

A WEST TEXAS PAPER FOR WEST TEXAS PEOPLE Hickens Co. Times

VOLUME 10

SPUR, DICKENS COUNTY, TEXAS, THURSDAY, OCTOBER 11, 1934

WHOLE NUMBER 481

Farmers Have Opportunity To Pool Cotton Certificates

Word was received Tuesday by W. W. Gregory, assistant in Cotton Adjustment, that the farmers of Dickens County would be given an opportunity to place 12,000 bales in the National Pool. It is thought there are 1,000 farmers who will want to co-operate in this work and turn in that amount in certificates. Mr. Gregory stated that it is hoped farmers will let them know within the next few days about this as they expect to start receiving applications about October 18.

The farmers' making application must do so in person, and they must have their exemption certificate with them. One neighbor cannot make application for another. Mr. Gregory will be in charge of this work at the County Agent's office.

In speaking of the work Mr. Gregory stated that there is now on hand 17,270 bales of tax free exemption certificates. There will be about 3,000 more to come in on the ten per cent allotment. Then there will be probably 3,000 bales ginned in the county during the fall.

BAPTIST NOTES

Sunday will be a great day for the local Baptist church and all who come within her walls to worship. Pastor M. E. Ewton will bring a message of special importance at the morning hour when he speaks on "The Teachers Heart". This is an awakening message with truths that will be treasured up for time to come.

Adds Sheep To His Ranch Business

Dr. T. H. Blackwell and W. W. Gregory were in the Sweetwater country the first of the week where Dr. Blackwell bought a nice flock of sheep to go on his ranch near Dickens. In the flock were 670 ewes, 200 ewe lambs and about 15 rams.

Spur Pastor Gets Call To Lubbock

Albert Smith, minister for the Church of Christ, has accepted a call to a Lubbock church and is leaving Spur this week. Mr. Smith closed out his work with the local Church of Christ Sunday and left Tuesday to take charge of the work in his new field. While here the local church made much progress and the work was going nicely. Mr. Smith leaves the church of his own accord, and the congregation regret to give him up.

It is not learned just what the local church will do for a minister yet. Very probable they will make a call in the very near future and the work will continue forward.

Will pay 5-cents for sacks that will hold corn, oats and wheat.

Speak To Rotarians Today

Dr. Tom Taylor, District Governor of the Forty First District of Rotary International, will be the guest of the Rotary Club of Spur today. In addition to being present at the Rotary luncheon at the Spur Inn at noon, he will address the high school at eleven o'clock this morning. The people of Spur will have an opportunity to hear Dr. Taylor at the First Baptist Church tonight where he will make an address on community work at 7:30 o'clock.

Crosby Sings Most Songs In New Film

Singing more songs than he has in any other motion picture, Bing Crosby comes to the Palace Theatre, Sunday, in his brand new Paramount film, "We're Not Dressing."

From the original by Benjamin Glazer, "We're Not Dressing," is a breezy, romantic song-fest, played against the background of a deserted South Sea Island. In addition to Crosby, the film features Carole Lombard, George Burns and Gracie Allen, Ethel Merman and Leon Errol.

Norman Taurog directed from the screen play by Stephen Morehouse Avery. The songs for Crosby, as well as those which Ethel Merman sings, were all written by Mack Gordon and Harry Revel, composers of "Did You Ever See a Dream Walking."

Jim Cross On Trial At Crosbyton This Week

Jim Cross, 17-year old son of James Cross of Kalgary community is on trial at Crosbyton this week charged with the slaying of Coyils Witt in the summer. A jury was selected from a special venire of 53 men, and the last juror selected was the last of the 53.

L. G. MAYO GETS FINGER CUT

L. G. Mayo, who is with the Spur Creamery, received bad cuts on two fingers Wednesday afternoon. He was setting a machine preparatory to molding some eskimo pies, and for some reason the machine turned catching the ends of the second and third fingers of the left hand, and cut the other one to the bone.

MORE THAN 100 ATTEND FIRST P. T. A. MEETING

The Parent-Teachers Association of Spur school held their first meeting of the year at the high school auditorium Tuesday afternoon. There were more than 100 parents and teachers present for the meeting which was a very interesting one.

There has been a great outline of the work made this year. Committees to take care of every duty have been appointed and the new set-up is very different to the routine of work in former years. Mrs. W. R. Weaver, the president, asked the secretary to read these committees. The slogan this year is, "Know your child and know your school."

The program Tuesday afternoon was excellent. Miss Tinnie Glasgow discussed the goals of P. T. A. Misses Julia Jo Reed, Nedra Hogan and Doris Arthur discussed the national goals—the home, the school and the

community. These were short but excellent talks. Supt. Hall discussed the goals of Spur School System which was very instructive. Mr. Wadzeck gave a very fine talk on the purpose and development acquired through athletics. Mrs. Weaver made a fine talk on the goals of the Spur P. T. A. The officers and various committees are very anxious that as many people who can will join the P. T. A. this year and increase the enrollment as much as possible. It is the hope of those who have assumed the responsibility of a P. T. A. for this year, to get as many others interested in the work as possible.

REASONS FOR VOTING AGAINST THE PROPOSED AMENDMENT TO THE STATE CONSTITUTION

SENATE JOINT RESOLUTION NO. 13.

1. This amendment, if carried, will cut the amount allowed to be collected for State taxes below the actual necessities of the various departments of the State government. A maximum of \$22.50 for each inhabitant of the State biennially is not sufficient.

2. Such a method of limitation of the amount of the State funds is a new, untried experiment. No other State has attempted it.

3. This amendment was conceived during the midst of the worst months of the depression, and put over by those corporations who always attempt to avoid paying their fair share of government expenses. It would keep the State of Texas on a depression basis.

4. It is not a tax decreasing measure, as claimed by its proponents, but a tax shifting measure. By decreasing the amount of State aid given the local units, the local tax load must be increased.

5. This amendment has been condemned by the Democratic Party of Texas in its recent Convention in Galveston on September 11th.

6. It will cut the State apportionment for schools down to at least \$10 per capita, probably less. If the present standards of the schools are to be maintained, the local tax rates must be raised or the taxable valuations for local tax levies must be increased to make up the deficiency. Many cities, towns, and communities now have their valuations set at a high level and are levying the maximum tax rate. Figure out for yourself how much increase in local taxes your district would need, if the State apportionment is cut from \$16.50 to \$10.00.

This amendment is a hoax. It is a fight between the moneyed interests and the children of Texas. Some of us have grown old enough to "fear the Greeks even when bringing gifts." Don't be misled; VOTE AGAINST THIS LIMITING AMENDMENT.

Sam Z. Hall, Supt. Schools, Spur.

Sanitarium News

Billie Jean Gleaton, of Roaring Springs, underwent an operation Monday for appendicitis. He seems to be getting along fine.

Mrs. Bailey Bragg, of Steel Hill, underwent an operation Wednesday morning with favorable condition and seems to be doing all right.

A. J. Wright, of Red Mud community, underwent an operation Thursday for ruptured appendix. He is getting along as well as one could under the condition.

T. H. Gilmore, south of town, underwent an operation Saturday and is getting along fine at this time.

O. D. Thompson, of Dickens, who underwent an operation ten days ago, continues to improve nicely.

Miss Ernestine Green, of Dickens, who underwent an operation two weeks ago, continues to improve nicely and soon will be able to return home.

Miss Margaret Tankersley, of Rotan, underwent an operation Sunday and is getting along fine at this time.

Guy Teague of Highway, who is in the sanitarium as a result of blood poison infection, still is in rather bad condition and it is going to require a long time for him to be up again.

CAR TURNS OVER; TWO HURT

R. E. Etheridge and Floyd Horton, of Dickens, were injured Sunday night when a car in which they and four other persons were riding turned over. They were driving about 35 to 40 miles per hour and hit loose gravel which caused the turn over.

Mr. Etheridge suffered a break in his right arm near the wrist and young Horton had a severe cut on his forearm. Both were treated at the Nichols Sanitarium where X-ray pictures were made. They are getting along very nicely at this time.

Will pay 5-cents for sacks that will hold corn, oats and wheat.

Spur Grain & Coal Company of P. H. McGaha, of Lost Lake country, was looking after business affairs in our city Tuesday.

Cardinals Take World Series Tuesday

With J. H. (Dizzy) Dean pitching his team to a 11 to 0 victory the St. Cardinals walked off with the World Baseball series Tuesday.

"Dizzy" and Paul Dean, brother, carried the pitching record to a success, the two brothers having pitched the four winning games for the Cardinals. "Dizzy", who pitched the game Sunday and lost, had suffered a severe hit from a ball the day before which knocked him out for a time. It is said he seemed weak and pale when he entered the pitcher's box Sunday and the Tigers took the game for a one lead.

Paul Dean went in for the Cardinals Monday and evened up the series, and by Tuesday the other Dean brother seemed to have his old tuff back and put everything he had into the shut-out which he gave the Tigers.

The Cardinals made a race track of the diamond in the third inning with seven men on base over home plate. In the sixth there was a disturbance from the bleachers in which Medwick, a Cardinal left fielder, was the recipient of spoiled fruit, pop bottles, etc. This was caused when Medwick slid into Owen, the Tiger third baseman, who kicked Medwick and the Cardinal left fielder returned two sharp kicks to Owen. The disturbance became so great that Medwick was retired from the game.

The Cardinals went back to their positions more determined than ever to let the Tigers have all they had. Finishing the sixth inning with two runs, they duplicated in the seventh, bringing the score to 11 runs. Dean continued to bear down with his fast pitching and at the close of the game all the Tigers had to their credit was the honor of being hosts to four games of the series.

This makes three times the Cardinals have been winners of the world series, and it looks as if they might have to be reckoned with next year with such men as the Dean Brothers, Pepper, Martin and others in their line-up.

ALFALFA MOST PROFITABLE CROP IN DICKENS COUNTY THIS YEAR

The three hundred little patches of alfalfa in Dickens County have had a higher acre value this year than any other crop in the County. They have furnished some pasture to abundant pasture since early March and in a number of cases far to good cuttings of hay. As a dry year crop sudan grass, wheat, oats and barley fall far short of alfalfa in producing pasture. The September rains revived the crop and pasturage will be good until low temperatures in the dead of winter. The first light frost seldom stops growth.

Twenty three shoats, running on alfalfa at the Experiment Station averaged 137 pounds on September 5. On

MERCHANTS WERE BUSY SATURDAY

From reports of the merchants Saturday was a busy day in Spur. In our rounds this week most every business house reported good business for Saturday and stated they appreciated it. Several merchants in town had special bargains for the day, and with two sales advertised, people felt they were enjoying advantages of good buys. We say two sales, might add that there were bargains at all stores, which the people could take advantage of.

Spur merchants are selling very fine quality merchandise at very low prices considering the increased manufacturing costs. Go where you please, you will find better merchandise in Spur for less money.

There is a fine selection of merchandise at all stores. You can buy anything you need and have a good quantity to select from. The merchants appreciate the patronage of the people, and will do all they can to help you save money. Come to Spur next Saturday and every other day in the week and buy good merchandise at low prices.

REPORT FROM SPUR GINNERS

According to reports turned in by the ginnerers of Spur there have been 1,271 bales of cotton ginned this fall. This report was as of five o'clock Wednesday afternoon. All gins are in excellent condition and are turning out good samples to the farmers. Also, they are equipped with all modern conveniences for service.

Cotton closed at 12.00 to 12.25. High point on the market Wednesday was 12.30.

Patton Springs School To Get New Building

Contrary to the oft expressed opinion of doubting Thomases, the Patton Springs school is going to be built and that right away. The bonds have been sold and the money is now in the Spur Security Bank. The contract will be let at 2:00 p. m. Friday, October 19, at the school building in Afton.

A well is being dug on the 20-acre site this week. Most of the site has been cleared of mesquite timber and is ready for the building to be begun as soon after the letting of the contract as the contractor securing the job can get started.

A first-class football field has been laid out on the new site for the use of the local team.

