

SERVING A RICH FARM CROP, STOCK AND POULTRY RAISING TERRITORY OF WEST TEXAS

The Dickens Item and Dickens County Times Absorbed by Purchase

VOLUME 49 SPUR, DICKENS COUNTY, TEXAS THURSDAY, JULY 3, 1958 EIGHT PAGES TODAY NUMBER 37

Editor's Corner

By Joe Harrison

Alaskan statehood will probably be in for its share of copy these next few days. However, in general, it appears that this corner that the move to make Alaska a state was pretty well played down. The majority of the people had no idea statehood was so close for "Seward's Folly."

Reports say that Alaska is rich in minerals, bearing 31 of the known 33. Impressive indeed.

Wonder how those frozen wastes will look in Extra Taft Benson's Soil Bank?

Alaska shoved Texas down a rung in size—reckon she will get West Texas' cotton allotment next year?

Either way Texans take Alaskan statehood; Texans will still be the butt of the joke.

Northerners are laughing with glee now that Texans can no longer brag about the size of their state. Even news commentators find it hard to keep a straight face as Texas is swallowed up by Alaska's great size.

Nevertheless, Texans will undoubtedly continue to brag about their great state, even though they will be counter-punched with "Alaskan gag lines." Things will be tough for that died in the wool jacket, the brass, jaw jutting, slap 'em on the back, true, loyal, Texan. But I'll bet a little thing like Alaskan statehood won't bother Texans.

Alaska? Where's that—up close to Amarillo?

Since the Texas Spur published a day early this week, several news stories were received that had to be left out of this week's paper. We hope to have things back to normal next week.

Here's a couple of Texas stories that will be fast fading from popularity now that Alaska is a state. Who knows, some day these stories may be collectors items.

TEXAS AGAIN

Two Texas oilmen walked into an auto showroom. "How much is that deluxe model over there?" asked one.

"Ten thousand dollars."

"I'll take it," he said and took some thousand-dollar notes out of his pocket.

"Oh, no, you don't," said his companion, taking out his wallet. "You paid for our lunch."

OVERSTATEMENT

A proud young lady from Kentucky was trying to justify her rstate to a Texan. "In Kentucky," she said, "we have Fort Knox, where enough gold is stored to build a golden fence three feet high completely around Texas."

"Go ahead and build it," drawled the Texan; "if I like it, I'll buy it."

Rev. Lutrick To Preach At Methodist Church

Rev. Charles Lutrick, Lubbock, will conduct Sunday services at the First Methodist Church in Spur Sunday. Pastor of the Church, Rev. John Rakestraw, will be in Ceta Canyon serving as a counselor for the Methodist Youth camp.

Rev. Lutrick conducted the evening service at the church in the fall when he was in Spur directing the leadership school for the Sunday School department. He is executive secretary of the board of education of the Northwest Texas Conference.

Firemen Collide In Downtown Spur On Way To Answer Alarm

Two Spur Volunteer Firemen were injured last Thursday morning about 10 a. m. when their pickups collided while they were on their way to answer the fire alarm for a grass fire.

\$215,000 Paving Project To Get Underway

A contract for the construction of grading, structures, base and surfacing on Farm-to-Market Road 2470 and FM 1888 in Clay County was awarded in Austin this week, Palmer Massey, District Highway Engineer at Childress has announced. The firm of E. M. Bailey, Contr., Ltd., Abilene submitted the low bid of \$215,217.99 on the project which is located from FM Road 265 at Croton east 3.0 miles to Road Intersection and from 3.0 miles north of Dockum Creek north and east to State Highway 70, south of Dickens, a distance of 8.01 miles.

Resident Engineer Algie Groves of Matador will be in charge of the project for the Highway Department, and it is estimated that the work will take 150 days to complete.

Spur To Observe July 4th Holiday

Spur businesses will close Friday, July 4, Independence Day.

One of the five holidays sanctioned by the Chamber of Commerce, the Fourth of July will be observed by most businesses. Some businesses have indicated that they will be closed on Saturday, July 5, also.

3-DAY HOLIDAY COMING . . .

Department Of Public Safety Plans 'Death Watch' For 4th

"Planning for safety is as important in your July 4th trip as the planning for the trip itself," Major R. A. Crowder, Regional Commander of the Texas Department of Public Safety, in announcing the department's "Operation Death Watch" for the July 4th week end.

"Many July 4th accidents are being planned now," Crowder explained. "People plan to drive too far in a short period, or they plan to drive too long without rest. Such plans often mean that drivers must exceed speed limits to reach destinations and return during the holiday period or drivers attempt to cover those last few miles when lack of sleep has robbed them of the alertness necessary to stay alive," Crowder said.

"We find that carelessness, impatience and fatigue accompany drivers on poorly planned holiday trips," Crowder continued. "During Operation Death Watch, we're putting all available men into an enforcement program designed to reduce traffic fatalities to a minimum."

