Editor's Corner

By Joe Morrison

As reported last week, we received two letters from Dickens, one signed, concerning the school problem over there. The author of the letter, Edd Partridge, came by the office Saturday morning and we had a brief conversation concerning the situation. He also made some changes in the last half of the letter. This letter, along with another one, is published on page three in this issue.

A lady from Dickens came by the office Tuesday and said she wanted to assure me, that no matter what the contents of the "letter to the editor" from Dickens might intimate, all the people from Dickens did not agree with it.

We feel she was right, but, one person "against" something always makes more noise than someone who is for it.

Such is the case here.

Also published on page one this week is an explanatory article by Jim Barron, chairman of the County School Board, relating to the Dickens School problem. Perhaps this article will shed some light on the situation.

One thing we do know, the County School Board did not act in haste.

Don't worry about missing your station in life, someone will tell you where to get off.

Perhaps the most tragic figure on the business scene is the executive who has the ulcers, but not the success to go with them!

Monday's turbulent weather sent area residents scurrying for their cellars. Fortunately, the threatening clouds brought only rain. But, this incident only brings out the fact that we need an adequate tornado warning system.

A proposed tower to house a tornado alert whistle has failed to materialize. The present tornado whistle is mounted atop the fire station.

At present, the air compressor that blows the tornado whistle is out of order. Until such time as the alert whistle can be repaired, the present fire alarm will serve. Spencer Campbell, fire chief, said current plans call for the fire whistle to be turned on and left on when a tornado has been sighted. Normally, the fire whistle blows a cycle of eleven or twelve blasts then shuts off automatically.

It frequently happens that the self-made man is an outstanding example of unskilled labor.

A good wife laughs at her husband's jokes, not because they are clever but because she is.

Nine-year-old David hurried off to school one morning before his mother inspected his wash job. So when he sat down in the classroom, breakfast was still visible on his face.

The teacher frowned and said reprovingly, "David, you didn't wash your face. What would you say if I came to school one morning with egg and jam around my mouth?" "Nothing," he retorted smugly. "Nothing at all. I'd be too polite."

IN LEAGUE PLAY . . .

North Side Undefeated

Action in the Little League last week found Rickels forfeiting two games—one to the Lions Club, 9-0, and one to Edwards-Kelley, also by a 9-0 score. Rickels was forced to forfeit both games when they could not field a full team.

Pony League play last Thursday saw K-P Lodge take a 25-16 win over East Side.

K-P used three hurlers with Watson getting the win. Morrison was charged with the defeat, his second in two outings.

Tuesday night, North Side downed East Side 7-6 in a well pitched game. East Side got off to an early lead, scoring two runs in the first inning. North Side scored two in the second to tie it up. North Side surged ahead 3-2 in the bottom of the 5th and then made it 6-2 in the 6th. North Side hurler appeared to be on his way to a victory. In the top of the 7th East Side rallied for four runs to tie up the game again.

Castro led off the bottom of the 7th for North Side and fled out to Bell in center field. Morrison then walked Johnson and he scored the win.

Where Is Harm In Supervised Youth Center?

(2nd In A Series) By Marilyn Hagins

Soph. Student Council Rep. As most of you know the youth of our community lack a place to go for supervised entertainment. In a small town such as ours there is little variety or choice of recreation.

Once before a movement was started to provide Spur with a youth center but some people refused to help. They are the ones who look for the bad in anything rather than the good.

I do not see what harm could possibly come from a well supervised youth program. With the cooperation of the adults, the youth are willing to do their best to organize such a program.

Together the young people and adults could make a set of rules which would govern a youth center that would be suitable.

With the help of willing parents, the school, civic organizations and churches, we believe such a program of activities could be started and carried on.

The citizens of Spur take pride in the fact that we do our best to keep up with our shouldn't we have a youth center as so many surrounding neighboring towns. Why, then, communities have?

There are many vacant buildings available and suitable and many young people willing to do the work themselves. It seems now all we lack is the cooperation of the grown-ups.

839 Reported In Church Sunday

New Agronomist Joins Experiment Station Staff

The Texas Agricultural Experiment Station, in cooperation with The Plains Cotton Growers, Inc., has employed Mr. William F. Hatchett as the agronomist at the Spur station. He succeeds Dr. Earl Burnett who was the station agronomist for six years and recently became Superintendent of the station at Big Spring.

Mr. Hatchett will work primarily on the improvement of cotton quality in the Rolling Plains area. He will continue the work which has been done on water conservation practices for more efficient production of cotton on dry land. In addition, he will work with new and improved varieties of cotton for irrigated land and will conduct soil fertility studies on irrigated farms near the station. The Plains Cotton Growers, Inc. provided a grant-in-aid of \$2,000.00 to help support this work.

This new employee is a native of Dawson County where he grew up on a cotton farm located in the Union Community. He attended high school in Lamesa and went to Odessa Junior College after graduation. In 1954 he transferred to Texas Tech where he graduated in June 1958. Since 1956 he has been employed part-time at the Lubbock Experiment Station.

