THE Editor's Corner...

By Joe Harrison

Editors far and wide are getting off verbal blasts concerning the situation in Little Rock. We may as well plant a few ourselves then sit back and wait for the roof to fall in—in the form of criticism.

Being born and bred in Texas, it is easy for us to see the Southern side of the integration problem. We just can't bring ourselves to understand why schools MUST be integrated. (Except that the Federal government helps support our schools and if they say integrate, we integrate or get a bayonet in the throat, or a rifle butt on the head.)

On the other hand, we don't believe in discrimination. We feel the Negro should have equal rights pertaining to education, voting, etc.

However, integration will lead to inter-marriage. Texas only recently voted by a huge majority favoring a law declaring racial inter-marriage illegal. Will Federal troops now storm the Lone Star state and with fixed bayonets conduct mass inter-racial weddings? Or, will the Supreme Court declare this law unconstitutional? The main effect Eisenhower's decision to use force will have on Texans, and the Democratic party in general, will tend to make the two closer.

In the last presidential election Texas showed signs of becoming a two party state. Which is okay in our opinion—you need a check and balance—but now, the Republicans, AND Eisenhower have "split their breeches," so to speak, and a Republican may be hard to find.

Ralph Yarborough put it very ably when commenting on the use of troops to enforce integration. "Eisenhower Democrats will be scurrying all over Texas hiding their like buttons."

Billy Ray Barrett, president of the Spur High School Ex-Student Association has received a letter from Marshall Formby, chairman of the Texas Highway Commission accepting a bid to present a movie camera, purchased by the Ex-Student Association, for the High School Athletic Department during Homecoming.

Formby, who is to be the featured speaker at the Kent County Court House dedication, has a busy schedule, and the association was extremely fortunate in securing Formby for Homecoming ceremonies.

Barrett, along with Loyd Womack and William Starcher, Texas Spur staffers, have been working hard the past week to complete The Echo, Ex-Student publication. Barrett has lined up a top notch program for Homecoming and we're looking forward to it.

About 1,500 exes are expected to begin pouring into Spur next week.

Rex Holder, president of the Booster Club announces that attendance has picked up at the Booster meetings, but still more members are needed.

Last Tuesday night about 50 persons met and saw the Crosbyton film, and heard a scouting report on Tahoko. Coffee and cake was served.

There will be a pep rally at the gym tomorrow afternoon at 2:30. All parents, football fans, and interested townspeople are urged to attend. These rallies give the team a tremendous lift and could spell the difference between a successful and a poor season.

POLO MATCH BETWEEN SPUR, JACKSBORO SET

The Dickens County Sheriff's Posse Palmetto Polo team will meet Jacksboro Sunday afternoon at 2 p. m. on the Spur field.

This is the first trip to Spur for the Jacksboro group since the Spur field was dedicated on September 1, 1956, according to Everett McArthur.

The Jacksboro team was a finalist in the Florida tournament last March.

Spur, Tahoka Open District Play Tomorrow Night

The Spur Bulldogs will open district play tomorrow night when they journey to Tahoka to meet the Tahoka Bulldogs.

Last week the Tahoka team took a 51-0 licking from the powerful Seagraves Eagles, but Tahoka was playing with six starters out due to illness.

Spur romped over a scrappy Crosbyton team, 40-0 and gave indications they might have ended their slow start that is an earmark of Spur teams.

Coach Bill Henry said as far

as he knew, no regular, other than Randal Gilcrease, would miss the Tahoka game. However, several players have missed some school this week.

The Spur Bulldogs finally mounted an offense to match their potent defense, and marched to a 40-0 win over the Crosbyton Chiefs.

The game started out in a familiar pattern as the Bulldogs took the kickoff and began to roll up short yardage. After an exchange of punts, Alan Kissinger scored

the first touchdown by racing off left tackle into the end zone from the Chief 20. The Bulldogs used 14 rushing plays, coupled with one pass in moving the 80 yards. Kenneth Suits kicked the extra point.

With two minutes and 30 seconds remaining in the second quarter, Ray Don Powell scored the second touchdown when he squirmed through the line and raced 55 yards to score. Suits again converted, and the half ended with the score 14-0 Bulldogs.

The Bulldogs gave indication of ending a touchdown drought when Kissinger raced 36 yards to the Chief five yard line the first time Spur got the ball in the second half. Kissinger scored on the next play, but this time Suits missed the point and the score read Spur 20, Crosbyton 0.

Spur scored again in the third period when Powell turned on a burst of speed to race 66 yards for the fourth touchdown of the night. Powell appeared in trouble at the start of the run, but found running room in the Chief secondary as he picked up a three man convey and outraced two defenders to the goal. Suits converted and Spur led 27-0.

Coach Bill Henry had begun substituting after the third touchdown, and early in the fourth period moved Powell to quarterback. Powell had been at the position for only two plays when he threw a 35-yard touchdown pass to end Woody McArthur. Powell had faked beautifully, causing the Chiefs to overshoot as he kept the ball on a bootleg, race to the clear, then hit McArthur who trotted across. Suits again kicked the extra point and the score read, Spur 34, Crosbyton 0.

Pullback Joe Copeland wound up the scoring as he raced 24 yards around left end with only a few minutes to play in the fourth quarter. Suits missed the point and the scoring for the

Vocational agriculture instructor Tommy Kissinger will accompany the boys to Dallas.