Crowder said the Death Watch period during the July 4th holiday will see the Highway Patrol, backed up by officers of the DPS License and Weight and Motor Vehicle Inspection divisions, working round-the-clock to stop speeders and careless drivers. Radar speed detection units will be used, along with other means of traffic enforcement.

George Mahon To Seek Re-Election

George Mahon, Congressman from this district, requested this week that the Texas Spur formally announce his candidacy for re-election to Congress. He had filed for a place on the ticket some time ago.

"A long statement would serve no useful purpose," Mahon said, "but I would like for the people to know of my feeling of appreciation for the wonderful support and good will which they have given me through the years."

"And I would like to add this," Mahon said. "We seem always to be living in uncertain and difficult times. Under all conditions and at all times I am doing everything in my power to serve the best interest of our district and of our country. I am always pleased to have the people of our district call upon me. I will deeply appreciate a continuation of your support and confidence."

Spur Hospital Adds Nurse

Mrs. Neoma Maxwell has been added to the staff of nurses at Spur Memorial Hospital.

She comes to Spur from Torbet's Hospital, Marlin, where she has worked the past three years.

Mrs. Maxwell has two daughters, Mrs. Billy Burke, Girard, and Mrs. Dickie Ellison, Rosebud.

Randell Gilcrease To Play In Annual Greenbelt Bowl Classic

Randell Gilcrease will appear with the West Team in the Ninth Annual battle of area All Stars in Childress on August 15th. He was one of forty-eight selected from a field of over 100 boys nominated by coaches from 69 area high schools. Boys were selected on the basis of their high school football performance record and on the basis of their coaches' recommendation as to character and attitude.

Gilcrease was elected to the All-District Team and All-South Plains Team while a student at Spur High School. He was highly recommended by Coach Bill Henry. Randell is the smallest tackle, 194 pounds, listed on the two squads. He is followed by Lockney's John Hanst who is listed on the East team at 195 pounds. Other area athletes on the teams are Matador center Franklin Thrasher, 185 and Matador quarterback, Dayton Graham, 155.

Spur Swimmers Take Three Firsts At Post

Spur swimmers took three firsts and four third place ribbons in swimming competition held at Post last Saturday between Post, Tahoka, Slaton and Spur.

First place winners were: girls senior division diving—Cheryl Hart; women's adult division diving—Pam Allen; boy's junior division diving—Charles Sullivan.

Third place winners were: boy's intermediate division backstroke—Mike McCain; boy's intermediate division freestyle—Bill Jones; boy's junior division freestyle—Bill Jones; boy's junior division free style—Charles Sullivan; boy's junior division backstroke—Charles Sullivan.

The next swimming meet is scheduled for July 19 in Slaton. Persons wishing to participate in this meet should come to swimming practice at the Pool Saturday morning at 10:30 a. m. according to Coach Douglas McArthur. McArthur says that an invitational meet is planned for Spur in the near future.

Registration for a new session of swimming lessons will begin at 10:00 a. m. Monday morning. Lessons will begin Tuesday.

Swimming parties have been scheduled by Mrs. Bob Conner and Jayton for the 4th of July. Girard has a party set for July 10 and the Spur FFA freshmen will have a party on July 14th.

Important Girl Scout Meeting To Be Held In Spur Monday

A meeting, designed to keep Girl Scouting in Spur, will be held Monday night at the Round-up Building at the First Methodist Church, Spur, beginning at 8 p. m.

All civic leaders, all scout committee members, and all girls scout leaders are urged to be present at this meeting. Miss Virginia Burgess, National Field Staff member will be the speaker. Superintendent Bob Nunley will serve as local chairman. Groups from Spur, Dickens, McAdoo and Afton are requested to attend according to Scout Officials.

"Girl scouting in Spur has progressed normally the last decade under able leadership, but it has become imperative to change the status of Girl Scouting in Spur," says Mrs. Marie Kelley. "Effective July 1, 1958, Girl Scout troops in Spur will be Lone Troops," Mrs. Kelley says.

The following committee members and all parents of girl scouts are urged to attend this meeting Monday night," Mrs. Kelley says:

Dickens—Troop 14—Fred Arrington, Supt. of Schools, W. L. Gilbert, Mrs. Cecil Welch and Mr. and Mrs. Hubert Collins.

Spur, Troop 12—Committee members: Mrs. Marie Kelley, chairman; Dr. E. H. Martin, Mrs. A. B. Carlisle, Mrs. E. B. Blumberg, Oscar Kelley, John L. Green, Alfred Walker and Arner Watson.

Spur, Troop 11—W. W. Gregory, Mrs. George Stanford, Horace Wood, D. L. Knight and Rev. John Rakestraw.

Committee members names from McAdoo and Afton were not available but are requested to be present at this meeting.

Parents of girls who are in Mrs. Kissinger's troop are also extended a special invitation Mrs. Kelley says. Mrs. Kissinger is out of town.

'NEED YOUTH CENTER' . . .

Spur Recreation Facilities For Teen Agers Are Limited

(Third in a series) By Merry Dee McArthur Junior Student Council Rep.

