Lubbock Fair

Spur High School students will attend the Panhandle South Plains Fair at Lubbock on September 23, according to High School Principal, C. L. Berry.

Transportation to and from the Fair will be furnished, Berry states. The students will leave at 9 a. m. and will return at 7:30 p. m.

The Spur High School band will not march in the parade this year, however, the FFA chapter will have an exhibit on display in the Agricultural Building.

Wheat Acreage Deadline Nears

October 4 is the last day that county farmers may sign up wheat acreage in the reserve, according to W. W. Gunn, ASC office manager. About 60 farmers have already signed up wheat according to Gunn.

The county convention for the purpose of electing a county committee will be held in the ASC office on Sept. 26. Three men will be chosen on the committee. In the recent community election, the following committeemen were elected:

COMMUNITY A
Weldon Cyfert, chairman; Frank Ragland and G. B. Morris.
COMMUNITY B
E. R. Robertson, chairman; Frank Murphy and Thurman Lewis.
COMMUNITY C
Martin Pope chairman, C. F. Waters and Hubert Karr.

Important Cotton Meeting Scheduled Tuesday For Dickens, Kent, Farmers

The prospect for a good cotton crop in Dickens County appears to hinge on when the first frost hits. Local farmers had to replant numerous times, and should the frost hit earlier than the November 5 average, a good deal of the area crop will be lost. Some cotton, classed by local ginners as "probably the best in the county" will not have a chance to open should the frost come early.

Lubbock Men Pay \$495 Fine

Two Lubbock men, one 22, the other 23, were fined \$495 by Justice of the Peace E. V. Arthur when they were found to have violated at least 12 hunting violations. Game Warden Cecil Fox found the men shooting on a public road near Dickens. They were found guilty of the following:

- Exceeding their limit on dove. They had 31 in their possession; 10 is the limit;
- Shooting squirrels out of season;
- Shooting unplugged guns;
- Shooting from a public road; and, no hunting license.

Fox explained that the men also had been firing several other weapons including a .22, a carbine and a hand gun. "They got off light at \$495," Fox surmised. "We might have got them on other counts."

Fox said he had caught several other hunters exceeding their limit, without a license and trespassing.

WMU Meeting To Feature Wayland College Speaker

The annual associational WMU meeting will be held at the Dry Lake Baptist Church, September 26.

The meeting will begin at 10 a. m. A covered dish meal will be served during the noon hour. Mrs. O. M. Conway, Wayland College, Plainview, will be the guest speaker.

Mrs. Melvin Lindsey and daughter, Tempie Jayne of Abilene are visiting her parents, Mr. and Mrs. R. E. Walsworth for a few days.

School Bus Fatalities Show Increase Over Last Year; Safety Is Urged

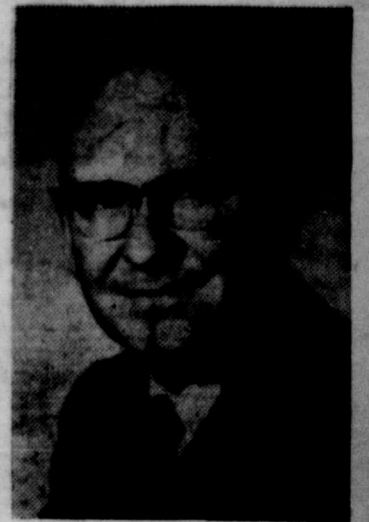

(Editor's Note: This article was submitted by Superintendents Bob Nunley and M. H. Galbreath.) Three state agencies joined today in urging the continuation of a state-wide program to acquaint the public with the Texas law requiring all vehicles to stop when approaching a school bus loading or unloading children.

The Texas Education Agency, the Texas Highway Department, and the Texas Department of Public Safety are making a joint request that school superintendents, newspapers, radio stations, and television stations participate in efforts to acquaint drivers with the school bus law. "Superintendents and news editors performed an outstanding public service in this safety campaign last year," said J. W. Edgar, Commissioner of Education. "Yet 7 lives were lost during the school year in collisions involving school buses. There is a continuing need for a program of safety education."

There were two more fatalities during 1956-57 than were reported to the Department of Public Safety in 1955-56. The total number of accidents reported declined, however, from 379 to 335. (During the past year the Highway Department erected signs on all major roads warning motorists of the safety measure.) The law says in effect, that upon meeting or overtaking a school bus which has stopped on the highway for the

R. H. DILDAY

Dilday To Speak At Dickens Meet

R. Hooper Dilday, training union secretary for the Baptist General Convention of Texas, will be one of the principal speakers at the annual Dickens Baptist Association meeting Thursday and Friday, Sept. 19-20, at the First Baptist Church of Dickens.

The Rev. John E. Gillispie, pastor of the Afton Baptist Church and moderator for the association, said Dilday will report on denominational work and outline goals for next year's state Baptist program.

Dilday directs training union activities for 3,802 Texas Baptist churches. Official reports last year showed 2,999 training union organizations had a combined enrollment of 451,834.

Before accepting his present position last December, Dilday was an associate in the Sunday school department of the B.C.T. He served as minister of education of the First Baptist Church of Wichita Falls from 1946-52.

Spur 7, Hamlin 7

(Continued from page 1) and the Bulldog defense continued to shine, led by Wilson, Holder, Gilcrease, Morgan and Cloude. The Spur line held the Pipers to 89 yards rushing but the alert Pipers took advantage of a momentary lapse in the Bulldog pass defense to complete the 49-yard aerial that set up the tying score. Then, with time running out, Gilcrease took to the air with the ball on Spur's own 37. A pass to Cloude was good for 12. Two incompletions followed then Gilcrease hit McArthur for another 12 yards to the Hamlin 45 as the game ended.