New Feed-Wheat Plan Affects Acreage Reserve

Just how the new feed-wheat exemption provision affects participation in the Soil Bank's 1958 Reserve program was explained recently by Joe M. Rose, Chairman of the Dickens County Agricultural Stabilization and Conservation Committee.

"A farmer may not take part in both the 1958 wheat Acreage Reserve program and the feed-wheat exemption provision," Rose declared. "Under the Acreage Reserve program, a farmer agrees to reduce his wheat acreage below his allotment, and this of course is directly contrary to the action farmers are permitted to take under the feed-wheat provision."

"Producers who take part in the feed-wheat exemption provision, however, and who harvest not more than 30 acres of wheat for use on the farm will be eligible to participate in the Acreage Reserve program for other commodities—such as corn, cotton, rice, and tobacco—even though their wheat acreage allotment may be exceeded."

As authorized by recent legislation, the feed-wheat provision permits a farmer whose wheat acreage allotment is less than 30 acres to grow up to 30 acres of wheat for use exclusively on the farm where produced. Not more than 30 acres of wheat may be grown on the farm, and none of the wheat may be sold, bartered, or exchanged nor will it be eligible for price support.

Chairman Rose explained that farmers who have already signed agreements to take part in the 1958 winter wheat Acreage Reserve program either may cancel their wheat acreage reserve agreements before October 4. Applications to take part in the feed-wheat exemption program must be signed before plating time on the farm or October 15, 1957, whichever is later.

Wichita Falls Fire Marshal To Give Programs In Spur

Fire Marshal Van Pelt, Wichita Falls, has been scheduled to bring a fire prevention program in the Spur Public Schools on Tuesday.

Van Pelt was the visual aids instructor at the Fireman's school recently held in College Station.

Van Pelt will also appear before the Lions in their regular Tuesday noon meeting and that night at 8 p. m. will address the Spur Volunteer Fire Department.

Dial Installation Nears Completion -- Oct. 18

Telephone workers are rapidly "assembling the pieces" to get Spur's new dial telephone system ready for service on October 18, J. C. Oakley, manager for Southwestern Bell Telephone Company, said this week.

Oakley listed these activities: Western Electric workers are installing the intricate, tailor-made equipment in the new building. Installers have placed dials on customers' telephone instruments throughout the city.

Plant and Traffic employees are being trained to work with the new dial equipment.

"Installing and testing the equipment for a dial system this large is a big job," Oakley said. "It will be tedious, time consuming work for a large crew of Western Electric installers over a period of several months."

Installation of the equipment began in June and is due to be completed in October. Several weeks of testing will follow before the system can be placed in service.

Installers are working far in advance to have all telephon instruments in Spur equipped with dials so there will be no delay when the dial system is ready for service.

"There is no need for Spur people to call us if their telephone instruments have not yet been equipped for dialing," Oakley said. "The work is proceeding on schedule, and all instruments will be ready for dialing when the dial system goes into service."

He warned that the dials should not be used at this time. All calls should be given to the operator in the usual manner. For the time being, he said, turning the dial may result in interruptions to telephone service.

Spur's plant employees are being given both classroom and practical instruction on maintenance and operation of the dial equipment. After the schooling is

Walter G. Johnson, 82, Dies Monday

Walter Goff Johnson, who came to Dickens County 39 years ago, died Monday.

Funeral services were held Wednesday in the First Methodist Church, Spur, Rev. Cal C. Wright, officiating. Interment was in Spur cemetery.

Johnson is survived by his wife, Mrs. Annie Johnson and three daughters and four sons. They are: Mrs. B. J. Whitever, Eunice, La.; Mrs. L. M. McCarty, Spur; Mrs. James B. Harding, Ft. Worth; John K. Johnson, Spur; Walter Johnson, Wilson; Edward Johnson, Brownfield; and L. D. Johnson, Ft. Worth.

Pallbearers were Mansell Bragg, Weldon Grimes, Martin Pope, Arner Watson, Claude Barclay, E. S. Lee.

Campbell's Funeral Home had charge of arrangements.

completed, the trainee will be given practical experience with the equipment by assisting with the final testing.

"Everything possible is being done in advance so that when the equipment is fully tested, there will be no delay in putting it in service," Oakley said. "Of course, our preparations will be stepped up as time approaches for the change-over to dial."

The manager said that as soon as possible after the new system goes into operation, Spur people

will be invited to an open house to see the equipment and receive an explanation of how it operates.

Oakley commented favorably on close cooperation of the "telephone team" which is readying the dial system.

"The coordination and teamwork is impressive," he said. "We also enjoy a pleasant feeling of being 'partners in progress' with all the people of Spur in helping this city expand and grow another step toward the metropolitan class."

RECEIVES BROKEN LEG ... Spur Youth Is Struck By Car While Dismounting School Bus Monday

Ronnie Bass, 6 year old son of Mr. and Mrs. Graden Bass, Spur, was seriously injured Monday when he was struck by a car after dismounting a school bus 6 miles north of Spur.

The car was driven by Mrs. Foy Jackson, Dickens.

Rev. J. E. Lee, pastor of the Bethel Baptist Church, was driving the school bus and said he tried to flag down both the car and the boy. He said the stop lights on the bus were flashing.

D. D. Tullis, deputy sheriff, investigated the accident.

Bass was taken to Spur Memorial Hospital with multiple cuts and bruises around the head. However, X-rays did not reveal a fracture although a bone in his leg was broken according to Hospital authorities.