One of the most talked about subjects today is teenagers and juvenile delinquency. So far, we have had very little trouble here. However, since Spur has very little recreation provided for the teenagers, delinquency could become a very serious problem, inasmuch as a large number of them are already going out of town for their recreation.

We do not have much choice here. Swimming (in summer) Drive-in (on week-ends) golf and making the "drag", which becomes tiring and costly and seems to be annoying to a great number of people.

People say we are not ready to accept the responsibility of a youth center. We say give us a chance to prove that we are willing to work for something worthwhile. Something that we can be proud to have in our town.

It's true, as the article suggested last week, that teenagers should do more work around the home, but a normal teenager likes to go someplace in the evening, to associate with others of his own age. If Spur does not provide such a place how do you know where your child spends his free time? We need a place which can give us recreation the year round. WE NEED A YOUTH CENTER!

City Paving Liens To Be Sent To Bank

City paving liens will go to the bank in the next few days, according to Spur City Officials.

"We are making this announcement in order that property owners who wish, may pay off the liens before they get to the bank," according to Mrs. Arloine McCalliard, City Secretary.

Legion Team Splits Two Over Weekend

The Spur American Legion nine won one and lost one over the week end and now show a 6-3 record for the season. Friday night they downed Lorenzo 8-6, but Saturday they were defeated by the Bell Red Chicks of Lubbock, 16-2.

The Legion team will play a game on July 4th with Lubbock Auto in Spur and a game with Plains in Spur July 5th. In a practice game Monday night the Legion team downed the outsiders in an eight inning game 19-13.

Monday Is Community Party Night For Highway Residents

Next Monday night is to be our regular meeting at the Community House and those who have freezers are to bring them full of ice cream, and those who do not have freezers are to bring sandwiches. Come out and have a good time with the community.

"Heaven" was the subject of Loyd Mommack's sermon Sunday morning at the Church of Christ. He started out with how beautiful heaven was and then told of how to obtain a home there.

Our crowd was somewhat smaller due to the Martin reunion in Brownfield which took four families out of the congregation. However, Mrs. B. B. Gideon of Red Mud came with Mrs. Conley Smith and daughters and Mrs. Larry Hahn and Jean of Lubbock were visitors. The new time for Sunday Bible class is 9:30 and worship services begin at 10:00.

Mr. and Mrs. Fred Blackmon and boys returned to their home in Bakersfield, Calif., Wednesday after spending two weeks with Mr. and Mrs. M. E. Tree and Mr. and Mrs. Jimmie Hahn. Nelda Hahn went as far as Lubbock with them to spend two weeks with her brother, Larry Hahn and family.

Mr. and Mrs. Richard Nance of Plainview were here Sunday night visiting with Mr. and Mrs. Ray George.

The community was shocked when the report of the death of Maenard Dagley was given over the radio Sunday morning. Maenard and his wife have a ranch in Highway and lived here awhile back. Our sympathy goes to Mrs. Dagley with all sincerity.

Mr. and Mrs. Bill Rucker attended the rodeo in Aspermont last week end and visited their daughter, Mrs. Fred Dalby and family while there.

Earl Thomason and son, Ray Don, and Ronnie Smith of Austin spent the day with Mr. and Mrs. Jerry Thomason and Debra, Saturday and Sunday.

Tom Williams was called to Big Spring last Saturday to the bedside of his brother, Elmer Williams, who is suffering from leukemia. His sister, Mrs. Buran Jones of Calgary went with him, and they report that Elmer is very low.

Mr. and Mrs. Harry Martin and family, Mr. and Mrs. Forrest Martin, Mr. and Mrs. Cecil Estep and Gerry, Mr. and Mrs. Donnie Pace, Mr. and Mrs. Brookie Martin and Mr. and Mrs. Henry Slack attended the Martin reunion in Brownfield Sunday. They met the family's of the late Ed Martin there, also the Jim Wyatt's of

DRY LAKE NEWS . . .

Rev. Burke To Be Guest Speaker At Spur Circuit Family Night

By Mrs. E. J. Lassetter
Rev. Billy Burke of Girard will be a guest speaker at the Spur Circuit family night Monday, July 7 at 8:15 p. m. at Foreman Chapel Church. The Foreman Chapel ladies will serve refreshments. The public is cordially invited.

The Workers Conference at Dry Lake Church last Monday night was well attended. Rev. Fugitt, pastor of First Baptist Church, Spur, brought the first message, followed by Rev. Tommy Conway of Friendship Church at Croton and Rev. Hinkley of Steel Hill Church. The Dry Lake ladies served a full supper with coffee.

Rev. Marvin L. Boyd, district superintendent, is sending Rev. George Ellis of McMurry College in Abilene to the Spur Circuit. He will preach at Foreman Chapel Church at the 11:00 hour. Rev. Boyd will send some one to Duck Creek Sunday July 6.

Mr. and Mrs. Toby Collett and children spent Sunday and Sunday night in Jayton with his mother, Mr. and Mrs. John Montgomery.