Lists of available labor are being compiled at the different public places in the district. The contractor will be eligible to use local labor for all purposes for which it is available. To be eligible to work on the building, or to haul sand, gravel, or materials, the persons working must have been a resident of the district July 1, and have maintained his residence in the district continuously since.

The trucking of material from the rail point will be under the same restrictions. If insufficient labor is available for any kind of work, from the district, then the next restriction is that adjoining Dickens County communities will be eligible to furnish labor and trucks if available, for the work. No difficulty is anticipated in securing all the labor and trucks needed for the job, from the district itself.

Murder Of King And Prime Minister

King Alexander of Yugoslavia, who has been dictatorial ruler over the country where the world war was started twenty years ago, and Prime Minister Louis Barthou, of France, were murdered in Marseille, France, Tuesday. King Alexander had gone to France to have a conference with the Prime Minister, and five minutes after he arrived, the assassination occurred by a Yugoslavian.

Beside the King and Prime Minister, 14 other persons were killed and wounded before the assassin could be stopped.

With the war attitude which prevails in European countries at this time, this incident makes a rather ugly situation. Just what the outcome may be is yet to determine, but if European rulers and statesmen will keep cool headed and be co-operative, there should be no bad conditions result.

The King had gone to France on a mission of peace, and the tragedy caused great consternation throughout all Europe. Queen Marie escaped only because she was making the journey by train and had not arrived. She arrived after the King had died.

SAM RATHER PASSES AWAY

Sam W. Rather, 77, died at the home of Tom McArthur in the Red Mud community about noon Sunday. Mr. Rather ate a good breakfast Sunday morning and seemed to be in good health. He became ill and lived just a short time, passing away at 12:10 o'clock.

Funeral services were held at the Church of Christ in Spur, Albert Smith, local minister, reading the funeral rites. Interment followed in Spur cemetery. Webber Williams acting as funeral director.

Mr. Rather had been a citizen of Dickens County many years. He was born in Mississippi March 22, 1857, and came to Texas in an early day. He had no near relatives, his wife passing away in 1927. He had been making his home with Mr. and Mrs. McArthur for sometime before he died.

THE ZEPHYR VISITS TEXAS OVER DENVER

The new streamline "Zephyr" of the Burlington Railroad system was a welcome guest to Texas over the Denver main line Saturday and Sunday. This a new train, which has been making the public sit up and take notice for the past few months, is destined to revolutionize railway traffic in the near future.

The train which has compartments for railway post office, baggage, express transportation, buffet, smoker, chair coach and observation parlor, is pulled by an eight cylinder, two cycle, 660 horse power Diesel engine, and runs on roller bearings. It is all stainless steel the tensile strength of which is three times that of the ordinary steel coach. It is completely air conditioned and the windows never have to be raised. It is equipped with radio reception.

It is equipped with super-safety air brakes which bring the train automatically to a rapid, but safe and comfortable stop in event the engineer removes his hands and feet from the controls.

This train holds the world's record for non-stop run which it made recently from Denver to Chicago. The distance of 1015 miles was made in 785 minutes, or an average of 77.5 miles per hour for the trip. The top speed was 112.5 miles per hour on the trip. This was nearly two miles per minute. On the run Sunday there was no attempt to speed, yet the train made 81 miles per hour. There is no sensation to the passengers at that speed as no one would recognize such speed is being made. The train has fewer wheels than ordinary equipment is swung lower than ordinary trains.

For exhibition purposes this train makes a run from Kansas City to Lincoln, Neb., by way of Omaha. This is a distance of 260 miles one way, and the run will be made making the round trip in one day. The Burlington system now has under construction two more such trains which will be used on the main lines out of Chicago. These trains are very economical in cost of operation, and no doubt will change railway traffic on all main lines in the United States.

The train made the main line from Denver to Fort Worth Saturday and Sunday where it was on exhibition at various points. The writer is delighted to say he was extended an invitation to be on this train. It arrived in Wichita Falls where it remained Sunday afternoon and more than 11,000 people went through it. The line of people extended for blocks away from the train where police gave assistance so the folk might get to see the train. All along the right of way on either side, cars were parked in which were people to see the train. At one point the people attending church services were seen blocking the doors and windows watching the train go by.

The train is the embodiment of comfort and convenience. No dust, no cinders, no noise, no jerks or heavy vibrations.

Among passengers were high officials of the Burlington and Denver companies, as follows:

Ralph Budd, President of the Burlington Railway Company; W. E. Fuller, Vice President of the Burlington Railway Company; General John J. Hulien, Vice President of the Fort Worth & Denver; John D. Farrington, General Manager of the Fort Worth & Denver; F. W. Dagggett, General Passenger Agent for the Fort Worth & Denver; M. L. Hogsett, General Freight Agent for the Fort Worth & Denver; John Pfeifer, Superintendent of Motor Power for the Fort Worth & Denver; S. A. Covington, General Superintendent for the Fort Worth & Denver; H. H. Durston, Assistant to the Vice President of the Fort Worth & Denver; Dr. Clay Johnson, Chief Surgeon; Judge J. H. Barwise, chief Counsel; Clifford B. Jones, a Director; and others of prominence.

It is well worth any one's time to say they enjoyed a ride on this new train the first trip it made through Texas. It is an exhibition in the State and particularly at the State Fair at Dallas. Other cities of the State will have the privilege of having this new train as a guest before it returns back north.

CITY FEDERATION MEETING

The City Federation of Women's Club met Wednesday morning at 9:30 in the home of the President, Mrs. Jack Rector. At which time they were decided on Monday evening, October 15th, 7:30 p. m. at the Spur Inn, to give a supper honoring Mrs. Averetts, President of the Seventh District. After which she will speak. Anyone who cares to hear her will be welcomed.

The plates will be seventy-five cents each. All wishing to come please notify Mrs. E. F. Lavery not later than Friday, October 19th. —Reporter.

McADOO

Dr. G. S. Slover, the Presiding Elder of the Stamford District, was here Sunday afternoon to hold the Fourth Quarterly Conference for the Methodist Church.

The Conference was held at 2:30 in the church. A good sized crowd was present.

We had nineteen members of the League to attend the Caprock League Union meet at Dickens last Thursday night.

Dudley Wooten has enrolled as a student in Texas Tech at Lubbock.

Mr. and Mrs. Starley Dennis and little Wanda Lee of Spur, spent the week end here visiting Mrs. Dennis' parents, Mr. and Mrs. Clark.

Mr. and Mrs. J. R. Robertson, Jimmie Nell and Doris were among the business visitors in Spur Saturday.

Katie Miller spent several days in Lubbock last week visiting her sister, Fay Oa Miller, who is a nurse in Lubbock Sanitarium.

W. W. Buckner, Jr. returned home from New Mexico Wednesday of last week.

McAdoo school is now publishing a school paper, "Aerie". The paper is published once a week by the students of high school and is a dandy, too. The first copies of the "Aerie" were issued Friday afternoon, October 5.

Officers of the paper are: Editor-in-chief, Mary Francis Van Meter; business manager, Clara Rich; society editor, Juaneva Brown; joke editor, France McLaughlin; sport editors, Helen Henderson and Woodrow Allen.

The Senior Class selected their rings Friday and the rings are to be ordered the first of the week.

At present the seniors are looking forward to the arrival of Senior pens and a unit of graduation announcements which have been ordered for some time.

The Junior Class has chosen Miss Johnston for their sponsor and have elected the following officers: President, Woodrow Allen; Vice President, Mayo Boucher; Secretary, May Dell Dillon; Reporter, Clara Rich.

O. S. Harvey was a business visitor in Crosbyton Monday.

J. P. Meek, who formerly owned a store here, was in McAdoo Saturday.

Katherine, Lucille and Inez Rose went to Lubbock last week to attend the 1934-35 session at Texas Tech.

Clyde Gregory returned home last week from Brownfield.

Mr. and Mrs. Bernard Parker made a business trip to Brownfield last week.

Helen McDonald was in Lubbock Monday.

Florence Ross spent the week end visiting her mother, Mrs. L. E. Bass, at Morton.

Lewis and Bob Ferguson returned home Tuesday after spending a few days in Amarillo.

Harvey Hines, Clyde Moore, "Doc" Loyd and Ivy Brown made a business trip to Roswell, New Mexico Tuesday of last week.

"Sonny Boy" Edwards, who is attending Roaring Springs high school and received minor injuries in a football game, spent a few days at home

THE FAIR STORE

"TRUE TO ITS NAME"

The telephone had its birth 58 years ago in a make-shift Boston research laboratory, where Alexander Graham Bell watched a tiny straw attached to the eardrum of a human skull trace a wavering line on smoked glass.

Since then, telephone history has been told in countless scientific problems solved. Bell Telephone Laboratories, research arm of the telephone service, is the reason you now may talk across continents and seas, that most telephone wires are underground, that a single long distance line may carry four simultaneous conversations.

Research scientists at the Laboratories search constantly for inventions and improvements that may be devoted by the Southwestern Company, and the other Bell operating companies, to keeping the price you pay for telephone service low.

Back of this fundamental policy is the belief that in an undertaking planned like the telephone service for the long pull, what is best for the telephone user becomes in the end the policy that will bring us the sounder, more enduring measure of success.

SOUTHWESTERN BELL TELEPHONE COMPANY

last week. However, at this time he is able to be back in school.

A number of the teachers attended the County Educational Association meeting Tuesday night held at Spur. At the meeting Supt. W. O. Cherry was elected Parliamentarian of the Association and as one of the executive committee.

Mr. Wofford, principal of Grammar school, was selected director of Ex-temporaneous Speaking for the County Interscholastic League meet.

Mrs. J. O. Morris and Lucille were in Crosbyton Monday.

A. G. Pair and Curtis Hickman left Monday for C. C. Camps in New Mexico.

Frank Carter was a business visitor in Crosbyton Monday.

Misses Johnston and Eula Whitaker went to Lubbock Monday.

Gus Morrison made a business trip to Roswell, N. Mexico the first of the week.

T. L. Dozier was in Crosbyton Monday.

Mr. and Mrs. Lee Parker were looking after business matters in Crosbyton Friday.

Jim Hickman is quite ill at this writing.

A number of the young folks from here enjoyed a party at the home of Mr. and Mrs. Palo Grissom Friday night.

Mr. and Mrs. Frank Eggar and family moved this past week over northeast of McAdoo on the Pipkin place.

HIGHWAY

Large crowds attended Sunday School and church services Sunday morning and at night. There were three additions to the church by letter at the morning services.

Rev. Victor Crabtree has accepted the call and is our pastor for the year. The preaching day has been changed from the third Sunday to the first Sunday in each month. The church voted to use the budget plan again this year to finance the work.

Sunday School begins promptly at ten o'clock each Sunday. Everyone invited.

Mr. and Mrs. Hubert Taylor, Arlie Boyd-Smith and Jerry D. Hahn attended the Epworth League at Dickens Thursday night.

Rev. Porterfield of Dickens, was in the community Thursday night.

Little Billie Smith is quite ill at this time.

Mr. and Mrs. Penn Howell, Mr. and Mrs. Ted Mandy and families attended preaching services at Afton Sunday and also visited relatives and friends there.

Mrs. Terrel Sandlin has been quite ill the past week.

Mrs. Ola Estep visited in the West End community Sunday.

Mr. and Mrs. Monk Rucker of Spur, visited Lem Rucker and family Sunday.

Mr. and Mrs. E. V. George and children and Mrs. Eschell McBrown of Brownfield visited relatives here over the week end.

R. H. Haines has been quite ill the past week and unable to attend school.

Ira Worth and Bill Hahn attended the barbecue given at the Spur ranch by the agriculture boys of Spur school Thursday night.

Will Smith has been on the sick

list and is taking treatment of the doctors at Crosbyton, making a trip up there Monday.

Fred Vernon of Spur, was in the community Sunday.

Mr. and Mrs. Jim Hahn were Dickens visitors Thursday night.

Mr. and Mrs. Doyle Hinson of Steel Hill, visited relatives here Tuesday.