Delegates Elect ASC Committeemen

The following County ASC Committeemen were elected by delegates recently to serve during 1958. They are:

Joe M. Rose, chairman, Roaring Springs; Guy Thompson, vice chairman, Afton; Ben F. Overstreet, Dickens; Bryon Haner, Afton; T. B. Watson, Spur.

Overstreet will serve as third member, Haner as first alternate, and Watson as second alternate.

September rainfall totaled 1.06 inches, bringing the total for the year to 20.95.

He returned home Wednesday.

One result of the accident was noted in the zones near and around the Spur Schools according to City Police Officer, Wayne Beadle.

"Traffic was considerably slowed in the school zones," Beadle said. Only last week Beadle had asked that the Texas Spur publish an article referring to speeding in these zones.

The accident followed by one week an announcement by the Texas Highway Department that school bus laws would be strictly enforced this year.

It is against the law to pass a school bus stopped on a country road or highway.

Mrs. Jackson was reported in a state of shock following the accident and Dr. J. F. Hughes, county health officer, gave her a sedative. She was not hospitalized.

Yarborough Says Arkansas Events Shames GOP

United States Senator Ralph Yarborough released the following statement on the Little Rock tragedy from his office in Austin last week end before leaving to open the Heart O' Texas Fair in Waco and address the Baylor University student body in chapel:

"Some vocal Texas politicians who have campaigned for the Republican party for years and years are now running over Texas hiding their Eisenhower buttons.

"Everybody knows that I have opposed this administration with all the means at my command, so it is not necessary for me to issue any exculpatory statements.

"However, no real American can fail to be saddened by the tragic conflict dividing this country. Now is the time for statesmanship, not brinkmanship."

Fire Prevention Week Is Oct. 6-12; Fire Marshall Gives Prevention Tips

(Editor's Note: The following is an article written by Spur Fire Marshal Russel Powers in connection with Fire Prevention Week, October 6 through 12.)

With Fire Prevention Week beginning October 6, the following suggestions will help eliminate some of the fire hazards around your home and property.

"Start your Fall cleaning by re-

moving all excess newspapers and trash from your home, garage or tool shed.

"Cut all weeds from your property and vacant lots: also in alleys and along fence rows.

"Be sure that all gasoline and other inflammable liquids are stored in self-sealing metal cans. Do not keep gasoline or other inflammables in your house.

"When leaving your house, be sure that all heaters are off.

"Be sure that bath towels, curtains and clothing are not hanging above a bathroom heater.

"The amount you pay for your fire insurance is partially based on how much the insurance companies have to pay on claims on fire losses in Spur. We are happy to report that the fire loss for 1957 is far below the fire loss for the past several years.

"By eliminating fire hazards in and around your home, you will help keep our fire loss down, thus saving you money on your next year's fire insurance.

"Train your children to keep away from heaters and not to play with matches.

"Remember—people, not things, cause fires."

Some Wheat Types Not Eligible For Government Loans

The following varieties of wheat, if planted in Dickens County and if offered to be placed in the Government Loan, will be rejected or would take a considerable deduction, according to W. W. Gunn, ASC office manager.

These classes and varieties are: Hard red winter—Blue Jacket, Chiefkan, Cimmaron, Early Black-hull, Kankin, New Chief, Pawnee Sel, 33 Purkof, Red Chief, Red Hull, Red Jacket, and Stafford; Soft Red Winter, Kan Queen, Kawale, Nured and Seabreeze; Soft Red Winter—KanQueen, ry (expect in Wisconsin and Washington), Kinney, Premier, Progress, Spinkota, Sturgeon; Durum—Golden Ball, Peliss and pented;

White—Fifty Fold, Florence, Greeson, Rex and Sonora.

Speakers, Bar-BQ Feature Kent County Court House Opening

However, with Don Morrison running the team, the Bulldogs filled the air with passes as time ran out.

The Chiefs put up a good scrap through the first half, but that quick Bulldog touchdown in the third period seemed to take the wind out of them. B. Smith and D. Hill bore the brunt of the Crosbyton attack.

Outstanding on defense for the Bulldogs were David Morgan, Jimmy Holder and Kenneth Gilcrease. Coach Henry played the entire bench and some of them looked real good including guard Jim Gabriel, end Woody McArthur, fullback Joe Copeland and halfback Kenneth Suits.

West Texas State
Miss. Southern
Play In Amarillo

When West Texas State and Mississippi Southern meet in Amarillo Stadium Saturday night, it will be a rematch of the 1957 Tangerine Bowl in Orlando, Fla.

After great records in 1956, these same two clubs were matched in the Jan. 1 classic and the Buffs staged a brilliant half rally to win, 22-13. Florida fans, more than 13,000 of them called it the greatest of all Tangerine bowl games.
West Texas officials last week accepted an invitation from the Amarillo Chamber of Commerce to move the game from cramped Buffalo Stadium to 15,000-seat Amarillo Stadium. It will be the first appearance of the Buffs in Amarillo since 1951.

LSU, Texas Tech
Meet In Lubbock
Next Saturday

Louisiana State, first Southeastern Conference team to play in Lubbock, will meet the Texas Tech Red Raiders here Saturday night. Tech previously has played three games with SEC members, beating Mississippi State and Auburn and losing to Louisiana State, but those games were played away. LSU was a 20-13 victor in Baton Rouge three years ago. Both teams rely heavily on sophomores. LSU is bolstered by an unbeaten 1956 freshman team. Tech's frosh last year weren't as successful, but they are helping the Red Raider cause tremendously this season.