The bruising game featured two puzzling plays. One came in the third period. With Hamlin in possession about their own 45, the quarterback faked to a man who went into a pile-up at the line, then, just as the referee was blowing his whistle to indicate that the play was dead, the quarterback cocked his arm and hit the left end who was open in the flat. Pressbox observers came to the conclusion that the referee had been fooled by the quarterback's slick ball handling. Hamlin was not penalized and they were charged with a down, much to the chagrin of the hometown fans.

The other "freakish" play came with nine minutes remaining in

Blair Receives Mention In 7-0 ENMU Victory

Maurice Hodges, 175-pound half-back from Monahans, Texas, has been named Greyhound of the week at Eastern New Mexico university after the 7-0 win over New Mexico Western Saturday night.

Hodges, a junior, led all ground gainers with 66 yards in ten yards in ten tries and his punting kept the Western eleven deep in their own territory throughout the game. He punted eight times for a 35-yard average, recovered a Western fumble and intercepted a Mustang pass.

Special mention was given to quarterback Curtis Blair, Spur, Texas, who completed four of eight passes for 60 yards and the game's only score. He also added the extra point by placement.

The selection of the "Player of the Week" will be made after each game by a committee outside the coaching staff.

the fourth period. With a fourth down—eight yards to go situation, with the ball on their own nine yard line, the Pipers tried a fake kick. The alert Bulldog defense smothered the play and took over on the Hamlin 14.

The break went for nought however, as the Bulldogs failed to make a first down in four tries and the Pipers took over on their own seven. A holding penalty moved the Pipers back to their one and they kicked on fourth down.

Then came the break that brought the Pipers back to life. With the ball on their own 38, the Bulldogs fumbled on their first play from scrimmage, Hamlin recovered on the 41, and Spur's chance to run out the six minutes left on the clock grew dim.

B-Team, Hamlin Tie 7-7; Play In Crosbyton Today

The Hamlin and Spur B-teams played to a 7-7 deadlock last Thursday night, as did their counterparts, the A-teams, Friday night.

Hamlin scored first on a pass and led 7-0 until the third period. At that time Bobby Greer scored for Spur after Don Morrison had passed to Freddy Walker to set up the tally.

Mike Kearney reeled off the longest run of the game as he ambled 60 yards.

The B-team will travel to Crosbyton tonight to challenge the Chiefs' B-team. Junior High will also play a game with Crosbyton beginning at 6 p. m. The B-team game is set for 7:30 p. m.

FROM WHERE I SIT...

BY JOE HARRISON

What does Spur have to do to win a game?

This is the question that must be going through the mind of the Spur coaches as well as fans. In both games played thus far, the Bulldogs have outplayed opponents statistic-wise by good margins, yet they don't give you any points for rolling up first downs and yardage. It's the score that wins ball games.

BOTH LOSSES CLOSE

Matador beat Spur on an interception. Hamlin set up their score on a 49-yard pass and run. You have to give Hamlin credit for the play. They had a man open, behind two Spur defenders, and their quarterback hit him with a pinpoint aerial. This couldn't be called a break in my book. The break came when the receiver fumbled the ball on the one-yard line. Here was Spur's chance to wrap up the contest. But it just wasn't in the books as the Hamlin player recovered his own fumble and the Pipers scored on the next play.

Still the Bulldogs had a chance to win if the Piper extra point could be blocked or sent away. Here is where Friday the 13th jumped up and bit the Bulldogs.

EXTRA POINT WOBBLERS
Lanier Foster's try for extra point did anything but split the uprights. It staggered, looped and finally found its sickly way between the goal posts for the tying point and Spur was to wait another week to tack a game in the win column.

The Bulldog line continued to be rough, allowing the Pipers only 89 yards rushing. The defense looked good the entire game except for the momentary collapse of the pass defense.

Both Gilcrease boys, along with David Morgan, Jimmy Holder, Ernest Wilson and Ronnie Cloude played outstanding games. Wilson broke through once to throw a Piper for their biggest loss of the night, 15 yards.

BULLDOGS FACE 8, 9-MAN LINE

As in the Matador game, the Bulldogs were faced with an eight man line the major part of the game. In the fading moments when it was evident the Bulldogs would be passing, the Pipers relaxed their line to cover. The Bulldogs will see a lot of teams flood the line with eight or nine men the rest of the season. This means, in our opinion, they will have to pass, and let the opponents know they aren't afraid to pass, and can move the ball through the air. In the Hamlin

Panhandle Game Conditions Good For 1957 Hunt

Hunting conditions in the Texas Panhandle are good, according to E. A. Walker, Director of Wildlife Restoration, who spent most of last week surveying the area. "There are lots of weeds, which will provide game bird feed and cover. The quail crop is excellent in some locations, and there is a fine second crop of young turkeys," he said. "Milo is turning brown right now and harvesting it will add to the feed supply."

He said apparently the doves already started moving out. Ducks are coming in, however, and he saw several flights of bluewings and pintails. With other biologists, they surveyed conditions in the valley of the Canadian and Washita Rivers.

"Marsh elder and western ragweed are all seeding," he said. Both are staple winter food items for the quail of the Panhandle. "It'll be hard on the dogs because these weeds are waist high. However, bird hunters will probably find good shooting in some areas."

He said the turkey were plentiful, "about frying size." Deer and antelope both were found to be in excellent condition. More evidence of red legs also was disclosed. One rancher reported seeing a hatch of this exotic bird transplanted into the Texas Panhandle. They are on game restoration areas and are protected from hunting under the law.