Congressman Elect Mahon Gets New Suit

A suit similar to those given President F. D. Roosevelt and Vice President John Nance Garner was presented to Congressman-elect George Mahon by Texas Technological College, at the Panhandle-South Plains Fair. Fifteen thousand persons were estimated to have witnessed the presentation of the suit made of Texas Tech wool bred, grown, and woven on

the college campus.

Dr. Bradford Knapp, president of the college, was presented by Parker F. Prouty, president of the fair association who introduced the reception committee composed of Clark M. Mullican; J. O. Jones, president of the Lubbock Chamber of Commerce; Ross Edwards, mayor of Lubbock; L. D. Thomas, who made the suit; J. Doyle Settle, state representative-elect from this district; M. E. Heard, of the textile department of Texas Tech; and Roscoe Wilson, member of the board of directors, who presented the suit in behalf of the college.

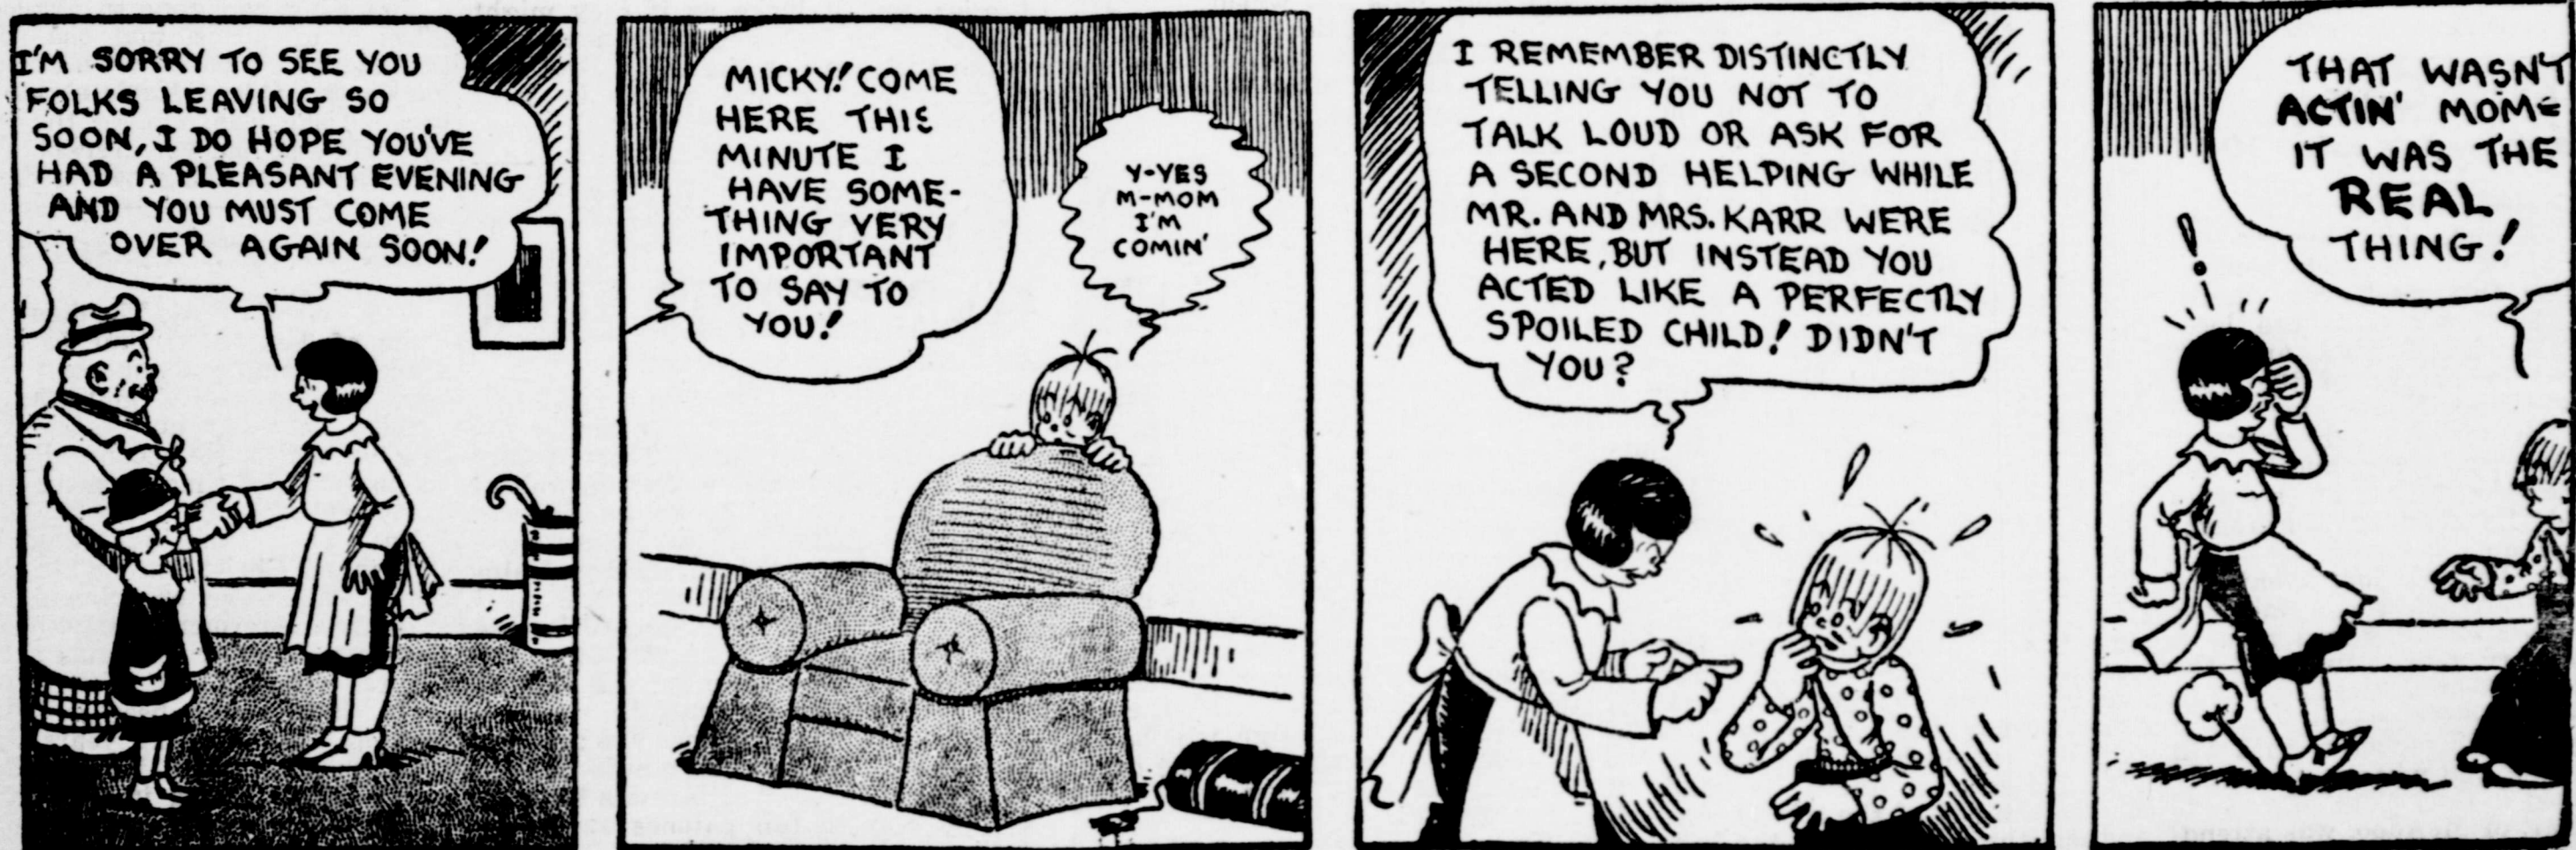

E. B. Gober, of Roaring Springs, was attending to business matters in our city Tuesday.

James H. Neblett, of Matador, was transacting business in our city Wednesday.

Miss Bessie Yearly spent the week-end in Floydada visiting her parents.

"MICKY" AND HIS GANG

By Sam Igei

SOCIETY

MISS WILSON HONORED AT BRIDGE PARTY

Mrs. V. V. Parr and Miss Leonora Lisenby entertained Saturday afternoon at Mrs. Parr's home on the Pitchfork Ranch with a bridge party as a courtesy to Miss Jane Douglas Wilson, bride-elect of Floyd McArthur.

Miss Wilson was presented with an honor gift. Mrs. L. D. Ratliff, Jr., won the high score, which was also presented to the honoree.

The refreshment plate was of ice cream, cake and coffee.

The guests were: Mesdames F. W. Jennings, D. H. Zachry, Essie McGuire, Cash Wilemon, L. D. Ratliff, Jr., M. H. Brannen, Violet McKnight, Gerald Wadzeck, J. C. McNeill, Sam Clemmons and Jessie Pennell. Misses Erial Lisenby, Julia Maxwell, Pauline Buster, Virginia Murray, Lily McArthur, Wilma McArthur, Sarah McNeill, and Jane Douglas Wilson.

MISS WILSON HONORED AT SHOWER

Mesdames A. O. White, F. G. Collier and D. H. Zachry honored Miss Jane Douglas Wilson Thursday evening at the home of Mrs. White with a personal shower.

A program of music and readings were features of the evening's entertainment. Mrs. Violet McKnight sang a solo, Miss Catherine Curby and Mrs. J. C. McNeill III played piano solos. Miss Charlesie Hayes and Mrs. J. W. Henry gave readings.

The guests were: Mesdames Violet McKnight, Burford Johnston, O. L. Kelley, Sam Z. Hall, Sam T. Clemmons, J. W. Henry, J. C. McNeill III, Misses Pauline Buster, Julia Maxwell, Virginia Murray, Minibel Johnson, Sarah McNeill, Rachel Langston, Athelda Yeats, Ruby Rae Williamson, Annie Mae Lassiter, Alice Wright, Charlesie Hayes, Catherine Curby Wilma and Lilly McArthur, Leonora Lisenby.

JOI DE VOI CLUB

Mrs. M. H. Brannen was hostess Thursday afternoon to the Joi de Voi Club and other guests.

The rooms were decorated with cut flowers.

The tally and score cards were hand made and resembled little books. The prizes for the two high scores were issues of Elbert Hubbard's "Scrap Book," and the prize for second high score was a copy of Richard Haliburton's "New Worlds to Conquer."

Mrs. J. O. Smith and Mrs. Ralph Lewis won the high score for club and guest. Mrs. Essie McGuire won second high score.

The refreshment plate was a salad course.

The guests were: Mesdames Sam Clemmons, Weldon Grimes, J. C. McNeill III, Jack Rector, J. O. Smith, J. T. Wylie, Essie McGuire, E. C. Edmonds, Gerald Wadzeck, W. T. Andrews, Nellie Davis, Eaton, M. C. Golding, F. W. Jennings, Clifford B. Jones, Luther Jones, Frank Laverty, C. L. Love, V. V. Parr, L. H. Perry, Taylor, Lewis, H. P. Gibson, Lay, Wooten, Buster Parrish, L. D. Ratliff, Ardis, and Misses Jane Douglas Wilson, Erial Lisenby, Nig Lisenby, Julia M. Hickman, and E. Partain of Lubbock.

BLUEBONNET CLUB

The Bluebonnet Club and other guests were entertained at the home of Mr. and Mrs. J. P. Carson Thursday evening. The hosts and hostesses were Mr. and Mrs. J. P. Carson and Mr. and Mrs. G. J. Lane.

Several games of 42 were played.