For example, Ronnie Rice of Lefors, who made the most yardage of any back in the Texas A&M game last week, is now Tech's leading runner, sophomore Mickie Barron of Childress is the top pass receiver, and another, Ed Strickland of Pampa, is outstanding as a starting guard. Once during the struggle with A&M last week the Raiders mounted one of their better drives with seven sophomores in the lineup.

Flu-stricken LSU lost to Rice but recovered to down Alabama 28-0 last week. Tech actually out-gained and out first-downed the nation's second ranked Aggies in losing 21-0 last week. Tech officials are hoping for a large crowd Saturday night in order to facilitate scheduling of other major intersectional foes. Reserved tickets are expected to be available through Saturday.

LAST WEEK'S RESULTS:

Floydada 34, Paducah 6.
Seagraves 51, Tahoka 0.
Slaton 39, Roscoe 20.
O'Donnell 14, Post 2.
Lockney, 13, Ralls 0.
Dimmitt 34, Abernathy 0.
Spur 40, Crosbyton 0.

H-SU Points For
Arizona State In
Football Drills

The Arizona State Sun Devils may feel the brunt of Hardin-Simmons University's football drills held this week despite the fact that the Cowboys do not meet the Border Conference favorite until Oct. 12.

Instead of working the Cowboys for the University of Mississippi game slated next Saturday, Oct. 5, in Oxford, Coach Sammy Bauch and his staff are concentrating on conference foe Arizona State, a team that sopped the Pokes 26-13 last season.

Bauch has spent the entire week drilling his Cowboys on the finer parts of the highly-touted Arizona State attack and he will do the same the week after playing Mississippi's Rebels. Bauch, who guided the Cowboys to a 14-0 upset win over the University of Tulsa last week, is not over confident for the Ole Miss game and neither has he given up—he had just rather beat the Sun Devils and give the H-SU crew a chance for the Border Conference title.

"We want to win that Tempe game, I'll tell you that," Bauch emphasized. "We would rather try and get ready for Arizona State and just play Ole Miss the best we can than to work two weeks trying to get ready for a non-conference game and the loss to Tempe," he added.

Range judging is described as a practical method for teaching good range management by Extension Range Specialists A. H. Walker and G. O. Hoffman in a recent publication, B-864, "Do You Know Your Range?" Copies of the bulletin may be obtained from local county agents or from the Agricultural Information Office, College Station, Texas.

BY JOE HARRISON

Spur High football fortunes took a decided upswing last week, as the team scored a resounding 40-0 win over Crosbyton.

Comparatively speaking, this makes the Bulldogs some 70 points better than Post, who bowed to Crosbyton, 32-0.

Seagraves downed the Chiefs 27-0, then proceeded to slaughter the Tahoka Bulldogs 51-0. Theoretically this makes Spur a 13-point favorite over Tahoka when both teams open district play tomorrow night in Tahoka.

However, Tahoka had six starters out for the Seagraves game, and didn't give a true account of themselves. Coach Henry says the Tahoka quarterback is one of the best in the district.

Ronnie Cloude, Kenneth Gilcrease, Jimmy Holder and Don Kidd have all missed at least one day of school this week with stomach upsets or colds. Superintendent Bob Nunley says that about 10 percent of the enrollment in the Spur schools have been out due to this type illness.

Randal Gilcrease will be out for the Tahoka game but may be ready to play in the Homecoming match against Abernathy. The all-district tackle is still on crutches, following an injury in the Anson game.

The old squabble about which is the better conference, the Big Ten or the Southwest is beginning to flare up again. However, Texas A&M, rated No. 2 in the nation behind Oklahoma, has dropped to fifth spot following its tilt with Texas Tech last week.

Bear Bryant grumbled that the Aggies will have to improve or "we'll get beat." For once, we will agree with Bear in part. If A&M doesn't improve, they may get beat numerous times.

Granted Tech was fired up last week when they held the vaunted Aggies to three touchdowns, granted John Crow and Loyd Taylor, the Aggie starting halfbacks did not play; but, Maryland held the Aggies to a 20-13 score, and North Carolina State drubbed the Terps 46-0 the following week.

Which is to say, that comparing scores, which isn't a good way to make a living, Texas Western appears stronger than the Aggies since they topped West Texas State after West Texas had shut out Tech, 19-0.

Although the Aggies dropped in the standings, we feel that they are still the team to beat—and, furthermore, we think that if Oklahoma was a member of the Southwest Conference, they'd find it considerably harder to mount a 40 game winning streak.

THIS WEEK'S SCHEDULE:
Lockney at Abernathy.
Floydada, open date.
Post at Slaton.
Spur at Tahoka.

'Miracle Kitchen' To Be At State Fair

The RCA Whirlpool Miracle Kitchen to be demonstrated in the Electric Building at the 1957 State Fair of Texas in Dallas, Oct. 5-20, performs household tasks as if by magic. At the touch of a button, a self-propelled serving cart emerges from a cabinet, brings clean dishes to the dining table and may be loaded after dinner with soiled dishes for the return trip. Back in its wall niche, it does the dishes automatically.

Mrs. Smith Performs Installation Service

Mrs. Raymond Smith of Dry Lake Baptist Church performed the installation service for the Watson Baptist Church, Monday afternoon. "We FOLLOW in HIS PATHS" was the theme of the program, the Paths being those of joy, humility, truth, knowledge, faith, service, peace, wisdom, fellowship and love.

A social and exchanging of secret pal gifts followed the program, and refreshments of cakes were served.