Mrs. S. C. Fallis and children of Arlington and Mrs. Cayce Alldredge of Spur visited Mrs. Ellis Draper Saturday afternoon.

Mr. and Mrs. John Aston

drove their grandson, Jerry McLaughlin to Lubbock Monday where he took the bus to Midland where his parents live.

Mrs. Bob Dixon spent Tuesday with Mrs. O. T. Swenson in Spur.
David Kirk, son of Mr. and Mrs. Austin Watson, arrived Wednesday, June 25 at Spur Memorial Hospital. Mrs. Watson is the former Merla Bea Foreman.

Those enjoying home made ice cream and strawberry cake Thursday night in the home of Mr. and Mrs. E. J. Lassetter were: Mrs. Lassetter's sister, Mr. and Mrs. Bill Cassingham of Wilmington, Calif., Mr. Lassetter's girls, Mr. and Mrs. J. B. Johnston, Mr. and Mrs. John Albin and Johnny, Mr. and Mrs. E. B. Blumberg. Mrs. Johnston and Mrs. Albin made the ice cream. Mrs. Blumberg made the cake. Mr. and Mrs. Cassingham left Friday morning for home.

Mr. and Mrs. Davis Barber and children attended Sunday school at Foreman Chapel Sunday. Mr. Barber is Mrs. Robert Kendrick's brother and he works on a farm for Robert Miss Dorothy Powell spent the week end home with her parents, Mr. and Mrs. Archer Powell and sisters, Patsy and Jane.

Mrs. W. E. Ball visited Mrs. Lilburn Delisle Thursday afternoon.

Mr. and Mrs. Dick Wright and Barbara Sue left Tuesday afternoon for Stephenville to be present for their son-in-law, Harvey Chapman's operation Wednesday.

Mr. and Mrs. Willie Allen and Miss Bettie Cartwright attended the singing at Dickens in the Methodist Church Sunday afternoon.

Mr. and Mrs. Leonard Pritchett of Denton spent the week end with his parents, Mr. and Mrs. Dan Pritchett. The women canned apricots.

Mr. and Mrs. Bill Hahn visited his sister, Mr. and Mrs. Ellis Draper Sunday afternoon. Bill is recovering from surgery last week.

Mr. and Mrs. John Aston attended singing at Methodist Church in Dickens Sunday afternoon.

Mrs. Ethel Ballard and son, Mr. and Mrs. Billy Ray Ballard and baby visited her son, Mr. and Mrs. Buck Ballard Sunday afternoon.

Ray Karr and two sons, Dan and Tommy of San Antonio, spent Saturday and Sunday with his mother, Mrs. J. L. Karr.

Terry Suits attended Sunday school with Joe Wallace Bingham Sunday at Foreman Chapel Church.

Donald Lee Wilson and friend who are stationed at San Antonio were guests of Miss Dorothy Powell Saturday afternoon.

Guests of Mr. and Mrs. Cayce Alldredge in Spur Monday for dinner were Mr. and Mrs. Ellis Draper, Mr. and Mrs. Jimmie Hahn, Mr. and Mrs. Bill Hahn and the S. C. Fallis children of Arlington. Mrs. Alldredge had a full vegetable dinner gathered from her garden.

Mrs. Coy Dopson visited Mrs. Ivy McMahan Monday afternoon.

Mr. and Mrs. S. L. Benefield returned from Austin Monday night where they had been visiting their daughter, Mr. and Mrs. Butch Robertson.

IT'S THE LAW
in Texas
A Public Service Bureau of the State Bar of Texas

REASONABLE TIME

Before a contract arises someone must make an offer and another must accept it.

Without an offer, no acceptance; with no acceptance, no agreement.

But there is often a time within which you can accept the offer. And, if not, the offer ends anyhow within a "reasonable time" which is determined by circumstances and the parties' intentions.

Smith had a set of books which Brown wanted. Brown wrote and offered him \$200 for the set.

Smith didn't answer for six months, and meantime Brown bought a similar set. One day Brown got a letter from Smith saying "I accept your offer of \$200 for the set of books."

Brown told Smith he'd bought the books elsewhere, but Smith still claimed that his belated "acceptance" had nevertheless sealed the contract with Brown.

Was there a contract? No, the offer had lapsed because it had not been accepted in the circumstances within a reasonable time.

There are many ways to end an offer. You may withdraw it, you may say that the offer expires at a given time, or you may die, or the other party may turn it down directly or by making a counter offer.

Here Smith failed to accept Brown's offer within a reasonable time, which ended it just as though it had been withdrawn.

What is a reasonable time? It varies. The offer could expire in a few minutes in the stock market or last for quite a while, depending upon what a court would think is a reasonable time.

But in Smith's case six months was unreasonable.

This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved because a slight variance in facts may change the application of the law.

MILK REFRESHES

A frosty glass of milk is a best choice for a cold drink on a hot day, both from the standpoint of flavor and nutrition, say extension foods and nutrition specialists.

Weldon Messer of Redland, Calif., visited his aunt, Mr. and Mrs. W. E. Ball last Tuesday afternoon.