Refreshments were served to: Mr. and Mrs. G. L. Barber, Mr. and Mrs. L. R. Barrett, Dr. and Mrs. T. H. Blackwell, Mr. and Mrs. W. B. Lee, Dr. and Mrs. P. C. Nichols, Mr. and Mrs. Sam Z. Hall, Dr. and Mrs. B. F. Hale, Mr. and Mrs. Birl Hight, Mr. and Mrs. Ned Hogan, Mr. and Mrs. Clifford B. Jones, Mr. and Mrs. J. M. Poster, Mr. and Mrs. C. H. McCulley, Mr. and Mrs. W. C. Gruben, Mr. and Mrs. M. A. Lea, Mr. and Mrs. W. D. Starcher, Mr. and Mrs. M. C. Golding, Mr. and Mrs. T. H. Dickey, Mr. and Mrs. Henry Alexander, Mr. and Mrs. E. L. Caraway, Mrs. Cochran, Mr. and Mrs. W. S. Campbell, Mr. and Mrs. E. S. Lee, Mr. and Mrs. Chas. Whitener, Mrs. J. E. Morris, Mr. and Mrs. Geo. S. Link, Mr. and Mrs. E. E. Dickson, Mr. and Mrs. E. D. Engleman, Rev. and Mrs. E. L. Yeats, Mr. and Mrs. Ray Sanders, Miss Clara Pratt.

ENTERTAIN WITH BRIDGE AT SPUR INN

Mrs. Sam Clemmons, Mrs. J. C. McNeill and Miss Jane Douglas Wilson entertained with a bridge party Friday afternoon at the Spur Inn.

A color scheme of orchid and green was observed.

The prize for high score was received by Miss Nellie Davis. Mrs. D. H. Zachry won the high cut, and Mrs. Weldon Grimes received low score.

A salad course was served to: Mesdames V. V. Parr, Marshall Ernest, Elzy Watson, F. W. Jennings, H. L. Perry, Eaton, M. C. Golding, D. H. Zachry, Jake Jones, Essie McGuire, W. D. Starcher, H. O. Everts, Weldon Grimes, A. C. Hull, J. T. Wylie, Cash Wilemon, Nellie Davis, Patterson, L. D. Ratliff, Jr., Jimmie Sample, J. O. Smith, T. A. Parrish, M. H. Brannen, Neal Chastain, Guy Karr, Petty, Misses Leonora and Erial Lisenby.

1925 BRIDGE CLUB

Mrs. Oran McClure entertained members of the 1925 Bridge Club at her home Friday evening.

Prizes for high score at each table were awarded to Mrs. F. W. Jennings, Mrs. Nellie Davis, and Mrs. L. H. Perry.

A lovely and delicious salad course was served to the following club members: Mesdames F. W. Jennings, Nellie Davis, V. V. Parr, Della Eaton, Elzy Watson, Pat Watson, C. L. Love, Luther Jones, Frank Laverty, H. L. Perry, M. C. Golding, and Miss Julia M. Hickman.

Centennial A Big Year For Texans

When Texans celebrate 100 years of freedom and progress in 1936 with appropriate ceremonies at San Antonio, Houston, Goliad, Brenham, Nacogdoches, Huntsville, Gonzales, Galveston, Dallas and other points identified with development of the

State, they will have an opportunity to impress thousands of visitors, who will pass through Texas cities on their way to the glamorous land of Mexico.

Fast becoming a popular vacation land for Americans Mexico is due to enjoy a tremendous increase in automobile traffic by 1936 as the Pan-American Highway, extending from the Rio Grande to Mexico City and

points farther South will be opened by then. Texas will benefit by this travel and will have an opportunity to reap vast returns from the impression that can be made by proper observance of the Centennial.

President Franklin D. Roosevelt will be invited to come to Texas in 1935 when the Pan-American Highway is opened, thus calling it to the atten-

tion of citizens all over the Nation. Opening of the highway from Laredo to Monterey a few years ago brought a prosperity to Mexico City, which has climbed steadily to high pinnacles even during the depression.

The opening of the Pan-American Highway, therefore, is expected to increase enormously automobile touring into Mexico and Texas, at the gateway, will benefit.

How Texas Tech Plays Football

Those who at times have been critical of the brand of football played by Texas Technological College under Head Coach Cawthon will be interested we think, in the following extract from the Austin American in its issue of September 26, 1934, following the game between Texas University and Texas Tech:

STEERS TREATED ROYALLY, SAYS CHEVIGNY

By Hop

"Months before the Longhorn-Matador football game at Lubbock the general public was led to believe that Pete Cawthon and his Matadors were a blood thirsty aggregation of rough-necks, whose sole objective was to cripple, maim and incapacitate the Lognhorns by fair means or foul (mostly foul). In fact, we had been told that many of the Steers would probably return home with raw beef draped over their eyes, while still others would be delivered in ambulances in plaster paris. All of which turned out to be so much piffle of the most unfair and unjust vintage, according to no other authority than Jack Chevigny, big chief of the Longhorns, himself.

"We were treated courteously, graciously and kindly during our stay in Lubbock by the Texas Tech coaches, faculty members, and the townspeople," Coach Chevigny said. "They met us at the station with cars, solicitously inquired into our every need, and spared no effort to make our stay there a most welcome and pleasant one."

"The game itself," continued Chevigny meditatively, "was hard but cleanly played; free from dirty and unfair tactics.

"Of course, the Matadors, like our team, had their hearts set on victory and gave forth their best efforts to gain their objective, but please let the world know that the Red Raiders played a good, clean, fair and hard game."

Golf Team Record For The Season

The record made by the teams of the Cap Rock Golf league seems to be commendable. The Spur team seems to have led the others a little in average and points, but the average of every player is good. The record is as follows:

SPUR TEAM				
Player	Games	Pts.	Av.S.	
Culbert	12	18	71.75	
Draper	12	22 1/2	13 1/2	71.75

Nalley and Groves of Matador were first and second in winning points, and Andrews of Spur was third. The best score seems to go to Roy Howard of Ralls with an average of 69.5 for 12 games he played. E. C. Stearns of Matador was second with 70, and Reecer of Lockney was third with 71.67.

Miss Minibel Johnson visited her parents in Lubbock this week end.

Hostess Can "Attend" Own Party By Serving Smart Buffet Supper

The buffet table set and ready for guests. An assortment of foods is on the hospitality tray, from which the guests select what they like.

TOO many hostesses find their own parties spoiled for them by the devastating details of entertaining. They simply haven't the time to sit back and enjoy themselves.

It is possible to be the most hospitable of hostesses, and at the same time "attend" one's own party, by the proper choice of menu and accessories.

One hot food makes the menu more satisfying, and when that hot food is toast, it provides the best possible foundation for the greatest number of combinations.

Mainstay of the buffet is a toast-master hospitality tray, equipped with toaster and serving dish. The newest models have a serving dish just the right size for six people, with compartments for various foods. A cutter for removing the crusts or cutting toast into strips is another feature. The tray—of

mahogany, walnut or sycamore, to match the furniture—binds the whole accessory into a compact, attractive unit around which the buffet table is laid.

The toaster is important, and should be fool-proof. One that times the toasting, pops the toast out and shuts off the current, is best. Then there can be neither burnt toast nor burnt fingers.

The buffet supper illustrated is typical of the food combinations practicable with such an arrangement. An assortment of cheese, crabmeat, sliced tongue, pickles and olives, preserved pears and mayonnaise with melted butter to be brushed on the toast, all right at hand on the hospitality tray, and coffee "perked" right at the table, form a menu that will pique the most jaded of appetites. The various combinations that may be placed on the tray are legion.

With the food laid out on the tray, the hostess has nothing to do but enjoy herself. Best of all, she will find her guests joining enthusiastically in the spirit of this delightfully informal meal.

TWIN WELLS CLUB MEETING

"This is the best meeting we have had recently," said Mrs. C. V. Water at the Twin Wells Club which met at the home of Mrs. C. C. McCombs Tuesday afternoon, Oct. 2.

The lesson on Child Training was discussed. In "The Intelligence Test for Children" some of the members scored high.

Members present were: Mesdames Tom Gilmore, Don Merriman, Tol Merriman, Jim McDaniel, L. B. McMeans, Sr., Poley Williams, C. F. Wattus, Misses Minnie Fae McMeans and Elizabeth Williams, and the hostess. Visitors were: Mrs. L. B. McMeans, Jr. and Miss Cloise McCombs.

The next meeting will be at the home of Mrs. Jim McDaniel, Oct. 14 at 2:30 p. m. Miss Pratt will give a demonstration on making pickles and relish.

Minnie Fae McMeans, Reporter.

B. T. S. MEETING

The senior B. T. S. met Thursday evening October 4, at the home of Margaret Conoway for the election of new officers and a social.

Game were played and everyone reported having spent a delightful evening.

Officers for the following were

SUNDAY DINNER SUGGESTIONS

By ANN PAGE

CAULIFLOWER is this week's outstanding vegetable. Fine, close, white heads are unusually low priced. Cabbage, onions and white potatoes are very cheap. Dry, mealy sweet potatoes and moist syrupy yams are both at the height of their seasons.

A variety of fruits are available at reasonable prices, including apples, grapes, melons, pears, grapefruit, oranges and lemons.

Unusually mild weather is prolonging the growing season and so postponing scarcity and high prices of fresh foods.

Meats, particularly beef, but also pork, lamb and veal are also cheaper. The following menus are made up from the latest market news available:

Low Cost Dinner

- Pork Chops with Gravy
- Mashed Potatoes
- Buttered Onions
- Bread and Butter
- Fruit Salad
- Tea or Coffee
- Milk

Medium Cost Dinner

- Fried Chicken with Gravy
- Boiled Rice
- Scalloped Eggplant
- Bread and Butter
- Floating Island
- Coffee
- Milk

Very Special Dinner

- Shrimp Cocktail
- Baked Ham
- Browned Yams
- Creamed Cabbage
- Tomato and Lettuce Salad
- Rolls and Butter
- Lemon Refrigerator Pie
- Coffee
- Milk

University were non-smoking freshmen. The test was held Monday under certain prescribed rules and regulations.

Special Session of Legislature To Convene Friday

Governor Ferguson has asked Texas solons to meet in extraordinary session starting at noon Friday. Two main reasons for this session are provision for relief work and to make adequate arrangements for the Texas Centennial.

Governor Ferguson has stated that the legislature will not be disturbed or molested in any manner, and will be free to act as they see best. The business to come before the session will be outlined and then both houses will be left to work out the problems as they feel is best.

Ex-Governor James E. Ferguson

stated that the oil situation is being watched closely and the progress of state and federal authorities will determine whether or not anything relative to oil control will be done. The present administration is in favor of a natural resource commission to handle the oil and other natural resources of the state and have been in opposition to the present Railroad Commission plan.

T. H. Tallant, of Gilpin, was in our city Tuesday attending to business matters. He stated he had been troubled with a cold.

NOTICE

I have accepted a position as a barber at the Sanitary Barber Shop. I will appreciate my friends calling to see me.

Pain Passes Off

When your head aches; when Neuralgia tortures you; when Muscular Pains make you miserable—take a Dr. Miles' Anti-Pain Pill. Mr. Smith is one of millions who have found this easy way to prompt relief. He says: "I keep Dr. Miles' Anti-Pain Pills in my pocket and when I get a dull heavy feeling in my head, I take a Dr. Miles' Anti-Pain Pill and the pain passes off."

By Gus Standard

Music Contest, District 19 At Lubbock, Oct. 20

The Dealey Music Contest preliminaries will be held at the First Methodist Church in Lubbock Saturday, October 20. All teachers who desire to enter music pupils in this contest are requested to send their names, ages and fifty cents to Guy Woods, Wayland College at Plainview, for classification. If the student is one of the two highest ranking entries in his class, he is eligible for entry in the state finals at Lubbock to be held November 30.

Another request is made. All members are to send their membership dues for the Texas Music Teachers Association to Mrs. Roger C. Neely, 1114 Buck Street, Fort Worth. The associate membership is \$1.50 which is a special rate of dues. After you have received your current receipt, you file your application and the state fee of five dollars with Robert Hopkins, Baylor University, Waco, Texas, by November 1. The District Chairman will have notified him of the accredited district winners by that time.

Contest Numbers

The following is a list of the contest numbers for each division which will be used for the preliminaries at Lubbock Saturday, October 20:

Piano—In the Night, Schumann; and one other number of the grade of difficulty of a Chopin or Liszt Etude, or a movement from a standard sonata.

Violin—Zigeunerweisen, Sarasate; and a number of the contestant's choice.

Voice—Female—O De Mio Voce Ardor, Gluck; published by G. Schirmer. Also, one other number of the contestant's choice.