Hackett will leave today for Arlington to marry Miss Sarah Watkins. She is a 1958 Tech graduate with a degree in elementary education.

DICKENS BOARD FILES SUIT

County Board Explains Action

The Dickens School Board has filed suit for an injunction against the Dickens County School Board. County School Superintendent Robert Williams was served with papers on Wednesday morning.

Suit came as a result of a County School Board decision to close the Dickens School.

Following is an article by Jim Barron, County School Board chairman.

For a number of years the Dickens County School Board has had a growing concern with the Dickens Independent School District and the problem confronting the school children in the Dickens District.

NOTICE

Monday night's scheduled working at the Spur baseball park was postponed due to a downpour of rain. The work is now slated to be finished Friday night, June 20.

Workers are needed to complete backstop wiring and place a fence on two sides of the outfield to keep cars off the playing area, according to R. L. Walker.

ROYCE BILBERRY NOW IN U. S. AIR FORCE

Royce Bilberry, son of Mr. and Mrs. Venson Bilberry of Spur, left June 10, as a volunteer for the Air Force. He will be at Lackland AFB for eleven weeks in training.

BELLOWS PARTNERS CHOICE SCORES WITH QUADS: Miss Virginia Wheeler of Accomac, Virginia, displays her rare quadsuplet lambs born this spring to her mixed South-down and Hampshire ewe, Forstmann. Smallest, weighing a pound at one week is named Chalis. Identical twins are named Cheviot and Covert. The one lamb of the quads is named Partners after his famous sire, Bellows Partners Choice. Mother, quads, owner—and Mr. Bellows are all doing well.

J. A. Koon Announces For Justice Of Peace

J. A. Koon, who along with his wife operates a Credit Bureau in Spur, has authorized the Texas Spur to announce he is a candidate for Justice of the Peace, Precinct 3.

Koon said he would have made an official announcement earlier but hesitated due to a misunderstanding about his name being placed on the ticket. This has been cleared up and Koon is in the race.

Burke To Attend A&M Conference

Rev. Billy Burke, pastor of the Girard Baptist Church, will attend the 13th annual Rural Church Conference to be held at Texas A&M College June 23-25.

The conference is sponsored by the A&M department of agriculture economics and sociology departments. The conference is non-demoninational.

Rev. Burke has received a scholarship for \$15 to cover room and board. He was named Kent County Pastor of the Year by the HD council. The editor of Progressive Farmer magazine, sponsor of the contest, will name the outstanding rural pastor in ceremonies Tuesday.

The clergymen will also tour the college experiment farms, registered and cross breed cattle. Rev. Burke will return home Saturday.

Special City Election To Be Held Saturday

Spur voters will go to the polls Saturday in a special election to determine whether or not the City Council shall be authorized to make a water contract with the White River Municipal Water District.

Blair Candidate For City Office

Marvin Blair, manager of Tri-County Lumber Co., Spur, was the only candidate to file for a place on the ballot in the special election for a City Alderman to be held July 15.

Monday Rains Total Close To Two Inches

Monday's downpour of about one and a half inches brought the total rainfall for the month to about two inches according to reports from the weather station at the Spur Experiment Station.

Rains were not general in nature, but came at a good time to help the cotton. Some areas reported about two inches.

SPUR STUDENTS ATTEND HSU SUMMER SESSION

Two students from Spur are attending summer school at Hardin-Simmons University in Abilene. The first session of the summer got underway June 5.

These students include Ann Reagan, daughter of Mr. and Mrs. J. L. Reagan; and Ronnie Ensey, son of Mr. and Mrs. Jerry Ensey. Ensey is a member of the basketball letterman's club.

Norman Morgan To Take Course In Kansas City

Norman Morgan, of Morgan Studio, Spur, will leave Saturday for Kansas City, Missouri where he will take a one week course in color photography.

This is a new field in the industry, Morgan says, and deals with direct color reproduction on Eastman film, making it possible to offer a color portrait at a price close to a black and white picture. The studio will be closed June 21 thru 28.

Morgan won first place in color portraits at the annual Panhandle Photographers Convention held in Amarillo last Sunday.

Services Held For Mother Of Dickens Woman

Funeral services for Mrs. Karl Ernst Zwahr, Jr., 69, mother of Mrs. Rex Robinson, Dickens, were held last Friday at the First Methodist Church, Rosenberg, Texas.

Survivors include her husband, Ernst Zwahr, Jr., and three daughters, Mrs. Robinson, Mrs. W. A. Buchanan, Corpus Christi; Mrs. Alvin Reeh, Needville, Texas and one son, Ben Zwahr, Rosenberg. Five grand children and four sisters also survive.

Rodeo Slated For Aspermont June 26-29

Plans are rapidly nearing completion for Stonewall County Rodeo Association's third annual amateur rodeo, to be held in Aspermont on the nights of June 26, 27 and 28, with performances to begin at 8:00. Morris Stephens, well-known stock promoter, of Silverton, Texas, will again furnish stock for this rodeo, and plenty of rough and onery stock has been assured.

