IT'S THE LAW in Texas

A patent gives you the right for a limited time to keep others from making, using or selling your invention without your permission. The federal government issues a patent to you if you meet certain requirements.

(1) You must have something useful—a process, a machine, an article, a material, a plant or an ornamental design. The United States will patent only means to make ideas work and will not patent ideas such as new ways to do business, a new mathematical formula or newly discovered laws of nature.

(2) You must have something new. This means you must be the first to make the invention. Before the government issues a patent, the patent office makes a search for related patents and publications to find out if the invention was known to others before you made it.

(3) You must have made an "invention". This means that there must be something unexpected about it and not obvious to others working the same art.

(4) You must apply for your patent in good time. You cannot get a patent if the inven-

tion was sold or publicly used in the United States or described in a printed publication in any country more than one year before applying. You cannot abandon your invention and then, after someone else has made it, change your mind and get a patent. The other inventor may be regarded as "the first inventor."

Girl Scouts . . .

TROOP XII
Troop XII met at the regular time and place and were given the Girl Scout Handbook from which they will learn the Girl Scout Laws.

Dickens County Girl Scout Day Camp will begin next Monday, August 11, and continue through August 15. The girls of Troop XII will have their "Flying-up" program and will then be intermediate scouts.

There will be a business meeting August 7, at 8 p. m. in the home of Mrs. Ben Overstreet in Dickens. All mothers and troop committee members are urged to attend.

TROOP XI
The Intermediate Girl Scouts met at the home of Mrs. Horace Wood and she helped them on their needlecraft badges. The girls want to thank Mrs. Wood for having them.

TROOP XIII
Troop XIII met at the usual place with five present and one visitor. Plans were made for Day Camp. The girls are interested in getting their Girl Scout handbooks to use after Day Camp and to help them go forward as a better Girl Scout.

BRAWNIE TROOP XV
Brownie Troop XV will meet this afternoon at 5:00 at the Presbyterian Church. All members who plan to attend the Day Camp next week should be present. This will be the last regular meeting until school starts again in September. A new fall meeting time and day will be discussed.

GIRL SCOUTS IS IMPORTANT TO GIRLS
The Girl Scouts of Dickens County want to inform the people of this area of the purpose and needs of the Scouts, the future mothers and leaders in our community.

To be a Girl Scout she needs: a leader, a troop, a meeting place, a program of activities, a hand book, friends of Girl Scouting to help her and her troop. Above all, her insignia and membership card to show that she belongs to the Girl Scouts of USA.

As a Girl Scout she wants: A chance to make new friends, a chance to learn new things, a chance to go camping and to explore the out of doors.

Scouting is important to girls, to their communities and to our nation. We hope that Girl Scouting will eventually be available to every girl, everywhere in the country, who wants to join.

Law Enforcement Officers To Change To Western Wear

On July 1 of this year patrolmen in the divisions of the Texas Department of Public Safety appeared on our Texas highways in new uniforms.

Described as "Texas Tan" in color, the new semi-western dress for state law enforcement officers is a slight departure from the metropolitan look of the old uniforms. The new dacron-wool shirt and pants, plus jacket for winter use, are currently worn by patrolmen in the License and Weight, Driver License and Motor Vehicle Inspection services of the Texas DPS. Texas Highway Patrolmen will make the change early in 1959.

For summer, the lawmen wear light weight straw hats with a western crease, and during winter you will see them in a western creased felt hat. Gun belts and shoes are black leather.

Up until the July 1 date, a variety of colors were noted in the uniforms of the various DPS officers. Highway Patrol-

men currently have their blue shirts, beige trousers and short billed caps. License and Weight Patrolmen, in their old uniform, wore western styled hats, light brown shirts and dark brown pants. Driver License Patrolmen wore billed caps with dark brown shirts and beige slacks. Motor Vehicle Inspection did not have a uniform. Along with this variety, there was an assortment of accessory colors.

The new uniform not only adds the Texas flavor, but gives a uniformity to the dress of state law enforcement officers that can be easily recognized by the public. The service to which the patrolmen is attached is named on the shoulder patch.

The need for a common dress became apparent when the Texas DPS adopted a modernistic plan of organization September 1, 1957 and law enforcement functions were integrated under six regional commanders and a field opera-

Mrs. J. F. Young of Abilene has been visiting the past two weeks in the home of her sister, Mrs. Eleanor Lollar. Other guests of Mrs. Lollar this week were her niece and nephew, Mrs. Elman Hart of Abilene and Att. Perry Sayles of San Antonio.

Mrs. Ida Cornelius attended a community homecoming at Bunton, Texas, Sunday, August 3.

tions office. With this change, more emphasis was placed on unification for both efficiency and ease of the public.

The new gear is proudly enhanced by an attractive badge that was placed into use by all DPS officers in July, 1957. The "Texas Tan" uniforms—a Texas product—adds a striking appearance for lawmen of the Lone Star State.

The Dry Lake Farmers will be busy ploughing out their cotton this week after the good rain last week. The rain was very beneficial to the cotton at this time of the year. It rained 3 inches in the community. The cotton crop this year, as of August 1, is the best in several years. With normal conditions from here on, we will make a high yield. There has been no insects reported in the cotton at this date.