Those attending were: Lena Hinson, Blondie Self, Zeffa Robinson, Deloris Witt, Robbie Havens, Wanda Parsons, Gerlie Havens, Eddythe Witt, Leta Vickers, Vona Fisher, Nettie Havens, Pauline Robinson, and Mrs. Raymond Smith and Mrs. Lem Parsons of Dry Lake.

Girard PTA Meets For Business Session

The Girard P-T-A met September 19 and held its regular business meeting. The program was highlighted by a satire of a popular TV program, Masquerade Party.

The quizmaster was Mrs. Woodrow Hodges. The panel was composed of Lonnie Williams, Punk Bural, Woodrow Hodges and Rev. Billy Burke.

The masqueraders were Tom Hunicutt, Ann Brown, Jimmie Morrow, Joyce Long, and Joann Brooks. The disguises were clever, but the panel was just too bright.

Refreshments were served in the home ec cottage afterwards.

Mrs. Grady Lackey Installs New WMU Officers

In an impressive ceremony Monday, September 30, at 4 p. m., Mrs. Grady Lackey installed the new officers of the Women's Missionary Union of the First Baptist Church. "Hands United in Kingdom Service," was the theme used.

Officers to be installed stood before a background of the world made of posterboard on a background of white upheld by praying hands. As the officers took their places, Mrs. B. G. Nunley sang "His Hands." As Mrs. Lackey gave each officer the duties of her office, she placed the symbol of her office in her hands, making a deep and lasting impression.

At the close of the service, the new officers and other members joined hands in prayer as Mrs. Nunley sang, "Take My Life and Let It Be."

Mrs. Lackey gave the dedicatory prayer.

Officers installed were: president, Mrs. Fike Godfrey, enlistment vice president, Mrs. B. G. Nunley; program vice president, Mrs. Alfred Walker; recording secretary, Mrs. Myrtle Whitwell; secretary and treasurer, Mrs. Henry Gruben; YWA director, Mrs. C. P. Scudder; G. A. director, Mrs. Grady Lackey; sunbeam director, Mrs. Bill Glenn; choister, Mrs. H. M. Allison; pianist, Mrs. Joe Long; community missions, Mrs. Elmer Hagins; prayer chairman, Mrs. Riley Fugitt; stewardship chairman, Mrs. Cretia Brooks; circle chairmen: Bagby, Mrs. John Adams; Judson, Mrs. H. G. Lackey Sr.; Parks, Mrs. Douglas Robinson; Culpepper, Mrs. Arner Watson.

Mrs. O. R. Cloude, outgoing president, presided for a short business session.

Mrs. Dalton Lelew, social chairman, conducted a very interesting TV skit, "I Could Be You", leading up to the Pastor who presented Mrs. Myrtle Whitwell and Mrs. Grady Lackey with a gift for having been 100 per cent present for the Royal Service program and business meetings.

Mrs. Fike Godfrey, president, presented Mrs. O. R. Cloude, past president, with the official Woman's Missionary pin.

During the tea hour, Mrs. Dalton Lelew presided at the tea service, serving hot spiced tea, cookies, salted nuts and mints to those present.

The tea table was laid with a white lace cloth. Fall flowers centered the table flanked by china hands. Fall favors were miniature hands.

Mr. and Mrs. Sparks Celebrate Golden Wedding Anniversary

The children of Mr and Mrs. J. E. Sparks honored their parents on their Golden Wedding Anniversary with an open house Sunday afternoon, September 29 from 2 to 5 p. m. in their home at 809 N. Keeler in Spur.

The Sparks were married September 27, 1907 in Kent County, Mrs. Sparks was Miss Mary Pirkle, daughter of Mr and Mrs. W. C. Pirkle. They have resided in Dickens county all their married life.

The couple have five living children: Mrs. Martin Parks, San Leandro, Calif.; Mrs. Earl Murchison and Mrs. Jim Koonsman of Dickens; Mrs. Ernie Hughes and Jimmy Sparks of Dell City, Texas. They have eight grandchildren and two great-grandchildren.

Mr. and Mrs. Sparks are members of the First Baptist church in Spur.

The serving table was laid with a lily table cloth over gold and an arrangement of yellow chrysanthemums and daisies centered the table.

Mrs. Don Condon, granddaughter of the couple, registered the guests.

Out of town guests were from Lubbock, Big Spring, Roby, Hamlin, Rule, Levelland, Dell City and Sweetwater, Texas; Phoenix, Arizona; Upland and San Leandro, California; Lawton, Fredrick and Altus, Oklahoma.

Local Study Clubs Honor State Prexy

Service to community, to church and to club are among the responsibilities of club women, according to Mrs. A. J. House, state president of Texas Federated Women's clubs.

Mrs. House was honored by Spur club women at a dinner meeting at Dyess Hall on Monday night, September 30.

Mrs. T. H. Blackwell, local federation president, presented Mrs. George Stanford who introduced the state president to the local club women and guests.

Mrs. Bob Nunley, accompanied by Mrs. Grady Lackey, sang "Autumn Leaves" as part of the program.

The state president reported on the depth of federation work, which includes scholarships, safety work and other worth while projects.

Among those attending were members of the 1917 Study Club, 1931 Study Club, 20th Century Club and other guests.

Mrs. R. E. Mason of McCamey Study Club was an out-of-town guest.

Local officers of city federation in addition to Mrs. Blackwell are: Mrs. R. E. Dickson, first vice-president; Mrs. Bill Gregory, second vice-president; Mrs. Dick Sampson, third vice-president; Mrs. W. D. Blair, Jr., secretary, and Mrs. Fred Halle, treasurer.