Voice—Male—Where'er You Walk, from Semale, Handel; published by G. Schirmer. Also, one other number of the contestant's choice.

Harry F. Taylor, of Portales, N. Mexico, will serve as a judge. All teachers are asked to let the proper authority know at once in order that a convenient schedule can be arranged.

PRESIDENT HEARD NEWS LATE; WAS PEEVED

Details of how the President of Texas was notified of the decisive victory, gained at San Jacinto, a battle that realized the independence of Texas, constitutes an interesting sidelight in connection with the Centennial, which in 1936 will be commemorated by celebrations at San Antonio, Houston, Galveston, Brenham, Nacogdoches, Huntsville, Dallas and cities

DRUGSTORE COWBOYS

associated with the early history of the State.

David G. Burnet, the first provisional President of Texas, for safety's sake had moved with several members of his Cabinet to Galveston Island, and while the battle took place April 21, 1836, the President did not learn of the victory until six days later.

News of the victory was carried by Robert J. Calder, who commanded Company K in Burleson's regiment in the battle, and Judge B. C. Franklin, accompanied by two soldiers. Their only means of transportation was a leaky skiff, which they rowed and towed, sleeping at night with difficulty and having a hard time getting anything to eat.

On the fifth day, they rowed alongside the war schooner "Invincible," the commander of which fired a cannon three times to celebrate the news of victory. The messengers partook liberally of the best liquor on the ship and then were taken to the "Independence," the flagship of Commodore Hawkins, who fired a cannon thirteen times in celebration and wine and dined the messengers. He then advised them to go and tell President Burnet the news, which the executive received in his tent the sixth day after the battle. It is said that the President was "miffed" that everybody on the island knew that the victory

had been won before he was informed.

ANCIENT AND MODERN

Ancient
While strolling down the street one eve,
Upon me a pleasure bent;
Twas aft the business worries of the day.

I saw a girl who shrank from me,
In whom I recognized my school mate
In a village far away.
Is that you Madge, I said to her,
She quickly turned away.
Don't turn away, Madge,
I am still your friend.
Next week I'm going back to see
The old folk and I thought
Some message you would like to send
"Just tell 'em that you saw me
And they will know the rest.
Just tell them I was looking well, you know.

Modern
While walking down the street one eve,
While at the Lubbock Fair,
Twas just before the program
Ended for the day.
I saw a girl who smiled at me,
In whom I recognize
My neighbor's daughter
In a village far away.
Is that you, Bill, she said to me
I'm darn shore glad you're here.
Come have a glass of
Good old rich three-two.
I'd started down to the Fair ground
To take in all the show.
I am so glad you came
I don't know what to do,
Don't tell 'em that you saw me.
They don't know where I am.
They think I'm down at Abilene going to school.
They sent me cash to buy my dress
My shoes and winter hat.
I slipped up here to ride the bucking mule.

—Farmer Doolittle.

Personal

Miss Rachel Langston spent the week end in Jayton with friends.

Mrs. W. F. Barnett, of Girard, was in our city Monday doing some shopping.

Lanoy Hazel attended the Baylor-Tech ball game in Lubbock Friday night.

Mr. and Mrs. Faust Collier were in Lubbock at the Baylor-Tech football game Friday night.

John Martin and Terrell Hale are in Fort Sumner, N. Mex., this week looking after business matters.

Mr. and Mrs. J. D. Brown, north of town, have a new girl in their home, born Wednesday of last week.

Geo. S. Link, local manager for Bryant-Link Company, made a business trip to Stamford Tuesday.

Mrs. J. L. Rosamond of Bryant-Link Company, attended the wholesale clothing market in Lubbock Monday.

Bill Putman and Roy Stovall were in Fort Worth Sunday to see the new Burlington "Zephyr" arrive in that city.

Mr. and Mrs. S. P. Orand, of Red Mud community, have a new son in their home born Wednesday of last week.

Mr. and Mrs. J. P. Legg, of Croton, are the proud parents of a new girl born last Friday. The little one weighed eight pounds.

T. C. Ensey of the dry goods department of Bryant-Link Company, left Monday for Dallas where he will purchase fall merchandise.

Mr. and Mrs. M. C. Golding, Manager of B. Schwarz & Son, were in Lubbock attending the West Texas Wholesale Clothing Market Sunday.

Carl Proctor, of the Fair Store, attended the semi-annual West Texas and Eastern New Mexico wholesale clothing market at Lubbock Tuesday night.

H. H. Terry of Croton, was in our city Wednesday and announced the arrival of a new girl in his home Friday. He stated that the mother and baby are doing fine.

Mr. and Mrs. Floyd Barnett and little daughter, Betty Jo, of Odessa, are in our city this week visiting relatives and friends. They came to attend the funeral of Sam Rafter Sunday.

Miss Loretta Stephens, who has been in Floydada, is with the Speer's Variety Store at present but will go to Jayton soon where she will take charge of a new store now being installed.

Mr. and Mrs. Bernard Perkins are leaving this week for California where they will make their home. Mrs. Perkins formerly was Miss Mildred Rape, a graduate of Spur high school. They were married at Lockney September 30.

Mr. and Mrs. S. R. Bowman returned Monday from a week of visiting with relatives and friends in Cleburne, Hubbard and other points. Mr. Bowman stated that conditions in Central Texas did not look any better than in West Texas. In fact, he stated that this is a better country than that is.

MENUS

Breakfast: Oatmeal and prunes, top milk, corn muffins, soft cooked eggs, coffee.

Luncheon: Creamed salmon on toast graham bread, sliced oranges with coconut.

Dinner: Veal cutlets, creamed potatoes, egg plant, watercress salad, apple pie, cheese, hot chocolate.

PIE DOUGH: 2 c flour, 1-2 t salt, 1-2 c fat, 1-3 c cold water. Sift dry ingredients, rub in shortening with finger tips or cut in with two knives. Add just enough cold water to make the mass hold together. Roll on floured board.

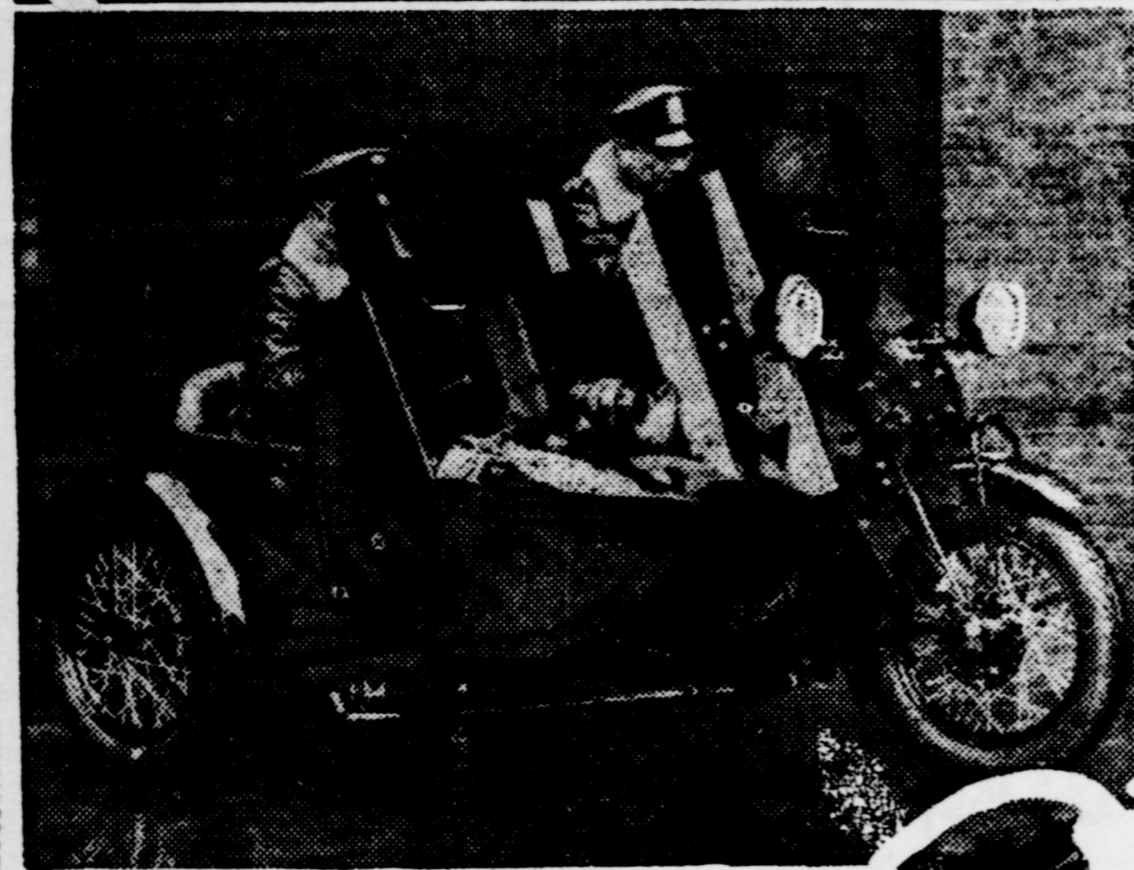

LEMON PIE: 4 T cornstarch, 1 c sugar, 1 1-4 c boiling water, 1-2 T butter, juice of 1 lemon, small amount of grated rind. Mix cornstarch and sugar thoroughly. Stir boiling water into the mixture and boil for five minutes, stirring constantly. Add but-

ter, lemon juice, and rind. Pour this mixture over beaten egg yolks. Mix well. Cool mixture; pour into baked pie shell; cover with egg whites beaten stiff and mixed with four table-spoons sugar and flavored with lemon or vanilla. Place in slow oven until delicately brown.

APPLE PIE: 4 or 5 sour apples, 3-4 c sugar, 1 T butter, 1-4 t grated nutmeg, 1-8 t salt. Pare, core, quarter and slice apples. Mix with sugar,

nutmeg, and salt and allow to stand while you line pie plate with paste and roll out dough for upper crust. Make a design on upper crust, cutting through the paste making opening for the steam to escape. Fill pie tin full; dot with butter; wet edges of lower crust; place upper crust in place and press edges together. Flute, trim and place in quick oven for 15 minutes and continue baking in moderate oven for about 30 minutes.

Texas Police Increase Efficiency With Great Motorcycle Fleet

Above—Like an armored car, the new bandit chasing police motorcycle protects the occupants and has high offensive value.

At Right—New police radio machines have added greatly to the motorcycle officer's efficiency.

By LATTIMER SHAW

WHEN the motorcycle policeman is on the road traffic flows smoothly, with a minimum of accidents. In addition, the motorcycle is the supreme weapon in our constant warfare against the motorized criminal.

This seems to be the unanimous opinion of state, county and municipal police departments throughout the country. One by one these departments are adopting two-wheeled vehicles, in small numbers at first but, as their efficiency and economy are proved, great fleets are ordered and put out on the highways at their task of saving lives and protecting the rest of us from the criminal. And presently the authorities discover that the motorcycle is a powerful agent in curbing the activities of the gasoline and oil bootlegger who is costing American motorists more than \$40,000,000 a year in tax evasion and car damage; in providing escorts for distinguished visitors, in answering immediately riot calls and other police alarms and in a thousand other ways. The adoption of radio for police motorcycles has greatly enhanced their value.

In order to get some facts about this encouraging situation I queried the country's leading maker of motorcycles, the Indian Motorcycle Company. Some of the figures they gave me were amazing. In a few short years the police use of motorcycles has jumped from a mere sprinkling to a mighty fleet which includes more than 5,000 motorcycles of this one make. Indian machines, they told me, are used by 23 state, 60 county and more than 630 city police departments.

This, they informed me, means that more than 70% of the city population and over 60% of the entire population are being protected by officers riding these fast moving machines.