Fish Hatchery Has Heaviest Year In History

More than thirty thousand applications for additional fish from Texas hatcheries were on the books Sept. 1, when time for taking applications for this year's production closed. This figure has been given by Joe Marks, Chief Engineer of the Game and Fish Commission.

"This year's hatchery production will amount to some 13 million fish distributed to lakes, streams, and ponds throughout the state," the Chief Engineer said.

Production of the hatcheries was curtailed some because of flood damage, principally at the San Angelo hatchery. Repair work at this hatchery has been in progress for some time, and the water supply to the hatchery will be completed in another 30 days. Meantime, bids are now being taken on additional drainage work.

An engineer was sent to the Dundee hatchery near Wichita Falls this week to survey improvements that must be made there, as well as to repair damage.

"Heavy rains in the spring filled every farm tank in Texas," the Chief Engineer said. "Many of these tanks had never been stocked before. We are attempting to supply them with fish as fast as possible."

In tests conducted in Kansas, deep tillage for wind erosion control has been found to be most effective on land where deep sand, 12 to 24 inches, covers a layer of clay, says Jack Barton, extension soil and water conservation specialist. Turning the clay to the surface does help because a rough surface gives the best resistance to wind erosion, he adds.

26th Annual Prison Rodeo Termed 'Wildest Show On Earth' By Many

Inmate performers and fans alike have pledged themselves to Sunday in October, the thrilling go "all out" to make the 26th Texas Prison Rodeo the best in its colorful history.

Held in the million-dollar pri-

the man who opened the first show back in 1931 before a handful of spectators, said that the 26th Annual Rodeo will be planned to include more inmate events and several added "free-world attractions."

Since 1931, more than two million people have witnessed the prison rodeo, which during the past six years has brought the new honors and has broken pre-

vious attendance records.

Since many former inmate riders have been released from prison, rodeo fans will see a number of new faces in the lineup of the host of daredevil performers who risk their necks in an attempt to tame unbroken prison bulls and broncs during the fast-moving two-hour show.

The main reason for the annual Texas Prison Rodeo is to raise funds for the prison's educational and recreational program for the benefit of some 10,000 inmates housed in 13 units of the Texas Department of Corrections.

These and other necessary phases of the prison's rehabilitation program have never been provided by the Texas Legislature.

Roaring Springs

Mr. and Mrs. Fred Taylor of Elida, New Mexico, were week end guests of their daughter and family, Mrs. Bob Clem.

Wesley Burt of White Deer spent the week end here with his wife, Ruby. Their guests Sunday were Mr. and Mrs. Jack Edwards of Colorado City.

Mr. and Mrs. S. N. Davis visited recently in Dallas with their sons, Delmer and Eudell and their families and in Simpsonville with Mrs. Charlie Willis. Mrs. Ada Ellison accompanied them home for a visit.

Mr. and Mrs. J. M. Clarkston and son, Mickey, of Lockney, visited Sunday with Mr. and Mrs. Julian Nolen.

Mr. and Mrs. W. A. Clements of Rotan visited at Glen with his mother and a sister, Mr. and Mrs. J. T. Jackson during the week end.

Mr. and Mrs. Claud Brandon visited recently in Chickasha, Oklahoma with Mr. and Mrs. Slim Goolsby and in Graham, Texas, with Mr. and Mrs. Frank Hines and Grandma Williams.

Mrs. Guy Sanders and Mrs. Morris Phillips of Morton were week end guests of their mother, Mrs. M. D. Hardin.

Mrs. T. J. Bell returned to her home in Lampasas Saturday after a visit here with relatives. Mr. and Mrs. J. M. Carpenter took her home.

Mrs. Mary Crauston of Abilene is guest this week of her sister, Miss Bess Medlin.

Mr. and Mrs. H. C. Billings and Jimmie of Lubbock were Sunday visitors in the home of their daughter, Mr. and Mrs. Lesley Kingery.

Mrs. Gordon Mills and Mrs.

Cowboys, Baugh, Open Season In Oklahoma With Tulsa Saturday

Coach Sammy Baugh's well-planned campaign for keeping Hardin-Simmons University's gridiron winning streak alive rolls into high gear this week when the Cowboys open their tough 10-game football schedule against the University of Tulsa there Saturday night.

Hopes of defeating the favored Golden Hurricane in the season opener are based on the return of eight starters and 21 lettermen plus a well-rounded offensive attack that placed the Cowboys second in the nation in total offense last season.

Although Hardin-Simmons won only four of its ten games last season, the Cowboys won three of those contests in the last three meetings of the season after both the offensive and defensive units started clicking. The present situation is almost the same as it was during the latter part of the 1956 campaign except for the loss of All-Border Conference men at end and center as well as a starting quarterback.

Those positions have been filled to satisfaction this fall by other veteran lettermen and depth at other positions are stronger.

Tommie Tinsley and children of Lubbock visited here Sunday with their parents, Mr. and Mrs. Clayton Bridge.

Mr. and Mrs. M. D. Freeman returned Friday from Meeker, Colorado, where he had been employed during the summer.

Mr. and Mrs. Gerald Byars of Enochs were here recently visiting with Mr. and Mrs. Steadham Conway. Mrs. Conway went home with them for a visit.

Mr. and Mrs. Jesse Roller of Hale Center visited Saturday with her mother, Mrs. L. F. Mullins. Sunday they all left to visit with relatives in Missouri.

Mr. and Mrs. Louis Davis of Ft. Worth are here visiting his brother and family, Mr. and Mrs. Jack Davis.

Mr. and Mrs. Jesse Barns of Delwin visited Saturday with Mr. and Mrs. J. C. Smiley.