A mammoth street parade on Thursday (opening day) at 4:00 p. m. will serve to set the stage for the rodeo. Riding clubs in some 25 or 30 towns in this area have been extended an invitation to take part in the parade, and prizes are to be offered to the first three place winners.

Events scheduled to be un-reeled at the three-night show include calf roping, ribbon roping, bull riding, bareback bronc riding, saddle bronc riding and girls' barrel race, with contestants to compete for all entrance fees. Books will close at 12 noon on June 28. Anyone wishing to enter should phone 3091 in Aspermont.

In addition to the above events, a calf scramble for Stonewall County 4-H and FFA boys only will be held as well as a kids' flag race for Stonewall County youngsters only.

Admission will be \$1.25 for adults and 50 cents for children.

Letters To The Editor

Constructive ideas that might benefit a community are not a likely product to expect from the type of mind that sees nothing despicable, cowardly and unethical in sniping at the controversial matters of public opinion from the speaking ambush of a withheld name.

If an articulate but shrinking violet doesn't think enough of the ideas he offers for publication to honor them with his signature, no interested citizen can be saddled with compulsion to place a higher value on them than their author does.

I think your gripe column must be a total loss as long as the material in it is supplied by unidentified citizens griping but refusing public responsibility for their groans. God bless the man that speaks his

piece and doesn't hide from the consequences—for if it is not worth owning it's not worth saying.

—C. Ray Williams

(I agree, Mr. Williams, it would be nice if all our "contributors" had the courage to sign their name. We are on the receiving end of numerous anonymous letters and phone calls and we still like to know what the people think concerning current issues. Ed.)

* * *

Dear Editor,

In Dickens there are three groups of citizens; one group consists of those interred in Dickens Cemetery; another group is made up of those who are against anything and everything, and are just waiting for their own funerals and there is a group which is in-

terested in improving their community.

Those interested in improvements are not motivated by selfish interests—for they know that only thru service provided as an end in itself can the individual and the community derive any real profit, for profit can never be the chief purpose of any worthwhile endeavor.

For a long time there has been a procession of the abler young people away from Dickens—town and county. These people leave for one basic reason; every effort toward improvement of the community as a place to live and earn a living is blocked by three persons, who by accident happen to control the land and resources available for use in the betterment of community and county.

For example: let someone with an idea for a business try to buy a site on which to locate it—it is next to impossible. This is true for one simple reason; the persons who have title to the land which is needed are afraid the person with the idea might make a few dollars. They overlook, through ignorance, or whatever name is appropriate for such stupidity, the fact that any money made in the community will eventually benefit the whole population of the community.

What can be done about this situation? . . . The first thing is for enough people to find the courage to stand up and fight for the community interests, and to quit thinking of their selfish interest to the exclusion of all else.

One result of the failure of the people of a community to work together for the betterment of the community is the concentration on self-interest by too many of the residents of Dickens, which has permitted the County School Officials to abolish the Dickens School District.

This concentration on the making of money without consideration for the welfare of the people who make up the community has led to a lack of interest in the political life of the county, and has made it easy for the advocates of the "big school" to make great headway in the destruction of the small school. These big school advocates spend too much time worrying about cost per pupil and too little time thinking about the problem of providing the best possible educational opportunities for the children in our county. The mere fact of bigness, or smallness has nothing to do with the quality of the education received by the children who are enrolled in the schools. The important thing is the attitudes of the people of the community toward education, and especially the attitudes of the parents. The children in a community have only one source for their attitudes; the prevailing atmosphere of respect for, or contempt of education.

The combining of the Dickens School District with the Spur District creates more problems than it solves, and the manner in which it was accomplished has served only to create bad feelings on the part of the people of Dickens to-

Vacation Time

We are in the midst of starting the recreation and vacation time of year. This is the season that we all look forward to. A lot of hours will be spent going to and from the lakes and parks in this area. Outdoor games, boating, fishing, and swimming will be enjoyed by everyone in Spur. Many of us will be taking trips in our automobiles to visit relatives, friends, or just to sight-see. A good and convenient way to make reservations or plans ahead is by using long distance telephone service. It is also helpful to call back home while you're away on vacation. It's cheap, too. Did you know you can call any point in the United States for \$1.90 or less plus tax. This bargain lasts all summer. Try it, I think you'll like it.

For Parents Only

Now that summer is here and the children are out of school, I imagine the family's telephone service is getting an extra-good workout. I guess teenagers, and even the smaller fry, need the telephone more often during vacation months. They use it to line-up sandlot ball games, swimming parties, movie dates, and a good many other things, as we all know. It would be hard to find a better time than now to order an extension telephone. Put it in a room where it will be handy for the youngsters. They'll enjoy the privacy and so will you. Best of all, you'll save yourself no telling how many dashes to answer incoming calls that always seem to be for them. To order an extension, just call the telephone business office, CR2-4222. The cost is only \$1.00 a month for a residence extension, plus tax and installation.