Mr. and Mrs. Archer Powell attended the funeral of his cousin, D. E. Bird in Bovina last Monday.

Mrs. Bob Dixon spent Thursday afternoon with Mrs. Lilburn Delisle.

Mrs. T. A. Johnson had minor surgery at Spur Memorial last Saturday. She was able to return home Sunday.

Mr. and Mrs. Archer Powell and Patsy and Jane visited with her parents, Mr. and Mrs. Ivy McMahan Sunday afternoon.

Mrs. E. J. Lassetter attended the funeral of her cousin, Mrs. Ida Price at the First Methodist Church in Ralls Sunday afternoon.

Mrs. Bob Dixon visited Mrs. R. D. Hill and her mother, Mrs. Della Merriman Saturday afternoon.

Hubert Karr and brother, Harold and nephew, Toby Collett visited their brother, Ray Karr Saturday night in the home of their mother, Mrs. J. L. Karr.

Mrs. W. A. Avara of Dickens visited with Mrs. W. E. Ball Monday morning.

Miss Collette Collett spent Sunday night with her grandmother, Mrs. J. L. Karr.

Roy Kendrick went to the Assembly at McMurry last week from Foreman Chapel Church.

Guests of Mr. and Mrs. Cayce Alldredge in Spur Monday for dinner were Mr. and Mrs. Ellis Draper, Mr. and Mrs. Jimmie Hahn, Mr. and Mrs. Bill Hahn and the S. C. Fallis children of Arlington. Mrs. Alldredge had a full vegetable dinner gathered from her garden.

Mrs. Coy Dopson visited Mrs. Ivy McMahan Monday afternoon.

Mr. and Mrs. S. L. Benefield returned from Austin Monday night where they had been visiting their daughter, Mr. and Mrs. Butch Robertson.

MAN 50, NEEDS VITAMIN C

If you're a man over 50, chances are you need more foods rich in vitamin C than your wife. Probably both of you need more protein and iron and less fat than most people get in their daily diet.

These are some of the conclusions indicated by a University of California study of nutrition.

Senior citizens would do well to eat plenty of fruit, cottage cheese, vegetables, skim-milk, lean meats and lean min C include oranges, grapefruit, strawberries, tomatoes, salad greens, broccoli and raw cabbage.

| THIRST QUENCHERS Iced milk beverages and sparkling fruit and vegetable juices offer a wonderful variety of thirst-quenching "coolers" for these hot summer days. Acid Fruit juices are especially refreshing and cooling, as they contain less heat producing sugar. | CHECK WASHABILITY In selecting fabrics or garments be sure to check the labels for washability BEFORE BUYING. Extension clothing specialists remind us that much of the success or failure in laundering synthetic fibers lies in following directions given by the manufacturer. |

STATE NEWS

The crops in Wood county, we learn from the Quitman Herald, are very promising. The Waco Southerner has been shown a beet which measured 30 inches in length, 27 inches in circumference, and weighed 25 pounds.

The same paper has hoisted at its mast head the name of John A. Quitman, as a candidate for the Presidency in 1860.

The "bloody flux" we learn from the Liberty Gazette, has of late been prevailing in Tyler county, baffling the will of the physicians.

The Liberty Gazette, of the 14th, says two large droves of fat heaves passed through that place, a few days previous, for the New Orleans market.

L. G. Williams, Esq., of Galveston, who has been traveling extensively through the wheat growing portion of Texas, puts the wheat crop of the State down at 3,500,000 bushels.

The Jefferson Gazette of the 5th inst., speaks of dry weather in that section, but says the crops are not yet suffering. It reports the health of the county as being very good.

The Victoria Herald, of the 19th says watermelons, muskmelons and roasting ears are plenty in that region, and the prospects for good living and good times generally, were never more promising.

A severe storm passed over Corpus Christi on the 12th inst., which leveled with the ground outhouses and fences without number, blew down one unfinished dwelling and wrenched off the first part of two other buildings.

The Columbia Democrat has heard from all portions of razoria, and says there never was a finer prospect for abundant crops in that country.

The Gonzales Inquirer says that the Sea Island and short staple cotton, planted since the grasshoppers left, and only five weeks old, is nearly high, full of squares and growing finely. The corn crop of the same age is six and seven feet high.

S. A. Benton, Esq., of the Richmond Reporter, has purchased the interest of his former partner, S. H. Ferguson, in that paper, and thereby becomes its sole proprietor. The Reporter is an able and fearless journal—exposing error wherever found, and we trust it may long live to battle for an independent judiciary.

The San Antonio Texas learns through a private letter from New Mexico that great excitement exists in that section of the country in regard to late discoveries of new mines of gold and silver there. Many, it is said, will amass fortunes in a short time.

We have heard it whispered through town that Judge Gibson, the accomplished editor of the Sentinel, who is now absent at San Antonio, is on a wife-hunting expedition. We cannot vouch for the truth of the rumor, but if such is the case, we trust our worthy contemporary may succeed in larding and bringing home some fair one to cheer his solitary hours.