Mr. and Mrs. Ira Rigsley and son, Loyd, and Mrs. Mary Cramer of La Harba, Calif., visited recently with his brother and family, W. H. Rigsley.

Mr. and Mrs. Bud Smiley spent the week end in Amarillo visiting their sons, C. W. and David and their families.

Mr. and Mrs. T. D. Cavener and son, J. T. of Portales, N. M., were recent guests of her sister, Mr. and Mrs. Amel Long.

Bert Seals and son, Don, of Muleshoe, looked after business and visited with friends in the Afton community Friday.

Mr. and Mrs. Harry Duval of Republic, Kansas, visited her brother, Lesley and wife and with her mother, Mrs. Minnie Smith in Spur for the week end.

Mrs. J. F. Hughes and Lt. Commander and Mrs. Charles Sherwood of Spur visited Tuesday with Mr. and Mrs. Duff Green.

Bulk handling is swiftly replacing milk cans on dairy farms. Nationally, the number of farm tanks doubled in 1955 and again in 1956, according to A. M. Meekma, extension dairy husbandman. Producers usually expand their herd with the installation of this system.

CONSTITUTION CURBS GOVERNMENTAL BRANCHES

September 17 is "Constitution Day". Each year a day is set aside in recognition of the importance of the federal constitution, which forms the basis of our national government. It insures a stable balance of powers between the legislative, executive and judicial branches of government by providing curbs upon the authority of each.

For instance, might as our Congress is, the Constitution does not give it certain powers:

1. Neither Congress nor anybody else can suspend the writ of habeas corpus (unless the public safety demands it during rebellion or invasion.) All officers or others must obey a court and bring in anyone in their custody to see whether he is held lawfully.

2. Congress cannot pass "bills of attainder," special acts to punish someone. Congress cannot bypass the courts.

3. Congress cannot pass an ex facto law—a law which makes an act a crime which was not one when done, or which punishes the offender more than called for when done.

4. Congress cannot tax exports from any state nor by regulation favor one state's ports over another's, nor make one state's vessels clear or pay duties to another in order to enter.

Besides these denials from within, the constitution curbs Congress and the executive judiciary in the amendments, especially the first ten.

Among other things, Congress cannot make a law respecting an establishment of religion or prohibiting its free exercise, or abridging the freedom of speech, of the press or the right of the people peaceably to assemble and to petition the government for a redress of grievances.

The constitution also curbs the courts (for example, they cannot deny a person a fair hearing duly represented by counsel.) It curbs the executive (he cannot, for example, take private property for public use without just compensation.)

The constitution, which divides the work of the three branches of government, winds up by telling where the rest of the power rests—just in case anybody gets any fancy ideas of dictatorship. There are things no state can do, for instance, "make or enforce any law which shall abridge the privileges or immunities of citizens of the United States."

If there are any powers not given to the United States government or reserved to the states, they belong to the people. The constitution does not seem to limit the people.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Duck Creek Soil Conservation District NEWS NOTES

E. F. Shugart, Chairman Clark Forbis, Secretary K. P. Brantner

District supervisors held their regular monthly meeting in Spur last Thursday with supervisors E. F. Shugart, K. P. Brantner, and Clark Forbis attending. Also attending was SCS technician John H. Taylor and Miss Nina Grace.

Seven conservation plans were approved including Ora Ragsdale, William F. Gardner and Guy B. Karr whose farms are in the Spur Work Unit area.

Plans were also made for the district supervisor election in Zone 4 to be held at the Farmers Coop Gin at 7:00 p. m. Tuesday, October 1. E. F. Shugart is presently the district supervisor for that zone.

Perennial sudan, a new crop for this area, is looking good on the farms of district cooperators Paul Dale Hagins and Joe Long.

FHA MEETING HELD TUESDAY NIGHT, SEPT. 17

Agatha Ellis was elected vice-president of the F H A at a meeting in the Home Ec Lab Tuesday night, September 17.

Discussion were also held concerning the Freshmen initiation which is to be September 30.

A recently released Texas Agricultural Experiment Station publication, B-866, "Swine Investigations in Texas 1888-1957", has been prepared in question and answer form and should be of value to every Texas interested in swine production. It is available from the Agricultural Information Office, College Station, Texas. The research done on utilizing grain sorghum for hog feeding should be of prime importance now because of the excellent grain crops being harvested in the state.

cians. Rye, barley millet and vetch or mixture of rye and vetch have proven effective cover crops in this area.

DOUBLE SCOTTIE STAMPS ON TUESDAY

Mrs. Lewis Hosts WSCS Committee

The executive committee of Womans Society of Christian Service of the Methodist church had their first meeting of a series of three for the year, Monday, September 16, in the home of Mrs. Hobart Lewis with a luncheon at 12 o'clock.

A menu of fried chicken, french style string beans, congealed salad, home grown tomatoes, pickles, hot rolls, iced tea and strawberry cake for dessert was enjoyed by all.

The president, Mrs. Paige Gollihar, called the house to order at 2 o'clock and conducted a most instructive business session.

Members present to enjoy this occasion were: Mmes. R. H. Conner, W. F. Gilbert, O. E. Barnett, Eric Foster, Cal C. Wright, Kate Morris, Dee Hairgrove, D. B. Ince, George Link, Horace Wood, Jack Rector, Paige Gollihar, Walter Carlisle, Hobert Lewis, the hostess and her mother, Mrs. Dean, a visitor.

Dry Lake WMS Meet At Church

The Dry Lake WMS had their regular meeting Monday afternoon at the church. Mrs. J. B. Karr gave the lesson, "The Purpose of Gethsemane."