THE PACE IS FASTER . . .
BUT THE WHEEL ENDURES

The surging horsepower of the modern motor has replaced Old Dobbin. The wheel is now encased in a pneumatic tire. But the basic principle of the wheel itself remains unchanged. It is still the best means of land transportation. Likewise, have we kept pace with all the improved techniques of banking procedure. But the basic principle on which we conduct this bank remains the same: faithfully to serve the best interests of our clients.

Mrs. Bill Hemphill of the W. F. Martin Ranch, visited with Mrs. Hemphill and J. E. Monday.

'Peyton Place' Ranks High As Film Drama

"Peyton Place", one of the more realistic dramas of modern motion picture making, makes its debut in Spur Sunday at the Palace Theatre and will be presented three nights at the Hi-Ho Drive-In.

It is a high-voltage drama produced with great skill and acted with fidelity to give it Academy Award stature. "Peyton Place" is not just a picture about the more sensational moral aspects of a small New England town, rather it is a close scrutiny at the fiber from which the pattern of the average American community is woven. It is the story of two girls and their families, and the effect of their problems on themselves, their intimates and the whole town. The motion picture emerges as a modern-told classical drama that deals with the worst and the best in men and in women and leaves the audience to be their judge.

The large cast (there are more than 30 speaking parts) assembled to bring this provocative drama to the screen reflects the careful attention given to the selection of each part. Headed by Lana Turner, the film also stars Hope Lange, Lee Philips, Lloyd Nolan, Diane Varsi, Arthur Kennedy, Russ Tamblyn, Terry Moore, David Nelson and Barry Coe. As the mother of an illegitimate teenage daughter, Miss Turner brings sensitivity and understanding to a difficult characterization. As the teenage daughter, Diane Varsi, who makes her screen debut, plays the role like a seasoned veteran. Hollywood has made a prize catch with this most-talented performer.

Each of the other players—Hope Lange, as the girl from the wrong side of town, Arthur Kennedy as the stepfather who attacks her, Betty Field as the ill-fated mother in this household, Lee Philips as the schoolmaster who came to Peyton Place in search of more than just a job, Lloyd Nolan as the doctor with a secret, Russ Tamblyn as the shy boy-next-door, Terry Moore as the town flirt, David Nelson as the serious-minded student, and Barry Coe as Terry Moore's relentless pursuer—all give excellent performances.

LEGAL NOTICE . . . Sealed bids will be accepted by the trustees of the Spur Independent School District on one 1956 V-8 210, 4-door Chevrolet station wagon. Bids must be submitted on or before noon, September 8, 1958. Any and all bids may be rejected by the trustees of the school district.

Youths Snare Fishing Lures From Anglers

Fish traps are well known in every part of the world, but some Denton County youths have had bad luck with a fish lure trap.

Below the Lewisville Dam where the Garza-Little Elm and spent a few days fishing. They will return Friday.

Kay Estep of McDonald, N. M., visited her grandmother, Mrs. Ray George, Thursday night. She returned home Friday.

Mr. and Mrs. Elmer Thomason and children attended the Thomason Reunion at McKenzie Park in Lubbock, Sunday.

Mr. and Mrs. Jerry Thomason and Debbie attended the Thomason Reunion Sunday, also.

Mr. and Mrs. Worth Hahn and children of Brownfield visited their parents, Mr. and Mrs. Bob Hahn and Merle over the week end.

Mrs. Jerry Thomason and Debbie visited Tuesday with her grandfather, Mr. W. A. Harris and joined several other relatives in wishing him a happy 83rd birthday.

Lake goes into the river, there is a deep swift channel. This is an ideal spot for channel cat and white bass fishing, but a lot of lures and plugs are lost in these waters.

Some teenagers in the area decided to get some of these lures, according to W. R. Long, Denton County game warden, but they must have wanted new ones. He reports a rope was strung across the channel about six feet below the surface.

Long, of course, was not present at the installation of the

"Lure trap," but he was around when it was taken out. The rope was full of fishing plugs and lures. "I have never seen a Christmas tree so well decorated," Long said.

When fishermen would cast out, the line would settle over the rope, and the hook would bank when reeled in. "There was nothing to do," Long said, "but break the line and leave the lure on the hidden obstruction."

What sort of world for them?

With mingled pride and wonder you watch them—absorbed in their play. How sure the young builder's touch...how graceful the deft girl-gestures! You treasure each promise for the future that shows in their choice of toys and activities.

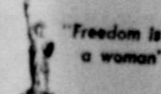

And always in your heart is the prayer that they will grow up to a world as happy as the one you've made for them. A world full of opportunity, where each may choose the life work most satisfying and fulfilling.

There's one way to help make your dreams for them come true! Be on the watch for ideas that could deprive them of their right to free and independent action.

The idea, for instance, that "government should run such and such—a business, an institution, a service." Yet experience has shown that the more things government controls, the less freedom there is for the individual.

Use your "woman-power" to refute this idea that "government should run things." Remind those who are for such a theory that the loss of anybody's independence is a threat to everybody's freedom.

Very much aware of this danger are the independent electric light and power companies, because government already runs part of the electric business. And powerful people are pressing to take over more.