The Road Toll

By Jerry Marcus

229,700 pedestrians paid the road toll in '57.

Judge I. A. Paschal, of San Antonio, arrived in town a few days ago, where he will remain a short time in attendance upon the Federal and District Courts. The Judge appears to be in the enjoyment of excellent health. He says the farming prospects of Bexar and adjoining counties were never better and thinks the yield of corn in that section will be larger this fall than for many years previous.

The friends of education are cordially invited to attend the examination of the pupils of the Austin Collegiate Female Institute on Wednesday and Thursday, the 23 and 24 inst.

An Artificial Breeze Maker— A new yankee notion is out, in the shape of a rocking chair; and a most singular invention it is. It is so constructed that by the ordinary motion of rocking, a delicious current of air is blown upon the face of the occupant, by means of bellows attached to the rockers; the bellows is attached to an ice-box, and by placing a piece of ice in it, the bellows passes over the ice, conveying a refreshing breeze to the face.

Cattle Sprayed In Experiment

Two agriculture research specialists were in Spur the first of this week spraying cattle for grubs and heel flies. They were Dr. Roger Drumm and Tom Whetstone, both of Kerrville USDA insect laboratory.

The two specialists sprayed cattle on the SMS, Spur Headquarters, Guy Goen ranch, Robert McAteer Ranch and the Experiment Station.

Co-Ral was used to spray the animals and has given 90-97 percent protection in past tests. It requires but one treatment. Rotenone requires five applications.

JAPAN "BUYS AMERICAN" IN TEXAS AND IN ALL THE 48 STATES

A Survey Shows How Each State Benefited from Trade with Japan in 1957

WASHINGTON, D. C.—A report provocatively entitled "Japan Buys American in All 48 States" has just been released by the United States-Japan Trade Council.

The 12-page report of charts, graphs and text summarizes an exhaustive state-by-state survey. The survey's purpose was to estimate how much "each of the states shared immediately in the benefits from the \$1,221,350,000 worth of commodities exported by the United States to Japan in 1957."

Texas with \$105 million worth of commodities was the top exporter, but every other state made substantial shipments (see map).

The report points out that, although Japan is fairly well known as our best customer second only to Canada, not many Americans realize the nature and value of exports to Japan from their own state.

The 18 chief commodities exported to Japan in 1957 were (in millions of dollars): Iron and steel mill products \$241.1, Raw cotton \$217.3, Industrial machinery \$121, Grains \$113, Soybeans & other oilseeds \$63, Petroleum & products \$59.1, Bituminous coal \$53.3, Copper & products \$49.4, Chemicals \$36.7, Inedible animal oils \$19.6.

In releasing these figures, the Trade Council made two important points: First, that Japan's U. S. purchases have shot up dramatically, by 200 per cent, since 1953—and not simply in several but in all categories of products; second, that Japan in 1957 bought more than twice as much from, as it sold to, the United States.

TEXAS' SHARE OF THE JAPANESE MARKET IN 1957
(millions of dollars):
Cotton \$60, Petroleum products \$16, Chemicals \$4, Iron & steel products \$4, Industrial machinery \$3, Electrical machinery \$3, Synthetic rubber \$3, Copper ingots \$3, Grains \$3, Oilseeds \$2, Others \$4.
TOTAL: \$105,000,000.

30 YEARS AGO...

Chamber Of Commerce Organized

It has been the wishes of the progressive people of Spur to have a Chamber of Commerce that will accomplish things. It is thought that proper arrangements have been made whereby our town can have a real live organization in which the citizens can co-operate to bring about many needed improvements.

There has been a nice budget subscribed sufficient to take care of needed expenditures and to pay the salary of a full time secretary. The Board of Directors have a number of applications for the office of secretary and are considering diligently the one that they feel will best serve our community.

For president we have one of the most reliable citizens of this country in the person of W. F. Godfrey. Mr. Godfrey has the interest of every citizen when he places a proposition before the Chamber of Commerce. He is a hustler, has extensive business interests in town and in the country, wants to see the country and town go forward in co-operation, progressive movements, and is a man in whom the people have great confidence. He is an originator of good community and business plans and has a great vision of what Spur and Spur country should be within a few years.