Past Matrons Club Potes Hortense North

The Past Matrons Club honored their Junior Past Matron, Hortense North, with a luncheon, September 29, at 12:00 in the home of Mrs. Nell Davis.

The table was laid with a lovely white linen cloth. A beautiful corsage of white carnations was presented to Hortense in a most gracious manner by Mrs. Davis, after which the meal consisting of fried chicken, string beans, candied sweet potatoes, congealed salad, pickles, olives, hot rolls, tea, coffee, apple and lemon chiffon pie was enjoyed by all.

After lunch the business meeting was called by the president, Mrs. Foster Aston. New officers were elected, Revvie Lee Neaves, president; Virgie Dunwoody, secretary-treasurer.

Members present to enjoy the gala occasion were: Meses, Virgie Dunwoody, Susie Sloan, Georgia Barrett, Pauline Jimison, Helen Chandler, Kate Senning, Foster Aston, Revvie Lee Neaves, Nellie Carlisle, the hostess, Nell Davis and the honoree, Hortense North.

The club adjourned to meet with Pauline Jimison September 30th.

Baptist Union Holds Fall Round Up

The Training Union of the First Baptist Church had its Fall round-up Sunday afternoon, Sept. 29, bringing in a few "strays" and "dogies" with the regular herd.

The "branding" of all age groups took place during the afternoon visitation led by Mrs. E. D. Engleman and 202 dogies were brought into the corral dressed in western garb at 6:30 p. m.

Straw boss was Frank Gabriel, and following the blessing led by Doug Robison, barbecued chicken and trimmings were served.

Cactus plants and small boots, horses, holsters, guns and belts were used to decorate the tables. Age groups were marked by brands which also decorated the walls.

Group singing of such old songs as "Home on the Range" was led by Mrs. Bob Nunley. Mrs. Bob Blackshear, foreman, told of some of the plans for the new church year.

The cooks quartet, Bob Nunley, Alfred Walker, Bill Glenn and Grady Lackey, Jr., sang "Gitt Along Little Dogie," "The Gold Mine in the Sky," and "Bury Me Not on the Lone Prairie."

Round-up results were given by Mrs. Johnny Scudder. The Junior department won the round-up trophy, a miniature horse named Champion, for the most successful work done during the round-up.

Marilyn Hagins, Becky Thatcher, Jim Gabriel and Gary Scott, the Wranglers, sang "I'm An Old Cowhand," accompanied at the piano by Linda Waggoner.

The group then followed the trail to the big corral for evin' preachin' by Rev. Riley Fugitt on "The Last Roundup."

Committee chairmen were Grady Lackey, Jr., general; Mrs. Alfred Walker, invitation; J. R. Whitmire, serving and Mrs. A. G. Dunwoody, decoration.

VFW And Auxiliary Have Family Night

Approximately thirty members and their guests attended the family night and membership supper of the Veterans of Foreign Wars and Auxiliary No. 7212, held Thursday night in the Post Home.

Among those present were Mrs. E. B. Blumberg, president of district 7 Auxiliary, Clomer Randall, Commander of Spur Post, and Mrs. Buddy Wright, president of the local Auxiliary.

After the meal of sandwiches, potato chips, cake, cookies, coffee and tea, everyone enjoyed an hour of visiting and talking over past and future projects.

How the Payroll Savings Plan can

Make your Labor Day holidays more enjoyable!

Why did you celebrate this Labor Day? Because of the good things your job makes possible for you and your family? Nice home? Car? All kinds of labor-saving appliances? We Americans have plenty of reasons!

One of the best of them is the Payroll Savings Plan your Government offers you. This plan makes saving for the things we really want easy.

You simply sign a card in the payroll office where you work. Sign up for the amount of money you want. Then that amount is set aside for you—automatically. When there's enough, a U.S. Savings Bond is bought in your name and given to you.

And now Savings Bonds are better than ever! Every Series E Savings Bond purchased since February 1, 1957 pays 3 1/2% interest when held to maturity. It pays higher interest, too, in the earlier years, and matures in only eight years and 11 months.

So there's an extra reason to sign up for the Payroll Savings Plan where you work now. Let higher-interest Savings Bonds work for you every day—including holidays!

PART OF EVERY AMERICAN'S SAVINGS BELONGS IN U. S. SAVINGS BONDS!

The U. S. Government does not pay for this advertisement. The Treasury Department thanks, for their patriotic donation, the Advertising Council and

National Fire Prevention Week, from October 6th to 12th, is important to Americans everywhere. It is a time for everyone to consider how and whether he can improve his own fire protection. But in the country and on the farm, this annual reminder is of the most vital and dramatic significance.

The farmer is not only isolated from the water mains and at a distance from community fire-fighting equipment, but must face the hazard of fire from many more causes than the city man. Further, he is in grave danger of losing not only his home but his barns and all his buildings, his livestock, his machinery, his harvest — all the means by which he makes his living. And everyone who has ever seen a fire in the country or joined in the battle against the flames is reminded of the fact that farm fires claim three thousand lives a year.

Yet, despite these risks, there are mighty few farmers who can afford to do all the things they would like to do in the way of fire prevention. A farmstead is a matter of evolution. It is not created all at once, with all its buildings and equipment of the same quality and up-to-dateness. Old buildings, like old machinery, gradually give way to new, and about the best most farmers can do is to see that replacements and repairs give the utmost in fire protection.