Memo To Businessmen

I heard a businessman remark recently that he's going over his operations with a fine-tooth comb to trim unnecessary expenses. And one item he planned to cut was Long Distance. I wonder if he wasn't making a mistake. I can understand the desire to cut costs. But, rather than cut Long Distance, he should use his telephone even MORE for out-of-town calling. Many businessmen have proved it in for themselves, and here's how: Instead of you or your salesmen taking a day to visit several prospective customers in other cities, call them Long Distance. It saves travel on the highway, and turns travel time into selling time. And a telephone call is almost as personal as a visit and just as appreciated. Try it yourself and watch the results. I think in the end you'll agree with our belief that Long Distance doesn't cost, it pays.

Call by number. It's twice as fast.

SOUTHWESTERN BELL TELEPHONE COMPANY

Remember his first great adventure?

With full heart and watchful eyes you helped him enjoy his very first taste of independence.

And how proud you were when he achieved his goal, all by himself, and then, laughing, ran to your waiting arms to share his triumph with you!

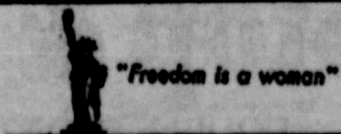

Nothing you can give your child is half so precious as this wonderful opportunity to be himself. All through life you want him to be free to choose his way.

That's why it's so important to be on the watch for ideas or ideologies that could set limits to his independence. The idea, for instance, that government should own and run more and more businesses, services, institutions. Don't forget that when government runs more and more things, the individual has less and less freedom and independence!

Think of your son's "independence day" when you hear talk like that. Point out that in countries where government does control almost everything, the individual is controlled, also. And the loss of his individual independence is a threat to everybody's freedom.

Very much better than the independent electric light and power companies. And you'll be glad to see the young Joe take responsibility.

O'NEAL-McGINTY VOWS READ IN OKLAHOMA WEDDING RITES

Norma Jean O'Neal, daughter of Mr. and Mrs. Lum O'Neal of Jacksboro, Texas, became the bride of Don D. McGinty, son of Mrs. O. M. McGinty and the late O. M. McGinty of Spur and Abilene, June 14, in the home of Mr. and Mrs. C. R. Burch, uncle and aunt of the bride, Wewoka, Oklahoma.

Harvey Scott, minister of the Church of Christ of Midwest City, Oklahoma, read the marriage vows. Given in marriage by her father, the bride wore a gown of pure silk organza over taffeta by Rainchi. The décolletage neckline was emphasized with applied medallions of Swiss embroidery. The brief shirred sleeves were worn with French kid gloves. The medallions were repeated in three bands on the waist-length, bouffant skirt. The circular veil of French illusion fell from a latticed shell of white seed pearls. She carried a bouquet of small white daisies.

Arthur - Garcia Engagement Told

Mr. and Mrs. E. V. Arthur of Dickens are announcing the engagement and forthcoming marriage of their daughter, Lynna Lou, to Gabriel George Garcia, son of Mrs. Librada Garcia of Amarillo. The vows are to be exchanged the twenty-eighth day of June in Lubbock.

Both the bride and groom elect are students at Texas Tech. She is a junior home economics major and he is a senior foreign language major.

Mr. and Mrs. James Kidd and Korbi Dawn of Cortez N. M. are visiting in the home of Madge Carlisle, Joe Kidd and other relatives.

Mr. and Mrs. Dean King and Pam, have been visiting in the home of her mother, Madge Carlisle. The King's are soon leaving for Ft. Benning, Ga., where he will attend Officer's Training School.

Wright - Hawkins Vows Read

Miss Wanda Jean Wright, daughter of Mr. and Mrs. Dick Wright of Spur and Clarence W. Hawkins, son of Mr. and Mrs. Clay Hawkins of Post, were united in marriage Sunday, June 8, in the Church of the Nazarene, in Post. Rev. Cecil Stoe officiated.

The bride was attired in a blue dress of dacron shantung, trimmed with white lace and ribbon with a white duster and off the face veil hat. She carried an arch of mignonette atop a white Bible.

Wanda graduated from Spur High School in 1957, and will be a sophomore at Bethany Nazarene College this fall.

Clarence was a graduate of Post High School in 1955 and will be a senior at Bethany Nazarene College in the fall. They will make their home in Post this summer where Clarence is employed at the Textile Mill.

Mary Louise Marcy - Charles Giles Married In Double Ring Ceremony

The Rev. Billie Smith of Lubbock officiated at a double ring ceremony at 8 p. m. Friday, June 13, in the First Baptist Church of Shallowater which united in marriage Miss Marion Louise Marcy and Charles Kermit Giles.

Parents of the couple are Mr. and Mrs. A. L. Marcy of Rt. 2, Lubbock, and Mr. and Mrs. J. K. Giles of Shallowater.

The wedding was performed before a background of white candles in candelabra, polished emerald palms and baskets of white gladioli.

Arnold Tanner sang, "Because," "Since God Gave Me You" and "Wedding Prayer," accompanied by Miss Helen Anderson, who also played traditional wedding music.