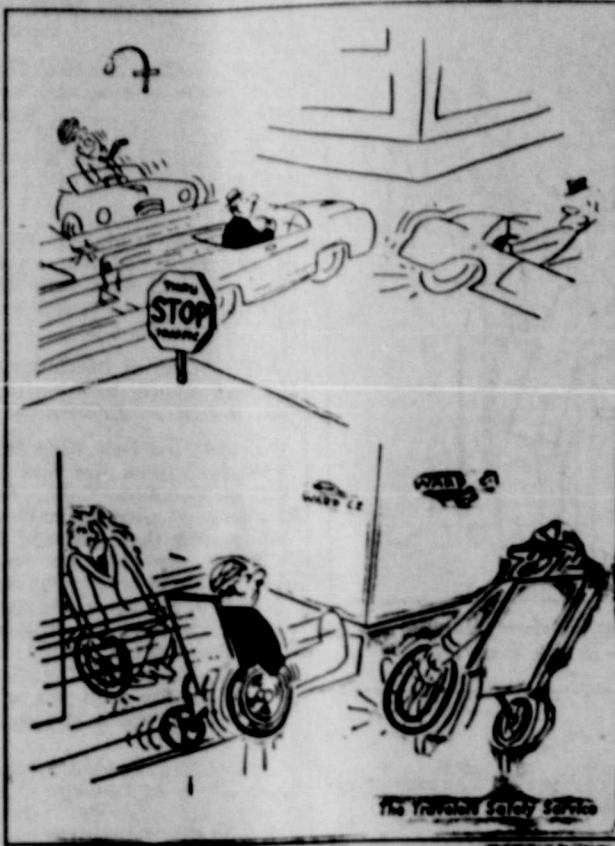

We need many new industries in our town in order to stabilize the business of this country. It is only through co-operative movements of our citizenship that we can obtain these industries. The Chamber of Commerce is our work medium.

The following persons and firms have made subscriptions for the support of the Chamber of Commerce. There are others whom we are sure will be added to the list and which will be published later. The amount opposite the name of the person or firm is the amount they have subscribed for each month.

The amount subscribed is not enough to do many great things, but there are many firms and individuals who have not yet been canvassed and who have not had the opportunity to get their names on the list. These will come in later for they want a part in making Spur a great town and the whole Spur country more prosperous.

4-HER'S RECEIVE AWARD
Twenty-four outstanding 4-H Club boys and girls, representing the 12 Texas Extension Service districts, have been named recipients of the State Fair Award of Honor for 1958. Floyd Lynch, state 4-H club leader, said they were selected for outstanding achievements in general club work.

HEN PERFORMANCE
Tests indicate that laying hens perform best when the temperature ranges from 45 to 85 degrees F. Ben Wormeli, extension poultry husbandman, says poultrymen should make sure their laying houses are properly ventilated and that the supply of drinking water is adequate to meet hot weather needs. Too, when temperatures are around the 100 degree mark, a fogging or sprinkler system installed in the laying house will pay dividends.

WATER SPORTS POPULAR
More and more Texans are turning to water sports for summer fun. There were 286,000 pleasure boats in the State in 1957 and each year about 10,000 new fishing licenses are bought, according to Ed Cooper, extension wildlife specialist. But he also reports 293 drownings for last year. Cooper urges water safety to keep fun and enjoyment at a maximum.

MECHANIZED DAIRY
Costs of dairy farming now favor the mechanization of chore work, but operators planning to mechanize should carefully balance estimated cost against expected net returns, says A. M. Mookma, extension dairy husbandman.

a perfect "36"!