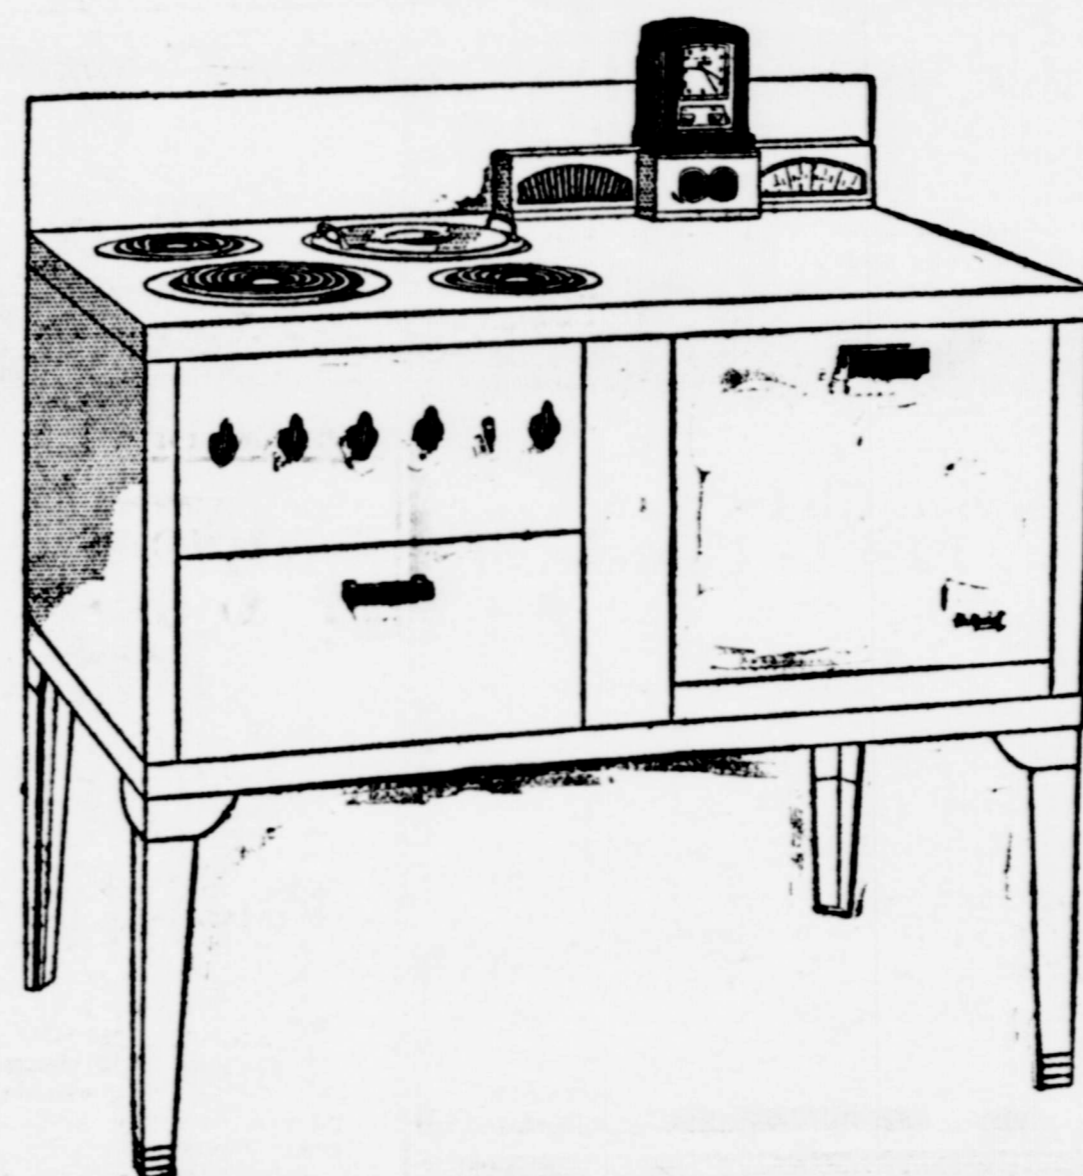

The largest group, 418, is used by that great police organization, the Pennsylvania Highway Patrol. The police in New York City alone use 380, while the state officers of Massachusetts patrol the Commonwealth's highways with 237. In the prevention of road accidents motorcycle police are doing magnificent work. Wherever roads are regularly patrolled by motorcycle officers, lives are saved because a decrease in the proportion of accidents is observed.

The Texas state police have added to their already lustrous reputation for efficiency and skill through the use of 52 of these vehicles with probably more to come, while many cities and towns throughout the state are similarly protected. All over the United States, as well as in Canada and Mexico, the police are making new progress in their battle with crime and in making our auto traffic safer, through the use of swift, economical easily maneuvered American motorcycles.

Food Literally

Cooks in Its Own Juices When Cooked Electrically

... So You Can Imagine How Nutritious It Is and How Good It Tastes

The Modern Electric Way of Cooking Also Means More Ease and Comfort!

You can easily see why people are buying electric ranges! They like good food and they like this easy way of cooking. Any mother wants an electric range when it enables her to give her family the benefit and pleasure of eating good nourishing food the entire year, with a big saving of her own precious time and energy. There is also an actual saving of food when it is cooked electrically... because there is so little shrinkage... and the best of it is not poured down the sink with excess water. Yes, indeed, cooking makes a world of difference in food!

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

CLUB NEWS

CLUB HOLDS INTERESTING MEETING

"I'm from Louisiana; I'm from Mississippi; I'm from Texas," answered the members of the Prairie Chapel home demonstration club in the regular meeting Wednesday in the home of Mrs. J. W. Hilton, when asked to give the state of their birth as a part of the recreational program. The state with the most representatives sang their state song. Of course the song sung was "Beautiful Texas". In the two contests Mrs. Anna Belle Hale and Mrs. C. W. Van Cleve won the pot holders which were given as prizes. Mrs. Anna Belle Hale was selected as wardrobe demonstrator class I. Mrs. R. C. Alexander was chosen farm food supply demonstrator. A yard improvement demonstrator will be selected at the next meeting.

Miss Pratt gave a demonstration on making sweet pickles and cucumber relish. The club will meet with Mrs. W. F. Van Cleve October 17.

Members present were Mrs. W. F. Van Cleve, Mrs. Leslie Peak, Mrs. Anna Belle Hale, Mrs. J. W. Hilton, Mrs. R. C. Alexander, Mrs. C. W. Van Cleve, Mrs. F. Alexander, Mrs. R. C. Galloway, and visitors, Mrs. J. M.

IF YOUR BREATH HAS A SMELL YOU CAN'T FEEL WELL

When we eat too much, our food decays in our bowels. Our friends smell this decay coming out of our mouth and call it bad breath. We feel the poison of this decay all over our body. It makes us gloomy, grouchy and no good for anything. What makes the food decay in the bowels? Well, when we eat too much, our bile juice can't digest it. What is the bile juice? It is the most vital digestive juice in our body. Unless 2 pints of it are flowing from our liver into our bowels every day, our movements get hard and constipated and 3% of our food decays in our 28 feet of bowels. This decay sends poison all over our body every six minutes. When our friends smell our bad breath (but we don't) and we feel like a whipped lunatic, don't use a mouthwash or take a laxative. Get at the cause. Take Carter's Little Liver Pills which gently start the flow of your bile juice. But if "something better" is offered you, don't buy it. For it may be a calomel (mercury) pill which loosens teeth, gripes and scalds the rectum in many people. Ask for Carter's Little Liver Pills by name and get what you want for 25¢. ©1934, C.M.Co.

SCHOOL DAYS

By DWIG

Byrd and Mrs. Johnnie Hale. — Mrs. R. C. Alexander, reporter.

CLUB SELECTS DEMONSTRATOR

Katherine Ward was selected as clothing demonstrator for the McAdoo 4-H club in their regular meeting Tuesday morning. Making a collar and a school dress are two of the goals for the co-operators in clothing work for the girls this year.

Officers for the club will be elected at the next meeting. The club meets at 10:30 the second and fourth Tuesday mornings.

Members present for the meeting were: Nell Van Leer, Marcelle Miller, Juanita Rose, Dollie Womack, Katherine Ward, and Clara Rich. — Clara Rich, reporter.

NEW 4-H CLUB ORGANIZED

A new 4-H club was organized at Patton Springs Tuesday morning from members of the former Prairie Chapel, Croton, Afton, and Duncan Flat 4-H clubs and others. Lizzie Lou Baxter was elected president; Merle Bennett, vice president; Iva Lee Robertson, secretary; Paula Mae Johnson, reporter; and Edith Baxter, song leader. The sponsor will be elected at the next meeting.

The club will meet at 10:30 the first and third Fridays in each month.

Those present were: Iva Lee Robertson, Ruth Goodwin, Clarice Hughes, Vera Livingston, Lyndell Mae Glenn, Lois Wilmon, Lizzie Lou and Edith Baxter, Leta Floyd, Hazel Benham, Merle Bennett, Paula Mae Johnson, Evelyn Hamm, Roberta Bowman, Opal Sharp, Anna Faye Wynkoop, Eva Lea Nance. — Paula Mae Johnson, reporter

PICKLES AND RELISHES ADD COLOR ON THE MENU

"Pickles and relishes stimulate the appetite," said Miss Pratt, in her demonstration to the Soldier Mound Club women, Thursday afternoon, at the home of Mrs. Eldon Webb. Recipes for making different pickles and relishes were given the members.

In the business session Mrs. Geo. Nally was selected as first year wardrobe demonstrator and Mrs. John Bachman, farm food supply demonstrator for another year.

Refreshments were served to: Miss Pratt, Mrs. Sam Nally, Mrs. Geo. Nally, Mrs. I. E. Abernathy, Mrs. Eldon Webb and Mrs. John Bachman. — Reporter.

Service Clubs Have Part In Centennial

Service clubs of the State already have launched a joint movement for the construction of a "hut" for the Luncheon Service Club members, who visit Dallas in 1936 during the celebrations of Texas' Centennial to be staged in that city as well as in San Antonio, Houston, Goliad, Brenham, Nacogdoches, Huntsville, Gonzales, Galveston and other cities. Charles L. Morgan of Fort Worth was appointed by the State Convention of Exchange Clubs at Houston as chairman of its committee to co-operate with Rotary, Kiwanis, Lions Clubs and other organizations in this proposal.

"I understand Kiwanis has named a similar committee and also the Rotarians," Mr. Morgan said. "I would like to contact the men in the other luncheon club organizations, who have this matter in charge, as to plans, although at present I am not aware if the venture is to be a joint one, or if each Service Club organization plans to take individual action."

HIGHWAY

Rev. Victor Crabtree preached Sunday morning and night. Mr. and Mrs. Roy Hahn and children of Swenson, visited in the community Saturday and Sunday. Mr. and Mrs. Terrell Sandlin had

relatives from Aspermont and also from Lamesa visiting with them the past week.

Mrs. Sue Dell Morehead of New Mexico, arrived Monday to spend a few days with her mother, Mrs. H. C. Draper.

Nuge Everett and Bob Hahn spent a part of last week in Jal, New Mexico. Mrs. Beryl Bilberry is visiting relatives in Fort Worth at this time.

School dismissed Wednesday to let the school children help in the gathering of Mrs. H. C. Draper's crop.

Jim Foster of Spur, was out in the community Monday.

Mr. and Mrs. Casey Aldredge of Dickens, visited Mr. and Mrs. J. M. Hahn Sunday.

Eldon Ray Smith, who received a bad cut on his leg last week, is getting along fine at this time though unable to attend school.

Ira Worth Hahn spent a part of last week visiting in Jayton and Swenson.

Mrs. Frank Vernon of Spur, visited relatives here Monday.

J. T. Bilberry made a business trip to Brownfield the past week.

Tech Enrollment Shatters Records

Friday's registration swelled the enrollment figure for the first semester of the tenth annual session at Texas Technological College to 2,282, according to President Bradford Knapp. This enrollment exceeds that of last year at the same time by 430 students, and that of any semester by a few less than 300, and shatters all records for first semester enrollment. The total is expected to reach 2,400 when registration for late students is complete. The tabulation of 2,282

does not include 105 part time students.