Mrs. Bernice Bilberry served refreshments of watermelon to: Mmes. J. B. Karr, Ola Miller, Raymond Smith, Frank Sonnemaker, Lon Bass, Sam Gannon and Ellis Draper.

WSCS Holds General Meeting

The Womans Society of Christian Service met September 9 at 11 a. m. for their general meeting.

Mrs. Paige Gollihar called the house to order. The hour was filled with reports and plans for the year's work ahead. The Harvest Is Ready and Reapers Are Needed.

We urge all Methodist women to join us in this wonderful work. Luncheon was served at 12:00 by the Leota Ensey Circle.

Mrs. O. E. Barnett conducted the afternoon session with an interesting program on "Our Home Mission Center and Race" assisted by Mrs. Jack Rector, Mrs. Eric Foster and Mrs. Paul Marion.

Nineteen ladies were present for this meeting. We had one new member, Mrs. Con Davis. Welcome, Mrs. Davis.

Dickens PTA Has Good Attendance

There were 17 parents present Monday at a called meeting of the Dickens P-T-A.

Supt. Gilbert gave a very good report on the school situation. We have new books and a good teaching staff and there is no reason why we can't have a good school.

The P-T-A urges all parents to attend all meetings which are held every first Monday.

A chicken supper will be held at the school house September 26, at 7:30 p. m. Admission will be adults 75c and children 50c.

Everyone is urged to come and support the P-T-A and school.

Gould Reunion Held At Spur

The Gould's met at the home of Mr. and Mrs. J. E. Dozier for a family reunion at Spur, Texas, September 15.

A basket lunch was served at Swenson Park. Those attending were: Mr. and Mrs. Anderson, Gould, Skellytown, Tex.; Mr. and Mrs. James Litchford and two daughters; Mr. and Mrs. E. H. Ward and two children; Carl Kay White, all of Lubbock; Mr. and Mrs. M. C. Owens and three children of Levelland; Miss Nellie Dozier of Lubbock; Mr. and Mrs. J. E. Dozier and Mr. and Mrs. W. G. Causey of Spur.

Mr. and Mrs. Dewey (Janes) of Spur were visitors.

1931 Study Club Has Salad Supper

The first meeting of the year for the 1931 Study Club was September 17, at 7 p. m. in the backyard of the Jesse Morrison home.

A salad supper was served to all twenty members and their husbands. The invocation was given by Bill Glenn.

After the meal games of bridge, 42 and mah-hoo were played.

Members present with their husbands were: Mmes. H. M. Allison, Louis Arnold, C. I. Berry, W. D. Blair, Jr., W. B. Francis, Bill Glenn, Fike Godfrey, W. W. Gregory, Joe Harrison, Bill Henry, James Jay, Harold Karr, Dalton Lechew, Douglas McArthur, Jesse Morrison, Bob Nunley, Judon Rieckels, Rob Simmons and Alfred Walker.

Mrs. Erie Foster Hosts Study Club

The 20th Century Club had their first meeting of the year for the 1957-1958 program in the home of Mrs. Erie Foster, September 18 at 3:30 p. m.

The new president, Miss Margaret Elliott, presided. All members except one were present.

The study for the year will be "World Wide Religion." The next meeting will be October 1, in the home of Mrs. George Link.

VFW Auxiliary Holds Meeting

V. F. W. Auxiliary of the Spur Post 7212 met at 8 u. m., September 12 in the Post Home. Ten members were present with Mrs. Buddy Wright, president, presiding.

Plans were started for a party to launch the 1958 membership drive.

Mrs. Travis Hoover was appointed membership chairman, Mrs. E. B. Blumberg and Mrs. Pat Winkler will assist her. Mrs. Clomer Randall was appointed publicity chairman.

A check for \$12.00 was mailed to the Veterans hospital at Big Springs and a school of instructions was held to complete honor roll requirements for the month of September.

After the meeting the ladies enjoyed watermelon, thanks to Mrs. Albert Spraberry.

The next meeting will be September 26 at 8 p. m. in the Post Home.

Mrs. Erie Foster Hosts Study Club

The 20th Century Club had their first meeting of the year for the 1957-1958 program in the home of Mrs. Erie Foster, September 18 at 3:30 p. m.

The new president, Miss Margaret Elliott, presided. All members except one were present.

The study for the year will be "World Wide Religion." The next meeting will be October 1, in the home of Mrs. George Link.

City Federation Fetes State President

The City Federation of Spur met in the home of Mrs. T. H. Blackwell on September 17. Plans were made for a dinner honoring the State President, Mrs. A. J. House of Yoakum, Texas, who will visit in Spur Monday, September 30.

The dinner will be served in the Dyess Hall at 7 o'clock on that date. All clubs and interested parties are invited to make their reservations with Mrs. Jesse Morrison for the \$1.50 dinner meeting.

Book Review To Be Given by Eldon Wade

The Jayton Home Demonstration Club extend an invitation to a book review, to be given by Eldon Wade, Editor of The Jayton Chronicle in the District Court room of the Kent County court house Monday night, September 23 at 7:30.

The book to be reviewed is "The Day Christ Died" by James Bishop.

After the book review the H. D. club women will serve refreshments from the H. D. club office in the court house.

Voluntary contributions will go to the Kent County H. D. Council.

Girard FHA Elects Chapter Mothers

The Girard FHA club met September 10, at 9 o'clock at the Girard High School.

Joyce Long, president, presided. Plans were discussed for the parent-daughter banquet but no date was set.

A committee was appointed to make the year books. They were Charlene Rudder, Joyce Long and Jimmie Morrow.