Given in marriage by her father, the former Miss Marcy wore a gown of Chantilly lace over tulle fashioned with a fitted bodice with scalloped neckline and short puff sleeves. The bouffant full-length skirt of Chantilly lace and tulle extended into a train of tulle ruffles.

Her imported illusion fingertip veil was attached to a regal cap of tulle. She carried a cascade arrangement of gardenias.

Miss Carole Marcy attended her sister as maid of honor. Bridesmaids were Mrs. Jack Arnold, sister of the bridegroom, Mrs. Lonnie Fulford of Brownfield, cousin of the bride and Mrs. Jay Stanton of Shallowater.

Identical princess-style dress of Nile green lace over taffeta were worn by the attendants. Each dress had a draped cowl.

MARGARET BAILEY MARRIES JOHNNY McNELLY JUNE EIGHTH

Miss Margaret Lee Bailey, daughter of Mr. and Mrs. Raymond Bailey and Johnny McNelly, son of Mr. and Mrs. Joe McNelly of Matador, were united in marriage Sunday, June 8, at 5 p. m. in the Steele Hill Church of Christ.

Host Sieterm of Lubbock performed the double ring ceremony before a background of greenery and baskets of orchid peonies.

The bride, given in marriage by her father, was attired in a white, waist length gown of embroidered nylon, fashioned in princess style, with a low round neckline, white accessories and a head-band of white artificial flowers. She carried a white Bible topped with white carnations. The bride's traditional something old, new, borrowed and blue, was a lucky piece in her shoe, a garter made by Miss Paula Foreman, a Bible belonging to Mrs. Charles Sononmaker and her complete wedding ensemble.

Attending the bride as matron of honor, was her sister, Mrs. Wallace Young, who wore a street length dress of blue nylon, with a matching head band of artificial flowers. She carried a bouquet of white carnations.

Johnny Williams of Matador served as best man.

Miss Lilian Bailey, sister of the bride, sang "Because," and a quartet composed of Misses Dale Busbee, Marilyn Hagins, Susan Shugart and Lillian Bailey sang, "I Love You Truly," and Miss Fountain Sieterm of Lubbock sang "The Lord's Prayer."

The reception, immediately

of matching chiffon. They carried colonial nosegays of frenched pink carnations.

Misses Lanelle and Rozelle Marcy of Spur, cousins of the bride, lighted the candles. Flower girl was Miss Donna Kay Taylor, niece of the bridegroom. Philip Marcy, brother of the bride and Rene Knight of Stratford, niece of the bridegroom, were ring bearers.

Father Is Best Man
J. K. Giles served his son as best man. Ushers were Don Marcy, brother of the bride, Johnny Sullivan of Pecos, cousin of the bridegroom, and Jay Stanton of Shallowater.

A cloth of net and organza covered the table at the reception held in Fellowship Hall. It was centered with the attendants' bouquets, a three-tiered wedding cake and candelabra.

Assisting in hospitalities were Misses Charles Luck of Ropesville, John Taylor, Dale Knight of Stratford, Cecil Rucker of Shallowater, Cecil Rucker of Shallowater, Misses Jeannie Newman, Dora Windfield, Carrie Renjino, and Billie Ann Russell.

When the couple left for a wedding trip to the Gulf Coast, Mrs. Giles was wearing a green two-piece chemise dress with white accessories and a white gardenia corsage. They will be at home at Rt. 2, Lubbock.

The bride, a graduate of Shallowater High School, attended Draughon's Business College. She is employed as a secretary at DeKalb Agricultural Assn.

The bridegroom, who is a junior petroleum engineering major at Texas Tech, is employed at Ballard's Service Station in Shallowater.

Miss Marie Lewis To Marry Rev. Bill Pearce

Mr. and Mrs. Hobert Lewis of Spur are announcing the engagement and approaching marriage of their daughter, Marie, to the Rev. Bill Pearce, son of Dr. and Mrs. Charles M. Pearce of Dallas.

The couple will exchange wedding vows in the First Methodist Church, Lubbock, in September.

The bride-elect, a Texas Tech graduate, is program director and editor at First Methodist Church, Lubbock, and her future husband is the church's minister of youth. He is a graduate of North Texas State College and Perkins School of Theology, Southern Methodist University.

STATE NEWS

The Huntsville Item informs us that 56,057 yards of cloth, worth \$8,059.18 were manufactured at the Penitentiary during the past month.

We learn from the Columbus Citizen that the Colorado river at that place had risen, up to the night of the 11th, seven feet.

The Belton Independent is informed by a man of experience in the matter, that barley is one of the best small grain crops which can be cultivated, particularly as provender for horses.

The examination of the cadets of the Texas Military Institute, will take place on the 22, 23 and 24 of the present month. The Institute is represented as being in a flourishing condition.

Maj. E. A. Carroll, of Henderson county, who received authority from the Governor to enlist a company of men to serve as Rangers, we learn from the Palestine Advocate, has succeeded in raising about half the number required.