Fire Prevention Week is a warning and check-up week. It's not a week in which you can accomplish — especially on the farm — all the corrections and improvements that might or even should be made. But it is the time to start, the time to see what should be done first, the time to remember that fire is no respecter of good intentions.

Even eating a hot dog is fun when it's State Fair time in Texas. The fun grows by leaps and bounds when it's a foot-long hot dog and you can keep it forever when you "Catch" it with a movie camera. Whether you're using a movie or a still camera though, it's planning that will let you get pictures like this one and let you come home from the State Fair of Texas with pictures you'll be proud to show your friends.

Duck Creek Soil Conservation District NEWS NOTES

E. F. Shugart, Chairman Clark Forbis, Secretary
K. P. Brantner

As the fall season approaches it becomes advisable to incorporate some planning for cover crops on land subject to blowing. Fields and small areas not having adequate cover of residues should be planted to fall cover crops for protection. A cover of rye, barley, millet, and vetch or a mixture of rye and vetch have proved to be effective in this area.

A. E. Smith has completed the development of a Basic Conservation plan on his farm east of White River, about 20 miles southeast of Spur. One of the practices planned on this farm is the seeding of 32 acres of cropland to grass. This field has a cover of grain sorghum which will be used as dead litter to seed a mixture of native grass. Other district co-operators who developed Basic Conservation plans recently are Gus Thomason, William F. Gardner, Bobby Baird, D. I. Pace, Floyd Barnett and Guy Karr. S. C. S. technician Arvie A. Richardson assisted in the developing of these plans.

James H. Gage and Jack Godfrey have completed the construction of farm ponds for livestock water. Charles McLaughlin, O. M. Young, Raymon Harris, C. T. Wallace and J. H. Miles are constructing terraces on their farms to conserve water. SCS technician John F. Moore assisted in the design and layout of the farm ponds and terrace systems.

Mr. and Mrs. R. W. Ponder of Los Angeles, Calif., spent last week end with his grandmother, Mrs. L. C. Ponder and Mrs. Carl Penner.

Social Security Officer Due In Spur October 10

Now would be a good time for some South Plains farm and ranch operators in the area serviced by the Lubbock Social Security Office to take a long look at their earnings prospects for 1957, according to John G. Hutton, District Manager of the Social Security Administration.

The particular farmers referred to are those who have filed claims for social security payments and were under age 72 on January 1, 1957. Some of these persons have had their checks suspended, while others have had them arriving each month, depending on how much they estimated their 1957 earnings to be. Rain—too much or too little—and other workings of nature may have caused their original estimates to be too high or too low. As a result, some of these persons who have had no checks this year could now get them, and others who have been receiving their checks should have them stopped.

This comes about, stated Mr. Hutton, because of the earnings restriction for beneficiaries not yet 72. If net earnings for the year are \$1200 or less, the claimant can collect all twelve retirement checks from Social Security for that year. If net earnings are between \$1200 and \$2000.01, some benefits may be payable for the year. If earnings are expected to exceed \$2000, generally no social security checks would be payable for that year since such persons are not considered "retired" within the meaning of the Social Security Act.

Persons living a considerable distance from Lubbock are reminded that Social Security representatives visit all counties, following a schedule which is available at your local post office. A representative will be in Spur, Texas at the Justice of Peace office on October 10, 1957 at 9:30 a. m. and will be glad to assist in all matters pertaining to Social Security.

Mr. and Mrs. A. W. Drake spent a few days last week with her sister, Mrs. D. E. Bloodworth.

IT'S THE LAW
in Texas

NEW LAW AFFECTS ELECTRIC CO-OPS

Under some conditions inhabitants of cities and towns can avail themselves of the services of rural Electric Co-operatives (Co-ops), according to a law passed by the Fifty-fifth Texas Legislature.

As the name implies, these Co-ops are made up of customers and furnish services to their members on a cooperative basis. Persons residing in rural areas and unable to obtain electrical service from public utilities or municipally-owned plants (central stations) have been able to purchase electricity through such co-ops for a number of years. However, there has been some argument about non-rural customers.

Sometimes rural areas served by a Co-op become non-rural, due to annexation by an incorporated city or town. Electric Co-ops have usually continued to serve existing customers, as well as others desiring service, within these annexed areas. But their authority to serve these people became questionable when in a recent law suit the Supreme Court of Texas indicated that such a practice might be illegal.

This decision led to the action of the Legislature in passing House Bill 547, amending our laws pertaining to Electrical Co-ops, as a precautionary measure. The Co-ops are now authorized to engage in rural electrification by

any one or more of the following methods:

If an area (rural or non-rural) being served by a Co-op is annexed by an incorporated city or town in which central station service is supplied by the municipality or by a public utility there, the Co-op can continue to serve those persons who were members on the date of annexation.

Persons in such an area who were not members on the annexation date may become members of the Co-op and thereafter receive service, if they cannot get electric service otherwise, through the municipality or a public utility.