Chapter mothers who were elected were, Mrs. John Boland and Mrs. Jim Wyatt.

"HOLIDAY" FEATURES TOP LOVELIES... In addition to being called the "best dressed show on the road" Holiday On Ice features the prettiest girls ever to appear in Lubbock's Fair Park Coliseum Holiday On Ice shows, Sept. 22-27, during the Panhandle South Plains Fair. Tickets are on sale now.

HOSPITAL NOTES . . .

ADMITTED:

Mrs. Dan Harrison; Mrs. J. H. Witcher, Roaring Springs; Antonio Moreno; Bobby Tilley; Mrs. G. B. Osborne, Mrs. J. B. Strickland, Darlene Dawson and Ray Osborne all of Levelland were admitted to the Hospital after an auto accident last week; Leonard Breen, Plainview; Mrs. Roscoe Combs; Mrs. R. G. Mabey; Mrs. G. Shaw, Dickens; Dolly Randall and Oscar Hart.

DISMISSED:

Mrs. Dan Harrison; Mrs. J. H. Witcher; Bobby Tilley; Mrs. G. B. Osborne; Mrs. J. B. Strickland; Darlene Dawson; Roy Osborne; Leonard Breen; Mrs. G. Shaw and Mrs. Max Eckels.

Rector Insurance Agency gave the hospital a number of ash trays this week according to hospital officials.

338 Men Due For October Induction

The state quota for Texas draft boards in October calls for 338 men, Colonel Morris S. Schwartz, state Selective Service director, said Wednesday.

The state's October call of 338 compares with a quota of 387 for September and 547 for August. The October call is the state's share of a national call for 7,000 men. The national call is 8,000 in September.

Colonel Schwartz said no men were scheduled to take pre-induction physical and mental examinations in September and October except possibly transfers

from other states or "isolated special cases in Texas."

Local board quotas for the October induction and pre-induction examination are scheduled to be mailed by state Selective Service headquarters Thursday. September quotas were issued about a month ago.

Girl Scouts . . .

Troop XIV in Dickens placed their Day Camp exhibit in Meadows store in Dickens. The council members express their thanks to Mr. Meadows for this assistance.

The girls of this troop are ready to begin profitable projects. This week they are choosing Day Camp pictures for their scrap book. Mrs. Wyatt has returned from her vacation and plans are being made for a new year's work.

TROOP XII

Girls of troop XII met on September 11 and studied material gathered from hikes at Day Camp. They also planned covers for books made in this study. This troop has an invitation to attend a program presented by troop XIII on September 12.

TROOP XI

The girls scouts of troop XI are happy to welcome Kathy Slaton into the troop again. During the past year she has been in Lubbock but has returned to Spur. Members of this troop are working on Sport and Game badges.

TROOP XIII

The Brownies of Troop XIII practiced for a special program when they met on Wednesday, September 11. Members who have met with the requirements will be presented membership pins at the meeting on September 18. Other plans will be made for a Nature Study Field Trip next week.

Local board quotas for the October induction and pre-induction examination are scheduled to be mailed by state Selective Service headquarters Thursday. September quotas were issued about a month ago.

Frank Price Is New Farm Bureau Field Representative

Frank Price is now serving 18 Farm Bureau organizations in this area as field representative for the Texas Farm Bureau.

Price, who makes his headquarters at Matador, acts as liaison between the state farm organization and the county units. Serving in an educational capacity, he advises and assists county leaders and communities on such activities as county office procedures, service-to-member programs and membership acquisition.

Counties in his area include: Floyd, Motley, Cottle, Hardeman, Foard, Knox, King, Dickens, Crosby, Lubbock, Hockley, Cochran, Yoakum, Terry, Lynn, Stonewall, Haskell, Scurry and Fisher.

A graduate of Texas A&M College, the TFB field representative has been employed with the Soil Conservation Service, the Matador Farm Loan Association, and operates his own 310-acre farm near Matador.

Price is one of 12 area field representatives for the Texas Farm Bureau. The state organization has its headquarters at Waco.

DICKENS METHODISTS SET ANNUAL SUNDAY SINGING

Regular 4th Sunday will meet at the Dickens Dickens Methodist Church, Sunday, September 26 at 2 p. m.

The new books are in and all singers over the area are invited.

LIBRARY NOTES . . .

The Library wishes to thank Richard Adcock for a book he gave to the Library recently.

A committee was appointed to make the year books. They were Charlene Rudder, Joyce Long and Jimmie Morrow.

Chapter mothers who were elected were, Mrs. John Boland and Mrs. Jim Wyatt.

EASY? . . . It may look that way, say HOLIDAY ON ICE performers, but ice skating involves long hours and hard work. Some of the top performers in the ice-skating world will appear with HOLIDAY ON ICE OF 1957, to be the main entertainment feature of the Panhandle South Plains Fair in Lubbock, September 22-27. The fair lasts through Saturday, Sept. 28.

Pat Barrett, son of Mr. and Mrs. Bill R. Barrett, visited Saturday night and Sunday with Dr. and Mrs. Joe Alexander and children of Abilene.

Mrs. LaFayette Robinson has returned from a two weeks visit in Ft. Worth with her son, Orville and family.

Mr. and Mrs. LaFayette Robinson visited Mr. and Mrs. Jimmie Hahn Wednesday night.

Two recently released publications prepared by R. V. Thurmond, extension agricultural engineer, are aimed at answering some of the questions farmers are asking about rights in surface water for irrigation and ground water laws in Texas for irrigation. The publications, MP-214 and MP-215, are available from the offices of local county agents or the Agricultural Information Office, College Station, Texas.