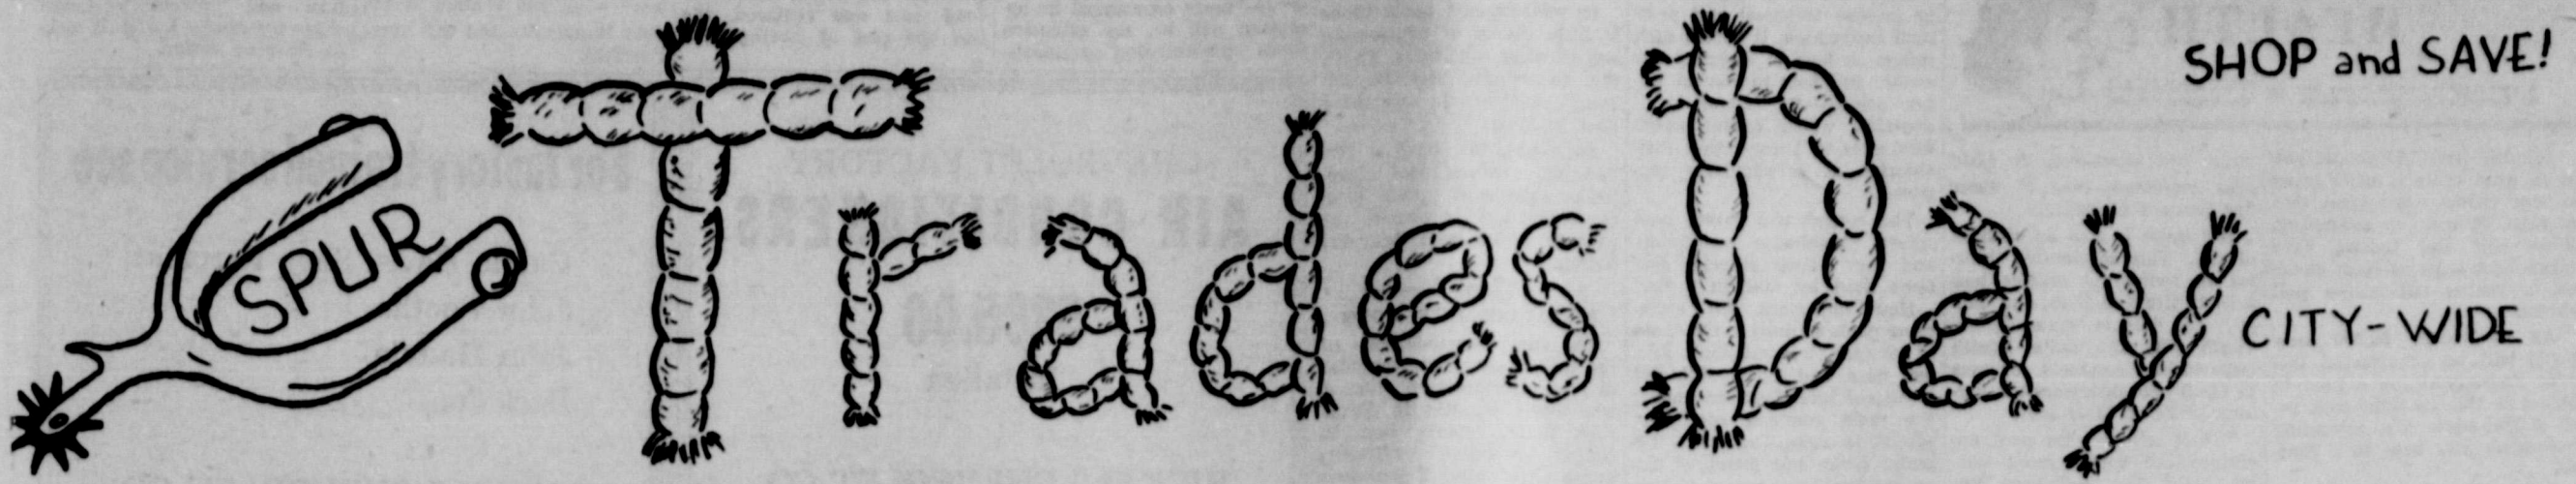

Not this sweet young thing — though she's well-nigh perfect, too. We're referring to the 36 ways she puts electricity to work to make home life perfect.
How many ways is electricity working for you? If you count them all, you'll be amazed — for electricity is at your command in dozens of ways all over your house.
What else does so much to make life satisfying and enjoyable — yet costs so little?

About Your HEALTH

A weekly public service feature from the Texas State Department of Health. JERRY A. GULLY, D. S. Commissioner of Health.

Ask the first 100 people you meet what their favorite sport is and chances are good that at least 70 will say swimming. Even golf and fishing have taken back seats as sport choices, a recent nationwide poll shows.

An estimated 50,000 new pools will be constructed this year throughout the nation. In Texas at this moment well over 4,000 pools are attracting swimmers like bees to a flower.

This is all to the good, because swimming lends itself to social adjustment. It teaches coordination and builds sta-

mina and character. A child who overcomes fear of water has learned courage.

But there is also an element of risk. This accelerated interest in swimming creates hazards to life and limb, and danger of disease transmission. That's why the State Health Department conducts courses to teach pool operators the various skills of their jobs.

"Short schools" for pool operators are concentrated during April, May and June, the intention being to enroll as many operators as possible before hot weather and overflow crowds make it hard for them

to get away from their work.

Co-sponsored by the Texas Beach and Pool Association, courses consist of eight hours of intense technical and practical instruction. It covers such things as how to disinfect the water, and how to control water acidity—the factor, incidentally, which causes swimmers' eyes to burn, rather than chlorine as is popularly supposed.

The course also covers pool safety, bathroom sanitation, and the various filtering systems used by modern pools.

How important are swimming pools as links in the chain of disease transmission? Eye, ear, nose, and throat, skin and intestinal infections are among the most common conditions spread in swimming pools. Typhoid fever and diarrheal diseases have been traced to neighborhood pools.

Most prevalent, however, is ringworm of the feet, commonly called "athlete's foot." It is

not contracted in pool water, but by walking on wet walks and floors on which spores flourish.

In well-operated pools there is little chance of contracting any of these conditions. That's the reason for the Department's emphasis on swimming pool sanitation.

Swimmers, too, have a responsibility toward pool cleanliness. Like most public places, a pool quickly assume the character of its least desirable patron.

NEMATODE HITS CORN
The sting nematode, one of the more damaging nematodes in the Southeastern States, was found recently in Texas corn fields, reports Don C. Norton, assistant professor, Texas Agricultural Experiment Station.

FROZEN FOOD TURNOVER

The more turnover of frozen foods in your home freezer, the more economical its operation will be, say extension foods and nutrition specialists.

Certain fixed costs of freezer operation are large compared with other costs involved in freezing. Therefore, the more food used and replaced, the less the cost of storing each pound.

Mr. and Mrs. Dink Hunnicutt were week end visitors at the Tom Hunnicutt and the Amos Finchers.

KEEP COOL
To keep cool during this hot weather, avoid overcrowding your rooms with extra furniture and "nic-nacs". Leave space for family living. It makes cleaning easier.