The track on the Central Railroad is finished within half a mile of Hempstead. The road will be completed to that place by the 29th of this month, when a grand barbecue will be given, to which the citizens of the State are invited.

Population of the United States
The Railroad Record, in an able article on the physical development of the United States, makes the following calculations as to the probable results of the general increase of population for the next seventy years:

In 1850 - 23,000,000.
In 1860 - 30,660,000.
In 1870 - 40,800,000.
In 1880 - 54,000,000.
In 1890 - 72,000,000.
In 1900 - 96,000,000.
In 1950 - 290,000,000.
In 2000 - 640,000,000.

The wheat crop in this county (very little having been planted), was almost perhaps totally destroyed by the grasshoppers. Oats are most excellent as fine as could be wished, excepting a few, that have been injured by the rust. Corn that which was left of the last planting—perhaps one fourth planted—is now really made; it is being almost in roasting ears. It can not fall much short, if any, of fifty bushels to the acre.

Anecdote of Peter Cartwright—Peter Cartwright, the famous western preacher, and whose name is associated with that of General Jackson, and is familiar to thousands of our readers, has been in the city making us a visit. Right well have we and many more enjoyed the old man's flow of soul, his genial humor, and his fund of backwoods life and adventure.

The District Convention met at Lockhart, on Saturday last, pursuant to adjournment. Delegates from Hays, Guadalupe, Bastrop and Caldwell were present. John P. White, Esq., of Guadalupe, received the

nomination for the office of District Attorney.

We regret to learn by the last issue of that excellent paper, the Sequin Mercury, that a friend to whom the proprietors entrusted money to buy paper in Galveston, has de-camped and when last heard from was on his way to Baltimore with the funds. As will be seen in another column the Mercury gives a most flattering account of the crops in that section.

We find in the Victoria Advocate the following statistics of Jackson county: White males over 18 and under 45 years of

age, 203; under 18, 255; over 45, 78; white females over 18, 213; children under 18 and over 6, 175; slaves, 814; free persons of color, 5. Total population, 1,802. Voters, 228. Number of acres planted in corn, 3,371; wheat, 53; cotton, 2,843; sugar, 33; miscellaneous products, 423. Total number of acres of land in cultivation, 6,724.

ADMISSION: ADULTS, \$1.25 — CHILDREN 50 CENTS

TO THE CITIZENS OF SPUR:

On Saturday, June 21st, the qualified voters in Spur will decide whether we take the third step in the legal creation of the White River Municipal Water project. It is important that you vote on the issue.

The Spur Directors of the Water District and the Council recommend unanimously that you cast an affirmative vote. At this time the water contract which the member cities will make with the District has not been written so this is NOT a WATER CONTRACT election. It is an election to authorize your City Council to make such a contract at a cost not to exceed 30c per thousand gallons of filtered, treated water, delivered to the city. When the water contract has been written, the Council will submit it to the voters of Spur for their decision in an election.

Creation of the White River Water project is something like creating a jigsaw puzzle. The elections create the legal pieces, along with the act of the legislature which created the District. Engineering creates the actual construction of parts of the picture, while financing, including water contracts with the cities and oil companies, acquisition of the land on which to build the lake, and this publicity to help you understand the issues, all contribute their components to the picture, and to this project.

We will not have a White River project until all the parts fit together into a workable whole. In the process, we are called on to create some parts without ever having seen others. I have been closely associated with the work of the Directors of the District. It has been my privilege to attend every meeting as well as many special meetings of the land, finance and other committees.

I can say to you the project is nearer reality AT A PRICE WE CAN AFFORD than at any time since the Legislature created the District. While all the pieces of the picture—that is, all the parts of the project—are necessary and important, the KEY to a successful, economically realistic project is first, sale of the bonds at the lowest possible interest rate, and secondly, effective sale of the surplus water to the oil companies. TIMING, to obtain the lowest available interest rate, is vitally important. This election was called before the water contracts are written to put us in position to take advantage of ANY favorable development in financing the project. Priority is being given such projects that are ready now for immediate construction. Proverbially, we never miss the water 'til the well runs dry. Fortunately, our wells have not run dry. But we in Spur have as much to gain from the White River water source as neighboring towns whose wells literally are running dry.

We pay high premiums indirectly for the water we use. On the first of the month these costs show up as plumbing bills, water softener bills, bills for bottled water, soap, water conditioners, washing machines, air conditioners, water heaters and other appliances that fall victim to our water. Actually, they are largely WATER bills. Lake water will cost more, directly, than our present well water. When our INDIRECT costs are added, I am sure it will cost less. Finally, we are in the most favored geographical position of the four member cities in that the lake will be nearest Spur. We will have a recreation area of size and great potential within 15 minutes drive of Spur. This must be a factor in our decisions.

Finally, I am pleased to be able to report to you that Spur is in sound financial position. The City's part of current paving is being financed from the General Fund surplus, and sewer extensions are planned from this surplus.

Audit of the City accounts has just been completed and your Audit Committee will report to you soon.