Ensiling methods have a lot of effect on the quality of the silage, says A. M. Meekma, extension dairy husbandman. The immediate exclusion of air is important in controlling heating and encouraging proper fermentation. But he adds, the type of plant used also plays a big part in determining the quality of the silage.

Jackie, daughter of Mr. and Mrs. Charles Forbes, is ill at this writing.

TELEPHONE TALK
by J. C. Oakley, Manager

DIAL SERVICE
Progress is moving right along at our telephone office in relation to the dial equipment.

I believe each of you have received your new telephone number sent to you on the back of a postal card; also, you should have received the little booklet on how to use the dial telephone.

Western Electric, the people who are actually installing the dial equipment, will probably be through the first week of October. Their local people will move in to make various tests to be sure that the equipment is working satisfactory. Every test known is made so that you the customer will have the best service possible.

Actually the cut-over will only take about sixty seconds. This being to cut the old office dead and cut the new one in.

SAFELY BACK TO SCHOOL
Well, it's September and school bells are ringing again. It's a good time of year to remind ourselves to be even more cautious in our driving — especially until we get accustomed again to "school stops" and small-fry pedestrians.

Here at the telephone company, we've always stressed safe driving — "Safety consciousness" as well as care and skill handling our cars and trucks.

Telephone men like Jack Tarver and Lonnie Harmon deserve much credit. Year in and year out, they drive thousands of "safe" miles. Thanks to their records and similar ones established by telephone drivers in other cities, Southwestern Bell again won the National Safety Council's Award of Honor in 1956.

DON'T RUNI REACHI
Next time your telephone rings, think about this: Can you reach out and answer it... or do you have to run for it?

Is it handy? Or is it in some out-of-the-way place? Maybe even on a different floor?

The cost of having telephones wherever you need them around the house is surprisingly low, especially in comparison to the comfort and convenience they give you.

Each extension phone costs only \$1.00 a month plus a one-time installation charge.

Why don't you call or come by the telephone business office? Let us help you plan complete, convenient telephone service. More and more people are learning the modern idea is to have phones with easy reach.

Call by number. It's twice as fast.

Way Back When

By Pauline Bateman

1934 an election was held for school districts, Prairie Croton, Midway, and Dunlap, were consolidated with which is known today as Patton Springs.

On March 9, 1935 the building was formally accepted from the contractors and on March 15, 1935 classes were first conducted in the building.

The pupils and teachers moved the books and other effects across the road to the new building, by hand.

Miss Amelia Harges was the English teacher that first year and was also the senior class sponsor. Members of the first graduation class from Patton Springs were: Claude Thannisch, Frank Ragland, Lloyd Livingston, Lindsey Earnest, Claude Varnell, Pauline Wright, Pauline Day, Hazel Benham, Lizzie Lou Baxter, Nell Ragland, Dickie Lois Shannon, Ula Merle Morgan and Merle Bennett. Claude Varnell gave his life for us in World War II. We are proud of him and will never forget him.

In September 1935 the first home economics teacher began the practical work and the actual instruction in the home economic department thus a new chapter was added to Patton Springs school. The home economic room was then where the science room is now. The first year we had only sewing, as the stoves for the teaching of cooking had not yet been installed.

During the school year 1935-36 the Patton Springs school was composed of pupils numbering 420 and 15 teachers. Also a government employed librarian, seven bus drivers, seven

buses and a school custodian, Mr. Lon Winfield. All were directed by Mr. Southall through an able board of seven trustees, co-operating.

Early in the year a vacancy occurred by the resignation of Miss Cade which was filled by Mrs. Edna Chisenhall. The same year Miss Sally Rattan became Mrs. H. V. Jackson.

On March 17, 1936 Mr. Giesecke was elected as superintendent of Roaring Springs School. Mrs. Giesecke spent enough time in this community to be remembered long by many friends and gave much time and thought toward a better and bigger school. Trophies in the main hall are a symbol not only of present day but if you will notice the dates, they also represent the type of work and scholastic standing of many of our "old timers" not only in the Afton school but by the co-operating work of the former districts which made Patton Springs one.

The first annual from Patton Springs was published in the year 1940. In this annual called "The Ranger" (this annual sold for 50c per copy), the staff included pictures and names of all members of the former Patton Springs graduation classes since the school was organized in 1934-35.

Mr. Moyne L. Kelley was superintendent that year. Mr. Paul W. Pattilo was principal, and Band Master Robert J. Clark, was the boy's coach. Fay Armstrong, some economics, Miss Will Lee Clark, public school music, Manuel W. Ayars, vocational agriculture, Walterena Russell, physical education, Mary E. Bannister, English, Chester D. Sullivan, business administration, Jean McInroe and H. I. Tooke were librarians. That was the high school faculty of 1940.

The school board in 1940 consisted of John Norris, president, D. W. Sims, vice-president, Harry Bennett, V. S. Foard, D. W. Hughes, J. P. Legg and Roy Atchison.

Bus drivers in 1940 were L. L. Slayden, W. H. Duke, Nathan Patterson, Lawton Harvey, David Clay, David Smith, and Sam Putman and building supervisor, Mr. Lon Winfield.

The girls and boys were Dickens County champions again; in basketball in 1940. Girls team was Oleta Cates, Tommie Bridge, Helen Kelly, Maxine Sladen, Marie Hill, and Mable Blakely, with coach, Miss Walterena Russell.

The boys team was W. T. Newberry, Lowell Cates, Melvin Hamm Gilbert Ragland, David Robinson and Jim Tom Haney, with Robin J. Clack, coach.