"In the event that we have 2,400 enrolled it will mean a 20 per cent in-

Spur Bulldogs Play Plainview Class A Team Friday

McMurry Frosh Defeat Bulldogs 32-0

The Spur Bulldogs lost their first game of the season to the McMurry Froshmen at the Fair Park Friday afternoon, 32-0. The Freshmen scored in the second, third and fourth quarters. In the first quarter the Bulldogs held their ground tying the Freshmen in the first downs 2 to 2.

The Frosh outplayed the Bulldogs in every department. The Bulldogs made 6 first downs while the Freshmen made 19. From scrimmage the Frosh made 218 yards to the Bulldogs 46. The Bulldogs did not receive as heavy an average on penalties as the Freshman did, the Freshmen being penalized 9 times with a total of 70 yards and the Bulldogs were penalized 9 times for 64 yards. On returned punts the Freshman made 70 yards to the Bulldogs 50. The Freshmen passed 16 times with a gain of 104 yards to the Bulldogs 7 times and a gain of 30 yards. Each team fumbled once and had a pass intercepted. On the punts the Freshmen punted 5 times with an average of 39 yards to the Bulldogs 9 times with an average of 34 yards. The Bulldogs lost 48 yards while the Freshmen lost only 13 yards.

The Freshmen made their first touchdown after they had intercepted a pass and made three first downs one yard from the goal line. Brookshire plunged the line and then passed for the extra point. The next touchdown was made when Franklin caught a pass and carried it over the goal and then plunged the line for the extra point. Strange made the third touchdown when he caught a neat little pass and ran 10 yards for the goal but they failed to make the extra point. Wilhelm made the fourth touchdown plunging the line 5 yards, but the Frosh failed in their attempt to kick for the extra point. Then with just a few minutes to play Dunlap caught a pass and ran 10 yards for a touchdown but failed in the kick for the extra point.

Although the Bulldogs lost they are still looking for trouble.

BETTER ENGLISH CLUBS

The Better English Clubs met Friday at the usual time, the presidents, Raymond Ince for 6B and Jeff Smart for 6B, presiding.

The following program was rendered in each room:

Roll Call—A line of poetry written by Henry W. Longfellow.

The Life of Longfellow—Sammie McGee and Peggy Ensey.

"The Village Blacksmith" read by Winifred Lee and James Fox.

"The Children's Hour" read by Juanita Scott and Margaret Berry.

Other selections written by Longfellow—Harrel McClain.

The meeting adjourned to meet again next Friday.

LINDBERG CIRCLE

The Lindberg Circle met Friday afternoon. The president, Lavarise Lee, presided until the business was attended to.

The program chairman then took charge of the meeting. For the roll call, we had to name some selections written by James Whitcomb Riley. The life of Riley was told by Letha Crouch.

Wanda Phillips read, "The Name of Glory," which was written by L. L. Lavarise Lee read, "The Ole Swamin' Hole." Corbett Roberson read, "The Raggedy Man." —Reporter, Letha Crouch.

The Junior High School sponsored "This Side of Heaven" featuring Lionel Barrymore, and made enough money to make a payment on a "ditto" machine for the school.

East Ward News

During chapel Monday Rev. Smith of the Church of Christ, spoke to the pupils. He related incidents in the life of Robert E. Lee. The last fifteen minutes of the period were spent in group singing.

On Thursday a program was sponsored by Mrs. Collier and Miss Wilson. The following numbers were greatly enjoyed by the pupils:

Accordian Solo—Miss Evelyn Richter.

Reading and song—Ernestine Berry.

Cornet Solo—Miss Athelda Yeats.

Tap Dance—Virginia Lane.

Accordian Solo—Miss Richter.

East Ward rooms have had the following visitors this week:

Low 1st—Miss Lassiter—Alva Ince, Mrs. W. C. Gruben.

Low 1st—Miss Wright—Alva Ince, Mrs. Willis King.

Low 2nd—Mrs. Zachry—Mrs. Cecil Fox, Mrs. Gruben, Mrs. Shugart.

In the ward school plans are being made for the annual Halloween Carnival. Mrs. Zachry has been appointed as the general chairman of the program and Mrs. Collier has been appointed to arrange with the study clubs of Spur for booths. Each room is planning a number for the program. All the children are taking a part.

Fire Prevention Week is being observed this week. Fire drills and methods of preventing fires will be discussed. Each room is planning either posters or compositions during the week.

There have been several new pupils enrolled this week. They are: Elmo Teague, L. D. Parks, William Culbert, Rose Eileen Petty, Dorothy Teague, J. D. and W. B. Flanagan, Doris Foster, Eugene Taylor, Dora and Audrey Johnson, Ellise Petty, Clara and Ben Earl Pettijohn.

Miss Hayes low third grade made a trip to Mr. Collier's dairy Monday. Dairying was studied in geography class previous to the trip. Mr. Collier explained how the milk was milked, cooled, and bottled.

JUNIOR CLASS ACTIVITIES

MAX McCLURE

The Junior Class has been gazing into the crystal of "The Past" and watching the Juniors of other years cry and sweat because they hadn't enough money for The Banquet. The last week or two before the "Big Night" is always so full of Junior activities (putting on plays, selling candy, sandwiches, and cold drinks, even sponsoring shows that people tire of hearing "Juniors, Juniors this, Juniors that.") We intend to avoid that by having our money making propositions before the public at frequent intervals, but not to often. Our motto is, "To give the Seniors the best banquet ever."

We feel sure that can be done because Miss McNeill is our competent sponsor, Norman Priest, our president, and the Junior Class as a whole is a bunch of good scouts who are going to work together, and that's what it takes—teamwork!

And you football fans, remember cold drinks and candy can be had at all the games (sold by the Juniors).

THE FIRST FEW WEEKS OF HIGH SCHOOL

All freshmen are divided into two classes. One type is so proud that all he does is blow off. The second class is proud but is afraid to say anything. When the schedule is made out they don't understand even if they don't say so. Some of them will nose around until they find a freshman class. Others will spend the day in the study hall. They can't get this scheduled arranged so as to divide the class into halves and the principal has to divide them every other period.

After three weeks the freshmen have been divided into thirds and we hope that we can get down to work and really show the teachers what we can do. —Reporter.

Song Contest Being Conducted

KELLEY MARSH

Mr. Hall has announced that he will give two tickets to the picture show to the boy or girl who will write the best new school song. This contest was to have closed Monday, October 8, but he decided to extend the time another week. Several songs have already been submitted.

Our school is greatly in need of some new songs because the ones that we have, have been used for several years.

We would like to stir up some interest in this contest, not only for the sake of the prize offered, but also in order to put some new spirit into our pep meetings.

THE SOPHOMORE CLASS

The sophomores of '34-'35 met yesterday, Oct. 4 for a class meeting which was called to order by our president, Sherrod Dunn. Our dues were discussed and the decision was made that we pay 5c a month. We also appointed an entertainment committee and we hope to have a party in the near future. —Reporter.

HIGH FRESHMAN CLASS

The pupils of the high freshman class have decided after much conversation to spend their first month class dues on a Halloween party. The pupils aren't yet aware of the place where the party is to be given.

We are planning on having a good time although all decisions have not yet been made. Further decisions will be printed later. —Class Reporter.

DR. P. C. NICHOLS

Dr. Nichols is one of the most loved men in Dickens County and has many friends because he has dedicated his life to the service of suffering humanity. He has gone through practically all the experiences of every condition of life. Having been born on a farm in Tennessee and spending his early days on the farm, he understands the problems that a majority of farmers have to solve. Having engaged in business, he has experienced the problems of the business man. As a professional man he knows the great amount of service that has to be rendered in that line.

As stated above, he was born on a farm in Tennessee. He moved with his family to Texas when he was six years of age and settled on a farm near Temple. He attended the country schools in Bell County, completing all the grammar grades. The family moved closer to town in order that he might enjoy better school advantages and he walked a mile into Temple where he attended the Fullview Select Academy six years. This school was destroyed by fire several years ago. After his graduation at the academy, he went to Louisville where he entered the Louisville Medical College and completed a very successful four years course in medicine and surgery. Louisville Medical College was one of the oldest and best recognized colleges of its kind in the South. Dr. Nichols, with other members of his class, received his M. D. Degree July 9, 1907. The same year he graduated the Louisville Medical College was consolidated with the University of Louisville and today it is the medical department of that great university.

After his graduation in medicine and surgery, Dr. Nichols came back to Texas to take the examination for a license to practice medicine and surgery in this state. He took the examination with the first meeting of the Texas State Medical Board which met in Fort Worth in 1907 and was granted a license to practice medicine and surgery in Texas and all reciprocating states. He stated that the examination was quite a grill and required five days to complete it.

He became associated with the Good Samaritan Hospital at Lexington, Ky., where he started his work as a surgeon and the practice of medicine. He stated that the experiences in that institution were worth far more than any college course. He was very successful, but the call of Texas was too strong and he returned to Texas in 1908. He came to West Texas and started his practice, and has been in Dickens County and adjoining counties ever since. In that day there were few hospitals in West Texas, and when a patient in surgery was necessary Dr. Nichols had to perform the operation in the home. This he

did many times meeting with excellent success.

He has always been a student of his profession. Since his graduation he has taken many post graduate courses in New York, in Chicago, and other large cities, and has attended the clinic at Mayo Foundation at Rochester. He is a member of the Tri-County Medical Society, a member of the State Medical Association, a member of the American Medical Association, a member of the Radiological Association of North America. The last named association deals with X-ray analysis, and in addition to having the advantages of this wonderful association, Dr. Nichols has taken many special courses in X-ray work. In 1920 he bought the sanitarium in Spur in partnership with Dr. J. E. Morris and they had excellent success. Later Dr. Nichols purchased the equity held by Dr. Morris but they continued to work together as long as Dr. Morris lived. Their association was ideal during all their work everything was most congenial. Being asked how many operations he has performed Dr. Nichols said, "I don't know, but it will run into the thousands." Then continuing he said, "The first operation of major importance that I did after going into the profession alone, was at Sylvestor, Texas. I have been a surgeon ever since I left Medical college, and it would be difficult for me to say the number of operations I have performed."

The State Medical Association has a rating among physicians and surgeons and keeps a record of the success of every doctor in the state whether they be a member of the association or not. In examining the record it will be found that Dr. Nichols stands high and is rated among the best in the state. In his work in the sanitarium at Spur seemingly he has performed miracles in saving the lives of people. He is untiring in his efforts and never gives up as long as he has an opportunity to do anything to save life. He has remained with patients all day and all night, refusing to eat or sleep until he had them in safe ground. He gives his all for his fellow man and people know he will do it.

Dr. Nichols continues to grow in his profession. He has one of the best equipped little hospitals in the state. A big X-ray machine, flouroscope, and other equipment, and he has greater plans for the future. A new hospital is in his mind and a nice clinic attached which will make Spur a great hospital center. Dr. Nichols is greatly interested in our schools. He is a big taxpayer in the district, and he has served on our School Board rendering very excellent service as a trustee. He keeps in close touch with the work of our schools, and his greatest desire is to see every girl and boy make a success in life.

High School Team Facing Another Hard Game As It Plays Away From Home

Chapel Programs

JAMES COWAN

Mr. Hall has arranged a series of chapel programs for the semester, and which in all probability will be published in the near future.

Monday morning the first of these on schedule was given. Mrs. Violet McKnight, the song leader, led two or three songs that were sung by the student body. Mr. Hall introduced Dr. Ewton, who made a talk on "The Boy Who Didn't Have a Chance."

This subject was impressed on his mind by a remark that was made at the McMurry-Spur ball game last Friday. He contrasted the boy who had his father's reputation backing him, and the one who didn't have a chance. For the latter, Dr. Ewton gave as the illustration, Hans Anderson and Henry Wilson. He left three thoughts in our minds, first, to be a man, second, to master anything that we came in contact with, and third, to mount all difficulties and rise to the top. Dr. Ewton's address was greatly appreciated and we feel sure that a cordial invitation for his return in the near future has or will be extended.

Mr. Hall has charge of the chapel program Wednesday and we know that he will make chapel interesting and well worth the time.