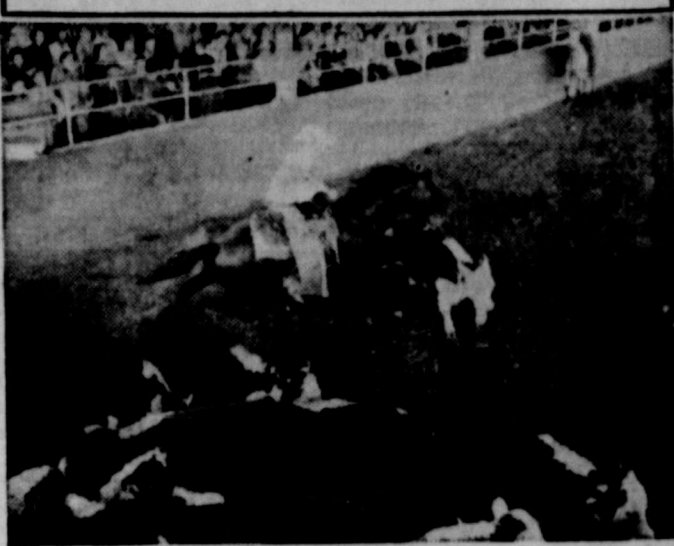

Further, even though central station service is now available, persons living in an incorporated or unincorporated city or town (rural or non-rural) who have been receiving electricity from a Co-op can continue to avail themselves of Co-op service, provided central station service was not available to them when they began the purchase from the Co-op.

In addition, as in the past, Co-ops may furnish electric service to persons in rural areas who are not receiving central station service.

The Co-ops have always been authorized to furnish wiring facilities and electrical or plumbing equipment to their members in addition to electricity.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Cutting Horses To Cavort At State Fair

Cutting horses, like this fine animal, will add to the excitement of the horse shows at the 1957 State Fair of Texas in Dallas, Oct. 5-20. Horse shows are scheduled all three weekends of the Fair, including shows for Quarter horses, Palominos, Shetland ponies and the Open Cutting Horse Contest.

Telephones, Phone Numbers Have Evolved Greatly Since Early Days

"What's your telephone number?"

This question is probably one of the most frequently asked of all — along with "What time is it?" and "How's the weather?"

It's particularly true in Spur where new "2-5" telephone numbers—like Crestwood 2-4200 have been assigned to customers before the new dial telephone system is placed in service here at 12:01 p. m. on October 18.

According to J. C. Oakley, manager for Southwestern Bell Telephone Company here, the answers to this question are sounding more and more alike—at least the "name" portion of the number—no matter what part of the country the question is asked.

Why have exchange names on telephone numbers at all? It's all part of a plan to provide direct long distance dialing by operators—and eventually by customers," Oakley explained. "But to really understand this new numbering system, you have to go back to the early history of telephone numbers."

In the very early days of the telephone, it was possible to be connected simply by giving the operator the name of the person you wished to call. In those days, there were few telephones and the operators could easily remember that the blacksmith shop was 80-J and the dry goods store was 50.

But, along with the Model-T Fords and chin whiskers, most of those procedures have become outmoded by the passing of time. As the number of telephones grew, telephone numbers became more important.

And, as the number of telephones continued to increase, it became necessary in some cities to add central office names, such as "Parkview" to the number in order to provide enough numbering combinations that could be remembered easily.

The early central office—or exchange—names were usually simple and easily understood, such as "Main" and "Branch." Then came the period when names with local historical significance got into the picture and such exchanges as "Ashmoor," "Globe," and "Esplanade" were used.

"These names were all right for the local areas," Oakley pointed out. "But customers and telephone operators in other cities had trouble pronouncing, spelling, and remembering them."

He said the problem of exchange names took on real significance with the introduction of the operator distance dialing system.

Spur will have this system when the dial telephones go into operation on October 18.

Under this system, the operator will be able to dial directly to the person you are calling in thousands of cities from coast to coast.

"The operator needs to know the exact spelling of the exchange name in the city you are calling or she may misdial the number," Oakley explained. "So, a nationwide numbering system, using a selected list of exchange names has been put into effect."

And, although it is still some time in the future, this new numbering system is essential to the customer distance dialing system. Under this system, you will be able to dial your own long distance telephone calls without the aid of an operator, if you know the number.

Small grain diseases during the current year have cost Texas producers an estimated \$18,000,000. Harlan Smith, extension plant pathologist, said the loss in bushels of grain was actually only a part of the accumulated losses to farmers. Lodging in combination with diseases greatly increased harvesting costs; test weights were lowered as was germination and most important, grain prices were reduced because of these factors.

Jimmie and Larry Hahn and Kely Putman went fishing Sunday evening.

State Chemist J. F. Fudge has reported that total tonnage of fertilizer sold during the spring of 1957 was about 5 percent higher than for the same periods in 1955 and 1956. The tonnage of mixed goods sold was 15,000 tons less than in 1956 but 35,000 more tons of materials were sold in 1957.

Current information indicates the 1957 turkey crop will exceed last year's record output. Turkey prices during the first half of 1957 have averaged 15 percent below the same 1956 period while feed prices have increased 1 percent, says John McHaney, extension economist.

Positive action by families and entire neighborhoods can greatly reduce farm and home accidents. The harvest season is in full-swing and warns the Texas Farm and Ranch Safety Council, that means longer hours for farmers and their families.

OCTOBER 18 IS "DIAL DAY" IN SPUR

At noon Friday, October 18, Spur's new dial telephones will begin to work.

When the signal is given at that time to make the change, men in the new telephone building will pull a network of strings. Switches in the dial equipment will click into place, and Spur's new telephone system will come to life.

Until noon, Friday, October 18, continue to give your calls to the operator.

After that time, please dial your calls.

J. C. Oakley, Manager

REMEMBER THESE THINGS IN DIALING

Look up the number in your new dial directory. All numbers will be changed.

Wait for the "hum-m-m" of the dial tone before you dial.

Dial according to the instructions in the front of the new dial directory.