The school had a large pep squad, glee club, sport club, commercial club, typing teams, choral club, operetta, band, and many other activities. Louise Rigby was drum major, in 1940. Bernice Randolph was Mascot and Paul W. Pattilo was director of the band.

Mr. Kelley left Patton Springs for several years but is back in our school once more, we are proud to say. When he is not helping make our laws in Austin he teaches here and is loved by the community young and old alike. As everyone knows he is our representative from this district. When little children cry when he leaves, he is a pretty good guy, and some of the kids are not so little that cry when he leaves our school. Mr. Kelley is the kind of person who really likes and understands children. Having worked so long with the Orphan's home he seems to have a natural understanding of children. He often says "a good pat on the back is worth every thing to an old boy." Mr. Kelley has been an inspiration to the whole community and it is my earnest wish that as parents and teachers we could be as tolerant and considerate as he is, about the little things as well as the big things.

We are still proud of our Old Alma Mater. We are still for her, through thick and thin. As Mr. Kelley would say, "I have chosen you, Patton Springs. Long may you stand." Due to changing times and conditions we do not have as many pupils but we are still hoping for the best.

The question is sometimes asked "What went with the children?" Our number in school is so much smaller. Of course there are several reasons. As we all know the time is rapidly passing when we see from nine to twelve children in a family, and then, too, one farmer handles so much more land. Next time you are riding across the country start observing the little vacant houses which only a few years ago were filled with families with school children. Now these houses are abandoned where once life was lived to the fullest.

Until the year of 1929, the work of the county superintendent was done by the county judge in directing the schools. In that year, Mr. Frank Spears was appointed by the commissioner's court and served fourteen months. He was the first full time county superintendent. In 1930 Mrs. Madge D. Twaddell was elected, and in January 1931 was inaugurated as the first elected county superintendent. She was closely associated with the schools, and is still remembered as being well liked by the people as a whole.

County judges who served as county superintendents before 1929 were: A. J. McClain, who was Dickens County's first judge in 1919. B. G. Worswick, J. H. Airhart, C. A. McKnight, O. S. Ferguson 1903, W. C. Ballard, F. C. Gipson, O. S. Ferguson 1913, W. L. Powell, Bryan Spear, Charles McLaughlin, H. A. C. Brummett, O. C. Newberry and Frank Spear.

FINIS

There must be a beginning and an end. So far, I do not see an end to "Way Back When", nevertheless we are stopping for a while. It has been a labor of love, but plan to continue it in the future.

What started out as a continued

story "snow-balled", and more and more was learned and added along the way. We were grateful for every bit of information and are still working toward a bigger and better story.

So many pioneers contributed to the settling of our wonderful county, that it would be impossible for the Editor to give time and space enough to enumerate each history, though we fully realize that each one is important in its own, and do plan to work each history into our future story. So keep thinking and telling me about "way back when" it happened, for as I have said many times, it is "our history".

To all who have helped in any way, let me say a "great big thank you". Except for all your kind words and cooperation we could never have come this far. Keep telling me anything you did "Way Back When". I love every word.

Winter pastures are not an expense, but an investment. They provide green grazing in the late fall, winter and early spring and good quality grazing crops can help reduce the cost of wintering livestock, maintain growth and production, say E. M. Trew, extension pasture specialist. Now is the time, he adds, to complete plans and get the winter pasture program underway. A visit with the local county agent can help answer many questions on the subject.

Certain changes are necessary in the recommendations in L-256, "Texas Guide for Controlling External Parasites on Livestock and Poultry", because residue tolerances are not discussed. These tolerances are explained in the supplement to L-256, "Insecticidal Residue Tolerances in Livestock! It may be obtained from local county agents.

What Is Chiropractic

By Dr. O. R. Cloude, D. C.

Chiropractic is a philosophy, science, and art of things natural; a system of adjusting the articulations of the spinal column, by hand only, for the correction of the cause of disease.

The spinal column consists of the bone segments, called vertebrae, together with the sacrum and coccyx. The spinal cord and all the great nerve trunks pass from the openings between these vertebrae. The vital nerve force within man is carried by these nerve trunks from the brain to the various organs, muscles, and tissues of the body.

For every effect you must have a cause; that is a fundamental law of physics. If a person is ill, then the condition of disease, regardless of the name applied to it, is, in fact, an effect for which there must be a cause.

The Chiropractic premise is that the cause of disease is due to vertebral misalignments which produce an impingement upon the nerve trunks and thus interfere with the normal transmission of vital nerve force.

It necessarily follows that the only permanent way to do away with disease is to adjust its cause and thus restore free communication. Chiropractors do this by adjusting the displacement that causes the obstruction.

First the interference, then disease. First the cause, then the effect. Chiropractor does not treat the effects. Chiropractic corrects the cause.

GET A WINNING DEAL ON A NEW CHEVY—THE GETTING'S EXTRA GOOD!

More People Drive Chevrolets Than Any Other Car

There seem to be two kinds of roads around the country lately. There are dull, ordinary everyday roads. Then, there are the same roads when you take them in Chevrolet—fun roads!

Stepping along nimbly, surely—staying on course—traits like these come just a little more naturally to Chevrolet. Few cars at any price are so beautifully balanced. None in Chevrolet's field have Ball-Race steering, extra-long outrigger rear springs—or Body by Fisher—to name just a few of Chevy's exclusives.

As for spirit, well—take a Chevrolet out and feel that eager 245* horsepower! Just drop in at your Chevrolet dealer's—soon!

CHEVROLET

*Optional at extra cost. 270-h.p. V8 engine also available at extra cost.

Only franchised Chevrolet dealers display this famous trademark