Friday, the Pep Squad, led by Frederick Malone, will have charge of the program. Fred states that we will have a few yells, some speeches, and a few more yells in order to work up the school pep and spirit for the Plainview game.

Mr. Hall announces that on Monday, October 15, Bro. Yeats will address the student body; on Wednesday, October 17, Miss Buster will have charge of chapel; and Friday, October 19, the Pep Squad will again take charge.

IMPROVEMENT OF HOME ECONOMICS LABORATORIES

The Home Economics Department of Spur High School is improving the laboratories in order to make them as attractive as possible. We know there is room for improvement but after we have completed our work we hope the laboratories will be more attractive.

The Home Economics Class 2A is making curtains for the clothing laboratory. They are to be made of theatrical gauze trimmed at the bottom with yellow, brown and green wool yarn. They are also making curtains for the dining room of plain theatrical gauze. This same class is taking the varnish off the furniture in the dining room and restaining it. This improvement is in connection with the Household Equipment unit.

The clothing department is decorating the laboratories. We have two bowls or narcissus bulbs, three pot plants and two cactus plants. We have three catfish which we find very interesting. We are watching their growth and habits.

After the completion of our improvement of the laboratories we cordially invite you to visit us. —Nedra Hogan.

NEWS OF 7A

The 7A civics class is sponsoring the fire prevention program to be given in the Junior High School auditorium October 9. We are also making fire prevention posters in Civics.

We are having a fire prevention program in English class this week.

Our schedule has been changed and we have been given a new arithmetic teacher, Mr. Martin.

PHYSICAL EDUCATION IN

JUNIOR HIGH

The student body is divided into six different divisions; each under the supervision of a teacher.

Games of ball, circle games, and other forms of entertainment are in play, after each group has had its "daily dozen."

The teachers plan to give talks on the care of the body, cleanliness, and proper behavior, when the weather does not permit outside exercises.

The Spur Bulldogs face their first class A team in several seasons Friday night when they invade Plainview for a game with Plainview High School. The game will be played under lights and will be started promptly at 8:00.

Plainview has an average Class A team every year and is rated as being some better than the last two or three years. They have a number of veterans on the team who will be out to keep their slate clean of defeats before opening the District 1 schedule.

The Spur team came through the McMurry game in fine shape. A lot more fight was demonstrated last Friday and they promise to do their best to outscore their opponent Friday night. Harry Martin, stellar quarterback will be back in the game after receiving a knee injury which took him out of over half the game last week. Several of the boys are suffering with minor injuries but will be ready to go. Coach Wadzeck plans to take 18 to 20 men in order to have plenty of reserves to throw in against the Plains boys. Yesterday and Tuesday the squad went through long drills with a tapering off practice scheduled for today.

A number of local fans plan to go with the team and attend the game.

Pep Meeting Every Thursday

KELLEY MARSH

We would like to remind the students of this school that there is a pep meeting every Thursday at 7:45 p. m. before Fridays on which there is a game played on our home field.

These meetings have not been as well attended as we would have wished them to be, even though there has been some remarkable spirit displayed by those who have attended.

We wish to urge everyone who can possibly be there to do so.

Smiles of the Week

FRED MALONE

Lawrence Powell: Dad you are a lucky man.

Father: How is that?

Lawrence: You won't have to buy me any school books this year. I'm taking all of last year's work over again.

Mr. Hall: Why did you not answer my question?

Sylvan Golding: I did. I shook my head.

Mr. Hall: Well, you don't expect me to hear it rattle from here, do you?

Mr. Murley: What type of water power is known to every man?

Kelley Marsh: Women's tears, sir!

Nell Arthur: Don't tell me you didn't have a date last night. I saw you with my own eyes.

John A. Moore: Well are you going to believe me or your eyes?

Richard Ensey: Did you ever run across a man who, at the slightest touch would cause you to thrill and tremble all over?

Estelle Gibson: Yes, the dentist!

Bill Caraway: Gee, Prof! I wish I knew as much as you do.

Mr. Sisto: Don't mention it, my boy, a mere trifle.

Mr. Neilson: Every dollar I have was made honestly.

Henry Scoggins: By whom?

Richard Ensey: Did you ever run across a man who, at the slightest touch would cause you to thrill and tremble all over?

Estelle Gibson: Yes, the dentist!

Bill Caraway: Gee, Prof! I wish I knew as much as you do.

Mr. Sisto: Don't mention it, my boy, a mere trifle.

Mr. Neilson: Every dollar I have was made honestly.

Henry Scoggins: By whom?

Missing Him Greatly

Guy Teague, who is forced to be out of school because of illness, is being missed by all high school students and teachers. Guy is in the sanitarium suffering of blood poison which resulted from a small abrasion of the skin on his left shin. He has been very sick, but all feel that he is improving now and feel that he will pull through. He is a member of the Bulldog squad, and he is being missed on the scrimmage line and many other places.

Plan a Party for All Hallow's Eve

By JOSEPHINE GIBSON
Director, Heinz Food Institute

ON "ALL HALLOW'S EVE", witches walk and goblins stalk and ghosts float eerily about the streets on pleasure bent. It's such great fun, this holiday, when everyone can don a mask and lose himself behind a false face and a funny costume. Capture the young spirit of this night. Plan an impromptu party. It matters little how simple the fare be if the costumes are amusing, and the games gay favorites of yesteryear. Fat doughnuts and spicy cookies piled high in a burnished copper bowl beside a rugged jug of spiced cider; a chafing dish party; or a buffet supper—each would suit the merry mood of the evening. You will find the following menus and recipes in jolly accord with a Hallowe'en party.

- Creamed Chicken on Waffles*
 - Hallowe'en Sandwiches*
 - Stuffed Celery
 - Ripe Mission Olives
 - Hallowe'en Fruit Salad with Honey French Dressing*
 - Coffee
 - Mints
 - Doughnuts or Spice Drop Cookies*
 - Peanut Butter Candy*
 - Spiced Cider
- (* Indicates recipes given below.)

Creamed Chicken on Waffles—Melt 1 tablespoon butter, add 2 tablespoons flour and blend well. Add 1 medium tin Cream of Mushroom Soup and stir constantly until thickened. Add 1 small can or 1 1/2 cups diced cooked chicken, 1 cup canned or fresh cooked peas and 2 pimientos, chopped fine. Cook long enough to heat through. Place in serving dish and serve over waffles at the table. (Do not make the mistake of getting this too thick, as it should be of a thinner consistency than chicken a la king. An additional tablespoon of flour may be added if served in patty shells.)

Hallowe'en Sandwiches—(I) Chop 2 hard cooked eggs and 1 very small onion finely; add 6 sliced Stuffed Spanish Olives, 2 tablespoons Mayonnaise and 1/2 teaspoon salt, and mix thoroughly. Spread 4 slices of white and 4 slices of whole wheat bread with Mayonnaise, and then the 4 white slices with sandwich filling. Top with lettuce and the whole wheat bread. Cut into triangles and arrange on plates. Place a pumpkin face on one-half of triangles and a Preserved Sweet Gherkin cut into sections on remaining triangles. To make pumpkin faces—on a slice of hard cooked egg place 2 slices of Stuffed Olives for eyes, a small strip of pimiento (which may be taken from Stuffed Olives) for mouth, and a whole clove for nose. (II) For each sandwich, spread 1 large round of bread with cream cheese, then with Currant Jelly.

Top with another round of bread which has been spread with Peanut Butter, having Peanut Butter on top. With a small spoon (measuring spoon) scoop out tiny rounds of Currant Jelly and place on for eyes and nose. Use a Sweet Mid-get Gherkin for the mouth. At right hand corner, stick in between layers a sprig of watercress for cap of Jack O'Lantern.

Honey French Dressing—Place in a bowl, 1 tablespoon strained honey, 2 tablespoons Pure Cider Vinegar, 6 tablespoons salad oil, 1/2 teaspoon salt and 1/4 teaspoon paprika, and whip thoroughly with a hand or an electric beater. Pour into bottle which has a tightly fitting lid. Shake thoroughly each time before using.

Spice Drop Cookies—Cream 1/2 cup butter, add 1 cup sugar, and cream thoroughly. Add 2 well beaten eggs and beat until fluffy, then add 1 1-lb. tin Pure Mince Meat and 2 1/2 cups flour which has been sifted with 4 teaspoons baking powder. Mix well and drop by teaspoonfuls on a greased baking sheet and bake in a hot oven (400° F.) for about 15 minutes, or until delicately brown. This recipe makes 5 dozen rich cookies filled with fruits and spice. Nut-meats may be added, if desired.

Peanut Butter Candy—Mix 1 6-oz. jar Peanut Butter and 1 tin condensed milk, then add 1 pound icing sugar and 1 pound shredded cocoanut alternately. Pack in tin and let set for 4 or 5 hours. This makes 8 lbs. candy.

Medium 22-25 minutes per lb.
Well-done, 27-30 minutes per lb.
Pork
Fresh, 30 minutes per lb.
Ham 10-12 lbs—25 minutes per lb.
Ham-larger—20 minutes per lb.
Half hams—30 minutes per lb.
Lamb
Well-done, 30-35 minutes per lb.
Medium done 25-30 minutes lb.
Veal, 25 minutes per pound.

Bank For Cooperatives Approves Gin Loan

With the commitment of a \$7,000.00 loan to what is said to be the oldest cooperative gin in Texas, the Houston Bank for Cooperatives has passed the half million dollar mark, it was made public by Sterling C. Evans, President of the Bank, Monday. The Bank now has outstanding loans and commitments totaling \$504,733.15. The Farmers District Union Gin Association of Rule, Texas, which received the commitment, was organized in 1913, with one gin plant. In 1923 a second plant was built and paid for. Recently it was decided to re-equip

Youngest Tech Student

Enrollment of Jim Casey at the age of 14 in Texas Technological College this fall is a new record for the youngest student ever to enter. Casey, a textile major, finished his preparatory work in the Hermleigh schools. Only 4 feet and 11 inches tall and weighing 95 pounds freshman Casey wears a size 6 1-2 shoe, size 13 collar, and size 28 suit. "I am very interested in athletics, but enjoy going to school more," he said.

COVER FOR ROAST IS OUT OF DATE, SAYS AUTHORITY

"A cover is out of date when it comes to cooking roasts," says Inez S. Wilson, home economist. For quite some time, beef, pork, and lamb roasts have been cooked uncovered, but according to the very newest cookery information, veal has also joined the ranks of meats roasted in the open. Veal, even though it does contain more water and less fat than some meats, can be successfully roasted in an open pan without the addition of water, if the temperature is kept low during the roasting period. With a low temperature, not enough moisture

is driven off in the cooking to make any noticeable difference in the finished dish. Basting also is unnecessary when the roast is cooked at the very low temperature—a fact which materially reduces the work in roasting. According to the new information on meat cookery, the directions for roasting can be told so simply that they can be followed easily and accurately by the most inexperienced cook. Directions for Roasting Place the roast on a rack in an open roasting pan. Do not cover and do not add water. Place in a moderately slow

oven (300 degrees F.) and roast at a low temperature until done. The only difficulty in roasting is in telling when the meat is done, and this may be overcome by using the roast meat thermometer.

Roast Meat Thermometer
The roast meat thermometer is an ordinary mercury type thermometer made with a pointed bulb so that it may be inserted into the meat. It is inserted so that the bulb reaches the center of the fleshiest part, and thus registers the internal temperature of the meat, not the temperature of the oven. When the internal temperature of the meat is raised to a certain degree, there can be no doubt about it, it is done. The temperature at which the different meats are done have been carefully determined by experiment. The table below lists the internal temperatures at which different roasts will be done:

- Beef**
Rare, 135 degrees F.
Medium 155 degrees F.
Well-done 170 degrees F.
- Pork**
Fresh, 185 degrees F.
Cured 160 degrees F.
- Lamb**
Well-done, 182 degrees F.
Medium done 160 degrees F.
Veal, 160 degrees F.
- Lacking a roast meat thermometer, the time weight relationship is the best guide. The approximate number of minutes per pound required for roasting each kind of meat at 300 degrees-250 degrees F. is given below:
- Beef**
Rare, 18-20 minutes per lb.