I have attempted to report to you factually, though very briefly, for the Council. We need your votes. Our decisions need to be based on a full vote of qualified citizens. So, VOTE YOUR CONVICTIONS Saturday, June 21st.

VOTE YES

FOR THE WATER CONTRACT
WITH THE WHITE RIVER
WATER DISTRICT

SATURDAY JUNE 21

This is a special city election - not a water district election. The voters in Post, Spur, Crosbyton and Ralls will be voting upon authorization for their respective City Councils to negotiate water contracts with the White River Municipal Water Authority.

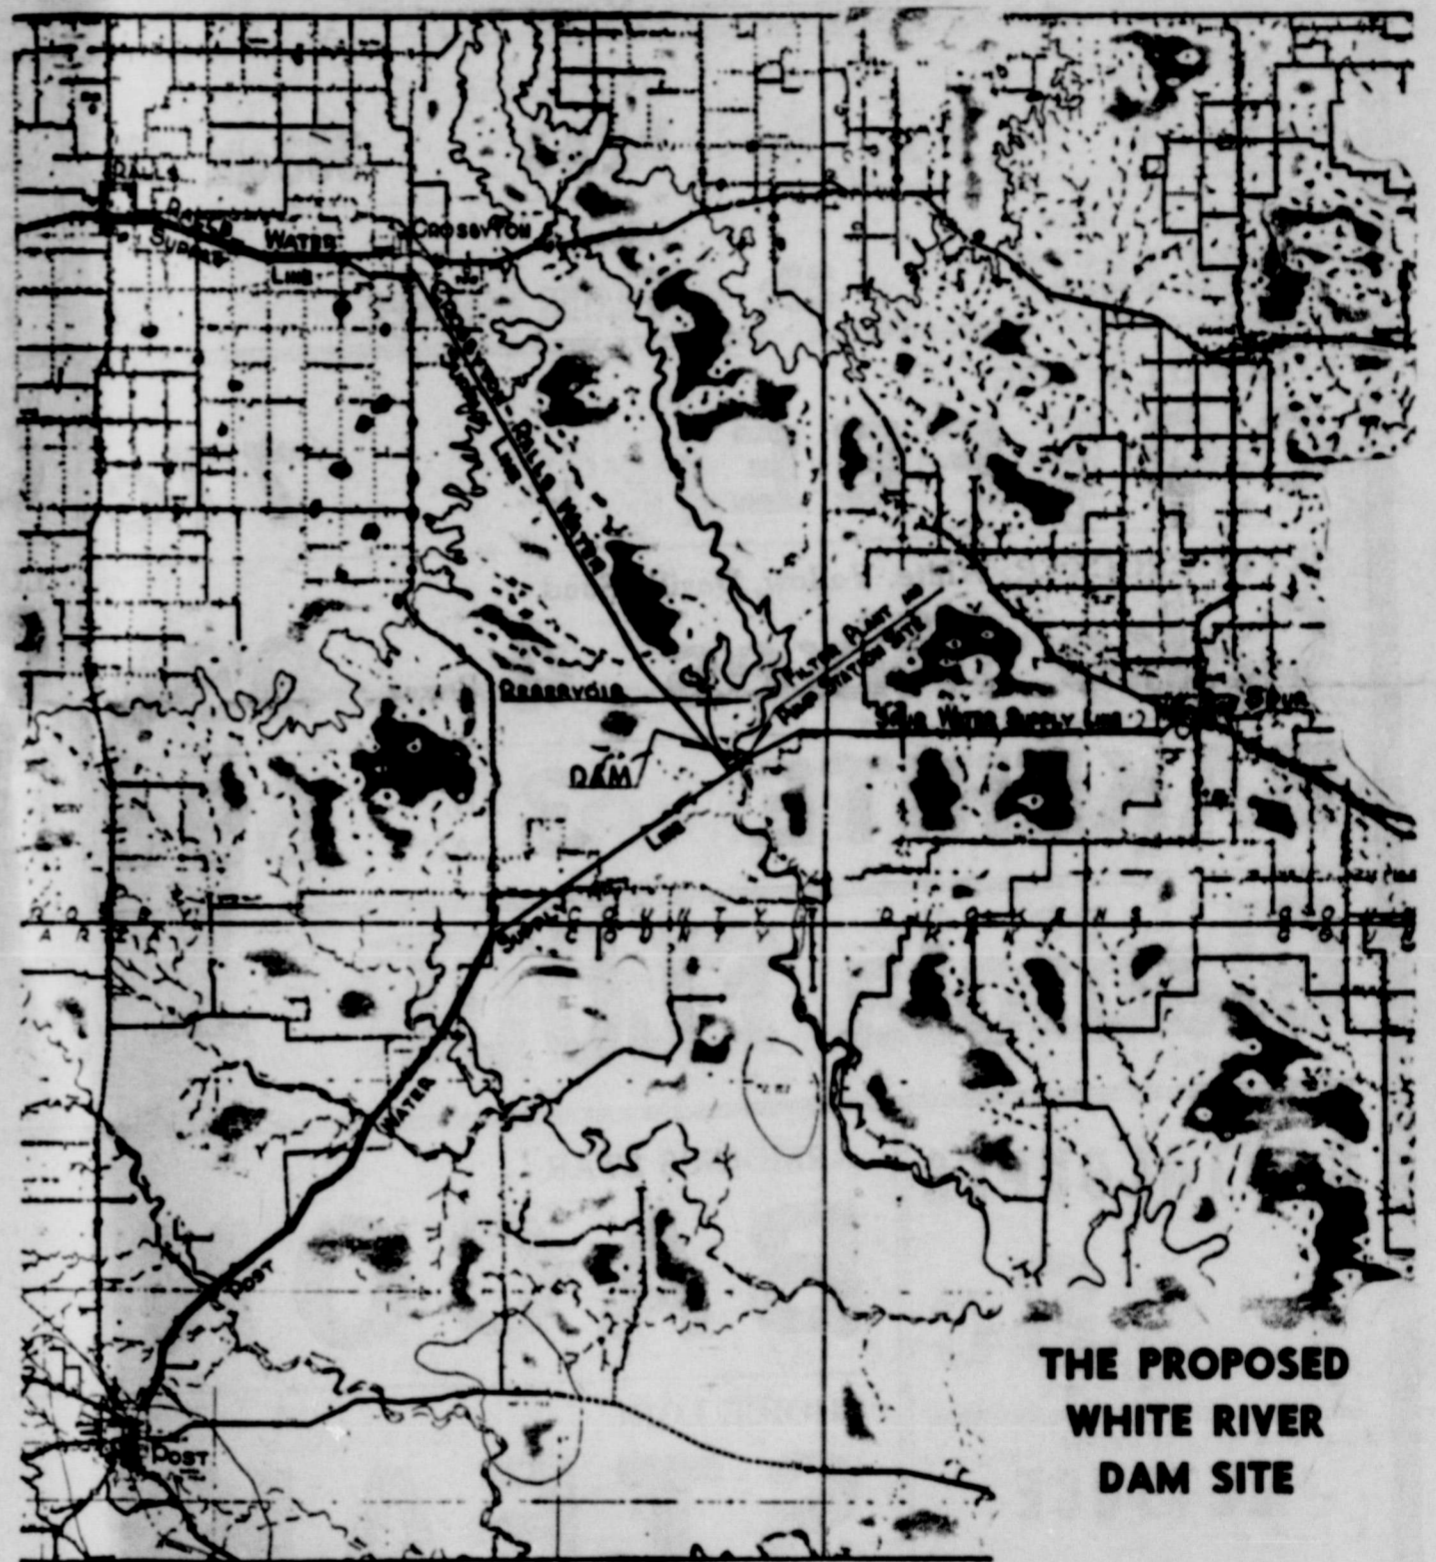

Firm revenue commitments are necessary before individual buyers or the state or federal governmental agencies would want to buy the bonds from the White River Authority.

Approval by the voters of the water contract authorization does not bind the four towns necessarily to making such contracts. The city councils still have full freedom in negotiating contracts to the best interest of their own communities.

However, the Spur City Council has decided to let the people of Spur vote on the water contract when it has been drawn up and is presented.

Chamber Directors-Council Support Affirmative Vote

Both the directors of the Spur Chamber of Commerce and the aldermen of the Spur City Council have gone on record as supporting an affirmative vote.

Mr. and Mrs. Carl Newsome of Lubbock spent Sunday with her mother and brother, Mrs. Allie Carpenter and Leland. Also visiting in the Carpenter home was a grandson, Junior LeCroy of Houston, Texas.

UNSOLVED PROBLEMS

For centuries men wanted perfect laws. For them, change was sacrilege.

For example, the Romans enjoyed the fiction that their law merely interpreted their first, changeless, Ten Tables.

Today we know that no law-giver can force how their laws may fail, and so we provide for basic changes in our constitution, and by two methods:

1. By a two-thirds vote of

each House, Congress may send a proposed amendment to the state legislatures for ratification.

2. As yet unused, the second method would allow Congress "on the application of the legislatures of two-thirds of the several states" to call a convention to amend the Constitution.

But meantime, eleven states have turned around and rescinded their approval; and governors of two other states have vetoed the legislative acts.

Quary: Have two-thirds of the legislatures applied to "call a convention? Are all the state resolutions now in force? And if so, how does one make Congress call the convention? No Founding Father, it seems, had foreseen such a problem.

Even the U. S. Supreme Court in 1939 found such questions "political" and not "subject to judicial guidance."

Maybe each age should have

such problems to think through. They might teach that even our best laws can stand study and improvement.

This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Cotton producers will find that such practices as weed, disease and insect control; fertilizing at rates based on research findings; irrigating for good maturity in areas where it is done with special attention given to cutoff dates; careful harvesting and ginning; keeping low grade and high grade fiber separate and selling on grade can boost the income from this year's cotton crop.
